
Revision of Records

The Committee for Revision of Records reviews petitions from students asking for changes to their academic records. Students should discuss the petition process with their advisor before appealing to the committee to verify that changes are warranted and will benefit the student.

For instructions for completing petition to the committee see Revision of Records (<https://registrar.missouri.edu/policies-procedures/revision-records/>).

The committee is composed of faculty appointed by the chancellor. Members are anonymous and students are not allowed to communicate directly with them. For questions Ask A Registrar (<https://cherwell.umsystem.edu/CherwellPortal/muour/>).
