Welcome to the University of Missouri 2014-2015 catalog! We are pleased to provide an interactive and searchable catalog online.

The catalog is a comprehensive reference for your academic studies. It includes a list of all degree programs offered at MU, including bachelors, masters, specialists, doctorates, minors, certificates, and emphasis areas. It details the university wide requirements, the curricular requirements for each program, and in some cases provides a sample plan of study. The catalog includes a complete listing and description of approved courses. It also provides information on academic policies, contact information for supporting offices, and a complete listing of faculty members.

Information in the catalog is current as of May 2014. The next catalog will be published in May 2015. In the interim, new courses will be announced in myZou (https://myzou.missouri.edu) (MU’s online student information system), and are usually available in October for the upcoming Spring semester, and in March for the upcoming Summer and Fall semesters. Mid year changes to current courses (titles, descriptions and credit hours) are not reflected here, and will only show in myZou. For more information about which year’s edition of the catalog applies to whom and under what circumstances, go to Catalog Editions (p. 704) in the Academic Policies section.

Use the search box above, or click on the left hand menus to navigate through the catalog. There is also a PDF version available through the Print Options link above.

We welcome your feedback and suggestions to make this catalog better for the future. We would also appreciate reports of any broken links inside the catalog. Feedback may be provided by sending an email to muregistrarcatalog@missouri.edu. (muregistrarcatalog@missouri.edu)

University of Missouri

University Level Academic Degree Requirements

Undergraduate
Undergraduate Requirements (University) (p. 17)
Common Credit Limitations (p. 17)
General Education Requirements (p. 18)

Degree Audits for Undergraduates
The degree audit is an automated report reflecting a student’s academic progress toward the completion of a degree. Degree Audits are not available for all programs; however, please consult with the appropriate college or school for audit information.

MU students who have attended since August 2007 can request a degree audit by logging in to myZou and navigating to Self Service, then Student Center, and clicking on “Request Degree Audit.” The audit automatically pulls in the student’s MU course work, transfer courses and courses in progress.

MU students who have NOT attended since August 2007 can request a degree audit by contacting the Academic Advising Unit of the division in which they were last enrolled at MU. For contact information, go to http://advising.missouri.edu/contact/.

For newly admitted or prospective students, MU degree audits can be created at http://www.transfer.org. Information on the college credits already earned will have to be manually entered before it can be evaluated against current degree requirements.

For additional details on degree audits, go to http://registrar.missouri.edu/degree-audits/index.php.

Graduate and Professional
Master’s Requirements (University) (p. 19)
Educational Specialist Requirements (University) (p. 23)
Doctoral Requirements (Graduate School) (p. 24)
Doctoral Requirements (Law School) (p. 29)
Details on the academic requirements for medical students can be found at http://medicine.missouri.edu/education/curriculum.html.
Details on the academic requirements for veterinary medical students can be found at http://vetmed.missouri.edu/current.htm.

Undergraduate Requirements (University)
Undergraduate students must complete all University requirements as well as all requirements specified for the degree(s) and major(s), and requirements of the college or school, and department offering the degree. This would include the University general education requirements as well as the following:

* A second MU Writing Intensive course* must be completed in a student’s major. It needs to be a 3000/4000 level MU WI course approved as part of the curriculum by the faculty of a student’s major.

* Complete an approved capstone course* with MU course work in the student’s major
* Complete 30 of the last 36 credits with MU authored courses
* Complete no fewer than 120 credit hours of coursework.
* Students may transfer more than 64 credit hours for lower division courses from either Missouri associate degree-granting or baccalaureate degree-granting institutions. Any additional lower division course credits above 64 credit hours will be accepted in transfer if the credits are applicable to the baccalaureate degree or are prerequisites for an upper division course in the major
* Complete all University, general-education requirements (See the University General Education Requirements section in the catalog.)
* Earn no less than a 2.00 GPA, as defined by the GPA of Record
* Complete any additional divisional, degree or major requirements as specified by the academic unit offering the degree

* Must be completed with a grade of C- or better.

Common Credit Limitations
The following credit limitations are applicable to all undergraduate students, regardless of degree program. Please check with advisor for more information.

Chemistry
* A student can earn a maximum of 10 hours of credit towards graduation from the following courses: CHEM 1000 Introductory Chemistry, CHEM 1320 College Chemistry I, CHEM 1330 College Chemistry II. CHEM 1310 (General Chemistry I) is also included in this maximum if you took the course prior to Fall 2013.

Economics
* Students may not receive credit towards graduation for more than one of the following courses: ECONOM 1014 Principles of Microeconomics, ECONOM 1024 Fundamentals of Microeconomics, ECONOM 1051 General Economics, or AG_EC 1041 Applied Microeconomics.
* Students may not receive credit towards graduation for more than one of the following courses: ECONOM 1015 Principles of Macroeconomics, AG_EC 1042 Applied Microeconomics.

History
* Students may not earn credit towards graduation for both HIST 1100 Survey of American History to 1865 and HIST 1400 American History.
* Students may not earn credit towards graduation for both HIST 1200 Survey of American History Since 1865 and HIST 1400 American History.

Mathematics
* Students can only have a total of 5 hours of credit towards graduation from the following courses: MATH 1320 Elements of Calculus, MATH 1400 Calculus for Social and Life Sciences I, MATH 1500 Analytic Geometry and Calculus I.

Physics
* Students may not earn credit towards graduation for both PHYSCS 1210 College Physics I and PHYSCS 2750 University Physics I.
Requirements for all MU degrees

Common University General Education Requirements for all MU degrees

- Students may not earn credit towards graduation for both PHYSCS 1220 College Physics II and PHYSCS 2760 University Physics II.

Psychology

- Students may not receive credit towards graduation for more than one of the following courses: PSYCH 2410 Developmental Psychology, H_D_FS 3420 Early and Middle Childhood, or ESC_PS 2500 Child Development.

Statistics

- Students may not receive credit towards graduation for more than one of the following courses: STAT 1200 Introductory Statistical Reasoning, STAT 1300 Elementary Statistics, or STAT 1400 Elementary Statistics for Life Sciences.

- Students may not receive credit towards graduation for more than one of the following courses: STAT 2500 Introduction to Probability and Statistics I or STAT 2530 Statistical Methods in Natural Resources.

- Students may only receive a maximum of 4 hours of credit towards graduation from the following courses: STAT 1200 Introductory Statistical Reasoning, STAT 1300 Elementary Statistics, STAT 1400 Elementary Statistics for Life Sciences, STAT 2200 Introductory Statistical Methods, STAT 2500 Introduction to Probability and Statistics I, or STAT 2530 Statistical Methods in Natural Resources.

General Education Requirements

General education requirements are the foundation of knowledge upon which all University of Missouri degrees are built. They are specifically intended to prepare students as citizens who must make informed judgments about issues that go beyond the narrow area of their academic specialization. Students must complete the University General Education Requirements listed below. With careful planning, some courses may be chosen to meet both University General Education Requirements and one or more of the divisional, degree and major requirements. Students are strongly encouraged (and in some divisions they are required) to meet with an academic advisor to ensure adequate progress towards the selected degree and major. More information can be found at: http://generaleducation.missouri.edu/about/.

- This course in expository prose, which stresses writing as a process involving critical reading and thinking skills, should be taken during your freshman year.

- Writing Intensive course1, 2, 3 (6 credits, 2 courses)

- American History or Government2, 5 (3 credits)

- Math Reasoning Proficiency Course1, 2 (these courses must state that College Algebra is a prerequisite)

- Distribution Requirement (27 credits) providing a breadth and depth of knowledge in three broad areas of study. The course work must include at least one course numbered 2000 or higher in two of the areas of distribution as described below.

  - Must include 9 credits in these sciences: biological science, physical science, and / or mathematical science4
  - including at least one biological or physical science and its related laboratory component6
  - representing two different areas of science
  - Must include 9 credits of behavioral and/or social science
  - Courses must be from at least two different departments in these areas
  - Must include 9 credits of humanities and/or fine arts
  - including courses from at least two different departments in these areas

General Education Requirements are intended to fulfill the humanities requirement in A&S, Business, Education, Journalism and Social Work.

- For the full list of courses that fulfill this distribution and the noted exceptions, go to: http://generaleducation.missouri.edu/courses/exceptions, go to: http://generaleducation.missouri.edu/courses/

1 Must be completed with a grade of C- or better.
2 Designated courses may also be used toward the distribution requirement.
3 Course must be taken at MU unless requirement is waived via completion of an AA degree from a regionally-accredited, Missouri institution.
4 Must be courses in mathematics or statistics with College Algebra as a prerequisite.
5 Fulfills State Law Requirement.

1, 2, 3

Statistics

- College Algebra (MATH 1100) or transferable equivalent1 (3 credits).
- This course in expository prose, which stresses writing as a process involving critical reading and thinking skills, should be taken during your freshman year.
- Must be completed with a grade of C- or better.
- Must be courses in mathematics or statistics with College Algebra as a prerequisite.
- Fulfills State Law Requirement.

2, 5

American History or Government

- American History or Government2, 5 (3 credits)
- Must be courses in mathematics or statistics with College Algebra as a prerequisite.
- Fulfills State Law Requirement.

4

Distribution Requirement

- Distribution Requirement (27 credits) providing a breadth and depth of knowledge in three broad areas of study. The course work must include at least one course numbered 2000 or higher in two of the areas of distribution as described below.
- Must include 9 credits in these sciences: biological science, physical science, and / or mathematical science4
- Must include 9 credits of behavioral and/or social science
- Courses must be from at least two different departments in these areas
- Must include 9 credits of humanities and/or fine arts
- Including courses from at least two different departments in these areas

Common University General Education Requirements for all MU degrees

- Students may not receive credit towards graduation for more than one of the following courses: STAT 1200 Introductory Statistical Reasoning, STAT 1300 Elementary Statistics, or STAT 1400 Elementary Statistics for Life Sciences.
- Students may only receive a maximum of 4 hours of credit towards graduation from the following courses: STAT 1200 Introductory Statistical Reasoning, STAT 1300 Elementary Statistics, STAT 1400 Elementary Statistics for Life Sciences, STAT 2200 Introductory Statistical Methods, STAT 2500 Introduction to Probability and Statistics I, or STAT 2530 Statistical Methods in Natural Resources.
- Students may not receive credit towards graduation for more than one of the following courses: STAT 1200 Introductory Statistical Reasoning, STAT 1300 Elementary Statistics, STAT 1400 Elementary Statistics for Life Sciences, STAT 2200 Introductory Statistical Methods, STAT 2500 Introduction to Probability and Statistics I, or STAT 2530 Statistical Methods in Natural Resources.
- Students may not receive credit towards graduation for more than one of the following courses: STAT 1200 Introductory Statistical Reasoning, STAT 1300 Elementary Statistics, STAT 1400 Elementary Statistics for Life Sciences, STAT 2200 Introductory Statistical Methods, STAT 2500 Introduction to Probability and Statistics I, or STAT 2530 Statistical Methods in Natural Resources.
- Students may only receive a maximum of 4 hours of credit towards graduation from the following courses: STAT 1200 Introductory Statistical Reasoning, STAT 1300 Elementary Statistics, STAT 1400 Elementary Statistics for Life Sciences, STAT 2200 Introductory Statistical Methods, STAT 2500 Introduction to Probability and Statistics I, or STAT 2530 Statistical Methods in Natural Resources.
- Students may not receive credit towards graduation for more than one of the following courses: STAT 1200 Introductory Statistical Reasoning, STAT 1300 Elementary Statistics, STAT 1400 Elementary Statistics for Life Sciences, STAT 2200 Introductory Statistical Methods, STAT 2500 Introduction to Probability and Statistics I, or STAT 2530 Statistical Methods in Natural Resources.
The term "laboratory" is used in reference to courses or portions of courses that satisfy the following criteria:
• They provide students with an opportunity for the active collection and analysis of data from real-world observations and experiments. These activities need not take place in a conventional "laboratory" setting but may be undertaken anywhere that an appropriate experiment or observation can take place (e.g., in the field).
• They promote scientific literacy and critical thinking/problem solving skills.
• Whenever possible, they include opportunities for students to design experimental or observational protocols.
• If the laboratory is directly associated with a specific lecture course or is included as part of a course that also includes lecture, the laboratory activities promote understanding of the content presented in the lecture.

Transfer Students and University General Education Requirements

All University, general-education requirements are considered completed for students who transfer to MU with an AA degree from a regionally-accredited Missouri institution. Transfer credits for other students are evaluated on a course-by-course basis. All students must complete University graduation requirements beyond the University general education requirements.

NOTE: Many departments, degrees and majors have more specific requirements for foundation course work in addition to the University, general-education requirement. However, the reverse is not true. Departments or academic units may not have fewer general education requirements than described by the University general education requirements. Careful planning will allow students to simultaneously meet University, general-education requirements and prepare for many of the more specific foundation courses required by their field of study.

Master's Requirements

(University)

The purpose of this section is to provide an overview of Graduate School's policies. Students considering a master's degree should read all of the information below to fully understand the requirements of advanced study (e.g., residency, plan of study and time lines for completion) at MU.

MU confers a variety of master’s, dual master’s degrees (http://gradschool.missouri.edu/academics/process/dual-masters-process) or dual master’s/ professional degrees to students who satisfy the general requirements of the Graduate School and the specific requirements of the degree-granting department or area program. Designated graduate minors and certificates are available in some academic fields. Thesis and non-thesis options are available for select plans of study; students must consult with individual degree programs for more information.

Master’s Residency Requirements

The faculty of each graduate program determines its own residency requirements for master’s degrees, subject to initial review by the Graduate Faculty Senate. Consult with the academic program for requirements. For academic programs that choose to maintain the traditional regulation concerning residency for master’s students, the following applies: the student must complete a minimum of 24 semester hours of MU graduate courses which are taught by MU faculty and which are approved by the academic program and the Graduate School.

Students who cannot fulfill residency requirements are encouraged to consider Mizzou Online for available degrees.

Graduation and Commencement Deadlines and Forms

It is recommended that students refer often to the Graduation & Commencement Deadlines for Master’s Students (http://gradschool.missouri.edu/forms-downloads/repository/graduation_deadlines.pdf) to avoid missing any important graduation or commencement deadlines. In addition to various deadlines, student must also submit a variety of necessary paperwork. By the end of the first year of master’s work at MU, a student must begin submitting degree program forms, which will aid the department and the Graduate School in planning an academically appropriate course of study and in tracking the student’s progress toward degree completion. These forms include the following:

Program of Study. Outlines the course work to be included in the student’s degree program. Due in the Graduate School by the end of the second semester unless the degree can be completed in two semester. In that case, the form is due by the end of the first semester. Plan of Study (M1) form (pdf) (http://gradschool.missouri.edu/forms-downloads/repository/m1.pdf) Request for Thesis Committee (thesis option only). Is a membership proposal for the student’s thesis committee. Due in the Graduate School by the end of the second term. Request for Thesis Committee (M2) form (pdf) (http://gradschool.missouri.edu/forms-downloads/repository/m2.pdf)

Report of Master’s Examining Committee. Reports the results of the thesis defense, master’s comprehensive exam, project presentation, portfolio review, etc. Due in the Graduate School two weeks prior to graduation. Report of Master’s Examining Committee (M3) form (pdf) (http://gradschool.missouri.edu/forms-downloads/repository/m3.pdf).

Choosing an Advisor

Graduate Committee Membership for Jointly Appointed Faculty Chapter 320 of the Collected Rules and Regulations for the University of Missouri requires that all jointly appointed faculty members will have designated Primary Appointment and Primary Departments well as affiliation with one or more involved academic programs. These affiliations affect membership status of jointly appointed faculty on graduate student committees as follows:

• Faculty members may serve as adviser/committee chair when their Primary Appointment is in the graduate student’s home academic program.
• When the graduate student’s home academic program is the involved academic program for a jointly appointed faculty member, this person may serve as chair/advisor with the approval of the director of graduate studies from the student’s home academic department.
• A faculty member can serve as an Internal Member only when their Primary Appointment is in the graduate student’s home academic program.
• When a graduate student’s home academic program is the involved academic program for a jointly appointed faculty member, he or she may serve as either an Internal or External Member of the committee.

Graduate Committee Membership for Adjunct Faculty

Adjunct Faculty may serve as a Committee Chair or Committee Member only in academic programs in which they are appointed and approved
for Graduate or Doctoral Faculty membership as appropriate for the student’s degree (Master’s or Doctoral). Service on graduate committees outside the academic program in which they are appointed requires a recommendation by the director of graduate studies from the student’s home academic program and approval by the vice provost for advanced studies and dean of the Graduate School.

**Master’s Plan of Study**

Minimum credit hours for degrees: The Graduate School has established a campus wide minimum of 30 hours of graduate credit beyond the bachelor’s degree (or its equivalent) for a master’s degree. Fifteen of the 30-hour minimum must be selected from courses numbered at 8000 or 9000 level. No more than 40 percent of the 30-hour credit requirement can be satisfied by a combination of special investigations, Research, Readings and/or Problems courses. Master’s Plan of study. (http://gradschool.missouri.edu/academics/process/plan-of-study/masters.php)

**Completing a Plan of Study Form**

After performing satisfactorily for a minimum of one semester, the student, with the advisor’s assistance, completes the Plan of Study form after performing satisfactorily for a minimum of one semester. The completion of the Plan of Study form allows the student to begin graduate studies. If the student’s program director of graduate studies and the Graduate School. Graduation School will review the transfer request to determine if the credit is applicable to the master’s degree. If a change is necessary, the student submits his/her Plan of Study form along with an unopened, official transfer transcript if one is not currently on file with the Graduate School.

**Transfer Credit Toward a Master’s Degree**

A maximum of 20 percent of the number of credit hours required for a student’s degree may be graduate credits transferred from another university, including another campus of the University of Missouri system upon the recommendation of the advisor, the approval of the academic program director of graduate studies and the Graduate School.

**Credit Toward a Second Master’s Degree**

A student who has completed one master’s degree at the University of Missouri or elsewhere may, upon recommendation of the advisor and approval by the academic program’s director of graduate studies and the Graduate School, present a maximum of eight hours of credit earned in the previous program toward a second master’s degree.

**Forming a Master’s Thesis Committee**

When a thesis is required for completion of a master’s degree, the student is required to submit a Request for Thesis Committee (M2 form) for approval by the academic program’s director of graduate studies and the Graduate School. The thesis process is composed of three members of the MU faculty: a major advisor from the academic program, a second reader from the academic program, and an outside reader who is a member of the graduate faculty from a different MU graduate program.

After the Request for Thesis Committee form has been filed, any changes must be submitted through the Change of Committee form for approval by the academic program’s director of graduate studies and the Graduate School. The petition should include a written justification for such a request and a copy of the person’s curriculum vitae. The Graduate School maintains copies of curricula vitae previously received and approved, and if such a request is anticipated, the student should contact the Graduate School to see if the curriculum vitae of a particular person is already on file.

**Approval of a Non-MU Faculty Member**

Upon approval of the academic program’s director of graduate studies, the student may petition the Graduate School to allow a person who is not a member of the MU graduate faculty to serve as the third reader. The petition should include a written justification for such a request and a copy of the person’s curriculum vitae. The Graduate School maintains copies of curricula vitae previously received and approved, and if such a request is anticipated, the student should contact the Graduate School to see if the curriculum vitae of a particular person is already on file.

**The Thesis Process**

If a thesis is required, it must be the student’s own work and must demonstrate a capacity for research and independent thought. A student writing a thesis should refer to the Graduate School’s Guidelines for Preparing Theses and Dissertations (http://gradschool.missouri.edu/forms-downloads/repository/etd-guidelines.pdf). Academic programs may
have additional requirements. The Graduate School sets deadlines for master’s students (http://gradschool.missouri.edu/academics/graduation-commencement/timeline-deadlines/master-timeline.php) for completion and submission of the thesis.

**Thesis Acceptance**
A thesis must be approved by the major advisor, a second reader from the academic program and an outside reader who is a member of the graduate faculty from a different MU graduate program. Students need to supply committee members with copies for review/evaluation. After successfully defending the thesis, the student will make any needed adjustments in format and corrections, based on input from the committee. The thesis is then submitted as PDF file on a CD ROM to the Graduate School by the established master’s deadline.

Review the Graduate School’s web pages for additional information on the master’s thesis process (http://gradschool.missouri.edu/academics/thesis-dissertation/process).

A searchable thesis and dissertation archive is maintained by the Graduate School.

**Grades at the Graduate Level-Graduation Requirement**
To become eligible for a master’s degree, a student must have completed all MU graduate work attempted with a GPA of 3.0 (A=4.0) or higher. Review grading policies (p. 716) for more information.

**Examination Process**

**Thesis Option**
Where a thesis is presented in partial fulfillment of graduation requirements, students must form a thesis committee. In the final semester, the student must successfully present (defend) the thesis. Three members of the student’s committee must sign the Report of the Master’s Degree Examining Committee (pdf) (http://gradschool.missouri.edu/forms-downloads/repository/m3.pdf), which is then forwarded through the academic program’s director of graduate studies to the Graduate School by the semester deadline.

**Non-Thesis Option**
Where no thesis is presented by the candidate, a final examination committee, composed of three members from the academic program, is designated by the academic program’s director of graduate studies with the approval of the Graduate School. During the final semester, the Report of the Master’s Examining Committee (pdf), signed by the director of graduate studies, is forwarded to the Graduate School by the semester deadline. All candidates for the MA or MS degrees must complete either a thesis or a substantial independent project that cannot be coauthored.

**Enrollment at the Master’s Level**
For general master’s enrollment requirements go to the Graduate School’s web page on master’s enrollment requirements (http://gradschool.missouri.edu/academics/progress/graduate-stud-progress/master-stud-progress.php).

**Enrollment**
The master’s candidate must be enrolled at the University during the semester or session in which a thesis is defended, a master’s project is presented, or the completion of a master’s comprehensive exam is certified.

**Scheduling Exams, etc.**
Comprehensive exams, thesis defenses, portfolio presentations and the like may be offered during the regular semester session. Dates that are excluded from graduation examinations include breaks between regular semester sessions, national holidays where the University is not in operation and weekends.

**Enrollment for Graduate Examination**
Master’s and educational specialist degree candidates who have completed all requirements except the final examination or the defense of the thesis/project must be enrolled when the final examination is given or the thesis/project is defended. Students who do not wish to enroll in course work during this time can enroll in “Graduate Examination” hours only.

**Note:** Registration in the “Graduate Examination” does not count toward enrollment certification. Students enrolled in the “Graduate Examination” would not be considered full-time or part-time.

Graduate students must be enrolled in at least nine credit hours to be considered full-time students and at least four credit hours to be considered half-time students during fall and spring terms. For summer terms, graduate students must be enrolled in four hours to be considered full-time and two hours to be considered half-time students.

Students with financial aid or a visa should discuss plans with the Student Financial Aid (http://financialaid.missouri.edu) office before registering for Graduate Examination hours. International students with a visa should discuss plans with MU’s International Center (http://international.missouri.edu) before registering for the Graduate Examination. Failure to do so could cause serious consequences for a student’s financial aid or visa status.

**How Enrollment Status Affects Access to Campus Resources**
Students who enroll in the Graduate Examination will not have a valid student ID and thus will not have regular access to the Student Health Center, MU Libraries, the Student Recreation Center or campus computing centers. If a student needs to use any of these services, registration in a one-, two-, or three-hour course (including graduate research courses) is required. Extra fees apply for access too.

**Time Limit for Master’s Degree Completion**
The program for the master’s degree must be completed within a period of eight years beginning with the first semester of enrollment in which the student is accepted to a degree program or from the date of the oldest coursework used on the plan of study. Individual academic programs may stipulate a shorter time period. Time spent in the armed services will not count toward the eight-year limit (see also Active Duty Policy). For any extension of this time limitation, the student must petition the Graduate School by submitting a request to the advisor who, in turn, submits a written recommendation to the Graduate School that is endorsed by the academic program’s director of graduate studies. The Graduate School will notify the advisor in writing of the final decision.

For academic advice or assistance with degree program planning, students should contact their advisors. See master’s graduation
requirements. ([http://gradschool.missouri.edu/academics/graduation-requirements/masters-grad-requirements.php)]

**Reasonable Rate of Progress for Master’s Students**

Reasonable rate of progress is governed by both the campus-wide policies of the Graduate School as well as academic program regulations which may be more restrictive. Failure to satisfy the Graduate School’s rate of progress policies leading to dismissal is handled by the Request for Extension ([http://gradschool.missouri.edu/academics/progress/requests-for-extensions-appeals.php]) process.

**Deadline for Submission of Thesis After Successful Defense**

After successful defense of the thesis or dissertation, students must comply with their academic program’s and/or the International Center’s enrollment requirements. Students are required to submit their final dissertation or thesis by the end of the following semester after a successful defense unless a letter asking for an extension is submitted to the Graduate Dean by the student’s advisor and program’s DGS.

**Extension Requests for Master’s Students**

Extenuating circumstances that inhibit a student’s rate of progress are handled through the Request for Extension ([http://gradschool.missouri.edu/academics/progress/requests-for-extensions-appeals.php]) process.

**Dismissal**

Dismissals arising from violation of academic program policies may be appealed using the Appeals Process. For additional details, graduate students should refer to the Dismissal Policy ([http://gradschool.missouri.edu/academics/progress/probation-termination.php]) and the Extension Requests and Appeals Process ([http://gradschool.missouri.edu/academics/progress/requests-for-extensions-appeals.php]).

**Dual Degrees: Master’s Students**

As the US workforce becomes increasingly interdisciplinary, some master’s students elect to concurrently pursue two advanced study degrees. All dual-degree programs at the graduate level require Graduate Faculty Senate approval. Please refer to the A-Z list of graduate degree programs ([http://gradschool.missouri.edu/academics/programs/a-z]) to learn what is currently available.

The two types of dual master’s degrees are the dual master’s degree and the dual master’s-professional degree.

<table>
<thead>
<tr>
<th>Degree Type</th>
<th>Dual Master’s Degree</th>
<th>Dual Master’s-Professional Degree</th>
</tr>
</thead>
<tbody>
<tr>
<td>Description</td>
<td>This is a cooperative degree, arranged between two graduate degree granting programs and approved by the Graduate Faculty Senate.</td>
<td>This is a cooperative degree arranged between a graduate degree granting program and a professional degree granting program (e.g., law or medicine) and approved by the Graduate Faculty Senate.</td>
</tr>
</tbody>
</table>

**Application Processes**

- Students must simultaneously submit a separate application to both degree programs to be considered for admittance. Because some students may not be aware of an approved dual-degree program before their arrival at MU, the option to participate in an approved dual-degree program may be postponed until no later than the end of a student’s second semester at MU. Start your online application process at [http://gradschool.missouri.edu/admissions/index.php](http://gradschool.missouri.edu/admissions/index.php).

**Forms and Policies**

- Students must fill out an Application for Dual Enrollment (pdf) no later than the end of a student’s second semester at MU.

For Graduate School policies and forms pertaining to the master’s portion of the dual master’s/ professional degree, refer to the Master’s Degrees Requirements and Policies on the website.

**Note on Dual Degrees for Law Students**

Dual-degree programs with the Law School enable students to earn the Juris Doctor (JD) concurrently with a Master’s or PhD degree. Dual-degree students must fulfill entrance requirements for both schools, including the graduate school’s entrance exam (if required) and the LSAT. Contact the Law School (p. 681) for more information on their dual-degree programs.

**Note on Dual Degrees for Medical Students**

Additional information concerning medical dual degrees for both master’s and doctoral students can be found on the doctoral dual degree ([http://gradschool.missouri.edu/academics/graduation-requirements/dual-degree-requirements.php](http://gradschool.missouri.edu/academics/graduation-requirements/dual-degree-requirements.php)) page.

**Counting Credits**

A student must complete a minimum of 18 hours of graduate courses for each degree program respectively. A minimum of 3 hours must be 8000-level courses. Additionally, the student must complete 12 hours of shared 8000-level graduate credit, which can include thesis/project research credit, as applicable.

Thus, 18 + 18 + 12 = 48 hours of graduate credit which is the minimum total hours for a dual master’s degree program.

For example, for a dual master’s degree program in Applied Mathematics and Electrical Engineering, a student’s plan of study must show 18 hours of Applied Mathematics graduate course work that applies only to the
Applied Mathematics degree and 18 hours of Electrical Engineering graduate course work that applies only to the Electrical Engineering degree. The additional 12 hours of shared 8000-level graduate credit brings the total earned graduate credit hours to 48.

Transfer Credit

Up to eight hours of transfer credit may be applied as follows: to one of the two degree programs, or divided between the two degree programs. The eight hours of transfer credit cannot be applied to each degree program separately.

Advising & Committees

There will be a separate advisor and committee for each degree program.

Dean’s Note: the option of a combined committee structure may be included in proposals for Graduate Faculty Senate consideration, e.g., co-advisors who would also serve as outside members, plus one additional member from each degree program, for a total of four committee members.

Dual Degree Progress Forms

Special dual master’s degree program forms will be used to certify plans of study, committee members and final defense/examinations. The forms are available from the Master’s Requirements Time Line (http://gradschool.missouri.edu/academics/graduation-commencement/timeline-deadlines/master-timeline.php). 

Conferral of Dual Degrees

The Graduate School will confer two separate diplomas upon completion of all degree program requirements.

Educational Specialist Requirements

This degree, offered through the College of Education, is a 30-hour program of specialization built upon the education specialist degree, of which 24 hours must be taken with MU faculty. Six semester hours must be completed within one semester or summer session to provide an in-residence experience. Students have eight years to complete the degree from the time they are first admitted to the degree program. A student is required to take a final examination, and the report of the results must be approved by a majority of the candidate’s advisory committee members and submitted to the Graduate School. For additional information on the Educational Specialist degree (http://gradschool.missouri.edu/academics/graduation-requirements/educ-spec-requirements.php), consult the College of Education’s site (http://education.missouri.edu).

Required Educational Specialist Forms

The Graduate School obtains students’ official academic records as soon as they complete their first terms of enrollment. Each of the following forms is completed at the departmental/program level, routed for required signatures and forwarded to the Graduate School in 210 Jesse Hall.

Forms are reviewed by staff in the Graduate School, given the vice provost/ dean’s signature if approved, and a copy is returned to the academic program office. If changes/corrections are needed, or if any signatures are missing, the forms will be returned to the department for corrective measures. If any faculty signatures are illegible, we ask that departments print a correct spelling below any such signatures.

Request for the Educational Specialist Advisory Committee (http://gradschool.missouri.edu/forms-downloads/repository/s1.pdf) (S-1 form, PDF)

The S-1 form serves as official documentation of who serves on a student’s advisory committee. It should be submitted to the Graduate School by the end of a student’s second semester.

Plan of Study for the Educational Specialist Degree (http://gradschool.missouri.edu/forms-downloads/repository/s2.pdf) (S-2 form, PDF)

The S-2 form provides the student, academic program/department and Graduate School with a plan for all the course work that will comprise a plan of study. It serves as a general plan to follow. Changes on the plan of study can be made easily by submitting a Course Substitution form (http://gradschool.missouri.edu/forms-downloads/repository/subform.pdf), available from departments or the Graduate School. The S-2 form should be submitted to the Graduate School preferably by the end of a student’s second semester and no later than the beginning of a student’s second year of study.

Report of the Educational Specialist Examining Committee (http://gradschool.missouri.edu/forms-downloads/repository/s3.pdf) (S-3 form, PDF)

This form is submitted by the academic program/department and reports the final results of a student’s comprehensive examination. Students are encouraged to consult with their departments to make sure the departments submit the S-3 form shortly after the exam has been graded.

Transfer Credit Toward the Educational Specialist Degree

A maximum of 20 percent of the number of credit hours required for a student’s degree may be graduate credits transferred from another university, including another campus of the University of Missouri system upon the recommendation of the adviser, the approval of the academic program director of graduate studies and the Graduate School.

Note: The above represents a change in policy and becomes effective for graduate students beginning their education specialist programs during the fall semester 2001. Students who began their education specialist programs prior to the fall semester 2001 have the option of using the above regulation or the regulation in place at the time they began their degree program. The MU Graduate School will review the transfer request to determine if the credit meets the minimum guidelines. If so then the Graduate School will process the request so that each transfer course will appear on the student’s transcript.

How to Request Transfer of Credit

1. The request or transfer credit must first be approved by the student’s adviser and the department’s director of graduate studies.
2. Once approved the student submits his/her Plan of Study or Course Substitution form to add the transfer work to the Plan of Study along with an unopened, official transfer transcript if one is not currently on file with the Graduate School.
3. Once the Graduate School has received the request it will be reviewed to determine if minimum requirements have been met.
4. If approved then the Graduate School will process the request so that the transfer credit appears on the MU student record.

Minimum Transfer Requirements

Transfer course work:
must be less than eight years old by the time the education specialist degree is conferred;
was taken for graduate credit and clearly marked as such on the transfer transcript, complete with credit hours and a grade;
is limited to no more than 20 percent of the total course work on the student’s Plan of Study form;
is from a regionally accredited institution in the U.S. or an overseas institution that is recognized by its country’s Ministry of Education as a graduate degree granting institution; and
is not extension or correspondence credit (see policy on correspondence credit above)

Special Types of Credit for the Educational Specialist Degree
A maximum of six semester hours completed with a grade of B or better may be accepted in transfer from institutions accredited to offer doctoral degrees. Off-campus courses authorized for graduate credit and offered by MU faculty members and courses offered through the Center for Independent Study taught by MU faculty may be included in the program.

Grades at the Graduate level-Graduation requirement
To become eligible for a education specialist degree, a student must have completed all MU graduate work attempted with a GPA of 3.0 (A=4.0) or higher. Review grading policies (p. 716) for more information.

Enrollment
The educational specialist candidate must be enrolled at the University during the regular semester session in which comprehensive exams are taken, portfolio or project is presented, etc.

Time Limit for Education Specialist Degree Completion
The program for the education specialist degree must be completed within a period of eight years beginning with the first semester of enrollment in which the student is accepted to a degree program or from the date of the oldest coursework used on the plan of study. Individual academic programs may stipulate a shorter time period.

Time spent in the armed services will not count toward the eight-year limit (see Active Duty Policy (http://veterans.missouri.edu/forms/active-duty.php)). For any extension of this time limitation, the student must petition the Graduate School by submitting a request to the adviser who, in turn, submits a written recommendation to the Graduate School that is endorsed by the academic program’s director of graduate studies. The Graduate School will notify the adviser in writing of the final decision.
For academic advice or assistance with degree program planning, students should contact their advisers.

Reasonable Rate of Progress for Education Specialist Students
Reasonable rate of progress is governed by both the campus wide policies of the Graduate School as well as academic program regulations which may be more restrictive. Failure to satisfy the Graduate School’s rate of progress policies leading to dismissal are handled by the Request for Extension process, and the decision of the vice provost for advanced studies and dean of the Graduate School in these matters is binding.

Extension Requests for Education Specialist Students
Extenuating circumstances that inhibit a student’s rate of progress are handled through the Request for Extension (http://gradschool.missouri.edu/academics/progress/requests-for-extensions-appeals.php) process. The decision regarding an extension is made by the vice provost for advanced studies and dean of the Graduate School, and is binding.

Dismissal
Dismissals arising from violation of academic program policies may be appealed using the Appeals Process. For additional details, graduate students should refer to the Dismissal Policy (http://gradschool.missouri.edu/academics/progress/probation-termination.php) and the Extension Requests and Appeals Process (http://gradschool.missouri.edu/academics/progress/requests-for-extensions-appeals.php) pages on the Graduate School website.

Doctoral Requirements (Graduate School)
The Graduate School grants two types of doctoral degrees: the doctor of philosophy (PhD) and the doctor of education (EdD). Consult with individual departments to learn about the availability of degrees. To obtain either doctoral degree, a student must follow the general regulations of the Graduate School well as special requirements of the degree program. It is the student’s responsibility to adhere to all regulations and satisfy the graduation requirements of the Graduate School and the degree program. An individual who has held, at any time, a regular tenure-track appointment in an MU academic program is not eligible for a doctoral degree from that department or the area program in which that department participates.

Doctoral Qualifying Examination or Process
Prior to official admission into a doctoral program, the student must pass a qualifying examination or process. A department or area program may limit the number of times this examination or process may be attempted. After the qualifying process is complete and the doctoral committee has been confirmed, the Qualifying Examination Results and Doctoral Committee Approval (D1) (http://gradschool.missouri.edu/forms-downloads/repository/d1.pdf) form should be submitted to the Graduate School, no later than the end of the second semester of enrollment.

Selecting a Doctoral Adviser
The student selects an adviser or co-advisers, by mutual consent, from doctoral faculty members who are dissertation supervisors in the department or area program in which the major work is planned. In the event that an adviser retires or leaves MU, he/she may continue to serve as a student’s adviser unless there is written academic program policy prohibiting such an arrangement. If an adviser is unable or unwilling to continue to serve, the academic program, with the leadership of the director of graduate studies, will assist to ensure that a replacement is found.
Forming a Doctoral Program Committee

The doctoral program committee must be recommended by the student’s adviser and approved by the academic program’s director of graduate studies and the Graduate School before one year has elapsed following the student’s first registration as a doctoral student. The Qualifying Examination Results and Doctoral Committee Approval (D1) (http://gradschool.missouri.edu/forms-downloads/repository/d1.pdf) form is due to the Graduate School office by the end of the student’s second semester.

Committee Changes
Changes to the committee must be submitted on the Change of Committee form.

Duties
All members of the doctoral program committee will be intimately involved and will actively participate in the activities of the doctoral student at all the stages of the student’s career at MU, except in some cases in the qualifying examination/process. The committee also may participate in the assessment of a student’s background and potential for success in the academic program’s doctoral program. Committee members may call a meeting of the full committee at any time to discuss the student’s progress.

Membership Requirements for Doctoral Committees

The doctoral program committee shall be composed of a minimum of four members of the MU graduate faculty and will include at least three members from the student’s doctoral degree program and an outside member from a different MU program. At least two of the doctoral committee members must be MU doctoral faculty. (Note: This policy is effective for students who begin their doctoral programs during the Fall 2005 Term. For students who began their doctoral programs before the fall 2005 semester, consult the appropriate catalog or the Graduate School.)

Additional committee members with specialized expertise who do not meet the criteria for the MU graduate faculty or doctoral faculty may serve on a doctoral committees as a fifth or sixth member, with special permission of the dean of the Graduate School.

Graduate Committee Membership for Jointly Appointed Faculty

Chapter 320 of the Collected Rules and Regulations (http://www.umsystem.edu/ums/rules/collected_rules/personnel/ch320) for the University of Missouri requires that all jointly appointed faculty members will have a designated Primary Appointment and Primary Department as well as affiliation with one or more involved departments or units. These affiliations affect membership status of jointly appointed faculty on graduate student committees as follows:

Committee Chair/Adviser
A faculty member may serve as adviser/committee chair when his or her primary appointment is in the graduate student’s home academic program. When the graduate student’s home academic program is the involved academic program for a jointly appointed faculty member, the person may serve as chair/adviser with the approval of the director of graduate studies from the student’s home academic program.

Doctoral Committee Member
A faculty member can serve only as an Internal Member when his or her Primary Appointment is in the graduate student’s home academic program. When a graduate student’s home academic program is the involved academic program for a jointly appointed faculty member, he or she may serve as either an Internal or External Member of the committee.

Graduate Committee Membership for Adjunct Faculty
Adjunct faculty may serve as a committee chair or committee member only in academic programs in which they are appointed and approved for graduate or doctoral faculty membership as appropriate for the student’s degree (master’s or doctoral). Service on graduate committees outside the academic program in which an adjunct member is appointed requires a recommendation by the director of graduate studies from the student’s home academic program and approval by the dean of the Graduate School.

Doctoral Plan of Study & Degree Requirements

The doctoral program committee provides academic program approval of the student’s Plan of Study which will prepare the student for research or scholarly investigation in the chosen field of study. The plan of study includes a list of the courses and the credit to be earned. By successfully completing the plan by deadlines, a doctoral student will:

- Prepare the student for research or scholarly investigation in the chosen field of study.
- Satisfy the credit-hour and residency requirement of the academic program.
- Satisfy any special requirements (proficiency in foreign languages, collateral field, doctoral minor, other special research skills) imposed by the department or area program.
- Satisfy the Graduate School’s requirement for a minimum of 15 hours of NU coursework at the 8000/9000 level (exclusive of research, readings, and problems).

The committee also recommends to the dean of the Graduate School, as part of the Plan of Study, any request for transfer of graduate credit. Changes to the plan of study should be submitted on the Plan of Study Course Substitution form (http://gradschool.missouri.edu/forms-downloads/repository/subform.pdf).

Doctoral Credit-Hour Requirement

MU requires a minimum of 72 semester hours beyond the baccalaureate degree for the PhD and EdD degrees. The student’s doctoral program committee must approve all course work used to satisfy the credit-hour requirement and may require additional course work beyond these minimums.

Transfer Credit

The doctoral committee may recommend up to 30 hours of post-baccalaureate graduate credit from an accredited university be transferred toward the total hours required for the doctoral degree. It is the responsibility of the doctoral committee to determine the appropriateness of course work for transfer credit. All requests for exceptions to this policy must be approved by the dean of the Graduate School.
**Extension & Correspondence Credit in Doctoral Programs**

The doctoral committee may recommend that courses taken through MU’s Extension division be counted toward the credit-hour requirement. Extension or correspondence course work from institutions other than MU may not be used to meet the total hours required for the doctoral degree.

**Time Limits on Transfer Credits**

All courses to be applied to the plan of study must be completed within eight years of filing the plan.

**Grades at the Graduate Level**

To become eligible for a degree, a doctoral student must have completed all MU graduate work attempted with a GPA of 3.0 (A=4.0) or higher. Review grading policies (p. 716) for more information.

**Foreign Language Proficiency**

In general, an English-speaking student may establish foreign language proficiency, if it is required, by demonstrating an ability to translate into English two foreign languages; or by demonstrating a high order of fluency in one language; that is the ability to read, write and converse in that language and to translate that language into English and English into that language.

**Plan of Study Completion Before Doctoral Comprehensive Exam**

The student must substantially complete the course work outlined in the Plan of Study to the satisfaction of the doctoral program committee and the Graduate School before being declared ready for the comprehensive examination (http://gradschool.missouri.edu/academics/process/doctoral-process/comprehensive-exam.php).

**Doctoral Comprehensive Examination**

The student must be enrolled to take the doctoral comprehensive examination (http://gradschool.missouri.edu/academics/process/doctoral-process/comprehensive-exam.php). It is to be administered only when MU is officially in session. The comprehensive examination is the most advanced posed by MU. It consists of written and oral sections. It must be completed at least seven months before the final defense of the dissertation. The two sections of the examination must be completed within one month.

**Written Section**

The written section or sections of the examination may be conducted in one or both of the following two ways:

1. The written sections may be arranged and supervised by the major adviser, in which case questions are prepared and graded by the doctoral program committee.
2. The major adviser may delegate responsibility for arranging, preparing, supervising and grading the written sections of the examination to one or more departmental/program committees appointed for this purpose.

**Successful Completion**

For the comprehensive examination to be successfully completed, the doctoral program committee must vote to pass the student on the entire examination, both written and oral sections, with no more than one dissenting or abstaining vote. A report of examination results, carrying the signatures of all members of the committee, must be sent to the Graduate School and the student no later than two weeks after the comprehensive examination is completed.

**Exam Failure**

A failure of either the written or oral section of the exam constitutes failure of the comprehensive exam. If a failure is reported, the committee also must include in the report an outline of the general weaknesses or deficiencies of the student’s work. The student and the committee members are encouraged to work together to identify steps the student might take to become fully prepared for the next examination.

**Request for Clarification**

If the student believes that the advice given by the committee is inadequate, the student may send a written request for clarification to the committee. A copy of this request should be sent to the Graduate School as well. The committee must respond to this request in writing within two weeks and a copy must be filed with the Graduate School.

**Retaking the Comprehensive Examination**

The student who fails may not take a second comprehensive examination for at least 12 weeks. Failure to pass two comprehensive examinations automatically prevents candidacy.

**Doctoral Candidacy & Continuous Enrollment**

Candidacy for a doctoral degree is established by passing the comprehensive examination. Status as a continuous enrollment doctoral student begins the term after the term in which the comprehensive exam was successfully completed. Students must maintain continuous enrollment during their candidacy (the period after successful completion of the comprehensive examination).

**Procedure for Continuous Enrollment**

Candidacy is maintained by enrolling in 9090 Research (or 9990 Research for some Engineering students) for two semester hours each fall and spring semester and for one semester hour each summer session up to and including the term in which the dissertation is defended. Continuous enrollment provides access to an adviser’s support, doctoral program committee guidance and university research facilities for completion of the dissertation. Failure to enroll continuously in two hours of approved courses until the doctoral degree is awarded terminates candidacy.

**Reestablishing Candidacy After Time Off**

Candidacy may be reestablished by paying the registration and late fees owed and completing the requirements specified by the student’s doctoral program committee. Registration fees owed may not exceed the amount owed for seven terms, regardless of the number of terms beyond seven for which the student failed to continuously enroll. The committee’s requirements may include a second comprehensive examination or
evidence of currency in the research field as suggested by publications in refereed journals. Candidacy is reestablished when the student’s adviser and the departmental, area program or divisional director of graduate studies submits a written request to the Graduate School explaining the basis for the decision. Once approved, a Request to Re-enroll form (pdf) (http://gradschool.missouri.edu/forms-downloads/repository/reenroll.pdf) must be completed by the student and sent to the department/program for processing.

The Doctoral Dissertation

The dissertation must be written on a subject approved by the candidate’s doctoral program committee, must embody the results of original and significant investigation and must be the candidate’s own work.

Enrollment Status and Reporting

The candidate must be continuously enrolled (http://gradschool.missouri.edu/admissions/types-of-enrollment/continuous-enrollment.php) to defend the dissertation, which can only be defended when MU is officially in session. A report of the dissertation defense (http://gradschool.missouri.edu/forms-downloads/repository/d4.pdf), carrying the signatures of all members of the committee (http://gradschool.missouri.edu/academics/process/forming-committees/dissertation-defense.pdf), is sent to the Graduate School before the deadline preceding the anticipated date of graduation. For the dissertation to be successfully defended, the student’s doctoral committee must vote to pass the student on the defense with no more than one dissenting or abstaining vote.

Required Dissertation Format

Every doctoral candidate should review the Guidelines for Preparing Theses and Dissertations from the Graduate School and should consult the director of graduate studies for academic program style requirements. All dissertation defenses shall be open to the general faculty. Academic programs are encouraged to announce dissertation defense dates to academic program colleagues.

Submission of Dissertation to the Graduate School

The final copy of the dissertation must be submitted to the Graduate School as a PDF file on a CD-ROM. Specific instructions are provided in the Guidelines for Preparing Theses and Dissertations.

Reasonable Rate of Progress

Reasonable rate of progress is governed by both the campus wide policies of the Graduate School listed below as well as academic program regulations which may be more restrictive. Failure to satisfy the Graduate School’s rate of progress policies leading to dismissal is handled by the Request for Extension process (http://gradschool.missouri.edu/academics/progress/requests-for-extensions-appeals.php). For academic advice or assistance with degree program planning, students should contact their advisers. Dismissals arising from violation of academic program policies may be appealed using the Appeals Process (http://gradschool.missouri.edu/academics/progress/requests-for-extensions-appeals.php). Students should also refer to the section on the Dismissal Policy (http://gradschool.missouri.edu/academics/progress/probation-termination.php) for additional details.

Time Limits for Doctoral Degree Completion

Three Graduate School policies govern the Reasonable Rate of Progress established for doctoral students. To determine which is applicable to a particular student, see the policies below:

Students Who Began Their Program in Fall 2000 to the Present

Effective fall semester 2000, a doctoral student must successfully complete the comprehensive examination within a period of five years beginning with the first semester of enrollment as a PhD student. In addition, the program for the doctoral degree must be completed within five years of passing the comprehensive examination. Individual departments or area programs may stipulate a shorter time period. For an extension of this time the student must petition the Graduate School by submitting a request to the adviser who, in turn, submits a written recommendation to the Graduate School which has been endorsed by the department or area program director of graduate studies.

Doctoral Students Who Passed Comps Between Fall 1994 and Summer 2000

Doctoral candidates who passed their comprehensive examinations between the beginning of the fall semester 1994 through summer session 2000 will have no more than five years after passing the comprehensive examination to complete the doctoral degree.

Doctoral Students who Passed Comps Before Fall 1994

Doctoral candidates who passed their comprehensive examinations before fall semester 1994 must complete their degree programs within eight calendar years beginning with the first semester of enrollment as a doctoral student.

Doctoral Degree Extension Request

Regardless of when a student entered the program or passed the comprehensive exam, any candidate requiring additional time must submit a request for an extension. On petition of the candidate and the candidate’s academic program, an extension of time may be granted by the Graduate School. Academic programs specifically reserve the right to re-certify currency in the discipline. All requests for extensions should be endorsed by the academic program’s director of graduate studies and accompanied by a description of the process whereby currency in the discipline is certified, if required by the academic programs. See also Active Duty Policy (http://veterans.missouri.edu/forms/active-duty.php).

Doctorate of Education (EdD): Special Requirements and Policies

Admission

To be admitted into a doctorate of education program, the student must have attained the degree of master of arts with a major in education, a degree of master of education, or the quantitative and qualitative equivalent of one of these degrees from an accredited college or university.
EdD Qualifying Exam
If required, the qualifying examination must be successfully completed before the plan of study is determined by the adviser and the student in cooperation with the doctoral advisory committee. This program must constitute a well-organized plan of professional specialization in one of the major fields of education, with one or more supporting fields.

EdD Plan of Study
A minimum of 72 semester hours of graduate level course work beyond the bachelor’s degree is required for the degree of doctor of education degree. The plan of study is specifically intended to meet the professional needs of the candidate. As well as pursuing course work in the professional areas of specialization, the student must take courses in educational statistics, advanced educational statistics, methods of educational research and one research elective course. Foreign languages are not required, except as may be determined by the student’s doctoral advisory committee.

EdD Advisory Committee
The student’s adviser officially recommends for the approval by the Graduate School a doctoral advisory committee of at least five members. For students admitted Fall 2006 and later, the requirement is at least four committee members. In addition to planning the doctoral program with the student, this committee may administer a qualifying examination, which helps to assess the student’s general background and potential for the EdD degree. It also guides the planning of the plan of study.

EdD Comprehensive Examination
When the doctoral advisory committee determines that the needed course work has been completed with satisfactory grades, it plans the comprehensive examination (a written and oral examination that includes the candidate’s major field of interest) for the degree. This examination must be taken no earlier than the second year of graduate work and be completed at least seven months before graduation. A student must be enrolled to take the comprehensive examination. It is not administered unless MU is officially in session.

For the comprehensive examination to be completed successfully, the committee must vote to pass the student with no more than one dissenting or abstaining vote. If failure is reported, the committee recommends suggested work or remedial measures. See Comprehensive Examination (http://gradschool.missouri.edu/academics/process/doctoral-process/comprehensive-exam.php) under PhD Degree Regulations.

The student who fails may not take a second examination for at least 12 weeks. Failure on two comprehensive examinations automatically prevents candidacy.

Continuous Enrollment
EdD candidates are subject to the same policies and procedures as PhD candidates. See enrollment requirement (p. 711) for graduate studies.

Dissertation Defense
EdD candidates are subject to the same policies and procedures as PhD candidates. The dissertation must be reviewed and approved by the doctoral program committee. (http://gradschool.missouri.edu/academics/thesis-dissertation/dissertation-process.php)

Time Limits for Doctoral Degree Completion
Effective fall semester 2000, a doctoral student must successfully complete

- the comprehensive examination within a period of five years beginning with the first semester of enrollment as a PhD student.
- the doctoral degree within five years of passing the comprehensive examination.

Individual departments or area programs may stipulate a shorter time period.

For time limit policies prior to academic year 2000-2001, consult the Graduate School Catalog archive dissertation format EdD candidates are subject to the same dissertation formatting and submission requirements as PhD candidates. The dissertation must be reviewed and approved by the doctoral program committee. Policies can be found at http://gradschool.missouri.edu/academics/graduation-requirements/doctoral-grad-requirements.php.

Dissertation Submission
The final copy of the EdD dissertation must be submitted to the Graduate School as a PDF file on a CD-ROM. Specific instructions are provided in the Guidelines for Preparing Theses and Dissertations (http://gradschool.missouri.edu/forms-downloads/repository/etd-guidelines.pdf).

Deadline for Submission of Dissertation/Thesis after Successful Defense
After successful defense of the thesis or dissertation, students must comply with their academic program’s and/or the International Center’s enrollment requirements. Students are required to submit their final dissertation or thesis by the end of the following semester after a successful defense unless a letter asking for an extension is submitted to the Graduate Dean by the student’s advisor and program’s DGS.

Doctoral Degree Extension Request
Regardless of when a student entered the program or passed the comprehensive exam, any candidate requiring additional time must submit a request for an extension. On petition of the candidate and the candidate’s academic program, an extension of time may be granted by the Graduate School.

Academic programs specifically reserve the right to re-certify currency in the discipline. All requests for extensions should be endorsed by the academic program’s director of graduate studies and accompanied by a description of the process whereby currency in the discipline is certified, if required by the academic programs. (See also Active Duty Policy.)

Doctoral Dual Degrees
Dual Doctoral-Professional Degrees
As the US workforce becomes increasingly interdisciplinary, some graduate students elect to concurrently pursue a PhD (doctoral) degree in combination with a law or medical (professional) degree. Examples include the MD/PhD and the JD/PhD. Dual degrees are cooperatively arranged between a graduate degree granting program and a professional degree granting program. The Graduate School oversees the doctoral (PhD) degree portion of the dual doctoral/professional degree. Dual degrees are approved by the Graduate Faculty Senate.
Students must apply to both the Graduate School and the professional degree program, notifying both of their interest in a dual program. Please refer to the A-Z list of graduate degree programs (http://gradschool.missouri.edu/academics/programs/a-z) to learn what is currently available.

Because some students may not be aware of an approved dual-degree program before their arrival at MU, the option to participate in an approved dual-degree program may be postponed until no later than the end of a student’s second semester at MU.

The governing policies for dual degrees are the same for master’s and doctoral students. Please refer to the dual-degree information for master’s students (http://gradschool.missouri.edu/academics/process/dual-masters-process) for more information.

**Dual Degrees for Medical Students**

The MD/PhD program is for the student seeking a biomedical research career. Additional years are integrated into the medical curriculum to satisfy requirements for the PhD. (A MD/MS dual degree is another option). The graduate degree (MS or PhD) is typically accomplished after completion of the MD program. PhD programs are available in diverse areas at MU.

Students are accepted to the joint program by a single committee. Students interested in this dual-degree program should inquire at the dean’s office in the School of Medicine.

**Financial Support**

Financial support may be provided for the graduate portion of the dual-degree program. Fellowship support may be provided for the PhD portion of this program, while loan and scholarship funds may be available for the MD curriculum.

**Applying Credit**

Students participating in the MD/PhD Program at the University of Missouri may apply up to 30 hours of credit for courses taken during the preclinical phase of the MD program towards the 72 hour requirement for the PhD degree. These MD courses, however, cannot be used to satisfy the requirement for 15 hours of 8000/9000 of graduate level course work.

The following table lists the distribution of credits for the preclinical courses among areas of study that can be used by the student and their committee in determining how many credit hours should be applied toward the PhD.

<table>
<thead>

<td>3 hrs</td>
</tr>
</tbody>
</table>

**Advising & Committees**

There will be a separate adviser and committee for each degree program.

Dean’s Note: the option of a combined committee structure may be included in proposals for Graduate Faculty Senate consideration, e.g., co-advisers who would also serve as outside members, plus one additional member from each degree program, for a total of four committee members.

**Dual Degree Progress Forms**

Special dual degree program forms will be used to certify plans of study, committee members and final defense/examinations.

**Timelines for PhD Completion**

Policies governing doctoral degree completion, including but not limited to examinations, forms, continuous enrollment, and dissertation format, defense and submission, are detailed in the doctoral degree requirements section of the Graduate Catalog and web site.

**Conferral of Dual Degrees**

Upon completion of all degree program requirements, the Graduate School and the professional school will confer separate diplomas.

**Doctoral Requirements (School of Law)**

The Juris Doctor (J.D.), or "law degree," is a three year post-baccalaureate program. Students must complete 89 credit hours of law courses roughly one-half of which are required courses.

View JD Degree Requirements Here (p. 683)

The wide variety of academic courses are complemented by a variety of clinics and skills courses designed to provide graduates with a solid foundation for the practice of law.
Undergraduate/Graduate

Information in the catalog is current as of May 2014. The next catalog will be published in May 2015. In the interim, new courses will be announced in myZou (https://myzou.missouri.edu) (MU's online student information system), and are usually available in October for the upcoming Spring semester, and in March for the upcoming Summer and Fall semesters. Mid year changes to current courses (titles, descriptions and credit hours) are not reflected here, and will only show in myZou.

Undergraduate Study

MU grants 25 percent of the bachelor's degrees from Missouri public universities, providing an intellectually diverse environment and 360-degree learning for students from every state in the nation and more than 120 countries.

MU offers more than 300 degree programs through 19 colleges and schools and is a member of the prestigious Association of American Universities. Ninety-two percent of full-time, ranked faculty hold doctorates or the highest degree in their field. A highly interdisciplinary campus, it's common for faculty and students from one school at Mizzou to collaborate on projects with those from other schools and colleges. For example, some courses in the sciences are taught in conjunction with MU's medical school, and humanities classes include such areas as music composition and creative writing.

MU also offers an honors college for high-achievers and unmatched real-world experiences, including managing a bed and breakfast (The Gathering Place), operating a floral shop (Tiger Garden), preparing income taxes for families, studying abroad, volunteering for credit, providing health care, working at the country's only university-owned TV network affiliate (KOMU), performing at Carnegie Hall and co-authoring articles in leading scientific journals. Mizzou students also hold patents and create startup companies.

For more information about undergraduate study, contact Undergraduate Admissions (http://admissions.missouri.edu).

Graduate Study

The University of Missouri Graduate School offers nearly 100 master's degree programs, over 70 doctoral degree programs, and 6 educational specialist degree programs; 13 graduate minors; and 40+ graduate certificates. Opportunities for e-learning, including online graduate degrees, are available. An A-Z list of graduate degrees is available in this catalog as part of a total MU degrees listing (p. 5). For more information, contact Graduate Admissions (http://gradschool.missouri.edu).

About the College

The mission of the College of Agriculture, Food and Natural Resources (CAFNR) includes excellence in teaching and advising, cutting-edge research and the dissemination of that research to the people of Missouri. From entering freshmen to postdoctoral scientists, students receive personal attention in preparing for a wide range of careers. Professional development through career services, student organizations, and engagement with business and industry prepares graduates to have an impact in the food system, business, government policy, environmental awareness, conservation, law, medicine and other areas.

The Missouri Agricultural Experiment Station develops life science technologies in animal, biochemical, plant, food and natural resource sciences to keep the state’s agribusiness system competitive in world markets and to provide consumers with a safe, low-cost food supply. Science research faculty lead our state and nation in debate and development of science-based policies for agriculture and natural resources.

Finally, the college helps the global community more fully develop their economies through improved agriculture. This global mission provides a valuable exchange of knowledge and understanding among students, teachers and scientists from many cultures.

The College of Agriculture, Food and Natural Resources was established at the University of Missouri in 1870 as the state’s land-grant university in response to the need for agricultural teaching and research in Missouri. The four major divisions in the college, the Agricultural and Natural Resources Experiment Station, Academic Programs, Agricultural and Natural Resources Extension and International Programs, continue to have a great influence on Missouri’s economy.

Undergraduate

- Admissions (p. 31)
- Special Programs (p. 31) (Pre-Veterinary Track and Pre-Medical Track)
- Degree Options (p. 32)
- Bachelor of Science Degree Requirements (p. 32)
- Additional CAFNR Requirements (p. 32)
- CAFNR Honors Requirements (p. 33)
- Probation, Suspension and Dismissal (p. 33)
- Advising (p. 33)
- Career Development and Professional Opportunities (p. 33)
- Experiential Learning (p. 33)
- Study Abroad (p. 34)
- Student Activities (p. 34)

Admissions

Students admitted to the University of Missouri are encouraged to enter the College of Agriculture, Food and Natural Resources, including the School of Natural Resources, as freshmen. Current Mizzou students who are looking to transfer divisions to CAFNR need to contact the Office of Academic Programs first as some degree programs have specific GPA requirements.

Special Programs

Pre veterinary Track

Students wishing to prepare for application to the College of Veterinary Medicine may enroll in the College of Agriculture, Food and Natural Resources under programs that emphasize science, such as animal sciences or fisheries and wildlife. In satisfying the science program requirements, the requirements for entering veterinary medicine also may be satisfied.

A minimum of 60 credits is required for admission to the College of Veterinary Medicine. Before applying, a student should make certain that the requirements listed below have been satisfied. Questions concerning required admission credits should be directed to the College of Veterinary Medicine. (Note: Tracks are not listed on transcripts or diplomas.)

Pre medical Track

Students interested in a medical career may choose from a variety of science-based majors. The most common choice of students is biochemistry because it is a collaborative program between CAFNR and...
Degree Options

In many majors, students are allowed to tailor the program of study to their professional goals. Students may choose courses that provide them with strong technical expertise or select those that provide business expertise. Others who are preparing for graduate or professional schools may be interested in a strong science education. All of these options are available within the majors.

Bachelor of Science (B.S.) Degree Requirements

The College of Agriculture, Food and Natural Resources (CAFNR) B.S. degree requirements, including University general education and graduation requirements, are outlined below. Refer to degree program sections for additional course requirements and minimum credit requirements. (See the School of Natural Resources for degree requirements for Fisheries and Wildlife; Forestry; Parks, Recreation and Tourism; and Soil, Environmental and Atmospheric Sciences.)

Additional University graduation and CAFNR Requirements

- Writing Intensive course in the major at the 3000/4000 level (grade of C- or better required)
- Capstone Course (grade of C- or better required)
- A total of 120 credits are required to earn a Bachelor of Science degree in CAFNR. A minimum of 24 credits in 2000-level or above courses; and an additional 24 credits in 3000-level or above courses are required
- Degree program requirements and course total credits vary. Refer to specific CAFNR degree programs to determine the number of credits required for degree completion
- Must complete a minimum of 32 credits in the disciplines within the College of Agriculture, Food and Natural Resources. A minimum of the 20 credits must be MU course work
- Complete 30 of the last 36 hours with MU course work. Obtain approval of faculty advisor, degree program advisor chair, and associate dean prior to enrolling in courses at another institution
- Earn no less than a 2.00 GPA, as defined by the GPA of Record (UM cumulative GPA)
Transfer Credits

- A maximum of 18 credit hours of course work in CAFNR disciplines may be transferred from a community college and applied toward departmental degree requirements. Additional credit hours may apply toward general education requirements or electives.
- University general education requirements are considered completed for students transferring with an Associate of Arts (AA) degree from a regionally accredited Missouri institution.
- Transfer credit from a regionally accredited non-Missouri institution will be evaluated on a course by course basis.

CAFNR Honors Requirements

Students are eligible to enter the honors program when they have obtained a cumulative GPA of 3.3 or above based on 30 credits earned at the University of Missouri. Transfer students are eligible after completing 15 credits at MU with a cumulative GPA of 3.3 or higher.

Students must be admitted to the honors program prior to the first day of classes for the last semester they are enrolled in residence in CAFNR. No student is admitted retroactively. The student is officially admitted to the program upon approval of the associate dean of academic programs.

Eligible students should complete an application as early in their undergraduate degree program as possible. The honors program application should be signed by at least two faculty members and the undergraduate advisor chair before it can be approved. The faculty members co-signing the application will comprise the honor student’s advisory committee.

An honors project (HP) is required and should be planned by the student and approved by the honor student’s advisory committee. The honors project should involve a significant research effort by the honors student, culminating in a written and oral presentation of the results. Departmental HP requirements must be approved by the CAFNR Honors Program Oversight Committee.

Students are officially admitted to the CAFNR Honors Program when the application has been approved and signed by the CAFNR associate dean of academic programs. To remain in good standing in the CAFNR Honors Program, a student must maintain a cumulative GPA of 3.3 or more. A student whose GPA falls below 3.3 will be allowed a two-semester grace period to raise the GPA to the 3.3 level.

Changes in the program of study must be signed by the student, each advisory committee member, the undergraduate advisor chair and associate dean before they are officially approved.

Dual Enrollment for Senior Undergraduates

Qualified undergraduate students are eligible to enroll in up to 12 hours of graduate credit during the last 30 hours of their undergraduate program. Graduate credit cannot be counted toward undergraduate degree credit requirements. See Graduate School section of the catalog for additional details.

Probation, Suspension and Dismissal

In addition to the Academic Standing Policy (p. 703) of the University, CAFNR’s academic policies can be located at http://CAFNR.missouri.edu.

Advising

When entering the college, each student is assigned a faculty advisor to assist in defining career goals and planning courses for a program of study that leads to graduation. The faculty advisor also serves as a resource person for the student in a variety of academic and individual situations.

One of a student’s first priorities is to meet and become acquainted with the faculty advisor early in the semester. The student should consult with the faculty advisor when planning or changing the academic program. The advisor and advisor chair must approve the program of study for graduation.

Questions dealing with advisement should be directed to Office of Academic Programs, Dickinson Student Achievement Center, 2-64 Agriculture Building, (573) 882-9301.

Career Development and Professional Opportunities

CAFNR believes in career development as a key part of the student experience. Our college provides career resources targeted specifically toward student interests and strengths. The CAFNR Career Services team focuses efforts to help educate, empower, and connect CAFNR students with their future careers. The resources in CAFNR expand beyond resume reviews, mock interviews and one-on-one sessions to explore career possibilities. The team works to bring value to each student in the college, by making valuable employer connections to help expand each student’s professional network. Students also have access and are encouraged to use www.HireMizzouTigers.com (http://www.hiremizzoutigers.com) to search open job and internship postings.

CAFNR graduates find rewarding careers in a variety of career fields, including: private industry, state and federal agencies, start-ups, production agriculture, and more.

We invite you to reach out in the traditional ways, too! Stop by our office in 2-64 Agriculture Building, call us at (573) 882-0088 or email CAFNRcareerservices@missouri.edu.

Experiential Learning

Employers want to hire students who have experience! CAFNR students have a variety of options when it comes to experiential learning. CAFNR’s focus on internships, study abroad, industry tours, and student organizations help students gain relevant experience employers want to see. Exploring these opportunities give students the professional growth and network needed for career success after graduation.

Click here to check out some of the most recent student experiences (https://www.facebook.com/media/set/?set=a.631051863580078.1073741826.565193606832571&type=3) to see the kinds of opportunities CAFNR students explore. Interested in gaining your own experiences? We want to help you reach your goals! You can reach us in a variety of ways. Stop by our office.
in 2-64 Agriculture Building, call us at (573) 882-0088 or email CAFNRcareerservices@missouri.edu.

Study Abroad

CAFNR provides students with opportunities to study abroad on academic year, semester, summer, short term and winter break programs. Study Abroad compliments and enhances a student’s academic program. On these programs, students gain maturity and self confidence, broaden their horizons to the larger world around them and earn academic credit. Increasingly, employers are looking for students who have increased their skill set through study abroad.

For more information about CAFNR study abroad programs, contact the Study Abroad Office, Dickinson Student Achievement Center, 2-64 Agriculture Building, at (573) 882-8301.

Student Activities

CAFNR offers a variety of extracurricular student activities that contribute to a student’s education and professional development. Clubs and organizations sponsor activities related to professional interests as well as social events. Involvement in extracurricular activities fosters leadership development. Involvement in activities outside the classroom also may prove beneficial when applying for scholarships or jobs. Many organizations and companies look favorably on a student who has received good grades while being involved in clubs and other University organizations. Each class and club elects a representative to the CAFNR Student Council. More information can also be found at Fall Round-up each fall semester.

Graduate

Graduate studies in CAFNR are taking an innovative, high-tech approach to traditional agriculture, food and natural resources. Our students are highly engaged with expert faculty mentors who are impacting the future with findings on health breakthroughs, sustainable agriculture techniques and food safety. Prospective students are able to choose from a range of academic programs consistently recognized for excellence:

- Agricultural Economics
- Agricultural Education
- Animal Sciences
- Biochemistry
- Biological Engineering
- Fisheries and Wildlife
- Food Science
- Forestry
- Parks, Recreation and Tourism
- Plant Sciences
  - Crop, Soil and Pest Management
  - Entomology
  - Horticulture
  - Plant Breeding, Genetics, and Genomics
  - Plant Stress Biology
- Rural Sociology
- Soil, Atmospheric and Environmental Science

Find CAFNR degree program descriptions by following the links in the left navigation column.

Note: Prospective graduate students must apply to both the degree program of interest and to the MU Graduate School. In most cases, the entire application process may be completed online. Find admission and application details by selecting the degree program of interest in the left navigation column.
Agribusiness Management

The Department of Agricultural and Applied Economics offers a BS degree with a major in Agribusiness Management and BS, MS and PhD degrees with a major in Agricultural Economics. A minor in Agricultural Economics is also available. The Department is home to several programs and research centers where students can seek on-campus work experience.

- Agricultural Electronic Bulletin Board, a web-based clearinghouse for information related to farming and production agriculture
- Agribusiness Research Institute, an agribusiness research program that focuses on interactive problem solving and learning
- Center for Applied Research and Environmental Systems, a spatial economics and information research and education center
- Commercial Agriculture Program, a multi-disciplinary approach to researching issues and incorporating innovation into production agriculture
- Community Policy Analysis Center, providing research, outreach and training that supports improved policy decisions in Missouri communities
- Contracting and Organizations Research Institute, dedicated to enabling and encouraging interdisciplinary research on contracting and organizational structure
- Economics and Management of Agrobiotechnology Center, a research institute with a focus on applications of biotechnology on agriculture and food production and distribution
- Food and Agricultural Policy Research Institute, a Congressionally-enacted center whose mission is to provide objective analysis of food, agricultural, nutritional and environmental issues
- McQuinn Center for Entrepreneurial Leadership, promotes research, teaching, and outreach on the nature, causes, and consequences of entrepreneurship.
- Missouri Institute of Cooperatives, coordinates information and training that supports improved policy decisions in Missouri communities
- Value Added Center, provides industry analysis for producer groups looking to add value to commodities

Faculty

Assistant Professor F. Chaddad**
Extension Professor R. Massey**
Extension Associate Professor V. Pierce*
Teaching Professor J. L. Dauve*
Assistant Teaching Professor C. R. Boessen*
Research Assistant Professor J. Binfield, D. S. Brown**
Instructor L. F. Sowers
Adjunct Faculty J. Kruse, S. Meyer, D. Miller

Graduate Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

- BS in Agribusiness Management (p. 35)

The degree in agribusiness management offers the student a general business background while emphasizing applications to various types of food and agricultural businesses. This program prepares students to assume leadership roles in business. The broad background allows maximum flexibility when entering the job market.

Students transferring into agribusiness management from other departments at MU or from other colleges must have a 2.7 cumulative GPA for all work attempted.

Graduate

While MU does not offer graduate degrees specifically in agribusiness management, the University does offer post-baccalaureate opportunities in a number of related areas, both within the College of Agriculture, Food and Natural Resources, and in the other Schools and Colleges that make up the University. The catalog provides a complete list of these degree options (p. 5).

Undergraduate

BS in Agribusiness Management

Major Program Requirements

Core requirements of the Department must be completed in addition to all major, degree, CAFNR and University graduation requirements, including the University general education requirements (p. 18).

The following courses are required for the Agribusiness Management major.

- ** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

While MU does not offer undergraduate degrees specifically in agricultural and applied economics, the University does offer bachelors degrees in the closely related areas of Agricultural Economics (p. 40), and Agribusiness Management (p. 35), as well as other related areas both within the College of Agriculture, Food and Natural Resources, and in the other Schools and Colleges that make up the University. The catalog provides a complete list of these degree options (p. 5).

Graduate

- MS in Agricultural and Applied Economics (p. 38)
- PhD in Agricultural and Applied Economics (p. 38)

About the Graduate Programs

The graduate program in the Department of Agricultural and Applied Economics is recognized for its innovative approach to graduate training in agricultural economics. A distinguishing feature of the program is the integration of organizational, institutional and welfare economics in both applied and theoretical research. This approach gives the program a competitive advantage.

A PhD or MS degree in agricultural and applied economics prepares students for a rewarding career in academia, agricultural business, government or international agriculture. Students can study agribusiness management, contracting and strategy; collective action and cooperative theory; econometrics and price analysis; entrepreneurship; environmental and natural resource economics; food, biofuel and agricultural policy and regulation; international development; regional economics and rural development policy; science policy and innovation; sustainable agriculture and applied ethics. The MS program may be a step toward the PhD but may also be used as a terminal program for those interested in careers in agribusiness, extension or government. Programs are flexible. All PhD and most MS students become involved in research, but those whose career interests lie in other directions find the department willing to accommodate them.

Admission Criteria

Fall deadline: February 15
Spring deadline: September 15  
Minimum TOEFL score: 80 Internet-based; 550 Paper-based  
GRE required  

Required Application Materials  

To the Graduate School:  
• All required Graduate School documents  

To the Agricultural Economics Program:  
• Departmental Application  
• 3 letters of recommendation  
• Statement of purpose  
• Transcripts  
• GRE score report  

Internal Funding  
A 3.25 GPA (A=4.0) is generally a minimum requirement for financial assistance such as fellowships and assistantships for research and teaching. Reasons for supporting a student with a GPA below 3.25 must be documented in detail.  

Graduate  

MS in Agricultural and Applied Economics  

Degree Requirements  
Before admission to the MS program, a student should have completed at least nine hours of agricultural economics or economics, a course in calculus and one in statistics.  

For the MS degree, students must complete a minimum of 30 hours selected from courses accepted for graduate credit. The program must include graduate-level courses in intermediate microeconomic theory, intermediate macroeconomic theory, and multiple regression analysis. Students opting for the MS thesis must also complete at least six credit hours of research as part of the minimum 30 hours. An alternative MS non-thesis program requires that some additional course work be substituted for thesis research.  

Sample Plan of Study  
• ECONOM 7351 Intermediate Microeconomics  
• ECONOM 7353 Intermediate Macroeconomics  
• ECONOM 7371 Introduction to Econometrics or equivalent  
• 6 hours of AG_EC 8090 Masters Thesis Research  
• 15 hours of Agricultural and Applied Economics courses and/or electives  

Thesis/Non-Thesis Requirements  

Students in the Thesis track are expected to produce a thesis with the organization, degree of analysis, and style of presentation that can be readily converted into a professional publication.  

Students in the non-Thesis track substitute coursework for the Thesis hours. Students also write a technical paper that represents a collaborative research agenda with his/her advisor. A typical paper would analyze an issue or problem of mutual interest to the student and advisor, such as a phenomenon in local, regional, or national economy; an analysis of a policy implementation or change; or a firm-level decision, such as a feasibility study or an organizational case study.  

Admissions  
The Department’s Graduate Studies Committee oversees the admissions process. Admission into the MS program is determined by an assessment of program prerequisites and application materials. Domestic and international students are equally welcome to apply.  

For More Information  
For further information on admissions or financial assistance, write to Harvey James, director of graduate studies in agricultural economics, 200 Mumford Hall, Columbia, MO 65211, or hjames@missouri.edu.  

PhD in Agricultural and Applied Economics  

Degree Requirements  
The PhD program emphasizes preparation for research, teaching and extension and usually requires about three years beyond the master’s program to complete. The size, quality and diversity of the faculty provide a broad choice of advisers and research topics. Students and their advisory committees have considerable latitude in developing a plan of study. There is no foreign language requirement.  

The general course requirements for the PhD consist of courses in advanced microeconomic theory, new institutional economics, welfare economics, econometrics and research methodology, followed by a well-balanced selection of elective and research courses in agricultural economics and other disciplines at the 8000/9000 level. The course of study should prepare the student for the written qualifying exam taken after the first year of courses, the comprehensive exam assessing the student’s competency in his or her chosen fields of study, and independent research. A dissertation embodying the results of original research must be written on a subject approved by the program committee. An oral examination over the dissertation completes the degree requirements.  

Doctoral candidates have flexibility in developing their own program by choosing specialties from one of the department’s three areas of emphasis (will not appear on transcripts or diplomas).  

• Agribusiness Management, which emphasizes the economics of food-system organization, strategy and institutions. An important focus of this research includes organizational structure, entrepreneurship, innovation, information, strategy, finance and governance, contracting, collective action, and social capital.  
• Public Policy Analysis, which prepares students to evaluate the role of government in a market economy. This would include food and agricultural policy, various regulatory policies (e.g. food and environmental safety, IPR and market structure), and rural development policy and assess the impacts of such domestic and international government interventions.  
• Resources and Development, which allows students to develop expertise in the application of economic theory and quantitative methods to problems and issues related to the subjects of natural resource and environmental economics, economic development, and
regional economics. The significant overlap among these subjects allows students the flexibility to select courses and research topics relevant to more than one subject.

Prerequisites for the PhD program include courses in intermediate microeconomics; intermediate macroeconomics; quantitative or mathematical economics; statistics, econometrics or regression and correlation analysis; and calculus. A master’s degree in economics, agricultural economics, or a related field, is preferred but not required for admittance into the PhD program. However, applicants to the PhD program without a master’s degree will be admitted initially into the MS program with the expectation that they complete the MS degree including MS thesis before continuing with their doctoral studies.

Sample Plan of Study

Fall semester, year 1: AG_EC 9040 Advanced Microeconomics Theory and Applications I; AG_EC 8050 Economics of Institutions and Organizations; Elective

Spring semester, year 1: AG_EC 9042 Advanced Microeconomics Theory and Applications II; AG_EC 9230 Welfare and Consumption Economics; AG_EC 9475 Econometrics I

Fall semester, year 2: AG_EC 8010 Research Methodology; ECONOM 8473 Applied Econometrics; Field Course or Elective

Spring semester, year 2: Field Courses and/or Electives

Subsequent semesters: Field Courses and/or Electives; Research and Dissertation hours

Qualifying Process

After completing the first year sequence, students take a written qualifying exam administered by a committee formed under the direction of the department’s Graduate Studies Committee. The exam covers the content of the first-year PhD core courses (both microeconomic theory courses, new institutional economics, welfare economics and basic econometrics). The exam is generally given in May following the first complete year of studies, with a retake, if needed, offered in August. Students must pass the exam to continue in the PhD program.

Comprehensive Examination Process

Students take the Comprehensive Exam after passing the qualifying exam process and completing coursework, including core courses and field courses. The Comprehensive Exam consists of three parts: the written dissertation proposal, a written comprehensive exam, and an oral examination. The Comprehensive Exam is administered by the student’s Doctoral Program Committee.

Dissertation Requirements

Two types of dissertations are acceptable. The first type of dissertation is organized around a single topic and typically is a lengthy monograph of your research findings. The second type of dissertation is a compilation of three narrow-topic essays that are loosely related to a single, general theme or topic. Students select dissertation topics in consultation with their Doctoral Program Committee.

Admissions

The Department’s Graduate Studies Committee oversees the admissions process. Admission into the PhD program is determined by an assessment of program prerequisites and application materials. Domestic and international students are equally welcome to apply.

For More Information

For further information on admissions or financial assistance, write to Harvey James, director of graduate studies in agricultural economics, 200 Mumford Hall, Columbia, MO 65211, or hjames@missouri.edu.

The Department of Agricultural and Applied Economics offers a BS degree with a major in Agribusiness Management and MS, and PhD degrees with a major in Agricultural Economics. A minor in Agricultural Economics is also available. The Department is home to several programs and research centers where students can seek on-campus work experience.

• Agricultural Electronic Bulletin Board, a web-based clearinghouse for information related to farming and production agriculture
• Center for Applied Research and Environmental Systems, a spatial economics and information research and education center
• Commercial Agriculture Program, a multi-disciplinary approach to researching issues and incorporating innovation into production agriculture
• Community Policy Analysis Center, providing research, outreach and training that supports improved policy decisions in Missouri communities
• Contracting and Organizations Research Institute, dedicated to enabling and encouraging interdisciplinary empirical research on contracting and organizational structure
• Economics and Management of Agrobiotechnology Center, a research center with a focus on applications of biotechnology on agriculture and food production and distribution
• Food and Agricultural Policy Research Institute, a Congressionally-enacted institute whose mission is to provide objective analysis of food, agricultural, nutritional and environmental issues
• McQuinn Center for Entrepreneurial Leadership, promotes research, teaching, and outreach on the nature, causes, and consequences of entrepreneurship
• Missouri Institute of Cooperatives, coordinates information and leadership training for cooperatives in Missouri
• Value Added Center, provides industry analysis for producer groups looking to add value to commodities

Faculty

Assistant Professor F. Chaddad**
Extension Professor R. Massey**

Extension Associate Professor V. Pierce*
Teaching Professor J. L. Dauve*
Assistant Teaching Professor C. R. Boessen*
Research Assistant Professor J. Binfield, D. S. Brown**
Instructor L. F. Sowers
Adjunct Faculty J. Kruse, S. Meyer, D. Miller

• Graduate Faculty Member - membership is required to teach graduate-level courses, chair master's thesis committees, and serve on doctoral examination and dissertation committees.
• Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• Department Level Requirements (p. 40)
• BS in Agricultural Economics (p. 41)
  • with optional emphasis in Financial Planning (p. 42)
  • with optional emphasis in Public Policy (p. 42)
• Minor in Agricultural Economics (p. 42)

Programs in agricultural economics focus on understanding and solving problems in the production, distribution and use of agricultural goods, services and natural resources. The focus is on courses in management, marketing and production, as well as on courses covering economic principles and computer skills.

Substantial career opportunities exist in food processing and manufacturing, international production, development and trade, biotechnology, agricultural and natural resource management, risk management and merchandising, as well as aspects of agribusiness.

Graduate

The last term in which a student could be admitted to the MS and PhD programs in Agricultural Economics was Fall 2013. Students pursuing the MS or PhD in Agricultural Economics should refer to a prior year’s edition in the Archived Catalogs (http://catalog.missouri.edu/archives) for their degree information.

Going forward, students are being admitted into the MS in Agricultural and Applied Economics (p. 38) and the PhD in Agricultural and Applied Economics (p. 38). Please refer to those pages within this catalog for details on the programs.

Undergraduate

Department Level Requirements - Agricultural Economics

Students transferring into agricultural economics from other departments at MU or from other colleges or universities must have a 2.7 cumulative GPA for all work attempted.
Core department requirements must be completed in addition to all major, degree, CAFNR and University graduation requirements, including the University general education requirements. The following courses are required for both agribusiness management and agricultural economics majors:

**Department core requirements** 18
- AG_EC 1041 Applied Microeconomics 3
- AG_EC 1042 Applied Macroeconomics 3
- AG_EC 2123 Quantitative Applications in Agricultural Economics 3
- AG_EC 2183 The Agricultural Marketing System 3
- AG_EC 2225 Statistical Analysis 3
- or STAT 2500 Introduction to Probability and Statistics I 3
- AG_EC 3251 Agricultural Prices 3
- AG_EC 3282 Agribusiness Finance 3

**Supporting courses** 24
- AFNR 1120 Computing and Information Technology 2
- AFNR 2120 Working with Data Using Excel 1
- MATH 1400 Calculus for Social and Life Sciences I 3
- ACCTCY 2036 Accounting I 3
- or ACCTCY 2136H Honors Accounting I 3
- ACCTCY 2037 Accounting II 3
- or ACCTCY 2137H Honors Accounting II 3
- ECONOM 3229 Money, Banking and Financial Markets 3

**Production Agricultural Electives** 9
Courses in biological engineering; agricultural systems management; animal sciences; fisheries and wildlife; food science; forestry; natural resources; plant science; soil and atmospheric science; and biochemistry

**Electives** 19-22

---

### BS in Agricultural Economics

**Major Program Requirements**
Core Department Level Requirements (p. 40) must be completed in addition to all major, degree, CAFNR and University graduation requirements, including the University general education requirements (p. 18).

**Farm and Ranch Professional Option**
The Agricultural Economics degree offers one option. (Note the Option is not listed on transcripts or diplomas.) In addition to the course requirements for CAFNR, the following courses are required within this option:

**Option core requirements** 12
- AG_EC 3257 Rural and Agricultural Law 3
- AG_EC 3260 General Farm Management 3
- AG_EC 3294 Agricultural Marketing and Procurement 3
- AG_EC 4962 Planning the Farm Business 3

**Agricultural production**
Courses in biological engineering; agricultural systems management; animal sciences; fisheries and wildlife; food science; forestry; natural resources; plant science; soil and atmospheric science; and biochemistry

**Business Electives** 6
- AG_EC 2223 Agricultural Sales

Total Credits: 120

Minor in Agricultural Economics

A minor in agricultural economics requires 18 credits in agricultural economics with at least 9 credits at the 3000 level or above. A student earning an agribusiness management major is not eligible for an agricultural economics minor.
Agricultural Education

Anna L. Ball, Associate Professor and Chair
College of Agriculture, Food and Natural Resources
127 Gentry Hall
(573) 882-7451
Fax: (573) 884-4444
Administrative assistant: swaimc@missouri.edu
http://aged.missouri.edu

The agricultural education degree program provides students with
the opportunity to combine an interest in agriculture, food and natural
resources with their enjoyment of working and communicating with
people. A degree in agricultural education leads to careers in which
students can influence the understanding of agriculture and its role in
society and the global economy.

The department offers the BS with a major in Agricultural Education, as
well as an MS and a PhD. A minor is also available.

Faculty

Professor B. L Garton**, L. G. Schumacher**
Associate Professor A. L. Ball**, T. J. Kitchel**
Assistant Professor J. C. Simonsen**
Instructor J. D. Tummons*
Specialist R. Scheiderer
Professor Emeritus R. E. Linhardt, B. R. Stewart

* Graduate Faculty Member - membership is required to teach
  graduate-level courses, chair master’s thesis committees, and serve
  on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair
doctoral examination or dissertation committees. Graduate faculty
membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BS in Agricultural Education (p. 43)
  • with emphasis in Leadership (p. 44)
  • with emphasis in Teacher Certification (p. 44)

Students pursuing a degree in agricultural education choose between
two emphasis areas. The leadership emphasis focuses on developing
students’ leadership, communication and human relation skills. Students
learn how to plan, manage and disseminate information in educational
and public settings. Teacher certification emphasis prepares students to
meet state teacher licensure requirements and teach agriculture, food
and natural resources to secondary and adult learners through Missouri
public schools. Students in both the teacher certification and leadership
emphasis areas have the opportunity to specialize in an area of interest
by completing course work in one or more agriculture, food or natural
resource disciplines.

Students transferring into agricultural education from other MU degree
programs or from other institutions must have at least a 2.3 GPA for all
course work attempted.

Major Core Requirements

See university general education and graduation requirements as well
as the College of Agriculture, Food and Natural Resources listings. The
requirements specific to agricultural education are also available at http://
aged.missouri.edu.

Emphasis Areas

Students majoring in the agricultural education select the Teacher
Certification emphasis or Leadership emphasis.

Graduate

• MS in Agricultural Education (p. 46)
• PhD in Agricultural Education (p. 47)

Department of Agricultural Education and Leadership
121 Gentry Hall, Columbia, MO 65211
573-882-7451
aged@missouri.edu (%20aged@missouri.edu)
http://dass.missouri.edu/aged/grad/

The agricultural education programs are designed for students with
interests in agricultural education and leadership development. Coursework includes program and professional development,
evaluation, teaching and learning theories and practices, social sciences
research methods, organization and administration, leadership and
communication.

Undergraduate

BS in Agricultural Education

Major Program Requirements

Students must complete the University of Missouri’s general education
requirements in addition to the Major Program Requirements
below to earn the Bachelor of Science degree. Approximately one-third
of the course work for the degree is completed in agricultural education
or professionally related courses. In addition, the curriculum includes
courses in agriculture, food and natural resource disciplines including
agricultural economics, agricultural systems management, animal
science, food science, horticulture, plant science and natural resources.

Students majoring in agricultural education select the Teacher
Certification emphasis or Leadership emphasis. Please see the individual
emphasis areas for degree requirements.

### BS in Agricultural Education with Emphasis in Leadership

#### Major Program Requirements

Students must complete the University of Missouri’s general education requirements (p. 18) in addition to the Major Program Requirements below to earn the degree.

#### Leadership Emphasis

The leadership emphasis focuses on developing students’ leadership, communication and human relation skills. Students are encouraged to develop a diverse background by completing course work in a variety of disciplines in the College of Agriculture, Food and Natural Resources. Students also have the opportunity to specialize and earn minors in disciplines of interest. The capstone experience involves a supervised internship with an agricultural business, public or private agency, or commodity organization in the area of education, training, communication and/or development.

#### Emphasis Core Requirements

**AG_ED_LD 1000** Orientation to Agricultural Education and Leadership  
**AG_ED_LD 2220** Verbal Communication in Agriculture, Food and Natural Resources  
**AG_ED_LD 2250** Introduction to Leadership  
**AG_ED_LD 2260** Team and Organizational Leadership  
**AG_ED_LD 4340** Designing and Delivering Nonformal Educational Programs  
**AG_ED_LD 4993** Internship in Agricultural Education and Leadership

**Minor in Agricultural Education**

The Agricultural Education minor focuses on learning, teaching and the dissemination of information about agriculture, food and natural resource topics. The minor requires 15 credits of agricultural education course work with a minimum of 6 credits at the 3000 level or above.
Graduate

MS in Agricultural Education

Degree Requirements

The program consists of a minimum of 32 credits of graduate coursework beyond the bachelor’s degree for the non-thesis/creative component option, and 30 credits for the thesis option. For a full explanation of the thesis/non-thesis options, see section below on Thesis/Non-Thesis Requirements (p. 46).

Core course required for all students (regardless of option):

<table>
<thead>
<tr>
<th>Course Code</th>

Sample Plan of Study

Because students in the M.S. program are from a wide variety of circumstances, and pursue the M.S. at different paces, a sample plan of study is not easily produced. Students are encouraged to work out their plan of study with their advisor.

Thesis/Non-Thesis Requirements

The program offers students three options:

1. Creative Component Option

This option is oriented toward improving a practitioner’s professional proficiency in teaching, curriculum development, program planning and evaluations. The program of study should include courses and learning experiences that will develop the student’s knowledge and skills in the processes of learning and teaching. The Creative Component option requires a minimum of 32 hours of graduate credit (to include a minimum of 29 hours of formal graduate courses, plus a maximum of 3 hours of 8080 Creative Component) with a minimum of 16 credit hours at the 8000 level. Candidates must also complete an approved creative component project.

2. Creative Component with Teacher Certification Option

This option is designed for individuals who have earned a B.S. degree in an agricultural discipline and desire the initial teacher certification to teach agriculture at the secondary level. Included in the course work for this option are some of the classes needed for certification to teach secondary high school agriculture in Missouri.

3. Thesis Option

This option is research-oriented, focusing on designing and conducting research in the social sciences. The program of study should include courses and learning experiences that will maximize a student’s progress in developing skills that will enable the student to continue his/her education in a research-oriented area. The Thesis option requires a minimum of 30 hours of graduate credit (to include a minimum of 24 hours of formal graduate courses, plus a maximum of six hours of 8090 Research) with a minimum of 15 credit hours at the 8000 level. Candidates must also complete an approved thesis based on original research.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MS in Agricultural Education program (http://gradschool.missouri.edu/academics/programs/agricultural-education/masters.php) and the minimum requirements of the Graduate
School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied before official admission to the University of Missouri.

### PhD in Agricultural Education

#### Degree Requirements

A total of 72 credit hours beyond the baccalaureate degree must be completed. The student’s doctoral program committee must approve all course work used to satisfy the credit-hour requirement and may require additional course work beyond the minimum.

Within the 72 credit hour requirement, students should complete 12 credit hours of course work that focuses on developing an area of expertise. The student’s doctoral program committee will approve the area and content of the concentration. Concentrations may include, but are not limited to, Teacher Education, Extension Education, and Communication/Journalism.

<td>9</td>
</tr>
</tbody>
</table>

* Electives - should be selected in consultation of the student’s advisor and must be approved by the student’s committee, and should total 27 credit or more.

Concentrations - should total at least 12 credits and are counted as part of the electives, should focus on developing an area of expertise such as Teacher Education, Adult Education, Journalism, Educational Leadership, etc.

#### Qualifying Process

Details regarding the Qualifying Process can be found in the program’s Graduate Handbook (http://dass.missouri.edu/aged/grad/grad-handbook.pdf).

#### Comprehensive Examination Process

Candidacy for a doctoral degree is established by passing the comprehensive examination. The comprehensive examination includes written and oral sections and is completed as the candidate is completing the prescribed coursework. Details regarding the examination process can be found in the program’s Graduate Handbook (http://dass.missouri.edu/aged/grad/grad-handbook.pdf).

#### Dissertation Requirements

After passing the comprehensive examination, the program for the doctoral degree must be completed within five years. Upon completions of the dissertation research project, the candidate defends the dissertation before his/her doctoral research committee. Details regarding the dissertation process can be found in the program’s Graduate Handbook (http://dass.missouri.edu/aged/grad/grad-handbook.pdf).

During the time when a student is working on the dissertation, candidacy is maintained by enrolling in AG_ED_LD 9090 Doctoral Research in Agricultural Education and Leadership for two credit hours each fall and spring semester, and for one credit hour each summer semester, up to and including the term in which the dissertation is defended. Continuous enrollment provides access to an advisor’s support, doctoral program committee guidance, and University research facilities for completion of the dissertation. Failure to continuously enroll in AG_ED_LD 9090 until the doctoral degree is awarded terminates candidacy.

#### Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the PhD in Agricultural Education program (http://gradschool.missouri.edu/academics/programs/agricultural-education/doctorate.php) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Before official admission to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.
Agricultural Systems Management

Leon G. Schumacher, Chair
College of Agriculture, Food and Natural Resources
Division of Food Systems and Bioengineering
207 Agricultural Engineering Building
(573) 882-2731
ASM@missouri.edu

Agricultural systems management integrates physical systems with agricultural science and management skills to provide graduates with abilities to function in sales, service and maintenance management positions in agribusiness industries. The uniqueness of agricultural systems management graduates lies in their knowledge of the principles of physical systems that are the backbone of modern agricultural and food industries. The department offers the Bachelor of Science with a major in Agricultural Systems Management. A minor is also available.

Faculty
Professor D. Brune*, W. Downs, L. Schumacher*
Associate Professor D. Baker*, S. Borgelt*, K. Sudduth**, A. Thompson**
Assistant Professor B. Broz, B. Koc**, T. Lim*, J. Zulovich*
Research Associate K. Funkenbusch
Extension Associate D. Downing
Professor Emeritus D. Currence, J. Frisby, B. Hires, J. Hoehne, D. Pfost
* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BS in Agricultural Systems Management (p. 48)
• Minor in Agricultural Systems Management (p. 49)

Graduate

While MU does not offer graduate degrees in ASM, the University does offer post-baccalaureate opportunities in a number of related areas, both within the College of Agriculture, Food and Natural Resources, and in the other Schools and Colleges that make up the University. The catalog provides a complete list of these degree options.

Undergraduate

BS in Agricultural Systems Management

Major Program Requirements

Students must complete the general education requirements (p. 18) in addition to the Major Program requirements below.

<table>

<tr>
<th>Major core requirements</th>
<th>44</th>
</tr>
</thead>
<tbody>
<tr>
<td>Required courses</td>
<td>9</td>
</tr>
</tbody>
</table>

AG_S_M 1020 Introduction to Agricultural Systems Management 3
AG_S_M 1040 Physical Principles for Agricultural Applications 3
AG_S_M 4970 Agricultural Systems Management - Capstone 3

At least three courses from the following 9
AG_S_M 2220 Agricultural/Industrial Structures
AG_S_M 2360 Fluid Power
AG_S_M 4020 Agricultural Safety and Health
AG_S_M 4220 Material Handling and Conditioning
AG_S_M 4140 Electricity: Wiring and Equipment
AG_S_M 4320 Agricultural Equipment and Machinery

At least one course from the following 3
AG_S_M 4420 Surface Water Management
AG_S_M 4460 Irrigation and Drainage

Select from the following to accumulate a minimum of 31 hours 31
AG_S_M 2320 Internal Combustion Power
AG_S_M 2340 Pesticide Application Equipment
AG_S_M 2345 Chemical Application Systems
AG_S_M 3350 Problems in Agricultural Systems Management (up to 6)
AG_S_M 4150 Biorenewable Systems Technology
AG_S_M 4225 Preservation of Grain Quality
AG_S_M 4360 Precision Agriculture Science and Technology
AG_S_M 1002 Topics in Agricultural Systems Management-Biological/Physical/Math
AG_S_M 1120 Agricultural/Industrial Materials and Processes
AG_S_M 4120 Advanced Agricultural/Industrial Materials and Processes
AG_S_M 4350 Problems in Agricultural Systems Management
AG_S_M 4940 Agricultural Systems Management Internship

Supporting courses
PLNT_S 2100 Introduction to Soils 3
or SOIL 2100 Introduction to Soils
or PLNT_S 2110 Plants and their Cultivation
or AN_SCI 1065 Animal Science Laboratory Practicum
AFNR 1120 Computing and Information Technology 1-2
or AFNR 2120 Working with Data Using Excel

Business/economics (suggested courses)
Select 5 of the following: 15
ACCTCY 2036 Accounting I
MANGMT 3000 Principles of Management
AG_EC 2183 The Agricultural Marketing System
AG_EC 3282 Agribusiness Finance
or FINANC 1000 Principles of Finance
AG_EC 3256 Agribusiness and Biotechnology Law
or AG_EC 3257 Rural and Agricultural Law
AG_EC 3260 General Farm Management

Electives 27

In consultation with their advisor, students may select elective courses to bring their total credit hours to the 120 hour minimum. Typically electives are chosen to provide emphasis in one of the following areas:
• Natural resource and environment
• Materials handling and crop processing
• Power and machinery systems
• Production agriculture

**Agricultural Equipment Dealership Management Program**

Students who participate in the Agriculture Equipment Dealership Management program take a comprehensive sequence of courses in agricultural systems management and agricultural business management. Each student plans and completes an internship with a sponsoring dealer. Up to 6 credits may be earned through an Internship.

**Semester Plan**

Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

**Minor in Agricultural Systems Management**

15 hours of Agricultural Systems Management coursework. Of the 15 hours, 9 hours must be 3000 level or above.
Agriculture

Bryan Garton, Associate Dean, Academic Programs
Shari Freyermuth, Assistant Dean, Academic Programs
Mary Hendrickson, Coordinator Sustainable Agriculture Program

Faculty

See Listing for Faculty in areas of concentration by referring to the degree listings available under the College of Agriculture, Food and Natural Resources.

Undergraduate

• BS in Agriculture (p. 50)
  • with optional emphasis in Sustainable Agriculture (p. 51)

Dickinson Student Achievement Center
2-64 Agriculture Building
(573) 882-8301
www.cafnr.missouri.edu

The agriculture degree program is for students searching for a well-rounded education that builds on the diversity of the other degree programs in the College of Agriculture, Food and Natural Resources (CAFNR). The flexibility of agriculture degree enables students to tailor a program to fit their individual interests and career goals. Students earn a Bachelor of Science in Agriculture.

Students choose agriculture for a variety of reasons. Some may enter the program with a specific career goal in mind. Others may choose agriculture to obtain a broader education that will give them more flexibility.

Graduate

While the College of Agriculture, Food and Natural Resources does not offer a graduate degree in Agriculture, the College does offer graduate degrees and certificates in a number of disciplinary areas. The catalog provides a complete list of these degree options (p. 5) for all Schools and Colleges that make up the University of Missouri.

Undergraduate

BS in Agriculture

Major Program Requirements

To complete the requirements for the Agriculture degree, students must complete the general requirements for the College of Agriculture, Food and Natural Resources, as well as all University graduation requirements, including University general education requirements (p. 18). These requirements include courses in communications, natural science and math, social science and humanities and business and economics. (See the general requirements for all BS degrees in College of Agriculture, Food and Natural Resources.)

• Students in agriculture also must complete three areas of concentration from CAFNR programs that offer a major or a minor. The primary concentration area requires completion of 18 or more credits. Two additional concentration areas of at least 15 credits each are also required. (See below.)

• These courses shall not be used to fulfill the requirements of a minor.

• Within each concentration area, at least six credits must be at the 3000-level or above.

• Within each concentration area, at least 50 percent of the credits must be earned on the MU campus.

• Credits used to meet the University general education requirements can be used to meet requirements in concentration areas.

• No more than six credits in the primary area and three credits in the secondary areas may consist of problems, readings, internships, travel courses and other non-structured courses.

• The capstone experience for agriculture majors can be a capstone course in a concentration area, an internship or capstone project. This capstone is in addition to credits in the concentration areas.

• Overall, a minimum of 42 credits must be taken in the College of Agriculture, Food and Natural Resources out of the total of 120 credits needed to satisfy degree requirements. A minimum of 24 credits in 2000-level or above; and an additional 24 credits in 3000-level or above courses are required.

Areas of Concentration

In addition to the University’s general education requirements and the graduation requirements of the College of Agriculture, Food and Natural Resources, students must complete at least 18 credits in one of the following areas, and at least 15 credits in two additional areas. These include:

Agricultural Economics
Agricultural Education
Agricultural Leadership
Agricultural Systems Management
Animal Sciences
Fisheries and Wildlife Sciences
Food Science and Nutrition
Forestry
Hospitality Management
Natural Resources
Parks, Recreation and Tourism
Plant Sciences
Rural Sociology
Science and Agricultural Journalism
Soil, Environmental, and Atmospheric Sciences

BS in Agriculture with Emphasis in Sustainable Agriculture

Major Program Requirements

CAFNR offers an emphasis area in Sustainable Agriculture as part of its Agriculture degree program. A minimum of 48 credits is required for the emphasis area (major) degree.

Primary Concentration

AFNR 2215  Introduction to the Theory and Practice of Sustainable Agriculture  3
AFNR 3215  Community Food Systems  3
AFNR 3315  Advanced Practices in Sustainable Agriculture  3
SOIL 2100  Introduction to Soils (Concurrent enrollment in SOIL 2106 recommended)  3

Choose two courses from the following
AN_SCI 2111  Sophomore Seminar: Societal Issues Facing Animal Agriculture  3
PLNT_S 2110  Plants and their Cultivation  3
RU_SOC 1120  Population and the Environment  3
NAT_R 1060  Ecology and Conservation of Living Resources  3
NAT_R 1070  Ecology and Renewable Resource Management  3

Secondary Concentration

AG_EC 2070  Environmental Economics and Policy  3
AG_EC 2183  The Agricultural Marketing System  3
AG_EC 3241  Ethical Issues in Agriculture  3

Choose one course from the following
AG_EC 3260  General Farm Management  3
AG_EC 3224  New Products Marketing  3

RU_SOC 2225  Science, Technology and Society  3
BIOCHM 2112  Biotechnology in Society  3
SCI_AG_J 4414  Field Reporting on the Food System and Environment  3

Secondary Concentration

Choose Community Food Systems OR Production Systems
Community Food Systems (15 hrs total)
AG_EC 2223  Agricultural Sales  3
AG_EC 3271  International Agricultural Development  3
AG_EC 3283  Fundamentals of Entrepreneurship  3
AG_ED_LD 2220  Verbal Communication in Agriculture, Food and Natural Resources  3
AG_ED_LD 2250  Introduction to Leadership  3
AG_ED_LD 2260  Team and Organizational Leadership  3
AG_ED_LD 4340  Designing and Delivering Nonformal Educational Programs  4
AN_SCI 2111  Sophomore Seminar: Societal Issues Facing Animal Agriculture  3
FINPLN 2183  Personal and Family Finance  3
HSP_MGMT 1991  Food Service Sanitation Management (and FINPLN 2183)  1
NUTR_S 4590  Community Nutrition  3
RU_SOC 3235  Global Perspectives and Realities  3
RU_SOC 3325  Sociology of Food and Nutrition  3
RU_SOC 4341  Building Communities from the Grassroots  3
RU_SOC 4325  American Community Studies  3
RU_SOC 4370  Environmental Sociology  3

Production Systems (15 hrs total)
AG_EC 4962  Planning the Farm Business  3
AN_SCI 2111  Sophomore Seminar: Societal Issues Facing Animal Agriculture  3
AN_SCI 2165  Introduction to Ruminant Livestock Production  3
AN_SCI 2175  Introduction to Monogastric Production  3
AN_SCI 3212  Principles of Animal Nutrition  3
FOREST 4385  Agroforestry I: Theory, Practice and Adoption  3
PLNT_S 2075  Environmental Horticulture  3
PLNT_S 2125  Plant Structure and Function  3
PLNT_S 3210  Principles of Weed Science  4
PLNT_S 3230  Plant Propagation  3
PLNT_S 3260  Greenhouse Management  4
PLNT_S 3270  Forage Crops  3
PLNT_S 3275  Grain Crops  3
PLNT_S 3710  Introductory Entomology  3
PLNT_S 3715  Insect Diversity  2
PLNT_S 4730  Insect Pest Management for Plant Protection  3
SOIL 3290  Soils and the Environment  3
SOIL 4308  Soil Conservation  3
SOIL 4312  Environmental Soil Microbiology  3
SOIL 4313  Soil Fertility and Plant Nutrition  3

Total Credits: 207

Semester Plan

A sample plan of study has not been designed for this major. Students should contact the academic department for assistance with academic planning.
Animal Sciences

Division of Animal Sciences
College of Agriculture, Food and Natural Resources
S108 Animal Sciences Center
(573) 882-8336
Fax: (573) 882-6827
http://animalsciences.missouri.edu

Division Director: Thomas B. McFadden

Animal sciences is a broad field centered on the study of agriculturally important animals and their products. Graduates in animal sciences have employment opportunities in many areas including agribusiness (feed, pharmaceutical and meat industries; dairy and poultry products; public relations and research), production and management (farming/ranching; managers of livestock and poultry operations; zookeepers; consultants and technical service representatives), governmental agencies (USDA and MDA) and educational institutions (extension, teaching and research).

Students seeking admission into graduate and professional schools usually take more courses in the sciences than students in production and management, who select more business-related courses. Students and their faculty advisors select those courses that fit the students’ needs, interests and objectives. The most specialization occurs at the graduate level.

The department offers BS, MS and PhD degrees with majors in Animal Sciences. A minor is also available.

Faculty

Curators Professor R. S. Prather**, R. M. Roberts**, J. F. Taylor**
Assistant Professor G. Conant**, J. Decker**, A. Meyer*, R. Rivera**, J. Sexten*
Assistant Teaching Professor T. Strauch*
Associate Research Professor T. Ezashi*, R. Schnabel*
Assistant Research Professor A. Alexenko, D. Hagen, J. Kim, E. Walters*
Adjunct Professor D. Lubahn*
Assistant Adjunct Professor W. Pittroff, C. Tubbs, L. Schulz*, W. Tumen*, A. Wurst
Instructor M. Crosby, S. Hamilton, D. J. Kemp

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BS in Animal Sciences (p. 53)
• Minor in Animal Sciences (p. 54)

Departmental Honors Program

In addition to the guidelines for the honors program in the College of Agriculture, Food and Natural Resources, students must meet the following requirements for the honors program in animal sciences. A student must be a junior or senior to participate in the honors program.

• Successful completion of either an internship or undergraduate research or a combination of both for 6 credits in animal sciences honors
• Program approval by a three-member departmental honors committee
• Submission of a written report plus an oral or poster presentation

Ag Scholars Program

This program provides early assurance of admission to the MU College of Veterinary Medicine for selected animal science majors on the University of Missouri campus.

High School seniors and MU freshman with an ACT composite score of 27 or more or an equivalent SAT score are eligible for the Ag Scholars Program.

Students must have demonstrated experience or interest in livestock production and health. Examples of appropriate experience may include participation in a livestock enterprise as either a family member or an employee; enrollment in at least two years of high school agricultural coursework; and participation in FFA, 4H or equivalent organizations with projects directly related to livestock production or health. Students who do not meet the standards of demonstrated experience or interest will be admitted if they agree to complete an internship in the summer between their freshman and sophomore years. This internship must entail at least 250 hours of supervised experience in livestock production or a livestock health enterprise.

For additional information, contact:
Preveterinary Medical Scholars and Ag Scholars Programs
W-203 Veterinary Medicine Bldg.
College of Veterinary Medicine
University of Missouri
Columbia, Missouri 65211
(573) 884-3341

Agreement with the College of Veterinary Medicine

The Division of Animal Sciences and the College of Veterinary Medicine have an articulation agreement which enables MU Animal Science majors who are admitted to the College of Veterinary Medicine before completing their B.S. degree to earn a B.S. degree in Animal Sciences during their days as a professional veterinary medicine student. In order to earn a B.S. degree in Animal Sciences the following requirements must be met:

• The student will successfully meet all General Education (p. 18) requirements established by the University of Missouri campus.
• The student will meet any additional college or divisional requirements.
• The student will be required to complete all MU Animal Sciences requirements except for 9 hours of Animal Science Senior electives.
• The student will also be able to substitute up to 20 hours completed in the College of Veterinary Medicine in lieu of general electives in order to complete the total number of student credit hours necessary for a B.S. degree in Animal Sciences.
• The B.S. degree in Animal Science will be granted after successful completion of the first year of Veterinary Medicine.

Graduate

http://animalsciences.missouri.edu/academics/graduates.php

Director of Graduate Studies: Rocio Rivera

• MS in Animal Sciences (p. 54)
• PhD in Animal Sciences (p. 55)

About Animal Sciences Graduate Programs

The Division of Animal Sciences has a broad-based teaching program, and our faculty members are noted for teaching and mentoring excellence. Our PhD program was recently ranked among the best in the country by the National Research Council and our research program among the best in the world by Reuters. Our graduate program has maintained or increased numbers, support, and placement rates over the past five years. The Division strives to maintain a diverse faculty qualified to teach relevant courses in five discipline areas (reproductive and environmental physiology, ruminant and monogastric nutrition, genetics/genomics, meat science and livestock production) and across six species (swine, dairy cattle, beef cattle, poultry, companion animals and horses) to serve the demand for graduates to be employed nationwide in research, teaching and industry.

Curriculum Options

(Note: Options are not listed on transcripts or diplomas.)

In addition to the general Animal Sciences curriculum, the Division of Animal Science offers four specialized curriculum options which include: Animal Products, Biotechnology, Prevet and Production/Business. These options differ slightly in general education requirements and different substantially in departmental requirements. These specific curriculum requirements are available on the division’s website (http://animalsciences.missouri.edu).

Animal Products Option

This option works very well for the student who wishes to obtain a minor in Food Science.

BioTechnology Option

This option applies biological and engineering techniques to the production of animals and animal products. This option should be of interest to students with a sincere interest in research.

Prevet Option

This option includes all of the courses required for admission to the College of Veterinary Medicine.

Production/Business Option

Students interested in returning to the farm or possibly managing a farm or pursuing a career in agribusiness will find this option of interest.

Total Credits: 120

Minor in Animal Sciences

To earn a minor in animal sciences, a student must meet the following requirements.

- A minimum of 15 hours of course credit in Animal Sciences
- A minimum of 9 hours of course work in Animal Sciences courses numbered 3000 or above.
- Students may select any combination of animal sciences courses excluding problems and internships to meet the above requirements; however, all students will be expected to meet prerequisites of animal sciences courses.
- Up to six transfer credits can be applied toward the minor; however, these transfer credits can only apply toward the lower level courses. Hence, a student must complete nine credit hours of Animal Science credits at MU that are 3000 level or higher.

- Résumé
- Official GRE score report

Graduation Requirements

Graduate students taking 7000 level courses should expect course requirements beyond those of undergraduate students in order to warrant receiving graduate credit for those courses. The Division of Animal Sciences allows no more than two 7000 level Animal Science courses in a graduate program. Specific requirements for students working toward a graduate degree in the Division of Animal Sciences are as follows:

**Thesis Option Requirements**

30 hours of graduate credit with minimum of 24 hours course work, a minimum of 6 hours of 8090 research, and 2 hours of seminars. A minimum of 15 hours must be 8000 level.

Approved Thesis

**Non-Thesis Option Requirements**

36 hours of graduate credit and must include at least 3 hours of 8450 research.

Non-Thesis M.S. program does not serve in preparing a student for candidacy for a Ph.D. program.
PhD in Animal Sciences

Graduation Requirements

The number of credit hours in formal course work and in research varies with the student’s background, training interests and the nature of the research. Four credit hours of seminar and a course in research ethics are required for the doctoral degree. A dissertation based on original research is required of each candidate. Completion of requirements for a doctoral degree is generally expected within three years (five years without prior MS) after admission to the PhD program.
Biochemistry

Gerald Hazelbauer, Chair
College of Agriculture, Food and Natural Resources
117 Schweitzer Hall
Phone: (573) 882-4845
Fax: (573) 882-5635

A course of study in the Department of Biochemistry emphasizes the application of chemical principles to biological systems and leads to the Bachelor of Science in Biochemistry. The program requires rigorous course work in the basic sciences, culminating with a two course capstone experience of discipline specific problems and laboratory techniques. Students are encouraged to gain research experience through independent projects in faculty labs. The biochemistry degree prepares students for further study in graduate or professional school or for a career in biochemistry, biotechnology or the biological, chemical or medical sciences.

Associate Teaching Professor S. Freyermuth

Assistant Teaching Professor C. Lee, M. Pennella

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BS in Biochemistry (p. 57)

Graduate

College of Agriculture, Food and Natural Resources; School of Medicine
117 Schweitzer Hall
573-882-4846
http://www.biochem.missouri.edu/

Director of Graduate Studies: Thomas Quinn

• MS in Biochemistry (p. 58)

• PhD in Biochemistry (p. 58)

Biochemistry at the University of Missouri is a division of the College of Agriculture, Food and Natural Resources and a department of the School of Medicine. As a nationally ranked top 10 biochemistry department among public medical schools, we offer outstanding training that help students achieve their goals. We have 39 core faculty members and approximately 10 additional members, all of whom are available to mentor students in biochemistry. Nearly all facets of contemporary biochemical research are represented in their collective research interests. Our highly interactive program is an integral part of a campus-wide network of research programs including life sciences, genetics, nutrition, plant biochemistry and structural biology.

Interdisciplinary Area Programs

• PhD in the nutrition area program

• PhD in the genetics area program

• Minors in Business, College Teaching, and International Relations

The graduate programs of the Department of Biochemistry prepare students for professional careers in academic institutions, industry and government. The Department of Biochemistry is administered by the College of Agriculture, Food and Natural Resources and the School of Medicine. It provides a great range of opportunities for multidisciplinary study in plant, animal and microbial biochemistry, molecular biology, structural biology, and chemical biology.

Faculty Research

Virtually every important area of biochemistry and molecular biology is represented among the research interests of the faculty. These interests focus on plant biochemistry, hormonal control of plant and animal-cell metabolism, growth-factor structure and function, enzyme reaction mechanisms, biochemistry of development, biochemistry of human disease, lipid and carbohydrate metabolism, molecular biology, analytical biochemistry, proteomics, systems biochemistry, and structural biochemistry.

Facilities

The department has modern, well-equipped laboratories in the Life Sciences Center, Schweitzer Hall, Schlundt Annex, and Stephens Hall. Additional faculty are housed in the Animal Sciences Research Center, Chemistry Building, Dalton Cardiovascular Research Center, Mason Eye Institute, and the Truman Veterans Hospital.

Plans of Study

All students participate in individually planned research programs and have a supervised teaching experience along with course work. Students are expected to complete a program of courses in biochemistry and selected courses in modern biology and chemistry.

Careers

Biochemistry at the University of Missouri provides world-class training that can open the door to a wide variety of career opportunities in the life sciences. Our graduates have career opportunities available in academia, industry, agriculture or medicine.

Required Application Materials

All pre-requisites and application materials must be submitted by the annual deadline.
MD/PhD in Biochemistry Dual Degree Program

Students already accepted into the School of Medicine at MU may apply to the Department for acceptance into the MD/PhD program. Students matriculating in the MD/PhD degree program must complete degree requirements of both the School of Medicine and the Graduate School. For information and for application forms, email gradprogram@missouri.edu or write the Director of Graduate Admissions in Biochemistry, 117 Schweitzer Hall, Columbia, MO 65211, or visit the website http://www.biochem.missouri.edu.

Total Credits: 120

Dual Degree Biochemistry-Environmental Sciences Program

The Division of Biochemistry and the Department of Soil, Environmental and Atmospheric Sciences offer a dual BS degree in Biochemistry and in Soil, Environmental and Atmospheric Sciences with an Environmental Science emphasis. For more information, contact David Emerich in the Division of Biochemistry or check the Biochemistry Undergraduate

Graduate

MS in Biochemistry

Admission Contact Information:
gradprogram@missouri.edu
117 Schweitzer Hall
Columbia, MO 65211
573-882-4846

ADMISSION BY WRITTEN DEPARTMENTAL REQUEST ONLY

PhD in Biochemistry

Admission Contact Information
gradprogram@missouri.edu
117 Schweitzer Hall
Columbia, MO 65211
573-882-4846

Admission Criteria

Fall deadline: January 5
Minimum GPA: 3.0
Graduate Record Exam (GRE) required
TOEFL required for international students
Undergraduate research required

PhD Prerequisites

The following entrance requirements must be met:

• Mathematics through one year of calculus
• Biological sciences (at least one course)
• 1 year of physics
• 1 year of organic chemistry (with a laboratory)
• Biochemistry (lecture and laboratory)

Strongly Recommended Courses:

• Genetics (at least one course)
• Quantitative analysis
• Physical chemistry course with a calculus prerequisite

These prerequisites should have been met during the undergraduate curriculum. Recommended courses may be taken during the first year of the graduate program. Satisfactory completion of a qualifying exam is expected by the end of the first year and of a comprehensive examination by the end of the second academic year in graduate study.

Required Application Materials

All materials must be sent to the Graduate School

• University of Missouri Graduate School Application ApplyYourself on line application
• Official transcripts from all undergraduate and graduate institutions applicant has attended. Submit online to graduate school.
• Three letters of reference using our reference PDF. Submit online to graduate school.
• 500-word personal statement about your goals and experience. Submit online to graduate school.
• Official GRE scores. Submit using institution code 6875 and department code 0202.
• International applicants: If your first language is not English, please submit your official TOEFL scores using institution code 6875 and department code 34.

Program details can be found in the Graduate Student Handbook (http://biochem.missouri.edu/docs/current-graduate-handbook.pdf).
Fisheries and Wildlife

J. R. Jones
School of Natural Resources
302 Anheuser-Busch Natural Resources Building
(573) 882-3543

The fisheries and wildlife sciences degree is based on a common foundation of biological sciences, ecology, conservation, communication, analytical, social science, humanities and professional courses that provide students with a basic liberal education as well as prerequisites for additional professional courses.

Most students take courses that prepare them for entry-level, technical positions in fisheries, wildlife or water quality management with local, state or federal agencies. Such training usually involves taking courses that meet the standards set by The Wildlife Society or the American Fisheries Society to become certified, professional wildlife or fisheries biologists. Other students may complete a program that emphasizes more advanced study and prepares them for careers in resource management, research or administration.

The department offers BSFW, MS and PhD degrees with majors in Fisheries and Wildlife Sciences.

Faculty
Associate Professor R. S. Hayward*, D. B. Noltie*
Assistant Professor D. Kesler**
Extension Assistant Professor R. A. Pierce II*
Teaching Assistant Professor T. Strauch
Research Assistant Professor J. Whittier*
Adjunct Assistant Professor D. Diamond*, M. Hubbard, D. Papoulas*, S. Sowa*, D. Tillitt*, L. Vangilder, M. Wildhaber**
Cooperative Associate Professor C. P. Paukert**, A. E. Rosenberger, F. R. Thompson III**, E. B. Webb*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate
• BSFW in Fisheries and Wildlife (p. 61)

Dual Major Requirements - Fisheries and Wildlife/Forestry
In addition to courses that satisfy General Education requirements, students who plan to complete a Dual Major in Fisheries & Wildlife and Forestry must complete the required F&W, Forestry and elective options to reach 140 credits (this total does not allow any general elective hours).

Math Sequence

| MATH 1100    | College Algebra | 3 |
| MATH 1400    | Calculus for Social and Life Sciences I | 3 |
| STAT 2530    | Statistical Methods in Natural Resources | 3 |

Professional Core

| NAT_R 1070 | Ecology and Renewable Resource Management | 3 |
| F_W 2100    | Colloquium in Fisheries and Wildlife | 1 |

Public Speaking (select one)

| AG_ED_LD 2220 | Verbal Communication in Agriculture, Food and Natural Resources |
| P_R_TR 3231  | Principles of Interpretive Outdoor Recreation |

Plant Taxonomy

| FOREST 2151 | Dendrology | 4 |

Law/Policy

| NAT_R 4353 | Natural Resource Policy/Administration | 3 |
| NAT_R 3110 | Natural Resource Biometrics | 3 |

Water Quality (select one)

| F_W 3400 | Water Quality and Natural Resource Management |
| FOREST 4390 | Watershed Management and Water Quality |
| F_W 3600 | Introduction to Conservation Biology | 3 |
| FOREST 4330 | Practice of Silviculture | 3 |
| F_W 4500 | Animal Population Dynamics and Management | 3 |
| NAT_R 4970 | Resource Practicum in Natural Resources | 3 |

Senior Capstone Course: Complete one from Forestry and one from Fisheries and Wildlife from approved list of 4000 level courses in Professional Tracks

Summer Field Studies

(must be taken concurrently)

| FOREST 2540 | Forest Hydrology Field Studies | 1 |
| FOREST 2541 | Forest Utilization | 1 |
Professional Track Courses
(Minimum of 10 courses AND 32 hours required)

Fisheries and Wildlife Core - 5 courses minimum
A. Science and Natural History (must take at least 1 Terrestrial and 1 Aquatic. Only 1 outside F_W)
   F_W 2600 Ornithology 4
   F_W 2700 Ichthyology 4
   F_W 3660 Mammalogy 4
   F_W 4100 Limnology 3-4
   BIOC 3360 Herpetology 4
   & BIOC 3710 Introductory Entomology and Insect Diversity 5
B. Management - (must take at least 1 Terrestrial and 1 Aquatic)
   F_W 2900 Principles of Wildlife Management 4
   F_W 3900 Ecology of Fishes 3
   F_W 4300 Fisheries Management 3
   F_W 4220 Human Dimensions of Fish and Wildlife Conservation 3
   F_W 4400 Techniques for Fisheries Management and Conservation 4
   F_W 4600 Ecosystem Management 4
C. Specialty Courses (5th course can come from this list or from A or B)
   F_W 4220 Human Dimensions of Fish and Wildlife Conservation 3
   F_W 4650 Wildlife Management Planning 3
   F_W 4700 Wildlife Research and Management Evaluation Methods 4
   F_W 3200 Aquaculture 3
   F_W 4200 Urban Wildlife Conservation 3
   F_W 4880 Waterfowl Ecology and Management 3

International Studies or Study Abroad (approved FW Proposal required)

Forest Core - 15 hours minimum

FOREST 3207 Forest Fire Control and Use 2
& FOREST 3212 and Forest Health and Protection 2
& FOREST 3240 and Wood Technology 4
& FOREST 4320 and Forest Ecology 3
& FOREST 4340 and Tree Physiology 3
& FOREST 4350 and Forest Economics 3
& FOREST 4360 and Photogrammetry, Inventory and Models 3
& FOREST 4380 Models 3
& FOREST 4390 and Forest Resource Management and Watershed Management and Water Quality 3

The following courses collectively meet the requirements for the SAF accredited Forest Resource Management curriculum:

FOREST 2542 Forest Measurement and Inventory 1
FOREST 2543 Forest Ecology Field Studies 1
FOREST 2544 Introduction to Silviculture and Management 1
FOREST 2545 Forest Management Planning 1

* Required as a minimum for Forestry Certification if the accredited curriculum has not been completed.

Graduate
The School of Natural Resources
302 Anheuser-Busch Natural Resources Building
573-882-3436
http://www.snr.missouri.edu/fw/

Fisheries and Wildlife Sciences emphasis areas are part of the degree program in Natural Resources. They emphasize resource management at organismal, population, or ecosystem scales. An emphasis on resource management helps distinguish our program from basic biology; therefore, course work in fisheries or wildlife management, environmental science, resource policy, or other applied ecology fields is advantageous. The program of study includes communications, quantitative skills, and basic courses in physical and social sciences. Core classes in biology and ecology and specialized courses that feature animal populations and their aquatic and terrestrial environments enhance the learning experience. Areas of study include wildlife ecology, water quality, habitat management, fisheries science, and conservation biology.

Careers
Graduate studies in fisheries, limnology, conservation biology, or wildlife prepare students for careers with state and federal agencies, consulting firms, private conservation organizations, or academic institutions.

Graduate Certificates
Graduate certificates in conservation biology, college teaching, and geographic information systems (GIS) are available to students who elect to take courses beyond those required for the graduate degree.

Facilities & Resources
The Department of Fisheries and Wildlife Sciences is housed in the Anheuser-Busch Natural Resources Building. This building provides space for faculty and graduate student offices in close proximity to well-equipped research and teaching laboratories, classrooms, and computer facilities.

Baskett Wildlife Research and Education Center
The Thomas S. Baskett Wildlife Research and Education Area, formerly known as the Ashland Wildlife Research Area, is a 2,252-acre facility located 5 miles east of Ashland, Missouri, on Highway Y. In use since 1938, it has become an integral part of the School of Natural Resources mission of teaching, research, and extension. The Baskett Area is used as an outdoor laboratory for several classes, including dendrology, ornithology, and wildlife research techniques, and has been the source
of more than 150 research publications. For more information see http://www.aes.missouri.edu/baskett/index.stm

The Missouri Cooperative Fish and Wildlife Research Unit

The Missouri Cooperative Fish and Wildlife Research Unit affiliated with the department is operated through a cooperative agreement among the University of Missouri, the Missouri Department of Conservation, and the United States Geological Survey. It is staffed with two Department of the Interior scientists who are members of the university faculty and who offer graduate-level courses and direct graduate student research.

Vertebrate Collections

The School of Natural Resources also maintains an extensive teaching collection of the vertebrate animals of Missouri, surrounding states, and other countries. The bird and mammal collections contain more than 7,000 specimens. The Glen Smart waterfowl collection consists of more than 200 species of mounted waterfowl of the world. The fish collection contains about 25,000 preserved specimens, including freshwater fishes from Missouri and the Midwest and saltwater fishes from the Atlantic, Pacific, and Gulf coasts.

Funding

Fellowships and teaching and research assistantships are available for most applicants selected for admission. Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details. We require applicants to contact faculty to determine the availability of research assistantships prior to applying to the program.

Undergraduate

BSFW in Fisheries and Wildlife

Major Program Requirements

In addition to courses that satisfy General Education (p. 18) requirements, students earning a BS in Fisheries and Wildlife Sciences must complete required F&W courses and elective options to reach 125 credits. Students must earn C- or better in all courses applied to degree.

Food Science and Nutrition

Food Science
256 William Stringer Wing
(573) 882-6746
Fax:(573) 884-7964
Ingolf Gruen, Program Chair
grueni@missouri.edu
(573) 882-4113
http://foodscience.missouri.edu

Andrew Clarke, Undergraduate Advisor Chair
(573) 882-2610
clarkea@missouri.edu

Azlin Mustapha, Director of Graduate Studies
(573) 882-2649
mustaphaa@missouri.edu

Typical employment areas for graduates of the food science program include quality assurance, quality control, product development, sensory science and flavor chemistry. The food science curriculum meets the standards established by the Institute of Food Technologists.

Faculty

Professor F. H. Hsieh**
Assistant Professor M. Kwasniowski*, B. Vardhanabhuti*
Adjunct Associate Professor L. Occena-Po
Adjunct Assistant Professor G. Zheng
Assistant Teaching Professor L. Jett
Research Professor Emeritus M. Ellersieck*
Professor Emeritus R. T. Marshall*
Adjunct Teaching Instructor B. Langford

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BS in Food Science and Nutrition (p. 63)
• Minor in Food Science and Nutrition (p. 65)

The department offers the Bachelor of Science degree with a major in Food Science and Nutrition within four tracks, namely Food Science, Food Business, Enology and Culinary Sciences. A minor is available.

Note: Tracks do not appear on transcripts or diplomas.

Graduate

College of Agriculture, Food and Natural Resources
256 William Stringer Wing
573-882-4113
http://foodscience.missouri.edu

Director of Graduate Studies: Azlin Mustapha

• MS in Food Science (p. 65)
• PhD in Food Science (p. 66)

About Food Science

Candidates are prepared for careers in research or advanced professional careers in the food industry, teaching positions in community and junior colleges, 4-year colleges and in supporting roles in academics or industry. Graduates also may play leadership roles in extension or other adult education programs, food production and quality assurance, or government agencies. Selected careers include research and development for private industry or the federal government, food plant supervision, technical operation, product development, nutrition, distribution, food service and food regulatory work.

Facilities and Resources

Departmental cooperation with the food industry is excellent. Special facilities for food science study and research include chemical, microbiological, analytical laboratories and pilot plants to study food processing.

Funding

Assistantships are available to qualified students from funds provided by the Agricultural Experiment Station, research contracts and grants. Fellowships supported by industry and professional societies, based on national competition, are also available.

Undergraduate

BS in Food Science and Nutrition

Major Program Requirements

All requirements listed below are in addition to University and College requirements, including University General Education (p. 18).

F_54375 Food Microbiology Laboratory
F_54380 Sensory Analysis of Food and Beverages
F_54390 Optimization and Management of Food and Agricultural Systems
F_54441 Cellar Operations and Special Vinifications
F_54941 Internship in Food Science

Business course (3 credits)
Ag. Econ/Business School/Hospitality Mgmt course

Total Credits 28-33

Enology Track
(Note: Tracks are not listed on transcripts or diplomas.)

Enology Track Core Courses
F_51010 Introduction to Viticulture and Enology 1
F_52195 Grapes and Wines of the World 3
F_53240 Principles of Viticulture I 4
F_54315 Food Chemistry and Analysis Laboratory 3
F_54340 Principles of Viticulture II 4
F_54375 Food Microbiology Laboratory 2
F_54380 Sensory Analysis of Food and Beverages 3
F_54440 Principles of Winemaking and Wine Chemical Analysis 4
F_54441 Cellar Operations and Special Vinifications 3
F_54941 Internship in Food Science 1-6

Business course (3 credits)
Ag. Econ/Business School/Hospitality Mgmt course

Total Credits 34-38

Culinary Science Track
(Note: Tracks are not listed on transcripts or diplomas.)

Culinary Science Track Core Courses
Core Food Science courses
NUTR_S 2340 Human Nutrition I 3
F_53250 Physical Principles for Food Processing 3
or F_53231 Principles of Meat Science 3
F_54380 Sensory Analysis of Food and Beverages 3
F_54390 Optimization and Management of Food and Agricultural Systems 3

Core Hospitality Mgmt courses
HSP_MGMT 1043 Introduction to Hospitality Management 3
HSP_MGMT 1133 Hospitality Law 3
HSP_MGMT 1091 Food Service Sanitation Management 1
HSP_MGMT 1995 Culinary Fundamentals 3
### Semester Plan

Below is a sample plan of study for the Food Science Track, semester by semester. A student’s actual plan may vary based on course choices where options are available.

#### First Year

<table>

Total Credits: 127-129

### Minor in Food Science and Nutrition

Food Science Courses (minimum) 15
- F_S 1030 Food Science and Nutrition 3

One of the following disciplinary courses: 3-4
- F_S 3250 Physical Principles for Food Processing
- F_S 4310 Food Chemistry and Analysis
- F_S 4370 Food Microbiology
- F_S 4380 Sensory Analysis of Food and Beverages

One of the following capstone courses: 3
- F_S 4970 Food Product Development
- F_S 4980 Food Quality Assurance

Two other Elective Courses in Food Science 3

9 of the 15 credits need to be fulfilled with 3000-level or higher Food Science courses.

Cross-listed courses can be taken in either the home program or the cross-listed program.

### Graduate

#### MS in Food Science

##### Admission Contact Information

Starsha Ferguson
email: fergusonsd@missouri.edu
256 William Stringer Wing
Columbia, MO 65211-5160
573-882-4113

##### Admission Criteria

Fall deadline: April 1
Spring deadline: October 31

- Minimum GPA: 3.0
- BS in food science from an accredited university

<table>
<thead>
<tr>
<th>Item</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Internet-based test (iBT)</td>
<td>Paper-based test (PBT)</td>
</tr>
<tr>
<td>IELTS</td>
<td>5.5</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Item</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Internet-based test (iBT)</td>
<td>Paper-based test (PBT)</td>
</tr>
<tr>
<td>When did you take the GRE?</td>
<td>Verbal + Quantitative</td>
</tr>
<tr>
<td>Prior to August 1, 2011</td>
<td>1000</td>
</tr>
<tr>
<td>On or After August 1, 2011</td>
<td>297</td>
</tr>
</tbody>
</table>

- Minimum GRE scores:
  - Note: neither the verbal or quantitative section can be below 400 or its equivalent score.

##### Required Application Materials

To the Graduate School:
• All required Graduate School documents
• 3 letters of recommendation (submitted through online Graduate School application)
• A statement of purpose for applying to the program
• A resume

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. The food science program does not. Include the financial assistance request in the statement of purpose.

PhD in Food Science

Admission Contact Information

Starsha Ferguson (FergusonSD@missouri.edu)
256 William Stringer Wing
Columbia, MO 65211-5160
573-882-4113

Admission Criteria

Fall deadline: April 1
Spring deadline: October 31
• Minimum GPA: 3.0
• BS and an MS in food science from an accredited university or equivalent experience. In rare instances, an exceptional student will be allowed to study for the PhD without first completing the MS
• Minimum TOEFL scores:

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>79</td>
<td>550</td>
</tr>
<tr>
<td>IELTS</td>
<td>5.5</td>
</tr>
</tbody>
</table>

• Minimum GRE scores:

<table>
<thead>
<tr>
<th>When did you take the GRE?</th>
<th>Verbal + Quantitative</th>
<th>Analytical</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to August 1, 2011</td>
<td>1000</td>
<td>3.5</td>
</tr>
<tr>
<td>On or After August 1, 2011</td>
<td>297</td>
<td>3.5</td>
</tr>
</tbody>
</table>

* Note: neither the verbal or quantitative section can be below 400 or its equivalent score.

Required Application Materials

To the Graduate School:

• All required Graduate School documents
• 3 letters of recommendation (submitted through online Graduate School application)
• A statement of purpose for applying to the program
• A resume

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. The food science program does not. Include the financial assistance request in the statement of purpose.

About the PhD Program

The PhD degree can lead to careers in research, college or university teaching and research, or to administrative positions related to foods.

Degree Requirements

Requiring a minimum of 2 years beyond the master’s degree, the doctor of philosophy degree prepares students for teaching, research or other professional careers in food science. A student must:

• Satisfactorily complete the master’s degree program or its equivalent with a GPA of 3.0 or better
• Satisfactorily complete the written and oral qualifying examination
• Show evidence of satisfactory performance in the major area of study, inclusive of grade trends and comply with other Graduate School requirements for admission

Plan of Study

The plan of study, completed under the guidance of a doctoral program committee, consists of:

• A course of study designed to fit the student's academic background and objectives — one-third of the credit earned under the plan of study is research credit, the remainder is in courses selected from food science and its supporting areas, such as chemistry, microbiology, physiology, nutrition, economics, marketing, management and statistics
• Acceptance of a dissertation based on research proposed, performed and defended by the student.

To satisfy degree requirements, a candidate must:

• prepare and defend a research proposal within the first two semesters; the proposal is designed to test the student's ability to undertake advanced learning and carry out independent research.
• complete the Plan of Study and defend the PhD project proposal
• pass the comprehensive examination over the approved course of study
• present an acceptable dissertation and defend it in a final examination
• present an exit seminar on research
• prepare at least 1 manuscript, acceptable for submission to a refereed journal, before approval of the D-4 (Report of the Dissertation Defense Form) by the director of graduate studies
Forestry

H. E. Stelzer
Department of Forestry
The School of Natural Resources
College of Agriculture, Food and Natural Resources
203 Anheuser-Busch Natural Resources Building
(573) 882-7242
SNR@missouri.edu

The forestry undergraduate major is based on a foundation of communication, analytical science, humanities and professional courses that provides students with prerequisites for additional professional courses as well as a basic liberal education. Four emphasis areas are offered: forest resource management, urban forestry, forest resource entrepreneurship and business, and individualized studies.

The department offers a BSF degree in Forestry, MS and PhD degrees in Natural Resources with emphasis in Forestry. A minor is also available.

Faculty

Associate Professor F. X. Aguilar**, J. A. Hubbard**, H. E. Stelzer**
Assistant Professor B. O. Knapp*
Research Professor M. A. Gold**, R. P. Guyette**
Research Assistant Professor M. V. Coggeshall*, C. H. Lin**, M. C. Stambaugh**
Cooperative Associate Professor D. Dey*, J. Van Sambeek**, S. R. Shifley*
Adjunct Assistant Professor J. Kabrick*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BSF in Forestry (p. 69)
  • with emphasis in Forest Entrepreneurship and Business (p. 70)
  • with emphasis in Forest Resource Management (p. 71)
  • with emphasis in Individualized Studies (p. 71)
  • with emphasis in Urban Forestry (p. 72)
• Minor in Forestry (p. 72)

Emphasis Areas

Four emphasis areas are offered within the BSF degree program. Three of these areas (forest resource management, urban forestry, and forest entrepreneurship and business) represent areas of specialization within the forestry profession. The individualized studies emphasis area allows students to specialize in an allied area under the direction of a faculty committee.

Honors

Students who graduate with the following cumulative GPA values are awarded BSF degrees with Latin honors:

<table>
<thead>
<tr>
<th>GPA Range</th>
<th>Honor Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.50-3.69</td>
<td>cum laude</td>
</tr>
<tr>
<td>3.70-3.89</td>
<td>magna cum laude</td>
</tr>
<tr>
<td>&gt;3.90</td>
<td>summa cum laude</td>
</tr>
</tbody>
</table>

Dual Major - Forestry/Fisheries and Wildlife

In addition to courses that satisfy university general education requirements (p. 18), students who plan to complete a dual major in fisheries and wildlife/forestry must complete the required fisheries and wildlife sciences, forestry, and elective options to reach 140 credits. The dual major does not allow for any general elective hours.

CAPSTONE

Summer Field Studies (must be taken concurrently) 5
- FOREST 2541 Forest Utilization
- FOREST 2542 Forest Measurement and Inventory
- FOREST 2543 Forest Ecology Field Studies
- FOREST 2544 Introduction to Silviculture and Management
- FOREST 2545 Forest Management Planning

Professional Track Courses
(Minimum of 10 courses AND 32 hours required) 32

Fisheries and Wildlife Core - 5 courses minimum
A. Science and Natural History (must take at least 1 Terrestrial and 1 Aquatic. Only 1 outside F W)
- F_W 2600 Ornithology
- F_W 2700 Ichthyology
- F_W 3660 Mammalogy
- F_W 4100 Limnology
- BIO_SC 3360 Herpetology
- BIO_SC 3710 Introductory Entomology & BIO_SC 3715 and Insect Diversity

B. Management - (must take at least 1 Terrestrial and 1 Aquatic)
- F_W 3900 Ecology of Fishes
- F_W 4300 Fisheries Management
- F_W 4400 Techniques for Fisheries Management and Conservation
- F_W 4600 Ecosystem Management
- F_W 4700 Wildlife Research and Management Evaluation Methods

C. Specialty Courses (5th course can come from this list or from A or B)
- F_W 3200 Aquaculture
- F_W 4200 Urban Wildlife Conservation
- F_W 4220 Human Dimensions of Fish and Wildlife Conservation

International Studies or Study Abroad [approved F W Proposal required] 1-8

Forest Core - 15 credits minimum from the following courses (additional courses accepted with approval):
- FOREST 3207 Forest Fire Control and Use
- FOREST 3212 Forest Health and Protection
- FOREST 3240 Wood Technology
- FOREST 3290 Urban Forestry
- FOREST 4320 Forest Ecology
- FOREST 4350 Forest Economics

- FOREST 4360 Photogrammetry, Inventory and Models
- FOREST 4375 Forest Stand Dynamics
- FOREST 4380 Forest Resource Management
- FOREST 4390 Watershed Management and Water Quality

Total Credits 101-113

* Required as a minimum for Forestry Certification if the accredited curriculum has not been completed.

Graduate

School of Natural Resources
Department of Forestry
203 Anheuser-Busch Natural Resources Building
573-882-7242
http://snr.missouri.edu/forestry/academics/graduate-program.php

Director of Graduate Studies: Hong He

- Graduate Certificate in Agroforestry (p. 72)

Forestry encompasses both basic and applied science, involving specific interests ranging from biophysical processes in forested ecosystems to plant population studies, but also recognizes overarching fundamental issues of sustainability of natural resources. Forestry graduate education prepares students for opportunities in a variety of disciplines such as forest ecology, tree physiology, hydrology, conservation, policy and silviculture.

Degrees and Areas of Study

Graduate research programs in the Department of Forestry lead to an MS or PhD in Natural Resources with an emphasis in Forestry. Specialized graduate education can focus on, but is not limited to, studies in agroforestry, biometrics, community and landscape ecology, dendrochronology, economics, entomology, fire ecology, hydrology, physiological ecology, physiology, policy, silviculture, soils, forest management, stand dynamics, water quality and wood quality.

Interdisciplinary Graduate Certificates

In collaboration with other departments, additional graduate certificates are available in Conservation Biology http://conservbio.missouri.edu/description.php Geographic Information Sciences http://www.geog.missouri.edu/?q=grad/graduate-gis-program.

Interdisciplinary certificates are intended for students who elect to take courses beyond those required for our graduate degrees.

Partnerships

The graduate program in the Department of Forestry involves partnerships with the USDA Forest Service, Northern Research Station, the Missouri Department of Conservation, the Missouri Department of Natural Resources, the US Geological Survey, the National Park Service and the United States Fish and Wildlife Service. Students may work closely with scientists in these agencies who have affiliated faculty appointments.

Career Opportunities

A graduate degree in Natural Resources with an emphasis in Forestry is designed to prepare students for careers in academic institutions, consulting firms, non-governmental organizations, industry and state and federal agencies.
Facilities and Resources

Facilities available for research include well-equipped biometrics, ecology, dendrochronology, hydrology, physiology and wood quality laboratories in the Anheuser-Busch Natural Resources Building on campus at Columbia, the Horticultural and Agroforestry Research Center (HARC) and the Baskett Research and Education Area.

Horticulture and Agroforestry Research Center (HARC). HARC is a 540-acre tract about 30 miles northwest of campus near New Franklin, Mo. It is in the loess hills overlooking the Missouri River Valley and is well-suited for agroforestry, agronomic and horticultural field studies.

Baskett Research Area. Thomas Baskett Wildlife Research and Education Area, formerly known as the Ashland Wildlife Research Area, is a 2,252-acre facility located five miles east of Ashland, Missouri. In use since 1938, Baskett has become an integral part of the School of Natural Resources mission of teaching, research, and extension. The Baskett Research Area is used as an outdoor laboratory for several classes including dendrology, forest ecology, ornithology, and wildlife research techniques, and has been the source of over 150 research publications. For more information see http://www.aes.missouri.edu/baskett/

Schnabel Woods. The Schnabel Arboretum Tract is an 80-acre tract of late-successional forest on the bluffs near the Missouri River. It is located eight miles southwest of the MU campus near the river community of McBaine, adjacent to the Missouri Department of Conservation Eagle Bluff Conservation Area and the cross-state Katy Trail State Park. The Schnabel Tract represents a unique, relatively undisturbed example of a river-hills forest ecosystem complex not commonly found in Missouri. The area is used for undergraduate instruction, graduate research and demonstration.

University Forest. University Forest is located at the southeastern edge of the Missouri Ozarks, 14 miles north of Poplar Bluff and near Lake Wappapello. It is uniquely situated at the junction of two major ecological sections of the state: The Ozarks and the Mississippi Alluvial Basin. Three forest ecosystem types converge near this area: upland oak-hickory, oak-shortleaf pine and bottomland hardwoods. Using the adjacent 7,000-acre University State Forest managed by the Missouri Department of Conservation, this area is used routinely by the faculty and students of the School of Natural Resources for research.

Additional Locations. In addition, lands of the United States Forest Service, United States Fish and Wildlife Service, Corps of Engineers, National Park Service, Missouri Department of Conservation and the Missouri Department of Natural Resources are available for certain research activities. Numerous research projects have also taken place on private lands.

Funding

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program Web site or ask the program contact for details. A limited number of research assistantships are available. They are awarded based on (1) demonstrated scholastic accomplishment; (2) GRE scores; and (3) experience related to the proposed field of study.

Application and Admission Information

Admission Contact Information

Admission Criteria

Fall deadline: May 15
Spring deadline: October 15
Summer deadline: March 15

- Minimum GPA: 3.0 in last 60 hours
- Minimum TOEFL scores:
  - Internet-based test (iBT)
  - Paper-based test (PBT)

<table>
<thead>
<tr>
<th>Test Type</th>
<th>Minimum Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Internet-based</td>
<td>80</td>
</tr>
<tr>
<td>Paper-based</td>
<td>550</td>
</tr>
</tbody>
</table>

- Minimum GRE scores:
  - Prior to August 1, 2011: 1100
  - On or After August 1, 2011: 300

- 50th percentile or higher preferred in each category.

Particular attention is given to the record of the last 2 years of undergraduate study, and/or the type and quality of professional experience since completion of the undergraduate degree. Doctoral candidates must demonstrate a higher level of achievement in each of these criteria.

Required Application Materials

To the Graduate School:
- All required Graduate School documents
- 3 letters of recommendation from individuals qualified to evaluate scholarly capacity and professional qualities
- Letter of intent

To the Program:
- Departmental application (use form)
- GRE scores

Undergraduate

BSF in Forestry

Major Program Requirements

The goal of the forest resource management emphasis area is to prepare students to deal with the ever-changing complexities of multiple-use resource management. Emphasis is on the applications of forest management to provide commodities and amenities in a sustainable fashion.

Graduates are qualified to develop and execute management plans in an environmentally safe, cost-efficient and effective manner at both the stand and the forest level. Graduates are prepared to enter the workforce in either the public or the private sector.

The forestry major requires the successful completion of 125 credits. In addition to the University graduation requirements, including general education, students must meet college and school as well as department and major requirements.
Forestry Field Studies
Students enrolled in forestry are required to attend a specialized, five-week, summer field session. This session includes courses for 5 credits and is recommended between the sophomore and junior years.

University Core Requirements 33
MATH 1100 College Algebra 3
ENGLSH 1000 Exposition and Argumentation 3
MATH 1400 Calculus for Social and Life Sciences I 3
CHEM 1100 Atoms and Molecules with Lab 3
BIOCHM 2110 The Living World: Molecular Scale 3
or BIOCHM 2112 Biotechnology in Society

State Law Requirement: One of the following:
HIST 1100 Survey of American History to 1865 3
or HIST 1200 Survey of American History Since 1865
or POL.SC 1100 American Government

AG Econ Requirement: One of the following:
AG(EC) 1041 Applied Microeconomics 3
or AG(EC) 1042 Applied Macroeconomics
or AG(EC) 2070 Environmental Economics and Policy
P_R.TR 3231 Principles of Interpretive Outdoor Recreation 3

Departmental Core Science 15-18
BIO_SC 1200 General Botany with Laboratory 3-5
or PLNT_S 2110 Plants and their Cultivation
GEOL 1100 Principles of Geology with Laboratory 4
or GEOL 1200 Environmental Geology with Laboratory
SOIL 2100 Introduction to Soils 5
& SOIL 2106 and Soil Science Laboratory
PHYSICS 1210 College Physics I 3-4
or ATM_SC 1050 Introductory Meteorology

Departmental Core Professional 34
NAT_R 1070 Ecology and Renewable Resource Management 3
STAT 2530 Statistical Methods in Natural Resources 3
NAT_R 3110 Natural Resource Biometrics 3
NAT_R 3290 Hydrologic Measurement Techniques 1
NAT_R 4353 Natural Resource Policy/Administration 3
FOREST 2151 Dendrology 4
FOREST 4320 Forest Ecology 5
FOREST 4330 Practice of Silviculture 3
NAT_R 4325 Introduction to Geographic Information Systems 3
FOREST 4390 Watershed Management and Water Quality 3

Senior Forestry Capstone Course choose One of the following options
FOREST 4380 Forest Resource Management 3
FOREST 4940 Forestry Internship 1-12
FOREST 4994 Senior Honors Research in Forestry 1-3
FOREST 4995 Senior Honors Research in Forestry 1-3

Note: If Forestry 4380 is Not taken as the capstone, it Must be taken if the student is enrolled in the Forest Resource Management or Forest Resource Entrepreneurship emphasis area

BSF in Forestry with Emphasis in Forest Entrepreneurship and Business

Major Program Requirements
The goal of forest resource entrepreneurship and business is to prepare graduates for work with large wood products firms, or as independent private consulting foresters. Along with the BSF students earn a Minor in Agricultural Economics. Courses listed are in addition to University general education (p. 18) requirements and forestry major requirements (p. 69).
MANGMT 3000 Principles of Management 3
ACCTCY 2036 Accounting I 3
FOREST 4350 Forest Economics 3
FOREST 4365 Logging Systems: Operations and Analyses 3
FOREST 4380 Forest Resource Management 3
Internship in Forest Resource Business Administration (TBD - Problems course) 6

Minor: Agricultural Economics 21
AG_EC 1041 Applied Microeconomics
AG_EC 2183 The Agricultural Marketing System
AG_EC 2324 Agribusiness Finance
AG_EC 3234 Fundamentals of Entrepreneurship
AG_EC 3281 New Products Marketing
AG_EC 3282 Economics of Managerial Decision Making
AG_EC 3320 Agricultural and Rural Economic Policy
AG_EC 3325 Rural and Agricultural Law
AG_EC 3326 Agribusiness and Biotechnology Law

If Forestry 4380 is selected as the capstone course then another Forestry course must be added to fulfill emphasis requirement.

Semester Plan
Refer to the Semester Plan for the BS in Forestry (p. 69).

BSF in Forestry with Emphasis in Forest Resource Management

Major Program Requirements
Courses listed are in addition to the University General Education (p. 18) requirements and forestry major requirements (p. 69).

Emphasis Core Requirements
FOREST 3212 Forest Health and Protection 4
FOREST 3207 Forest Fire Control and Use 2
FOREST 3240 Wood Technology 3
FOREST 4340 Tree Physiology 3
or PLNT_S 2125 Plant Structure and Function
or PLNT_S 3135 Crop Physiology
or PLNT_S 3230 Plant Physiology
FOREST 4360 Photogrammetry, Inventory and Models 3
FOREST 4380 Forest Resource Management 3
FOREST 4350 Forest Economics 3
F_W 4600 Ecosystem Management 4

Undesignated electives to total 125 hours 100
If Forestry 4380 is selected as the capstone course, then another Forestry course must be added to fulfill emphasis requirements.

Total Credits: 125

* Denotes General Education Requirement
^ Denotes Degree Program Requirement

BSF in Forestry with Emphasis in Individualized Studies

Major Program Requirements
This emphasis area allows students with interests in both forestry and an allied field to obtain a degree in forestry combined with a customized specialization in a field of interest. The allied field can be wildlife biology and management, ecology, environmental science, environmental studies, interpretation of natural resources, environmental law, soils or others.

The individualized study program requires completion of 27 credits to be determined by the student and a three-member faculty committee, two of whom must be forestry faculty. Courses listed are in addition to university general education (p. 18) requirements and forestry major requirements (p. 69).
Emphasis core requirements (27+)

Semester Plan
Refer to the Semester Plan for the BSF in Forestry (p. 69).

BSF in Forestry with Emphasis in Urban Forestry

Major Program Requirements

Urban forestry seeks the maintenance of vigorous and aesthetic tree systems that enhance urban and suburban environments. The responsibility of the urban forester is to establish, develop and administer tree management systems for metropolitan areas and other population centers.

Students in urban forestry learn communications and public relations skills as well as mid-level management procedures that prepare them to organize, staff, finance, plan and supervise urban forestry programs. Courses in management, administrative strategies and scientific foundations are incorporated into the urban forestry curriculum. Courses listed are in addition to University, college and forestry major requirements (p. 69).

Graduate

Graduate Certificate in Agroforestry

The program is built on the biophysical and socioeconomic principles of agroforestry which will prepare students to become specialized in agroforestry design and management. The knowledge and experience in designing and managing agroforestry systems for commodity production as well as environmental conservation are skill sets needed to work as agroforestry and forestry consultants and conservation and natural resource professionals. The curriculum leads the student through a progression of learning to achieve (A) Agroforestry Fundamentals; (B) Biophysical Foundation; and (C) Socio-economic Foundation. Successful required course completion will be recorded on the student’s official transcript as a “Graduate Certificate in Agroforestry.”

Certificate web site: http://www.snr.missouri.edu/forestry/academics/graduate-program.php

Dr. Shibu Jose,
Department of Forestry, School of Natural Resources
203 Anheuser-Busch Natural Resources Building
University of Missouri, Columbia, MO 65211
email: musnrforestry@missouri.edu
(573) 882-7045

Federal Gainful Employment disclosure information for this Graduate Certificate is available at http://gradschool.missouri.edu/academics/programs/agroforestry-certificate/agroforestry-ge/Gedt.html
Hospitality Management

Eliza Tse, Chair
Hospitality Management Program
122 Eckles Hall
(573) 882-4100
Fax: (573) 882-0596
HRM@missouri.edu
http://hospitality.missouri.edu/

The Hospitality Management Program is established as an effective response to growing demand for managerial talents in the hospitality industries and the promise of hospitality education in knowledge pursuit and human development. The mission of the Program is to develop students to be responsible citizens and successful, ethical hospitality leaders. Thus, the curriculum leading to the BS in Hospitality Management educates students for leadership in the global hospitality industry.

The program has a food-service facility that houses demonstration kitchens, a multi-purpose dining room that plays host to the student-run Café at Eckles Hall, and fine dining evening experience. The program cooperates with the College in operating the Gathering Place Bed and Breakfast which serves as a training operation for lodging management and conference and event planning management students. Sport and entertainment organizations like Mizzou Athletics and MU Event Production Services also provide students learning experience beyond classroom setting.

Faculty

Professor E. Tse**
Associate Professor S. Cho**, J. Groves**, D. Kim**
Assistant Teaching Professor A. Alexander, Lance Hatfield*, Laura Hatfield*, L. Jett*
Instructor L. Dirks, B. Langford

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BS in Hospitality Management (p. 74)
  • with emphasis in Conference and Event Planning Management (p. 74)
  • with emphasis in Food and Beverage Management (p. 75)
  • with emphasis in Lodging Management (p. 75)
  • with emphasis in Sport Venue Management (p. 75)
• Minor in Hospitality Management (p. 75)

Department Level Requirements

One of the unique features of the program is the exposure of students to the hospitality industry in the form of hands-on learning. Students will have the opportunity to apply concepts and theories from their coursework to practical work experiences in industry, under the direction of faculty mentors and industry professionals.

Students transferring into Hospitality Management from other MU degree programs or from other institutions must have both a term and cumulative GPA of 2.25.

A grade of C- or higher is required for all hospitality core, emphasis area, and professional elective courses. Please see the BS in Hospitality Management (p. 74) page for the major program requirements.

What you can do with a degree in Hospitality Management

Students selecting a major in Hospitality Management are required to take a wide variety of courses that provide basic knowledge of human understanding, a theoretical knowledge of basic business principles, and an understanding of business principles as applied in the hospitality industry. Students further select an emphasis area which provides them more in-depth knowledge of leadership application in a Hospitality career area. In addition, each student completes a 12-15 hour block of professional electives which allows them to gain additional expertise.

Students choose an emphasis in Conference and Event Planning, Food and Beverage Management, Lodging Management, or Sport Venue Management. In the Conference and Event Planning Management emphasis, students develop knowledge and skills in planning and conducting a large variety of events from wedding, to small business meetings, to routine events that occur on a regular basis, to large one-time events. Students with this emphasis find employment in a variety of businesses, hotels, associations, and private event companies.

Students choosing the Food and Beverage Management emphasis acquire skills and knowledge in managing a variety of food and beverage operations both small and large scale. These students find employment in a variety of restaurants, lodging food operations, and catering venues. Many students in this area go on to own their own restaurant operations.

Students choosing the Lodging Management emphasis acquire skills and knowledge in managing a variety of lodging operations from mega resorts with thousands of hotel rooms, to small inns or bed and breakfast operations. These students find employment in small, medium, and large lodging operations. Some will go on to own and operate their own Bed and Breakfast operation.

Students choosing the Sport Venue Management emphasis acquire skills and knowledge in managing a variety of conference and events centers that have sports as one of their operations. These students will be qualified to operate large and small venues that cater to sports teams, concerts, and a variety of other functions. This is a good emphasis area for a student who wants to stay connected to the world of sports.

Graduate

The graduate program, Masters and Ph.D., is jointly offered with the Food Science Program. It is established with the objectives for the generation of new knowledge through research. The program provides an understanding of the body of knowledge in the discipline of hospitality and develops abilities to achieve scholarly success. These abilities include competency in research, problem solving and teaching/communication.

After graduation, it is likely that a Masters student will join the hospitality industry or continue their Ph.D. study. Ph.D. graduates will likely join the faculty of a college or university that will require research and publication as part of the promotion and tenure process. This goal is accomplished by creating a scholarly research environment, which introduces students...
the opportunity for writing, publishing, research, consulting and teaching. The atmosphere is interdisciplinary and incorporates a number of opportunities for a variety of types of information exchange and growth.

For additional information, please visit the Food Science Graduate Program (p. 63) Overview.

Semester Plan

Refer to the Semester Plan for the BS in Hospitality Management (p. 74).

Minor in Hospitality Management

The minor in Hospitality Management is for students interested in enhancing their understanding of the hospitality industry. A student must complete 15 credits of coursework related to each of the four Hospitality Management areas as listed below. The undergraduate chair of the HM program must approve your plan of study. Please use the CAFNR Minor form (http://cafnr.missouri.edu/students/minor-form.xls) to complete the application process for the HM minor.

School of Natural Resources

The School of Natural Resources is Missouri’s and the Midwest’s only school with a comprehensive natural resources program. It is a division of the College of Agriculture, Food and Natural Resources. It encompasses atmospheric sciences, environmental science, fisheries, forestry, parks, recreation, soils, tourism and wildlife. The school is based on an integrated, scientific approach to natural resources management. It is housed in the Anheuser-Busch Natural Resources Building containing state-of-the-art teaching, research and outreach extension facilities.

The Department of Forestry was established at MU in 1947 and was elevated to the status of School of Forestry in 1957. The fisheries and wildlife program, which was established in 1937 in the College of Arts and Science, became part of the school in 1973. The Department of Parks, Recreation and Tourism was added in 1988. The School of Natural Resources was formed through a name change in 1990. A Department of Soils was formed at MU in 1914 and a Department of Atmospheric Science was formed in 1966. Faculties in soil science and atmospheric science joined The School of Natural Resources in 1990 and 1991, respectively, and were merged into the Department of Soil and Atmospheric Sciences in 1992. This name was changed to the Department of Soil, Environmental and Atmospheric Sciences in 2004. With approximately 1000 undergraduates and 50 faculty members, the school is noted for excellent education, strong professional orientation, active student organizations and outstanding advising.

Faculty

Faculty members within the School of Natural Resources have their appointments through the following degree programs: Forestry (p. 67), Fisheries & Wildlife (p. 59), Parks, Recreation & Tourism (p. 92), Soil, Environmental & Atmospheric Science (p. 107). Their faculty listing can be found on those degree pages.

Undergraduate

• Minor in Natural Resources (p. 77)

While the College of Agriculture, Food and Natural Resources does not offer a baccalaureate degree in Natural Resources, it does offer degrees in specialized areas within Natural Resources, such as Fisheries and Wildlife (p. 59); Forestry (p. 67); Parks, Recreation and Tourism (p. 92); and Soils, Environmental and Atmospheric Sciences (p. 107).

Admissions

In addition to requirements listed below, students admitted to the University of Missouri may enter The School of Natural Resources as freshmen or as transfer students.

Transfer Students

Previous college work is carefully evaluated by The School of Natural Resources. Courses are readily accepted if they are satisfactory substitutes for required University of Missouri courses. Lists of acceptable substitute courses offered at many other institutions are maintained and are available to prospective transfer students on request.

Major Program Requirements

Students must meet all emphasis, major, department, college and university graduation requirements (p. 17), including the university general education requirements (p. 18). See the appropriate sections of this catalog.

Academic Assessment

Credits by Examination

A total of 21 credits in CLEP (College Level Entrance Program) is accepted in the following areas: English, mathematics, social sciences and humanities. The school does not accept natural science CLEP credit.

Student Services

Advising

Personalized advisement and counseling is available from the school’s faculty members. An open-door policy by advisors is emphasized and the school is noted for excellent student/faculty relations. Undergraduate advisement in The School of Natural Resources (SNR) is undertaken by those faculty and staff who advise with the attitude of fostering academic and professional development and success. The faculty members recognize the importance of establishing a trust relationship with students that will extend through their academic years at MU into their careers.

Career Placement

Students in The School of Natural Resources are provided various types of employment assistance through the College of Agriculture, Food and Natural Resources Placement Office (2-64 Agriculture Building). Resource materials on potential employers are available for student use. Instructions regarding federal, state and industrial employment procedures and assistance in the preparation of résumés and applications also are available. Notices of available positions are posted, and interviews are arranged with visiting organizations. Employment assistance also is given to alumni of the school on request.

Freshman Interest Groups

Freshman Interest Groups (FIGs) are sponsored by the school in four areas, atmospheric sciences (“Storm Chasers”), environmental science, natural resources and sport management. A learning community is also sponsored, comprised of members of the two FIGs and other students who live on the same dormitory floor. The FIG experience promotes a sense of community among students that increases the quality of all aspects of university life for incoming students.

Transfer Student Interest Groups

TRIGS, or Transfer Interest Groups, involve activities that are specifically designed to help transfer students make a smooth transition to the MU campus. The School of Natural Resources TRIG is composed of transfer students with common interests and majors. In addition to other activities, members of each TRIG take a 1 credit hour proseminar together during their first semester at MU. You do not need to live on campus to participate in a TRIG program. TRIGs are only open to transfer students who have completed 24 or more hours at their previous institution. There is no additional cost for participating in a TRIG, and they are a great way...
to get to know campus and meet other students who are also making the same transition. TRIGs are available only for students planning to start at MU in the fall term.

Graduate

- MS in Natural Resources (p. 77)
  - with emphasis in Agroforestry (p. 77)
  - with emphasis in Fisheries & Wildlife Sciences (p. 78)
  - with emphasis in Forestry (p. 79)
  - with emphasis in Human Dimensions of Natural Resources (p. 80)
  - with emphasis in Parks, Recreation and Tourism (p. 80)
  - with emphasis in Soil, Environmental and Atmospheric Sciences (p. 81)
  - with emphasis in Water Resources (p. 83)
- PhD in Natural Resources (p. 85)
  - with emphasis in Fisheries & Wildlife Sciences (p. 85)
  - with emphasis in Forestry (p. 86)
  - with emphasis in Human Dimensions of Natural Resources (p. 87)
  - with emphasis in Soil, Environmental and Atmospheric Sciences (p. 88)
  - with emphasis in Water Resources (p. 89)

Undergraduate

Minor in Natural Resources

The natural resources minor requires that students select no more than 6 credits from a prearranged list of lower-division courses. The student also must select three additional upper-division courses, totaling at least 9 credits, from any curriculum within The School of Natural Resources.

Graduate

MS in Natural Resources

The MS in Natural Resources has emphasis areas in Agroforestry (p. 77), Fisheries & Wildlife Science (p. 78), Forestry (p. 79), Human Dimensions of Natural Resources (p. 80), Parks Recreation and Tourism (p. 80), Soil, Environmental and Atmospheric Sciences (p. 81), and Water Resources (p. 83). Please see the individual emphasis area pages for degree requirements and admissions information.

MS in Natural Resources with emphasis in Agroforestry

Dr. Shibu Jose
203 Anheuser-Busch Natural Resources Building
Columbia, MO 65211
joses@missouri.edu
573-882-0240

Emphasis Area Focus

Agroforestry, as a farming system that integrates crops and/or livestock with trees and shrubs, has a long history of interdisciplinary research at the University of Missouri. The interdisciplinary emphasis area capitalizes on existing agroforestry research collaborations across The School of Natural Resources (SNR) departments in building an academic program that could attract and serve quality graduate students from Missouri, the nation and the world. The agroforestry emphasis area offers both a thesis and non-thesis option. The program also offers an online option designed for professionals working in natural resources around the globe who already have an undergraduate degree in a related field. Please visit the online webpage for more information: http://online.missouri.edu/degreeprograms/agroforestry/index.aspx

Admission Requirements

- Bachelor’s degree in a relevant discipline from an accredited institution
- Undergraduate GPA: 3.0 on a scale of 4.0
- Graduate Record Exam score (GRE)*: verbal plus quantitative total of at least 1100 (300 on the new GRE)
- Students whose GPAs and GRE scores do not meet the requirements will be evaluated individually
  *The GRE requirement may be waived under exceptional circumstances. Applicants will be reviewed on a case-by-case basis.

How to Apply

To the Graduate School:

- All application materials must be submitted to the Apply Yourself online application system.
- Statement of interest
- Résumé or CV
- GRE scores
- TOEFL scores (if applicable)
- A minimum of three letters of recommendation and the accompanying evaluation sheets from people who can attest to the candidate’s scholastic ability and experience relevant to graduate study.
- Publications (optional)

Application Deadlines

Applications must be received by the following dates:
- March 15 for the summer semester
- May 15 for the fall semester
- Oct. 15 for the spring semester

Thesis option:

Students in the thesis option will complete 30 credit hours of course work with no more than 12 credits for thesis research. Students choosing the M.S. thesis option will prepare a written research proposal and make an oral defense of that proposal within 12 months of their initial enrollment in the program. Students in the thesis option will write a thesis based on their research and participate in a public oral defense of their thesis announced at least two weeks prior to the defense date.

Non-Thesis option:

Students in the non-thesis option will complete 30 credit hours of course work with no more than 6 credits for a project. Students choosing the non-thesis option will be required to write a project plan and to make an oral defense of that plan within the first year following their initial
enrollment in the program. Students choosing the non-thesis option will write a technical report based on their project and participate in a public oral defense of their report to be announced at least two weeks prior to the defense.

**Timeline Requirements:**
1. Within six months of initial enrollment in the emphasis area, students must submit a plan of study.
2. Within one year of initial enrollment in the emphasis area, students must present a written proposal of their research or project proposal to be reviewed and approved by members of the students’ Masters Committee.
3. Students will submit a written thesis or project report following the guidelines specified by the Graduate School. All students must present a public oral defense of their dissertation or project announced at least two weeks prior to the defense date. Electronic media may be used to facilitate the defense for online/distance education students when appropriate.
4. All students will submit an annual report of their progress as required by the MU Graduate School.

**Agroforestry Emphasis Area Coursework Requirements**

Students seeking the agroforestry graduate emphasis will develop their course of study to incorporate 12 hours of a core curriculum of designated courses. This has been designed to include theoretical foundations in both the biophysical and socioeconomic components of agroforestry. The curriculum leads the student through a progression of learning and applying concepts related to (A) Agroforestry Fundamentals; (B) Biophysical Foundation; and (C) Socio-economic Foundation (Table 1).

Each student’s coursework requirements, including the selection of specific courses in the above categories, will be listed in the student’s plan of study and approved by their graduate committee.

**MS in Natural Resources with emphasis in Fisheries and Wildlife Sciences**

**Application and Admission Information**

Admission Contact Information
Graduate Secretary
302 Anheuser-Busch Natural Resources Building; Columbia, MO 65211
Janice Faaborg; faaborgje@missouri.edu; 573-882-9422 or Karen Decker; deckerkf@missouri.edu; 573-882-3436

**Admission Criteria**

Fall deadline: Rolling

- Minimum TOEFL scores:
  - Internet-based test (iBT) 79
  - Paper-based test (PBT) 550

- Minimum GRE scores:
  - Prior to August 1, 2011 1100
  - On or After August 1, 2011 1100 equivalent scores

- Minimum GPA: 3.2 in last 60 hours of undergraduate coursework.
- Experience in research or management of natural resources. Practical skills are strongly considered.

**Required Application Materials**

* To the Graduate School:
  - All application materials must be submitted to the Apply Yourself online application system
The master's degree in natural resources with an emphasis in forestry is designed for students with an undergraduate degree in forestry or in one of the biological, physical or social sciences basic to forestry. The MS degree may lead students with previous professional education in forestry to prepare for research and/or teaching, or to provide greater depth in a specialized area.

The MS is a research-based degree. The student is expected to work closely with a faculty advisor on original research, with the approval of a graduate committee. Advanced coursework is expected to complement and enhance the research project. Students generally complete a thesis and are expected to publish their research results in peer-reviewed scientific journals. A non-thesis option also is available that requires original research normally culminating in authorship of a substantial research paper.

Students without a Forestry Undergraduate Degree

Those without a baccalaureate degree in forestry may wish to further their education in forest science or to attain professional competence by completing coursework in forestry. Work required of students without a forestry degree who want a professional forestry education includes courses in dendrology, utilization of forest resources, resource measurements, forest inventory, forest fire control and use, forest ecology, silviculture, forest information systems, watershed management, forest management, forest economics, and public resource policy. Some of these courses do not carry graduate credit.

Admission Criteria

Fall deadline: May 15  
Spring deadline: October 15  
Summer deadline: March 15  

- Minimum GPA: 3.0 in last 60 hours  
- Minimum TOEFL scores:  
<table>

</tbody>
</table>

* 50th percentile or higher preferred in each category.

Particular attention is given to the record of the last 2 years of undergraduate study, and/or the type and quality of professional experience since completion of the undergraduate degree. Doctoral candidates must demonstrate a higher level of achievement in each of these criteria.

Required Application Materials

To the Graduate School:

- All required Graduate School documents  
- 3 letters of recommendation from individuals qualified to evaluate scholarly capacity and professional qualities  
- Letter of intent
To the Program:
• Departmental application (use form)
• GRE scores

Plan of Study
To attain the master's degree, 30 hours of course work must be completed; 15 hours or more must be 8000+ level. Research, problems, special investigations and special readings courses must not exceed 12 of the 30 hours. The GPA of all course work submitted for the degree must be 3.0 or better.

Thesis & Exams
A master's thesis, or a minimum of 5 semester hours of non-thesis research acceptable to the student's committee, shall be completed before the final examination. Research toward a thesis normally shall not exceed 8 hours. Thesis requirements and defense are as defined by the MU Graduate School. A final oral examination is given to all candidates before completion of the degree.

MS in Natural Resources with emphasis in Human Dimensions of Natural Resources

Application and Admission Information
Dr. Charles Nilon
302 Anheuser-Busch Natural Resources Building; Columbia, MO 65211
nilonc@missouri.edu; 573-882-3738

Emphasis Area Focus
The Human Dimensions of Natural Resources Emphasis Area (HDNR) addresses research and management questions including peoples' attitudes, knowledge, values, perceptions, and behaviors associated with natural resources. As an interdisciplinary emphasis area, HDNR considers applicants with backgrounds in social sciences, environmental education, natural resources management and conservation, or related disciplines.

The MS is a research-based degree. The student is expected to work closely with a faculty advisor to develop a research topic and a program of study. Students who complete a thesis are expected to publish their findings in peer-reviewed journals. A non-thesis option is also available that requires additional coursework and a research project.

Admission Criteria
• Minimum GPA: 3.0 in last 60 hours
• Minimum TOEFL scores:
  Internet-based test (IBT)  Paper-based test (PBT)
  80  550

• GRE Required

Required Application Materials
To the Graduate School:
• All application materials must be submitted to the Apply Yourself online application system
• Statement of interest

• Résumé or CV
• GRE scores
• TOEFL scores (if applicable)
• A minimum of three letters of recommendation and the accompanying evaluation sheets from people who can attest to the candidate's scholastic ability and experience relevant to graduate study
• Publications (optional)

Coursework Requirements
All students in the HDNR Emphasis Area will be required to take at least one course from each of three categories:
1. Social science research methods
2. Quantitative and/or qualitative data analysis
3. Social science theory

Each student's coursework requirements, including the selection of specific courses in the above categories, will be listed in the student's plan of study and approved by their graduate committee.

Thesis Option
Students in the thesis option will complete 30 credit hours of coursework with no more than 12 credits for thesis research. Students choosing the thesis option will prepare a written research proposal and make an oral defense of that proposal within 12 months of their initial enrollment in the program. Students in the thesis option will write a thesis based on their research and participate in a public oral defense of their thesis announced at least two weeks prior to the defense date.

Non-Thesis Option
Students in the non-thesis option will complete 36 credit hours of coursework with no more than 12 credits for project research. Students choosing the non-thesis option will be required to write a project plan and to make an oral defense of that plan within the first year following their initial enrollment in the program. Students choosing the non-thesis option will write a technical report based on their project and participate in a public oral defense of their report to be announced at least two weeks prior to the defense.

MS in Natural Resources with emphasis in Parks, Recreation and Tourism

Admission Contact Information
Dr. Sonja A. Wilhelm Stanis
Department of Parks, Recreation and Tourism (http://snr.missouri.edu/prt)
105 Anheuser-Busch Natural Resources Building; Columbia, MO 65211
sonjaws@missouri.edu; 573-882-9524

Emphasis Area Focus
Since virtually everyone participates in some form of leisure, the primary benefit of Parks, Recreation and Tourism (PRT) is to address quality of life issues. The unique interaction of people, places, and activities establish our profession as one of the world’s largest industries. Students learn how to manage leisure service delivery systems by combining theory with practice. This degree is designed to prepare students for
advanced positions in the parks, recreation, tourism and sport profession or admission into doctoral programs.

The M.S. is a research-based degree. The student is expected to work closely with a faculty advisor to develop a research study and corresponding coursework, with the approval of a graduate committee. Students who complete a thesis are encouraged to publish their findings in peer-reviewed journals. A non-thesis option is also available that requires additional coursework and a research project.

Application and Admission Information

Submit all required documents in electronic format in the Graduate School’s Apply Yourself (https://app.applyyourself.com/AYApplicantLogin/f1 ApplicantLogin.asp?id=umc-grad) online application system. Contact the emphasis coordinator or School of Natural Resources Director of Graduate Programs if you experience any difficulties.

Admission Criteria

Fall deadline: Rolling

- GRE required
- Minimum GPA: 3.0 in last 60 hours
- Minimum TOEFL scores:

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>61</td>
<td>500</td>
</tr>
</tbody>
</table>

- To be accepted as a candidate for the degree, an applicant must possess an undergraduate degree and academic performance that displays a breadth and depth of university education in social, behavioral, mathematical and natural sciences and major-specific coursework.

Required Application Materials

To the Graduate School:

- All required Graduate School documents
- Statement of purpose
- Resume or CV
- Unofficial college transcripts (you will be required to submit official transcripts if accepted)
- GRE scores
- TOEFL scores (for international applicants)
- Three letters of recommendation (use provided form and submit letters online)
- Department application for assistantship (optional)

Once all these items have been received, the faculty will begin our deliberations for acceptance into our program. **No student is accepted without an adviser.** It is possible that you meet minimum requirements for entrance but be denied acceptance because no adviser is able to sponsor your degree program. We strongly encourage you to email or contact the professors you are interested in working with. Direct contact is a good way to introduce yourself as well as get additional information about the program.

Plan of Study

The Master's degree is usually completed in four semesters of study. Students work closely with their advisor to select appropriate coursework that culminates in research or creative scholarly activity.

Thesis Option

The thesis option requires a minimum of 30 credit hours, including at least 15 hours at the 8000 level (of which, 12 hours must be theory-based courses within the major) and no more than 12 credits for thesis research, problems, and special readings courses. A proposal and oral defense of the thesis are required.

Non-Thesis

This option requires a minimum of 39 hours, including at least 15 hours at the 8000 level (of which, 12 hours must be theory-based courses in the major) and no more than 12 credits for project research, problems, and special readings courses. Students must give an oral presentation of their project report before graduation.

Financial Aid from the Program

Funding is available, but assistantships are highly competitive. Prospective students must complete all the necessary application requirements to be considered for departmental funding. Contact the graduate program emphasis coordinator for more details. Applicants should also contact the faculty they want to work with to determine the availability of possible graduate assistantship positions.

MS in Natural Resources with emphasis in Soil, Environmental and Atmospheric Sciences

Admission Contact Information

Dr. Peter Motavalli, emphasis area coordinator
motavallip@missouri.edu
Department of Soil, Environmental and Atmospheric Sciences
University of Missouri
302 Anheuser-Busch Natural Resources Building
Columbia, MO 65211 USA
573-884-3212

The M.S. degree in Natural Resources with emphasis in Soil, Environmental and Atmospheric Sciences (SEAS) is divided into three focus areas: soil science, environmental science or atmospheric science. Graduate candidates in the SEAS emphasis area must select one focus area of study and meet the admission criteria and degree requirements for the selected area.

Recommended Preparation

Appropriate undergraduate majors in preparation for graduate studies in the soil, environmental and atmospheric emphasis area include: agronomy, atmospheric science, biochemistry, biology, biogeochemistry, botany, chemistry, earth science, civil and environmental engineering, environmental science, forestry, geosciences, hydrology, mathematics, microbiology, physics, soil science, and watershed management. Check with the Emphasis Area Coordinator for specific recommendations for preparation for each graduate focus area.

Admission Criteria

Deadline: two months prior to the start of the academic semester for which the applicant is applying

Minimum TOEFL scores:
Completion of a BS Degree

Undergraduate GPA of 3.0 for the last 60 hours of coursework

- **Atmospheric science focus area applicants:** undergraduate program should include integral calculus and one year of college physics.
- **Environmental science focus area applicants:** undergraduate program should include general and organic chemistry, introductory biology, calculus, geology, physics, and ecology.
- **Soil science focus area applicants:** completed courses in general and organic chemistry, calculus, geology and physics. Inadequacies in courses must be remedied through additional course work immediately after admission.

All applications and supporting application materials for graduate admission into the M.S. program with emphasis in SEAS must be submitted to the Graduate School using the Apply Yourself online application system. The focus area of interest should be indicated in the application.

**Required Application Materials:**

- Letter of self-evaluation
- GRE score report
- Three letters of recommendation
- Official transcripts
- Official scores from TOEFL or another approved test of English proficiency is required from international applicants.

Submit all required documents in electronic format in the Graduate School’s Apply Yourself (https://app.applyyourself.com/AYApplicantLogin/fl_ApplicantLogin.asp?id=umc-grad) online application system.

**MS Degree Requirements**

The degree program with emphasis in SEAS must include 30 hours of graduate credit, with at least 15 hours comprised of 8000- or 9000-level courses. Not more than 12 hours of the minimum 30 hours are permitted for research, problems, special investigations and special readings. A minimum of one credit hour of graduate seminar must be included in each student’s graduate program.

All students enrolled in graduate programs are required to participate in a supervised teaching activity.

All students are required to attend a workshop on ethics and professionalism.

Students must maintain a GPA of 3.0 (A=4.0) in all course work presented for the degree.

**For an atmospheric science focus area**, appropriate atmospheric science courses must be selected and approved in consultation with the student’s advisor and graduate thesis committee.

**For a soil science focus area**, at least 12 credit hours of soil science courses at the 7000, 8000, and 9000 levels, exclusive of problems and thesis research, must be included in the student’s graduate program.

**For an environmental science focus area**, at least six credit hours of environmental science courses at the 7000, 8000, and 9000 levels, exclusive of problems and thesis research, must be included in the student’s graduate program. To meet the six credit hour requirement, courses must be selected from the following list of approved environmental science courses:

<table>

</tbody>
</table>

To complete the environmental science focus area, an additional six credit hours must be selected from courses listed above or from the following departments: biochemistry, biological engineering, biological sciences, chemical engineering, chemistry, civil and environmental engineering, fisheries and wildlife sciences, forestry, geography, geological sciences, and natural resources. Selection of these courses will be determined in consultation with faculty members serving on a student’s thesis committee.

**Thesis**

A thesis, which is a research report of original research on a specialized soil, environmental or atmospheric science problem conducted by the student, must be presented to the student’s graduate committee and successfully defended.

**Non-Thesis Option**

Under special circumstances, a non-thesis program in the soil science, environmental science or atmospheric science focus area may be approved by the student’s advisory committee, the SEAS Emphasis Area Coordinator and the Director of Graduate Studies. Not more than 6 hours of the minimum 30 hours are permitted for non-thesis research, problems, special investigations and special readings. At least 15 hours of the minimum 30 hours must be 8000- or 9000-level courses. A minimum of one credit hour of graduate seminar must be included in each student’s graduate program. The student is required to participate
in a supervised teaching activity and attend a workshop on ethics and professionalism. A student in the non-thesis option must form a graduate advisory committee and have that committee approve of the student taking the non-thesis option, the proposed course plan, and a project for the student to complete to meet the requirements of the non-thesis option. The student will complete a written report for the project which must be approved by the student's advisory committee.

Financial Aid from the Program

Check the program website (http://www.snr.missouri.edu/seas/academics/graduate-program.php) or contact the program for details on scholarships or graduate assistantships that may be available.

Integrated B.S./M.S. Program

Undergraduate students enrolled in the Department of Soil, Environmental and Atmospheric Sciences (SEAS) are eligible to apply for the integrated degree program in soil, environmental and atmospheric sciences that will enable outstanding undergraduates to obtain a B.S. and a M.S. (thesis required) after the successful completion of both degree requirements in five years. The program provides a challenging curriculum that will include opportunities and training in undergraduate and graduate-level research and prepare the student for a successful professional career. Increasingly, employers in competitive technical fields are looking for highly-motivated students with graduate training to meet the demands for their work force and this program will provide talented students with a unique and expedited pathway to develop their educational background and professional skills.

Overview

Undergraduate students in SEAS interested in the integrated B.S./M.S. program will be encouraged to participate in an undergraduate research experience during the summer of their sophomore year. They will apply and then be selected to enter the integrated B.S./M.S. program during the second semester of their junior year. Selected students will need to meet admission requirements for the Graduate School. Once selected the students will initiate work on their research during the summer of their junior year. During their senior year they will complete their undergraduate credits and can take up to 12 graduate-level credits (courses with numbering 7000 or higher) under MU's dual enrollment program. After completing the B.S. degree, students will continue their research and take the remaining coursework on their M.S. plan of study necessary to meet the 30 credit hour minimum required by the Graduate School for the M.S. degree. Several scholarships are currently available at the University of Missouri to assist outstanding students for the costs of their undergraduate and graduate education and for conducting undergraduate research, including the Honors College Discovery Fellowships Program and CAFNR and Life Sciences Undergraduate Research Fellowships.

Admission Procedures

Students seeking admission into the program should submit an application to the SEAS Emphasis Area Coordinator at the beginning (i.e., January 30th) of the Spring semester of their junior year. A faculty committee will consider several criteria for admission into the Integrated B.S./M.S. Program including:

1. the student's undergraduate GPA (60 or more credits; minimum GPA of 3.5 at the time of enrollment)
2. a formal statement of interest indicating the intended emphasis area (i.e., soil science, environmental science or atmospheric science)
3. three letters of recommendation with one letter being a formal nomination letter from a SEAS Department faculty member

A student who meets the eligibility requirements will be extended an offer of admission by the middle of the Spring semester. All students must select a faculty mentor/advisor after admission to the program. A faculty advisory committee will be selected for each student and they will meet during the semester to approve a course of study and assist the student in designing and conducting their research program. Students will prepare a research proposal to be reviewed and accepted by their advisory committee. After approval of the research proposal, students will initiate their research during the summer of their junior year. Formal application of the student into the Graduate School will take place during the final semester of the student’s senior year and is contingent on the student’s successful completion of B.S. degree requirements and meeting eligibility requirements for the graduate program. Students will be required to maintain a cumulative 3.0 GPA during the program, write an M.S. thesis and meet other M.S. degree requirements.

For more information about the program, contact either of the following people:

Dr. Neil Fox, Undergraduate Advisor Chair
Department of Soil, Environmental and Atmospheric Sciences
University of Missouri
302 ABNR Bldg

MS in Natural Resources with emphasis in Water Resources

Admission Contact Information

School of Natural Resources
Water Resources Emphasis Area
203-Q Anheuser-Busch Natural Resources Building
573-884-7732

Director of Graduate Studies:

Dr. Jason A. Hubbart
203-Q ABNR Building
573-884-7732
Hubbartj@missouri.edu

The Water Resources emphasis area is an interdisciplinary graduate degree program encompassing all fields of natural sciences and, through
collaboration, involves expertise from throughout the University of Missouri (MU). The geographic location of MU allows directed research to better understand water movement, biogeochemical cycling, biological and ecohydrological processes of flowing and impounded waters in forested, prairie, agricultural and urban landscapes of the midcontinent.

**Water Resources Program Description**

The Water Resources graduate emphasis area offers an M.S. degree program specializing in the occurrence, circulation, distribution, chemical and physical properties, and environmental interaction of atmospheric, surface and subsurface waters. Specific areas of investigation often include (but are not limited to) precipitation floods and drought regimes, lakes and reservoirs, groundwater, water use, water quality, water contamination, plant water use, environmental measurement methods, hydrologic modeling and International water resources.

Participating faculty in the Water Resources emphasis area are engaged in both scientific understanding of water resources (physical, chemical and biological) and its management, and the decision-making processes used to address competing societal values (social, economic and legal). The program has no geographic boundaries but benefits from a distinct midcontinent climate, and physiography. Multi-use watersheds (e.g. forest, agriculture, urban), streams, lakes, rivers, wetlands and subsurface waters are ideal areas for basic and applied research that is easily transferable to other regions. The program provides Global impact by graduating highly qualified internationally aware water resource professionals.

Water Resources program applicants must meet the program requirements of the University of Missouri Graduate School for MS programs and meet any additional application criteria of the Water Resources graduate emphasis area. Water Resources graduate students are often supported by grant-funded research assistantships, scholarships or fellowships, teaching assistantships, or are self-funded. Other opportunities may be available to eligible students.

Upon successful completion of the School of Natural Resources Water Resources graduate program, students will possess strong technical skills in water resources and related sub-disciplines. Graduates will have developed a holistic understanding of the hydrologic cycle related to ecosystem processes and the interdisciplinary background necessary to understand and address contemporary water resources problems.

**Application Process**

Interested applicants should forward by email a copy of their transcript, curriculum vitae, recent GRE scores, recent TOEFL scores (if appropriate), cover letter, a letter describing research interests (2 page limit), a letter describing career goals (2 page limit), and the names and contact information of three references. Documents should be forwarded to the Emphasis Area Director of Graduate Studies and prospective program Advisor. Graduate applications will be distributed by the Director of Graduate Studies (DGS) and reviewed by the prospective advisor and two emphasis area participating faculty.

**Admissions Course Requirements**

Coursework in the following areas are required for (M.S.) admission to the Water Resources graduate degree program. Entry requirements can be waived under extraordinary circumstances. Provisional admission for M.S. students may be granted to those who have completed the majority of this coursework, provided the remaining coursework is completed as deficiency requirements.

- Calculus (3 credits)
- Chemistry (3 credits)
- Physics (3 credits)
- Biology/Ecology (3 credits)

**Admission Criteria**

**Fall deadline: May 15**

**Spring deadline: October 15**

**Summer deadline: March 15**

- Minimum GPA: 3.0 in last 60 hours
- Preferred GRE scores:
  - Old Scoring (before 07-30-2011): Verbal # 600, Quantitative # 600, Writing # 3.5
  - New Scoring (after 08-01-2011): Verbal # 160, Quantitative # 148, Writing # 3.5
- Minimum TOEFL scores:
  - Paper Based (PBT): 550
  - Internet Based (iBT): 80
- Minimum IELTS score: 5.5

Particular attention is given to the record of the last 2 years of undergraduate study, and/or the type and quality of professional experience since completion of the undergraduate degree.

**Required Application Materials**

To the Graduate School:

- All required Graduate School documents
- 3 letters of recommendation from individuals qualified to evaluate scholarly capacity and professional qualities
- Letter of qualifications, experiences, and professional goals

To the Graduate Emphasis Area Coordinator:

- Please see “Application Process” above.

**Water Resources: Masters of Science Requirements**

http://gradschool.missouri.edu/policies/index.php

To attain the master’s degree, 30 hours of course work must be completed, and 15 hours or more shall be 8000 level. Not more than 40 percent of the 30 hour credit requirement can be satisfied by a combination of special investigations, Research, Readings and/or Problems courses. A maximum of 20 percent of the number of credit hours required for a student’s degree may be graduate credits transferred from another university, including another campus of the University of Missouri system upon the recommendation of the advisor, the approval of the academic program director of graduate studies and the Graduate School.

Required coursework and research activities are determined by the student’s graduate committee. The graduate committee must consist of at least 3 members with one faculty member outside the Emphasis Area. The GPA of all course work submitted for the degree must be 3.0 or better.
A thesis shall be completed before the final examination. Research credits toward a thesis normally shall not exceed eight hours. Thesis requirements and defense are as defined by the MU Graduate School. A final oral examination is provided by all candidates before completion of the degree.

Forms and Timelines for Master’s students:

http://gradschool.missouri.edu/forms-downloads/index.php

M1 Plan of study for Master’s Degree

http://gradschool.missouri.edu/forms-downloads/repository/m1.pdf

Together with his/her advisor, the student completes this form and provides it to the Director of Graduate Studies in the emphasis area. This form provides the student, the department and the Graduate School with a plan for all course work, transfer credit and research hours that will comprise a student’s program of study. This form should be completed by the end of the second semester.

M2 Request for Thesis Committee

http://gradschool.missouri.edu/forms-downloads/repository/m2.pdf

This form accompanies the M1, and should be submitted at the same time, by the end of the second semester. It is required of students who will be writing a thesis.

M3 Report of Master’s Examining Committee

http://gradschool.missouri.edu/forms-downloads/repository/m3.pdf

This form reports the final results of 1) master’s thesis defense 2) master’s project presentation or 3) master’s comprehensive examination. Submit to the Graduate School as soon as possible after the exam, project presentation or thesis defense.

Thesis defense seminar

All students must present a defense seminar in advance of his/her final examination. The seminar must be publicized and the Director of Graduate Studies needs to be informed of the date as soon as the student arranges it, at least two weeks before the seminar. If the seminar is not appropriately announced, it may be considered invalid.

M.S. Committee Meeting Minimum Requirements

M.S. Students must meet with their committee at least twice during their degree seeking program.

First meeting: Present a written research proposal, provide a proposal presentation to the committee and present their M1, and M2 for approval and signing.

Water Resources: Master’s Graduation Guidelines

Each student must complete the application for graduation early in the last semester of enrollment. The student is to inform the Director of Graduate Studies of his / her intention to graduate. Students are to apply for graduation directly to the Graduate School. NOTE: Deadlines are early in the semester.

http://gradschool.missouri.edu/academics/graduation-commencement/application-for-graduation.php

Thesis Guidelines

Every candidate should review the “Guidelines for Preparing Theses and Dissertations” from the Graduate School and should consult the Water Resources Director of Graduate Studies for academic program style requirements.

Graduate Student Publication Requirements

M.S. Students are required to publish at least one article in the primary literature stemming from their master’s thesis. In most cases, the article should be submitted to a peer reviewed journal prior to graduation.

Graduate Student Conference Requirements

M.S. Students are required to present their research at one or more professional conferences during matriculation.

PhD in Natural Resources

The PhD in Natural Resources has emphasis areas in Fisheries & Wildlife Sciences (p. 85), Forestry (p. 86), Human Dimensions of Natural Resources (p. 87), Soil, Environmental & Atmospheric Sciences (p. 88), and Water Resources (p. 89). Please see the individual emphasis area pages for degree requirements and admissions information.

PhD in Natural Resources with emphasis in Fisheries and Wildlife Sciences

Admission Contact Information
Graduate Secretary
302 Anheuser-Busch Natural Resources Building; Columbia, MO 65211
Janice Faaborg; faaborgje@missouri.edu; 573-882-9422 or Karen Decker; deckerkf@missouri.edu; 573-882-3436

Admission Criteria
Fall deadline: Rolling

- Minimum TOEFL scores:
  Internet-based test (iBT) Paper-based test (PBT)
  79 550

- Minimum GRE scores:
  When did you take the GRE? Verbal + Quantitative Analytical
  Prior to August 1, 2011 1100
On or After August 1, 2011

1100 equivalent scores

- Minimum GPA: 3.2 in last 60 hours of undergraduate coursework.
- Experience in research or management of natural resources. Practical skills are strongly considered.

Admission Criteria

Required Application Materials

To the Graduate School:

- All application materials must be submitted to the Apply Yourself online application system.
- All required Graduate School documents.
- A minimum of three letters of recommendation and the accompanying evaluation sheets from people who can attest to the candidate’s scholastic and conservation field work abilities.
- Departmental application.
- Written response to 1 of 5 questions listed on the Fisheries and Wildlife Sciences Graduate Program Admissions page.
- GRE scores.
- TOEFL scores (when applicable).
- Publications (optional).
- Résumé or CV.

We require applicants to contact specific faculty to determine the availability of research assistantships prior to applying to the program.

An applicant contemplating graduate work in fisheries, limnology, conservation biology, or wildlife should have a strong background in biological and physical sciences, including biology, botany, zoology, ecology, physiology, and genetics. In addition, such taxonomic courses as plant taxonomy, invertebrate zoology, ichthyology, ornithology, and mammalogy are highly desirable, as is a background in chemistry, mathematics, statistics, and physics.

A background of 25 to 30 hours in biological sciences courses is desirable. Minor deficiencies may be remedied during the graduate program; major deficiencies may require preparatory coursework prior to consideration for admission.

Fisheries and Wildlife Sciences degrees emphasize resource management at organismal, population, or ecosystem scales. An emphasis on resource management helps distinguish our program from basic biology; therefore, course work in fisheries or wildlife management, environmental science, resource policy, or other applied ecology fields is advantageous.

PhD Degree Completion Requirements

The PhD degree is conferred only upon those students who, after extensive study, have demonstrated a high level of achievement in their particular specialization in fisheries and wildlife and have completed independent research contributing to knowledge in the field.

Doctoral Committee

A student pursuing a PhD is expected to pass qualifying, comprehensive, and final examinations administered by the student’s doctoral committee. The committee shall be composed of a minimum of 4 members of the MU graduate faculty and will include at least 3 members from the student’s doctoral degree program and 1 outside member from a different MU program. At least 2 of the committee members must be MU doctoral faculty.

Qualifying Examination

The qualifying examination includes a general knowledge examination and is designed to evaluate the student’s background and determine areas that require further course work.

Plan of Study

The doctoral plan of study requires a minimum of 72 hours of graduate credit from courses taken at MU, transfer credits, and research hours. This program must include at least 15 hours of 8000- and 9000-level course work exclusive of problems, readings, and research credits. Up to 30 hours from an accredited master’s program may be applied to the plan of study, subject to committee approval.

Residency Requirement

Students enrolled in the PhD program must also satisfy a residency requirement of at least 3 consecutive semesters in which the student is in residence on the MU campus and enrolled for 6 or more credit hours, unless a prior exception is approved by the director of graduate studies.

PhD in Natural Resources with emphasis in Forestry

Admission Contact Information

Dr. Stephen G. Pallardy
203 ABNR Bldg.
Columbia, MO 65211
pallardys@missouri.edu

Doctorate in Forestry

The PhD degree in forestry is designed to prepare students for academic careers in research and teaching or other advanced scientific or professional careers. Students entering the PhD program will often have a master’s degree, but this is not an absolute requirement.

PhD candidates conduct original research under the supervision of a faculty advisor or advisors and with the participation of a doctoral committee. Students are expected to engage in coursework to prepare for careers in research, industry or academia. The Department of Forestry expects students to take part in professional and educational activities by giving presentations at conferences and presenting seminars. Ph.D. candidates complete a dissertation and are expected to publish their research results in peer-reviewed scientific journals.

Admission Criteria

Fall deadline: May 15
Spring deadline: October 15
Summer deadline: March 15

- Minimum GPA: 3.0 in last 60 hours
- Minimum TOEFL scores:
  - Internet-based test (iBT)
    - 80
  - Paper-based test (PBT)
    - 550

- Minimum GRE scores:
  - Verbal + Quantitative
  - Analytical

When did you take the GRE?
Prior to August 1, 2011  1100
On or After August 1, 2011  300

- 50th percentile or higher preferred in each category.

Particular attention is given to the record of the last 2 years of undergraduate study, and/or the type and quality of professional experience since completion of the undergraduate degree. Doctoral candidates must demonstrate a higher level of achievement in each of these criteria.

Required Application Materials
To the Graduate School:
• All required Graduate School documents
• 3 letters of recommendation from individuals qualified to evaluate scholarly capacity and professional qualities
• Letter of intent
To the Program:
• Departmental application (use form)
• GRE scores

Doctoral Committee in Forestry
The student pursuing the doctoral program is expected to pass qualifying, comprehensive and final examinations administered by the student’s doctoral committee. This committee is structured as defined by the MU Graduate School and must have a minimum of 4 members, at least 3 members must be from the student’s doctoral degree program and 1 outside member from a different MU program. The Forestry Department strongly recommends a 5-person committee for Ph.D. students. At least 2 of the committee members must be MU doctoral faculty.

Doctoral Qualifying Examination
The qualifying examination determines whether the student’s background is adequate to enter the PhD program. It also is intended to ascertain if there are areas of weakness in which a candidate will be required to gain background through appropriate course work or areas that prohibit entry into the program.

Doctoral Comprehensive Examination
The objectives of the comprehensive examination are twofold:
1. to determine if a student has acquired sufficient depth and breadth of knowledge in selected areas of concentration
2. to evaluate the candidate’s capacity to apply that knowledge in solving applied or theoretical problems.

Final Examination
The final examination is directed primarily toward exploration of the dissertation research project.

Foreign Language Requirements
Requirements for foreign language and a collateral field, if any, are determined by the student’s doctoral committee. The doctoral committee is expected to make an assessment of the student’s needs as they relate to the student’s background and educational objectives.

Dissertation
An independent scholarly dissertation approved by the student’s advisor and doctoral committee must be completed.

Graduation Requirements
The PhD degree is conferred only upon those students who, after extensive study, have demonstrated a high level of achievement in their particular specialization in forestry and have completed significant independent research in their field.

PhD in Natural Resources with emphasis in Human Dimensions of Natural Resources

Application and Admission Information
Dr. Charles Nilon
302 Anheuser-Busch Natural Resources Building; Columbia, MO 65211
nilonc@missouri.edu; 573-882-3738

Emphasis Area Focus
The Human Dimensions of Natural Resources Emphasis Area (HDNR) addresses research and management questions including peoples’ attitudes, knowledge, values, perceptions, and behaviors associated with natural resources. As an interdisciplinary emphasis area, HDNR considers applicants with backgrounds in social sciences, environmental education, natural resources management and conservation, or related disciplines.

The Ph.D. degree in HDNR is designed to prepare students for careers in academic research and teaching, or advanced scientific professions. The Ph.D. degree is conferred upon students who have demonstrated a high level of achievement in their particular specialization and have completed independent research contributing to knowledge in their respective field.

Admission Criteria
• Minimum GPA: 3.0 in last 60 hours
• Minimum TOEFL scores:
  - Internet-based test (iBT)  80
  - Paper-based test (PBT)  550
• GRE Required
• Students are expected to have completed a Master’s or equivalent degree at the time they start their doctoral program

Required Application Materials
To the Graduate School:
• All application materials must be submitted to the Apply Yourself online application system
• Statement of interest
• Résumé or CV
• GRE scores
• TOEFL scores (if applicable)
• A minimum of three letters of recommendation and the accompanying evaluation sheets from people who can attest to the candidate’s scholastic ability and experience relevant to graduate study
Coursework Requirements

All students in the HDNR Emphasis Area will be required to take at least one course from each of three categories:

1. Social science research methods
2. Quantitative and/or qualitative data analysis
3. Social science theory

Each student’s coursework requirements, including the selection of specific courses in the above categories, will be listed in the student’s plan of study and approved by their graduate committee.

Doctoral Degree Requirements

The HDNR doctoral program of study requires a minimum of 72 hours of graduate credit from courses taken at MU, transfer credit from a Masters or equivalent degree, and research hours. Doctoral students will be expected to follow a timeline toward completion of their degree:

1. Within one year of initial enrollment in the emphasis area, doctoral students must pass a written qualifying examination and submit a plan of study as defined by the Graduate School.
2. Within three years of initial enrollment in the emphasis area, doctoral students must present a written proposal of their research and an oral defense of that proposal to be reviewed and approved by members of the students’ doctoral committee.
3. Within three years of initial enrollment in the emphasis area, doctoral students must pass a written and oral comprehensive examination. The oral portion of the comprehensive examination may be combined with the research proposal oral defense.
4. Doctoral students will submit a written dissertation following the guidelines specified by the Graduate School. All doctoral students must present a public oral defense of their dissertation announced at least two weeks prior to the defense date.

PhD in Natural Resources with emphasis in Soil, Environmental and Atmospheric Sciences

Admission Contact Information

Dr. Peter Motavalli, Emphasis Area Coordinator
(motavalli@missouri.edu)
302 Anheuser-Busch Natural Resources Building
Columbia, MO 65211 USA
573-884-3212

The Ph.D. degree in Natural Resources with emphasis in Soil, Environmental and Atmospheric Sciences (SEAS) is divided into two focus areas: soil science or atmospheric science. Graduate candidates in the SEAS emphasis area must select one focus area of study and meet the admission criteria and degree requirements for the selected area.

Admission Criteria

Deadline: two months prior to the start of the academic semester for which the applicant is applying

- Minimum TOEFL scores:

<table>
<thead>
<tr>
<th>Internet-based test (IBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>71</td>
<td>530</td>
</tr>

<tr>
<td>On or After August 1, 2011</td>
<td>300</td>
<td>3.5</td>
</tr>
</tbody>
</table>

- Completion of an MS degree or equivalent. A waiver of the MS degree requirement may be made by the candidate’s doctoral program committee.

Note: All applications and supporting application materials for graduate admission into the SEAS emphasis area must be submitted to the Graduate School using the Apply Yourself (https://app.applyyourself.com/AYApplicantLogin/fl_ApplicantLogin.asp?id=umc-grad) online application system. The focus area of interest should be indicated in the application.

Required Application Materials

- Letter of self-evaluation
- GRE score report
- Three letters of recommendation
- Official transcripts
- Official scores from TOEFL or another approved test of English proficiency is required from international applicants.

Submit all required documents in electronic format to the Graduate School’s Apply Yourself (https://app.applyyourself.com/AYApplicantLogin/fl_ApplicantLogin.asp?id=umc-grad) online system. The focus area of interest should be indicated in the application.

PhD Degree Requirements

The curriculum is developed by a doctoral program committee and requires a minimum of 72 semester hours beyond the baccalaureate degree. At least 15 hours of course work in the degree program must be at the 8000 and 9000 levels, exclusive of research, problems and independent study experiences. A minimum of two credit hours of graduate seminar must be included in each student’s graduate program.

At least 12 credit hours of soil science courses at the 7000, 8000, and 9000 levels, exclusive of problems and thesis research, must be included in the student’s graduate program in the soil science focus area.

All students are required to attend a workshop on ethics and professionalism.

Qualifying Exam

The student should take the qualifying examination soon after admission into the PhD program and submit an approved plan of study to the Graduate School. It is departmental policy that a student is only allowed one opportunity to pass the qualifying exam.

Teaching

All students enrolled in graduate programs are required to participate in a supervised teaching activity.
Comprehensive Exam

After successfully completing the required course work with a GPA of 3.0 (A=4.0) or better, students must pass a written and oral comprehensive examination administered by their doctoral program committee.

Dissertation

A dissertation, which is a comprehensive report of original research on a specialized soil or atmospheric science problem conducted by the student, must be presented to the student’s graduate committee and successfully defended.

Financial Aid from the Program

Check the program website (http://www.snr.missouri.edu/seas/academics/graduate-program.php) or contact the program for details on scholarships or graduate assistantships that may be available.

PhD in Natural Resources with emphasis in Water Resources

Admissions Contact Information

School of Natural Resources
Water Resources Emphasis Area
203-Q Anheuser-Busch Natural Resources Building
573-884-7732

Director of Graduate Studies

Dr. Jason A. Hubbart
203-Q ABNR Bldg
573-884-7732
HubbartJ@Missouri.edu

The Water Resources emphasis area is an interdisciplinary graduate degree program encompassing all fields of natural sciences and, through collaboration, involves expertise from throughout the University of Missouri (MU). The geographic location of MU allows directed research to better understand water movement, biogeochemical cycling, biological and ecohydrological processes of flowing and impounded waters in forested, prairie, agricultural and urban landscapes of the midcontinent.

Water Resources Program Description

The Water Resources graduate emphasis area offers a Ph.D. degree program specializing in the occurrence, circulation, distribution, chemical and physical properties, and environmental interaction of atmospheric, surface and subsurface waters. Specific areas of investigation often include (but are not limited to) precipitation floods and drought regimes, lakes and reservoirs, groundwater, water use, water quality, water contamination, plant water use, environmental measurement methods, hydrologic modeling and International water resources.

Participating faculty in the Water Resources emphasis area are engaged in both scientific understanding of water resources (physical, chemical and biological) and its management, and the decision-making processes used to address competing societal values (social, economic and legal). The program has no geographic boundaries but benefits from a distinct midcontinent climate, and physiography. Multi-use watersheds (e.g. forest, agriculture, urban), streams, lakes, rivers, wetlands and subsurface waters are ideal areas for basic and applied research that is easily transferable to other regions. The program provides Global impact by graduating highly qualified internationally aware water resource professionals.

Water Resources program applicants must meet the program requirements of the University of Missouri Graduate School for Ph.D. programs and meet any additional application criteria of the Water Resources graduate emphasis area. Water Resources graduate students are often supported by grant-funded research assistantships, scholarships or fellowships, teaching assistantships, or are self-funded. Other opportunities may be available to eligible students.

Upon successful completion of the School of Natural Resources Water Resources graduate program, students will possess strong technical skills in water resources and related sub-disciplines. Graduates will have developed a holistic understanding of the hydrologic cycle related to ecosystem processes and the interdisciplinary background necessary to understand and address contemporary water resources problems.

Application Process

Interested applicants should forward by email a copy of their transcript, curriculum vitae, recent GRE scores, recent TOEFL scores (if appropriate), cover letter, a letter describing research interests (2 page limit), a letter describing career goals (2 page limit), and the names and contact information of three references. Documents should be forwarded to the Emphasis Area Director of Graduate Studies and prospective program Advisor. Graduate applications will be distributed by the Director of Graduate Studies (DGS) and reviewed by the prospective advisor and two emphasis area participating faculty.

Admissions Course Requirements

Coursework in the following areas are required for (Ph.D.) admission to the Water Resources graduate degree program. Entry requirements can be waived under extraordinary circumstances. Provisional admission for Ph.D. students may be granted to those who have completed the majority of this coursework, provided the remaining coursework is completed as deficiency requirements.

- Calculus (3 credits)
- Chemistry (3 credits)
- Physics (3 credits)
- Biology/Ecology (3 credits)

Admission Criteria

Fall deadline: May 15
Spring deadline: October 15
Summer deadline: March 15

- Minimum GPA: 3.0 in last 60 hours
- Preferred GRE scores:
  - Old Scoring (before 07-30-2011): Verbal # 600, Quantitative # 600, Writing # 3.5
  - New Scoring (after 08-01-2011): Verbal # 160, Quantitative # 148, Writing # 3.5
- Minimum TOEFL scores:
  - Paper Based (PBT): 550
  - Internet Based (iBT): 80
- Minimum IELTS score: 5.5
Particular attention is given to the record of the last 2 years of undergraduate study, and/or the type and quality of professional experience since completion of the undergraduate degree.

**Required Application Materials**

**To the Graduate School:**
- All required Graduate School documents
- 3 letters of recommendation from individuals qualified to evaluate scholarly capacity and professional qualities
- Letter of qualifications, experiences, and professional goals

**To the Graduate Emphasis Area Coordinator:**
- See "Application Process" above.

**Water Resources: PhD Students Requirements**

Students in the proposed degree Program must at least meet the general requirements (https://gradschool.missouri.edu/policies) of the University of Missouri Graduate School for the Ph.D. degree.

The Water Resources Emphasis Area Faculty and the School of Natural Resources of the University of Missouri award the Ph.D. degree only to those students who have completed necessary coursework and accomplished an independent research project resulting in a dissertation.

The Ph.D. degree in the emphasis area is designed to prepare students for academic careers in research and teaching or other advanced scientific or professional careers. The student pursuing the doctoral degree is expected to pass a qualifying, comprehensive and final comprehensive examination administered by the student’s Advisor and doctoral committee. This committee is structured at a minimum as defined by the MU Graduate School and must have at least one representative from a discipline outside the emphasis area and must consist of at least 4 members. An independent scholarly dissertation approved by the student’s advisor and program committee must be completed in a form acceptable to the doctoral committee, and MU Graduate School.

The Ph.D. degree is conferred only upon those students who, after extensive study, have demonstrated a high level of achievement in their particular specialization in water resources and have completed independent research contributing to knowledge in the field.

**Credit requirement:**

1. MU requires a minimum of 72 hrs beyond the Baccalaureate degree for the Ph.D.
2. The committee may recommend that a certain number of credits be transferred from the Master’s degree toward the Ph.D.
3. A maximum of 30 hours of post*baccalaureate graduate credit from an accredited university can be transferred toward the PhD degree program.
4. The program must include a minimum of 15 hours of 8000 level course work, exclusive of problems, readings and research.

**Qualifying Examination:**

The qualifying examination determines whether the student’s background is adequate to enter the Ph.D. program, as a candidate. It also is intended to ascertain if there are areas of weakness in which a candidate will be required to gain background through appropriate course work.

Therefore, it is advisable that the student work with their advisor to select a committee and complete the qualifying exam within the first 2 semesters of matriculation.

**Comprehensive Examination:**

The comprehensive examination is taken following the completion of most if not all, the course work requirements established by the graduate committee.

The objectives of the comprehensive examination are twofold:

1. To determine if a student has acquired sufficient depth and breadth of knowledge in selected areas of concentration; and
2. To evaluate the candidate’s capacity to apply that knowledge in solving applied or theoretical problems.

**Dissertation Defense Seminar:**

The DGS must be informed of the dissertation defense seminar at least two weeks in advance of the seminar. It must be well advertised and open to the public.

**Water Resources: Doctoral Graduation Guidelines**

Each student (Ph.D.) is to complete the application for graduation (http://gradschool.missouri.edu/academics/graduation-commencement/timeline-deadlines/doctoral-timeline.php) early in the last semester of enrollment. The student is to inform the Director of Graduate Studies of his/her intention to graduate. And students are to apply for graduation directly to the Graduate School. Deadlines are early in the semester.

**Dissertation Guidelines**

Every candidate should review the Dissertation & Thesis Guidelines (http://gradschool.missouri.edu/academics/thesis-dissertation/diss-thesis-guideline) from the Graduate School and should consult the Director of Graduate Studies for academic program style requirements.

**Ph.D. Committee Meeting Minimum Requirements**

Ph.D. Students must meet with their committee at least three times during their degree seeking program.

- First Meeting: Present a written research proposal, provide a proposal presentation to the committee and present the D1 and D2 for approval and signing.
- Second Meeting: Comprehensive exam committee meeting.

**Graduate Student Publication Requirements**

Ph.D. students are required to publish at least three articles in the primary literature stemming from their dissertation; at least one prior to graduation (requirements may vary by advisor).

**Graduate Student Conference Requirements**

Ph.D. students are required to present their research at two or more professional conferences during matriculation.
**Doctoral Forms**

Doctoral Timeline for Graduation & Commencement (http://gradschool.missouri.edu/academics/graduation-commencement/timeline-deadlines/doctoral-timeline.php)

D-1 Qualifying Examination Results and Doctoral Committee Approval Form (http://gradschool.missouri.edu/forms-downloads/repository/d1.pdf)
Submission of this form follows a meeting of the student's graduate committee and approval by the committee, of the student's proposal and plan of research and coursework. This form is to be submitted to the Graduate School no later than the end of the student's second semester of enrollment.

D-2 Plan of Study for the Doctoral Degree Form (http://gradschool.missouri.edu/forms-downloads/repository/d2.pdf)
This form accompanies the D#1, and is also to be submitted to the Graduate School no later than the end of the student's second semester of study. Doctoral students must take a minimum of 15 hours of regular 8000/9000 level coursework. This regular coursework cannot include Problems, Independent Readings, Research or other independent study courses.

D-3 Doctoral Comprehensive Examination Results Form (http://gradschool.missouri.edu/forms-downloads/repository/d3.pdf)
These forms should be completed and filed with the Graduate School within one month of exam completion.

This form should be completed and filed with the Graduate School as soon as possible after the defense. Prior to degree complete, PhD student are required to complete additional forms. See the Graduate school webpage.
Parks, Recreation and Tourism

D. R. Vaught, Chair
School of Natural Resources
105 Anheuser-Busch Natural Resources Building
Phone: (573) 882-7086
Fax: (573) 882-9526
vaughtdr@missouri.edu
http://snr.missouri.edu/prt/academics/parks-rec-tour.php

The Department of Parks, Recreation and Tourism is among the oldest nationally accredited programs in the United States. Emphasis areas include: leisure service management (Recreation, Youth Development and Fitness), natural resource recreation management, and sport management. The department integrates classroom learning with applied research and internship experiences and is a leader in technology infusion.

All students are required to complete an internship placement, normally taken during the last year of study and after completing all core courses. The semester-long internship is with an on or off-campus agency or organization chosen by the student and faculty. Regional, national and international internship placements are possible. Students may receive direct financial assistance from the agency or organization during the internship. Internships outside the state of Missouri require a 2.5 GPA.

The department offers BS in Parks, Recreation and Tourism and MS in Natural Resources.

Admission

It is possible for students who have a broad, liberal education to transfer into the department without a significant time penalty toward graduation. CLEP credits are accepted and evaluated on an individual basis. Minimum GPA of 2.5 required.

Faculty

Associate Professor G. L. Hitzhusen*, J. M. Morgan*
Assistant Professor S. A. Wilhelm-Stanis**
Associate Teaching Professor D. R. Vaught*
Assistant Teaching Professor G. Yan*, J. R. Upah*, K. J. Lee, N. M. Watanabe*.
Adjunct Professor D. Eiken*
Instructor T. Balthazor*

Director of Internships J. R. Upah*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

- BS in Parks, Recreation and Tourism (p. 92)
  - with emphasis in Leisure Service Management (p. 94)
  - with emphasis in Natural Resource Recreation Management (p. 94)
  - with emphasis in Sport Management (p. 94)
  - with emphasis in Tourism Development (p. 94)

Honors

Students who graduate with the following cumulative GPA values are awarded the baccalaureate degree accordingly:

<table>
<thead>
<tr>
<th>GPA Range</th>
<th>Honors Degree</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.50-3.69</td>
<td>cum laude</td>
</tr>
<tr>
<td>3.70-3.89</td>
<td>magna cum laude</td>
</tr>
<tr>
<td>3.90+</td>
<td>summa cum laude</td>
</tr>
</tbody>
</table>

Parks, Recreation and Tourism’s graduate program is housed under the MS in Natural Resources with emphasis in Parks, Recreation and Tourism (p. 80). Please visit their page for more information.

Director of Graduate Studies: Dr. Sonja Wilhelm Stanis

About Parks, Recreation & Tourism

Since virtually everyone participates in some form of leisure, the primary benefit of Parks, Recreation and Tourism (PRT) is to address quality of life issues. The unique interaction of people, places, and activities establish our profession as one of the world’s largest industries. Students learn how to manage service delivery systems by combining theory with practice.

Career Preparation

The purpose of graduate study is to promote research and scholarship as the foundation of professional excellence, thus preparing candidates for management-level positions or admission to doctoral programs.

Undergraduate

BS in Parks, Recreation and Tourism

Major Program Requirements

Satisfactory completion of 120 credits is required: a minimum of 108 credits in course work and a 12-credit internship with a cumulative GPA of 2.0. Professional preparation includes course work in a professional core, professional option requirements and electives, and an internship. Students must also complete all degree, department, college and university graduation requirements, including university general education (p. 18).

Students transferring into Parks, Recreation and Tourism from other MU degree programs or from other institutions must have a 2.5 GPA (past term and cumulative) for all work attempted.

Major core requirements (minimum grade of C- in core)

Plant Sciences

Division of Plant Sciences
College of Agriculture, Food and Natural Resources
52 Agriculture Laboratory
(573) 882-3001
Fax: (573) 882-2699

Division Director: Mike Collins

The Division of Plant Sciences was formed on August 1, 2005, through the consolidation of the former departments of Agronomy, Entomology, Horticulture and Plant Microbiology and Pathology. Programs formerly housed in those departments now reside in the division. The Division of Plant Sciences provides leadership for plant, insect and microbe-based research, education and extension programs in the College.

The division is the sole academic program in the state to address issues related to plant production, plant protection and plant biology from the laboratory to the field. We intend to be at the national and international forefront of disciplinary and interdisciplinary research, extension and education in applied and basic aspects of plant sciences.

Division faculty contribute to advances in conventional, sustainable and alternative production systems, plant biology, genetics and breeding, plant protection and pest management, plant-insect/pathogen interactions, and plant-soil relationships.

Faculty

Research Professors K.A. Nelson**

Associate Research Professors Z. Zhang**

Assistant Research Professors A. Thomas*, M. Jones*

Extension Professors W. E. Stevens*

Associate Extension Professors J. A. Lory*, M. Nathan*, L. E. Sweets* Assistant Extension Professors B. Fresenburg* Assistant Teaching Professor M. A. Gowdy*

Senior Research Scientist H. M. Appel*

Associate Professor Emeritus R. Munson, B. Puttler Curators’ Professor Emeritus C. J. Nelson*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BS in Plant Sciences (p. 97)
  • with emphasis in Breeding, Biology and Biotechnology (p. 98)
  • with emphasis in Crop Management (p. 99)
  • with emphasis in Horticultural Science and Design (p. 99)
  • with emphasis in Turfgrass Science (p. 99)

• Minor in Plant Sciences (p. 100)

Director for Undergraduate Programs
Reid J. Smeda

Fax: (573) 882-1467
smedar@missouri.edu

The Plant Sciences undergraduate major is a joint contribution of the disciplines of Agronomy, Entomology, Horticulture and Plant Microbiology and Pathology. From the manipulation of genes to increasing crop productivity to improving the quality of life by enhancing the landscape, plant science students are engaged in the science and art of working with plants. Educational opportunities in plant science range from basic (genetics, biotechnology and physiology) to applied (crop production and protection, landscape design and turfgrass).

The division offers the BS degree with a major in Plant Sciences. Students in plant science initially receive a broad education in agriculture, the basic sciences and business. Later, they elect to enroll in a specific emphasis area designed to empower them to be competitive in career opportunities in that area. The emphasis areas are a series of interwoven courses in:

- Crop Management
- Horticultural Science and Design
- Breeding, Biology and Biotechnology
- Turfgrass Science

Graduate

http://plantsci.missouri.edu/graduate

Director of Graduate Studies: James Schoelz

• MS in Plant, Insect and Microbial Sciences (p. 100)
• PhD in Plant, Insect and Microbial Sciences (p. 101)

The Division of Plant Sciences offers graduate programs leading to master of science and doctor of philosophy degrees in Plant, Insect and Microbial Sciences. A student can select training from a wide range of
courses and research programs to prepare for a career in research, teaching, industry and extension work.

The Division of Plant Sciences maintains excellent graduate programs with classroom instruction and research supervision provided by leading scientists in the field. A student can select training in one of several Graduate Program Areas. Students can follow a traditional curriculum or take advantage of the cross-disciplinary expertise that exists within the Division.

Programmatic Interactions

Students also benefit from interaction with closely allied academic units on and off campus. Students work with scientists in two campus-based USDA research units associated with the division: the Plant Genetics Unit and the Biological Control of Insects Research Laboratory. Additional opportunities exist for interaction with scientists at the Donald Danforth Plant Science Center in St. Louis. Numerous USDA and Danforth Center scientists hold adjunct appointments in the DPS. Students in the DPS are encouraged to interact with interdisciplinary programs on campus such as the Interdisciplinary Plant Group, the Molecular Biology Program, the Genetics Area Program, the Center for Agroforestry and the Missouri Precision Agriculture Center.

Areas of Study

A student can select training from a wide range of courses and research programs to prepare for a career in research, teaching, industry and extension work. Students may complete their graduate degrees through any of the Graduate Program Areas:

- Crop, Soil and Pest Management
- Entomology
- Horticulture
- Plant Breeding, Genetics and Genomics
- Plant Stress Biology

Undergraduate

BS in Plant Sciences

Major Program Requirements

In addition to CAFNR requirements and the university’s general education (p. 18) and graduation requirements, the Division of Plant Sciences requires the following courses. The student must also select one emphasis area. Two writing intensive courses are required under university guidelines.

Major Core Requirements

Communications

<table>

PLNT_S 4500  Biology and Pathogenesis of Plant-Associated Microbes

PLNT_S 3210  Principles of Weed Science

PLNT_S 3710 & PLNT_S 3715 Introductory Entomology and Insect Diversity

Emphasis Areas (select 1 from below)  3-12

Capstone Experience
Within their last 45 hours, students must complete a capstone experience. This requirement may be met by completing any one of the following:

PLNT_S 4940 Internship in Plant Science
PLNT_S 4950 Undergraduate Research in Plant Science
PLNT_S 4975 Advanced Landscape Design

Business and Economics Courses
AG_EC 1041 & AG_EC 1042 Applied Microeconomics and Applied Macroeconomics

Business Electives (6 credits)
(Choose from Accountancy, Agricultural Economics, Consumer and Family Economics, Finance, Management or Marketing)

Electives:
(the hours necessary to total 120 credits)

Total Credits 150-169

For additional course options see General Education List at http://generaleducation.missouri.edu/Courses eligible must include an "HFA" in appropriate column.

Semester Plan
Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

First Year

Fall  CR  Spring  CR

Total Credits: 122-124

BS in Plant Sciences with Emphasis in Breeding, Biology and Biotechnology

Major Program Requirements
Manipulation of plants at the cellular and genetic level can lead to improvements in crop performance and resistance to pests, as well as increase plant users. Job opportunities from the laboratory to the field are widespread in seed and chemical industries around the world.

In addition to CAFNR requirements and the university general education (p. 18) and graduation requirements, the Division of Plant Sciences requires the following courses:

<table>
<thead>
<tr>
<th>Emphasis Area Requirements</th>
<th>18</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOCHM 3630 General Biochemistry</td>
<td>3</td>
</tr>
<tr>
<td>CHEM 2100 Organic Chemistry I</td>

</table>

Emphasis Area Requirements fulfilled by core:

| PLNT_S 3225 Plant Breeding and Genetics | 3 |
| PLNT_S 4500 Biology and Pathogenesis of Plant-Associated Microbes | 4 |

Select one course from each A, B and C option 10-11

A.
PLNT_S 4400 Plant Anatomy 4
or BIO_SC 2300 Introduction to Cell Biology

B.
PLNT_S 4315 Crop Physiology 3
or PLNT_S 4320 Plant Physiology

C.
PLNT_S 4325 Field Crop Breeding 3
or BIO_SC 3210 Plant Systematics
or BIO_SC 4660 Plant Population Biology

Total 28-29

Semester Plan
Refer to the Semester Plan for the BS in Plant Sciences (p. 97).
BS in Plant Sciences with Emphasis in Crop Management

Major Program Requirements

The management of food and fiber crops is key to meeting the global demands for food and energy. There are many opportunities to improve plant growth by manipulating production practices and improving control of disease, insect, and weed pests.

In addition to CAFNR requirements and the university general education (p. 18) and graduation requirements, the Division of Plant Sciences requires the following courses:

<table>
<thead>
<tr>
<th>Emphasis Area Requirements</th>
<th>16-17</th>
</tr>
</thead>
<tbody>

Semester Plan

Refer to the Semester Plan for the BS in Plant Sciences (p. 97).

BS in Plant Sciences with Emphasis in Horticultural Science and Design

Major Program Requirements

Trees, flowers and other ornamental plants add beauty to our landscape, preserve green space, and reduce the negative impacts of climate change. Other plants such as vegetables and fruits enhance human health. Career opportunities exist to design landscapes, improve the value and beauty of homes and businesses, as well as commercially grow horticultural crops in greenhouses and other settings.

In addition to CAFNR requirements and the university general education (p. 18) and graduation requirements, the Division of Plant Sciences requires the following courses:

<table>
<thead>
<tr>
<th>Emphasis Area Requirements</th>
<th>9</th>

BS in Plant Sciences with Emphasis in Turfgrass Science

Major Program Requirements

Creation and maintenance of high quality turf areas for sporting activities, home lawns, and utility areas are important. Careers are available to protect turf from pests and optimize growth; integrated strategies emphasize conservation of water and other natural resources.

In addition to CAFNR requirements and the university general education (p. 18) and graduation requirements, the Division of Plant Sciences requires the following courses:

<table>
<thead>
<tr>
<th>Emphasis Area Requirements</th>
<th>22-23</th>
</tr>

</table>

Semester Plan

Refer to the Semester Plan for the BS in Plant Sciences (p. 97).
Semester Plan
Refer to the Semester Plan for the BS in Plant Sciences (p. 97).

Minor in Plant Sciences

A minor in Plant Sciences shall consist of a minimum of 15 hours of formal coursework in Plant Sciences (PS) designated courses. Of the 15 hours selected, a minimum of 12 hours must be numbered 2000 or above, of which at least 9 hours must be numbered 3000 or above.

Note: Problems courses, Readings courses, Internship courses and Undergraduate Research courses are not acceptable courses for the Plant Sciences minor, unless approved by the Director for Undergraduate Programs.

Graduate

MS in Plant, Insect and Microbial Sciences

Application and Admission Information

Admission Contact Information
Ms. Christa Smith
52 Agriculture Lab; Columbia, MO 65211
573-882-3001

Admission Criteria
Fall deadline: Flexible; January 15 for greatest financial aid considerations

Internet-based test (iBT) Paper-based test (PBT)
61 500

Minimum GRE score: none set
Minimum GPA: 3.0
Bachelor’s degree from an accredited college
Demonstrated capability to perform graduate-level work

Required Application Materials
To Graduate School:
• All required Graduate School documents

To the Plant, Insect and Microbial Sciences Program (http://plantsci.missouri.edu/graduate/admissions.cfm):
• 3 letters of recommendation
• GRE score report (recommended, not required)
• 1-2 page letter clearly articulating educational and professional goals
• Brief (2 pages) résumé

Financial Aid from the Program
Financial assistance is available to qualified students at both the MS and PhD levels, as either fellowships or research assistantships. Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website (http://plantsci.missouri.edu/graduate) or ask the program contact for details.

Division-Wide Requirements
To satisfy the course requirements for a master’s degree, a student must complete:
• A minimum of 30 credit hours from courses numbered 7000 - 9000
• 15 credit hours (towards the 30 credit hour requirement) must be from courses numbered at the 8000 or 9000 level
• 12 credit hours (towards the 30 credit hour requirement) can be satisfied by research, readings and problems courses
• For the Horticulture Program Area, at least 6 credits must be from formal courses, excluding Problems and other independent study courses and only 6 credit hours of research (PLNT_S 8090) can count towards the 30 credit hour requirement, even though additional hours of research can be taken.

The division-wide course requirements for the master’s degree are:
PLNT_S 8010 Professionalism and Ethics 2
Participation in the student seminar series
PLNT_S 9087 Seminar in Plant Science 1
PLNT_S 7087 Seminar (Must enroll twice) 2
PLNT_S 8090 Thesis Research (1 - 10 credits per semester) 1-10

To satisfy the course requirements for a doctoral degree, a student must complete:
• A minimum of 72 credit hours from courses numbered 7000-9000 (this includes dissertation research credit hours - i.e. PLNT_S 9090)
• 15 credit hours (towards the 72 hour requirement) must be from courses numbered at the 8000 or 9000 level, exclusive of dissertation research, problems or independent study
• For the Horticulture Program Area, all Doctoral students will have successfully completed the requirements for a master’s degree before beginning a doctoral program and no more than 30 hours of dissertation research may be counted towards the 72 hr minimum.

The division-wide requirements for the PhD are:
PLNT_S 8010 Professionalism and Ethics 2
Participation in the student seminar series
PLNT_S 9087 Seminar in Plant Science (Must enroll twice; only 1 credit counts towards the 15 credit hour requirement of 8000/9000 level courses) 2
PLNT_S 7087 Seminar (Must enroll 3 times) 3
During the Fall and Spring Semesters, MS students must enroll for 9 credits to be considered a full-time student. PhD students who have not completed their comprehensive exam must enroll for 9 credits to be considered a full-time student.

**Teaching Requirement**

With the exception of the Entomology Program Area, all students must participate in an approved teaching opportunity or an approved extension program.

**Satisfactory Rate of Progress**

A student shall maintain a minimum grade point average of 3.0. All divisional course requirements (and any additional requirements set by the student’s examination committee) shall be completed in a timely manner. All advisers will meet annually with each of their graduate advisees. They will discuss the student’s performance, any problems that exist and any suggestions for improvement. The advisor will provide the student and the director of graduate studies with a written summary of the meeting as part of the annual program assessment process.

**Graduate Program Area Requirements**

Detailed descriptions of divisional curricula and procedures are available on the division website. (http://plantsci.missouri.edu/graduate)

**Crop, Soil and Pest Management**

The Crop, Soil and Pest Management program area emphasizes a customized approach towards the course of study. Each student will work with their adviser and graduate committee to develop a course of study best suited to the student’s educational and career goals.

**Entomology**

The core requirements for the master’s degree in entomology program are:

- PLNT_S 7710 Systematic Entomology 5
- PLNT_S 7820 Principles of Insect Physiology 4
- PLNT_S 9810 Insect Ecology 3

One elective formal entomology course

The core requirements for the PhD degree in Entomology program are:

- PLNT_S 7710 Systematic Entomology 5
- PLNT_S 7820 Principles of Insect Physiology 4
- PLNT_S 9810 Insect Ecology 3

Two elective formal entomology courses

**Horticulture**

The horticulture program area emphasizes a customized approach towards the course of study. Each student will work with their adviser and graduate committee to develop a course of study best suited to the student’s educational and career goals.

**Plant Breeding, Genetics and Genomics**

The plant breeding, genetics and genomics program area emphasizes a customized approach towards the course of study. Each student will work with their adviser and graduate committee to develop a course of study best suited to the student’s educational and career goals.

**Plant Stress Biology**

The core requirements for the master’s and PhD degrees in the Plant Stress Biology program are:

- two Entry Level courses (to be completed in the first year)
  - Select one course from:
    - PLNT_S 7115 Crop Physiology 3
    - PLNT_S 7320 Plant Physiology 3
  - Required course:
    - PLNT_S 8530 Research with Plant Stress Agents

**PhD in Plant, Insect and Microbial Sciences**

**Application and Admission Information**

Admission Contact Information
Ms. Christa Smith
52 Agriculture Lab; Columbia, MO 65211
573-882-3001

**Admission Criteria**

Fall deadline: Flexible; January 15 for greatest financial aid considerations

<table>
<thead>
<tr>
<th>Internet-based test (IBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>

<td>500</td>
</tr>
</tbody>
</table>

Minimum GRE score: none set
Minimum GPA: 3.0
Bachelor’s degree from an accredited college
Demonstrated capability to perform graduate-level work

**Required Application Materials**

To Graduate School:

- All required Graduate School documents

To the Plant, Insect & Microbial Sciences Program (http://plantsci.missouri.edu/graduate/admissions.cfm):

- 3 letters of recommendation
- GRE score report (recommended, not required)
- 1-2 page letter clearly articulating educational and professional goals
- Brief (2 pages) resume
- Financial Aid from the Program

Financial assistance is available to qualified students at both the MS and PhD levels, as either fellowships or research assistantships. Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.
Division-Wide Requirements

To satisfy the course requirements for a master’s degree, a student must complete:

- A minimum of 30 credit hours from courses numbered 7000 - 9000
- 15 credit hours (towards the 30 credit hour requirement) must be from courses numbered at the 8000 or 9000 level
- 12 credit hours (towards the 30 credit hour requirement) can be satisfied by research, readings and problems courses
- For the Horticulture Program Area, at least 6 credits must be from formal courses, excluding Problems and other independent study courses and only 6 credit hours of research (PLNT_S 8090) can count towards the 30 credit hour requirement, even though additional hours of research can be taken.

The division-wide course requirements for the master’s degree are:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PLNT_S 8010</td>
<td>Professionalism and Ethics</td>
<td>2</td>
</tr>
<tr>
<td></td>
<td>Participation in the student seminar series</td>
<td></td>
</tr>
<tr>
<td>PLNT_S 9087</td>
<td>Seminar in Plant Science</td>
<td>1</td>
</tr>
<tr>
<td>PLNT_S 7087</td>
<td>Seminar (Must enroll twice)</td>
<td>2</td>
</tr>
<tr>
<td>PLNT_S 8090</td>
<td>Thesis Research (1 - 10 credits per semester)</td>
<td>1-10</td>
</tr>
</tbody>
</table>

To satisfy the course requirements for a doctoral degree, a student must complete:

- A minimum of 72 credit hours from courses numbered 7000-9000 (this includes dissertation research credit hours - i.e. PLNT_S 9090)
- 15 credit hours (towards the 72 hour requirement) must be from courses numbered at the 8000 or 9000 level, exclusive of dissertation research, problems or independent study
- For the Horticulture Program Area, all Doctoral students will have successfully completed the requirements for a master’s degree before beginning a doctoral program and no more than 30 hours of dissertation research may be counted towards the 72 hr minimum.

The division-wide requirements for the PhD are:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PLNT_S 8010</td>
<td>Professionalism and Ethics</td>
<td>2</td>
</tr>
<tr>
<td></td>
<td>Participation in the student seminar series</td>
<td></td>
</tr>
<tr>
<td>PLNT_S 9087</td>
<td>Seminar in Plant Science</td>
<td>2</td>
</tr>
<tr>
<td></td>
<td>Seminar (Must enroll twice; only 1 credit counts towards the 15 credit hour requirement of 8000/9000 level courses)</td>
<td></td>
</tr>
<tr>
<td>PLNT_S 7087</td>
<td>Seminar (Must enroll 3 times)</td>
<td>3</td>
</tr>
<tr>
<td>PLNT_S 9090</td>
<td>Dissertation Research (1-10 credits per semester)</td>
<td>1-10</td>
</tr>
</tbody>
</table>

During the Fall and Spring Semesters, MS students must enroll for 9 credits to be considered a full time student. PhD students who have not completed their comprehensive exam must enroll for 9 credits to be considered a full time student.

Teaching Requirement

With the exception of the Entomology Program Area, all students must participate in an approved teaching opportunity or an approved extension program.

Satisfactory Rate of Progress

A student shall maintain a minimum grade point average of 3.0. All divisional course requirements (and any additional requirements set by the student’s examination committee) shall be completed in a timely manner. All advisers will meet annually with each of their graduate advisees. They will discuss the student’s performance, any problems that exist and any suggestions for improvement. The adviser will provide the student and the director of graduate studies with a written summary of the meeting as part of the annual program assessment process.

Graduate Program Area Requirements

Detailed descriptions of divisional curricula and procedures are available on the division website. (http://plantsci.missouri.edu/graduate)

Crop, Soil and Pest Management

The Crop, Soil and Pest Management program area emphasizes a customized approach towards the course of study. Each student will work with their adviser and graduate committee to develop a course of study best suited to the student’s educational and career goals.

Entomology

The core requirements for the master’s degree in entomology program are:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PLNT_S 7710</td>

<td>3</td>
</tr>
</tbody>
</table>

Two elective formal entomology courses

Horticulture

The horticulture program area emphasizes a customized approach towards the course of study. Each student will work with their advisor and graduate committee to develop a course of study best suited to the student’s educational and career goals.

Plant Breeding, Genetics and Genomics

The plant breeding, genetics and genomics program area emphasizes a customized approach towards the course of study. Each student will work with their advisor and graduate committee to develop a course of study best suited to the student’s educational and career goals.

Plant Stress Biology

The core requirements for the master’s and PhD degrees in the Plant Stress Biology program are:

<table>

(573) 882-0392
ObrienDJ@missouri.edu
dass.missouri.edu/ruralsoc/

Carol Swaim, Administrative Assistant
121 Gentry Hall
(573) 882-7451
swaimc@missouri.edu

The Department of Rural Sociology participates in the Bachelor of Science in Agriculture degree offered by the College of Agriculture, Food and Natural Resources and offers a minor in rural sociology. For information about the agriculture degree, see the Agriculture degree page. The Department of Rural Sociology also offers graduate degrees.

Faculty

Professor D. J. O’Brien#, J. S. Rikoon**, J. I. Stallmann**
Associate Professor J. L. Gilles**, M. Grigsby**
Assistant Professor M. Hendrickson*H. Qin*
Teaching Assistant Professor (NTT) C. Brock*
Extension Assistant Professor J. Adams*, S. Jeanetta*, M. S. Leuci*
Research Assistant Professor C. Fulcher*
Associate Professor Emeritus K. E. Pigg*
Professor Emeritus R. R. Campbell*, M. F. Nolan*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• Minor in Rural Sociology (p. 103)
  Advisor: Mary Grigsby
  Grigsbym@missouri.edu

Graduate

121 Gentry Hall
573-882-7451
http://dass.missouri.edu/ruralsoc/

Director of Graduate Studies: Jere Gilles

• MS in Rural Sociology (p. 103)
• PhD in Rural Sociology (p. 104)

The Department of Rural Sociology offers the MS and PhD degrees. The program consists of broad training in sociological theory and methodology with attention to application and policy issues.

Students entering with a bachelor’s degree normally are admitted into the master’s program even if they are going on to a PhD, exceptional students may be admitted to the Masters/PhD program. Up to 12 hours of makeup work may be required for students who have less than adequate undergraduate preparation in the social sciences.

Specializations

Areas of specialization in the department are: sustainable development, community facilitation, and analytical processes.

Financial Aid from the Program

Request for financial support is made by the student at the time of application. Most of the financial support is for research assistantships. Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

Undergraduate

Minor in Rural Sociology

The rural sociology undergraduate minor requires 15 credits in rural sociology courses. Nine credits must be above the 2000 level. The specific combination of courses must be approved by a department advisor.

Graduate

MS in Rural Sociology

Admission Contact: Carol Swaim
Department of Rural Sociology
121 Gentry Hall; Columbia, MO 65211
573-882-7451

Admission Criteria

Fall deadline: N/A

• Minimum TOEFL scores:
  Internet-based test (IBT)  Paper-based test (PBT)
  84  570

• Minimum GRE score: none set
• Minimum GPA: 3.0 for domestic applicants
• An undergraduate and/or graduate degree in a social science or equivalent is desirable
• Basic understanding of statistics

Note: Students entering with a bachelor’s degree normally are admitted into the master’s program even if they are going on to a PhD, exceptional students may be admitted to the Masters/PhD program. Up to 12 hours of makeup work may be required for students who have less than adequate undergraduate preparation in the social sciences.

Required Application Materials

To Graduate School:

• All required Graduate School documents
To the Rural Sociology Program:
• Departmental application
• GRE score report
• 3 letters of recommendation

Degree Completion Requirements - Master’s Degree

A traditional 30-hour master’s degree with thesis is offered. Students choosing the 30-hour MS degree may expect to continue toward a PhD. Required courses for this degree: RU_SOC 8130, RU_SOC 8510 and SOCIOL 8100. Masters students must produce a research product or thesis.

Degree Completion Requirements - Professional Master’s Degree

This degree is designed for persons who wish to have the training needed to carry out applied research, policy analysis and program evaluation in a government or business. The 39-credit program includes a six- to eight-credit- hour internship.

Specializations

There are two options for the professional degree — community facilitation and analytical processes for community.

Course Requirements

More details can be found by referring to the online graduate student handbook (http://dass.missouri.edu/ruralsoc/grad).

Practical experience

Each student will have a practical experience through an internship doing applied social science work with a private or a public agency. The type of internship will vary according to student needs and interests, but it should be the equivalent of at least three months of full-time employment. Students will receive six to eight credits for this experience and will prepare a written report of their experience. Previous experience may be substituted for part of this requirement.

For More Information

For detailed information about Rural Sociology Master’s programs see the Rural Sociology Graduate Handbook (http://dass.missouri.edu/ruralsoc/grad).

PhD in Rural Sociology

Admission Contact: Carol Swaim
121 Gentry Hall; Columbia, MO 65211
573-882-7451

Admission and Recommended Prerequisites

Admission to the PhD program is determined by the admissions and awards committee. Although it is desirable that entering students have a strong background in sociology, students of high merit who do not have such a background are encouraged to apply. Such applicants may be required to take such graduate-level work as is necessary to remedy deficiencies in their background.
Science and Agricultural Journalism

Sharon Wood-Turley, Program Chair
112 Gentry Hall
(573) 882-7645
Fax: (573) 884-4444
swt@missouri.edu

The College of Agriculture, Food and Natural Resources, in cooperation with the Missouri School of Journalism, offers a degree program in Science and Agricultural Journalism (http://dass.missouri.edu/agj). This curriculum prepares students to communicate about issues related to science and agriculture, including: the food system (including everything from traditional production agriculture to grape and wine production), natural resources, the life sciences, the environment, and medical and agricultural biotechnology.

Graduates are prepared to enter a wide variety of media professions including: public relations, marketing, multimedia/web production, photography, magazine writing, reporting and broadcast.

Students must meet all GPA requirements of the Missouri School of Journalism. Check with your advisor for details. The department offers the Bachelor of Science with a major in Science and Agricultural Journalism.

Faculty

Assistant Teaching Professor W. Allen*, S. Wood-Turley
Instructor L. Sowers, N. Furstenau

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master's thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BS in Science and Agricultural Journalism (p. 106)

Major Program Requirements and Options in Science and Agricultural Journalism

When you major in science and agricultural journalism (http://dass.missouri.edu/agj), you gain access to the strengths of two nationally renowned programs: the Missouri School of Journalism and the MU College of Agriculture, Food and Natural Resources. Students combine courses in a subject area related to agriculture and the food system with a specialization in a specific medium/communications focus in the School of Journalism.

The Science and Agricultural Journalism Program provides you with five subject matter tracks to select from:
(Note: Tracks do not appear on transcripts or diplomas.)

• Agricultural Marketing
• Agricultural Science
• Conservation and Environmental Sciences
• Food and Wine
• Science

In addition, you can focus on one of the following media emphasis areas in the Journalism School, or select courses from a combination of:

• Convergence Journalism (a combination of media skills)
• Magazine Journalism
• Photojournalism
• Print and Digital News
• Radio-Television Journalism
• Strategic Communications (Advertising and Public Relations)

Agricultural Marketing Track

The Agricultural Marketing Track prepares students for careers in the agribusiness, government and other sectors where the specialized skills of writing, multimedia, marketing and strategic communications are in high demand. This track includes courses within the College of Agriculture, Food and Natural Resources in the Ag Marketing System, Ag Sales, Fundamentals of Entrepreneurship, New Products Marketing, International Food Trade and Policy, Agribusiness Finance and Agribusiness Management Strategy.

Agricultural Science Track

The Agricultural Science Track prepares students for careers in the news media, agricultural industry, government and other sectors where an in-depth knowledge of plant, animal and food science is in high demand along with specialized skills in writing, multimedia and other forms of communication. This track includes courses within the college of Agriculture, Food and Natural Resources in Plant Growth and Culture; Genetics of Ag Plants and Animals; Animal Science; Global Animal Agriculture; Food Science and Nutrition; Meat Classification, Grading and Judging; Elements of Food Microbiology; and Principles of Meat Science.

Conservation and Environmental Sciences Track

The Conservation and Environmental Sciences Track prepares students for careers writing about the environment, energy, conservation and nature. From climate change, endangered species and clean water to wildlife, forestry and outdoor activities - students in this track will gain an understanding of the complex issues on these beats and the complex job of communicating about them. This track includes a specialized course in Field Reporting and can include a trip to the annual national meeting of the Society of Environmental Journalists, a non-advocacy group. Other courses within the College of Agriculture, Food and Natural Resources in this track include Introduction to Environmental Science, Ecology of Agriculture, Food and Natural Resources in Plant Growth and Culture; Genetics of Ag Plants and Animals; Animal Science; Global Animal Agriculture; Food Science and Nutrition; Meat Classification, Grading and Judging; Elements of Food Microbiology; and Principles of Meat Science.

Food and Wine Track

Interest in food and wine is growing among consumers and the news media industry. Also, dairy, meat and wine are major industries in Missouri. This track prepares students for journalism and strategic communications careers in this increasingly important sector. The Food and Wine Track includes a specialized course in covering food and wine. Other courses within the College of Agriculture, Food and Natural Resources in this track include Introduction to Food Science, Elements of Food Microbiology, Introduction to Viticulture (grape production) and

Science Track

The Science Journalism Track prepares students for careers covering news and information on the frontiers of science - from biotechnology and nanotechnology to astronomy, climate, geology and the human brain. Students in this track will gain an understanding of the scientific, social, political and economic forces that shape the world of science and technology today, a world that increasingly affects the way we live and learn. This track includes such courses as Explaining Research; Earth Systems and Global Change; Introduction to Meteorology; Physics for Poets; Mind, Brain and Behavior; Science, Technology and Society; and Readings in Science Journalism. This track will enable excellent preparation for students in both journalism and strategic communications.

Graduate

While the College of Agriculture, Food and Natural Resources does not offer a graduate degree in science and agricultural journalism, the College does offer graduate degrees and certificates in a number of disciplinary areas. The catalog provides a complete list of these degree options at the University of Missouri, including the School of Journalism.

Undergraduate

BS in Science and Agricultural Journalism

Major Program Requirements

All students must complete 42 hours of Journalism coursework, 6 hours of Science and Agricultural Journalism courses, and 18 hours in one of the Science and Agricultural Journalism tracks. In addition, internship experience is strongly encouraged. Refer to the university general education requirements. A minimum of 120 credit hours is required for a B.S. in Science and Agricultural Journalism.

Total Credits: 120
Soil, Environmental and Atmospheric Sciences

Anthony R. Lupo, Chair
Soil, Environmental and Atmospheric Sciences
School of Natural Resources
College of Agriculture, Food, and Natural Resources
302 Anheuser-Busch Natural Resources Building
(573) 882-6301
http://www.snr.missouri.edu/seas/

The Department of Soil, Environmental and Atmospheric Sciences brings together students, staff and faculty working in the fields of environmental, atmospheric and soil sciences. Excellent opportunities exist for students wishing to explore these exciting areas of study. The department offers BS, MS and PhD degrees with a major in Soil, Environmental and Atmospheric Sciences. A minor with options in Environmental Science, Soil Science, or Atmospheric Science, is also available.

Faculty

Associate Professor N. I. Fox**, K. W. Goyne**, J. Hubbart*, P. S. Market**, R. J. Miles**

Adjunct Associate Professor C. Baffaut*, F. Eivazi*, R. N. Lerch**, Igor I. Mokhav, J. Yang*
Adjunct Assistant Professor J. O. Adegoke*, Steven Lack, Brent, Myers, Manjula Nathan, Brian Pettegrew, F. J. Young*
Associate Professor R. P. Udawatta**
Instructor E. Aldrich, Cammy Willett
Extension Assistant Professor P. E. Guinan**

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master's thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BS in Soil, Environmental and Atmospheric Sciences (p. 108)  
  • with emphasis in Atmospheric Science (p. 108)
  • with emphasis in Environmental Science (p. 109)
  • with emphasis in Environmental Soil Science (p. 112)
  • with emphasis in Soil Resource Management (p. 114)

• Minor in Soil, Environmental and Atmospheric Sciences (p. 115)

Dual Degree - Geological Sciences and Soil, Environmental and Atmospheric Sciences

The Department of Soil, Environmental and Atmospheric Sciences and the Department of Geological Sciences offer a dual BS in Geology and in Soil, Environmental and Atmospheric Sciences with an emphasis in Soil Resource Management. The dual degree program requires 132 credits for graduation. For more information on the dual degree program, contact an advisor in the Department of Soil, Environmental and Atmospheric Sciences or the Department of Geological Sciences.

Dual Degree - Biochemistry and Soil, Environmental and Atmospheric Sciences

The Department of Soil, Environmental and Atmospheric Sciences and the Division of Biochemistry offer a dual BS degree in Biochemistry and in Soil, Environmental and Atmospheric Sciences with an emphasis in Environmental Science. The dual degree program requires 134 credits for graduation. For more information on the dual degree program, contact an advisor in the Department of Soil, Environmental and Atmospheric Sciences or the Division of Biochemistry.

Dual Degree - Forestry and Soil, Environmental and Atmospheric Sciences

The Department of Soil, Environmental and Atmospheric Sciences and the Department of Forestry offer a dual degree in Forestry and in Soil, Environmental and Atmospheric Science with an emphasis in Environmental Science. The dual degree requires 136 credits for graduation. For more information on the dual degree program, contact an advisor in the Department of Soil, Environmental and Atmospheric Sciences or the Department of Forestry.

Graduate study at the University of Missouri (MU) in soil, environmental, and atmospheric sciences is designed to prepare students for professional careers in research, teaching or practical application of the principles of soil, environmental and atmospheric sciences (SEAS).

As of the fall 2013 semester, options for graduate study in SEAS will be offered through the MS in Natural Resources with an emphasis in SEAS (p. 81) and the PhD in Natural Resources with an emphasis in SEAS (p. 88). Focus areas in soil science, environmental science or atmospheric science are available through these options. Details on both degree programs, including recommended preparation, admission criteria, required application materials, degree requirements and financial aid, are provided in the graduate tab of the Natural Resources section of the catalog under the College of Agriculture, Food and Natural Resources.

Graduate Focus Areas

Atmospheric Science

Atmospheric science students participate in an area of research such as dynamic and physical meteorology, general circulation, global climate
change, severe storms, remote sensing and applied climatology with emphasis on environmental and socioeconomic impacts.

The program has a specialized computer data library that includes extensive long-term global and local observational records to support thesis and dissertation research. There are opportunities for joint research programs with the National Center for Atmospheric Research.

**Environmental Science**

Environmental science students may participate in environmental quality, hydrology, watershed management, and water quality emphasis areas. State-of-the-art equipment for chemical, biological and physical analysis of water and earth materials is available for use in laboratories maintained by the SEAS Department in the School of Natural Resources.

The program has a working scale-nested watershed study spanning native lands as well as agricultural, and urban environments, thus supplying an excellent outdoor teaching and research laboratory.

**Soil Science**

Soil science students may participate in one of the following emphasis areas: environmental quality, pedology, soil chemistry and biochemistry, soil microbiology, soil physics and conservation, soil management, or soil fertility and plant nutrition.

State-of-the-art equipment for chemical, biological and physical analysis of soils is available for use in laboratories maintained by the SEAS Department in the School of Natural Resources. Access to additional chemical analysis equipment, computing facilities, digital imaging equipment, field facilities, greenhouse space, radiochemistry and scanning electron microscopes is available within the University of Missouri.

**Financial Aid from the Program**

Check the program website (http://www.snr.missouri.edu/seas/academics/graduate-program.php) or contact the program for details on scholarships or graduate assistantships that may be available.

**Undergraduate**

**BS in Soil, Environmental and Atmospheric Sciences**

**Major Program Requirements**

In addition to university general education (p. 18) requirements, students must meet school requirements, as well as the degree requirements below:

**Major core requirements**

**Social and behavioral sciences**

Economics/business elective 3

**Math reasoning skills**

MATH 1400 Calculus for Social and Life Sciences I 3-5
or MATH 1500 Analytic Geometry and Calculus I

**Computer science**

AFNR 1120 Computing and Information Technology 2
AFNR 2120 Working with Data Using Excel 1

**Major capstone experience**

ATM_SC 4990 Daily Analysis and Forecast Interpretation 3
or ENV_SC 4320 Hydrologic and Water Quality Modeling
or SOIL 4320 Genesis of Soil Landscapes

**Soil, environmental, and atmospheric sciences**

ATM_SC 1050 Introductory Meteorology 3
SOIL 2100 Introduction to Soils 3
or SOIL 3290 Soils and the Environment
or ENV_SC 1100 Introduction to Environmental Science

**Major core quantitative skills**

STAT 1400 Elementary Statistics for Life Sciences 3
or STAT 2530 Statistical Methods in Natural Resources

**Major core science requirements**

CHEM 1320 College Chemistry I 4
Science electives 9

Total Credits 39-41

**Semester Plan**

Refer to the Semester Plans for the BS in Soil, Environmental and Atmospheric Sciences designed for the emphasis areas of Atmospheric Sciences (p. 108), Environmental Science (p. 109), or Soil Resource Management (p. 114).

**BS in Soil, Environmental and Atmospheric Sciences with Emphasis in Atmospheric Science**

**Major Program Requirements**

In addition to university general education (p. 18) requirements, students must meet the degree requirements below:

**Emphasis in Atmospheric Science**

Study of atmospheric science prepares the student for employment as a professional meteorologist in the National Weather Service, the military and other government agencies as well as meteorological consulting firms, broadcast outlets and industry. The emphasis in atmospheric science adheres to federal requirements for employment as a meteorologist, yet emphasizes interdisciplinary studies in natural resources leading to specialization in operational meteorology or environmental science. The course of study also serves as a preparatory curriculum for advanced study in atmospheric science. A major in soil, environmental and atmospheric sciences with an emphasis in atmospheric science requires 128 credits for graduation.

**Emphasis core requirements**

**Emphasis general requirements**

**Math reasoning skills**

MATH 1500 Analytic Geometry and Calculus I 5

**Communications**

COMMUN 1200 Public Speaking 3

Select one from the following or contact advisor for other selections:

SCI_AG_J 3210 Fundamentals of Communications
Those desiring a career in broadcast meteorology should consider the following courses or contact an advisor for other selections:

<table>
<thead>
<tr>

**Total Credits:** 128

**BS in Soil, Environmental and Atmospheric Sciences with Emphasis in Environmental Science**

**Major Program Requirements**

In addition to university general education (p. 18) requirements, students must meet school requirements as well as the degree requirements below:

**Emphasis in Environmental Science**

Addressing environmental problems such as water and air quality, waste management and land use issues often requires an interdisciplinary science education as well as an understanding of the social and economic context of the problem. The environmental science emphasis is designed to prepare students for careers as environmental professionals.

Within the environmental science emphasis, students can choose one of three tracks:

- water quality
- land management
- air quality

Students in all tracks take a mixture of natural and applied science courses such as ecology, soil science, forestry, atmospheric science, and fisheries and wildlife.

Other required classes provide students with technical and outreach skills such as geographical information systems (GIS) and additional communications courses, to prepare for work in environmental careers. Students also gain hands-on experience in their field of interest through off-campus internships and practical courses. Each of the tracks requires a 3-credit practical internship in environmental science. Students must
complete 128 credits to graduate, including 21-22 credits in the water quality, land management or air quality track.

Among the skills and abilities students develop as graduates with an environmental science emphasis are:

- Understanding of ecosystems and the factors affecting environmental processes and problems
- Facility with environmental monitoring techniques and instrumentation
- Knowledge of technologies and methods for remediation of degraded environments
- Capacity to effectively communicate and educate others about the environment

BS in Soil, Environmental and Atmospheric Sciences with Emphasis in Soil Resource Management

Major Program Requirements

In addition to university general education (p. 18) requirements, students must meet school requirements, as well as the degree requirements below:

**Emphasis in Soil Resource Management**

This course of study prepares the student for employment as a professional soil scientist in government, industry or consulting. Courses offered in soil science emphasize the application of basic physical and biological sciences to understanding the function and use of soils. A major in soil, environmental and atmospheric sciences with an emphasis in soil resource management requires 128 credits for graduation.

Soil science professionals have a wide range of career opportunities, including working in land-use planning and assessment, agricultural and horticultural production, consulting and sales, landscaping and recreational management. Among the state and federal agencies that employ soil scientists are the USDA-Natural Resources Conservation Service, the US Forest Service, the US Environmental Protection Agency, the Missouri Department of Natural Resources, the Missouri Department of Conservation and the Missouri Department of Health and Senior Services. Opportunities in private industry include working in environmental consulting firms and the horticultural and agricultural production and service industries.

**Emphasis core general requirements**

Math reasoning skills

- MATH 1400 Calculus for Social and Life Sciences I 3
- or MATH 1500 Analytic Geometry and Calculus I

Computer Science

- AFNR 1120 Computing and Information Technology 2
- AFNR 2120 Working with Data Using Excel 1
- or NAT_R 4325 Introduction to Geographic Information Systems

Senior capstone experience

- SOIL 4320 Genesis of Soil Landscapes 4

**Emphasis core quantitative skills**

- STAT 1400 Elementary Statistics for Life Sciences 3
- or STAT 2530 Statistical Methods in Natural Resources

Additional courses (6 credits) in math, computer science, and statistics OR two of the following:

- ENV_SC 4320 Hydrologic and Water Quality Modeling
- NAT_R 4325 Introduction to Geographic Information Systems
- NAT_R 4365 GIS Applications
- NAT_R 4385 Landscape Ecology and GIS Analysis I

**Emphasis core science requirements (including one course in organic or biochemistry)**

- General chemistry 4
- CHEM 1320 College Chemistry I 4

**Organic chemistry OR Biochemistry**

Select one of the following:

- CHEM 2100 Organic Chemistry I
- or CHEM 2030 Survey of Organic Chemistry
- BIOCHM 2110 The Living World: Molecular Scale
- or BIOCHM 2112 Biotechnology in Society

**Biological science**

Select two of the following:

- ENV_SC 1100 Introduction to Environmental Science 6-8
- or NAT_R 1070 Ecology and Renewable Resource Management
- PLNT_S 2110 Plants and their Cultivation
- or BIO_SC 1010 General Principles and Concepts of Biology & BIO_SC 1020 General Biology Laboratory
- BIO_SC 1200 General Botany with Laboratory

**Geology (any course)**

- 4

**Recommended science electives**

Select one of the following:

- CHEM 1330 College Chemistry II
- CV_ENG 3702 Hydrology
- FOREST 4320 Forest Ecology
- PLNT_S 3210 Principles of Weed Science
- PLNT_S 3225 Plant Breeding and Genetics
- PLNT_S 4315 Crop Physiology

**Other emphasis core requirements**

- ATM_SC 1050 Introductory Meteorology 6
- SOIL 2100 Introduction to Soils 6
- SOIL 2106 Soil Science Laboratory 6
- SOIL 3290 Soils and the Environment 6

**Total Credits: 137-140**
SOIL 4305 Environmental Soil Physics
SOIL 4306 Environmental Soil Physics Laboratory
SOIL 4308 Soil Conservation
SOIL 4312 Environmental Soil Microbiology
SOIL 4313 Soil Fertility and Plant Nutrition
SOIL 4314 Soil Fertility and Plant Nutrition Laboratory
SOIL 4318 Environmental Soil Chemistry
SOIL 4360 Precision Agriculture Science and Technology

Recommended electives, other soils courses or the following courses (6 credits)
BIOL_EN 4150 Soil and Water Conservation Engineering
BIOL_EN 4250 Irrigation and Drainage Engineering
CV_ENG 3400 Fundamentals of Geotechnical Engineering
ENV_SC 4320 Hydrologic and Water Quality Modeling
F_W 3400 Water Quality and Natural Resource Management
FOREST 4390 Watershed Management and Water Quality

Credits from general, quantitative, science and soil science to complete 128 total.

Total Credits: 123-131

Total Credits: 132-136

**Minor in Soil, Environmental and Atmospheric Sciences**

A minor in soil, environmental and atmospheric sciences is offered at the undergraduate level with three options: atmospheric science, environmental science, and soil science.

The minor in soil, environmental, and atmospheric sciences with an option in atmospheric science prepares the student for jobs in journalism and broadcast meteorology as well as for certification required by government agencies. A minor with an option in atmospheric science requires a minimum of 15 credits including:

- ATM_SC 1050 Introductory Meteorology 3
- ATM_SC 2720 Weather Briefing 1
- ATM_SC 3600 Climates of the World 3
- Additional 8 credits in atmospheric science or in a closely related area as recommended by the minor advisor, and may include the following
  - ATM_SC 2150 Natural Hazards
  - ATM_SC 2792 Weather Communication
  - ATM_SC 4520 Environmental Biophysics

Total Credits 15

The minor in soil, environmental and atmospheric sciences with an option in environmental science requires a minimum of 15 credit hours in environmental science courses with at least 9 credit hours at the 3000 level or above. This minor provides students an opportunity to enhance their understanding of the environment, interrelationships between various components of the environment, and a firm understanding of environmental issues. Selection of courses should be made in consultation with an advisor in environmental science. The following courses are required:

- ENV_SC 1100 Introduction to Environmental Science 3
- ENV_SC 3290 Soils and the Environment 3
- ENV_SC 3330 Environmental Land Use Management 3
- F_W 3400 Water Quality and Natural Resource Management 3
- Additional credits in environmental science as recommended by the advisor 3

Total Credits 15

The minor in soil, environmental and atmospheric sciences with an option in soil science requires a minimum of 15 credits in soil science. Selection of courses should be made in consultation with an advisor in soil science. Students with the following majors often choose minors with an option in soil science: forestry, fisheries and wildlife, plant science, and geological sciences. This minor also provides assistance with meeting certification as a waste water specialist. The following courses are required:

- SOIL 2100 Introduction to Soils 3
- SOIL 2106 Soil Science Laboratory 2

Additional Minors and Certificates - CAFNR

Undergraduate

• Minor in Agricultural Leadership (p. 117)
• Minor in Captive Wild Animal Management (p. 117)
• Minor in International Agriculture, Food & Natural Resources (p. 117)
• Minor in Sustainable Agriculture (p. 118)
• Minor in Viticulture & Enology (p. 118)

Graduate

• Certificate in Analysis of Institutions and Organizations (p. 118)
• Certificate in Food Safety and Defense (p. 119)

Undergraduate

Minor in Agricultural Leadership

The minor in Agricultural Leadership is for students interested in enhancing their public speaking, analytical reasoning, critical thinking, effective writing and teamwork skills. A student must complete 15 credits of coursework related to leadership and personal development from the list of approved courses. The coordinator of the minor must approve courses not on the list. With appropriate approval, an internship with a focus upon providing the student practical experiences in leadership and supervisory roles can be counted toward the 15 credit requirement.

Minor in International Agriculture, Food & Natural Resources

The world is becoming increasingly complex and integrated in nearly every category of human endeavor. An understanding of how global markets, natural resources, food production, and international trade and cooperation are affected by societies, languages, cultures, and governments is an essential component of a well-rounded 21st century education in AFNR. To facilitate these studies, the multidisciplinary International AFNR Minor offers academic recognition for achieving a level of expertise in coursework of international focus.

Coursework

The multidisciplinary Minor in International Agriculture, Food and Natural Resources is an excellent addition to any major as it provides insight into the ever-increasing interconnectedness of world communities.

• Minimum of 15 credits
• Nine of the 15 credits must be approved CAFNR courses at the 3000-level or above
• Maximum of six credits accepted from courses taken in formal study abroad programs
• Maximum of two courses (6 credits) approved by the student’s advisor and the international minor advisor chair (Dr. Laura McCann) in a geographic area of interest may be used toward the minor
• Independent research with a faculty member can provide up to six credits with approval of the student’s advisor and international advisor chair

Minor in Sustainable Agriculture

The minor in sustainable agriculture is for students interested in exploring agriculture and food systems that promote profit-ability, steward our natural resources, and provide enhanced quality of life for farmers, citizens and communities. A student must complete 15 credits of coursework that introduces concepts of sustainable agriculture, provides practical information on natural resources and food production, and investigates the impact of different philosophical and scientific frameworks on food and agriculture.

Required coursework includes:

<table>

Total Credits 15

Minor in Viticulture & Enology

The Viticulture and Enology Minor is for students interested in pursuing the broad career options available in the rapidly growing Midwest grape and wine industry. The curriculum consists of a diverse mixture of foundational and specialized courses from both Plant Sciences and Food Science. Students will learn skills from establishment of grape vines, culturing, and wine making. This integrated minor will benefit students seeking career options as well as the novice pursuing a hobby.

Curriculum requirements

Requirements of the Minor in V&E consist of seven (7) courses, which are divided into five core courses and two elective courses (from a selection of five courses). Required core and elective courses are described in Table 1. A total of 21-22 credit hours are required to complete the Minor in V&E. For students currently pursuing a B.S. in Food Science or Plant Sciences, six and five credit hours, respectively, over and above current requirements would be necessary. This is achievable within the elective hours in both degree programs.

Core Courses (15 credits)

Graduate Certificate in Analysis of Institutions and Organizations

The Certificate Program focuses on the structures and processes of Institutions and Organizations in changing environments. Institutions are the "rules of the game" that shape human interaction and consist of both formal rules (e.g. legal-contractual) and informal structures (norms, values and beliefs). Organizations are the concrete, humanly devised entities in which people interact and pursue goals, ranging from families to private and nonprofit firms and public agencies. This certificate emphasizes the common foundations of institutional analysis across academic disciplines including economics, sociology, political science, psychology, anthropology, geography, and law, as well as the ways that multidisciplinary perspectives can inform each other.

Graduate Certificate in Food Safety and Defense

In an era of global food systems and heightened security, effective control of foodborne hazards, both intentional and accidental, requires strategic knowledge. There is a great need not only for food industry personnel who, while working fulltime, would like to pursue more in-depth specialized training in food safety and security, but also for present-day students who plan to enter the food industry sectors in their future careers. This certificate will help serve the needs of industry and agencies that must protect the human food supply from accidental or deliberate contamination with pathogenic microbes and/or toxicants.

Undergraduate of Arts and Science. The College of Agriculture, Food and Natural Resources or in the College Preprofessional study for veterinary medicine may be completed either in the college before enrolling in the schools of Law or Medicine. Most students, realizing the increased necessity for a broad background in the liberal arts for all professions, earn an undergraduate degree in the College of Arts and Science in preparation for professional training. Students planning to enter the schools of Journalism, Law, Medicine or Veterinary Medicine often spend their first two or four years in the college before enrolling in the schools of Law or Medicine. A liberal education is the foundation of study in many disciplines. It enables students to serve roles in society or to continue their education with advanced academic study. To these ends, the college encourages excellence in teaching and scholarship among its faculty and provides both traditional and innovative undergraduate curricula. Degree programs allow flexibility in individual courses of study.

Many students who enroll in the college during their first two years at the University have not yet decided upon a major field of study. The structure of the college is such that students generally need not commit themselves to a major until the beginning of the junior year. This allows students time to explore possibilities and to consider their likes and dislikes and their personal and professional objectives. Students are encouraged to work closely with academic advisors while deciding on a program of study.

Students planning to enter the schools of Journalism, Law, Medicine or Veterinary Medicine often spend their first two or four years in the College of Arts and Science in preparation for professional training. Most students, realizing the increased necessity for a broad background in the liberal arts for all professions, earn an undergraduate degree in the college before enrolling in the schools of Law or Medicine. Preprofessional study for veterinary medicine may be completed either in the College of Agriculture, Food and Natural Resources or in the College of Arts and Science.

College of Arts and Science Requirements

To earn any degree from the College of Arts and Science, in addition to university requirements a candidate must fulfill each of the following:

- Complete all course work required for the Arts and Science Foundation Requirements.
- Basic Skills, Breadth of Study and Depth of Study requirements
- Sufficient elective credits to bring the total earned credits to 120
- Earn a GPA of 2.0 in the following categories:
  - A minimum 2.0 cumulative MU GPA
  - A minimum 2.0 MU GPA in all courses taken in the major
  - A minimum 2.0 MU GPA in all courses taken in the final 60 credits
  - A minimum 2.0 MU GPA in all courses taken in the final 30 credits
  - A minimum 2.0 MU GPA in all courses taken in the minor, if student is completing one
- Attain grades of C- or higher in the major and optional minor. Some departments of the college have higher minimum grade requirements in specified courses.
- Earn a minimum of 30 credits in courses numbered 3000 or above, which may include courses in the major. These courses must be regularly accepted for credit in the College of Arts and Science. A few specifically identified math, science, and music courses numbered at the 2000-level may be used to meet this requirement. Additional information is available in appropriate advising offices.

Credit Restrictions

Time Limit on Credits Earned

Credit that is applied toward a degree is considered valid for eight years. After that time, the validity of credit already on the transcript will be reevaluated. Departments of the college have the right to accept or to reject credit earned after eight years have passed.

Credit Toward Degree

Some courses are not accepted toward a degree in the College of Arts and Science. They are:

- MIL_SC 1100, MIL_SC 1130, MIL_SC 2210 and MIL_SC 2230
- Vocational courses, such as radio repair or keyboarding
- Developmental courses, such as MATH _0110, English Language Support Program courses, spelling and grammar

Undergraduate

- College of Arts and Science Requirements (p. 120)
- Credit Restrictions (p. 120)
- Departmental Examinations (p. 121)
- Maximum Credits Enrolled (p. 121)
- Enrolling at Other Institutions (p. 121)
- Graduation with Latin Honors (p. 122)
Sequence
Credit for a more advanced course within a sequence will not apply toward graduation if a student subsequently completes a less advanced course. (For example: completion of FRENCH 1200 after FRENCH 2100 or completion of MATH 1100 after MATH 1300.)

Maximum Credit Policies
• With the exception of MATH 1100, MATH 1120 (or equivalent), ENGLSH 1000 (or equivalent), and the elementary sequence in a foreign language, the maximum number of credits from a single department that may apply toward graduation is 40 for the BA and the BGS, 70 for the BFA, and 90 for the BM.
• A maximum of 12 credits for internship, special problems or directed readings may apply toward any one degree. Of the 12 hours, only 6 may be earned as internship credit. Some departments may further restrict this type of credit for both majors and non-majors in arts and science.
• A maximum of 5 credits for BIO_SC 2060 (or BIO_SC 3100) and BIO_SC 3650 may apply toward graduation.
• A maximum of 5 credits for MATH 1100, MATH 1120, MATH 1140, MATH 1160 and MATH 1180 may apply toward graduation.
• A maximum of 5 credits for MATH 1320, MATH 1400 and MATH 1500 may apply toward graduation.
• A maximum of 10 credits for introductory chemistry, which includes CHEM 1310 (or CHEM 1100), CHEM 1320, CHEM 1330 and CHEM 1500H, may apply toward graduation.
• A maximum of 1 credit for AG_EC 3285 may apply toward graduation.
• A maximum of 3 credits for any combination of the following may apply toward graduation: LTC_V 1210; LTC_V 4550; CMP_SC 1020.
• For non-music majors, a maximum of 6 credits for music ensemble courses, which include MUS_ENS 1841, MUS_ENS 1842, MUS_ENS 1846, MUS_ENS 1865 and MUS_ENS 2843, may apply toward graduation.
• For non-music majors, a maximum of 12 credits for applied music courses, which include MUS_APMS 1435, MUSIC_NM 1445, MUSIC_NM 2445, MUS_APMS 3455, MUS_APMS 3970, MUSIC_NM 4445 and MUSIC_NM 4445, may apply toward graduation.
• For non-art majors, a maximum of 12 credits for studio art courses may apply toward graduation. For interdisciplinary studies majors, the maximum is 18 credits, and for general studies majors, the maximum is 21 credits.
• A maximum of 2 credits for physical education activity courses may apply toward graduation.
• A maximum of 5 credits for orientation courses may apply towards graduation. Of these 5 credits, no more than 3 credits may come from courses that cover life skills or orientation to college courses, and no more than 3 credits may come from discipline-focused courses. Life skills/college life courses include courses such as Learning Strategies and Orientation to College; discipline-focused orientation courses include courses such as Introduction to Management and Introduction to Physical Therapy. Additional information is available in the appropriate advising offices.

Departmental Examinations
A student who wishes to take a departmental examination must take it before enrolling in a college class in the same subject. Applications normally are made to the departments indicated; however, during the summer preregistration period, some examinations can be taken at the MU Testing Service Office without formal application to the respective departments. In addition, the examinations administered by Testing Services may be taken any time during the academic year.

Students may not earn credit for introductory foreign language courses in their native language.

• Chemistry: Apply to the Department of Chemistry, 125 Chemistry Building, for an examination to earn credits in chemistry.
• French: Apply to the Department of Romance Languages, 143 Arts and Science Building, for an examination for 3 credits equivalent to the completion of FRENCH 2100. Upon successful completion of this test, a student will be awarded 10 credits of advanced standing for FRENCH 1100 and FRENCH 1200 in addition to the 3 credits indicated.
• German: Apply to the Department of German and Russian Studies, 448 Strickland Hall, for an examination to earn 3 credits in each of the following courses: GERMAN 2100; GERMAN 2260 Intermediate German II: Language and Culture; GERMAN 3230 Introduction to German Literature. Upon successful completion of one of these tests, a student will be awarded 10 credits of advanced standing for GERMAN 1100 and GERMAN 1200 in addition to the 3 credits indicated.
• Italian: Apply to the Department of Romance Languages, 143 Arts and Science Building.
• Latin: Apply to the Department of Classical Studies, 405 Strickland Hall.
• Mathematics: To earn 3 credits in College Algebra, students may take the proctored ALEKS Exam through the Office of Testing Services. (mathplacement.missouri.edu)
• Political Science: Contact the group testing program in the Testing Services Office for information on the 3-credit group test.
• Russian: Apply to the Department of German and Russian Studies, 448 Strickland Hall, for an examination to earn 3 credits in Elementary Russian and Russian Composition and Conversation. Upon successful completion of one of these two tests, a student will be awarded 10 credits of advanced standing for RUSS 1100 and RUSS 1200 in addition to the 3 credits indicated.
• Spanish: Apply to the Department of Romance Languages, 143 Arts and Science Building, for an examination to earn 3 credits equivalent to the completion of SPAN 2100. Upon successful completion of this test, a student will be awarded 10 credits of advanced standing for SPAN 1100 and SPAN 1200 in addition to the 3 credits indicated.
• Statistics: Apply to the Department of Statistics, 146 Middlebush Hall, for an examination to earn 3 credits for STAT 1300 Elementary Statistics.

Maximum Credits Enrolled
With the consent of the dean, students with superior scholastic records may be allowed to register for more than 18 credits during a fall or spring semester. During the summer sessions, a student may not ordinarily be enrolled for more than 9 credits during the two four-week sessions combined and/or the eight-week session.

Enrolling at Other Institutions
Students within the College of Arts & science are allowed to enroll in another institution, while being simultaneously enrolled at MU. Students
are strongly encouraged to speak with an advisor to verify course transfer credit, degree applicability and other academic ramifications. Students, however, bear the ultimate responsibility for checking course equivalencies and requesting official transcripts be sent to the MU Office of Admissions (230 Jesse Hall). Similarly, A&S students who are likely to qualify for Latin honors are advised not to risk their eligibility for this distinction because of simultaneous enrollment at another institution (see information on Latin honors). Students who receive financial aid are advised to check with a financial aid officer to learn the implications, if any, of simultaneous enrollment in a non-MU course.

Graduation with Latin Honors
Regulations of the college regarding the awarding of Latin honors require that 54 of the final 60 credits are completed in MU course work for a letter grade (A-F). Awarding of Latin Honors is based on the cumulative GPA. The local chapter of Phi Beta Kappa requires completion of a minimum of 60 credits of course work on the MU campus, usually during the last two years of study. Exceptions to this latter expectation may be made for students who study abroad in an approved program during their final semesters of study.

Probation and Dismissal
Academic (Scholastic) Standing
In addition to University requirements defined in the Academic Standing (p. 703) section of this catalog and in the Faculty Handbook (http://faculty.council.missouri.edu/handbook/article-8.html), academic status of Arts and Science students is determined in accordance with the following faculty guidelines. The word “term” in these regulations applies to semester, summer session or intersession. Course work completed by correspondence or through extension also has a bearing on academic status.

• Students on scholastic probation have two terms, (as long as each term GPA is no lower than 1.0), in which to attain good academic standing (2.0 minimum term and cumulative GPA) or be subject to dismissal. A student will not be eligible for removal from probation if he or she does not complete in residence during these two terms at least 12 graded credits acceptable by the student's advisor and in accordance with college policy for credit in the College of Arts and Science. To complete a course, the student must earn a grade in the A, B, C or D range.
• In the application of these rules, the dean will determine how an incomplete grade in a course will be considered in determining a student's academic standing.
• The dean may, in extenuating circumstances, waive any of the foregoing regulations governing eligibility to re-enroll for an individual student.

Degree Requirements
Arts and Science Foundation Requirements
The purpose of the Arts and Science Foundation Requirements is to assure that students fulfill the common educational objectives of the College of Arts and Science. Courses satisfying these requirements impart specialized knowledge and help students fulfill the broader objectives of a liberal education. Thus, these courses help students develop the following abilities:

- To communicate clearly and effectively in both writing and speech
- To generate and test hypotheses
- To locate and develop information needed to solve problems
- To think critically and use analytic skills effectively
- To examine their lives critically and objectively
- To enrich their lives through appreciation of present and past cultural achievements

Foundation requirements include three categories:

- Basic Skills requirements ensure competency in composition and communication, mathematics and analytic reasoning, awareness of American history and government, and where applicable, foreign language.
- Breadth of Study requirements are met by completing course work from a wide array of disciplines to ensure that graduates are broadly educated.
- Depth of Study requirements are met by completing advanced course work that allows for fuller understanding of a discipline than can be gained in introductory course work alone.

All students must complete all Arts and Science Foundation Requirements in order to earn a degree, regardless of prior baccalaureate degrees earned. Course work will be evaluated on a course-by-course basis. For students who earn an Associates of Arts degree from a Regionally accredited Missouri institution all Breadth of Education requirements will be considered to be met. Students will be required to complete at least one Depth of Education class with MU course work. In all cases, completion of the basic English and Mathematics requirements will be evaluated on a course-by-course basis.

Basic Skills
MATH 1100, MATH 1160, MATH 1120 or transferable equivalent with grade of C- or higher

- Required for BA, BFA, BGS, BM and BS degrees.
ENGLSH 1000 or transferable equivalent with grade of C- or higher

- Required for BA, BFA, BGS, BM and BS degrees.

One Math Reasoning Proficiency course with grade of C- or higher

- Required for BA, BFA, BGS, BM and BS degrees.
- May also apply toward other degree program requirements.
- Must be chosen from the list of MRP courses designated each semester in the online Schedule of Courses.

One course in American government or history

- Required for BA, BFA, BGS, BM and BS degrees.
- May also apply as a social science toward the behavioral and social science requirement.
- Should be chosen from the list of MU courses approved to meet Arts and Science Foundation Requirements.

Foreign Language
- Each student is required to attain the degree of proficiency equivalent to the completion of at least 12 hours of college-level work in a single foreign language. All MU foreign language departments require a grade in the C range or higher in level I or a language and level II of a language as prerequisites for level II and III, respectively.
- Alternative for selected BS degrees: 12 credits numbered 2000 or above in an area approved by the major department substituted with
the concurrence of the dean’s office. Courses used for a minor cannot be used to meet this requirement.

- The foreign language requirements can be waived if a student has completed four units of a single foreign language in high school. If a student chooses to meet the requirement by using high school units, any college credit for that same introductory language will not count towards graduation hours (i.e., a student who has completed 4 units of high school Spanish and has credit for SPAN 1100 will not have the SPAN 1100 count towards graduation hours). If a student wants to have the introductory college credit count towards graduation, the student must complete the language sequence.

- International students whose native language is other than English are exempt from the foreign language requirements but may not receive credit for basic skills courses in their native languages. Others with native competence in one or more foreign language offered by MU may have a foreign language requirement waived by passing an exam given by a faculty member who is fluent in the language. The faculty member need not be a member of the MU faculty, but must be approved by the dean’s office. The exam tests the student’s ability to read, write, and speak the language at the level broadly described as “intermediate.” Results of the examination are forwarded to the dean’s office for evaluation. Students in this situation do not receive advanced-standing credit for their foreign language knowledge.

**Breadth of Study**

Breadth of Study requirements include course work distributed among the following categories: biological, physical and mathematical sciences; behavioral and social sciences; humanities and fine arts.

1. **Biological, physical and mathematical sciences**
   - 9 credits required for BA, BFA, BGS, BM and BS degrees.
   - Must include course work from at least two of three areas.
   - Must include at least one biological or physical science laboratory course.

2. **Behavioral and social sciences**
   - 9 credits required for BFA, BGS, BM and BS degrees (except for the BS degree with majors in Biological Sciences and Psychology).
   - Must include course work from both the behavioral and social sciences.
   - 14-15 credits required for all BA degrees and the BS degree with majors in Biological Sciences and Psychology.
   - Must include 5-6 credits of behavioral science.
   - Must include 9 credits of social science, including course work from at least two different areas.

3. **Humanities and fine arts**
   - 9 credits required for the BFA, BGS, BM and BS degrees (except for the BS degree with majors in Biological Sciences and Psychology).
   - Must include course work from at least two different areas.
   - 12 credits required for the BA degree, and the BS degree with majors in Biological Sciences and Psychology.
   - Must include course work from at least three different areas.

4. **Additional breadth requirement for the BGS degree**
   - 3 credits from course work chosen from any of the following four categories: biological, physical and mathematical sciences; behavioral sciences; social sciences; humanities and fine arts.

**Parameters for meeting Breadth of Study requirements:**

- Courses from the major department may not be used for breadth requirements in the BA, BFA and BS.
- Courses from the major department may be used for breadth requirements in the BM.
- Students earning degrees in special degree programs (where the courses in the major represent multiple departments) may use courses from their major departments to meet breadth requirements, but not the specific courses used in the major.
- Courses from outside the major department but required for the major may not be used to meet breadth requirements in the BFA or BA with a major in Art.
- Only one non-Arts and Science course may be used in each of the four categories: biological, physical and mathematical sciences; behavioral sciences; social sciences; humanities and fine arts.
- Courses must be chosen from the Distribution of Content List on the web site of the General Education Program. (http://generaleducation.missouri.edu.)
- Courses used to meet breadth requirements may also be used to meet depth requirements (see below).
- Problems, research, readings, and internship courses may not be used for breadth requirements.

**Depth of Study**

Depth of Study requirements include at least 6 hours of course work numbered 2000 or above, distributed as follows:

**BFA in Art**

- 6 credits required (minimum of 2 courses).
- Must include course work from at least two of the following four breadth categories: biological, physical, mathematical sciences; behavioral sciences; social sciences; humanities and fine arts.

**BGS in General Studies, all BA degrees, and BS with majors in Biological Sciences and Psychology**

- 9 credits required (minimum of 3 courses).
- Must include course work from at least two of the following four breadth categories: biological, physical and mathematical sciences; behavioral sciences; social sciences; humanities and fine arts.

**BS with majors in Chemistry, Geological Science, Mathematics, Physics and Statistics**

- 6 credits required (minimum of 2 courses).
- Must include course work from at least two of the following three breadth categories: behavioral sciences; social sciences; humanities and fine arts.

**BS with a major in Economics**

- 6 credits required (minimum of 2 courses).
- Must include course work from at least two of the following four breadth categories: biological, physical and mathematical sciences; behavioral sciences; social sciences; humanities and fine arts.
Parameters for Meeting Depth of Study Requirements

- All courses must be numbered 2000 or above.
- At least 3 credits must be completed with MU course work.
- A student who elects 1-credit topics courses must complete a minimum of three courses in that breadth category as partial fulfillment of the depth of study requirement.
- Courses from the major department may not be used, except for the BM with a major in Music.
- Students earning degrees in special degree programs (where the courses in the major represent multiple departments) may use courses from their major departments to meet depth requirements, but not the specific courses used in the major.
- Courses from outside the major department, but required for the major, may not be used to meet depth requirements in the BFA or BA with a major in Art, the BA or BS with a major in Biology, or the BA with a major in Chemistry, Geological Science, Mathematics, Physics, or Statistics.
- Three hours (one course) of non-Arts and Science coursework may be used towards partial fulfillment of the depth of study requirement.
- Courses must be chosen from the Distribution of Content List (http://generaleducation.missouri.edu/requirements/distribution.php) on the website of the General Education Program.
- Courses used to meet depth requirements may also be used to meet breadth requirements.
- Problems, research, readings, and internship courses may not be used.

Major Program Requirements

A major consists of at least 21 credits, including at least 15 credits in courses numbered 2000 or above, 12 of which must be taken in MU course work. See detailed departmental information for additional requirements for specific majors.

All Arts and Science majors require an MU Writing Intensive course numbered 3000 or above and an MU capstone course with grades of C- or higher. In addition, some majors require course work outside the major department.

Each student must declare and receive official approval for a major by submitting a graduation plan no later than the semester after completion of 60 credits. The purpose of the graduation plan is to acquaint students with all requirements that must be met prior to graduation and to plan for the timely completion of these requirements. Departments and programs approve the graduation plan only when the student has met the following criteria:

- 2.0 cumulative GPA
- Completion of ENGLSH 1000 and MATH 1100 or MATH 1120 (or their equivalents) with grades of C- or higher
- Completion of any additional departmental requirements

Requirements for an Optional Minor

A minor consists of at least 15 credits, including at least 6 credits numbered 2000 or above, within a department or program that offers a minor; 9 of the required credits must be taken in MU course work. See detailed departmental information for additional requirements for specific minors. Courses outside the major department but required for the major may be used towards a minor. In addition, courses required in the minor may be used to meet Foundation requirements.

The College of Arts and Science awards minors only to undergraduate students who are simultaneous recipients of bachelor’s degrees. Students may not earn a major and a minor in the same field.

Dual Degrees

In order to receive two bachelor’s degrees, a student must complete a minimum of 132 credits and complete all of the specific requirements for both degrees. Normally, a minimum of one additional semester is required to earn both degrees. Each candidate for a dual degree is assigned advisors as appropriate.

The College of Arts and Science maintains dual-degree programs with the schools of Law, Medicine and Veterinary Medicine. To enroll in these programs, the student must have completed all of the specific course requirements for the bachelor’s degree prior to admission to the professional school and also must have completed the junior year in residence in the College of Arts and Science. Under certain circumstances, Arts and Science undergraduates may be assured admission to MU’s schools of Law or Medicine.

Second Degrees

The faculty of the college has approved the following guidelines for students wishing to obtain a second undergraduate degree after completion of a bachelor’s degree, in addition to any university requirements that may apply:

- Unless both degrees are earned at MU in successive semesters, a student pursuing a second undergraduate degree will ordinarily be required to complete a minimum of 30 credits in residence in the College of Arts and Science after completion of the first undergraduate degree.
- A student must complete any college, general education or department requirements that are unique to the new degree program. Requirements that are in effect at the time a student begins work toward the second degree are applicable.
- Students applying for second-degree status will be considered only if they have completed (with grades C- or higher) ENGLSH 1000 and MATH 1100 or MATH 1120 (or equivalents) and have final term and cumulative GPAs no less than 2.0.
- The student must submit a graduation plan in consultation with an advisor in an appropriate department or program before the dean’s office will approve a request from the student to enroll as a candidate for a second degree.
With the exception of Interdisciplinary Studies majors with an emphasis in Black Studies, Peace Studies, or Women’s and Gender Studies, the college does not approve applications for a second undergraduate degree in General Studies or Interdisciplinary Studies.

Once enrolled for a second degree, a student is committed to enrolling in course work required for completion of that degree. A student will not be allowed to continue as a candidate for a second undergraduate degree if not enrolled in courses required for the second bachelor’s degree.

Double Majors

A number of Arts and Science students choose to complete multiple majors while earning one degree. The requirements of each major, along with requirements for the degree, must be completed. Often, this does not result in the addition of hours to the degree program.

Graduate School Dual Enrollment

A final-semester senior may dually enroll in the College of Arts and Science and the Graduate School with permission of the deans of both divisions. This enables the student to complete some graduate course work prior to receiving the bachelor’s degree.

The student must be within 15 credits of completion of the bachelor’s degree and must rank in the upper half of the class.

Application forms for dual enrollment in these two schools may be obtained from the Graduate School Dean in 210 Jesse Hall.

Advising

Students who have declared a major are assigned an advisor in that department. Students who have not yet decided on a major are assigned to a professional advisor in the Student Success Center.

Career Placement

Employment opportunities in the various disciplines of the liberal arts vary greatly. Most departments in the college have printed information available describing employment opportunities. The MU Career Center in the Student Success Center offers students a variety of career planning services.

Air Force Reserve Officer Training Corps (AFROTC)

The AFROTC provides the opportunity to become a United States Air Force officer while completing a college degree. The program combines traditional undergraduate education with military instruction in preparation for Air Force leadership challenges. Each semester academic AFROTC classes will build a foundation for application to a two-hour Leadership Lab. Scholarships are available. Visit www.afrotc.com (http://www.afrotc.com) for the most current information. After graduating from college and successfully completing all AFROTC requirements, cadets receive a commission as as second lieutenant with an obligation of four years of service in the active duty Air Force. Pilots incur a ten-year commitment from the date of graduation from pilot training. A few additional career fields require a six or eight year commitment.

MU also offers a Minor in Aerospace Studies (p. 296).

For additional information contact:
Department of Aerospace Studies
217 Crowder Hall

573-882-7621
airforce.missouri.edu

Army Reserve Officer Training Corps (AROTC)

Army ROTC is a college elective program that teaches the skills needed to succeed in the Army or the corporate world. Students combine classroom time with hands-on experience and learn leadership and management skills. The experience of Army ROTC provides the confidence needed to excel in college and beyond. The Army ROTC program can be completed through a two- to four-year program designed to develop young men and women into junior commissioned officers in the Active Army, Army Reserve, or Army National Guard. In addition to traditional combat roles, Army officers serve in such professional fields as aviation, medical service, finance, personnel management, communications and engineering. MU also offers a Minor in Military Science (p. 300).

Graduate

College of Arts & Science
107 Lowry Hall
(573) 882-6411
http://coas.missouri.edu/

The College of Arts and Science is home to a broad spectrum of disciplines that prepare graduate students for challenging and rewarding careers. Our faculty mentors are known for both research and teaching excellence and many have received national acclaim for discoveries, disciplinary leadership, creative works and music or theater performance.

The School of Music (p. 220), housed within the College, offers masters degrees, a doctoral degree and a graduate certificate in jazz studies. Music education degrees are offered in conjunction with the College of Education, Department of Learning, Teaching and Curriculum.

Note: Prospective graduate students must apply to both the degree program of interest and to the MU Graduate School. In most cases, the entire application process may be completed online. Find admission and application details by selecting the degree program of interest in the left navigation column.
Anthropology

Mark V. Flinn, Chair
Department of Anthropology
College of Arts & Science

Mailing Address:
107 Swallow Hall
Columbia, MO 65211

Office Location:
1205 University Ave., Suite 1110
Columbia, MO 65211

Fax: (573)884-5450
http://anthropology.missouri.edu

Anthropology is the study of human biology, behavior, language, and culture through comparative, evolutionary, and historical perspectives. Theoretically driven and research oriented, the Department of Anthropology at MU aims to advance scientific, anthropologically informed knowledge, with a general emphasis on Human Adaptation, Ecology, and Evolution.

MU Anthropology students study the whole of humanity - our history, variability, artifacts, customs, and value systems. This holistic approach produces sophisticated problem-solvers, which today’s increasingly complex and conflict-prone world needs.

Faculty

Assistant Professor: L. Cowgill**, K. Panchanathan**, R. Walker**
Research Professor: N. Chagnon, M. Daly

Note: All permanent regular faculty members in the department serve as undergraduate mentors for anthropology majors.

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Anthropology (p. 128)
• Minor in Anthropology (p. 129)

Director of Undergraduate Studies: Dr. Christine VanPool - VanPoolC@missouri.edu

Anthropology is the study of humans and their cultures at different levels of social complexity, in different environments and at different times and places. Anthropologists view and compare human populations across cultures and consider the interplay between biology and culture in forming human behavior. Anthropological study has three disciplines:

• Biological anthropology; the study of the evolution and biology of humans and other primates
• Cultural anthropology; the study of the various ways of life of recent and present-day peoples
• Archaeology; the study of past cultures through analysis of their material remains

Each of these contributes to a discipline that attempts to understand how and why humans look and behave the way they do.

An undergraduate major in anthropology results in a broad educational base that can be the core of a liberal arts education or the background for specific vocational or professional goals of a student. Anthropology is of particular value to students planning professional careers in a world of cultural and ethnic diversity. Anthropology majors are required to take core courses in three areas of the discipline, but may emphasize one or more of them in their remaining courses. Students may also develop an interdisciplinary program in cooperation with other departments or schools. In addition, the department offers an anthropology minor to students who are majoring in other departments and who will profit by more formal training in the discipline.

The Department of Anthropology provides many opportunities for students to become involved in research and encourages all students to do so. Such experiences help a student develop creativity, critical thinking skills, and skills in problem solving and writing. Students who are interested in doing anthropological research have several options, including both working in close conjunction with a faculty member and working on an independent project, which may lead to an honors degree for eligible students.

Undergraduate training in anthropology prepares students for work in government agencies (both in the United States and overseas), museum positions and field positions in, for example, archaeology, ethnography or human paleontology. It also prepares students for graduate study leading toward college or university teaching of anthropology. An anthropology degree also provides good background for careers in business, journalism, health, law and many other fields.

The Department of Anthropology has a number of special facilities that are available for use in classes, for individual research opportunities, and in some cases, for the general public to visit. The list is included below. Students interested in additional information are encouraged to consult the following web site: http://web.coas.missouri.edu/~anthro/?q=node/107.

These special facilities include:
• The Museum of Anthropology & Museum Support Center
• The Human Skeletal Remains Identification Laboratory
• The Paleoethnobotany Laboratory
• The Zooarchaeology Laboratory
• The Fossil Cast Collection
• MURR (University of Missouri Research Reactor)

Departmental Honors

The departmental program leading to the BA with Honors in Anthropology is designed for students who desire a more intensive experience in anthropology and who wish to work closely with a particular faculty member in the Anthropology Department on an independent research or scholarly project. To be accepted into and remain eligible for the honors...
program in the Department of Anthropology, the student must achieve and maintain a minimum cumulative GPA of 3.3 in all University course work and must maintain a GPA of 3.5 in all anthropology courses.

A student wishing to graduate with departmental honors must fulfill the basic course requirements for the BA with a major in Anthropology. In addition, the student, with the assistance of the honors advisor, is expected to develop, plan and conduct research on an independent project. It is recommended that students in the honors program enroll in ANTHRO 4950H Honors Research in Anthropology, although projects initiated in other courses or through independent, noncredit research experiences may also be honors eligible.

To complete the honors degree, a student must submit the results of the research project as a formal honors thesis (or other evidence of scholarly achievement) that the student defends during an oral examination conducted by an examining committee. The committee consists of three faculty members: the advisor, another faculty member and the departmental honors director. The examination is scheduled no later than the thirteenth week of the term during which the student expects to graduate. Each member of the committee is furnished with a copy of the student’s thesis or evidence of scholarly activity at least ten days before the examination. After the oral defense, the student furnishes the department with one final copy of the thesis or evidence of scholarly achievement (e.g., photographs) suitable for preservation in the departmental archive. Upon completion of the program, the examining committee recommends to the Dean of the College of Arts and Science that the student be awarded a BA with Honors in Anthropology.

Goals of the Anthropology Curriculum

Students completing an anthropology degree are awarded a BA degree with a major in Anthropology or a BA degree with Honors in Anthropology. The undergraduate program is designed to help students develop an appreciation of other cultures and other world views and to gain an understanding of how and why the diversity in human culture and biology came about. Several goals help faculty teach undergraduates about the nature of the discipline and how to think critically about what it is, what it means and how it is useful in today’s society. These goals include:

• To recognize the broad, cross-cultural generalizations that characterize anthropology
• To recognize the value of a cross-cultural, comparative perspective
• To acquire an understanding of the basic concepts in the subfields of anthropology
• To acquire advanced knowledge in one or more of the subfields
• To acquire an awareness of the interrelationship of the subfields
• To think critically about the nature and content of anthropological questions
• To assess the structure of an argument and evaluate it and its supporting information
• To communicate effectively in writing or through oral presentation
• To strive for innovative and creative thinking
• To think independently both within and outside anthropology

Students are also encouraged to acquire experience in research design and methods (e.g., using the library and internet effectively to gather information on a problem, or understanding and using the methods of one or more subfields). To this end, the department provides abundant opportunities for students to work with faculty members on independent research projects.

GPA Requirements

The College of Arts and Science requires that students attain a minimum GPA of 2.0 in all courses in their major department. In addition, all core courses in anthropology must be completed with a grade of C- or higher (see Major Program Requirements (p. 128) for a list of core courses for the BA in Anthropology). Students may receive a grade below C- in no more than one other course used to satisfy the major.

Graduate

• MA in Anthropology (p. 129) (Track One Applicants)
• PhD in Anthropology (p. 130) (Track Two or Track Three Applicants)

Contact: Cynthia Irsik

Fax: (573)884-5450
http://anthropology.missouri.edu

Mailing Address:
107 Swallow Hall
Columbia, MO 65211

Office Location:
1205 University Ave., Suite 1110
Columbia, MO 65211

The Department of Anthropology offers graduate work leading to the degrees of Master of Arts and Doctor of Philosophy. The master’s degree program of study is designed to provide broad training in anthropology. At the doctoral level, the student pursues individual, specialized study. The graduate program provides rigorous coursework in combination with hands-on field and laboratory research experience. Our department has a broad scientific approach, with emphasis on theoretical grounding in ecological and evolutionary theory, along with application of Computer and Mathematical modeling in all subfields.

Graduate training is offered in three traditional research areas of anthropology: cultural anthropology, physical/biological anthropology, and archaeology. Areas of specialization reflect the active research interests of the MU Anthropology faculty and currently include:

• Social/cultural anthropology: human behavioral ecology, medical anthropology, biocultural anthropology.
• Biological anthropology: skeletal biology, human osteology, demography, epidemiology, primate genetics.
• Archaeology: archaeological theory, evolutionary archaeology, zooarchaeology, paleoethnobotany, lithic artifact analysis, ceramic analysis, material sourcing studies

Incoming graduate students are admitted into one of three tracks:

Track One: MA students

Students admitted to this track will be classified as MA seeking students within the graduate school. These students will complete all requirements for the MA degree as currently outlined in the Anthropology graduate program, including the MA exam and completing an MA project. Upon
Track Two: PhD students required to complete MA coursework

Students admitted to this track will be classified as PhD seeking students within the graduate school. These students will complete all course requirements for the MA, as well as the MA exam. With the consent of the student’s committee, they will then complete either a thesis, OR a proposal that will serve as their PhD dissertation proposal, OR a published, primary authored paper. In each of these cases, the student will still need to orally defend the work. Upon successful completion of these requirements, they will be awarded an MA, and will then be eligible to continue work towards their PhD without the need to reapply to the program or change their student status.

Track Three: PhD students with MA in hand

Students admitted to this track will be classified as PhD seeking students within the graduate school. They will not be required to complete the MA exam or prepare a thesis, proposal or published paper, nor will they earn an MA during their graduate work at Mizzou. Upon completion of the requirements currently listed for the Department’s PhD program, the student will be awarded a PhD.

The department also participates in the graduate minors in Ancient Studies and Museum Studies, the certificate program in Conservation Biology and Geographical Information Systems (GIS).

Facilities and Collections

Departmental research facilities/collections include a paleoethnobotany laboratory, a ceramic analysis laboratory, a stone artifact analysis laboratory, a comparative faunal collection, a skeletal biology laboratory, extensive holdings of New World (especially Missouri) archaeological and skeletal materials and ethnographic specimens from many parts of the world. The department’s Museum of Anthropology provides opportunities for museum-oriented studies (see also the Museum Studies Graduate Minor). The Museum Support Center, an archaeological research and curation facility is located on the edge of campus. The University of Missouri Herbarium is also housed in this facility. The University of Missouri Research Reactor provides opportunities for students interested in archaeometry. Resources in other departments or research units available by arrangement include the Archaeometrics Laboratory of the Research Reactor, the Electron Microscopy Facility, and the Stable Isotope Laboratory of the Department of Geological Sciences.

Research by Location

Regular faculty members of the department conduct research in the following geographical areas, beyond Missouri: the Northwest (archaeology), Europe (biological anthropology), the Mississippi River Valley (archaeology), Canada (biological and cultural anthropology), Mongolia (archaeology), South Asia—India and Bangladesh (cultural anthropology), Dominica and Amazonia (biological & cultural anthropology), and the North American Southwest (archaeology). Refer to the faculty list for interests of emeritus faculty.

Internal Funding Opportunities

Teaching, research and student assistantships, fellowships and scholarships are available to qualified graduate students on a competitive basis. Applications for financial assistance should accompany application for admittance to the graduate program in anthropology. Refer to the departmental website (http://web.coas.missouri.edu/~anthro/?q=node/108) for applications and due dates.

BA in Anthropology

Major Program Requirements

In addition to college foundation requirements and University graduation requirements, such as general education (p. 18), all anthropology students are required to complete the following core courses (15 credits):

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANTHRO 2020</td>
<td>Fundamentals of Archaeology with Laboratory</td>
<td>4</td>
</tr>
<tr>
<td>or ANTHRO 2021 &amp; ANTHRO 2022</td>
<td>Fundamentals of Archaeology and Fundamentals of Archaeology Lab</td>
<td>4</td>
</tr>
<tr>
<td>ANTHRO 2030</td>
<td>Cultural Anthropology</td>
<td>3</td>
</tr>
<tr>
<td>ANTHRO 2050</td>
<td>Introduction to Biological Anthropology with Laboratory</td>
<td>5</td>
</tr>
<tr>
<td>or ANTHRO 2051 &amp; ANTHRO 2052</td>
<td>Introduction to Biological Anthropology and Biological Anthropology Laboratory</td>
<td>4</td>
</tr>
<tr>
<td>ANTHRO 4990</td>
<td>Capstone Seminar in Anthropology</td>
<td>3</td>
</tr>
<tr>
<td><strong>Total Credits</strong></td>
<td></td>
<td><strong>15</strong></td>
</tr>
</tbody>
</table>

ANTHRO 4990 Capstone Seminar in Anthropology must be completed even if a student completes an additional major in another department. Some departments waive this requirement for students completing a double major. Students with second majors should check with the other department to see if they are required to complete both capstone courses.

Electives

A minimum of five additional Anthropology courses (at least 15 credits) are required for the major. These courses must be distributed as follows:

- **Topical/theoretical:** 1 course
- **Area:** 1 course
- **Methods:** 1 course
- **Two additional courses of student’s choice:** 2 courses

Explanation about the distribution of departmental courses among these three categories is available at http://anthropology.missouri.edu/?q=node/103.

The choice of area, topical-theoretical and methods courses is guided by the student’s individual interests and goals, and is selected in consultation with the advisor. With the consent of the student’s advisor and the director of undergraduate studies, the methods/techniques or area requirements may be fulfilled by suitable courses outside anthropology. If this requirement is satisfied by a course outside anthropology, an additional anthropology course is selected to complete the 30 credits required in anthropology.

Students may also complete the methods requirement by gaining hands-on experience doing anthropological research. This experience will normally begin with ANTHRO 2950 Research Skills in Anthropology, an introduction to the methods used by one or more faculty members. This course will satisfy the methods requirement if a student enrolls in it for at least 3 credits. A student may independently choose a faculty mentor and arrange for course credit or can work with the department’s
undergraduate research coordinator, who will match the student’s interests with those of one or more faculty members.

Students wishing to continue doing research of an independent nature may register for ANTHRO 4950 Undergraduate Research in Anthropology or for . Prior approval by the director of undergraduate studies is required to use these courses to satisfy the departmental methods requirement. Honors Research may be used to satisfy the requirements for an Honors BA with a major in Anthropology, but the course is not required for that degree. Specific requirements for the Honors BA are described below.

Related Courses

Because of the interdisciplinary nature of anthropology, the Department of Anthropology strongly recommends that all students complete a cluster of at least two or three courses that complement chosen courses within the major.

These courses may be offered by a single department or may be a related set of courses from several departments (e.g., courses in ancient history from both the Art History and Archaeology and the History departments). The courses should be chosen with the advisor and are intended to provide background in the content of other disciplines related to the student’s anthropological focus. Fulfillment of a formal minor (15 credits in another department as approved by that department) or a second major (at least 30 credits in another department as approved by that department) can also be an effective way to gain expertise in related areas.

Semester Plan

Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

First Year

Total Credits: 123-127

* Course meets University general education and/or campus graduation requirements.

^ Course meets degree program requirements.

Minor in Anthropology

A student wishing to minor in anthropology should contact the Director of Undergraduate Studies. The requirements for a minor in anthropology are:

- A total of 15 credits in anthropology approved by the director of undergraduate studies.
- No more than 6 of the 15 credits required for the minor may be drawn from courses numbered below 2000. In addition, a minimum of 3 credits must be in courses numbered 3000 or above.
- Readings, research or problems courses may constitute no more than 6 of the required 15 credits.

Graduate

MA in Anthropology

Anthropology Graduate Programs
College of Arts and Science
107 Swallow Hall
573-882-4731
Contact: Cynthia Irsik

Admission Criteria (Track One, MA Applicants)

Students admitted to this track will be classified as MA seeking students with the graduate school. These students will complete all requirements for the MA degree as currently outlined in the Anthropology graduate program, including the MA exam and completing a thesis. Upon completion, the student can, if eligible, apply to the Anthropology program for acceptance as a PhD seeking student.

Fall deadline: January 10
Spring deadline: October 15 (no departmental financial aid available this term)

- Minimum TOEFL scores:
Statistics Component

Students lacking a basic course in statistics are required to take at least one course, preferably during the first year of graduate work.

Breadth of Knowledge

Completion of at least one graduate course in each of the three subfields reflected in our department is required. The MA exam will include information from the three areas.

Examination

After completing 27 credit hours, the student must pass the oral MA examination.

An oral exam that:

1) is taken no later than the semester following the successful completion of 27 hours in our graduate program.
2) is administered by an examination committee consisting of the student’s advisor and one member randomly drawn from each of the other two subfields (linguistics excepted).
3) lasts no longer than 2 hours.
4) is designed to determine if the student has both sufficient breadth of knowledge in all three/four sub-fields to teach introductory anthropology courses such as ANTHRO 1000 and some current knowledge on at least one sub-field of their choice.
5) If, in the examining committee’s opinion, the student has satisfactorily shown competency in all areas except one, then the committee may give the student a conditional pass and require them to write an essay on a specified topic within the inadequate area rather than retaking the entire oral exam. This essay must be approved by the committee before the student is deemed to have passed the exam.
6) can be retaken one, and only one, time.
7) must be successfully passed before the student can defend his or her MA Thesis.
8) includes 5 or more general questions each sub-field has agreed upon earlier and made available to the student to help the student prepare for the exam. These questions asked during the examination should build upon these topics, and can (and should) vary from the limited number of specific questions, especially as related to the student’s interests or perceived weaknesses.

Residency Requirement

The Department of Anthropology residency requirement is two consecutive 9-hour semesters, or three consecutive 6-hour semesters.

Thesis (Track One) or thesis, proposal or published paper (Track Two)

A thesis (Track One) or thesis, proposal or published paper (Track Two), for a minimum of three hours and a maximum of six hours of credit (ANTHRO 8090), is required for the master’s degree.

PhD in Anthropology

Department of Anthropology
Mizzou North
315 W. Business Loop 70 West
A Note About PhD Specialization

The doctoral candidate normally specializes in one of the recognized subfields of anthropology or, in consultation with a doctoral program committee, chooses an area of specialization that either cuts across some of the recognized divisions or includes some area outside traditional anthropology. Traditional areas of specialization currently offered include: Social/cultural anthropology, ecological and environmental anthropology, human behavioral ecology, anthropological demography, Biological anthropology, skeletal biology, human osteology, human evolution, demography, epidemiology. Archaeology, chronology, materials research, zooarchaeology, paleoethnobotany, lithic analysis, ceramic analysis, evolutionary archaeology, symbolic analysis, archaeological method and theory.

Admission Criteria - Track Two PhD Applicants (need to complete MA)

Students admitted to this track will be classified as MA seeking students with the graduate school. These students will complete all requirements for the MA degree as currently outlined in the Anthropology graduate program, including the MA exam and completing a thesis. Upon completion, the student can, if eligible, apply to the Anthropology program for acceptance as a PhD seeking student.

• Minimum TOEFL scores:

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>61</td>
</tr>
<tr>

<td>1000</td>
<td>3.0</td>
</tr>
<tr>
<td>On or After August 1, 2011</td>
<td>300</td>
<td>3.0</td>
</tr>
</tbody>
</table>

• Minimum GPA: 3.25 in last 60 hours and in all anthropology courses

Note: Some of these requirements may be waived in exceptional cases. Acceptance into the graduate program in anthropology is not limited to students with undergraduate degrees in anthropology.

Financial Aid from the Program

The teaching assistant financial aid form is required for consideration for financial aid.

Credit Hours Required for Master’s Degree (Track Two Applicants Only)

Students must complete a minimum of 30 credit hours beyond the Bachelor of Arts degree. At least 9 of the required hours must be 8000-level anthropology courses and seminars, and must include at least one content course (i.e., not a readings or research course). In addition to the 8000-level requirement, all students must take History of Anthropology I (ANTHRO 8010). Students must also take one (1) course of their choosing in archaeology and one (1) course of their choosing in biological anthropology. A maximum of 12 hours may be in non-thesis research (ANTHRO 7990/ANTHRO 8990) or reading courses (ANTHRO 7960).

Statistics Component

Students lacking a basic course in statistics are required to take at least one course, preferably during the first year of graduate work.

Breadth of Knowledge

Completion of at least one graduate course in each of the three subfields reflected in our department is required. The MA exam will include information from the three areas.

Examination

After completing 27 credit hours, the student must pass the oral MA examination.

An oral exam that:

1. Is taken no later than the semester following the successful completion of 27 hours in our graduate program.
2. Is administered by an examination committee consisting of the student’s advisor and one member randomly drawn from each of the other two subfields (linguistics excepted).
3. Lasts no longer than 2 hours.
4. Is designed to determine if the student has both sufficient breadth of knowledge in all three/four sub-fields to teach introductory anthropology courses such as ANTHRO 1000 and some current knowledge on at least one sub-field of their choice.
5. If, in the examining committee’s opinion, the student has satisfactorily shown competency in all areas except one, then the committee may give the student a conditional pass and require them to write an essay on a specified topic within the inadequate area rather than retaking the entire oral exam. This essay must be approved by the committee before the student is deemed to have passed the exam.
6. Can be retaken one, and only one, time.
7. Must be successfully passed before the student can defend his or her MA Thesis.
8. Includes 5 or more general questions each sub-field has agreed upon earlier and made available to the student to help the student prepare for the exam. This ensures consistency among examinations. Questions asked during the examination should build upon these topics, and can (and should) vary from the limited number of specific questions, especially as related to the student’s interests or perceived weaknesses.
Residency Requirement
The Department of Anthropology residency requirement is two consecutive 9-hour semesters, or three consecutive 6-hour semesters.

Thesis, Proposal or Published Paper (Track Two Only)
Track Two students must submit thesis, proposal or published paper for a minimum of three hours and a maximum of six hours of credit (ANTHRO 8090), is required for the master's degree.

Admission Criteria - Track Three Applicants (already earned the MA)

Students admitted to this track will be classified as PhD seeking students with the graduate school. They will not be required to complete the MA exam or prepare a thesis, proposal or published paper, nor will they earn an MA during their graduate work at Mizzou. Upon completion of the requirements currently listed for the Department's PhD program, the student will be awarded a PhD.

Fall deadline: January 10
Spring deadline: October 15

- Minimum TOEFL scores:
  - Internet-based test (iBT)
  - Paper-based test (PBT)

<table>

<td>3.0</td>
</tr>
</tbody>
</table>

- Minimum GPA: 3.5 in previous graduate work
- Master’s degree

Note: A faculty who is a member of the doctoral faculty must agree, as a condition of admission, to accept the student as a PhD advisee. These qualifications apply to all applicants, including those with an MA degree from this department. Applicants whose MA is in a field other than anthropology will be considered under the policies for individuals holding the baccalaureate degree except that the quality of graduate work will be taken into consideration.

Required Application Materials for Track Three Applicants
To the Graduate School:
- All required Graduate School documents except transcripts
- 3 letters of recommendation (through online application)
- Department of Anthropology application
- Official GRE scores
- Statement of purpose
- Teaching assistant financial aid form (recommended)

To the Anthropology Program:
- Official transcripts

Financial Aid from the Program
The teaching assistant financial aid form is required for consideration for financial aid.
Art

M. Platt, Chair
College of Arts and Science
A126 Fine Arts Building
(573) 882-3555
http://art.missouri.edu
umcart@missouri.edu

The Department of Art is housed principally within the Fine Arts Building. Founded in 1877, the Art Department faculty consists of 20 full-time faculty, 11 adjunct instructors, and 27 graduate teaching assistants. Our faculty members, many of whom are nationally and internationally renowned, are well-established professional artists and designers with numerous exhibitions, commissions, and awards to their credit.

Our studio/laboratory spaces for each media area have impressive features that include a fully-equipped printmaking studio, photography labs for digital and traditional processes, a papermaking/fiber facility, an anagama kiln, a bronze casting facility, and three state-of-the-art digital labs housing over 65 up-to-date Macintosh computers with large 27-inch monitors, three 44" large-format Epson printers, and a variety of video equipment. The Department of Art also operates the George Caleb Bingham Gallery (http://binghamgallery.missouri.edu) in the Fine Arts Building, which showcases art exhibitions from students, faculty, and visiting artists year-round. A popular Visiting Artists Lecture Series is presented on late Wednesday afternoons during the Fall and Spring semesters and is open to the public. A popular summer experience sponsored by the Department in partnership with the International Center is the Summer Study Abroad Program (http://art.missouri.edu/undergraduate/study-abroad.html) that takes place in summers in Italy on odd-numbered years and in the Netherlands and Belgium in even-numbered years. In both countries, students will have the opportunity to study firsthand many of the most important masterpieces in Western art history.

Faculty and students have access to many other resources on the University campus, including the Museum of Art and Archaeology (http://maa.missouri.edu), the State Historical Society of Missouri (http://shs.umsystem.edu), the Craft Studio Gallery (http://www.craftstudio.org), extensive collections of Ellis Library (http://murlibraries.missouri.edu/collections/ellis.htm), and the image database on ArtStor (http://www.artstor.org).

You should not be surprised to find the works of MU art faculty and alumni in major museums, galleries, exhibitions, and collections around the world, from New York to Barcelona, and from Africa to China. The work of our faculty and alumni exemplifies the caliber of teaching and creativity that students experience in the MU Art Department. We are dedicated to providing our students with the best quality education possible and helping them to develop and nurture their artistic pursuits.

Faculty

Professor J. M. Brueggenjohnn*, R. B. Clarke*, D. L. Huelsbergen*, L. Leong*, J. Stealey*
Assistant Professor C. Daniggelis*, D. Farnum*, J. Johnson*, J. Pintz, A. Thompson*, J. Thornton*
Assistant Teaching Professor M. Ballou*, M. G. Langeneckert*, C. Stigliani*

Professor Emeritus J. D. Berneche, R. F. Bussabarger, B. B. Cameron*, L. Kantner, L. Rugolo, O. A. Schuchard, F. H. Stack

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Art (p. 134)
• BFA in Art (p. 135)
• Minor in Art (p. 135)

The Department of Art in the College of Arts & Science offers a BA and a BFA. A minor in Art is also available. Students have the option to take studio courses in drawing, painting, printmaking, ceramics, sculpture, fibers, photography, digital/experimental media, and graphic design. The BA degree is intended for the student desiring a liberal education with a concentration in art, while the BFA provides more professional training in the studio area. The BFA is the required undergraduate degree for admission to most Master of Fine Arts programs.

Students who wish to teach at the elementary and/or secondary school level normally pursue the BS in Education degree. BA and BFA candidates may acquire elementary or secondary art teaching certification by completing the additional art education requirements not already completed in their BA or BFA programs.

• MFA in Art (p. 136)

The Department of Art offers a Master of Fine Arts (MFA) program that focuses on the creative goals of the individual. Our aim is to guide each student to finding and developing a particular direction and language as demonstrated by a coherent and conceptually unified body of artwork. Through an intense studio-based practice, our graduates develop into professional artists and college level educators who will successfully contribute to the culture on a local, national and global scale through different fields in the visual arts.

The University of Missouri has been a leader in the visual arts since 1877 when the renowned painter George Caleb Bingham began teaching the first studio courses in the newly formed School of Art. Current faculty members follow in that tradition through their creative work that is nationally and internationally recognized. Their artwork encompasses: abstract and figurative painting and drawing, ceramics, sculpture, ceramics sculpture, as well as bronze cast sculpture, traditional and digital photography, all media of printmaking, surface design, illustration, papermaking and book arts, mixed-media, video, installation and...
performance art plus intermedia and intramedia approaches. They are all eager to mentor young artists who share the passion for creativity, critical thinking and the arts.

Laboratory facilities are available in all media areas that are continually updated to coincide with technological advancements. The Department of Art is home to the George Caleb Bingham Gallery with monthly exhibitions highlight artwork by students, local, regional and national artists. Our yearly Florence Summer Study Abroad Program places students in Italy where students have a month to study firsthand many of the most important masterpieces in Western art history. More about the MFA program. (http://art.missouri.edu/mfa-program.html)

Study Areas

Applicants typically study within a particular art medium. Applicants declare a media emphasis of their choice at the time of application to the program. Media areas for selection include ceramics, drawing, fibers, graphic design, painting, photography, printmaking, and sculpture. Aspects of new media (2D and 3D computer imaging and animation, video production, web publishing and other digital media) are also integrated into the curriculum of many of the listed traditional media.

Financial Aid

Fellowships, scholarships, and tuition waivers, along with graduate teaching assistantships and graduate research assistantships with stipends are available to qualified graduate students. Assistantships include stipends. Some aid is awarded upon acceptance into the program, while others may be awarded later as the student develops within the program. Applications for graduate teaching assistantships should be submitted along with the application portfolio to the director of graduate studies. Application instructions follow later in this document. For a list of scholarships within the Department of Art, please visit the departmental website at: http://art.missouri.edu/mfa-program/ scholarships.html

Some campus-wide opportunities are available, too. Most prominent would be the Mizzou Graduate Fellowship that is available for applicants for the fall semester (submitting deadline on January 1st each year) only.

Advising

Upon admission to the program, a candidate is assigned a graduate thesis committee chair/major adviser. This person will mentor the student throughout the student’s tenure and help the student to establish the three-member graduate thesis committee. By the second semester the student will select another committee member from the Graduate Faculty to serve as the student’s second adviser. The chair/major adviser will also help the graduate student to select an outside member who is from the graduate faculty of another department. In addition, students have access to all the art department faculty members for consultation throughout the duration of their studies.

Undergraduate

BA in Art

Major Program Requirements

Art majors earning a BA degree complete art foundations courses, art core requirements, and art studio electives. No more than 40 credits in studio art may be included in the BA curriculum. Students enrolled in the BA degree program may not include art or art history courses with a grade of D.

All art majors must complete a minimum of 12 credit hours of MU art coursework numbered 2000 or above. In addition, 9 hours of Art History and Archaeology courses, including two 3-hour classes numbered 2000 or above, are required.

In addition, students must complete all College of Arts and Science and University graduation requirements (p. 17), including University general education (p. 18).

**BFA in Art**

**Major Program Requirements**

Art majors earning a BFA degree complete art foundations courses, art core requirements, and art studio electives with 15 credits in one specific media area. Students enrolled in the BFA degree program may not include art or art history courses with a grade of D.

All art students are assigned a departmental faculty advisor. Students are encouraged to meet with the advisor to plan a program of study with a focus in one particular media area.

BFA students complete 60 to 70 credits in studio art, including a minimum of 15 credits in one specific media area, and 12 credits of art history, including at least two 3-hour Art History & Archaeology courses numbered 2000 or above. A minimum of 35 credit hours of studio art coursework must be taken at MU.

In addition, students must complete all College of Arts and Science and University graduation requirements (p. 17), including University general education. (p. 18)

**Major core requirements:**

**Art foundations**

- ART_GNRL 1030 Basic 2-D Design 3
- ART_GNRL 1040 Basic 3-D Design 3
- ART_DRAW 1050 Drawing 3

**Art core requirements**

- Drawing 3
- ART_PNT 2500 Beginning Painting 3
- or ART_PNT 2510 Beginning Watercolor Painting 3
- ART_SCUL 2800 Beginning Sculpture 3
  (students need a total of 6 hours from ceramics and/or fibers)
- ART_CERM 2100 Beginning Ceramics 3
- ART_FIBR 2300 Beginning Fibers 3
  (students need a total of 6 hours from photography and/or printmaking)
- ART_PHOT 2600 Beginning Photography 3
- ART_PRNT 2700 Beginning Printmaking 3
- ART_GNRL 4975 Senior Seminar in Art 3
- or ART_GNRL 4976 Design - Senior Seminar 3

**ART media area electives** 15

**ART studio electives** up to 19

**AR H A courses (Art History and Archaeology)** 12

**Semester Plan**

Below is a sample plan of study, semester by semester. A student's actual plan may vary based on course choices where options are available. (Students focusing on graphic design will take ART_GNRL 4976 Fall of their fourth year instead of an Art Studio Elective which they will move to the Spring of their fourth year and take instead of ART_GNRL 4975)

| Total Credits: 120 |

**Minor in Art**

The minor in art requires a total of 18 credits, including 15 credits in studio art and 3 credits from the Department of Art History & Archaeology. Six credits must be studio art courses numbered 2000 or
above. At least 9 of these hours must be taken while in residence at the University of Missouri. An Art Minor may not include art or art history courses with a grade of D.

</tbody>
</table>

- Minimum GPA: 3.0

The preferred undergraduate degree for admission to the graduate program in visual art is the Bachelor of Fine Arts degree (BFA). However, applicants holding the BA, BS or other bachelor’s degrees are eligible to apply if they have a minimum of 40 hours of undergraduate studio credits or an equivalent commensurate professional experience. Applicants for the Graphic Design Area are required to have a minimum of 2 years professional experience before applying.

Application materials are evaluated to determine if the applicant has the preparation and ability to pursue an advanced degree. Admission is based on the recommendations from the art department graduate faculty members representing each of the media areas. Some applicants, may be placed on a waiting list as alternates, then accepted if others decline their admission offers.

**Required Application Materials**

Submit to the Graduate School:
- All required Graduate School documents
- Cover Letter of Intent (stating the goals for pursuing the MFA degree)
- A Digital Assets Sheet (defining the image and video files).
- Current Résumé (exhibition, award, publications, artistic experience, etc.)
- An artist’s statement
- Three (3) letters of recommendation
- Official transcripts from each college attended
- Application for G.T.A. (optional but necessary for tuition waiver)

*Application Materials Submit to the Art Department*

- The application process requires a digital portfolio documenting 20 separate pieces of the applicant’s artwork. Applicants can document these works using twenty (20) to forty (40) digital still images and/or moving image files. Please limit submissions to a maximum of 2 images for any one piece of artwork. The artwork in the portfolio should represent your most recent and most accomplished body of work. The work should indicate your major artistic interests and creative direction. The work should demonstrate your creative ability and media competence. If you are requesting consideration for a teaching assistantship, a few of the images could be works that demonstrate your foundational mastery of a specific media area. Portfolios must be submitted in digital form on CD only. Please follow closely the instructions for the submission of images available on the department website:

**MFA Degree Completion Requirements**

The MFA program consists of 60-70 credit hours.

The degree includes:
- 30 hours in the major area
- 9 hours in a minor area
- 3 hours of Graduate Studio Seminar
- A minimum of 1 hour of MFA Research Hours
- 11 hours of electives
- 6 hours of Art History

**Graduate-Level Course work**

Graduate level courses are at the 7000/8000/9000 level. A minimum of 15 of the 30 hours must be selected from courses numbered at 8000 and/or 9000 levels; no more than 40 percent of the 30 hours credit requirement can be satisfied by Research, Readings and Problems courses. No credit is given for courses at the 4000 or below levels.

**Residency Requirement**

A minimum residency of two years is required for the degree. However, mere completion of the prescribed number of credit hours and the residency requirement is insufficient, rather the degree will be granted upon the student’s high level of creative achievement as determined by the student’s graduate thesis committee.

**Regular Student Evaluation**

The full graduate faculty of the art department reviews every MFA candidate once each year to determine the rate of progress. If the candidate fails to receive a passing evaluation during the review, the student is placed on probation for one semester and is required to be reviewed the following semester. If two consecutive unsatisfactory reviews occur, the student is dismissed from the MFA program.

**Clearance**

During the semester prior to graduation, the graduate thesis committee will approve the student to proceed with the final steps toward graduation, composing the written thesis and mounting the thesis exhibition.

**Thesis Acceptance**

The graduate thesis committee approves the thesis exhibition and written thesis. The final semester, the MFA candidate installs a thesis exhibition to display visual, artistic and professional achievement. The candidate thereafter presents a final draft of the written thesis that defends the conceptual and philosophical ideas of the final body of...
artwork. Photographic record of the pieces discussed must be included in the written thesis.

Each degree candidate must pass a two-hour oral final examination conducted by the graduate thesis committee. The presentation must focus on the aspects of the academic study related to the written thesis and visual work. Following final approval of the thesis exhibition and the written thesis, the graduate will officially submit documentation of the theses to the graduate school. The thesis is submitted as a PDF file on a CD-ROM to the Graduate School by the established deadline.

**Time Limit and Extensions**

The time limit for completion of the MFA degree is 5 years. Time spent in military service is excluded. For an extension for other reasons the student must petition the Graduate School through his/her chairmajor adviser. The five-year period will extend from the beginning of the first semester of enrollment in which the student is accepted to the MFA degree program to the date of his/her clearance to graduate.
Art History and Archaeology

S. Langdon, Chair
College of Arts and Science
21 Parker Hall
(573) 882-6711
aha@missouri.edu
http://aha.missouri.edu

The development of European and American art in its historic and cultural context is the subject of study in the Department of Art History and Archaeology.

The department offers BA, MA and PhD degrees with a major in Art History and Archaeology.

Faculty

Professor N. E. Land Jr.**, S. H. Langdon**, M. L. Rautman**
Associate Professor K. A. Schwain**, A. R. Stanton**, J. A. van Dyke**, M. E. Yonan**
Professor Emeritus W. R. Biers, H. W. Marshall, O. Overby
Professor Emerita P. D. Crown, K. W. Slane**

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Art History and Archaeology (p. 139)
• Minor in Art History and Archaeology (p. 140)

Double Majors and Dual Degrees

Students may combine a major in art history and archaeology with a major in another department in the College of Arts and Science such as Art or Classical Studies (a double major), or with a major in another college such as Business or Journalism (a dual major). Students who graduate with dual majors will be awarded two degrees; their program of study will include an additional 12 credits. Students who plan to pursue double or dual majors should complete graduation plans in both departments.

Departmental Honors

Departmental Honors recognizes students who have demonstrated a commitment to future professional study in art history and archaeology, wish for more substantial research experience, and have built a record of excellence in departmental coursework.

Requirements:

• 3.3 Cumulative GPA
• 3.6 Departmental GPA
• Successful completion of one 4000-level AR_H_A course as a prerequisite
• Completion of a senior honors essay, AR_H_A 4999

Students apply for departmental honors the semester prior to taking AR_H_A 4999 by writing a proposal on the subject of their essay. The proposal is submitted in duplicate to the faculty member whom the student would like to have serve as the project’s supervisor and to the Director of Undergraduate Studies, but shall be considered and must be approved by the faculty as a whole. The essay’s topic should reflect both the student’s interests and the expertise of the faculty supervisor. The honors essay should be of substantial length, incorporate significant individual research, and engage with theoretical, historiographical, and methodological perspectives appropriate to the topic at hand. Completing these requirements to the faculty’s satisfaction will earn the student departmental honors.

• PhD in Art History and Archaeology (p. 142)

About Art History and Archaeology

The University of Missouri has played a prominent role in the teaching of the visual arts in North America since Walter Miller and John Pickard first began lecturing on campus in the 1890s. Our faculty and staff reflect the widening scope of our discipline with particular strengths in the areas of classical Mediterranean archaeology, medieval and Renaissance art, and the art and architecture of modern Europe and the Americas. Current faculty research interests range from early Greece and Rome to modern architecture and contemporary painting. Resources available to faculty and students include the department’s Visual Resources Center and the Museum of Art and Archaeology, as well as the extensive collections of Ellis Library.

Degrees Offered

The Department of Art History and Archaeology offers the MA and the PhD degrees in Art History and Archaeology. The department participates in interdisciplinary graduate minors in Ancient Studies, Medieval and Renaissance Studies, Museum Studies, and Women’s and Gender Studies.

Funding: Internal and External

The Department of Art History and Archaeology offers two forms of graduate support: teaching assistantships in introductory and upper-level courses; and research assistantships in the Visual Resources Center, which provides students with the opportunity to learn a variety of skills vital to the field in the digital age. In addition, the Museum of Art and Archaeology provides research assistantships that allow students to work closely with curators in various departments of the Museum.

Generally, the department and the museum offer .25 FTE (full time equivalent) assistantships that require approximately ten hours of work per week. These provide a nine-month stipend; a tuition waiver that covers resident educational and non-resident fees; and a 50% medical insurance subsidy if you enroll in “Student Accident and Sickness Insurance” program. In special circumstances, the Department and the Museum will offer a .5 FTE to advanced students.
Incoming students are considered for funding when they apply to the program. Returning students submit applications for continued funding in the spring semester. The Department follows the rules set by the Graduate School regarding tuition waiver limits.

In addition to teaching and research assistantships, the department may award departmental fellowships to advanced students: the Herbert Schoeling Fellowship; the John Pickard Fellowship; and the Charles D. Folse Fellowship for students in classical archaeology. Holders of these fellowships may, with proper consent, hold additional grants not to exceed $1000 or may hold teaching assistantships.

Finally, the department offers a number of fellowships and travel awards:

- The Edzard Baumann Traveling Fellowship in European Art
- The Irina Hans Fellowship in Art History
- The Osmund Overby Fund for research in American art, architecture, and historic preservation
- The Saul and Gladys Weinberg Traveling Fellowship for advanced students in classical archaeology

Students interested in these awards should contact the director of graduate studies and their advisors for application instructions.

In addition, the University of Missouri Graduate School sponsors two major fellowship programs: a spring competition and a Supplemental Graduate Fellowship Program. Applicants in both art history and archaeology are eligible for these fellowships, which are awarded to entering students through a campus-wide competition. Nominations for both are completed by the director of graduate studies in consultation with the entire faculty. Students in the Department of Art History and Archaeology have held a number of these awards, including the G. Ellsworth Huggins Scholarship, the Gus T. Ridgel Fellowship, and the Robert E. Waterston Award.

Students enrolled in MA and PhD programs are also eligible for awards from The Graduate Professional Council (GPC), which are designed to assist students who are traveling to present research papers, posters or creative works at conferences or symposia. The Graduate Student Association (GSA) also awards travel grants to students who are presenting a paper or poster, or chairing a plenary session or roundtable discussion, at an academic conference.

Finally, the department encourages graduate students to apply for internships, study abroad programs, grants, and fellowships that support their programs of study. An excellent place to initiate this search is Resources in Art History for Graduate Students: A Newsletter of support their programs of study. An excellent place to initiate this search

In addition to University general education (p. 18) requirements and other college and University graduation requirements (p. 17), students must meet the following requirements:

**Major core requirements**

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>AR_H_A 1110</td>

</tbody>
</table>

### Options

**Note:** Options do not appear on diplomas or transcripts.

#### Art History Option

At least one 3000-level course in each of five fields

- Ancient 3
- Byzantine-Medieval 3
- Renaissance-Baroque 3
- 18th century to the present 3
- Arts of the Americas 3

#### Language Requirement

Study is required through the reading level (i.e., 12 or 13 credits) in one language, such as German, French, Spanish or Italian. Students who plan to attend graduate school are strongly urged to study two languages.

#### Courses Recommended for a Well-Rounded Degree

 Humanities courses, such as history, literature, philosophy, aesthetics, film, classical studies or religious studies; anthropology, sociology or environmental design.

#### Art courses

Maximum 12 credits; 15, if declared as a minor. Students are strongly urged to take at least one course in studio art.

#### Classical Archaeology Option

At least five courses at the 3000-level, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>AR_H_A 3210</td>
<td>Near Eastern and Egyptian Art and Archaeology</td>
</tr>
<tr>
<td>AR_H_A 3310</td>
<td>Greek Art and Archaeology</td>
</tr>
<tr>
<td>AR_H_A 3410</td>
<td>Roman Art and Archaeology</td>
</tr>
<tr>
<td>AR_H_A 3510</td>
<td>Byzantine and Islamic Art and Archaeology</td>
</tr>
<tr>
<td>or AR_H_A 3520</td>
<td>Early Medieval Art and Archaeology</td>
</tr>
</tbody>
</table>

Any 3000-level post-ancient lecture course: Courses numbered 3520-3850 3

One course numbered 4005 through 4840 must be taken in conjunction with AR_H_A 4970: Capstone within the last 45 credits of study for a total of 4 credits.

A third 4000-level course may be taken instead of a post-ancient course at the 3000-level.
Language requirement

Study is required through the reading level (i.e., 13 credits) in Greek or Latin. Students who plan to attend graduate school are very strongly encouraged to study French or German as well.

Courses recommended for a well-rounded degree

Any course in classics, classical humanities, and ancient history; courses in history, anthropology, philosophy, or religious studies; geology; literature.

Semester Plans

Below is a sample plan of study, semester by semester. A student's actual plan may vary based on course choices where options are available.

### First Year

<table>
<thead>
<tr>
<th>Fall</th>

Total Credits: 118

**Sample Eight-Semester Program - Bachelor of Arts with a Major in Art History and Archaeology with Classical Archaeology Option**

This outline is only suggested; see the advisor for a more personalized plan.

### Minor in Art History and Archaeology

A minor in Art History and Archaeology requires 15 credits within the department. Nine of the 15 credits must be at the 3000-level or above.

### Graduate

#### MA in Art History and Archaeology

**Admission Contact Information**

James van Dyke (vandykej@missouri.edu)
21 Parker Hall
Columbia, MO 65211
573-882-6711

**About the Master’s**

The MA program in the Department of Art History and Archaeology has two primary goals: to provide graduate students with a strong background in the history of art, from antiquity to the present; and to introduce them to
the methods and theories of material and visual analysis, as well as the practices of critical writing and reading. Students who pursue the thesis option have the opportunity to specialize at that stage.

Admission Criteria

Admission to the department on the graduate level is granted yearly to a small number of candidates who hold recognized BA or MA degrees in art history, classical archaeology, classics, or related fields of the humanities and social sciences. In addition to the 3.0 GPA required by the Graduate School, the department requires: a GPA of 3.3 in the major field; minimum GRE score (below) and at least three semesters of a single appropriate foreign language (normally German, French, or Italian).

<table>
<thead>
<tr>
<th>When did you take the GRE?</th>
<th>Verbal + Quantitative</th>
<th>Analytical</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to August 1, 2011</td>
<td>1000</td>
<td>4.5</td>
</tr>
<tr>
<td>On or After August 1, 2011</td>
<td>300</td>
<td>4.5</td>
</tr>
</tbody>
</table>

Language Requirements

All students must demonstrate reading knowledge of one foreign language, usually German or a Romance language. Departmental language exams are offered in the fall semester of each year, although students can request an examination in the spring semester. Language requirements may be satisfied also by achieving a grade of B or better in a course approved by the Director of Graduate Studies. The department expects that the modern language requirement will be met by the end of the third semester for use in advanced coursework as well as thesis research and writing. In addition to the modern language, students in Classical Archaeology also must have reading knowledge of either Greek or Latin. Students who pursue the thesis option must have reading knowledge of two modern languages: German and a Romance language.

Required Application Materials

All application materials must be submitted directly to the Graduate School though its Apply Yourself (https://app.applyyourself.com/AAYApplicantLogin/f/ApplicantLogin.asp?id=umc-grad) online application system. Applications will not be considered complete until we receive the following:

- Official transcripts or mark sheets from each university or college you have attended
- GRE scores
- Three letters of recommendation concerning academic qualifications to undertake graduate work
- A short statement of the applicant’s professional goals and reasons for applying to do graduate work in art history or archaeology
- A copy of a recent term paper as a sample of the applicant’s scholarship and writing
- Curriculum vitae

Financial Aid from the Program

Incoming students are considered for funding when they apply to the program. Returning students submit applications forcontinued funding in the spring semester.

Graduation Requirements

Course Requirements

The successful completion of the MA requires at least thirty hours of coursework that must include: AR_H_A 8110 Introduction to Graduate Study; AR_H_A 8120 Theories and Methodologies in Art History and Archaeology; four distribution requirements that cover four broad periods of study: Ancient, Medieval and Renaissance, 1500-1850, and 1850-Present; and AR_H_A 8070 Master’s Tutorial. If students are invited to pursue the thesis option, they must enroll in AR_H_A 8080 Readings for MA Thesis in Art History and Archaeology and AR_H_A 8090 Master’s Thesis Research and Thesis in place of AR_H_A 8070. Courses for an interdisciplinary minor field will be in addition to these minimums.

Master’s Essay

To complete the degree, students must complete a scholarly essay under the guidance of a faculty advisor. It will most likely be a revision of a research paper from a graduate course taken in the Department of Art History and Archaeology.

Master’s Essay Oral Examination

In consultation with the faculty advisor, students will select two additional members of the department faculty to read the essay. Students will discuss their essays in a meeting chaired by their advisor.

Master’s Thesis Option

Graduate students who intend to pursue doctoral work should complete the thesis option. This decision is made during the student’s second or third semester in residence in consultation with the Director of Graduate Studies and three faculty members in the student’s area of interest.

Master’s Thesis Committee

The master’s thesis committee consists of at least three people: the student’s thesis advisor, a second member from within the department, and a third member from outside the department. The student should invite the latter two in consultation with his or her thesis advisor.

The committee must approve the thesis topic in the semester before the student plans to defend the thesis; often, this is accomplished during an interview for candidacy.

Master’s Thesis

The master’s thesis enables graduate students to engage in independent and thorough research in a specific area of study. While the thesis need not be an original contribution, neither can it be an uncritical compilation of published facts. A successful thesis will demonstrate the student’s ability to use bibliography in the field; effectively utilize research tools and techniques; synthesize a variety of types of sources; and sustain an argument.

Master’s Thesis Defense

The defense of the master’s thesis is an oral examination, chaired by the student’s advisor, which focuses specifically on the MA thesis. The student should submit a complete draft of the thesis to the advisor at least two months before the intended defense date and a final draft, approved by the advisor, to the entire committee 30 days before the defense. Any changes recommended by the committee during the
defense must be made before the finished thesis can be submitted to the Graduate School.

More Information
Further guidelines are included in the department’s graduate programs brochure or on the website.

PhD in Art History and Archaeology

Admission Contact Information
James van Dyke (vandykej@missouri.edu)
21 Parker Hall
Columbia, MO 65211
573-882-6711

About the PhD
In the Doctoral Program, students deepen their exploration of art history or classical archaeology and demonstrate their ability to carry out original scholarship.

The department advises doctoral students in the following areas of study:
• Greek Art and Archaeology
• Roman and Late Antique Art and Archaeology
• Early Medieval Art and Archaeology
• Late Medieval Art
• Renaissance and Baroque Art
• 18th Century Art
• 19th Century Art
• 20-21st Century Art
• American Art
• Architectural History

Admission Criteria
The department accepts as candidates for the PhD students who have earned an MA or its equivalent in art history or classical archaeology, either from the University of Missouri or from an institution recognized by the university. An MA thesis is a prerequisite for the PhD in both art history and classical archaeology. The Doctoral Program Committee (see below) determines the acceptability of work completed elsewhere.

Students completing an M.A. degree in the Department of Art History and Archaeology at the University of Missouri-Columbia who want to continue for the Ph.D. must be accepted for advising by a faculty member who is a member of the doctoral faculty. Such students should submit a statement of purpose and a current CV to the department by the January 18 deadline. After they are accepted for advising, they need to submit a “Change of Program, Degree, Emphasis or Advisor Form” to the Graduate School.

Required Application Materials
All application materials must be submitted directly to the Graduate School through its Apply Yourself (https://app.applyyourself.com/AYApplicantLogin/II_ApplicantLogin.asp?id=umc-grad) online application system. Applications will not be considered complete until we receive the following:
• Official transcripts or mark sheets from each university or college you have attended
• GRE scores
• Three letters of recommendation concerning academic qualifications to undertake graduate work
• A short statement of the applicant’s professional goals and reasons for applying to do graduate work in art history or archaeology
• A copy of a recent term paper as a sample of the applicant’s scholarship and writing, and
• Curriculum vitae

Financial Aid from the Program
Incoming students are considered for funding when they apply to the program. Returning students submit applications for continued funding in the spring semester.

Graduation Requirements
Coursework
The Graduate School requires a minimum of 72 hours for the PhD. At least 42 of those hours must be completed after the receipt of MA. Up to 30 hours from a previous institution can count toward the total of 72 hours. Most students will take more than the minimum number of courses and requirements

The 42 hours must include:
• At least one course from the following four areas—Ancient, Medieval and Renaissance, 1500-1850, and 1850-Present—unless students have taken an equivalent at the MA level.
• 27 hours of courses in the major areas. At least 12 of the 27 hours must be seminars at the 8000 level.
• 15 hours of coursework in the minor areas. At least 6 of the 15 hours must be taken at the 8000-level

The student’s program of study is determined in consultation with the Doctoral Program Committee. The Doctoral Program Committee is constituted in October during the first year of study. It consists of at least four people: the student’s adviser; two additional scholars from within the department; and an outside committee member. The committee:
1. Reviews the student’s MA thesis and determines it equivalency;
2. Accepts any transfer of credit from previous institutions;
3. Approves the plan of study;
4. Determines the major and minor areas as well as the scheduling of the comprehensive exams;
5. Approves the subject of the student’s dissertation;
6. Examines the student’s dissertation.

Languages
All students must demonstrate reading knowledge of two foreign languages, usually German and a Romance language relevant to their area. Departmental language exams are offered in the fall semester of each year, although students can request an examination in the spring semester. Language requirements may be satisfied also by achieving a grade of B or better in a course approved by the Director of Graduate Studies.

In addition to the modern languages, students in classical archaeology must demonstrate reading knowledge of both Greek and Latin. This
requirement may be satisfied by passing with a grade of B or better in a
course numbered 7500 or higher in both Greek and Latin and by taking a
second course at this level (7500 or higher) in the language more closely
related to the major field of study. Equivalent courses taken at other
institutions must be approved by the Director of Graduate Studies.

Comprehensive Examination

The comprehensive examination in the major and minor areas of art
history and archaeology, determined by the student and the doctoral
program committee, consists of both written and oral examinations.

Dissertation

The dissertation is expected to be an original, scholarly contribution
to the discipline. The topic must be approved by the adviser and the
Doctoral Program Committee. A dissertation proposal should be filed
with members of the committee within two months of passing the
comprehensive exams. A proposal for a dissertation fellowship will satisfy
this requirement.

Individual chapters are generally submitted to the adviser as they are
written. Other members of the Doctoral Program Committee may also
criticize them in draft form. A complete, revised draft of the dissertation
must be approved by the adviser at least two months before the
defense. Students should distribute the final draft to each member of the
committee at least one month before the defense.

Students maintain continuous enrollment by registering for 9080 or 9090
and by submitting a progress report to the Graduate Student Progress
System and their adviser each term. Dissertation advising is not normally
available during the summer unless previous arrangements have been
made.

Further guidelines, including available areas of doctoral study, are
included in the department’s website.

Dissertation Defense

The final examination will be in the form of an oral defense of the
dissertation. It must take place on or before the penultimate Friday
of classes. Any changes recommended by the committee during the
defense must be made and approved before the finished thesis can be
submitted to the Graduate School. Students are responsible for ensuring
they meet the deadlines and guidelines established by the Graduate
School for dissertation submission and graduation.
Biological Sciences

J. Walker, Director
College of Arts and Science
105 Tucker Hall
(573) 882-6659

The Division of Biological Sciences offers both a Bachelor of Arts and a Bachelor of Science with a major in Biological Sciences, in addition to a minor in biological sciences for students majoring in other departments. The department also offers MA and PhD degrees in Biological Sciences.

Faculty

Assistant Professor P. Brown**, R. Holdo**, E. King, M.Leal, L. Milescu**, M. Milescu**
Adjunct Associate Professor H. Alexander**
Adjunct Assistant Professor J. Taylor, J. Weaver*
Teaching Associate Professor S. L. Bush*, R. D. Hurst, B. Stone
Teaching Assistant Professor D. Gayou
Distinguished Teaching-Professor Emeritus J. E. Carrel**
Professor Emeritus B. G. Cumbie, A. Eisenstark, P. H. S. Jen, D. Mertz, C. D. Miles
Associate Professor Emeritus L. Chapman, D. L. Worcester*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• Department Level Requirements (p. 145)
• BA in Biological Sciences (p. 146)
• BS in Biological Sciences (p. 147)
• Minor in Biological Sciences (p. 147)

Departmental Honors

The department strongly encourages participation in departmental honors. The heart of the honors program is a year-long experience in laboratory, field, or theoretical work in any area of biology. Students work directly with outstanding faculty mentors from the Division of Biological Sciences or other life science units on campus.

Students may earn degrees with honors by completing BIO_SC 4950H and BIO_SC 4952H (6 credits) and preparing a manuscript suitable for publication in a journal or the abstract of an oral or poster presentation at an on-campus symposium or at a regional or national meeting of a professional society. Students should meet with the honors program director to arrange their research experience. The honors program requires sophomore standing or higher and a GPA of 3.3. Students with a GPA between 3.0 and 3.29 may petition the director of the honors program for admission. Students must however graduate with a GPA of 3.3 to receive departmental honors. The honors program director is Professor David Setzer, 410 Tucker, 882-6821, setzerd@missouri.edu.

• MA in Biological Sciences (p. 148)
• PhD in Biological Sciences (p. 148)

About Biological Sciences

The Division of Biological Sciences offers a unique integration of world-class research, award-winning graduate and undergraduate training, and outstanding community outreach. Our research mission includes the acquisition of new knowledge through basic research, and coordinated translational research to improve human health, our food supply, and our environment. Graduate training programs emphasize the excitement of discovery and the development of individual creativity and critical reasoning skills, with graduate mentors who are experts at the frontiers of their field. Because science exposure in the pre-college years is critical to the development of both scientists and informed citizens, we also offer special outreach programs for secondary school science teachers, students and citizens in Missouri.

The Division of Biological Sciences actively recruits outstanding graduate students from both national and international pools. Selected candidates are interviewed. The best are admitted to the division for graduate study. Even more important than the quantitative Grade Point Average and GRE scores, we are interested in evidence of critical qualitative characteristics including; undergraduate research experiences and presentation of research results; ability to face and overcome obstacles; exceptional motivation, work ethic, intellectual vitality, initiative, creativity, critical thinking ability and leadership ability.

Areas of Study

The division offers primarily PhD degrees. General areas of research emphasis within the division include evolutionary biology, ecology and behavior; genetic, cellular, molecular and developmental biology; neurobiology and behavior; and plant sciences. Within these general
areas, students may devise more specific graduate programs in, for example, plant genetics, invertebrate chemical communication or neurophysiology.

**Interdisciplinary Research**

Several students are currently involved in interdepartmental programs in neurosciences, genetics, plant biochemistry and physiology, cellular and molecular biology, the Conservation Biology Program, microbiology and physiology. In addition, the presence on this campus of a School of Medicine, College of Agriculture, Food and Natural Resources and College of Veterinary Medicine provides opportunities for direct interaction with a variety of established research scientists. Faculty in the division also participate in the Genetics Area Program, the Pathobiology Area Program, the Molecular Biology Program, the Interdisciplinary Program in Plant Biochemistry and Physiology, the Interdisciplinary Neuroscience Program and the Conservation Biology Program.

All entering graduate students should have a broad background in biology and should have completed courses in mathematics through integral calculus, chemistry through organic chemistry and a year of physics. Exceptions may be made for individual students. Outstanding students with undergraduate degrees in areas other than biology (such as chemistry, physics, engineering, mathematics or psychology) are encouraged to apply with the understanding that subject matter in biology will be addressed in the first year of graduate study.

**Research Facilities and Resources**

Divisional faculty have ready access to the campus computing network and microcomputers in their laboratories. Beyond the specialized equipment in each faculty research laboratory, departmental and campus equipment and facilities available to graduate students include:

- Molecular and cellular biology core facilities, including DNA (with Next Generation Sequencing), Electron Microscopy, Cell and Immunobiology, Informatics, Nuclear Magnetic Resonance, Molecular Cytology, Proteomics, Structural Biology, and Transgenic Animal;
- a 250,000-specimen herbarium;
- a new 15,000-square-foot greenhouse complex;
- animal-care facilities suitable for mice, bats, rats, rabbits and amphibians;
- a 14-acre botany preserve on the campus and a 146-acre prairie research station;  
- 24 walk-in plant growth chambers with regulated light, temperature and humidity controls;
- cell and tissue culture facilities;
- growth chambers;
- scanning spectrophotometers and kinetic fluorimeters;
- ultracentrifuges and scintillation counters;
- HPLC facilities;
- sound isolation acoustic chambers;
- neurophysiological recorders, oscilloscopes and amplifiers; and,
- microneurosurgery facilities and equipment.

**Funding**

Financial support is available through research training grants, fellowships, scholarships, graduate research assistantships, and graduate teaching assistantships.

---

**Undergraduate**

**Department Level Requirements - Biological Sciences**

**Requirements - Biological Sciences**

Requirements for the BA and BS degrees with a major in Biological Sciences include course work in biology and ancillary science departments (chemistry, physics and math). The BS degree program requires more extensive course work, with additional studies in biology and the ancillary sciences. The BA degree program is more flexible and has fewer required courses to accommodate students with dual degrees or minors in related departments. Both degree programs can be used to prepare for graduate study or professional school. Students must also complete college and university graduation requirements, including university general education requirements.

All courses in the major (including ancillary sciences) must be completed with a grade of C- or higher with a cumulative GPA of 2.0 or higher. At least 12 hours of biology coursework must be taken in residence at MU.

**Foreign Language Alternative for students pursuing a BS degree in biological sciences**

Students who are pursuing a BS degree with a major in biological sciences may opt to satisfy the foreign language requirement through alternative coursework consisting of at least 12 credits in courses numbered 2000 or above. These courses may not be used to satisfy other degree requirements and may not be used to fulfill a minor in another department. Students should confer with the Biology Advising Office to insure that alternative courses meet departmental requirements and all alternatives must be approved by the Director of Undergraduate Studies.

**Major Core Requirements Biology**

- BIO_SC 1500 Introduction to Biological Systems with Laboratory
- BIO_SC 2200 General Genetics
- BIO_SC 2300 Introduction to Cell Biology
- Evolutionary Biology (select from):
  - BIO_SC 3400 Evolution and Ecology
  - BIO_SC 4600 Evolution
- Biological Diversity (select from):
  - BIO_SC 2600 Ornithology
  - BIO_SC 2700 Ichthyology
  - MICROB 3200 Medical Microbiology and Immunology
  - BIO_SC 3210 Plant Systematics
  - BIO_SC 3260 Invertebrate Zoology
  - BIO_SC 3360 Herpetology
  - BIO_SC 3510 Biology of Fungi
  - BIO_SC 3660 Mammalogy
  - BIO_SC 3710 Introductory Entomology
  - & BIO_SC 3715 and Insect Diversity
- Capstone course (select one) (complete in last 45 hours):
  - BIO_SC 4950 Undergraduate Research in Biology
  - & BIO_SC 4952 and Undergraduate Research in Biology
  - BIO_SC 4950H Honors Research in Biology
  - & BIO_SC 4952H and Honors Research in Biology
**Electives**

All biology majors must take additional biology courses to total at least 29 credits for the BA degree or 33 credits for the BS degree.

Elective credits must be in formal courses numbered above 2000 and must include at least one 3000- or 4000-level laboratory course, one 4000-level course, and one WI course at the 3000 or 4000 level in a natural science. BIO_SC 2010, BIO_SC 2060, BIO_SC 2100, and BIO_SC 2150 may not be used to satisfy this requirement. MICROB 3200 may not be used to satisfy the laboratory course requirement.

Independent reading, service learning, internships, problems and seminar courses do not apply.

Students completing research courses BIO_SC 4950, BIO_SC 4950H, BIO_SC 4952, or BIO_SC 4952H for 6 credits may apply 3 credits toward fulfillment of biology elective hours for the BA or BS degree.

Students may repeat research courses for a total of 12 hours. Any credit remaining after 3 hours are used as a capstone or an elective in biology will be applied toward total hours to graduate. A maximum of 12 credit hours from the following courses (BIO_SC 2940, BIO_SC 2960, BIO_SC 2965H, BIO_SC 4085, BIO_SC 4950, BIO_SC 4950H, BIO_SC 4952 and BIO_SC 4952H) can be counted toward graduation.

BIOCHM 4270 and BIOCHM 4272 may apply toward fulfillment of biology elective hours for the BA or BS degree.

---

**Semester Plan**

NOTE: These plans are intended only as general guides. Courses outside Biology, Chemistry, MATH 1100, and ENGLISH 1000 are provided only for illustrative purposes. Advanced credit or exemption from the Foreign Language requirement and/or advanced credit in non-science courses, along with the interests of each individual student will determine a final combination of courses in each semester that is unique for each student. Note also that the sample schedules in Semester 5 and beyond are left incomplete on purpose because each schedule should be highly individualized at that point. Students who are pursuing the BA will not need to complete CHEM 2130.

Total Credits: 57-60

BS in Biological Sciences

Major Program Requirements

Department Level Requirements (p. 145) must be completed in addition to all university requirements, including general education (p. 18), and the degree requirements below.

CHEM 1320 College Chemistry I 4
CHEM 1330 College Chemistry II 4
CHEM 2100 Organic Chemistry I 3
CHEM 2110 Organic Chemistry II 3
CHEM 2130 Organic Laboratory I 2
One Year of General Physics with Laboratory 8-10

One semester of calculus and one semester of statistics, selected from the following:

- MATH 1400 Calculus for Social and Life Sciences I
- MATH 1500 Analytic Geometry and Calculus I
- STAT 1200 Introductory Statistical Reasoning
- or STAT 1300 Elementary Statistics
- or STAT 1400 Elementary Statistics for Life Sciences

Total Credits: 32-35

All courses in the major (including ancillary sciences) must be completed with a grade of C- or higher with a cumulative GPA of 2.0 or higher. At least 12 hours of biology coursework must be taken in residence at MU.

Semester Plan

NOTE: These plans are intended only as general guides. Courses outside Biology and Chemistry are provided only for illustrative purposes. Advanced credit or exemption from the Foreign Language requirement and/or advanced credit in non-science courses, along with the interests of each individual student will determine a final combination of courses in each semester that is unique for each student. Note also that the sample schedules in Semester 5 and beyond are left incomplete on purpose because each schedule should be highly individualized at that point.

Additional Biological Sciences

Select 10 credits from at least two of the following areas:

- Genetics
  - BIO_SC 2200: General Genetics
  - BIO_SC 2300: General Genetics

- Cell Biology
  - BIO_SC 2300: Introduction to Cell Biology

- Evolutionary Biology
  - BIO_SC 3400: Evolution and Ecology
  - BIO_SC 4600: Evolution

- Biological Diversity
  - BIO_SC 2600: Ornithology
  - BIO_SC 2700: Ichthyology

- Microbiology
  - BIO_SC 3210: Plant Systematics
  - BIO_SC 3260: Invertebrate Zoology
At least one of the additional courses, selected from the list above, must include a laboratory. Problems, service learning, internships, readings and research (i.e., BIO_SC 2010, BIO_SC 2600, BIO_SC 2100, BIO_SC 2940, BIO_SC 2960, BIO_SC 2965H, BIO_SC 4085, BIO_SC 4950, BIO_SC 4952, BIO_SC 4952H, and BIO_SC 4960) may not be used to fulfill requirements for the minor. MICROB 3200 may not be used to satisfy the laboratory course requirement.

All courses in the minor must have a grade of C- or higher with a cumulative GPA of 2.0 or higher in the minor. At least nine of the 15 credit hours in the minor must be taken in residence at MU.

Graduate

MA in Biological Sciences

Areas of Study
The division offers primarily the PhD degree (p. 148).

PhD in Biological Sciences

Admission Contact Information

College of Arts and Science
218 Tucker Hall
Columbia, MO 65211
800-553-5698
573-882-1847

The Division of Biological Sciences actively recruits outstanding graduate students from both national and international pools. Selected candidates are interviewed. The best are admitted to the division for graduate study. Even more important than the quantitative Grade Point Average and GRE scores, we are interested in evidence of critical qualitative characteristics including: undergraduate research experiences and presentation of research results; ability to face and overcome obstacles; exceptional motivation, work ethic, intellectual vitality, initiative, creativity, critical thinking ability and leadership ability.

Eligibility

All entering graduate students should have a broad background in biology and should have completed courses in mathematics through integral calculus, chemistry through organic chemistry and a year of physics. Exceptions may be made for individual students. Outstanding students with undergraduate degrees in areas other than biology (such as chemistry, physics, engineering, mathematics or psychology) are encouraged to apply with the understanding that subject matter in biology will be addressed in the first year of graduate study.

Admission Criteria

- Fall deadline: December 15
- Minimum TOEFL scores:
  - Internet-based test (iBT): 100
  - Paper-based test (PBT): 600
- Minimum GRE scores:
  - Prior to August 1, 2011: 1200
  - On or after August 1, 2011: 300

Required Application Materials

To the Graduate School:
- All required Graduate School documents

To the Biological Sciences Program:
- Division of Biological Sciences application form
- GRE test scores
- Official Transcripts
- 3 Reference letters
- Personal Statement
- Statement of previous research or scholarly experience
- Résumé
The Department of Chemistry offers four undergraduate degree tracks, three leading to a Bachelor of Science and one leading to a Bachelor of Arts. A minor in chemistry and a Bachelor of Science degree with departmental honors also are offered.

At the graduate level, the department offers MS and PhD degrees in Chemistry.

Faculty

Curators Professor J. L. Atwood**
Curators Teaching Professor J. E. Adams**
Rabjohn Professor M. Harmata**
Schlundt Professor K. S. Gates**
Assistant Teaching Professor B. C. Ganley
Instructor L. P. Silverman

- Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
- Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

- Department Level Requirements (p. 149)
- BA in Chemistry (p. 150)
- BS in Chemistry (p. 151)
- Minor in Chemistry (p. 152)

Graduate

College of Arts and Science
125 Chemistry Building
573-882-8374
http://chemistry.missouri.edu/

Director of Graduate Studies: Timothy Glass

- MS in Chemistry (p. 152)
- PhD in Chemistry (p. 152)

The Department of Chemistry offers graduate degrees in all areas of modern chemistry, including analytical, biological, computational, inorganic, organic, physical and radiochemistry.

Resources and Facilities

The department has well-equipped laboratories that contain state-of-the-art instrumentation and computing facilities for research. Major instrumentation includes NMR, X-ray diffraction and mass spectrometry centers, as well as a nuclear/radiochemistry lab. Other campus facilities widely used by the department include a central instrument shop, electronics shop, campus computing center and a 10-megawatt nuclear reactor. The latter provides a high neutron flux for radioisotope production, neutron activation analysis and neutron diffraction studies.

Internal Funding

Fellowships and teaching and research assistantships are available for highly qualified applicants. Application forms are available on the department’s website and should be submitted by February 1.

Graduate Degree Requirements

Students are strongly encouraged to visit the Department of Chemistry site (http://chemistry.missouri.edu) for the most up-to-date information.

Entrance Criteria

An applicant for graduate work in chemistry should have either a Bachelor of Arts or Bachelor of Science degree in chemistry, essentially equivalent to those awarded at MU, with at least a B average or a score at the 70th percentile on the GRE general test.

Examinations

All new graduate students in chemistry are required to take Departmental placement/qualifying examinations in all core areas (analytical, inorganic, organic and physical) prior to registration. Students must qualify in two areas. A student who performs well on an exam, as determined by the department’s Graduate Program Committee, will be considered to have qualified in that area. Students who do not qualify in particular areas, via the placement examinations, must pass appropriate advanced-level courses in those areas to qualify. An A or B grade is required in these courses for qualification.

Research, Advising, and the Committee

Affiliation with research adviser must be made by the end of the first semester through a formal process that is part of CHEM 7087. Student progress in the degree program is evaluated annually in May, using the Graduate Student Progress System through the Graduate School. In addition, the student’s Graduate Program Committee meets with the student and their research adviser after their first summer of research to review degree progress. At this time the student will have submitted a formal Research Progress Report to their committee for consideration. All students are expected to attend Departmental Colloquium and Organic/DyNAMITE seminars.

Undergraduate

Department Level Requirements - Chemistry

Requirements - BA or BS students

Students should consult with a chemistry advisor to schedule science and mathematics requirements in the appropriate order. Note that for
a number of chemistry courses there is a prerequisite of a grade of C or better in a previous course. Please see Professor Steven W. Keller (Associate Chair for Undergraduate Studies) for assignment of an advisor.

Students also must complete all applicable College of Arts and Sciences and University graduation requirements (p. 120), including University general education (p. 18). Note that students pursuing a BS degree with a major in Chemistry may opt to satisfy the foreign language requirement through alternative course work consisting of no fewer than 12 credits numbered 2000 or above.

**Degree Tracks**

Beyond the major core requirements, each student must select a degree track. There is one track for students pursuing a BA degree and three for those pursuing a BS. The BA degree is designed to meet the needs of students who wish to gain a strong chemistry background but who may have goals other than employment as a chemist or graduate work in chemistry. The American Chemical Society certification track is recommended for BS students who desire professional employment as chemists or who plan to pursue graduate education in chemistry. A medicinal chemistry track is available to BS students who plan careers in the health professions or in pharmaceutical, clinical or medicinal chemistry. The third BS track, leading to simultaneous completion of a BS in Chemistry and a BS in Education, is appropriate for those students who wish to teach chemistry in secondary schools. More information about this third degree track is available from Professor Steven W. Keller, Associate Chair for Undergraduate Studies.

**Double Majors**

No specific programs (other than the dual degree program with the College of Education noted above) are offered, although it is possible to combine a chemistry major (BS or BA) with a variety of other majors, including biological sciences, mathematics and physics.

**Departmental Honors**

A BS with Honors in Chemistry is available to honors-eligible BS students who complete CHEM 4990H and CHEM 4991H as well as all of the requirements for the ACS Certification Track. (These courses replace CHEM 4950) Please see Professor Carol Deakyne, the Chemistry Honors Coordinator, for more specific details about the Honors in Chemistry program.
**BS in Chemistry**

**Major Program Requirements**

Department Level Requirements (p. 149) must be completed in addition to all university requirements, including general education (p. 18), and the degree requirements below.

**Chemistry Major with BS Degree American Chemical Society Certification Track**

- CHEM 3310 Physical Chemistry I 3
- CHEM 3330 Physical Chemistry II 3
- CHEM 3340 Physical Chemistry Laboratory 3
- CHEM 4200 Instrumental Methods of Analysis with Lab 3
- CHEM 4400 Inorganic Chemistry 3
- BIOMH 4270 Biochemistry 3
- PHYSICS 2750 University Physics I 5
- PHYSICS 2760 University Physics II 5
- MATH 2300 Calculus III 3

**Total Credits: 34**

**Medicinal Chemistry Track**

| CHEM 1330       | College Chemistry II | 4  
| CHEM 2100       | Organic Chemistry I | 3  
| CHEM 2110       | Organic Chemistry II | 3  
| CHEM 2130       | Organic Laboratory I | 2  
| CHEM 3200       | Quantitative Methods of Analysis with Lab | 4  

**Total Credits:** 20

If a student’s major already requires all of these courses, then an additional elective course not included in that major must be included in the chemistry minor. At least 9 hours of this course work must be taken at MU.

On-line application form for the Minor in Chemistry (http://backup.coas.missouri.edu/UGForms/minor.html)

**PhD in Chemistry**

**Admission Contact Information**

Jerry Brightwell (gradchem@missouri.edu)  
125 Chemistry  
Columbia, MO 65211  
573-884-6832

**Admission Criteria**

Fall deadline: February 1  
Spring deadline: October 15

- Minimum TOEFL scores:
  - Internet-based test (IBT)
    - 100
  - Paper-based test (PBT)
    - 600

- Minimum GRE scores:
  - Verbal: 450  
    - Prior to August 1, 2011: 3.0-4.0  
    - On or After August 1, 2011: 150  
  - Quantitative: 600  
    - Prior to August 1, 2011: 3.0-4.0  
    - On or After August 1, 2011: 150  
  - Analytical: 3.0-4.0

**Required Application Materials**

* To the Graduate School:
  - All required Graduate School documents  
  - To the Chemistry Program (http://chemistry.missouri.edu/grad/gradprospec.html):
    - Departmental Application (PDF)  
    - GRE scores  
    - 3 letters of recommendation  
    - Transcripts from each college and university you have attended  
    - Statement of Purpose, which should include a summary of why you are interested in pursuing an advanced chemistry degree, a brief description of your previous research experiences, the specific area of chemistry you are interested in pursuing, and your future career goals and plans in the chemistry field.

**Financial Aid from the Program**

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

**Doctoral Degree Requirements**

The following is a brief synopsis of the general degree requirements; please see the Department of Chemistry website for complete details:

1. Students must take at least 5 8000-level courses outside their own research concentration.
2. Students must pass 5 written cumulative exams within a specific time frame.
3. Students must present at least one departmental seminar.

**MS in Chemistry**

At this time, the Department of Chemistry is not accepting students into the Master of Science program. Please see admission information on our PhD Program (p. 152).
4. Students are required to complete a comprehensive exam, which includes written and oral elements, within a specific time frame.

5. Students must submit and defend a dissertation describing the results of successful and original research in one of the branches of chemistry.
Classics

D. Schenker, Chair
College of Arts and Science
408 Strickland Hall
(573) 882-0679
strodtmand@missouri.edu

The Classical Studies Department offers courses in the life, languages, cultures, and thought of the ancient Greeks and Romans.

The department offers a BA degree with a major in Classics and emphasis areas in Classical Humanities, Greek, Latin, and Classical Languages; MA degrees in Classical Languages and PhD degrees in Classical Studies. Minors are also available.

Faculty

Professor T. A. Tarkow**
Assistant Professor M. Farmer**
Associate Teaching Professor M. H. Barnes*
Professor Emeritus D. M. Hooley; C. Saylor*
Visiting Assistant Professor D. Krasne

**Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

**Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Classics (p. 154)
  • with emphasis in Classical Humanities (p. 155)
  • with emphasis in Classical Languages (p. 155)
  • with emphasis in Greek (p. 155)
  • with emphasis in Latin (p. 156)
• Minor in Classics with emphasis in Classical Humanities or Greek or Latin (p. 156)

Major with Honors

The undergraduate program can also include 3-6 credits in an honors thesis course (CL_HUM 4970H or CLASS 4970H). These credits, in addition to major requirements and a 3.5 GPA in all classical studies courses (as well as a 3.3 overall GPA), lead to a BA degree with a major in Classics with Honors.

Double Majors

A double major is a good way of integrating two related areas of interest, such as Classics and Archaeology or English and Philosophy. Students looking forward to a career in medicine or the sciences may use a double major (Classics and Biology or Chemistry, for instance) to ensure a thorough background in the humanities to balance their scientific studies. Usually minor or related field requirements for each major are satisfied by major courses in the other department. Consult with departmental advisors about specifics.

Graduate

Graduate Studies
405 Strickland Hall
573-882-0679
http://classics.missouri.edu/

Director of Graduate Studies: Raymond Marks

• MA in Classical Languages (p. 156)
• PhD in Classical Studies (p. 157)

The Department of Classical Studies offers graduate work leading to the degrees of Master of Arts and Doctor of Philosophy. The graduate faculty encourages applications from talented and committed students, whose undergraduate careers have given them an appreciation of the rich, many-faceted nature of classical studies and an interest in discovering a place of their own in it. Solid experience in Latin and Greek is of course desirable, but Missouri’s MA program is specifically designed for students whose study in one or both of the languages may have come late and who need help getting up to speed rapidly.

Career Preparation

Graduate programs in classical studies are designed to prepare students for professional careers as teachers and scholars of classical literature and ancient civilization. Besides acquiring expertise in the traditional classical disciplines, students are encouraged to become familiar with other areas, such as later literatures and cultures, on which the classical tradition has exercised a decided effect.

Facilities and Resources

Because MU is a contributing member of the American Academy in Rome and the American School of Classical Studies in Athens, the facilities of those organizations are available to graduate students from Missouri. Study in Athens or Rome is often feasible after the completion of a master’s degree. On campus, students have at their disposal the resources of Ellis Library, which are excellent in the major fields of Greek and Latin languages and literatures, and in ancillary fields. This collection is supplemented by the department’s Walter Miller Collection. The Museum of Art and Archaeology contains many items of interest to classicists.

Undergraduate

BA in Classics

Major Program Requirements

BA major requirements are specified in the four major emphasis areas: Latin, Greek, Classical Languages, and Classical Humanities. These must be met in addition to college and university requirements (p. 120), including University general education (p. 18).

Semester Plan

A sample plan of study has not been designed for this major. Students should contact the academic department for assistance with academic planning.
BA in Classics with Emphasis in Classical Humanities

Graduate

MA in Classical Studies

Admission Contact Information
Raymond Marks (marksr@missouri.edu)
405 Strickland Hall, Columbia, MO 65211
573-882-0679

Admission Criteria
Fall deadline: April 1
NOTE: Deadline for teaching assistantship applicants: January 15
Spring deadline: November 1
• Minimum GPA: 3.0 during last 2 years
• Bachelor of arts degree from an accredited college or university
• Reading knowledge of Greek and/or Latin
• GPA of at least 3.0 in Greek and/or Latin courses
• Minimum GRE score: no minimum
• Minimum TOEFL scores
  Internet-based test (iBT) | Paper-based test (PBT) |
  61                        | 500                     |

Required Application Materials
To the Graduate School
• 3 letters of recommendation
• Statement of interest
• 10-20 pp. writing sample
• Transcripts
• GRE scores

Application materials that cannot be submitted directly to the Graduate School may be sent to the Classical Studies program.

Financial Aid from the Program
Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

Plan of Study
The minimum course of study is 30 semester hours. Of these, at least 12 hours in Greek, Latin, classics and related fields must be at the 8000/9000 level or above, and at least six hours must be in courses in other departments. At least 21 of the 30 hours must be completed in Greek, Latin or classics in the department. CLASS 7000 is required of all students during their first year of graduate study. Students who wish to have a minor may take 10-12 hours in another department or complete an ancient studies minor.
Languages
Some command of German and French (or Italian) is helpful from the outset, and MA candidates are required to have demonstrated proficiency in one of the languages by the time that they begin their second year of graduate study. Degree candidates take MA language tests (Latin and/or Greek) in the 2nd or 3rd year of graduate studies.

Written Works and Oral Examination
A final oral examination is given by a faculty committee selected by the student in consultation with the adviser. This examination will include defense of either the thesis or a compiled portfolio of seminar papers. If the former option is elected, the thesis will account for six credit hours.

PhD in Classical Studies

Admission Contact Information
Raymond Marks (marksr@missouri.edu)
405 Strickland Hall, Columbia, MO 65211
573-882-0679

Admission Criteria
Fall deadline: April 1, Deadline for teaching assistantship applicants: January 15
Spring deadline: November 1

• MA with a major in Greek, Latin or classics, or the equivalent of a minimum of 21 hours of graduate work in the language(s). Reading knowledge of Greek and Latin and a reading knowledge of German and French (or Italian)
• Minimum GRE score: no minimum
• Minimum TOEFL scores:
  Internet-based test (iBT)  Paper-based test (PBT)
  61  500

Required Application Materials
To the Graduate School
• 3 letters of recommendation
• Statement of interest
• 10-20 pp. writing sample
• Transcripts
• GRE scores

Financial Aid from the Program
Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

Language Requirements
Proficiency in one of the modern foreign languages (i.e., French, German, or Italian) must be demonstrated by the time of registration for the second year of graduate study; proficiency in the second language must be demonstrated by the time of registration for the third year.

Plan of Study
A minimum of 72 hours of graduate credit is required for the PhD degree. A maximum of 30 hours of this total may consist of hours transferred from the MA degree. At least 21 additional hours must be taken in the department at the graduate level. A minimum of eight hours of dissertation credit is required. At least two courses in related ancient fields, one of which must be in ancient history or classical archaeology, must be taken at the graduate level. Proficiency in Greek and Latin composition must be demonstrated at some point by course work or examination.

Minors and Areas of Concentration
All candidates must include in their plan of study a minor or area of concentration consisting of at least 12 hours at the graduate level outside the department. Suggested areas include ancient history, classical archaeology, the classical tradition, late antiquity, the oral tradition, rhetoric, or romance languages. A structured minor in ancient studies also is available.

Examinations
All candidates are required to complete two four-hour qualifying examinations, one in Greek and one in Latin.

Comprehensive: Written
After completing residency, language, and course requirements, PhD candidates must pass the comprehensive examination consisting of four written examinations in the following fields: Greek literature, Latin literature, special author or topic, and area of concentration or minor field. With the approval of the adviser and the candidate’s committee, extra course work beyond the required 12 hours may be substituted for the written examination in the area of concentration or minor field. Ancient Studies minors are automatically excused from the examination in the minor field.

Comprehensive: Oral
The oral comprehensive examination is taken only after the candidate successfully passes the written examinations.

Dissertation
Within one month of completion of both written and oral comprehensive exams, or at the beginning of the Fall term if the exams are taken in May, the candidate must meet with the doctoral program committee to obtain formal approval of the dissertation topic. Continuous enrollment must be maintained while the candidate completes the dissertation. At least eight hours of dissertation credit are required. A final oral defense of the dissertation is held upon completion of the dissertation.
Communication

Mitchell McKinney, Chair
College of Arts and Science
108 Switzler Hall
(573) 882-4431
http://communication.missouri.edu

The Department of Communication offers courses in creating and critically evaluating messages. These messages persuade, inform and entertain in contexts such as one-to-one interactions, communication in organizations, and media. Students prepare for careers in broadcasting, sales, public relations, law, politics, marketing and new media.

The department offers BA, MA and PhD degrees with majors in Communication.

Faculty

Associate Professor D. S. Dougherty**, M. S. McKinney**, R. Meisenbach**
Assistant Professor L. Behm-Morawitz**, M. Click**, C. Colaner**, K. Harris, J. B. Houston**, B. Warner*
Assistant Teaching Professor A. Villamil
Associate Professor Emeritus M. J. Porter, M. J. Smythe
Adjunct Professor D. Dunkin, M. W. Dunn*, R. Karwoski
Professor Emeritus L. Reid

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Communication (p. 158)

Admission

Because of student interest in communication programs, admission is restricted. Students must apply for admission no earlier than the first semester of their sophomore year, or during the semester in which they will complete 45 credits. A copy of the admission procedures and policies is available in the department office or at http://communication.missouri.edu.

The student’s grade point average from the MU system as adjusted by the MU grade repeat policy and the grade point averages in completed communication courses at MU are the primary criteria used to determine admission to the program.

Transfer Student Admission

Transfer students are not eligible for admission until they have completed at least one semester in residence (12 credits) and a communication course in residence. Students who are not admitted may reapply for consideration in subsequent terms.

Departmental Honors

To receive departmental honors, a student must earn a minimum overall MU GPA of 3.3 and a minimum GPA of 3.5 in courses in communication completed at the University of Missouri. Students must a research project for a minimum of 3 credits with a faculty member, or a creative project completed for a minimum of 3 credits with a faculty member.

Graduate

Communication Graduate Programs
College of Arts and Science
108 Switzler Hall
573-882-4431
http://communication.missouri.edu/

Director of Graduate Studies: Mitchell McKinney
• MA in Communication (p. 160)
• PhD in Communication (p. 160)

About the Program

The program takes a theoretical, critical, and experimental approach to the study of communication. The MA program is designed to further enhance the understanding of the communication process by allowing students to study various aspects of communication in greater depth. Graduates are employed in corporate communication, educational and instructional media, sales, research and consulting. The doctoral program is designed for those interested in an academic career of college or university teaching and research. Doctoral students graduate with a strong theoretical background in interpersonal, mass media, organizational, or political communication.

Funding

Graduate students are eligible to apply for fellowships and graduate teaching assistantships. Funding is normally limited to doctoral students.

Undergraduate

BA in Communication

Major Program Requirements

The major in communication includes a minimum of 30 hours and a maximum of 40 hours in communication courses. Each course is 3 credits unless otherwise noted. Students must also complete College of Arts and Sciences and University requirements (p. 120), including University general education (p. 18) requirements.

### Potential options for each area of focus depending on specific topic:

- **Organizational Communication Focus**:
  - COMMUN 3422 Communication Research Methods
  - COMMUN 3460 Organizational Advocacy
  - COMMUN 3470 Culture as Communication
  - COMMUN 3525 Conflict and Communication
  - COMMUN 3575 Business and Professional Communication
  - COMMUN 4412 Gender, Language, and Communication
  - COMMUN 4440 Ethical Issues in Communication
  - COMMUN 4474 Theory and Research in Persuasion

- **Mass Media Focus**:
  - COMMUN 2100 Media Communication in Society
  - COMMUN 3310 Message Design and Writing for the Media
  - COMMUN 3340 Digital Production I
  - COMMUN 3395 Digital Production II
  - COMMUN 3422 Communication Research Methods
  - COMMUN 3636 Contemporary Issues in Mass Communication
  - COMMUN 4473 Political Communication
  - COMMUN 4474 Theory and Research in Persuasion

- **Political Communication**:
  - COMMUN 3422 Communication Research Methods
  - COMMUN 3470 Culture as Communication
  - COMMUN 3572 Argument and Advocacy
  - COMMUN 3575 Business and Professional Communication
  - COMMUN 3580 Crisis Communication
  - COMMUN 4412 Gender, Language, and Communication
  - COMMUN 4440 Ethical Issues in Communication
  - COMMUN 4473 Political Communication
  - COMMUN 4474 Theory and Research in Persuasion

- **Electives (beyond 30 hours)**:
  - COMMUN 3570 Performance of Literature
  - COMMUN 4940 Internship

---

* Students must complete 12-15 hours in one area of focus including one of the core courses in that area.
### Required Application Materials

#### To the Graduate School:
- All required Graduate School documents

#### To the Communication Program ([http://communication.missouri.edu/?q=grad/admissions](http://communication.missouri.edu/?q=grad/admissions))
- Departmental application
- 3 letters of recommendation
- Example of scholarly writing (no more than 25 pages)
- Transcripts
- Statement of purpose (no more than 500 words) explaining the student’s intended field of study, professional goals and other reasons for wishing to enter the graduate program
- GRE scores
- Resume

### Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

### Plan of Study

Not more than 6 semester hours of the required 30 hours of credit may be transferred from another university or campus of the University of Missouri System. There is no language requirement. For the assignment of advisers, students should see the director of graduate studies.

### Thesis and Non-thesis Options

The master of arts degree may be completed under either a thesis option, approved by an advisory committee, or a non-thesis option (with a comprehensive examination and project). Both plans require a minimum of 30 hours of graduate credit, including at least 15 hours of course work at the 8000/9000 level. MA candidates may take up to 6 hours of credit for their MA project for the non-thesis option. MA candidates take a minimum of 6 hours in 9090 Thesis Research for the thesis option.

### Credit Hours for Production

No more than 9 hours of course work or independent study in television production or scriptwriting will be accepted for the MA degree. Students may opt to take more production hours but they may not be included in the candidate’s plan of study.

### Length of Study

The MA must be completed in 8 years.

### PhD in Communication

#### Admission Contact Information
Martha Crump (crumpm@missouri.edu)
108 Switzler Hall; Columbia, MO 65211
573-882-4432

#### Admission Criteria
Fall deadline: January 15
Minimum GPA: 3.0 preferred
Minimum TOEFL scores:

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>61</td>
<td>600</td>
</tr>
</tbody>
</table>

Minimum GRE scores:

<table>
<thead>
<tr>
<th>When did you take the GRE?</th>
<th>Verbal</th>
<th>Quantitative</th>
<th>Analytical</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to August 1, 2011</td>
<td>500</td>
<td>500</td>
<td>4.0</td>
</tr>
<tr>
<td>On or After August 1, 2011</td>
<td>153</td>
<td>144</td>
<td>4.0</td>
</tr>
</tbody>
</table>

Admission procedures for students who have completed the MA degree elsewhere and wish to become PhD candidates are identical to the departmental requirements outlined for MA candidates. Only those applicants who show evidence of a clear likelihood of successful doctoral work are admitted.

**Required Application Materials**

To the Graduate School
All required Graduate School documents

To the Communication Program

- GRE scores
- Departmental Application
- 3 letters of recommendation
- Example of scholarly writing (no more than 25 pages)
- Transcripts
- Statement of Interest
- Résumé

**Financial Aid from the Program**

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

**Plan of Study**

Before registering for courses, the student must confer with their temporary adviser until a permanent adviser is assigned.

**Committee and Qualifying Requirements**

A doctoral program committee approves the student’s course of study and determines if the student has passed the qualifying requirements during the spring semester of the first year. Only after passing the qualifying requirements will the student be admitted to candidacy for the PhD degree in communication.

For a student whose MA program was done at MU, the six-hour comprehensive examination or the MA thesis defense constitutes the qualifying process. The student may proceed beyond the MA degree only upon the recommendation of the MA examining committee.

**Courses**

The PhD candidate must take at least 48 hours of course work beyond the MA. Students with an MA degree in another discipline may be required by their doctoral program committee to complete additional course work. Course work will include 36 hours within the department. The following courses are required:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMMUN 8110</td>
<td>Introduction to Graduate Study in Communication</td>
<td>3</td>
</tr>
<tr>
<td>COMMUN 8120</td>
<td>Seminar in Quantitative Methods in Communication</td>
<td>3</td>
</tr>
<tr>
<td>COMMUN 9170</td>
<td>Research Practicum</td>
<td>3</td>
</tr>
<tr>
<td>COMMUN 9050</td>
<td>Research</td>
<td>3</td>
</tr>
<tr>
<td>One of the following:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>COMMUN 8130</td>
<td>Topics in Qualitative Research Methods</td>
<td>3</td>
</tr>
<tr>
<td>COMMUN 8160</td>
<td>Rhetorical Criticism</td>
<td></td>
</tr>
<tr>
<td>COMMUN 8150</td>
<td>Seminar in Television Criticism</td>
<td></td>
</tr>
<tr>
<td>COMMUN 8140</td>
<td>Content Analysis</td>
<td></td>
</tr>
</tbody>
</table>

Including the courses listed above, students must complete a total of 15 hours of research methods classes. Nine of these hours may be taken outside the department.

Students must also complete a 6-hour collateral field block outside the department representing a coherent unit of study and relates to an area of major research interest.

**Comprehensive Examination**

The comprehensive examination, including a 30-page literature review, a 15-hour written exam and an oral defense, will cover all areas of studies in the field. During the semester students take comprehensive exams they enroll in.

**Dissertation**

The doctoral dissertation is written under the direction of the candidate’s adviser. The dissertation and the final oral examination on the dissertation complete the requirements for the PhD in communication. Students take a minimum of six hours of.

**Length of Study**

Course work and comprehensive exams for the PhD must be completed in five years. The dissertation must be completed within five years of completing comprehensive examinations. Satisfactory rate of progress means making adequate progress to meet these time requirements. Students working at a typical pace should be able to complete the doctorate in 4 years beyond their master’s.
Computer Science

Cooperative program between the College of Arts and Science and the College of Engineering

The Bachelor of Arts with a major in Computer Science emphasizes the applications of computer science. Students are encouraged to select courses in areas that complement their computer science major. These can include courses in computer animation, business, art, music, geography and many other areas. Courses in digital logic, database management, computer languages, business-oriented calculus and basic statistics prepare the student for a variety of professional settings.

Graduates of the BA program have stronger backgrounds in computer science than graduates of typical data processing or management information systems programs. With the proper choice of electives, BA graduates are prepared to enter advanced degree programs in such areas as business, medicine, law and the arts.

While working toward their degrees, many computer science students participate in cooperative education or internship programs. In doing so, they gain valuable professional experience and often are exposed to equipment and software that may not be available on the campus. Many students return to the co-op or internship company upon graduation.

Faculty

Assistant Professor P. Calyam**, R. Chadha**, D. Korkin**
Associate Teaching Professor D. Musser*
Adjunct Professor J. M. Keller**, S. Nair**, M. Skubic**
Adjunct Associate Professor G. DeSouza**
Adjunct Assistant Professor M. Becchi**, M. Popescu**
  * Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
  ** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Computer Science (p. 162)

Graduate

While the College of Arts and Science does not offer any graduate level degrees in Computer Science, the College of Engineering does through their Department of Computer Science (p. 444). There you will find full information on the MS and PhD degrees in Computer Science (p. 445). Also for those interested in computer science, the University offers an interdisciplinary PhD in Informatics (p. 646).

### BA in Computer Science

#### Major Program Requirements

The BA requires the completion of 120 credits. To graduate, a student must earn a 2.0 GPA or better in all courses required in the major. A 2.0 GPA is required in CMP_SC courses, counting toward the grade point average every time a course is taken with the exception of courses for which the course repeat policy has been used. One excused D is allowed in the courses required in the major. Admission to the BA Computer Science degree program is suspended at present.

</tbody>
</table>
Depth of Study

Among the courses taken to meet the social science, behavioral science, humanities/fine arts, and biological and physical sciences requirements, at least three courses from at least two of the four areas must be numbered 2000 or above. One 3-credit course must be completed under the auspices of MU. At least 30 hours must be at the 3000 level or above.

Two courses must be designated Writing Intensive. A C-range grade or better in ENGLSH 1000 is prerequisite for all WI courses. A C-range grade or better is required in the WI courses.

For other graduation requirements see University general education requirements (p. 18) and College of Arts and Science foundation requirements (p. 120).

The Department of Economics takes a global view of economics, with an emphasis on applied problems. An economics major prepares students for careers in business and government and for graduate work in areas such as economics, business and law. A basic understanding of economics develops insight into the many issues facing contemporary society, such as corporate downsizing, environmental pollution, urban decay, poverty, international trade, health care, educational reform, politics and sports deals.

In addition to the BA and the BS degree in the College of Arts and Science, the Economics Department offers a concentration within the Bachelor of Science in Business Administration (BSBA) degree in the College of Business. The department also offers MA and PhD degrees in Economics. A minor is also available.

Faculty

Cook Professor C. Otrok**
Foster Professor R. Harstad**
Lay Professor J. H. Haslag**
Research Professor W. A. Brock
Associate Teaching Professor M. Lee
Associate Research Professor M. Ehler
Assistant Professor A. Hedlund, D. Kaplan, D. Lee
Assistant Research Professor E. Parsons
Assistant Teaching Professor G. Chikhladze
Assistant Adjunct Professor K. Choe, S. K. Klein
Professor Emeritus W. W. Hicks, C. F. Menezes, R. Wallace
Associate Professor Emeritus C. Geiss, D. Schilling

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Economics (p. 165)
• BS in Economics (p. 166)
• Minor in Economics (p. 167)

Before a graduation plan in economics will be approved, students in the College of Arts and Science must have an overall GPA of 2.5 after 30 credits and a GPA in economics of 2.67 after at least 8 credits of courses in economics.

Departmental Honors

Candidates for Economics departmental honors must be Economics majors with a GPA of 3.30 overall and a GPA of 3.50 or higher in Economics courses taken at the University of Missouri-Columbia. Candidates must complete ECONOM 4371, Introductory Econometrics, ECONOM 4995 (p. 164), Honors Proseminar, and ECONOM 4971 (p. 164) Supplemental Senior Seminar, during the junior or senior year and must receive a grade of B or higher in order to be awarded Department Honors.

Double Majors, Dual Degrees and Five-Year Program

For double majors and dual degrees, students must satisfy all requirements of both degree programs. Some courses may be allowed to count toward both degrees. Carefully chosen elective courses in addition to required courses can facilitate double majors and dual degrees.

Common double majors in the College of Arts and Science are:
• BA with majors in Economics and Political Science, Psychology, History, English or Communication
• BS with majors in Economics and Statistics or Mathematics

Common dual degrees with other schools and colleges are:
• BA with majors in Economics and Journalism, Accountancy, Finance, Marketing or Education
• BS with majors in Economics and Engineering

By planning their courses carefully, Economics majors can earn a bachelor’s and a master’s degree in economics in five years. Students who are in the BA or BS programs are good candidates for this program. Students must be accepted to this program by the beginning of their senior year.

Students interested in pursuing any of these options should contact the Director of Undergraduate Studies in economics for further advising.

Economics Emphasis Area in Business Administration Major

See the College of Business for requirements for the Bachelor of Science with a major in Business Administration (BS BA) with an emphasis in Economics (p. 320).

Graduate

College of Arts and Science
118 Professional Building
BA in Economics

Major Program Requirements – Economics

In addition to the major core requirements, students must complete college and University graduation requirements (p. 17) including University general education requirements (p. 18).

Options

Students majoring in economics may earn either a BS or a BA degree. The last 21 credit hours in Economics must be completed in residence. Depending upon which degree is sought; students must choose one of the options below:

BA with a major in Economics

The BA degree is designed for students who plan to continue their education in non-economics fields and for students who plan to seek employment after graduation. Post-graduate educational alternatives include law school or programs in the business school, political science and journalism. Post-graduate employment opportunities include positions in state government, banking, insurance or other financial sectors, and private sector businesses. Frequently, students in humanities or fine arts complete a BA in Economics as a second major in order to increase their employment potential.

Major Core Requirements for BA Economics

(Economics with a grade of C or above; grades of C- or below will not be accepted)

</tbody>
</table>

**NOTE:**

Any two of ECONOM 3224, ECONOM 4325 and ECONOM 4326 may be taken for credit. But if all three are taken, ECONOM 3224 will not count towards an economics degree.

No more than 3 total credit hours of ECONOM 4385 and ECONOM 4965 will count as elective credits toward an economics degree, unless approved by the Director of Undergraduate Studies.

ECONOM 3004 and ECONOM 4004 may be approved by the Director of Undergraduate Studies to count as elective credits toward an economics degree or minor.

### BS in Economics

#### Major Program Requirements

In addition to the major core requirements, students must complete college and University graduation requirements (p. 17) including University general education requirements (p. 18).

#### BS with a Major in Economics

The BS degree is for students who plan to attend graduate school in economics or finance.

#### Major Core Requirements for BS

**Economics (with a grade of C or above; grades of C- or below will not be accepted)**

Total Credits: 119-124

Foreign Language Alternative (for BS degree)
The student may elect to fulfill a special option area instead of taking a foreign language. This area consists of at least 12 credits numbered 2000 or above that are not from the parent department, are not normally required of all departmental majors and do not appear elsewhere in the area of concentration. This program is planned by the student’s advisor and must be approved by the Director of Undergraduate Studies or Economics Academic Advisor.

Electives
At least four (for the BA) or three (for the BS) of the following, with not more than one at the 3000 level, selected with the advisor and completed with a grade of C or above; grades of C- or below will not be accepted:

ECONOM 3224  Introduction to International Economics  3
ECONOM 3229  Money, Banking and Financial Markets  3
ECONOM 4311  Labor Economics  3
ECONOM 4315  Public Economics  3
ECONOM 4325  The International Monetary System  3
ECONOM 4326  Economics of International Trade  3
ECONOM 4329  The Banking System and the Money Market  3
ECONOM 4340  Introduction to Game Theory  3
ECONOM 4345  Economics of Education  3
ECONOM 4355  Industrial Organization and Competitive Strategy  3
ECONOM 4357  Health Economics  3
ECONOM 4360  Economic Development  3
ECONOM 4367  Law and Economics  3
ECONOM 4370  Quantitative Economics (Elective for BA, Required for BS)  3
ECONOM 4385  Problems in Economics  1-3
ECONOM 4965  Independent Study in Economics  1-3

NOTE:
Any two of ECONOM 3224, ECONOM 4325 and ECONOM 4326 may be taken for credit. But if all three are taken, ECONOM 3224 will not count towards an economics degree.

No more than 3 total credit hours of ECONOM 4385 and ECONOM 4965 will count as elective credits toward an economics degree, unless approved by the Director of Undergraduate Studies.

ECONOM 3004 and ECONOM 4004 may be approved by the Director of Undergraduate Studies to count as elective credits toward an economics degree or minor.

Minor in Economics
Students wishing to minor in economics must take a minimum of 18 credits in economics and the last 12 credit hours in residence. Courses must include ECONOM 1014 and ECONOM 1015 (or ECONOM 1051 instead of the previous two courses) and ECONOM 3251 or ECONOM 4351 plus three economics electives including at least one at the 4000 level. All required courses must be completed with a grade of C or above; grades of C- or below will not be accepted. Students who take both ECONOM 3251 and ECONOM 4351 will receive credit for only one of these courses.

* A minor may be earned with 17 credits in economics by students who take ECONOM 1051H rather than ECONOM 1014 (ECONOM 1024)/ECONOM 1015; but not by students who takeECONOM 1051. The one credit hour reduction is exclusively for students who take the Honors section of ECONOM 1051.

Graduate
MA in Economics
Degree Requirements
To fulfill requirements for the MA degree, a candidate must complete a 30-hour approved program of study. This includes 15 credit hours of core courses:

ECONOM 8451  Microeconomic Theory  1  3
ECONOM 8370  Mathematics for Economics  3
ECONOM 8453  Macroeconomic Theory  1  3
ECONOM 8472  Econometric Methods I  1  3
ECONOM 8473  Applied Econometrics  3
STAT 7710  Introduction to Mathematical Statistics  3
ECONOM 8413  Research Workshop I  3
ECONOM 9451 may be substituted for ECONOM 8451, ECONOM 9453 may be substituted for ECONOM 8453, ECONOM 9473 may be substituted for ECONOM 8472, and enrollment in 9000-level courses may require consent of the department and/or the instructor.

PhD Track

Students can also earn an MA while working toward a PhD by passing the comprehensive examination.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MS in the Economics program (http://gradschool.missouri.edu/academics/programs/economics/master-of-arts-in-economics.php) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

Admission Contact Information

Lynne Riddell riddell@missouri.edu
118 Professional Bldg.
Columbia, MO 65211

</table>

Minimum Academic IELTS scores:

<table>
<thead>
<tr>
<th>Item</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Overall score</td>
<td>6.0</td>
</tr>
</tbody>
</table>

Students with a bachelor’s degree in any field may apply for admission into the master’s program. Applicants are admitted on the basis of an undergraduate record, with particular emphasis on performance in economics, mathematics, and statistics courses, performance on the GRE, and letters of recommendation. Although the graduate program assumes mathematical background through calculus (normally two or three semesters of college calculus), as well as undergraduate economics training, applicants with more limited backgrounds may be accepted into the program. Such individuals will be assigned supporting course work, some or all of which may be counted toward fulfilling requirements.

Required Application Materials

To be uploaded to the MU Online Graduate Application for Admission:

- Your transcript from every college or university you have attended
- Your resume
- Your personal statement
- Three letters of recommendation
- A copy of your official TOEFL or IELTS score. Your official TOEFL or IELTS scores (sent directly from the Educational Testing Service) must be submitted directly to the Graduate Admission Office (210 Jesse Hall, Columbia, MO 65211) * International Applicants only.

To the Economics Program:

- Your official GRE scores (sent directly from the Educational Testing Service)

PhD in Economics

Degree Requirements

The PhD program is designed to encompass training in economic theory and quantitative methods, as well as flexibility for students in choosing course work to suit their interests and intended careers.

For those entering the program with a bachelor’s degree, the following courses are required:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>STAT 7710</td>
<td>Introduction to Mathematical Statistics</td>
<td>3</td>
</tr>
<tr>

<td></td>
<td>12</td>
</tr>
<tr>
<td>Total Credits</td>
<td></td>
<td>60</td>
</tr>
</tbody>
</table>

Courses taken to satisfy these requirements (except dissertation research) may be taken while earning an MA at MU, or, as with students entering the program with prior graduate coursework, at other accredited colleges and universities as recommended by the Graduate Studies Committee.
Qualifying Process

Students pursuing the PhD degree must pass a qualifying examination. Upon completion of relevant required courses in the first year, students must pass the qualifying examination, which is a written examination that covers microeconomic concepts, calculus, matrix algebra, optimization, statistics and econometrics. The exam is 6 hours in length, usually administered in parts over two days. The exam must be taken in May following the first year of graduate study and is graded in three levels: 0, 1, and 2. Students who receive a score of 2 pass the exam. Students who receive a score of 1 may take the exam the following August. Students who receive a score of 0 fail and may not continue in the PhD program. Only pass and fail grades will be awarded on the August exam. Students who fail the exam may continue in the MA program.

Comprehensive Examination Process

Students pursuing the PhD degree must pass a comprehensive examination. The comprehensive exam has a written section and an oral section. Upon completion of required courses in the second year, students take the written portion of the comprehensive examination, which covers all second-year courses (Microeconomics, Macroeconomics, and Econometrics). The exam is 6 hours in length; it is administered in parts, with two-hours devoted to each of the three core subjects. The first offering of the exam is in May. Students who fail to pass all three parts of the exam the first time may retake the failed part(s) the following August. Students who fail the written exam may continue in the MA program. The oral portion of the comprehensive exam is administered by the student’s dissertation committee as part of the dissertation proposal defense. At the discretion of the student’s dissertation committee, written questions over the fields relevant to the proposal may be included as part of the proposal defense.

Dissertation Requirements

The dissertation must make a substantial contribution to knowledge. Upon completion of the dissertation, students pursuing the Ph.D. degree must pass a final oral examination. This exam can include an evaluation of the dissertation, the student’s defense of the dissertation, and the student’s general comprehension of economics, and is open to the academic community.

Ordinarily, to be accepted for advisement in the PhD program, a student must have a master’s degree in economics, or, alternatively, the student must meet the requirements for admission to the MA program, together with the requirement of an adequate background in economics, mathematics and statistics.

Required Application Materials

The following items are required to be uploaded to the MU online Graduate Application for Admission:

- Your transcript from every college or university you have attended
- Your resume
- Your personal statement
- Three letters of recommendation
- A copy of your official TOEFL or IELTS score. Your official TOEFL or IELTS scores (sent directly from the Educational Testing Service) must be submitted directly to the Graduate Admission Office (210 Jesse Hall, Columbia, MO 65211) * International applicants only

To the Economics Program (http://economics.missouri.edu/graduate/index.shtml):

- Your official GRE scores (sent directly from the Educational Testing Service)

Specialization

Fields

Students are required to complete a course of study in two defined areas of specialization. It is expected that one of the areas will be related to the objectives of the student’s dissertation. The exact areas of specialization from which the student can choose are listed below. Each course of study consists of two classes in the area followed by a research paper. Students are required to receive a passing grade in each course along with a passing grade on the research paper. The instructors of the field courses oversee the content of the research paper and the instructor of the Ph.D. research workshop (ECONOM 9413) oversees the mechanics of the paper. A field requirement is satisfied after both field course instructors and the ECONOM 9413 instructor sign off on the paper. Students are not allowed to combine courses from separate fields. The department commits itself to offering a second course in any field to all students who have completed an initial course in the field, within two semesters of the student completing the initial course (not counting the summer semester). This course may consist of a readings course with one of the faculty members in the field in lieu of a regular course. If a readings course is provided, then the faculty member is required to provide the department with the reading list for the course.

Statement on Satisfactory Progress

1. Taking and completing required course work on schedule and maintaining a GPA of at least 3.0.
2. Enrollment in a full-time plan of study, i.e., completion of at least 9 graded hours per semester.
3. Taking and passing qualifying and comprehensive examinations on schedule.
4. Students who have completed all course work and are working on the final stage of the PhD program are encouraged to present their written proposal within a reasonable amount of time.

* Applicants with outstanding background may be selected by the Graduate Studies Committee to be offered the opportunity to take the August qualifying exam prior to the start of their first semester. Such students who pass the August qualifying exam will move directly to second year courses. Students who fail will start with the normal first year courses.
English

David Read, Chair
College of Arts and Science
114 Tate Hall
(573) 882-6421

The English Department provides a major that not only grants a broad introduction to a range of literary and cultural study and creative activities, but also allows students to work more intensely in particular subfields of the discipline, including literary history, critical theory, film and cultural studies, linguistics, and creative writing. A major in English develops skills in reading, critical thinking, and writing. A degree in English is not intended to provide specific vocational training but rather to give a broad, open-ended education that can lead to many different careers, especially those requiring excellent communication skills and analytical thinking.

Recent graduates have gone on to careers in teaching, publishing, television, film, advertising, public relations, insurance, and government. In addition, English is excellent preparation for graduate or professional schools such as law and business.

The department offers BA, MA, and PhD degrees with majors in English. Two minors are also available, the English minor and the English writing minor.

Faculty
Curators Professor E. Lawless**
Assistant Professor L. Gurton-Wachter*, S. M. Harrison*, J. Kramer**, M. Marlo*, J. Sukys*
Associate Professor Emeritus H. Hinkel*, D. G. Hunt*, G. Swan

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master's thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in English (p. 171)
• Minor in English (p. 173)
• Minor in English Writing (p. 173)

Departmental Honors
To graduate with honors in English, students must have a cumulative GPA of 3.3 and a GPA of 3.5 in English courses and successfully complete ENGLISH 4996 and ENGLISH 4995. Students wishing to enroll in these courses must complete an application process in January of their junior year. More information is available from the Director of Undergraduate Studies or the department’s Academic Advisor.

Graduate

College of Arts and Science
114 Tate Hall
573-882-6421
http://english.missouri.edu

Director of Graduate Studies: Samuel Cohen
• MA in English (p. 173)
• PhD in English (p. 174)

About the Program
With more than one hundred M.A. and Ph.D students and about 500 undergraduates, we are one of the largest and most diverse departments on the Columbia campus. We offer a wide range of courses in British and American Literature and Creative Writing, as well as special emphases in African Diaspora Studies, Critical Theory, English Language and Linguistics, Folklore and Oral Tradition, and Rhetoric and Composition.

Subject Areas
Lecture courses, seminars and directed research are available in British and American language and literature, creative writing, folklore and oral tradition, critical theory, rhetoric and composition, language and linguistics, and African diaspora studies.

Funding
Students admitted to the graduate program usually receive a fellowship or teaching assistantship. Outstanding applicants will also be eligible to compete for a variety of college and university fellowships. The deadline for applications to both the MA and PhD programs is January 1. Announcements of awards are made by early April.

Publications Experience
Students will also have the opportunity to assist faculty in editing The Missouri Review, a nationally recognized journal of fiction, poetry and essays; Oral Tradition, the only journal involved in the comparative study of oral traditions; The Eighteenth Century Novel; and The Journal for Early Modern Cultural Studies.

Undergraduate

BA in English

Major Program Requirements
English majors must complete a minimum of 30 credit hours in English. A minor is recommended. At least 24 hours in the major must be at the 3000-level or above. At least 9 hours must be at the 4000-level.

No more than 40 credits in English may be counted toward graduation. The required English composition credits are excluded from this maximum and must be taken before the student enrolls in any English courses numbered above 2009.
Honors: Students may take an additional 3 hours (33 total) to complete ENGLSH 4995 Senior Honors Thesis. Note that ENGLSH 4996 Honors Seminar in English, will count towards the 9-hour requirement for 4000-level classes, ENGLSH 4995 Senior Honors Thesis, will not.

Internships and Independent Research: Students making satisfactory progress towards completion of degree requirements are encouraged to explore possibilities for gaining professional experience through internal or external internships. They are also encouraged to follow up on opportunities to pursue independent research sponsored by the department, the College of Arts and Science, and other divisions of the University. Note that only 3 credit hours of internship or independent study (ENGLSH 4940, ENGLSH 4950, ENGLSH 4955, or ENGLSH 4960) will count towards the major’s 4000-level requirement or towards the 24 hours at the 3000-level.

Major Core Requirements

Introduction

ENGLSH 2100 Writing About Literature

Body of Major

- At least 30 credit hours in English (including 3 hours of ENGLSH 2100) satisfying requirements listed below.
- Courses may count for 1, 2, or 3 of the three requirements for Breadth of Study, Historical Coverage and Depth of Study.
- At least one course must meet the Diversity Requirement.
- At least 24 hours must be at the 3000-level. At least 9 hours must be at the 4000-level.

Breadth of Study

Students take at least 1 course from each of the following areas (3000-level and above).

  a. Period Studies and Surveys
     Courses in this area examine texts in their historical context, and consider how historical events and developments shape culture and texts.

  b. Author Studies
     Courses in this area focus on an individual or several authors or artists.

  c. Genre Studies; Thematic Studies
     Genre Studies introduces students to a textual kind (e.g. the novel, poetry, drama, the essay, etc.), its conventions, and its history.
     Thematic Studies explores a shared theme among works that may or may not belong to the same period.

  d. Theory and Methods
     Courses in this category give primary attention to the frame of inquiry and/or the method by which knowledge-making takes place.

Historical Coverage

Students take 3 courses that focus on literature written prior to 1890. One of these must focus on literature written prior to 1603.

Depth of Study

Students must take 3 courses in a single area of specialization listed below.

  a. Medieval, Renaissance, and Early Modern Literature
  b. 18th/19th Century Literature
  c. 20th and 21st Century Literature
  d. African Diaspora Studies and Post-Colonial Literature
  e. Literary, Critical, or Rhetorical Theory
  f. Creative Writing
  g. Composition
  h. English Language and Linguistics
  i. Folklore Studies
  j. Film Studies
  k. Gender and Sexuality Studies
  l. Other (subject to English Department Advisor approval)

Diversity Requirement

English majors must take one 3-hour course that focuses on issues such as race, ethnicity, gender, or sexuality. Each semester a list of approved courses will be made available to students.

Culmination

ENGLSH 4970 Capstone Experience (or ENGLSH 4996 Honors Seminar in English if choosing the honors sequence)

Semester Plan

Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

- Minimum GRE score: not set
- Minimum GPA: 3.0 overall, higher in courses in major
- Majored in English as an undergraduate, with at least 18 hours in upper division courses in literature or linguistics. Students with other undergraduate majors may be admitted provided their background in English studies is suitable and provided they complete an appropriate course of preliminary study. Promising students who do not meet one or more of these criteria may at the discretion of the director of graduate studies be encouraged to enroll as non-degree graduate students.

#### Required Application Materials

To the Graduate School:

- All required Graduate School documents

To the English Program [http://english.missouri.edu/graduate-program/application-process-and-materials.html]:

- English Department application form
- GRE scores; The general test is required. Students are also welcome to submit subject test scores, and strongly encouraged to do so if their previous work is in a field other than English.
- 3 letters of recommendation (use departmental form)
- Official transcripts
- Statement of purpose
- 2 10-20 page critical/scholarly papers (1 for creative writing applicants)
- Creative writing applicants: also submit a sample of your fiction (30 pages) and/or poetry (20 pages) or a one-act play
- Supplementary information sheet (for MA/PhD and PhD track applicants only)

#### Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

#### Plan of Study

The MA is a 4-semester (2-year) program with 30 hours of course work (at least 15 hours at the 8000-level) in English.

- MA students may take up to 6 hours (7000-level or above) outside the English department.

---

### Minor in English

The English minor consists of 15 credits beyond the required composition course. It must include at least 6 credit hours in courses numbered 3000 or above and must include at least 3 credit hours at the 4000 level. It may include no more than 6 credits in special problems, methods, or readings courses such as ENGLSH 4955 and ENGLSH 4960. Neither ENGLSH 4940 nor ENGLSH 4950 can be applied to the minor. A grade of C or above must be earned in all minor course work and a minimum GPA of 2.0 achieved in the minor. A minimum of 9 hours must be completed in residence. The minor is a flexible and varied program that can be tailored to individual students’ needs. Students wishing to minor in English should consult the English Department’s undergraduate advisor.

### Minor in English Writing

The writing minor is a 15-credit course of study designed to help students in all majors and colleges improve their writing and critical thinking skills. It requires writing courses specified by the department, including 6 credits in courses numbered 3000 or above. No more than 6 hours of transfer credit will be applied to the minor. Consult the English Department undergraduate advisor for specific requirements.

### Graduate

#### Plan of Study

The MA is a 4-semester (2-year) program with 30 hours of course work (at least 15 hours at the 8000-level) in English.

- MA students may take up to 6 hours (7000-level or above) outside the English department.
In addition to literary study, students may also select from among the 6 emphasis areas to accompany the program in British and American Literature: African Diaspora Studies, Creative Writing, Critical Theory, Folklore and Oral Tradition, Language and Linguistics, and Rhetoric and Composition.

A foreign language is not required for the master’s degree.

Final Assessment Options

A student may elect to write an MA thesis (while taking 6 hours of English 8090), to present a portfolio and take an oral exam, or to take a written comprehensive exam based on a reading list.

Thesis

Students who choose the MA thesis (50-75 pages) should, at the outset of master’s work, discuss possible thesis topics with the faculty member or members who seem most likely to constitute the student's MA Thesis Committee (two English department members and one outside member). Students present and defend their theses to this committee in an oral examination.

Portfolio/Oral Exam

Students electing this option will choose two faculty members to work with in revising two essays previously written during their M.A. work. The Director of Graduate Studies, in consultation with the student, will choose a third faculty member to serve on the student’s portfolio committee. Students will defend the two revised essays, as well as those not chosen for revision, in a two-hour oral exam. The committee may pass or fail the examinee on any part(s) of the portfolio. In the case of partial or total failure, the student will retake the oral portions that were failed and may need to revise further one or both of the revised essays.

Written Exam Based on Reading List

The exam consists of three questions answered over a four-hour time period. Students in Literature and in Literature with a Creative Writing Emphasis are assigned to a three-member M.A. Comprehensive Exam Committee and write on three literature-based questions. Students with emphases in African Diaspora, Critical Theory, English Language & Linguistics, Folklore & Oral Tradition, or Rhetoric & Composition are assigned to a committee that includes two members from literature and one member from the emphasis area. They write two literature-based questions and one emphasis-area-based question.

Satisfactory Progress

The Department of English expects all candidates to make satisfactory progress toward completing their graduate degrees. The MA should be completed within three calendar years after matriculation. No grades of C will be counted toward the completion of the required number of hours for the MA.

MA/PhD Track

The department also offers an MA in an MA/PhD program intended especially for well-prepared students who have BA degrees and know they wish to pursue the PhD. It offers enhanced financial aid and an accelerated time to degree. Students complete MA requirements and begin taking PhD course work in their second year in the program. Academic requirements for the two degrees are identical with the academic requirements for the separate MA and PhD degrees.

  • Creative writing applicants: also submit a sample of your fiction (30 pages) and/or poetry (20 pages) or a one-act play
  • Supplementary information sheet

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

Plan of Study

The PhD is a 5-year program with 30 hours of course work beyond the MA. At least 18 hours in English must be taken at the 8000-level (English 8095 and 9090 do not count toward the 18-hour requirement). Candidates with insufficient background in English may be required to take additional hours upon the recommendation of the advisory committee.

A student may elect one English 8000 problems course (a maximum of three hours of credit), with the prior consent of the director of graduate studies. A minimum of 18 hours of course work beyond the MA (excluding research hours) must be taken in residence at the Columbia campus in order for the candidate to be eligible for a PhD from the University.
Language Requirement

PhD students should determine how they will fulfill the departmental language requirement in consultation with their faculty advisor and other committee members, since different projects and different areas of study will require different levels of language proficiency. A student’s committee can always recommend that the student pursue language study above and beyond the level required by the departmental language requirement for the purpose of their chosen dissertation project.

However, the purpose of the foreign language requirement is to ensure that all students have at least an awareness of their entrance into an international community of scholars and scholarship and ideally an ability to read literature and critical studies in other languages. Although simple fulfillment of the language requirement may not guarantee fluency in another language or culture, it should prepare students to read primary texts related to their fields and equip them with skills to conduct scholarly research on important secondary literature. To this end, the department is committed to the principle that all doctoral students who plan to study language and literature benefit from exposure to another language or languages.

A student may satisfy the foreign language requirement for the PhD in English by demonstrating either 1) basic proficiency in two foreign languages or 2) advanced proficiency in one foreign language.

To demonstrate basic proficiency the student must pass with a grade of B or better a) the intensive introduction to a language or b) the three-semester introductory sequence or c) one course at or beyond the third semester level in the language chosen or the equivalent of these courses elsewhere. The courses must have been completed or the examinations taken not more than five years prior to the candidate’s enrollment in the PhD program. Because not all languages are taught using this format at the University of Missouri, students have the option to demonstrate basic proficiency in one of their two chosen languages by taking an introductory course in another language that is relevant to their research. A student who wishes to obtain this exemption must submit a letter, signed by the student and the chair of his or her committee, explaining why the course is relevant to his or her program of doctoral study. This exemption will be granted only for University of Missouri courses taken during the student’s official degree program. Courses taken at another institution, or before the student begins the degree program, are not eligible for this exemption. Students cannot request this exemption for languages taught at MU using the regular structure outlined above (i.e., in a 3-course introductory sequence or a one-semester intensive introduction).

To obtain advanced proficiency the student must either a) pass with a grade of B or better two upper class undergraduate courses (3000- or 4000-level, or the equivalent elsewhere) in the literature of the language chosen or b) pass with a grade of B or better one graduate class (7000- or 8000-level, or the equivalent elsewhere) in the literature of the language chosen. These courses may not be in translation, and any graduate course in a modern language must be taught in that language. Overall, the department recommends taking a graduate-level course as the best option for students who are able to do so, since such courses can also count towards the nine hours of non-English department coursework that PhD students can include in their program of study. Undergraduate language courses (4000-level or below) do not count towards graduate study at the University of Missouri.

The director of graduate studies will work with students to try to arrange for testing for students with proficiency but without course work in an acceptable language (for instance, those who have lived in another country for an extended period of time). This option, and all other exceptions to the language requirement described above, are contingent upon 1) the student’s ability to demonstrate a substantial connection between the language in question and his or her program of study and 2) consent of the student’s advisor.

Doctoral Committee

By the end of the first year, doctoral students must meet with their advisors to organize a doctoral committee. Students meet with this committee to plan course work and define their primary and secondary fields of study. This meeting satisfies the graduate school requirement for a PhD qualifying examination.

Comprehensive Examination

After all course work, the foreign language requirement and the residency requirement have been completed, the student takes the PhD comprehensive examination. This exam consists of a written section (the Preparatory Essay) and a two-and-a-half hour oral exam. For the comprehensive examination to be successfully completed, the doctoral program committee must vote to pass the student on the entire examination, both written and oral sections, with no more than one dissenting or abstaining vote. If a student fails either part of the exam, he or she will be allowed to retake that part. No student will be allowed to take any part more than twice. All doctoral candidates should realize that no comprehensive exam is limited to the candidate’s course work.

Dissertation

As soon as possible after passing the comprehensive examination, a candidate should explore a dissertation topic under the guidance of the student’s advisor. The doctoral dissertation is written under the direction of a member of the doctoral faculty at MU.

Creative Dissertation Option

The PhD candidate may choose to write a creative dissertation, which may take the form of a novel, a novella, a book-length collection of short fiction or a collection of poetry. To exercise this option, the candidate must have taken 9 to 12 hours of creative writing seminars as part of the PhD course work.

In addition to the “creative” part of the dissertation, the candidate will compose a prose introduction (2,500- word minimum), to be written after completion of the creative project, to demonstrate the correspondence between the candidate’s academic studies and the creative project. The overall length required would be comparable with that of other dissertations approved by the department.

Satisfactory Progress

The Department of English expects all candidates to make satisfactory progress toward completing their graduate degrees. The comprehensive exam should be completed within five calendar years after matriculation, and the PhD should be completed within five calendar years after passing the comprehensive exam. No grades of C will be counted toward the completion of the required number of hours for the PhD.
Film Studies

Roger Cook, Program Director
Interdepartmental Program in the College of Arts and Science
451 Strickland
(573) 882-9452
cookrf@missouri.edu
filmstud@missouri.edu

The Film Studies Program offers a major that focuses on film analysis and covers the history of cinema, national and global cinemas, film theory and genres, documentary film, and contemporary visual culture. As a classic liberal arts discipline, film studies teaches the fundamental skills that make a college degree essential in career-oriented jobs: research, information management, critical analysis, cogent development of ideas, developing and testing of hypotheses, and writing and communication. It combines an emphasis on critical thinking, research, problem-solving, written expression, and cultural literacy with the discipline’s unique attention to visual analysis. Students emerge with a greater degree of visual literacy at a time when our culture is becoming increasingly dependent upon visual communication. As a complement to the main focus on the critical study of film, the program also offers some production courses and occasional opportunities to participate in filmmaking projects. For those who want to pursue a career in the TV/motion picture or the fast-growing digital media industry the major provides a strong foundation that can be combined with the learning of specific industry skills.

The program offers a BA degree in film studies as well as an undergraduate minor.

Faculty

Professor G. Barabtarlo*, R. F. Cook*, R. N. Johnson*, J. M. Miller, A. Prahlad*, N. M. West *
Assistant Professor R. Tabanelli*
Associate Teaching Professor M. H. Barnes*, N. Monnier*, Assistant Teaching Professor E. Hombeck, B. Maurer, E. Naveh-Benjamin, L. Roth, M. Volz
Instructor L. Dickinson, C. Gubera, R. Wise

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Film Studies (p. 176)
• Minor in Film Studies (p. 177)

Double and Dual Majors

A film studies major can be paired with a major in another department. Students must meet the requirements of both departments. The program for each major must be approved by the advisor in the degree-granting department.

Departmental Honors

To receive departmental honors, a student must earn a minimum overall MU GPA of 3.3 and a minimum GPA of 3.5 in courses in film studies completed at the University of Missouri. In addition, with the assistance of an honors thesis advisor, the student must develop, plan and conduct research on an independent project, normally while enrolled in FILM_S 4995.

Graduate

While MU does not offer graduate degrees specifically in film studies, the University does offer post-baccalaureate opportunities in a number of related areas, both within the College of Arts and Science, and in the other Schools and Colleges that make up the University. The catalog provides a complete list of these degree options (p. 5).

Undergraduate

BA in Film Studies

Major Program Requirement

Film Studies majors must complete 30 credits in film studies, with a grade of C- or above in every course. A minor is recommended. At least 15 hours in the major must be in courses at the 3000 level or above. Students must also complete College of Arts and Sciences and University requirements, including University general education requirements. No more than 40 credits in Film Studies may be counted toward graduation.

The 30 hours of Film Studies courses for the major must meet the following requirements:

Major core requirements

UNIT I:

FILM_S 1800 Introduction to Film Studies 3

UNIT II:

Select one of the following: 3

FILM_S 2820 Trends in World Cinema
FILM_S 2830 American Film History I, 1895-1950
FILM_S 2840 American Film History II, 1950-Present

UNIT III:

Electives 18

At least six of the elective hours must come from one of the following national cinema courses:

FILM_S 2850 Italian Cinema
FILM_S 2865 The Art of Soviet and Russian Cinema
FILM_S 3830 History of German Film
FILM_S 3840 German Film After 1945
FILM_S 3845 Modern Israeli Film
FILM_S 3870 Russian Women and Film
FILM_S 3875 Brazilian Cinema
FILM_S 3880 Contemporary Chinese Film
FILM_S 3890 Russian and Soviet Film
FILM_S 3895 Korean Society Through Cinema
At least six of the elective hours must come from one of the following courses on theory and method:

- FILM_S 2860 Film Themes and Genres
- FILM_S 2870 Film and Literature
- FILM_S 3775 The Ancient World on Film
- FILM_S 3780 Architecture in Film
- FILM_S 3785 Art and Artists on Film
- FILM_S 3820 Major Directors
- FILM_S 3850 Studies in Film History
- FILM_S 3855 Documentary Film
- FILM_S 4810 Film Theory
- FILM_S 4820 Studies in Film Genre
- FILM_S 4840 Culture and Media
- FILM_S 4860 Film Themes and Genres
- FILM_S 4935 Adaptation of Literature for Film

UNIT IV:
Select one of the following:
- FILM_S 4880 Capstone Experience
- One 4000-level FILM_S course of at least 3 credits

Total Credits: 30

Total Credits: 120

Minor in Film Studies

To earn a minor in Film Studies, students must earn 15 credits in film studies. Required courses include FILM_S 1800, and either FILM_S 2830 or FILM_S 2840. At least two courses must be at the 3000 level or above. The minor is a flexible and varied program that can be tailored to individual students’ needs. Students wishing to minor in film studies should consult the film studies advisor.
General Studies

Office of Special Degree Programs
College of Arts and Science
114 Switzler Hall
(573) 882-6060

Faculty
Professor T. Tarkow
* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BGS in General Studies (p. 178)
The Bachelor of General Studies (BGS) is designed for students who want a multi-disciplinary major to meet educational and career objectives. Students who pursue the BGS need a high degree of motivation and independence. The BGS is intended for students pursuing a first bachelor’s degree and will not be approved as a second bachelor’s degree.

The BGS degree requires a minimum of 120 credit hours with a minimum of 30 credit hours numbered 3000 or above. Students meet with the academic advisor to create a graduation plan after completing 60 credit hours, MATH 1100 or an equivalent with a C- grade or higher, ENGLSH 1000 with a C- grade or higher and maintaining a 2.0 cumulative GPA.

BGS students are required to complete 24 credit hours as declared BGS majors and this may include credit for the semester in which the student declares the BGS major. In exceptional circumstances students who need fewer than 24 credit hours to complete all their BGS, A&S and MU requirements must take a minimum 3 credit hour BGS capstone course.

Graduate

While the College of Arts & Science does not offer a graduate degree in general studies, the College does offer graduate degrees, certificates and minors in a number of disciplinary areas. The catalog provides a complete list of these degree options (p. 5) for all Schools and Colleges at the University of Missouri.

Undergraduate

BGS in General Studies

Major Program Requirements
Students must complete the Department Requirements (p. 178) as well as those required for the degree listed below:

The BGS major requires 45 credit hours, including a capstone. These 45 credit hours are evenly distributed among three areas of study called components. A component may be made up of courses from a single department or may be made up of courses from multiple departments that relate thematically. Component courses may be selected from any department or program at MU (if the department permits), but at least 18 credit hours must be made of courses from an A&S department.

Of the 15 credit hours required for each component, 6 credit hours in each of the components must be numbered 3000 or higher. Students must maintain a GPA of 2.0 in each component area and grades of D are not acceptable. A student may include one component made entirely of transfer coursework if the other two components each contain 9 credit hours of coursework numbered 3000 or above. BGS students are required to include a minimum of 12 credit hours of MU coursework numbered 3000 level or above in their three components.

• 30 of the last 36 hours a student completes must be taken at MU.
• In order to graduate, students must have the following GPAs:
  • 2.0 cumulative GPA (the GPA for all coursework taken at MU)
  • 2.0 major GPA (the GPA for all courses taken to fulfill requirements in the major)
  • 2.0 minor GPA (the GPA for all courses taken to fulfill requirements for a minor)
  • 2.0 GPA in the final 60 hours
  • 2.0 GPA in the final 30 hours

Semester Plan
Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

  • with emphasis in Geographic Information Sciences (p. 182)
  • with emphasis in Physical/Environmental (p. 182)
  • with emphasis in Regional/Cultural (p. 182)
  • with emphasis in Urban/Population (p. 182)
• Minor in Geographic Information Science (p. 183)
• Minor in Geography (p. 183)
• Certificate in Geographic Information Science (p. 183)

The Department of Geography has established the following goals for the Bachelor of Arts with a major in Geography:

• Teach students to think spatially and develop problem solving skills
• Provide an intellectual focus for students seeking a broadly based liberal arts education
• Acquaint students with past and present patterns of landscape development and instill concern for intelligent management of earth’s biophysical resources
• Expose students to contemporary issues of geopolitical and international significance and their role in such problems
• Provide the skills and expertise necessary to master the application of geographic information technologies and analysis of spatial data
• Prepare motivated students for career development and graduate study

Four different emphasis areas allow students to further focus the undergraduate degree program on their own personal interests in geography.

1. Human-Regional-cultural geography helps students develop a fuller sense of geographic analysis and better understanding of the human and physical characteristics of major regions and settlement patterns of the world.
2. Physical-environmental systems emphasize the complex interactions between biophysical systems and human behavior in the areas of geomorphology and biogeography, as well as our role in managing applied environmental problems.
3. Geographic information sciences addresses the variety of technologies revolutionizing geographic analysis such as GIS, GPS, remote sensing, computer assisted cartography and spatial statistics.
4. General geography is designed for the student with broad interests in geography that overlap with other emphasis areas.

For students planning to end their formal education with the bachelor’s degree, a geography major provides marketable skills and the broad perspectives on environment, society and international affairs that enable graduates to move beyond entry-level positions. Geography also provides a sound foundation for students who plan to enter graduate work in a variety of fields, from geography to business, land use planning, law and medicine. Although positions are not often designated with the title of geographer, geography graduates’ employment has grown substantially in private enterprise and in all levels of government in recent years.

The Department offers BA and MA degrees with majors in geography as well as undergraduate and graduate certificates in Geographic Information Science and Geospatial Intelligence. Two minors are also available.

Departmental Honors

The geography honors program requires independent research during the senior year, usually under GEOG 4996H or GEOG 4997H. Consult the geography honors director for further information.

About Geography

The Department of Geography offers a Master of Arts degree that prepares students for a variety of professions, including careers in academics, research, public service, and the private sector. The MA program has a high success rate of preparing students for doctoral study in top-tier geography departments across the United States.

A primary strength of the department is the blending of major research facilities and opportunities with individual student-faculty interaction to build a strong sense of community. Students interested in questions of human geography, the physical environment, or geographic information sciences will find that the department has facilities and faculty expertise to build a successful plan of study.

Core areas of study in the department include human geography, nature/society relationships, physical-environmental systems, and application of geographic information sciences. The faculty has an active program...
of research and field work in North America, Middle America, the Middle East and Southeast Asia. They pride themselves on a creative instructional and interdisciplinary pattern of activity. The department emphasizes close contact between faculty and graduate students.

Individualized graduate programs allow latitude in areas of specialization such as regional, cultural, and physical geography, as well as geographic information sciences, remote sensing, environmental studies and geographic education. Strong collateral course work in such fields as anthropology, soil and atmospheric science, economics, geology, political science, forestry, computer science and history meets the special interests of many graduate students.

Facilities and Resources

An exceptional departmental collection of reference materials, including maps, journals and books, is available to graduate students in the department’s Wheeler Library and Seminar Room. The holdings of Ellis Library in geography and related fields are extensive and MU’s computer facilities are readily available. In addition, the department is home to the Geographic Resources Center (GRC), the Missouri Spatial Data Information Service and the Spatial Analysis and Modeling teaching laboratory. These facilities serve as an interdisciplinary center for GIS, remote sensing, cartography, computer graphics and digital spatial databases of enormous variety.

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details. In Geography, a total of approximately 6 graduate teaching and research assistantships are awarded on a competitive basis annually. Applicants desiring consideration for one of these positions should indicate this in their application to the department.

Undergraduate

BA in Geography

Director of Undergraduate Studies: Douglas Hurt

Major Program Requirements

Students majoring in geography are required to take a total of 33 credits in geography and 3 in statistics. The geography courses consist of 21 core credits and at least 12 credits in one of the five geography emphasis areas. In addition, students must complete all degree, College of Arts and Sciences and University requirements (p. 17) including University general education (p. 18).

BA in Geography with Emphasis in General Geography

Major Program Requirements
This area is designed for students with a broad interest in geographical studies. Due to the general nature of this emphasis area, students must develop in consultation with their advisor a personal plan of study outlining specific goals and course requirements. Four geography courses are required.

Semester Plan
A sample plan of study has not been designed for this major. Students should contact the academic department for assistance with academic planning.

BA in Geography with Emphasis in Geographic Information Sciences

Major Program Requirements
This area allows students to develop technical skills central to the discipline of geography and spatial analysis, acquiring skills in the graphical display of geographical data and the ability to produce or analyze such data. Students must take four of the following courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>

Semester Plan
Refer to the Semester Plan for the BA in Geography (p. 181).

BA in Geography with Emphasis in Urban/Population

Major Program Requirements
This area focuses on topics such as competitive vs. generative growth within urban systems, urban travel behavior, the role of cities in regional development, international commodity trade flow, and the fiscal dilemmas of cities and migration behavior. It prepares students for career opportunities in fields such as transportation planning, regional development, urban environmental issues and management. Students must take four of the following courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>

Semester Plan
Refer to the Semester Plan for the BA in Geography (p. 181).
### Certificate in Geographic Information Science

Certificate description: Students from a wide range of disciplines will benefit from students with the theoretical, practical and technical skills that are essential for the analysis of spatial data. Learners become proficient in the use and application of GIS technologies through a flexible set of courses and hands-on experiences. The program offers the training and experience necessary to prepare for the rapidly expanding professional opportunities available in the diverse set of fields that depend on geographic information.

### Graduate

#### MA in Geography

**Application and Admission Information**

**Admission Contact Information**
Dr. Soren Larsen
Geography admission page: [http://www.geog.missouri.edu/?q=grad/graduate-program](http://www.geog.missouri.edu/?q=grad/graduate-program)

**Admission Criteria**

- Fall deadline: January 15
- Minimum GPA: 3.0
- Minimum TOEFL scores:
  - Internet-based test (iBT): 61
  - Paper-based test (PBT): 500
- Minimum GRE scores:
  - Prior to August 1, 2011: 1000
  - On or After August 1, 2011: 297

Preparation for graduate work in geography should include undergraduate courses in geography. Upon consultation with their advisor, students with insufficient background work in geography may be required to take additional undergraduate courses.

**Required Application Materials**

All elements of the application including those required by the department are submitted through the Graduate School online application. For complete instructions, see [http://www.geog.missouri.edu/?q=grad/graduate-program](http://www.geog.missouri.edu/?q=grad/graduate-program).

**To the Graduate School:**

- All required Graduate School documents
- 3 letters of recommendation (submitted through the online application)
- GRE scores
- Supplemental department application (with Statement of Purpose)

**Plan of Study MA in Geography**

The Master of Arts degree requires completion of 32 semester hours of course work. Two research options are available: a thesis and a non-thesis option. The non-thesis option requires the completion of a research paper. 15 or more of the 32 hours must be in courses at the

---

#### Semester Plan

Refer to the Semester Plan for the BA in Geography (p. 181).

### Minor in Geographic Information Science

#### Minor Program Requirements

Students may earn both the minor in geography and minor in geographic information science if the course work is unique for each minor. Students earning a major in geography may not earn the minor in geographic information systems.

### Minor in Geographic Information Science

Fifteen credits are required for the minor in geographic information science, and must include:

- **GEOG 1800** Digital Earth: Introduction to the Geospatial Technologies 3
- Nine hours of elective courses must be selected from the following list: 9
- **GEOG 3040** Introduction to Geographic Information Systems GIS 3
- **GEOG 4710** Spatial Analysis in Geography 3
- **GEOG 4810** Landscape Ecology and GIS Analysis I 3
- **GEOG 3830** Remote Sensing 3
- **GEOG 3840** Cartography 3
- **GEOG 4860** Advanced Remote Sensing 3
- **GEOG 4940** Advanced Geographic Information Systems (GIS II) 3

Total Credits 18

Students may earn both the minor in geography and minor in geographic information science provided that the course work is unique for each minor, and GEOG 4940 can be taken as part of the GIS minor with the consent of the advisor.

### Minor in Geography

#### Minor Program Requirements

Students may earn both the minor in geography and minor in geographic information science if the course work is unique for each minor. Students earning a major in geography may not earn the minor in geographic information systems.

### Minor in Geography

Fifteen credits are required for a minor in geography, nine of them numbered 2000 and above.

---

#### Course Descriptions

- **GEOG 3040**: Introduction to Geographic Information Systems GIS
- **GEOG 3780**: World Political Geography: Patterns and Processes
- **GEOG 4710**: Spatial Analysis in Geography
- **GEOG 4740**: Location Analysis and Site Selection
- **GEOG 4770**: Migration and Immigration
- **GEOG 4850**: Transportation Geography

---

#### Minor in Geographic Information Science

Fifteen credits are required for the minor in geographic information science, and must include:

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Geological Sciences (p. 186)
• BS in Geological Sciences (p. 186)
• Minor in Geological Sciences (p. 187)

The Department of Geological Sciences offers two undergraduate degree programs, a Bachelor of Arts with a major in Environmental Geology and a Bachelor of Science with major in Geological Sciences. The BA is geared to those students interested in environmental concerns, while the BS is geared toward the traditional fields of geology. Both degrees provide a rigorous background in earth sciences. In addition, students majoring in other departments can minor in geological sciences.

Departmental Honors

Departmental honors can be achieved by students who maintain a cumulative GPA of 3.0, departmental GPA of 3.2, and who complete a senior thesis.

Dual Degrees

The Department of Geological Sciences offers dual degree programs with the Department of Soil, Environmental and Atmospheric Science in their emphasis area of Environmental Soil Science and with the Department of Civil and Environmental Engineering and with the College of Education in the Bachelor of Science in Education, emphasis in Earth Science Education. For more information, contact an advisor in the department.

Director of Graduate Studies: Robert Bauer

• MS in Geology (p. 187)
• PhD in Geology (p. 188)

About the Geological Sciences Program

The areas of research covered by faculty are broad and diverse, with strong research expertise in the general areas of geochemistry, petrology, paleontology, and geophysics-tectonics. These strengths allow us to focus on problems identified by the National Research Council to be socially relevant and to be fundamental to an understanding of earth processes. Dynamic faculty, along with their students, are making significant contributions to numerous areas of basic and applied research. This research is supported by excellent, state-of-the-art analytical facilities in the department and on campus. Our graduate program prepares students for a wide range of professions within the geological sciences; students have been placed in private, federal, state, and academic institutions. Prospective students are encouraged to contact any faculty member directly for additional information.

Areas of Specialization

The areas of specialization are biogeochemistry, clay mineralogy, aqueous and isotope geochemistry, geophysics, hydrogeology, igneous petrology, metamorphic petrology, paleontology, ore deposits, invertebrate paleontology, sedimentation, stratigraphy, structural geology, tectonics, and paleoclimatology.

Facilities and Resources

Adequate space and excellent facilities are available for research in the Geological Sciences Building, which also houses an excellent geology library. Modern and sophisticated equipment is available for supervised student use in many fields. The Geology Field Camp is in the Wind River Mountains near Lander, Wyoming. See the Department website at http://geology.missouri.edu/index.html.

About the Degrees

The master’s degree program includes a thesis and a non-thesis option, both of which require 30 credit hours beyond the bachelor’s degree. The thesis option is accomplished by taking 18 to 21 graduate course credits and preparing a written thesis involving 9-12 credits of research or problems credits. Students have until the middle of their second semester in residence to choose a supervisor and a thesis topic. The non-thesis track requires 27 hours of graduate course credits plus 3 hours of research credit leading to completion of a smaller-scale research project.

The doctoral degree requires 72 hours beyond a bachelor’s degree, and may include as many as 24 hours credit from a prior master’s degree. Doctoral candidates must pass a qualifying exam during their first year in residence to assess their general background so that a meaningful program of study can be constructed. The usual doctoral program involves courses within and outside the department, and researching the dissertation topic prior to taking the comprehensive examination by the end of the second year. The results of the dissertation research are presented to the faculty and graduate students when the student has completed the project.

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.
Undergraduate

BA in Geological Sciences

Major Program Requirements

The B.A. Curriculum is designed as a degree through which the student wishes to eventually pursue a career in teaching, journalism, law, etc. In addition to the major core requirements, students must complete all university graduation requirements including university general education (p. 18), as well as all degree and college or school requirements.

BS in Geological Sciences

Major Program Requirements

Majoring in geological sciences and earning a Bachelor of Science degree prepares the student for graduate work and a career as a professional geologist in industry, research or academia. The curriculum provides flexibility for students who seek to focus on a specific subdiscipline in the geosciences. Students interested in geophysics, for example, should use their electives to expand their background in math and to develop a broad knowledge of geology and geophysics. In addition, students must meet all degree, college, and university (p. 17) graduation requirements including university general education (p. 18).

Minor in Geological Sciences

A minor in geological sciences consists of 15 credits in the geological sciences with 9 or more at the 2000-level or above. All courses must be taken for a letter grade, and a grade of C- or better must be earned in each course. The courses must be selected in consultation with an advisor in the department.

Graduate

MS in Geology

Contact: Dr. Rober Bauer

http://geology.missouri.edu/index.html

The master's degree program includes a thesis and a non-thesis option, both of which require 30 credit hours beyond the bachelor’s degree. The thesis option is accomplished by taking 18 to 21 graduate course credits and preparing a written thesis involving 9-12 credits of research or problems credits. Students have until the middle of their second semester in residence at the university to choose a supervisor and a thesis topic. The non-thesis track requires 27 hours of graduate course credits plus 3 hours of research credit leading to completion of a smaller-scope research project.

Admission Criteria

Fall deadline: none set, but February 15 for guaranteed consideration for departmental financial aid  
• Minimum TOEFL scores:  
  Internet-based test (iBT)  
  Paper-based test (PBT)  
  71  530  
• Minimum Academic IELTS scores:  
  OVERALL  
  5.5

Note on GRE Scores and GPA: Our quantitative assessment of applicants uses a combination of GPA for the last 60 hours and the student’s GRE verbal, quantitative and analytical writing scores. We have a formula that weights the GPA and total GRE scores equally. Applicants
with a GPA less than 3.0 may be considered, but their acceptance would require very strong GRE scores or exceptional circumstances.

Required Application Materials

To the Graduate School:

• All required Graduate School documents. We require applicants to submit applications through our online system.

To the Geological Sciences Program:

• 3 letters of recommendation (submitted through the Graduate School’s online application system)
• Personal statement (uploaded into Graduate School application online)
• GRE scores

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

PhD in Geology

http://geology.missouri.edu/index.html

The doctoral degree requires 72 hours beyond a bachelor’s degree, and may include as many as 24 hours credit from a prior master’s degree. Doctoral candidates must pass a qualifying exam during their first year in residence to assess their general background so that a meaningful program of study can be constructed. The usual doctoral program involves courses within and outside the department, and researching the dissertation topic prior to taking the comprehensive examination by the end of the second year. The results of the dissertation research are presented to the faculty and graduate students when the student has completed the project.

Dual Degrees and Double Majors

As a double major or a dual degree has become an ever more popular choice, an increasing number of students choose German or Russian as one of their majors. Students looking forward to a career in medicine or in the sciences use a double major to ensure a thorough background in the humanities to balance their scientific studies. Double majors within the College of Arts and Science can be arranged and, if the second degree program is identified early, dual degree programs outside the college are also possible. Combined programs with journalism, international studies, education and business are frequent choices. Within the college, combinations with political science, history, philosophy, art history, and the sciences are popular double major programs.

Departmental Honors - German

Departmental honors are available for students majoring in German with a minimum 3.3 GPA. At least two literature courses must be taken at the 4000-level, with no grades below B. The equivalent of one of the courses may be completed in study abroad. Alternately, at the discretion of the department, a paper written within the capstone course may be substituted.

• MA in German (p. 190)

The German and Russian Studies Department offers BA and MA degrees in two cultures and languages of critical significance in the world today - German and Russian. The German program prepares students for admission to PhD programs and for professional language careers in a number of fields. Courses in language, literature, teaching techniques and skills, seminars in various specialized aspects of German studies, and directed study and research provide candidates with opportunities to acquire a comprehensive background in German studies. Teaching assistants receive training in pedagogy.

Resources and Facilities

Resources include extensive library holdings in German literature, cultural studies, and teaching methodology, and an electronically equipped audiovisual laboratory for language training.

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

Undergraduate

BA in German

Major Program Requirements

The major in German consists of 27 credits in German beyond GERMAN 2100. The German faculty strongly encourages all majors to spend at least one semester studying abroad at a German university. Equivalents to all the required courses for the major are available through study abroad. In addition, students must meet all degree, college and university graduation requirements including university general education.

Major core requirements (beyond the A&S language requirement)

NOTE: Third Year - Study Abroad at German University

Minor in German

The department offers a minor in German consisting of 15 credits beyond GERMAN 2100. A minimum of 6 of these 15 credits must be in German courses numbered 3000 or above. In addition, a minimum of 9 of the 15 credits must be completed in residence. For the German minor, 12 of the 15 credits must be in courses where the language of instruction is German.

Application and Admission Information

Admission Contact Information
Dr. Sean Ireton
iretons@missouri.edu
218C Strickland
Columbia, MO 65211
573-882-4672

Admission Criteria

Fall deadline: First preference given to applications received by January 15, subsequent applications welcomed.
Note: Applications received by January 15 receive first consideration

Spring deadline: August 1
Note: Applications to begin Spring semester are not encouraged.
Assistantships are typically not available for graduate students beginning Spring semester.

- Minimum TOEFL scores:
  - Internet-based test (iBT)
    - 61
  - Paper-based test (PBT)
    - 500
- Minimum GPA: 3.0
- Undergraduate major in German or equivalent

Note: The department reserves the right to evaluate the work presented for admission and to determine how the student may make up for background deficiencies.

Required Application Materials

To the Graduate School:
- All required Graduate School documents

To the Program:
- Departmental application
- 3 letters of recommendation

Degree Requirements

Students must complete a minimum of 30 hours of graduate-level courses with a GPA of B or higher. No fewer than 24 hours are to be earned in German courses at the 7000 or 8000 level and at least 15 hours must be taken in German courses at the 8000 level. A thesis, with a maximum of 6 hours of credit, or a critical essay, with a maximum of 3 hours credit, are optional. Courses taken outside the department must complement the student’s plan of study and require the approval of the departmental adviser. No languages other than German and English.
are required. Information regarding specific course requirements can be obtained by writing to the director of graduate studies.

**Comprehensive Examinations**

Candidates for the MA degree must pass comprehensive written and oral final examinations based on coursework and the departmental reading list.
The Department of History offers undergraduate work in the history of ancient, medieval and modern Europe, the United States, Latin America, Asia and Africa. The department offers BA, MA and PhD degrees with majors in History. A minor is also available.

**Faculty**

Distinguished Professor W. King**
Professor Emeritus R. Bienvenu*, W. Burggraaff*, R. Collins**, S. Flader**, A. Ibrahim*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

**Undergraduate**

• BA in History (p. 192)
• Minor in History (p. 193)

**Graduate**

College of Arts and Science

Director of Graduate Studies: Lois Huneycutt

• MA in History (p. 193)
• PhD in History (p. 195)

By any measure one might choose, the History Department at the University of Missouri is an outstanding one. Our faculty has compiled a distinguished record of scholarship, receiving major awards to support their research from the National Endowment for the Humanities, the National Science Foundation, the John Simon Guggenheim Foundation and many other sponsors of cutting edge scholarship. Their books have won prizes from the American Historical Association, the Organization of American Historians and other national and regional scholarly organizations.

The department’s teaching record is every bit as distinguished as its record of scholarly accomplishment. Graduate students work closely with professors in advanced seminars and write theses and dissertations on a wide variety of topics. The teaching opportunities the department offers graduate students prepare them well for dealing with the difficult job market for new history PhDs. Over the last ten years, University of Missouri history PhDs have found positions at more than forty different colleges and universities across the United States.

**Areas of Study**

Lecture courses, seminars and directed research projects are available on the histories of Western Europe, Russia, Great Britain, South Asia, East Asia, Latin America and the United States. While students are expected to get specialized training in the fields of their choice, they are also urged to develop a broad historical background.

**Facilities and Resources**

Ellis Library has substantial research materials in all fields of graduate study, including an unusual collection of more than 5,000 pamphlets on 17th- and 18th-century British history and 18th- and 19th-century British and continental journals, including publications of all the major academies. The Health Sciences Library has excellent publications on the history of medicine. An additional resource is the Western Historical Manuscript Collection, a unique repository of material for regional studies in political, social and economic history. The State Historical Society of Missouri has an outstanding library of finding aids and primary and secondary works dealing with Missouri history. The graduate program also has available the resources of the Truman Library at Independence, Missouri.

**Internal Funding**

Applicants may compete for Graduate School fellowships for entering students. Graduate School fellowships require departmental nomination. Interested students should consult with the director of graduate studies for further details. The department provides qualified students the opportunity to gain college-level teaching experience as teaching assistants who conduct discussion sections in American and European history. Pending administrative approval and availability of funding, they earn at least $12,500 an academic year and carry nine semester hours. Each appointment is subject to annual review and may be renewed up to a maximum of six years.

**Undergraduate**

**BA in History**

**Major Program Requirements**

A student majoring in history must complete a total of 33 history credits. With the consent of the departmental director of undergraduate studies, certain history requirements can be waived for students pursuing dual degrees or double majors. A grade of C- or better is required for all courses taken for the major. In addition, students must complete all university graduation requirements and Arts and Science Foundation Requirements.

<table>

Minor in History

A minimum of 15 credits is required for a minor in history. At least 9 of the 15 must be in courses numbered 2000 or above. A minimum of 9 credits must be taken in residence, 6 of which must be in courses numbered 2000 or above. A grade of C- or better is required for all history courses taken for a minor. The selection and mix of courses is left to the discretion of the student.

Graduate

MA in History

Admission Contact Information
Nancy Taube (tauben@missouri.edu)
101 Read Hall; Columbia, MO 65211
573-882-9461

Admission Criteria
Fall deadline: January 11
• Minimum GPA: 3.0 in last 60 hours
• BA or BS degree
• GPA of 3.3 in undergraduate history courses, and at least 18 hours in history
• Official GRE score report
• Minimum TOEFL scores (international applicants only):
  Internet-based test (iBT)  Paper-based test (PBT)
  61  500

Candidates who lack the necessary undergraduate hours in history must take graduate-level classes in history to remedy that deficiency before they can be considered for admission. They should consult with the director of graduate studies about appropriate classes. Graduate School regulations prohibit a non-degree student from taking more than twelve hours of course work.

Candidates must achieve a grade point average in these classes of at least 3.3 on a 4.0 scale to be considered for admission. A 3.3 GPA or higher does not guarantee admission. Course work taken as a non-degree student to remedy a deficiency in prerequisites ordinarily will not count toward the MA degree.

Required Application Materials

To the Graduate School:
• All required Graduate School documents, including Graduate School online application
• One uploaded copy of each college transcript where a degree was earned or is pending (official transcripts will be required upon admission)
• Short essay explaining goals and expectations in graduate study, including the fields in which the student plans to specialize (upload to the online application)
• Substantial writing sample, such as a final research paper from a course (upload to the online application)
Financial Aid from the Program

In this department, all applicants are considered for financial aid unless they indicate otherwise. Announcements of awards are made no later than April 1. Applicants may compete for Graduate School fellowships for entering students. Graduate School fellowships require departmental nomination. Interested students should consult with the director of graduate studies for further details.

The department provides qualified students the opportunity to gain college-level teaching experience as graders who grade exams and papers in American and European history. Pending administrative approval and availability of funding, they earn at least $6,250 an academic year and carry nine semester hours.

Each appointment is subject to annual review and may be renewed up to a maximum of two years.

Requirements for the Degree Residency

A minimum of two semesters of full-time enrollment (9 hours each semester) or three semesters of part-time enrollment (6 hours each semester). Enrollment in all graduate courses requires the consent of the student’s advisor and the instructor(s) of the class.

Hours

Thirty semester hours of graduate credit are required by the Graduate School for the MA degree. The Graduate School also mandates that at least fifteen of these hours be in courses numbered 8000 or above, and will not count more than twelve hours of individually directed studies toward the thirty hours necessary to earn the degree. The department requires that at least twenty of these hours be in history. For students of United States history, at least fifteen hours must be in formally constituted US history courses. For students in the non-United States history program, at least twelve hours must be in formally constituted non-US history courses. Independently directed work does not count toward fulfilling this requirement in either category.

Required Courses

A readings seminar in every semester in which as many as nine credit hours are carried, unless the student is granted an exemption by the director of graduate studies. Every master’s student must take HIST 8480 Historiography unless excused by the director of graduate studies. HIST 8480 is offered every Spring semester.

Every student who is a non-thesis candidate must complete at least two research seminars before receiving the MA degree. No master’s candidates in US or non-US history are required by the department to demonstrate reading proficiency in any foreign languages or to develop research skills before receiving the MA degree. Individual advisors, however, can require MA candidates to become proficient in reading foreign languages and/or develop specific research skills if they determine such knowledge is essential for the successful completion of a student’s master’s program. As soon as any such determination is made, students will be informed by their advisors. The advisors will also discuss with them processes for achieving and demonstrating those proficiencies.

Master’s candidates in Ancient History must demonstrate proficiency in at least one ancient language (Greek or Latin) and at least one modern language (generally, either French or German) before they begin work on their theses, if they choose that alternative, or before they take the non-thesis MA examination, if they are seeking a terminal master’s degree. These students should also be aware that ancient history graduate courses can include readings in Greek and Latin. For directions on how to demonstrate proficiency in these ancient and modern languages, students should talk with their advisors and obtain a written description of this process from them.

Special Note: No student will receive graduate credit for any course in which s/he earns a grade below B. The grade of C in a graduate class is the equivalent of an F in an undergraduate course.

Satisfactory Progress and Annual Review

At the beginning of every Spring semester, students must complete a “Progress Report” on the Graduate School’s Graduate Student Progress System (sometimes referred to as “online assessment”). This report will be read by the student’s faculty advisor, who will then submit an “Advisor Response.” In addition, the student and advisor should meet to discuss the student’s progress, confirm expectations for the coming year, and address any concerns either may have regarding the report.

This is an extremely important process for two reasons. First, the advisor determines whether the student is making satisfactory progress toward a degree. If s/he is not, the advisor informs the student what needs to be done to rectify the situation. The student then usually has a year to return to making satisfactory progress. Failure to do so may result in loss of financial aid or dismissal from the program. Second, if the student is making satisfactory progress, the advisor and s/he decide together on what reasonable goals are for the next twelve months. These goals will define “satisfactory progress” at the next assessment meeting.

Appeals

The student may appeal any assessment to the director of graduate studies. If not satisfied, s/he may seek the remedies described in the Graduate School catalog.

Effect of Progress Report Completion on Funding

Completion of the Graduate Student Progress System forms by both student (Progress Report) and faculty (Advisor Response) is mandatory to maintain eligibility for any form of financial aid from the department. Receipt of financial aid requires confirmation by a student’s advisor that s/he is making satisfactory progress. No student in the program who applies for or who is seeking renewal of financial aid will be eligible for aid without a complete and up-to-date Graduate Student Progress System Report on file.

Plans for MA Degrees: Thesis plan

All students who wish to apply for admission to doctoral programs in history either at the University of Missouri or at other institutions must write a thesis. A thesis involves an original and extended analysis of an historical issue that requires substantial research. The topic of the thesis must be approved in advance by the student’s faculty director and the thesis committee, which is composed of the director, at least one other
member of the history faculty, and one faculty member from outside the department.

Graduate School regulations require that there be an outside faculty person on each thesis committee. At the discretion of the director, additional faculty members may be added to the committee. The appropriate forms, signed by the advisor and the director of graduate studies, will be submitted to the Graduate School.

Students will take HIST 8090, Thesis Research, during those semesters they are actually engaged in writing their thesis. N.B.: The Graduate School only permits six hours of HIST 8090 to count toward the 30 hours necessary to earn a master’s degree. Students should also note that hours earned in HIST 8090 do count toward the maximum of 12 hours of independent study, i.e., HIST 8085 (Problems), HIST 8089 (Research), and HIST 8090 (Thesis Research), the Graduate School will accept as credit for this degree.

Plans for MA Degrees: Non-thesis plan

Students may earn a master’s degree without writing a thesis. A non-thesis MA is a terminal degree. Those who receive it will not be considered for admission to the doctoral program. These students must successfully complete two research seminars in history. These seminars will count toward the thirty hours required for an MA degree. One of the seminar papers must be submitted to the department to fulfill the Graduate School requirement for a substantial effort reflecting creativity or originality.

Examination for the MA degree: For Thesis Plan

The student must defend her/his thesis before a committee of at least three faculty members, one of whom must be the thesis director. Another must be from a department other than History. The committee is appointed by the Dean of the Graduate School upon recommendation from the Department of History. The examining committee decides:

1. whether to recommend the awarding of the MA degree to the student
2. for prospective doctoral candidates, whether the student shall be permitted to enter the doctoral program.

This latter action constitutes a decision on the qualifying examination required in the doctoral program. Afterwards, the appropriate form(s) will be signed by the advisor, committee members, and the director of graduate studies, then sent to the Graduate School.

Examination for the MA degree: For Non-Thesis Plan

A comprehensive oral examination covering all work for the degree will be conducted by a committee of the advisor and at least two other faculty members, one of whom may be from a department other than history. The examining committee decides whether to recommend the awarding of the MA degree. Afterwards, the appropriate form(s) will be signed by the advisor, committee members, and the director of graduate studies, then sent to the Graduate School.

Graduate School Deadlines for receipt of the MA degree

Students must meet Graduate School deadlines for the awarding of degrees and the submission of theses. The final form of the thesis must be in conformity with the Graduate School requirements.

Students who do not meet one or more of these criteria may enroll as non-degree graduate students. Contact the director of graduate studies for further details. All admissions of doctoral candidates who did not receive the MA degree from the department are provisional. These students must pass a qualifying examination. See below for information about the qualifying examination.

Required Application Materials

To the Graduate School:

• All required Graduate School documents, including Graduate School online application
• One uploaded copy of each college transcript where a degree was earned or is pending (official transcripts required upon admission)
• Short essay explaining goals and expectations in graduate study, including the fields in which the student plans to specialize (upload to the online application)
• Substantial writing sample, such as a final research paper from a course (upload to the online application)
• 3 letters of recommendation, such as a final research paper from a course (upload to the online application)
• 3 letters of recommendation (submission through the online application system strongly preferred, but postal mail submission directly to the department allowed)
• Official GRE score report
• Official TOEFL score for international students

Note: Incomplete applications will not be considered. It is the applicant’s responsibility to ensure that all required documents have been received by the January deadline.

Financial Aid from the Program

In this department, all applicants are considered for financial aid unless they indicate otherwise. Announcements of awards are made no later than April 1. Applicants may compete for Graduate School fellowships
for entering students. Graduate School fellowships require departmental nomination. Interested students should consult with the director of graduate studies for further details.

The department provides qualified students the opportunity to gain college-level teaching experience as teaching assistants who conduct discussion sections in American and European history. Pending administrative approval and availability of funding, they earn at least $12,500 an academic year and carry nine semester hours. Each appointment is subject to annual review and may be renewed up to a maximum of six years.

**Qualifying Examination**

To be admitted to candidacy for a PhD in history, a student must have earned an MA in history or a related discipline and have passed a qualifying examination.

Students with an MA from the University of Missouri

Students earning their MA in history at this university may, with the approval of their advisory committee, combine their qualifying examination with their MA thesis defense. Other students must take their qualifying examination no later than the beginning of their third semester in the graduate program at the University of Missouri-Columbia.

Students Who Earned Degrees at Other Institution

All admissions of doctoral candidates who did not receive the MA degree from the department are provisional. These students must pass a qualifying examination no later than the beginning of their third semester of residence at MU. The exam will focus on a research paper the student wrote at MU.

**About the Exam**

The examining committee will be composed of the student's advisor and at least two other history faculty members. During the consideration of prospective students, the committee on graduate admissions will consult closely with faculty best suited to advise them.

The basis for the examination will be a substantial research-based seminar paper written here. The exam will be oral, approximately one hour in length; the examiners will include the student’s advisor and at least two other members of the department. It is designed to ascertain the candidate’s intellectual capacity, aptitude, and preparation for PhD level work in history.

The committee reserves the right to reject otherwise qualified students if

1. this department cannot provide the applicant with an adequate program in his/her area of interest
2. no faculty member is willing to supervise his/her work.

**PhD Program Overview**

The PhD program in history at the University of Missouri-Columbia is governed by a number of rules, regulations, and expectations. What follows is an explanation of these elements of the program.

**Advisor and Advisory Committee**

A student will meet with his/her advisor no later than the semester following passage of the qualifying examination for students who earn their MA in history at the University of Missouri and prior to the qualifying examination for other students. The advisor and student together will plan the student’s class work up to the comprehensive exams. They will also choose other members of the student’s doctoral committee. That committee will ordinarily consist of the advisor, three members of the history department who are on the graduate faculty, and one graduate faculty member from outside the department. The advisory committee must be approved by the dean of the Graduate School.

**Developing a PhD Plan of Study**

The committee will meet formally with the student to help the student to develop a major field, two broad historical fields, a historical field outside his/her area of major emphasis, and one field in a discipline other than history for the comprehensive examination. How s/he will meet the foreign language and/or historical research technique requirement (see below) will be defined and approved by the advisor and the committee.

Members of the advisory committee shall meet regularly with the student to ensure he/she is making satisfactory progress.

**PhD Degree Requirements**

To obtain a PhD in history at the University of Missouri, a student must fulfill the following requirements:

1. residency
2. course work
3. foreign language and/or historical/research technique
4. comprehensive examination
5. dissertation and oral defense

**Residency**

A minimum of two semesters of full-time enrollment (9 hours each semester) or three semesters of part-time enrollment (6 hours each semester). Enrollment in all graduate courses requires the consent of the student’s advisor and the instructor(s) of the class.

**Course Work**

The minimum requirement for the PhD degree at the University of Missouri is 72 hours of graduate credit beyond the baccalaureate degree. A student’s advisor and committee may require more. Customarily, students in history have more than 72 hours when they defend their dissertations. If a student has earned an MA degree at another institution, with the approval of her/his advisor and committee, s/he may receive up to 30 hours of credit toward the 72 necessary for the PhD. If a student took additional courses beyond his/her MA degree at another institution, with the approval of her/his advisor and committee, s/he may receive up to a maximum of six hours of credit toward the PhD.

Graduate School regulations forbid the awarding of more than six hours. Two-thirds of the courses taken by a PhD candidate within the department prior to the comprehensive examination must be at the 8000 or 9000 level. These may, and probably will, include History 8085 (Problems), History 8410 (Independent Readings PhD Exam), History 9089 (Research), but not History 9090 (Dissertation Research).

Every doctoral student who earned his /her master's degree at another institution must take History 8480, Historiography, unless excused by the director of graduate studies. History 8480 is offered every spring semester.

**Foreign Languages and Historical Research Techniques**

PhD candidates must demonstrate abilities in foreign languages and/or historical research skills appropriate to the completion of a doctoral dissertation in their proposed field of research. There are four different ways a student may fulfill this requirement. Which one is chosen depends
on the area of his/her research interest. The advisor and committee must approve the method for fulfilling this requirement.

**PhD Emphasis Areas**

**Ancient History Emphasis**

Candidates planning to write a doctoral dissertation in ancient history must demonstrate their competence in Greek and Latin, together with at least two modern languages (usually French and German).

For the ancient language, competence will be shown either by the successful completion of a translation examination designed by a history department faculty member with knowledge of the relevant language, or by passing the ETS language examination with a minimum score of 500. A candidate’s advisory committee may also require him/her to show competence in a historical research technique. An historical research technique is a specialized field of study which provides a student with additional skills to general historical research and writing.

Competence in the modern languages will be shown either by the successful completion of a translation examination designed by a history department faculty member with knowledge of the relevant language, or by passing an ETS language examination with a minimum score of 500. A candidate’s advisory committee may also require him/her to show competence in two foreign languages.

**European History Emphasis**

Candidates planning to write a dissertation in European history must be competent in two foreign languages.

Competence may be demonstrated either by successful completion of a translation examination designed by a history department faculty member with knowledge of the relevant language, or by passing an ETS language examination with a minimum score of 500. A candidate’s advisory committee may also require him/her to show competence in a historical research technique. An historical research technique is a specialized field of study which provides a student with additional skills for research. Quantitative methods/statistics or techniques of historical exhibition, museum work, and the analysis of material culture are some examples. Competence will be demonstrated by satisfactory completion of a substantial research paper or other historical project for which the technique is necessary.

Students who take foreign language courses should keep in mind that all classes below 7000 may not be taken for graduate credit and do not count toward the 9 hours per semester required for those receiving financial aid.

**American History Emphasis**

Candidates planning to write a dissertation in American history shall have a competent reading knowledge of one foreign language.

Competence in a foreign language shall be demonstrated in the ways described above for candidates in European history.

**Asian or Latin History Emphasis**

Candidates planning to write a dissertation in Asian or Latin American history shall demonstrate a competence in such languages as their advisory committee requires for their research. In addition, a candidate’s advisory committee may require the candidate to demonstrate competence in an historical/research technique, as defined above in the American History section (3).

**Preparation for the Comprehensive Examination**

In the department of history, each doctoral student must prepare five fields for the comprehensive examinations. The selection of those fields and the faculty who will be the examiners in each should be begun by the doctoral candidate and her/his advisor during her/his first semester at MU. The advisor will help the student prepare for examination in her/his major field. This will cover significant historical themes and historiographical trends in the specific period and area of the student’s prospective dissertation topic.

Two other members of the history faculty will help the student prepare for examinations in two chronological and/or geographical areas of historical study that are appropriate for his/her dissertation topic. A fourth member of the history faculty will prepare the student for an examination in a chronological, geographical, and/or thematic area of historical study that is not directly related to his/her dissertation topic. A fifth faculty member from a department other than history will prepare the student for examination in an outside field. This will cover the methodologies and research findings of another academic discipline.

**Areas of Study and Dissertation Topics**

What the student learns in this discipline should assist his/her understanding of and research on her/his dissertation topic. The student’s choice of a discipline to work in for his/her outside field is potentially as wide as the number of programs and departments in the university. That choice is not confined merely to departments in the College of Arts and Science. The student must have his/her advisor’s approval of the discipline and the outside faculty member. The Graduate School must approve these selections as well.

Within the department of history there are seven broad areas of historical study.

- US history to 1865 (including the colonial period)
- US history since 1865
- Ancient history
- European history from the fall of Rome through the Reformation
- European history since the Reformation
- Latin American history
- Asian history

The three history faculty who, together with the advisor, will help the student prepare for the comprehensive examinations, must each test him/her on material in a different broad area. Thus the student will be working on three different broad areas, plus the dissertation field. The three faculty members may, in consultation with the student, define the broad area as narrowly or as widely as they choose.

**Documenting Exam Preparation**

The advisor and the four other faculty members must explain how they want the student to prepare, what they want the student to master, and which criteria they will use to assess the examinations in their particular field. These explanations must be in writing, and copies of each placed in the student’s permanent file.

**Comprehensive Examination Requirement**

Students may take a comprehensive examination only after fulfilling their residency, course work and foreign language and/or historical research technique requirements. It will be administered by a committee consisting
of his/her advisor and four other faculty members, one from a discipline other than history. These should be the faculty members who helped the student prepare for the examinations. Sometimes it may be necessary to find substitutes. The director of graduate studies and the Graduate School must approve any substitutions, and new committee members must describe their expectations in writing for the student and for his/her permanent file.

Comprehensive Exams Processes

The comprehensive exams are given in two stages. The first is a series of at least three written exams. The second is an oral examination, which is conducted if the student passes the written portion. A report of the decision, signed by all members of the committee, must be sent to the Graduate School and the student no later than two weeks after the comprehensive exam is completed. One of the written exams must be in the major field; the committee will determine the subjects of the other exams, and their number.

Special Note: All members can require the student to write on their areas of expertise. Therefore the written examinations could cover all five areas.

All members of the committee will read the written exams and discuss them within two weeks after their completion. If they determine the student has not successfully completed the exam, they will inform him/her immediately and discuss the results. Failure ends the comprehensive exam at this point. The committee must provide the student with an outline in writing of the weaknesses and deficiencies of his/her work.

A copy of this must be placed in the student’s permanent file. If at any time the student believes that parts of the exam are unclear, or the decision of the committee is incorrect, or the advice given by the committee is inadequate, s/he may send a written request for clarification and rectification to the committee. A copy of this request should be sent to the Graduate School as well. The committee must respond to this request in writing within two weeks and a copy must be filed with the department and the Graduate School.

At least 12 weeks must pass before a student who failed can take the comprehensive exams again.

If the committee determines that the student did satisfactory work on the written examinations, they will schedule an oral examination. This second stage of the comprehensive exams will cover all five fields. Each member of the committee will test the student. At the end of the oral examinations, the committee discusses the student’s performance on each field and on the entire examination. This discussion includes both the written and the oral parts of the whole process. Then they vote pass, fail, or abstain on the student’s total performance on the exam.

Criteria for Successful Completion of the Comprehensive Exam

To complete the comprehensive exams successfully, the student must receive a vote of pass from at least four of the five examiners. Should two or more votes be negative or abstentions, the committee follows the same procedure outlined above for failure to pass the written part. These students must repeat the entire examination, not just the fields failed, and not just the oral portion. If the candidate fails the second examination, the examining committee must enter on its report to the dean of the Graduate School a recommendation to prevent the student’s further candidacy.

Dissertation and Oral Defense

Soon after successful completion of the comprehensive examination, the student and advisor will form a dissertation committee of five faculty members. One member of the committee must be from outside the department. The student shall develop with her/his advisor and committee a dissertation topic and a plan of research. S/he should keep in regular contact with the advisor. Together they shall decide when written work will be read by other members of the committee.

Travel Funding

When students begin work on their doctoral dissertations, they may apply for departmental fellowships and travel grants to assist their research and writing.

Satisfactory Progress

The department requires PhD candidates to make satisfactory progress towards completion of their degree.

Annual Review

At the beginning of every Spring Semester, students must complete a “Progress Report” on the Graduate School’s Graduate Student Progress System. This report will be read by the student’s faculty advisor, who will then submit an “advisor Response.” In addition, the student and advisor should meet to discuss the student’s progress, confirm expectations for the coming year, and address any concerns either may have regarding the report.

This is an extremely important process for two reasons. First, the advisor determines whether the student is making satisfactory progress toward a degree. If s/he is not, the advisor informs the student what needs to be done to rectify the situation. The student then usually has a year to return to making satisfactory progress.

Failure to do so may result in loss of financial aid or dismissal from the program. Second, if the student is making satisfactory progress, the advisor and s/he decide together on what reasonable goals are for the next twelve months. These goals will define “satisfactory progress” at the next assessment meeting.

Appeals

The student may appeal any assessment to the director of graduate studies. If not satisfied, s/he may seek the remedies described in the Graduate School catalog.

Funding Impact of Incomplete Reports

Completion of the Graduate Student Progress System forms by both student (Progress Report) and faculty (Advisor Response) is mandatory to maintain eligibility for any form of financial aid from the department. Receipt of financial aid requires confirmation by a student’s advisor that s/he is making satisfactory progress. No student in the program who applies for or who is seeking renewal of financial aid will be eligible for aid without a complete and up-to-date Graduate Student Progress System Report on file.

Rate of Completion

A PhD student must successfully complete the comprehensive examination within a period of five years beginning with the first semester of enrollment as a PhD student. For an extension of this the student must petition the Graduate School by submitting a request to the advisor who,
in turn, submits a written recommendation to the Graduate School. The director of graduate studies will also make a written recommendation. In addition, the dissertation must be successfully defended within five years of passing the comprehensive examination. On petition of the candidate and the candidate’s department, an extension of time may be granted by the Graduate School.
Interdisciplinary

Office of Special Degree Programs
College of Arts and Science
114 Switzler Hall
(573) 882-6060

Faculty

Professor T. Tarkow
Instructor K. Kerr

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Interdisciplinary (p. 200)
  • with emphasis in Black Studies (p. 201)
  • with emphasis in Environmental Studies (p. 201)
  • with emphasis in Peace Studies (p. 201)
  • with emphasis in Women’s and Gender Studies (p. 202)

Interdisciplinary programs provide for the special needs and interests of individual students who are not being served by one of the existing majors. The Office of Special Degree Programs is responsible for a variety of multidisciplinary majors, including Interdisciplinary, International Studies and General Studies.

Graduate

While MU does not offer graduate degrees specifically in interdisciplinary, the University does offer post-baccalaureate opportunities in a number of related areas, both within the College of Arts and Science, and in the other Schools and Colleges that make up the University. The catalog provides a complete list of these degree options (p. 5).

Undergraduate

BA in Interdisciplinary

Major Program Requirements

Students majoring in Interdisciplinary may design an individual course of study. Students with very specific career plans and goals not easily accommodated in any one department may find this program suited for their needs. Others may find that this option permits a broader approach than the major found in a single department.

The Interdisciplinary major is comprised of two or three components to total 36 credits. A component consists of course work from a single department or area, which may include programs outside the College of Arts and Science (e.g., Journalism, Business or Social Work). At least 18 hours must come from the College of Arts and Science. In addition to the 36 hours required in the major components, Interdisciplinary students must also complete a 3-credit capstone.

Interdisciplinary candidates must earn no less than a 2.0 GPA in each component. Interdisciplinary students are bound by rules and practices of the College of Arts and Science that pertain to admission to degree programs, the awarding of credit and the awarding of degrees. Students must complete college as well as University requirements, including University general education.

Major Core Requirements

Area of concentration (select one option) 36

• Three components of 12 credits each
• Three components, one of 15, one of 12 and one of 9 credits
• Two components of 18 credits each
• Two components, one of 21 and one of 15 credits

All courses in the major must be at the 2000 level, and at least 15 credits must be 3000 level or above.

A minimum of 12 credit hours within all components must be MU courses.

Capstone requirement (to be completed during final 45 hours of course work)

There are several ways a student can complete the capstone experience in Interdisciplinary Studies.

1. Special Readings project: With this option, the student completes an independent research project under the supervision of a faculty member. The project allows the student to explore an area of interest and is designed to be an academic challenge. The department is open to creative, innovative approaches to learning. The supervising faculty member is responsible for grading the project. The student is responsible for locating a supervising faculty member.

2. Service Learning project: Students work approximately 50 clock hours per credit at an agency, company or corporation of their choice. The experience, it must help the student solidify and explore the areas of concentration. Internships must have prior approval from the Special Degree Programs Office.

3. Internship: Students work approximately 50 clock hours per credit at any agency, company or corporation of their choice. Grades are on a pass-fail basis. For an internship to be approved as a capstone experience, it must help the student solidify and explore the areas of concentration. Internships must have prior approval from the Special Degree Programs Office.

4. Capstone course: Students may have a specific course designated as a capstone course for the individual degree program. The course must be upper level, and the course must be taken in the last 45 hours of course work as a major. A course taken previously cannot retroactively be counted as a capstone course. Approval for the course must be provided in advance of registration from the Interdisciplinary Studies advisor.
Semester Plan

Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

**First Year**

Total Credits: 120-124

**BA in Interdisciplinary with Emphasis in Black Studies**

**Major Program Requirements**

Emphasis in Black Studies - Coordinated with the Department of Black Studies, an academic department in the College of Arts and Science

Wilma King, Chair

13 Gentry Hall
(573) 882-6229

The Department of Black Studies offers an interdisciplinary program leading to a dual major or minor in the College of Arts and Science.

**Emphasis core requirements**

- Completion of an interdisciplinary area of concentration of at least 32 credits in Black Studies and related courses

In selecting a language to meet general education requirements in the College of Arts and Science, students are encouraged to consider Spanish, Portuguese or French.

**BA in Interdisciplinary with Emphasis in Environmental Studies**

**Major Program Requirements**

People in the environmental field work to protect and restore the natural services that clean water, build soil, scrub air, and maintain species that provide human food, shelter and well-being. Career options for students who pursue the degree can be found in advocacy, policy, conservation, and education. Advisement for the degree is provided by the Special Degree Program advisor in 114 Switzer Hall/(573)882-6060.

**Environmental Studies Major**

- Core requirements in A&S Foundation
- 15 hours Natural Dimensions Courses
- 15 hours Social Dimensions Courses
- 9 hours of Practicum Courses (Seminar, Internship, Capstone)

A student can take Natural and Social Dimension courses organized into informal tracks (Note: tracks do not appear on diplomas or transcripts).

- Sustainable Lifestyles
- Water Soils and Climate
- Energy and Materials
- Conservation and Biodiversity
- Environmental Education

**Semester Plan**

Refer to the Semester Plan for the BA in Interdisciplinary Studies (p. 200).

**BA in Interdisciplinary with Emphasis in Peace Studies**

**Major Program Requirements**

Clarence Lo, Ph.D, Director
326 Middlebush Hall
(573) 882-1736
loc@missouri.edu

The peace studies emphasis area addresses a wide range of issues concerning peace and justice, including international and civil war and peace; global social and environmental justice; nonviolent social movements, process, and change; cultures, intellectuals, and war and peace; and indigenous peoples and the imperial state. Our courses provide a liberal arts foundation: students explore values to set goals;
they evaluate evidence to assess alternate means to achieve goals. Some courses focus on practical issues of community organization (PEA_ST 4341), sustainable development (PEA_ST 1120) and construction, and public health (PEA_ST 3401), that students are likely to encounter in work, internship, or volunteer positions. Study abroad courses taught by MU faculty are regularly offered. Since issues of peace and conflict cut across disciplines, the curriculum includes courses offered by both the program itself and cross listed between Peace Studies and other programs and departments of the University.

### Emphasis requirements

**Core requirements**

### Semester Plan

Refer to the Semester Plan for the BA in Interdisciplinary Studies (p. 200).

### BA in Interdisciplinary with Emphasis in Women's and Gender Studies

#### Major Program Requirements

Interdepartmental Program in the College of Arts and Science

Joan Hermsen, Chair

Mary Jo Neitz, Director of Undergraduate Studies

325 Strickland Hall

(573) 882-2703

Students may earn a Bachelor of Arts in the College of Arts and Science with an Interdisciplinary Studies major and an emphasis in Women’s and Gender Studies. A minor is also available as are departmental honors. Please consult the Women’s and Gender Studies department for more information.

Advising of students and assistance in designing student-tailored academic plans is available from the Women’s and Gender Studies department office.

The curriculum includes Women’s and Gender Studies core courses as well as cross-listed courses from several departments throughout the University. These courses assume that knowledge cannot be separated from the study of women and gender, and that gender and sexuality are fundamental categories of analysis in all disciplines. The department stresses interdisciplinary scholarship and teaching that are broadly comparative and range across multiple cultures, national and transnational contexts, and historical periods. Its faculty employ a broad range of theoretical approaches and methods.

When students graduate with an emphasis in Women’s and Gender Studies, they should be able to:

- Apply cross-cultural and global awareness to “big questions” about women and gender
- Have a comprehensive grasp of intersectionality and matrices of domination
- Think critically: i.e. consider an issue from multiple perspectives; locate, evaluate and interpret diverse sources, including statistics; engage in critical self-reflection
- Construct arguments with evidence obtained from research
- Work collaboratively
- Recognize sexist/racist writing and thinking
• Connect knowledge and experience, theory and activism, Women's and Gender Studies materials with other courses
• Communicate effectively in writing and speech
• Apply knowledge for social transformation, citizenship
• Use gender (and other identity categories) as a category/ies for analysis

An emphasis in Women's and Gender Studies prepares students for many different employment opportunities. Some fields include arts, business, education, healthcare, policy, media, politics, law, social work and social services. Because of the diversity of Women’s and Gender Studies, the WGST emphasis can be combined with a number of other potential majors to create a dual degree. Many students choose to combine two areas of study, such as Women’s and Gender Studies and Sociology, or Women’s and Gender Studies and Journalism. This results in a student receiving one degree with two areas of specialization that reflect the student's unique academic interests and his/her individually-designed course of study.

Thirty hours are required in Women’s and Gender Studies. In addition to degree requirements, college and university requirements, including university general education requirements, must be met.

**Additional courses**

Students take an additional 15 hours selected from the lists of courses below. Students are encouraged to select the bulk of their elective coursework from the first list, Emphasis Core Courses, and must take a minimum of 9 hours from this list. Courses from the third list, Special Semester Topics Courses, may be either Emphasis Core Courses or Cross-listed Courses. Please seek advise from the department on which requirement these courses fulfill. 12 hours must be at 2000 level or above.

Total Credits: 120
International Studies

Office of Special Degree Programs
College of Arts and Science
114 Switzer Hall
(573) 882-6060

Faculty
Faculty for International Studies are housed within other departments.

Undergraduate

• BA in International Studies (p. 205)
  • with emphasis in East Asian Studies (p. 206)
  • with emphasis in Environmental Studies (p. 206)
  • with emphasis in European Studies (p. 206)
  • with emphasis in International Business (p. 207)
  • with emphasis in Latin American Studies (p. 207)
  • with emphasis in Peace Studies (p. 207)
  • with emphasis in South Asian Studies (p. 207)

Interdisciplinary programs provide for the special needs and interests of individual students who are not being served by one of the existing majors. The Office of Special Degree Programs is responsible for a variety of multidisciplinary majors, including Interdisciplinary Studies, International Studies and General Studies.

BA in International Studies

The major is comprised of three 12-credit blocks, plus electives, as described below. At least 30 credits must be at the 2000 level or higher; 18 must be taken in courses at the 3000-level or higher.

Humanities and language
Could include additional language and literature courses from the language of major study, as well as course work from Philosophy, Religious Studies, Art History and Archeology, and Civilization courses.

Social and behavior sciences
Could include course work from Geography, History, Political Science, Economics, Anthropology, Sociology, Rural Sociology or Peace Studies.

Focus area
Course work from an area of the student’s choice allowing the study of one area in depth. Students are encouraged to take 9 credits from a single department or area. The 3-credit capstone experience will equal 12 hrs. of credit. (See previous information on capstone requirement.)

Study Abroad Experience

Students majoring in International Studies must study abroad for a minimum of four weeks. Prior to their overseas studies participation, students must have completed at least one course related to the country in which they plan to study.

Dual Major in International Business

International Business is offered as a dual major program leading to the Bachelor of Science in Business Administration (BSBA) with an emphasis in International Business and a BA in International Studies. See both the College of Business (first) and the International Studies advisor for more information.

Graduate

While the College does not offer a graduate degree specific to international studies, the Graduate School does offer a graduate academic Minor in International Development (p. 676).

This catalog provides a complete list of graduate degree options (p. 5) for all Schools and Colleges at the University of Missouri.

Undergraduate

BA in International Studies

Major Program Requirements

The International Studies major is a broad multidisciplinary program of liberal studies with a strong intercultural and international focus. The program provides a variety of regional/cultural and inter-divisional emphasis areas, including East Asian Studies, Environmental Studies, European Studies, Latin American Studies, Peace Studies and South Asian Studies.

Designed to accommodate preprofessional interests as well as provide a sound foundation for more advanced study at the graduate level, this degree may be especially attractive for students planning to pursue careers in international business, trade and diplomacy, international law, technical assistance and humanitarian relief and similar fields.

The major includes a common interdisciplinary core of 18 designated credits that students earn as part of their degree requirements. In addition, all International Studies students must take a minimum of 6 credits in foreign language study beyond the 12-13 credit minimum skills proficiency requirement of the College of Arts and Science. This requires a minimum of 18 credits.

International Studies degree candidates must earn no less than a 2.0 GPA in their majors courses. Students must also complete all degree, college and University graduation requirements (p. 17), including University general education (p. 18).

Requirements are similar to those for other majors earning BA degrees in the College of Arts and Science, except that International Studies students must complete an 18-credit common core of courses as part of these requirements and students are required to complete a study abroad experience.

Foreign language
Two language courses beyond the basic 12-13 credit minimum skills proficiency requirement (total: 18-19 credits in a single language) 6

Capstone Options

Policies
- The Capstone must be completed in the final 45 hours of coursework.
- Students must earn a C- or higher to fulfill the Capstone requirement.
- A maximum of 12 hours of Internship, Readings, and/or Special Problems may be applied to graduation.
- Students must have a Capstone approved by their academic advisor.
- Students may complete an Internship or Readings without using the hours to fulfill the Capstone requirement.
- Students may not earn retroactive credit for Internships.

Internships 4940
- Students must work 50 hours for each credit hour earned.
- Only internships in the United States can be approved.
- At the end of the Internship, students must submit three documents:
  1. a carefully-prepared factual report about the internship which addresses the questions outlined in the student’s internship proposal
  2. an interpretative essay in which students connect what they have learned from their internship experience with their academic work in their individualized major
  3. a résumé which includes the student’s internship experience and documents the tangible skills they attained while working
- Internship supervisors must submit a performance evaluation.

Readings 4960
Students work independently with MU faculty on research and/or professional projects. A student finds a campus professor with whom to work. Together, they create concrete objectives for a meaningful project. The professor guides and supervises the student towards completion of the project and is responsible for awarding a letter grade for the course.

Service-Learning 4970
Service-Learning provides hands-on experience in service experiences that are coordinated in collaboration with MU and the community. Service-Learning experiences create valuable learning environments for students as they connect with the community in partnerships that provide effective and far-reaching assistance to those in need. To apply, students must have a 2.5 GPA or higher. They must watch the Internship Tutorial on the MU Serves website and complete an application for the Office of Service Learning.

4000-level Capstone course
Students can select a 4000-level course in one of their component areas to fulfill the Capstone requirement. This course does not need to be a departmental Capstone in order to fulfill the requirement.

Semester Plan
A sample plan of study has not been designed for this major. Students should contact the academic department for assistance with academic planning.

BA in International Studies with Emphasis in East Asian Studies

Major Program Requirements
East Asian Studies is one of the emphasis areas in the International Studies major. The program is multidisciplinary, encompassing course work from the departments of Geography, History, Anthropology, Religious Studies, Political Science and Philosophy, as well as in Chinese, Japanese and Korean. The program focuses on creating an understanding and awareness of the culture, history, politics, geography and languages of the East Asian countries, with an emphasis in China, Japan or Korea. Students are encouraged to begin study of their foreign language no later than the sophomore year. Students should consult with the International Center about appropriate locations for their study abroad experience.

Semester Plan
A sample plan of study has not been designed for this major. Students should contact the academic department for assistance with academic planning.

BA in International Studies with Emphasis in Environmental Studies

Major Program Requirements
Refer to the program requirements for the BA in International Studies (p. 205).

Semester Plan
A sample plan of study has not been designed for this major. Students should contact the academic department for assistance with academic planning.

BA in International Studies with Emphasis in European Studies

Major Program Requirements
European studies is an emphasis area in the International Studies major. Students who are studying French, Spanish, German, Italian or Russian may wish to select European studies as their emphasis area. The student
examines the politics, culture, history and geography of the European continent, with a focus on the country whose native language is being studied by the student. Given the multidisciplinary approach to this degree, students take courses that are specifically geared to a better understanding of the culture, history, and language of a given country, as well as a better understanding of the entire continent of Europe. Refer to the program requirements for the BA in International Studies (p. 205).

Semester Plan
A sample plan of study has not been designed for this major. Students should contact the academic department for assistance with academic planning.

BA in International Studies with Emphasis in International Business

Major Program Requirements
Refer to the program requirements for the BA in International Studies (p. 205).

Semester Plan
Refer to the Semester Plan for the BA in International Studies (p. 205).

BA in International Studies with Emphasis in Latin American Studies

Major Program Requirements
Latin American Studies is offered as an emphasis area for the BA in International Studies. The Latin American Studies option is designed to offer, in addition to linguistic competency in Spanish or Portuguese, a broad base of knowledge about Latin American politics, literature, economics and culture. This field of inquiry, alone or in combination with another discipline, is in high demand throughout the world and can provide students with an indisputable competitive edge in the contemporary professional arena. Students who graduate with an emphasis in Latin American Studies will be fully prepared to pursue graduate study in Latin American Studies programs offered around the country.

Students are encouraged to study abroad in one of many program opportunities in Spain, Mexico, Central and South America, Brazil or the Caribbean. It is important to begin planning an emphasis area with a member of the Latin American studies committee as early as feasible, during the freshman year if possible. An advisor can tailor a program to fit specific interests.

Semester Plan
A sample plan of study has not been designed for this major. Students should contact the academic department for assistance with academic planning.

BA in International Studies with Emphasis in Peace Studies

Major Program Requirements
Students may opt for an emphasis in Peace Studies. Students with this emphasis examine issues related to global peace and social justice - in the international arena. The emphasis in Peace Studies helps prepare students for employment, volunteer assignments, and graduate study in such areas as conflict resolution, human rights, humanitarian assistance, sustainable development, social justice, nonviolent social change, indigenous peoples, and the understanding of global cultural diversity.

Semester Plan
A sample plan of study has not been designed for this major. Students should contact the academic department for assistance with academic planning.

BA in International Studies with Emphasis in South Asian Studies

Major Program Requirements
The South Asian Studies emphasis offers courses in history, politics, philosophy, religion, culture, social life and languages of India. It thus provides the opportunity for study of an ancient and extensive civilization with a significant role in human history.

An emphasis in South Asian Studies prepares students to enter MA and PhD programs in this area of specialization, which often provide intensive summer language programs. An advanced degree opens a variety of professional and job opportunities for those planning to work in such fields as international business, trade and diplomacy, international law or agricultural development, among others.

Semester Plan
A sample plan of study has not been designed for this major. Students should contact the academic department for assistance with academic planning.
Linguistics

Vicki Carstens, Chair
Interdepartmental Program in the College of Arts and Science
224 Tate Hall
(573) 882-8814
carstensv@missouri.edu

Kibby Smith, Adviser
M110 Student Success Center
(573) 884-9700
smithkib@missouri.edu

Linguistics is the scientific study of human language. It seeks to understand and explain the properties of language in a clear and formal manner. Linguists document understudied and endangered languages, explore the consequences of language contact, measure language variation and change, investigate the structure of language, and analyze the construction of meaning.

Some of the main subfields of linguistics are phonetics (the physical properties of sounds), phonology (the grammar of sounds), morphology (the structure of words), syntax (the organization of phrases and sentences), semantics (meaning), and sociolinguistics (the interaction of language and society).

A Bachelor of Arts with a major in linguistics is available (with an honors option) as is a linguistics minor, both involving coursework in the various subfields.

The study of linguistics prepares students for careers which utilize insight into the workings of language including language instruction, translation and interpreting, speech pathology, anthropology, the reconstruction of prehistory, and computational fields related to the interaction of language and technology. Academic careers of linguistic research and teaching are also possible after further training at the graduate level.

In addition, a major in linguistics offers students a liberal education and develops verbal and analytical skills that are valuable in a variety of less directly related careers such as journalism, literary study, and the law.

The linguistics program is staffed by faculty from a number of MU departments. Supporting course work is offered in Anthropology, Black Studies, Classical Studies, Communication, Communication Science and Disorders, the College of Education, English, German and Russian Studies, Psychology, Philosophy, Romance Languages and Literatures, and South Asian Studies.

Although specialists in the field commonly know one or more foreign languages, such knowledge is complementary rather than essential.

Faculty

Professors: P. Weirich*, J. Zemke*, F. Zéphir*
Associate Professors: V. Carstens*, J. Goodman*, M. Gordon*, C. Horisk*, M. McGrath*, P. Robbins*, T. Kazic*
Assistant Professors: A. Alcazar*, M. Fagan*, J. Kramer*, M. Marlo*, M. Popescu*
Emeritus Faculty: L. Day*, N. L. Furbee*, D. E. Gulstad, B. L. Honeycutt, M-J Smythe, D. Watson, G. Youmans*

* Graduate Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Linguistics (p. 209)
• Minor in Linguistics (p. 210)

Departmental Honors

A student wishing to graduate with honors in Linguistics must earn a 3.3 GPA in all courses and complete all the requirements for the BA in Linguistics. In addition, with the assistance of his/her honors thesis advisor, the student must develop, plan and conduct research on an independent project, normally while enrolled in LINGST 4991 (p. 208). A committee consisting of the thesis advisor and a second reader, to be selected by the advisor and the program chair, will examine the student on the resulting thesis of 25-40 pages in an oral exam held no later than the thirteenth week of the term during which the student expects to graduate. The second reader will be provided with a copy of the thesis at least two weeks before the examination. After completing any revisions that the exam committee recommends, the student will submit a final version of the thesis for linguistics program records and will then be recommended to the college of Arts and Science for a BA with Honors in Linguistics.

Graduate

Interdepartmental Program in the College of Arts and Science
224 Tate Hall
(573) 882-8814
carstensv@missouri.edu

Chair of Linguistics: Vicki Carstens
• Graduate Minor in Linguistics (p. 210)

A graduate minor in linguistics consists of at least 12 hours including two electives and two required courses: LINGST 7630 (Phonology) and LINGST 7640 (Syntax). Electives are to be drawn from our list of upper level linguistics classes (see linguistics.missouri.edu/courses).

Graduate degrees in linguistics are not offered but MA and PhD programs with emphasis in language and linguistics are available in some cooperating departments such as Anthropology, communication, English, Romance Languages and Literatures, and Philosophy.

The linguistics area program is staffed by faculty from various departments (see below). Supporting course work may be drawn from a range of units including Anthropology, Black Studies, Classical Studies, Communication, Communication Science and Disorders, the College of Education, English, German and Russian Studies, Psychology, Philosophy, Romance Languages and Literatures, and South Asian Studies.

Financial aid, when available, is arranged through the participating departments.

Cooperating Graduate Degree Programs

Anthropology (p. 127)
Interested Anthropology and other graduate students may minor in Linguistics. Linguistics is a integral component of ethnographic research.

Communication (p. 158)
In the Department of Communication, students learn to apply the study of communication to their professional and personal lives. Students may receive a MA, or PhD through this department.

Communication Science and Disorders (p. 490)
The discipline of Communication Science and Disorders encompasses the field of speech, language, and hearing science and the distinct but related professions of Speech-Language Pathology and Audiology. Students may receive a MA, or PhD through this department.

English (p. 171)
The English department offers MA and PhD degrees with an emphasis in English Language and Linguistics.

Philosophy (p. 233)
Linguistics majors benefit by taking courses offered by the Philosophy Department and can focus on issues at the intersection of philosophy and linguistics.

Romance Languages and Literatures (p. 264)
The Department of Romance Languages and Literatures offers the MA with an emphasis on Language Teaching (MALT).

Undergraduate

BA in Linguistics

Major Program Requirements

Major core requirements (minimum) 21

I. Required areas/courses

Introduction to Linguistics 3

LINGST 1060 Human Language

Language Structure - At least one in-depth structure course such as: 3

LINGST 4600 Structure of American English
LINGST 4720 Structure of Modern French
LINGST 4721 Structure of Modern Spanish

Phonology 3

LINGST 4630 Phonology (typically offered Spring semesters)

Syntax 3

LINGST 4640 Syntax (typically offered Fall semesters; a structure course prerequisite)

Semantics 3

Select one of the following:

LINGST 2700 Elementary Logic
LINGST 4100 Philosophy of Language
LINGST 4110 Advanced Logic

II. Electives

At least one additional course from any part of the linguistics curriculum, including but not limited to those listed above and below 3

Language variation

LINGST 4620 Regional and Social Dialects of American English
LINGST 4722 Spanish Across the Continents
LINGST 4723 Language and Society: Spanish in the U.S.

Language and Culture

LINGST 3470 Culture as Communication
LINGST 4412 Gender, Language and Communication

Historical Linguistics and Language Change

LINGST 4200 Introduction to Old English
LINGST 4610 History of the English Language
LINGST 4710 History of the French Language
LINGST 4711 History of the Spanish Language

Phonetics

LINGST 3010 American Phonetics
LINGST 3220 Speech Acoustics
LINGST 3210 Anatomy and Physiology of the Speech Mechanism
LINGST 3220 Speech Acoustics
LINGST 3721 Spanish Phonetics

Language and the Mind

LINGST 2820 Introduction to Cognitive Science
LINGST 4810 Psycholinguistics

III. Capstone Course 3

LINGST 4870 Field Methods in Linguistics

Options

Topics courses such as LINGST 2001, LINGST 3001 and LINGST 4001 may also satisfy core requirements. Substitutions may be approved for courses in one of the required areas if no courses are available in that area during a student’s senior year.

Semester Plan

Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

First Year

Fall | CR | Spring | CR
--- | --- | --- | ---
LINGST 1060 | 3 | Foreign Language | 5
ENGLSH 1000 | 3 | MATH 1100 | 3
Social Science (MO State Law) | 3 | Behavioral Science | 3
Foreign Language | 5 | General Elective | 3
14 | 17

Second Year

Fall | CR | Spring | CR
--- | --- | --- | ---
LINGST 2700 or PHIL 2700 | 3 | Linguistics Elective | 3
Behavioral Science | 3 | Minor | 3
Foreign Language | 3 | Humanities/Fine Arts (Writing Intensive) | 3
Social Science | 3 | Science with a Lab | 5
General Elective | 3 | General Elective | 3
15 | 17

Third Year

Fall | CR | Spring | CR
--- | --- | --- | ---
LINGST 4600, 4720, or 4721 | 3 | LINGST 4630 | 3
Minor | 3 | Minor | 3
Humanities/Fine Arts | 3 | Humanities/Fine Arts | 3
Science | 3 | Science | 3
General Elective | 3 | General Elective | 3
15 | 15

Fourth Year

Fall | CR | Spring | CR
--- | --- | --- | ---
LINGST 4640 | 3 | LINGST 4870 | 4
Minor in Linguistics

The minor in linguistics requires at least 15 credits of linguistic courses. They may be drawn from any part of the linguistics curriculum.

Graduate

Graduate Minor in Linguistics

Completion Requirements for the Graduate Minor in Linguistics

A graduate minor field in linguistics is available to graduate students. It is comprised of 12 hours, two courses of which are required and two are to be selected from a list of upper level linguistics classes:

Required:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>LINGST 7630</td>
<td>Phonology</td>
<td>3</td>
</tr>
<tr>
<td>LINGST 7640</td>
<td>Syntax</td>
<td>3</td>
</tr>
</tbody>
</table>

Sample list from which two additional courses will be selected (appropriate substitutes may be accepted at the discretion of the chair):

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>LINGST 7420</td>
<td>Historical Linguistics</td>
</tr>
<tr>
<td>LINGST 7415</td>
<td>Language and Discourse</td>
</tr>
<tr>
<td>LINGST 7600</td>
<td>Structure of American English</td>
</tr>
<tr>
<td>LINGST 7610</td>
<td>History of the English Language</td>
</tr>
<tr>
<td>LINGST 7620</td>
<td>Regional and Social Dialects of American English</td>
</tr>
<tr>
<td>LINGST 7400</td>
<td>Language and Culture</td>
</tr>
<tr>
<td>LINGST 7870</td>
<td>Field Methods in Linguistics</td>
</tr>
</tbody>
</table>

Total Credits: 12-13
Mathematics

Glen R. Himmelberg, Chair
College of Arts and Science
202 Math Sciences Building
(573) 882-6221
himmelbergg@missouri.edu

Faculty

Associate Professor A. Harcharras**, C. Morpurgo**, J. Segert*, D. T. Weston*

Assistant Professor C. Chindris**, M. Munn**, P. Pivovarov**, S. Takeda**

Business Mathematics Coordinator J. Aubrey
Calculus Coordinator A. Clayton
College Algebra Coordinator T. E. Christiansen

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master's thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• Department Level Requirements (p. 212)
• BA in Mathematics (p. 212)
• BS in Mathematics (p. 213)  
  • with emphasis in Actuarial Science and Mathematical Finance (p. 213)
• Minor in Mathematics (p. 214)

The Department of Mathematics offers a major with either a Bachelor of Arts or a Bachelor of Science degree. Within the BS degree, an emphasis in Actuarial Science and Financial Mathematics is available. Both the BA and BS degrees will prepare a student for a graduate program in Mathematics.

Preparation for Graduate Study in Mathematics

Students satisfying the requirements for either the BA or the "traditional" BS will have the basic preparation for a graduate program in Mathematics. A student considering graduate work, however, should take additional coursework. Because of this, a BS degree would be considered preferable. Those students in the Actuarial Science area considering graduate work should take MATH 4720 as part of their program. Those students getting a dual degree in Mathematics and Mathematics Education considering graduate work in mathematics should choose to take both MATH 4700 and MATH 4720 as part of their program.

Courses recommended for students planning to pursue graduate studies in pure mathematics: MATH 4400, MATH 4500, MATH 4900, MATH 4920, and MATH 4940.

Courses recommended for students planning to pursue graduate studies in applied mathematics: MATH 4300, MATH 4310, MATH 4315, MATH 4320, MATH 4500, MATH 4540, MATH 4940.

Departmental Honors

Eligibility

To become a candidate for the BA or BS degree with a major in Mathematics with departmental honors, a student must have a cumulative grade point average that meets the Honors College standards. At present, students with a GPA of 3.30 or higher are automatically eligible to enter the departmental honors programs.

Requirements

To graduate with departmental honors in mathematics, a student must satisfy the regular BA or BS degree requirements and must have a GPA of 3.5 or higher in all Mathematics Department courses. In addition, the student must have at least 26 credits in mathematics courses numbered 4000 or above. Furthermore, the student must complete one of the two options listed below.

Option 1: Honors Thesis

The student must write an honors thesis in conjunction with a mentorship or in conjunction with MATH 4996. This option requires that the student enroll in MATH 4996.

Option 2:

The student’s program of study must include MATH 4700, MATH 4720 and MATH 4920.

Graduate

College of Arts and Science

• MS in Applied Mathematics (p. 215)
• MST in Mathematics (p. 217)
• PhD in Mathematics (p. 218)

About Mathematics

The Graduate Program in Mathematics is large enough to encompass research and courses in many areas, yet small enough to remain responsive to the needs of individual students. There are approximately 80 graduate students, 40 professors, and 15 postdoctoral and visiting researchers. The active areas of research include: algebraic geometry, analysis (real, complex, functional and harmonic), analytic functions, applied mathematics, financial mathematics and mathematics of insurance, commutative rings, scattering theory, differential equations (ordinary and partial), differential geometry, dynamical systems, general
relativity, mathematical physics, number theory, probabilistic analysis and topology.

The Mathematical Sciences Building houses a library with more than 34,000 volumes and 430 journal titles. MU students have access to an extensive array of computing resources.

**Admission Notice**

Applicants for any graduate degree in mathematics should submit an application for graduate study. Admission to the graduate program does NOT guarantee admission to the Ph.D. program. International Applicants applying from outside North America who seek financial support from the Department will only be considered for the PhD program.

**Financial Aid from the Program**

All domestic applications for admission are automatically considered for financial support, in most cases by Teaching Assistantships. Virtually all current students are supported financially. Scholarships, assistantships, fellowships and other sources of aid are available.

The Department Research Fellowship, the Blumenthal Scholarship and the McFaran Fellowship are administered by the department, while the Huggins Scholarship, Gregory Fellowship and Ridget Fellowship are administered by the university.

International applications with TOEFL of 85 or higher (or equivalent) will also be automatically considered for departmental financial support.

**Undergraduate**

**Department Level Requirements-Mathematics**

Students may apply to be Math majors upon meeting the following criteria:

- Completion of ENGLSH 1000 and MATH 2300
- Both cumulative GPA and GPA in Math courses numbered 1500 and above (expect for 2100) of 2.5 or above.

All math courses required for the degree must be passed with a grade of C- or above.

**Core Math Requirements for all Math degrees (24 credits)**

**Total Credits: 120**
BS in Mathematics

Major Program Requirements

The Mathematics Department offers a “Standard” BS, a BS with emphasis in Actuarial Science and Mathematical Finance, and a Dual Degree in Mathematics and Mathematics Education. In each case all MU General Education (p. 18) and Arts and Science Breadth and Depth requirements (for the BS) must be satisfied, in addition to the Department Level Requirements (p. 212). Note that the courses accepted for the science requirement by the Mathematics department are more restrictive than the Arts and Science requirement.

All BS degrees require completion of the Foreign Language requirement by one of: four years of a language in high school, completion of a foreign language sequence at MU, or a Foreign Language Alternative (12 credits at the 2000 level or above in an area, or related areas, approved by the Director of Undergraduate Studies).

Additional requirements for the BS degree

- MATH 4700
- MATH 4720
- Four approved 4000 level Math electives
- Science Requirement: 13 or more credits from the two groups below. Both groups must be represented.

Group I:

<table>
<thead>
<tr>
<th>Course</th>
<th>CR</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYSCS 2750</td>
<td>5</td>
</tr>
<tr>
<td>PHYSCS 2760</td>
<td>5</td>
</tr>
<tr>
<td>CHEM 1320</td>
<td>4</td>
</tr>
<tr>
<td>CHEM 1330</td>
<td>4</td>
</tr>
<tr>
<td>BIO_SC 1500</td>
<td>5</td>
</tr>
</tbody>
</table>

Group II: Any 4000 level courses in Statistics or Computer Science.

Additional requirements for the BS Degree (Dual degree for Math and Math Ed majors)

- One of: MATH 4300, MATH 4500, or MATH 4700
- One of MATH 4510 or MATH 4720
- Four approved 4000 level Math electives
- Science Requirement: 10 or more credits from the two groups from the Course List above. Both groups must be represented.

Additional requirements for the BS degree (Double major in Math and Economics)

- MATH 4700
- One of MATH 4310, MATH 4720, or MATH 4900
- Four approved 4000 level Math electives
- Science Requirement: 10 or more credits from the two groups from the Course List above. Both groups must be represented.

Sample Semester Plan for BS in Math

Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.
MATH 4371 Actuarial Modeling II 3
MATH 4315/STAT 4710 Introduction to Mathematical Statistics 3
MATH 4320/STAT 4750 Introduction to Probability Theory 3
MATH 4520/STAT 4760 Statistical Inference I 3

Additional course requirements:
STAT 4870 Time Series Analysis 3
STAT 4510 Applied Statistical Models I 3
ECONOM 1014 Principles of Microeconomics 3
ECONOM 1015 Principles of Macroeconomics 3

Science requirement: 5 or more credits from Group I courses (see above)
The following courses are recommended in order to satisfy VEE requirements:
FINANC 3000 Corporate Finance 3
FINANC 4020 Investments 3
MATH 4590 Mathematics of Financial Derivatives 3

Total Credits: 52

Semester Plan

Minor in Mathematics
To minor in mathematics, a student must satisfactorily complete the following requirements.
- The equivalents of MATH 1500, MATH 1700 and MATH 2300
- 9 additional credits in approved math courses (students not taking MATH 2320 or MATH 3000, must take all 9 credits at the 4000 level; students taking MATH 2320 or MATH 3000, need an additional 6 credits at the 4000 level)
- All courses completed with grades in C range or higher
- At least 9 credits used to satisfy the minor requirements taken in residence (College of Arts and Science requirement)

Graduate

MA in Mathematics

Admission Contact Information
Dan Edidin, director of graduate studies
202 Mathematical Sciences Building
Columbia, MO 65211
573-882-6221
e-mail: muasmathdgs@missouri.edu

Admission Criteria

Notes: Applicants for any graduate degree in mathematics should submit an application for graduate study. Admission to the graduate program does NOT guarantee admission to the Ph.D. program. International Applicants applying from outside North America who seek financial support from the Department will only be considered for the PhD program.

Fall deadline: January 15
- While a bachelor’s degree from an accredited institution is required, the undergraduate major need not be mathematics as long as applicants have had sufficient mathematics training to qualify for 8000-level courses during the first three semesters of graduate work.
- Minimum TOEFL scores:
  - Internet-based test (iBT) 61
  - Paper-based test (PBT) 500

Important Notes: International applicants seeking departmental support are required to have a minimum TOEFL score of 85 (Internet-based test) or equivalent. An iBT TOEFL Speaking subscore of 22 or higher is preferred.

- Minimum total academic IELTS score is 5.5

Required Application Materials

- 3 or more letters of recommendation from your professors or persons who assess in detail your academic performance and potential.
- Transcripts
- Personal Statement
This section consists of four subsections.

Application:
Completing the ApplyYourself system. This includes the online credit card payment $55.00 US for U.S. Citizens and Permanent Residents, $75.00 US for Non-Resident International applicants.

Supplemental Information:
(required) Upload your Personal Statement, Statement of Goals or Statement of Purpose.
Please indicate the specific degree for which you are applying, any additional degrees for which you may later apply, and explain your reasons for choosing to pursue these degrees at the University of Missouri. Note that admissions criteria for the PhD are more stringent than for the Master’s. MU PhD students can later add a Master’s degree to their program of study without requiring departmental approval. MU Master’s students who wish to later add the PhD to their program of study require departmental evaluation and approval.

Recommendations: The ApplyYourself system will let you request confidential online recommendation letters from your recommendation providers. You need to provide the names and email addresses of recommendation providers who have agreed in advance to write letters for you. The Mathematics Department application requires at least three recommendation letters from your professors (or persons who assess in detail your academic performance and potential).

International Applicants Only
Unofficial copies of TOEFL/IELTS reports uploaded by applicant can be used for initial evaluation - official reports sent directly to the Graduate Admissions Office will still be required to finalize admission.
Affidavit of Support for International Applicants: It is not necessary to complete this form. International applicants are required to complete the Affidavit of Support OR provide a letter of support from a University of Missouri graduate degree program before immigration documents can be issued. All international admissions to the Mathematics graduate program come with financial support which suffices to meet this requirement.

The following (paper) application materials must be on file at the Graduate Admissions office before an admission offer can be finalized:
Official transcripts/mark sheets from each college or university you have attended (sent directly from the college or university). Applicants with degrees from outside the United States must provide academic credentials in both the native language and in English.
Official TOEFL or IELTS scores (sent directly from the testing service). Please review the Graduate School’s policy regarding proof of English Language proficiency.

Please arrange to have these materials mailed to the following address:
University of Missouri-Columbia
Graduate Admissions

800-877-6312
573-884-8488

MA Degree Completion Requirements
The degree requirements include the satisfactory completion of 30 hours of approved course work, of which at least 18 hours must be at the 8000 level. MATH 8250, MATH 8420, MATH 8425, and MATH 8410 are required, as is either MATH 8190 or MATH 8090. Students are expected to make up any required deficiencies in their undergraduate training in advanced calculus and abstract algebra. Students may list no more than two of the courses MATH 7110, MATH 7700, MATH 7900, MATH 7140, MATH 7720 and MATH 7920 on their graduate program. Furthermore, neither MATH 7100 nor MATH 7510 may be listed. The successful completion of a Master’s Project (MATH 8190) or Master’s Thesis (MATH 8090) must be certified by a Master’s Committee consisting of three members of the Mathematics regular faculty.

email: muasmathdgs@missouri.edu

Admission Criteria

Notes: Applicants for any graduate degree in mathematics should submit an application for graduate study. Admission to the graduate program does NOT guarantee admission to the Ph.D. program. International Applicants applying from outside North America who seek financial support from the Department will only be considered for the PhD program.

Fall deadline: January 15

• While a bachelor’s degree from an accredited institution is required, the undergraduate major need not be mathematics as long as applicants have had sufficient mathematics training to qualify for 8000-level courses during the first three semesters of graduate work.

• Minimum TOEFL scores:

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>61</td>
<td>500</td>
</tr>
</tbody>
</table>

Important Notes: International applicants seeking departmental support are required to have a minimum TOEFL score of 85 (Internet-based test) or equivalent. An ibTOEFL Speaking subscore of 22 or higher is preferred.

• Minimum total academic IELTS score is 5.5

Required Application Materials

• 3 or more letters of recommendation from your professors or persons who assess in detail your academic performance and potential.

• Transcripts

• Personal Statement

• GRE scores (required for PhD application, strongly recommended for Masters application)

• TOEFL or IELTS (International students only)

Note: The application is submitted through the Graduate School’s ApplyYourself system. This includes the online credit card payment $55.00 US for U.S. Citizens and Permanent Residents, $75.00 US for Non-Resident International applicants.

Completing the ApplyYourself Application:

This section consists of four subsections.

• Personal Information: Complete all information as requested.

• Application Information: Applications are considered only starting Fall Semester, and only for Full-time study. Select a degree from the Graduate Degrees offered by the MU Mathematics Department.

• Indicate your selection for the Applied master of Mathematics Master of Arts (MS)

• Admissions Category: Graduate Degree Sought at MU: Master’s

• Graduate Program to which you are seeking admissions: Applied Mathematics Master of Science (MS)

• Educational History: Complete all information as requested.

• Test Information:

• The GRE General Test is required for application to the PhD program in Mathematics, and are strongly recommended for Masters applicants. GRE General Test scores sent directly from the ETS will be considered as part of an application if available. The GRE Subject Test is not required, will be considered if submitted.

• MU’s Institutional Code for the GRE is: 6875.

• MU’s Institutional Code for the TOEFL is: 6875.

Supplemental Information:

• (required) Upload your Personal Statement, Statement of Goals or Statement of Purpose.

• Please indicate the specific degree for which you are applying, any additional degrees for which you may later apply, and explain your reasons for choosing to pursue these degrees at the University of Missouri. Note that admissions criteria for the PhD are more stringent than for the Master’s. MU PhD students can later add a Master’s degree to their program of study without requiring departmental approval. MU Master’s students who wish to later add the PhD to their program of study require departmental evaluation and approval.

• (optional) Upload your resume or curriculum vita.

• (optional) Upload your writing sample.

• You may submit samples of your mathematical writings, publications, or pre-prints. Please limit to 10 pages.

• (optional) Upload any other supporting documents

• Unofficial copies of transcripts uploaded by applicant can be used for initial evaluation- official transcripts sent directly to the Graduate Admissions Office will still be required to finalize admission

• Unofficial copies of GRE reports uploaded by applicant can be used for initial evaluation

RECOMMENDATIONS: The ApplyYourself system will let you request confidential online recommendation letters from your recommendation providers. You need to provide the names and email addresses of recommendation providers who have agreed in advance to write letters for you. The Mathematics Department application requires at least three recommendation letters from your professors (or persons who assess in detail your academic performance and potential).

MS Degree Completion Requirements

Designed to give students training in those areas of mathematics used frequently in applications. A candidate must satisfactorily complete 30 hours of approved course work, at least 15 hours of which must be in 8000-level courses. MATH 8420, MATH 8445, MATH 8425 and MATH 8440 are required, as is either MATH 8190 or MATH 8090. At least three hours of the 30 hours must be taken outside the department. Additional requirements (some of which may be satisfied by work done as an undergraduate) include the completion of one year of advanced calculus and at least one approved course in each of the areas of linear algebra, numerical analysis and mathematical statistics or probability. Students may list no more than two of the courses MATH 7110, MATH 7700, MATH 7900, MATH 7140, MATH 7720 and MATH 7920 on their graduate program. Furthermore, neither MATH 7100 nor MATH 7510 may be listed. The successful completion of a Master’s Project (MATH 8190) or Master’s Thesis (MATH 8090) must be certified.
by a Master’s Committee consisting of three members of the Mathematics regular faculty.

**MST Degree Completion Requirements**

This degree is designed primarily for those who want to teach mathematics at the secondary school level. A candidate for the degree must have a valid teaching certificate before entering the program and must satisfactorily complete 30 hours of approved course work. MATH 8190 or MATH 8090 is required. At least 15 hours must be in 8000-level courses, of which at least 9 hours must be courses from the Mathematics Department. At least two courses are required in the fields of algebra, analysis and geometry/topology. The successful completion of a Master’s Project (MATH 8190) or Master’s Thesis (MATH 8090) must be certified by a Master’s Committee consisting of three members of the Mathematics regular faculty.

Note: The MU College of Education at the University of Missouri is a separate academic unit offering graduate degrees in Mathematics.
Education, with an emphasis on learning, teaching, and curriculum development.

PhD Degree Completion Requirements

This is a professional research degree designed to prepare students for various advanced professional careers, including college teaching and research. Before formally becoming a candidate, a student must have training equivalent to that required for a master's degree. Specifically, the student must demonstrate expertise (as determined by the department) in one of the following sequences of 8000 level classes, MATH 8250, MATH 8420, MATH 8425, MATH 8410 or MATH 8420, MATH 8445, MATH 8425, MATH 8440. In addition students must pass a qualifying examination shortly after beginning work at MU. The candidate must further complete a course of study approved by the doctoral program committee and pass a comprehensive examination. The active areas of research interest of the current members of the staff are: algebraic geometry, analysis (real, complex, functional and harmonic), analytic functions, applied mathematics, financial mathematics and mathematics of insurance, commutative rings, scattering theory, differential equations (ordinary and partial), differential geometry, dynamical systems, general relativity, mathematical physics, number theory, probabilistic analysis and topology.

Note: Effective at the start of Winter Semester 2007, there is NO foreign language proficiency requirement for the Mathematics PhD. However, a student’s Doctoral Committee still retains the discretion to impose a foreign language proficiency requirement.
Music

Robert Shay, Director
140 Fine Arts Bldg.
(573) 882-2606

The School of Music is a department in the College of Arts and Sciences that offers instruction to those who want professional training in music as well as those who wish to pursue music as a vocation. Applied music instruction in piano, string, voice, wind, brass and percussion instruments is offered for beginning and advanced students. Elementary and advanced courses are given in music theory and composition. The appreciation, literature and history of music are covered by survey and specialized courses. The school has been an accredited member of the National Association of Schools of Music since 1933.

The School of Music also offers opportunities for all students of the university to participate in various performing groups. Regular programs are presented on campus and throughout the state by groups such as the University Philharmonic Orchestra, University Wind Ensemble, Marching Mizzou, Symphonic Band, University Band, Jazz Ensembles, Choral Union, University Singers, Chamber Singers, Concert Chorale, Hitt Street Harmony, Women’s Choir, Opera Workshop and many vocal, string, percussion and wind chamber ensembles. Membership in these groups is open to interested students by audition, except University Choral Union and University Band, which do not require an audition.

The department offers BA, BM, MA and MM degrees majors in Music. BSEd, MA, MEd, EdSP and PhD degrees with majors in Music Education are offered through the Department of Learning, Teaching and Curriculum. A minor in Music and a minor and certificate in Jazz Studies are also available.

Faculty

Associate Teaching Professor C. Seitz*

Assistant Professor M. Gibson*, T. Howe*, S. Jensen*, J. Mabary*, M. Major*, P. Savvidou*, S. Shonekan*, B. Silvey*, A. White*

Assistant Teaching Professor J. Kuuskoski*, W. Lackey*, F. Lyon*, B. Snow*

Visiting Assistant Professor A. K. Dade*, R. Pellegrin*, E. Roberts

Adjunct Instructor T. Andes, A. Beeson, N. Bolshakova, K. Gianino, K. Hennessy, S. Hennessy, A. Glise*, E. Manzo, H. Patterson, S. Ryan, P. Seitz*, S. Stubbs, B. Tate, M. McCrory, H. Patterson

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Music (p. 221)

• BM in Music (p. 221)

• with emphasis in Composition (p. 222)

• with emphasis in Music History (p. 223)

• with emphasis in Music Theory (p. 224)

• with emphasis in Performance (p. 225)

• Minor in Music (p. 228)

Departmental Honors

Departmental Honors for the School of Music are designed to reward truly superlative achievement by an undergraduate music student, focusing on the student’s area of performance, theory and composition, or history and literature. A minimum GPA of 3.3 at the onset of the senior year is required, not including grades for large ensembles. The student must initiate the process by submitting a formal application to the Director of the School of Music at the beginning of the semester prior to the semester of graduation, and must receive approval from his or her area coordinator and faculty advisor. Further information and an application form may be obtained by contacting the Director of Undergraduate Studies in Music.

  • with emphasis in Composition (p. 231)
  • with emphasis in Conducting (p. 231)
  • with emphasis in Jazz Performance (p. 231)
  • with emphasis in Music Theory (p. 232)
  • with emphasis in Performance (p. 232)
  • with emphasis in Piano Pedagogy (p. 232)

About the School of Music

Founded in 1907, the School of Music is one of the larger academic units in the College of Arts and Science. Comprised of 38 full-time faculty members and approximately 300 music majors, it is small enough to permit close, personal interaction between students and faculty, but large enough to provide many wonderful opportunities for talented students to excel. Our primary mission is to prepare students to become professional musicians and music educators. The School of Music is widely known for its scholarship in the field, and it is an important cultural resource for the profession, the campus community, and the people of Missouri.

Performance

At MU a student of music has the opportunity to hear many concerts or to participate in a variety of performing organizations. Many recitals are given by students, faculty and visiting artists. Among the student ensembles that give several concerts during the year are the University Philharmonic, University Wind Ensemble and other concert bands, jazz ensembles, University Singers and other choral ensembles, Show-Me Opera, and chamber music groups. Faculty ensembles that present
recitals regularly include the Esterhazy String Quartet, the Missouri Woodwind Quintet and the MU Faculty Brass Quintet.

Resources and Facilities

The music section of the Fine Arts Building contains a recital hall, classrooms, studios and practice facilities. The music holdings in Ellis Library, both printed and recorded materials, constitute a substantial research and reference collection. The School of Music maintains a digital piano and MIDI laboratory, analog and digital music studios, and access to a listening laboratory for history and theory courses.

Additional Degree Options

Graduate Certificate in Jazz Studies (p. 303)

Music Education Degrees

These are degrees offered by the Department of Learning, Teaching, and Curriculum in the College of Education in conjunction with the School of Music. These degrees include

• Master of Arts (MA)
• Master of Education (M Ed)
• Educational Specialist (EdSp)
• Doctor of Philosophy (PhD) (focus on music education)

Undergraduate

BA in Music

Major Program Requirements

Students who elect to earn a Bachelor of Arts with a major in Music will complete a general, liberal arts degree with a strong music emphasis. Students must also complete all degree, college and university graduation requirements, including Arts & Science Foundation Requirements.

Courses completed in the D range may not fulfill music course requirements without the approval of the advisor and the dean, and the student must achieve an overall average of at least C (2.0) in all of the courses attempted in the School of Music.

Total Credits: 120

BM in Music

Major Program Requirements

The Bachelor of Music (BM) is a professional degree that offers the maximum concentration in music. The student may focus on instrumental, keyboard or vocal performance; music theory; composition; or music history by choosing an emphasis area. In addition, students must complete degree, college and university requirements, including Arts & Science Foundation Requirements.

Foreign Language Requirement:
• Woodwind or Percussion Performance: 12-13 hours of any foreign language
• Theory, Composition, or Piano or Brass Performance: 12-13 hours of French, Italian, or German
• Music History: 10 hours of German + 5-6 hours of second language, approved by adviser (15-16 total)
• String Performance: 12-13 hours of French, Italian, German or Spanish
• Vocal Performance: GERMAN 1100 Elementary German I (5 hours), FRENCH 1100 Elementary French I (5 hours), and ITAL 1100 Elementary Italian I (6 hours); and one additional course in German (5 hours), French (5 hours), or Italian (6 hours) (21-22 hours total). In addition, one hour each in Italian, French, and German diction (music courses; 3 hours total)

Candidates must pass an examination administered by the applied faculty in the area of performance at the completion of their sophomore year before entrance is approved to studio instruction at the 4455-level (for performance tracks) or 3455-level (for all other tracks). Degree recitals must be approved two weeks in advance by a faculty hearing committee.

Courses completed in the “D” range may not fulfill music course requirements without the approval of the adviser and the dean, and the student must achieve an overall average of at least C (2.0) in all of the courses attempted in the School of Music at MU.

Note: Performance tracks’ requirements include changes in effect for students entering Fall 2012 and later. Students who entered before Fall 2012 should consult an older undergraduate catalog.

**BM in Music with Emphasis in Composition**

**Major Program Requirements**

In addition to the list of required courses below for the emphasis in Composition, students must complete the bachelor of music (p. 221), college and university requirements (p. 17), including Arts & Science Foundation Requirements (p. 120).

### Minor in Music

Students who have chosen a major in another field but who wish to continue their musical growth may wish to pursue a music minor. Approval for declaration of the Minor in Music must be received from the Associate Director in Music. A minimum of 18 credits is required, including at least 6 at the 2000-level or higher:

<table>
<thead>
<tr>
<th>Music Theory</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUS_THRY 1220 Syntax, Structure and Style of Music I</td>

**Total Credits:** 18

### MA in Music

#### About the MA

The MA in Music History provides opportunities for continued development of musical insights, scholarly competencies, and the enhancement of interests in musical and related non-musical areas. This liberal graduate education is designed to prepare a student to pursue a career in college teaching, especially as preparation for doctoral studies in music history or musicology.

#### Prerequisites

Completion of a bachelor’s degree in music (or demonstrated equivalent), with a **GPA of 3.0 in the last 60 credit-hours**, is required. Additional prerequisites listed below. In the event that a candidate does not meet the required prerequisites, appropriate additional course(s) will be added as requirements to the degree program.

- Keyboard competency as is typically developed in an undergraduate music degree program
- 4 semesters of languages: 2 semesters each of French, Italian, or German
- 3 courses beyond the core music history courses (Music 2307, 2308 at MU)
- Freshman/sophomore music theory courses
- 1 semester of orchestration
- 1 course in counterpoint (3 credits or equivalent)
- 1 course in Western civilization
- 1 course in European history prior to 1800

#### Priority Application Deadline

All graduate applicants are expected to submit required application materials (for both the School of Music and the Graduate School) by January 15 for fall semester matriculation, in order to receive full consideration for admission and assistantship or scholarship support. Applications submitted after January 15 will be considered as space permits on a rolling basis. Applicants interested in spring semester matriculation should contact the Associate Director of the School of Music.

#### Application Process

1. Apply online via the Graduate School’s ApplyYourself system.
2. Complete the following directly with the School of Music:
   - Register for an interview during a Graduate Audition/Interview day.
   - Submit samples of written scholarly work.
   - Submit your unofficial transcript.
   - Submit an essay explaining professional goals.
   - Request three references to submit letters of recommendation.

**Note:** The School of Music does not require GRE scores.
International Student Information

Strong English reading, writing, and speaking abilities are necessary for success in the graduate programs in the School of Music. The following scores are required for admission to a graduate degree program in the School of Music:

• Minimum TOEFL scores:
<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>79</td>
<td>550</td>
</tr>
</tbody>
</table>

Note: No TOEFL subscores below 50 (paper) or 15 (internet), or IELTS 5

• Minimum Academic IELTS scores:

<table>
<thead>
<tr>
<th>Item</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>OVERALL</td>
<td>6.5</td>
</tr>
</tbody>
</table>

Note: No IELTS subscores below 5

FOOTNOTE: If you have a TOEFL score between 500 and 550 (paper) or between 61 and 79 (internet), or an IELTS score between 5.5 and 6.5, you may still be admitted to the School of Music but may be required to take courses from the English Language Support Program at the University of Missouri. These courses will increase the length of your program by one or two semesters, assuming you make good progress in English and eventually achieve the School of Music’s required TOEFL or IELTS scores. Note: the University of Missouri’s institutional code for the TOEFL is 6875.

</tr>
</tbody>
</table>

At least 15 credits must be at 8000 level

Total credits: 33

Additional Requirements:

• Proficiency Exams (http://music.missouri.edu/graduate/requiredexams.html) in music theory and music history are administered during new student orientation and two other times each year. All sections must be passed before the Comprehensive Exam can be taken.
  • Comprehensive Exam. (http://music.missouri.edu/graduate/requiredexams.html)
  • MA degree candidates must satisfactorily complete a Thesis on an approved topic and must pass a final oral examination, administered by a faculty committee, about their projects.

MA in Music with emphasis in Musicology

The page for this program is still under construction and should be available in future editions of the catalog. For further information concerning this degree, contact the School or College offering this degree.

For admission requirements, refer to the Graduate School’s website for the minimum qualifications for the degree program (http://gradschool.missouri.edu/academics/programs) and the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility, and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

MM in Music

About the MM

The principal function of the MM program is to provide students with opportunities for continued development of their musical talents—in a specific area—and overall musicianship. This degree is designed to prepare the graduate for a career in performance or composition, teaching, or continued graduate studies toward a doctoral degree.

Prerequisites

Completion of a Bachelor of Music degree (or demonstrated equivalent) is required, normally with the same major as that to be pursued at the graduate level, and a GPA of 3.0 in the last 60 credit-hours. In the event that a candidate does not meet the required prerequisites for a specific curriculum (listed below), then appropriate course(s) may be added to the degree program as additional requirements.

WOODWIND, BRASS, PERCUSSION, OR STRING PERFORMANCE

• Senior recital

VOCAL PERFORMANCE

• Senior recital
• Proficiency in French, Italian, and German languages and diction.

PIANO PERFORMANCE

• Senior Recital
• 1 upper-level music history course
• 3 credits of 18th-century counterpoint
COLLABORATIVE PIANO
- Senior Recital
- 2 courses in either French or German
- 2 courses in French, German, or Italian diction
- 1 upper-level music history course
- 3 credits in 18th-century counterpoint

PIANO PEDAGOGY
- 1 upper-level music history course
- 3 credits in 18th-century counterpoint
- A senior recital and undergraduate courses in piano pedagogy or teaching experience are desirable, but not required for admission.

JAZZ PERFORMANCE AND PEDAGOGY
- Senior Recital

THEORY
- 3 credits of 18th- or 16th-century counterpoint
- 2 credits of orchestration
- 2 credits of a theory elective
- 4 credits of music history (equivalent study to Music 2307-2308)
- 16 credits of applied instruction (or equivalent)

COMPOSITION
- 3 credits of 18th- or 16th-century counterpoint
- 2 credits of orchestration
- 8 credits of composition
- 4 credits of music history (equivalent study to Music 2307-2308)
- 16 credits of applied instruction (or equivalent)

CONDUCTING (Choral, Orchestral, or Wind Ensemble)
- 2 undergraduate conducting courses
- Previous conducting experience
- Proficiency in French, Italian, and German diction (Choral Conducting only)
- Proficiency in vocal pedagogy (Choral Conducting only)

Priority Application Deadline
All graduate applicants are expected to submit required application materials (for both the School of Music and the Graduate School) by January 15 for fall semester matriculation, in order to receive full consideration for admission and assistantship or scholarship support. Applications submitted after January 15 will be considered as space permits on a rolling basis. Applicants interested in spring semester matriculation should contact the Associate Director of the School of Music (see below).

Application Process
1. Apply online directly to the Graduate School through ApplyYourself (https://app.applyyourself.com/AYApplicantLogin/fI_ApplicantConnectLogin.asp?id=umc-grad).
2. Complete the following directly with the School of Music at https://app.getacceptd.com/missouri
   a. Register for an audition or interview (see further information below).
   b. Submit an essay explaining professional goals.
   c. Submit an unofficial transcript.
   d. Request three references to submit letters of recommendation.
   e. For some performance areas, a recording will be required once you are logged into the system.

Notes: The School of Music does not require GRE scores.

International Student Information
Strong English reading, writing, and speaking abilities are necessary for success in the graduate programs in the School of Music. The following scores are required for admission to a graduate degree program in the School of Music:

- Minimum TOEFL scores:
<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>79</td>
<td>550</td>
</tr>
</tbody>
</table>

Note: No TOEFL subscores below 50 (paper) or 15 (internet), or IELTS 5

- Minimum Academic IELTS scores:
<table>
<thead>
<tr>
<th>Item</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>OVERALL</td>
<td>6.5</td>
</tr>
</tbody>
</table>

Note: No IELTS subscores below 5

FOOTNOTE: If you have a TOEFL score between 500 and 550 (paper) or between 61 and 79 (internet), or an IELTS score between 5.5 and 6.5, you may still be admitted to the School of Music but may be required to take courses from the English Language Support Program at the University of Missouri. These courses will increase the length of your program by one or two semesters, assuming you make good progress in English and eventually achieve the School of Music’s required TOEFL or IELTS scores. Note: the University of Missouri’s institutional code for the TOEFL is 6875.

Audition Information
A visit to the School of Music and in-person audition are strongly encouraged for applicants planning to major in an applied area (brass, classical guitar, jazz, percussion, piano, strings, voice, woodwinds), either on one of the graduation audition days (see above) or at another arranged time. In-person auditions are required for all conducting applicants. MM jazz performance and pedagogy applicants should contact the Director of Jazz Studies to confirm the audition repertoire for video submissions. Applicants who audition initially by recording may be required to participate in a videoconference interview (Skype, iChat, etc.) or to audition on campus at a later time. Please visit the School of Music website, music.missouri.edu, for more information regarding graduate audition days.

CONTACT INFORMATION:
Professor Dan Willett, Associate Director
School of Music
215 Fine Arts Building
Columbia, MO 65211-6120
WillettD@missouri.edu
573-882-0933

John Slish, Admissions Coordinator, School of Music
150 Fine Arts Building
Columbia, MO 65211-6120
Audition/Interview Information by Area

Piano: click here for detailed audition requirements for all MM piano programs (collaborative, pedagogy, and performance).

Voice: eight selections required, including at least one operatic aria and selections in French, Italian, German, and English.

Jazz Performance and Pedagogy: Please see the audition requirements for the Graduate Certificate in Jazz Studies and contact the Director of Jazz Studies for more information.

Other Applied Areas: contact the appropriate applied faculty member for information about audition repertoire and procedures.

Composition: submit representative original compositions and register for an interview. Portfolio materials are due by the Priority Application Deadline.

Theory: submit examples of written scholarly work and register for an interview. Portfolio materials are due by the Priority Application Deadline.

Conducting applicants should arrange an audition and interview with the appropriate faculty member:

- Dr. R. Paul Crabb, Choral Conducting
- Professor Edward Dolbashian, Orchestral Conducting
- Dr. D. Bradley Snow, Wind Ensemble Conducting

Additional information for Choral Conducting applicants: Students applying for MM in Choral Conducting or PhD in Music Education with choral emphasis will rehearse one MU choir for 15-20 minutes (music will be assigned and sent to you before the audition); take a short conducting lesson on the same music; sing a prepared aria or art song; demonstrate proficiency in sight-reading and ear-training; demonstrate basic piano proficiency.

Degree Completion Requirements

See Courses of Study (http://music.missouri.edu/pdfs-docs/MM%20degrees2013REV.pdf). In addition, students must complete the following:

- Proficiency Exams (http://music.missouri.edu/graduate/requiredexams.html) in music theory and music history are administered during new student orientation and two other times each year. All sections must be passed before taking the Comprehensive Exam.
- Comprehensive Exam (http://music.missouri.edu/graduate/requiredexams.html).
- Music Theory majors must satisfactorily complete a Thesis on an approved topic, and Composition majors must complete a substantial compositional project. Both Music Theory and Composition majors must pass a final oral examination, administered by a faculty committee, about their projects.

Philosophy

R. N. Johnson, Chair
College of Arts and Science
438 Strickland Hall
(573) 882-2871
Fax: (573) 884-8949
philosophy@missouri.edu
http://philosophy.missouri.edu/

The Department of Philosophy offers a wide variety of undergraduate and graduate courses, including courses on applied ethics, ethical theory, epistemology, logic, metaphysics, philosophy of mind, philosophy of language, philosophy of religion, philosophy of science, philosophy of biology, decision theory, political philosophy, non-Western philosophy, and the history of philosophy. The study of philosophy is not only fascinating in its own right but practical too, since it encourages the development of marketable intellectual abilities. These include the abilities to read, think, and write about conceptually complex and abstract material, and to construct and analyze elaborate chains of reasoning. Philosophy majors go on to pursue careers in such fields as law, medicine, business, the non-profit sector, the church, and academia.

The department offers BA, MA, and PhD degrees in philosophy, as well as an undergraduate minor.

Faculty

*Associate Professor* A. Ariew**, S. Chant*, Z. Ernst*, C. S. Horisk**, P. L. McGrath**, P. Robbins**

*Assistant Professor* K. Boyce, M. Folescu, A. Radulescu

**Professor Emeritus** W. B. Bondeson*, J. H. Kultgen*

*Associate Professor Emeritus* A. von Schönborn*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

- BA in Philosophy (p. 234)
- BS in Philosophy (p. 234)
- Minor in Philosophy (p. 235)

Double and Dual Majors

A philosophy major can be paired with a major in another department. Students must meet the requirements of both departments. The program for each department must be approved by the advisor for that department.

Departmental Honors

To earn a BA with honors in philosophy, a student must earn a 3.3 GPA in all courses, and a 3.7 GPA in all philosophy courses; meet all the standard requirements for the regular philosophy major; in addition take PHIL 4998 Honors I in Philosophy, and PHIL 4999 Honors II in Philosophy, writing a satisfactory senior thesis normally of 8,000 to 10,000 words under the guidance of a faculty member who has consented to work with the student; and pass an oral examination on the thesis before a committee of three members of the philosophy faculty.

**Director of Graduate Studies**: Phillip Robbins

- MA in Philosophy (p. 235)
- PhD in Philosophy (p. 236)

About the Program

The philosophy department provides excellent training in both research and teaching. The nationally and internationally renowned faculty have expertise in the core areas of philosophy, with particular strength in epistemology, ethics, philosophy of mind and political philosophy, and also in various specialties; these include philosophy of biology, Asian philosophy, experimental philosophy, and the foundations of decision and game theory. With 15 full time faculty and around 25 graduate students, we offer a supportive community for pursuit of the MA and the PhD, with a broad range of courses, rigorous training, attentive, high-quality advising, the opportunity to develop a professional network through our series of colloquia and conferences, and help in every aspect of job seeking. We give students the advice and support they need to present their work at regional and national conferences, and to publish in professional journals, before they begin to look for jobs. We also give our students extensive training and experience in teaching, including assistantships with award-winning teachers.

Although we award an MA degree, we only admit students to our PhD program (with the MA obtained in the process).

We receive about 50 applications per year and offer funding to about 10-15% of these. The average scores for students we admit are: GRE Verbal 650, GRE Quantitative 700, and GPA in the major (normally philosophy) 3.9. Of course, our decisions are also based on the writing sample, letters of reference, and other factors, such as degree of fit with the department.

Professional Development

Presentation of research at professional meetings and publication by graduate students is encouraged. Prominent off-campus philosophers visit the department yearly for talks and symposia. Twice yearly, the Florence G. Kline endowment sponsors an intensive workshop at which papers on a special topic are presented by several leading figures in philosophy.

Financial Aid from the Program

Fellowships and teaching assistantships are available to qualified students. Applications for fellowships must meet Graduate School deadlines, usually in January. Applications for teaching assistantships must meet the department deadline of January 15.

Undergraduate
BA in Philosophy

Major Program Requirements

Undergraduates pursuing a major in philosophy must meet all the non-philosophy requirements for a BA degree in the College of Arts and Science, including university general education (p. 18) requirements. In addition, however, they must complete a non-philosophical minor that consists of at least 15 credits in a single department, including at least 6 credits at the 2000 level or above. Finally, they must earn 30 credits in philosophy, with a grade of "C-" or above in every course, in accordance with the following rules:

1. No course can be used to fulfill more than one of the above requirements, AND
2. No more than two philosophy courses below the 2000-level can count toward the major.

Semester Plan

Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

First Year
Fall CR Spring CR
Introductory Philosophy course (e.g., 1000, 1100, or 1200) 3 Philosophy major course 3
ENGLSH 1000 3 Foreign Language 5
Social Science 3 MATH 1100 3
Foreign Language 5 General elective 3
14 14

Second Year
Fall CR Spring CR
PHIL 2700 3 Course in minor 3
Foreign Language 3 Humanities/Fine Arts (Writing Intensive) 3
Behavioral Science 3 Behavioral Science 3
Social Science 3 Social Science 3
Natural Science 3 Natural Science 3
15 15

Third Year
Fall CR Spring CR
PHIL 3000 3 PHIL 3200 3
Philosophy major course 3 Philosophy major course 3
Course in the minor 3 Course in the minor 3
Natural Science course with lab 3 Humanities/Fine Arts course 3
General elective 3 General elective 4
15 16

Fourth Year
Fall CR Spring CR
Philosophy major course 3 PHIL 4950 3
Philosophy major course 3 Course in minor 3
Course in minor 3 Humanities/Fine Arts 3
Humanities/Fine Arts course 3 General elective 3
General Elective 4 General elective 3
16 15

Total Credits: 120

BS in Philosophy

Major Program Requirements

Core courses:
PHIL 2700 Elementary Logic 3
PHIL 3000 Ancient Western Philosophy 3
PHIL 3200 Modern Philosophy 3
PHIL 4950 Senior Seminar in Philosophy 3
Select four of the following: 12
PHIL 2600 Rational Decisions
PHIL 2820 Introduction to Cognitive Science
Focus Areas - three courses must be completed within one of the following focus areas:

1. Core Philosophy Focus Area
   - PHIL 4100 Philosophy of Language
   - PHIL 4200 Metaphysics
   - PHIL 4210 Philosophy of Mind
   - PHIL 4300 Epistemology
   - PHIL 4400 Philosophy of Science
   - PHIL 4500 Theories of Ethics
   - PHIL 4600 Political and Social Philosophy

2. Knowledge, Language and Reality Focus Area
   - PHIL 4100 Philosophy of Language
   - PHIL 4200 Metaphysics
   - PHIL 4210 Philosophy of Mind
   - PHIL 4300 Epistemology
   - PHIL 4400 Philosophy of Science
   - PHIL 4500 Theories of Ethics
   - PHIL 4600 Political and Social Philosophy

3. Mind, Brain and Language Focus Area
   - PHIL 4100 Philosophy of Language
   - PHIL 4210 Philosophy of Mind
   - PHIL 4300 Epistemology
   - PHIL 4420 Philosophy of Biology

4. Ethics, Law and Public Policy Focus Area
   - PHIL 4500 Theories of Ethics
   - PHIL 4600 Political and Social Philosophy
   - PHIL 4610 Philosophy of Law

5. Logic and Decision Focus Area
   - PHIL 4110 Advanced Logic
   - PHIL 4120 Selected Topics in Logic
   - PHIL 4130 Probability and Induction

6. Philosophy of Science Focus Area
   - PHIL 4130 Probability and Induction
   - PHIL 4420 Philosophy of Biology
   - PHIL 4400 Philosophy of Science

Minor in Philosophy

To earn a minor in philosophy, students must first gain the permission of their academic unit. Students must earn 15 credit hours in philosophy, including at least one course at the 4000-level and one further course at the 3000 or 4000-level. PHIL 4998 and PHIL 4999 do not contribute to the minor.

Graduate

MA in Philosophy

About the Master of Arts in Philosophy

At this time, our Department is not admitting students who are seeking a terminal master’s degree. However, our doctoral students earn an MA degree en route to the PhD.

Please see the admission criteria for our doctoral degree program (p. 236).

Admission Contact Information
Paul Weirich
College of Arts and Science
Department of Philosophy
415 Strickland Hall
573 882-6760
Master of Arts Degree Completion Requirements

- 30 semester hours of graduate work, 15 of which must be at the 8000 level.
- At least 80 percent of the hours submitted for the master’s program must be completed with a grade of A or B.
- A distribution of graduate courses including a proseminar for all first year students, one course in the history of philosophy and one course in either ethics, political philosophy, metaphysics, or epistemology.
- A thesis or two papers of format and topic appropriate for a refereed paper in a major journal, displaying sustained research and philosophical analysis, and an oral defense of the thesis or papers.

PhD in Philosophy

Admission Contact Information
Paul Weirich
College of Arts and Science
Department of Philosophy
415 Strickland Hall
573 882-6760

Note: Although we award the MA degree, we only admit students to our PhD program (with the MA obtained in the process). Any unusual circumstances regarding failure to meet the minimum requirements should be called to the attention of the director of graduate admissions.

Admission Process

In order to be considered for our graduate program, the following steps need to be completed (including receipt of transcripts and test scores) by January 15th:

1. Arrange for all relevant official transcripts to be sent directly to the Graduate School by your college or university (student copies are not acceptable).

2. Arrange with Educational Testing Services for your GRE scores to be sent directly to the Graduate School (MU’s school code is 6875; philosophy’s department code is 2801). Only electronic scores are acceptable.

3. International students also should arrange for their TOEFL scores to be sent directly to the Graduate School (MU’s school code is 6875; philosophy’s department code is 2801). The minimum required scores are 100 (internet) total with a speaking score of at least 23 (internet). (For more information about scores, see Graduate School TOEFL policy.)

4. Complete the basic information in online Graduate School application.

5. Upload a 750-word Statement of Interest to the Supplemental Information section of the on-line Graduation School application form. It should explain why you are interested in graduate study in philosophy at the University of Missouri. We encourage you to address, if you wish, how you can advance the department's commitment to diversity.

6. Upload a sample of your 15-25 page philosophical writing (e.g., a paper or thesis chapter) to the Supplemental Information section of the on-line Graduation School application form. For the sake of blind evaluation, do not include your name on the sample you upload.

7. In the Recommendation section of the on-line Graduate School application form, enter the information for three letters of recommendation regarding your academic potential. You should first obtain agreement from the professors writing these letters. They will be contacted by e-mail to submit their letters electronically. If a professor is unable to send his/her letters electronically, you should still enter all his/her information in the Recommendation section, but you should write "(off-line)" immediately after her name.

8. A hardcopy of the recommendation should then be sent to the Director of Graduate Studies, Department of Philosophy University of Missouri, Columbia, MO 65211-4160. Because all other materials are electronic, hardcopies often do not receive the same attention. It is thus in your strong interest to have your letters submitted electronically.

9. Complete the Department Philosophy application form (http://philosophy.missouri.edu/graduate/apply.html).

Admission Criteria

Fall deadline: January 15

- Minimum TOEFL scores:
  
<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>100</td>
<td>600</td>
</tr>
</tbody>
</table>

  - Speaking score of at least 23
  - Average GRE scores:

<table>
<thead>
<tr>
<th>When did you take the GRE?</th>
<th>Verbal</th>
<th>Quantitative</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to August 1, 2011</td>
<td>650</td>
<td>700</td>
</tr>
<tr>
<td>On or After August 1, 2011</td>
<td>163</td>
<td>155</td>
</tr>
</tbody>
</table>

- Eligibility for any graduate work in philosophy requires the equivalent of the following six undergraduate courses in philosophy: formal logic, ethics, ancient philosophy, modern philosophy, epistemology, and metaphysics.
- Deficiencies may be made up after the student is enrolled at MU.
- Average GPA in the major: 3.9

Required Application Materials

To the Graduate School

- All required Graduate School documents
- 3 letters of recommendation (submission through the online application system strongly preferred, but postal mail submission directly to the department allowed)
- Statement of interest (upload to the online application)
- Writing sample (upload to the online application)
- Departmental application (download this from http://philosophy.missouri.edu/graduate/apply.html and then upload to the online application).

To the Philosophy Program

- GRE score report (electronic only)

Qualifying Exam

Qualification for the PhD program is established by a qualifying examination (typically by superior performance on the MA research requirement).
Graduation Requirements for the PhD

- 72 hours of course work in philosophy, with at least 42 hours of regular course work.
- A distribution of graduate courses including an introductory seminar for all first year students, two advanced courses in logic, two courses in the history of philosophy, and one course in each of ethics, epistemology, and metaphysics.
- A written and oral dissertation proposal requirement designed to ensure the student’s familiarity with the relevant philosophical literature and ability to analyze philosophical issues. A dissertation and a final oral examination on the dissertation.
Physics

Peter Pfeifer, Chair
College of Arts and Science
223 Physics Building
(573) 882-3335
Fax: (573) 882-4195
http://www.physics.missouri.edu/

Physics is the science that studies the structure and properties of matter and transformations of energy. With math as the language and experimental verification as a guide, physical study has established the fundamental laws of nature that are the foundation of all natural science and technology. The study of physics includes learning the general principles and the phenomena that have been discovered and developing the skills that enable such knowledge to be advanced through research.

The Department of Physics and Astronomy offers a major in physics with either a Bachelor of Arts or a Bachelor of Science Degree. The BA degree provides a broad coverage of classical and modern physics while permitting a broader liberal arts education. It is normally selected by students who do not envision a professional career in physics, but plan to enter a professional school later in their academic career, e.g. medicine, dentistry or law, or who desire to pursue a teaching certificate. The BS degree in Physics is designed to prepare students for scientific careers immediately upon graduation, for further training in graduate school, or for teaching high school physics. A minor in physics or astronomy is also available.

Physics education plays a pivotal role in such areas of burgeoning and societal importance as biomedical optical imaging/biomedicine, materials science, and homeland security. Therefore, the Department of Physics has introduced several new courses and electives to train undergraduate students in optical sciences, biological physics, materials sciences and nanotechnology.

Faculty

Associate Professor D. Hanuscin*, W. T. Montfrooij**, P. Yu**, X. Zou**
Assistant Professor S. Bompadre**, G. King**, H. Yan**
Teaching Professor D. C. Kosztin*
Associate Teaching Professor Y. Zhang*
Assistant Teaching Professor K. King*
Adjunct Professor S. M. Badalyan, S. Balasubramanian, C. Chicone*, P. Cornish*, F. Y. Hansen, F. Hehl, A. Helfer*, H. Kaiser, A. Neagu, Z. S. Popovic, W. Yelon*
Adjunct Associate Professor X. Fan, J. Farmer**
Associate Professor Emeritus C. J. Peterson

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

- BA in Physics (p. 239)
- BS in Physics (p. 240)
  - with emphasis in Astronomy (p. 241)
  - with emphasis in Materials Science (p. 242)
- Minor in Physics (p. 242)

Candidates for both degrees must complete 120 credits with an average grade of C or better. For the BA in physics degree, students must complete 30 credits in physics and 19 credits in math and chemistry. For the BS in physics degree, students must complete 45 credits in physics and 25 credits in math and chemistry. Students pursuing a Bachelor of Science in Secondary Education, emphasis in Physics, have the option of receiving a BS in physics degree by completing 33 credits in physics and 19 hours in math and chemistry. In addition, students must meet all degree, college, and university requirements including University general education. All students who complete the BS degree in Physics automatically also complete a minor in Mathematics.

Departmental Honors

The departmental honors program in physics provides exceptional students with an opportunity to develop skills beyond the normal course work. It also acknowledges those students who have attained a level of achievement beyond what is normally expected of an undergraduate physics major.

To receive an honors degree with a major in physics, a student must meet the following criteria:

- Satisfy the BA or BS degree requirements
- Cumulative GPA of at least 3.30 and minimum GPA of 3.50 in Physics Department courses
- Complete a six credit hours research sequence, by signing up for PHYSICS 4950/ASTRON 4950 Undergraduate Research in Physics/Astronomy in the first (second) semester junior year and for PHYSICS 4950/ASTRON 4960 Senior Thesis (or PHYSICS 4950/ASTRON 4950 again) in the first (second) semester senior year. In PHYSICS 4950/ASTRON 4950 students will work on a research project, either by doing research in a lab or by doing reading research and completing specific readings under the supervision of a faculty advisor.
- Present the results of the research project in a poster or in a paper prepared in the form of a scientific journal article at a regional or national meeting, to a faculty panel that will consist of no fewer than three Physics Department faculty members, or in a physics seminar.

In order to receive departmental honors recognition, the student must be recommended by the director of undergraduate studies. Upon recommendation, the Office of the University Registrar will be notified that the candidate has earned departmental honors recognition. This acknowledgement will appear on the student’s diploma as well as on the transcript.

Elective Tracks

Students have available a variety of courses from which they may select the required credits of physics electives for the BS or BA degree. The department offers tracks that allow students to specialize in astronomy, biological physics, condensed matter physics, energy storage, materials science, nanomaterials, or optoelectronics. Students may wish to pursue
one of these tracks, or follow a general track in which they can choose any of the courses that are listed and are not required courses.

Note: Tracks are not indicated on the diploma.

Foreign Language Alternative (BS)

Students who elect an undergraduate program leading to the BS degree with a major in Physics have an option regarding the College of Arts and Science foreign language requirement. This requirement of 12 or 13 credits (depending on the language studied) may be satisfied alternatively by the substitution of an approved specialization. This consists of a minimum of 12 credits at the 2000/3000 level or above and may not include courses normally required of all physics majors. It is to be selected from an area with special relevance to physics and to the student’s own interests and future plans.

Students have selected options in aerospace engineering, atmospheric science/geophysical fluid dynamics, radiation biology, chemistry, computer science, electrical engineering (circuits or computer hardware option), geology, nuclear engineering, material science, math and other areas. The choice and planning of an option must be done under the direction of the departmental undergraduate advisor.

Dual Degrees and Double Majors

Students may wish to pursue two baccalaureate dual degrees simultaneously. For example, this might include a BS in Physics and a BS in Engineering, which is the most common choice. In order to receive two baccalaureate degrees, a student must complete a minimum of 132 credits and complete all the specified requirements for both degrees.

Another degree option is a single baccalaureate degree with two majors (double majors), which may be developed with the concurrence of appropriate advisors in the two departments. A notation of the successful completion of the two areas appears on the student’s transcript. Both departments must be in the College of Arts and Sciences. Double major options often chosen by a physics major are chemistry, mathematics or geology. Mathematics is a particularly viable double major because the extensive mathematics component normally required in the BS degree with a major in physics, if coupled with a specialization area chosen from mathematics, nearly completes the BS degree with a major in mathematics.

Careful planning, started early in the academic career, is required to meet the conditions of dual majors or dual degrees. Students who complete such programs obtain the maximum from their undergraduate experience.

• Graduate Certificate in Teaching High School Physics (p. 245)

About Physics

At the University of Missouri, the physics degrees are offered by the Department of Physics and Astronomy. Because the Department has a moderate size, graduate students are better able to maintain a close relationship with the faculty. Our facilities include various laboratories within the Physics Building as well as the Research Reactor. In certain cases, a student’s work may be done in collaboration with other science and engineering departments.

The largest research area is in experimental and theoretical condensed-matter physics. Graduates in these fields have been very successful in continuing their careers in industry and academics. Other research programs in which thesis work may be accomplished are biological physics and astronomy/astrophysics.

Research Resources

The Department of Physics and Astronomy offers many opportunities for scientific research in internationally recognized programs, some of which are unique at a university and at a level expected only in much larger departments. The main focus of research is in the areas of theoretical and experimental condensed matter physics, biological physics, astrophysics, and alternative energy. These research efforts are fostered by the existence of the University of Missouri Research Reactor (MURR), a 10 MW light-water moderated reactor that is the highest-power university research reactor in the country. Furthermore, many research activities involve facilities at National Laboratories such as Argonne, Oak Ridge, or NIST.

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

More Details

For more details on the Physics graduate program please consult the departmental web site: http://physics.missouri.edu/graduate-program/program-overview/

In particular, details about degree requirements, rules and regulations can be found in the Physics graduate handbook (http://physics.missouri.edu/wp-content/uploads/2012/08/fileGradStudentHandbook.pdf).

### BS in Physics with emphasis in Astronomy

**Major Program Requirements**

Students interested in astronomy may pursue a BS in Physics with an Emphasis in Astronomy. For this option, students must take the same required courses as the students pursuing a regular BS degree and take all their physics electives in astronomy. One of the 4 required astronomy electives is ASTRON 3010 Introduction to Modern Astrophysics. If successfully completed, the emphasis in Astronomy will be recorded on the student’s diploma.

<table>

BS in Physics with emphasis in Materials Science

Students interested in materials science may choose to pursue a BS in Physics with an Emphasis in Materials Science. For this option, students must take the same required courses as the students pursuing a regular BS degree and take all their physics electives (4 courses) from the list below:

- PHYSCS 4190 Physics and Chemistry of Materials
- PHYSCS 4230 Scanning and Transmission Electron Microscopy and Microanalysis
- PHYSCS 4400 The Physics of Electronic Devices
- PHYSCS 4410 Analysis of Biological Macromolecules and Biomaterials
- PHYSCS 4600 Semiconductor Optics
- PHYSCS 4650 Modern Condensed Matter Physics
- PHYSCS 4950 Undergraduate Research in Physics
- PHYSCS 4960 Senior Thesis in Physics

With approval, one materials science related course may be taken from outside the physics program. Only courses in which a grade of C- or above will be counted toward the emphasis area.

Minor in Physics

A student whose area of concentration is in another department may receive a minor in physics with the completion of the following courses with grades of C or better: PHYSCS 2750, PHYSCS 2760: University Physics (10 credits) plus three additional courses at the 2000/3000 level or above (to include at least one course dealing with topics in modern physics). In order to complete these requirements, the student must complete mathematics through MATH 4100 Differential Equations.

Conversely, a student whose area of concentration is physics may pursue a minor in another department in the College of Arts and Sciences.

Graduate

MS in Physics

About the Master of Science

The master of science degree in physics prepares students for a variety of scientific careers. Since physics is the most fundamental of the physical sciences, graduate-level studies in the field provide essential knowledge for application in many areas. Students with strong backgrounds in physics, as well as in areas ranging from biology to engineering, are encouraged to consider a personalized MS program in physics. Graduates have many job opportunities in a variety of areas.

Application Process

We welcome applications from students who have successfully completed a 4-year undergraduate degree in physics or closely related fields. International students who have gone through a 3-year undergraduate degree program need to have an MS degree to become eligible for admission.

Applications for admission for graduate study in physics have to be completed online. Your online application should include the following material (to be uploaded in electronic format):

- University of Missouri Graduate School Application. Use the online application system to fill out the application form and upload the required documents.
- The results of the general GRE Test (required).
- The results of the GRE Advanced Physics Test, if available (not mandatory, but strongly recommended).
- For international applicants, the results of the TOEFL Test. The minimum total TOEFL scores for graduate admission into the MU Physics program are 550 (paper-based), 213 (computer-based) or 80 (internet-based). The IELTS test with a minimum score of 6.5 is an acceptable alternative to the TOEFL.
- A statement of purpose, in which you tell us a bit about yourself (e.g. your motivations, career goals, and research interests, and why you chose to apply at the University of Missouri).
- Three letters of recommendation from three of your professors who are familiar with you and your work. school.
- Official transcripts from all undergraduate and graduate institutions applicant has attended.

Admission Criteria

Fall deadline: March 1
Spring deadline: Rolling (target date: October 1)

Minimum GRE score: none set

International applicants must submit results of the TOEFL test.

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>80</td>
<td>550</td>
</tr>
</tbody>
</table>

- MU institutional code for GRE and TOEFL: 6875
- GRE department code: 0808
- TOEFL department code: 76

Degree Completion Requirements

In general, students must present at least 30 credit hours for the MS degree, including at least 15 hours in courses at the 8000 level. The
program must include at least 15 hours of physics courses. There is no foreign language requirement.

**Physical Science Option**

The master of science (physical science) degree is designed for those preparing to teach more than one science or for those broadening their foundation in science before proceeding to the doctoral degree. It emphasizes broad training in physics, chemistry and mathematics. No thesis is required.

**Plan of Study**

The MS Degree requires completion of a minimum of 30 course hours beyond the Bachelor’s Degree (at least 15 hours of those in 8000 level courses) with a grade of 3.0 (B) or better, and completion of the Departmental Qualifying Examination at least at the MS pass level. The basic residency requirement stipulates that 24 hours of this work be courses taken at MU (i.e., no more than 6 hours may be transfer credits). In a normal program, this requirement is met by the end of the second year at MU. The required courses for a Master’s Degree are:

- **PHYSCS 8610** Classical Mechanics 3
- **PHYSCS 8620** Electrodynamics I 3
- **PHYSCS 8660** Methods in Mathematical Physics 3
- **PHYSCS 8680** Thermodynamics and Statistical Mechanics 3
- **PHYSCS 8710** Quantum Mechanics I 3

Other additional courses may be taken from 7000 and 8000 level courses in astronomy, mathematics, chemistry, biology, engineering, and physics to make a total of 30 hours of course work. In some cases, a student who is a transfer graduate student or who has a particularly strong undergraduate background may have had course work which satisfies the requirement of one or more of these core courses. Exemption from taking these courses at MU may be granted upon written application to the Departmental Graduate Studies Committee.

**Research**

It is essential for the MS degree that the students carry out some research. Three hours of research, PHYSCS 8090, should be taken, but not more than nine hours of reading and research courses may be included in the 30 hour requirement. (Note: This 9 hour limitation is a departmental requirement and is more restrictive than the Graduate School requirement.) A formal MS thesis is not required in Physics. The student, in consultation with his/her advisor, can choose to write an MS thesis as an option (MU Graduate School thesis guidelines [http://gradschool.missouri.edu/academics/thesis-dissertation/diss-thesis-guideline]).

**Qualifying Examination**

The student must pass the Departmental Qualifying Examination at least at the MS pass level. Upon completion of the qualifying examination, the student fills out the form M3, “Report of the Master’s Examining Committee” and gathers the signatures of the Qualifying Examination Committee members. This form is then signed by the Director of Graduate Studies and forwarded to the Graduate School Dean.

**Graduation Requirements**

After performing satisfactory work for the first year, the student with the advisor’s assistance completes the form M1, “Plan of Study for the Master’s Degree,” an outline of the course of study for the student’s graduate program, and forwards the application through the Departmental Graduate Studies Committee to the Dean of the Graduate School. The plan of study form must be filed no later than the session preceding the session in which the student expects to receive the degree. Upon approval of the M1 form by the Dean of the Graduate School, the student is a candidate for the degree.

The program for the Master’s Degree must be completed within a period of eight years beginning with the first semester of enrollment, not including time spent in the armed services. For any extension of this time limitation, the student must petition the Graduate School Dean. Such petitions must be received in the Graduate School Office prior to the expiration of the normal period and must be approved by the advisor, the Departmental Director of Graduate Studies, and the Graduate School Dean. The Graduate School will notify the advisor in writing of the final decision.

The candidate must be enrolled at the MU campus during the semester in which the program of study, outlined in the “Plan of Study for the Master’s Degree”, is expected to be completed. During the first six weeks of this semester, the candidate must personally confirm with the Graduate School Office for all graduation arrangements.

**PhD in Physics**

The doctor of philosophy degree is designed to educate scientists to be capable of independently formulating and solving problems of fundamental scientific importance. Detailed policies for the PhD degree are listed at the MU Graduate School. Here we give details specific to the Physics program.

**Application Process**

Applications for admission for graduate study in physics have to be completed online. Your online application should include the following material (to be uploaded in electronic format):

- University of Missouri Graduate School Application. Use the online application system [https://app.applyyourself.com/AYApplicantLogin/fl_ApplicantLogin.asp?id=umc-grad] to fill out the application form and upload the required documents.
- The results of the general GRE Test (required). MU institutional code for GRE: 6875 GRE department code: 0808
- The results of the GRE Advanced Physics Test, if available (not mandatory, but strongly recommended).
- For international applicants, the results of the TOEFL Test. A minimum test score of 80 is required. The IELTS test with a minimum score of 6.5 is an acceptable alternative to the TOEFL.
- A statement of purpose, in which you tell us a bit about yourself (e.g. your motivations, career goals, and research interests, and why you chose to apply at the University of Missouri).
- Three letters of recommendation.
- Your official transcripts from all undergraduate and graduate institutions attended.

**Admission Criteria**

- Fall deadline: March 1
- Spring deadline: Rolling (target date: October 1)
- Minimum GRE score: none set
- Minimum TOEFL scores (international applicants only):
  - Internet-based test (iBT) 80
  - Paper-based test (PBT) 550
**Degree Completion Requirements**

A Ph.D. Degree requires completion of a minimum of 18 hours beyond the Master’s Degree, with a grade of 3.0 (B) or better, and completion of the Department Qualifying Examination at the PhD pass level. The degree candidate must also meet the residency requirements. There is no foreign language requirement.

The required courses for a PhD Degree (in addition to those for the MS Degree in physics) are as follows:

- **PHYSCS 8640 Electrodynamics II (3)**
- **PHYSCS 8720 Quantum Mechanics II (3)**
- Two graduate-level (>8000) courses in the student’s area of specialization (6)
- A graduate-level (>8000) course in an area other than the student’s area of specialization (3)

Additional graduate-level courses to make a total of 18 hours beyond the Master’s Degree are required. See the graduate courses in Physics and Astronomy for electives. In addition, students can choose selected 7000 and 8000 level courses in Mathematics, Chemistry, Biology and Engineering.

A student is required to have taken a minimum of three full years of graduate work beyond the Bachelor’s Degree. All acceptable graduate work, including one year’s residence for a Master’s Degree, is used to compute the three-year requirement for the PhD Degree. It is important to note that this is not a requirement for three calendar years of work, but rather a three-year’s equivalent of full time study. When this three-year residency requirement is satisfied, a student should have finished a minimum of 72 credit hours of graduate work.

Within the three-year residence, each doctoral student must successfully complete at least two 12-hour semesters or three 8-hour semesters of graduate level program within a period of 18 calendar months. During this period, the student must be fully involved in academic pursuit, be it study, teaching, or research. This period of full-time reading, reflection, study, teaching, and research is considered necessary to give the student’s program continuity and to fulfill the spirit and special demands of the doctoral program.

A student who is a graduate assistant, or who is engaged in other activities that reduce the time available for graduate study, may need more than the anticipated time to meet course and dissertation requirements. Nonetheless, a reasonable rate of progress is required.

A PhD student must successfully complete the comprehensive examination within a period of five years beginning with the first semester of enrollment as a PhD student. In addition, the program for the doctoral degree must be completed within five years of passing the comprehensive examination.

For an extension of this time, the student must, before the expiration of the normal period, petition the Graduate School by submitting a request to the adviser who, in turn, submits a written recommendation to the Graduate School which has been endorsed by the departmental Director of Graduate Studies. An extension, if granted, may entail a revision of the candidate’s program to update course work and research.

**Transfer of Credit**

A student who has completed a master’s degree at the University of Missouri-Columbia or elsewhere may, upon recommendation of the advisor and approval by the departmental Director of Graduate Studies and the Graduate School, transfer a maximum of 36 credit hours toward the total hours required for the doctoral degree. Transfer credit for doctoral students who do not have an earned master’s degree is limited to a maximum of 12 hours of graduate credit.

**Degree Completion Requirements**

In general, a PhD requires completion of a minimum of 18 hours beyond the master’s degree, with a grade of 3.0 (B) or better, and completion of the department qualifying examination at the PhD pass level. The degree candidate must also meet the residency requirement. For more details, please consult the department’s website or ask the director of graduate studies.

**Plan of Study**

The doctoral program committee guides the student in planning a program of study. The Chair of the Doctoral Program Committee, after conferring with the student and the Doctoral Program Committee, submits to the Graduate School a report, including a copy of the proposed course of study and any request for transfer of graduate credit. This plan of study will, when completed,

- prepare the student for research in the chosen field of Physics or Astronomy,
- satisfy the credit-hour and residency requirements.

The student must substantially complete the course work outlined in the “Plan of Study for the Doctoral Degree” form (Form D2), to the satisfaction of the Doctoral Program Committee and the Dean before being considered for the Comprehensive Examination.

**Comprehensive Examination**

To be an official candidate, the student must pass the Doctoral Comprehensive Examination, which is based upon graduate coursework in the Department (PHYSCS 8610, PHYSCS 8620, PHYSCS 8660, PHYSCS 8710, PHYSCS 8720, and other optional courses). The student must be enrolled to take this examination. It is to be administered only when MU is officially in session. The major advisor applies to the Dean for the Doctoral Program Committee to administer the Comprehensive Examination when the doctoral student has

- passed the Qualifying Examination,
- substantially completed the planned course work, and
- completed two years of the residence requirement.

The Comprehensive Examination is the most advanced general exam posed by MU. It may consist of both written and oral sections. It must be completed at least seven months before the final Dissertation Defense. The two sections of the examination must be completed within one month.

The written segment of the Comprehensive Examination is arranged and supervised by the major advisor. It consists of either (1) written questions prepared and graded by members of the Doctoral Program Committee, or (2) a research proposal on the work to be done for the PhD. Normally, the student will have two weeks to answer eight questions. Upon satisfactory
completion of the written examination (or research proposal), the student is then given an oral examination by the committee.

For the Comprehensive Examination to be successfully completed, all or all but one of the committee, must vote to pass the student on the entire examination, both written and oral. A report of this examination, as in the "Doctoral Comprehensive Examination Results Form" (Form D3), carrying the signatures of all members of the committee, must be sent to the Graduate School and the student no later than two weeks after the completion of the examination.

A failure of either the written or oral section of the examination constitutes failure of the comprehensive examination. If a failure is reported, the committee will include in the report an outline of the general weaknesses of deficiencies of the student’s work. The student and the committee will work together to identify steps the student might take to become fully prepared for the next examination. If at any time the student believes that the advice given by the committee is inadequate, the student may send a written request for clarification to the committee. A copy of this request should be sent to the Graduate School as well. The committee must respond to this request within two weeks and a copy must be filed with the Graduate School. Failure to pass two Comprehensive Examinations automatically prevents candidacy.

Doctoral Candidacy and Continuous Enrollment

Candidacy for a doctoral degree is established by passing the comprehensive examination. Status as a continuous enrollment doctoral student begins the term after the term in which the comprehensive exam was successfully completed. Candidacy is maintained by enrolling in PHYSCS 9090 research for two semester hours each fall and winter semester and for one semester hour each summer session up to and including the term in which the dissertation is defended. Continuous enrollment provides access to an adviser’s support, doctoral program committee guidance and University research facilities for completion of the dissertation. Failure to continuously enroll in PHYSCS 9090 research until the doctoral degree is awarded terminates candidacy.

Candidacy may be reestablished by paying the registration and late fees owed and completing the requirements specified by the student’s doctoral program committee. Registration fees owed may not exceed the amount owed for seven terms, regardless of the number of terms beyond seven for which the student failed to continuously enroll. The committee’s requirements may include a second comprehensive examination of evidence of currency in the research field as suggested by publications in refereed journals. Candidacy is reestablished when the student’s advisor and the departmental Director of Graduate Studies submit a written request to the Graduate School explaining the basis of the decision. Once approved, a Request to Re-enroll form must be completed by the student and sent to the department for processing.

Dissertation and Defense

The dissertation must be written on a subject approved by the candidate’s Doctoral Program Committee, must embody the results of original and significant investigation, and must be the candidate’s own work. Candidates should consult the Graduate School’s Theses and Dissertations Guidelines.

All dissertation defenses shall be open to all Physics and Astronomy faculty and graduate students. Dissertation defense dates should be publicly announced in advance. The candidate must be enrolled to defend the dissertation, which is administered when MU is officially in session. A report of the dissertation defense form (Form D4), carrying the signatures of all members of the committee, is sent to the Graduate School before the deadline preceding the anticipated date of graduation. For the dissertation to be successfully defended, the student’s doctoral committee must vote to pass the student on the defense with no more than one dissenting or abstaining vote.

Graduate Certificate in Teaching High School Physics

Through this project, participants gain an expanded range of leadership expertise, content knowledge and pedagogical proficiency to share with others, as they become resources and catalysts for reform in science education at the secondary and post-secondary institutional levels. Ultimately, the overall goal is a significant increase in student achievement in science and science coursework.

For more information please visit the A TIME for Physics First website: http://www.physicsfirstmo.org/# or contact the Department of Physics by calling 573-882-7997 or emailing hillsar@missouri.edu

Federal Gainful Employment disclosure information for this Graduate Certificate is available at http://gradschool.missouri.edu/academics/programs/teaching-high-school-physics-graduate-certificate/teach-hs-ge/Gedt.html
Political Science

A. Cooper Drury, Chair
College of Arts and Science
113 Professional Building
(573) 882-2843
drury@missouri.edu

Political science is concerned with government, politics and public policies. In political science courses, students learn how government operates and how to analyze and evaluate public policies and political ideas. This training can help students be more effective as active citizens, as political leaders and as government administrators.

Many political science graduates attend law school or graduate school in political science, public administration, business administration, the social sciences, and other subjects. Others are employed in governmental or political jobs as legislative assistants, military officers or lobbyists, and more go into business or private employment. Many public officials and government administrators have political science degrees.

Courses in political science help students learn to think critically, analyze complex material and communicate effectively. Political science classes require extensive writing assignments, and majors are given many opportunities to hone their writing skills.

The department offers BA, MA and PhD degrees with majors in Political Science.

Faculty

**Associate Professor** J. W. Endersby**, L. R. Keiser**, J. T. Kriekhaus**, S. L. Quackenbush**
**Adjunct Professor** J. D. Milyo**, M. A. Stegmaier**

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Political Science (p. 247)
• Minor in Political Science (p. 248)

Departmental Requirements

Students complete a graduation plan, usually at the end of the sophomore year or beginning of the junior year. They should prepare for political science courses by completing university (p. 17) and College of Arts and Science foundation requirements, including university general education (p. 18).

Students must complete the following classes with letter grades in the C range or better to file a graduation plan:

• POL_SC 1100 or an equivalent course
• ENGLISH 1000 or an equivalent course

• MATH 1100 followed by a mathematics or statistics course (STAT 1200 will not count)
• An analytical course e.g. SOCIOL 1000 , PSYCH 1000, ECONOM 1014, PHIL 1000 or PHIL 1200
• POL_SC 3000

Students are required to complete 30 credits in political science. Fifteen of the 30 must be numbered 4000 or above.

Internships

The Political Science Department offers internship course credit for work in a variety of governmental settings, including work with state legislators, administrative agencies, lobbyists, members of Congress, statewide elected officials, and state political parties. Seniors in good standing with a GPA of 2.67 and juniors in good standing with a GPA of 3.0 who have completed appropriate coursework are eligible to apply. No more than 3 internship credit hours may be included in the 30 hours required for the major.

Departmental Honors

Students who have honors eligibility and a 3.5 GPA may enter the departmental honors program. Students who successfully complete a senior honors paper with a letter grade in the “B” range or better will have the phrase “with Honors in Political Science” added to their diplomas. Each year many political science honors students are selected for Phi Beta Kappa, Mortar Board, Golden Key and other scholastic honoraries. Students who plan to enter graduate school are encouraged to enter the departmental honors program and to speak with a faculty member early in their academic career. Some areas of graduate study require significant preparation in language, statistics and methodology.

http://politicalscience.missouri.edu/

Director of Graduate Studies: Amanda Murdie

• MA in Political Science (p. 248)
• with emphasis in Public Policy (p. 249)
• PhD in Political Science (p. 249)

The department emphasizes both quality teaching and research. Several faculty members have received awards and prizes for teaching excellence and innovative research. The department aims to train people as experts in the study of politics and government, while encouraging students to acquire a sufficient background in other disciplines to enable them to correlate their specialized knowledge with all aspects of modern life.

Careers

The MA can serve multiple career goals: community-college teaching, continuation of studies to the PhD, entrance into and advancement in public service, or acquisition of skills for a position in the private sector. Alumni with PhDs have received teaching appointments at public and private colleges as well as positions of responsibility in state and national government in the United States and in many foreign countries. In recent
years, an average of five students a year entered the PhD job market. Approximately eighty percent of the PhD graduates became college teachers. Most of the remainder went into public service and a few into the private sector. Six departmental alumni have become college presidents.

Financial Aid from the Program

Applications for admission and financial aid are considered on the basis of the entire packet submitted. Students may apply for departmental teaching and research assistantships and fellowships, as well as university scholarships and fellowships. Annually, about 20 departmental assistantships offer stipends of over $11,500 plus waivers of educational fees. Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

Satisfactory Progress

A graduate student must maintain a minimum 3.0 GPA after the first semester of graduate study and a 3.4 cumulative GPA in all subsequent semesters. A student should complete and pass required courses, activities, and examinations on schedule. The student’s adviser and the director of graduate studies will monitor and provide an annual assessment of a student’s progress. Failure to maintain satisfactory progress can have serious consequences, including dismissal from the program.

Undergraduate

BA in Political Science

Major Program Requirements

Students must complete the University of Missouri’s general education requirements and the Departmental Requirements (p. 246), in addition to the degree requirements below.

All majors must take:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>POL_SC 1100</td>
<td>American Government</td>
</tr>
<tr>
<td>POL_SC 3000</td>
<td>Introduction to Political Research *</td>
</tr>
</tbody>
</table>

*POL SC 3000 should be taken as a sophomore. It introduces majors to the systematic study of political phenomenon and prepares students for upper-class courses. A grade of C- or higher is required.

Comparative government (at least one course required)

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>POL_SC 2600</td>
<td>Canadian Politics and Government</td>
</tr>
<tr>
<td>POL_SC 2700</td>
<td>Comparative Political Systems</td>
</tr>
<tr>
<td>POL_SC 2720</td>
<td>European Democracies</td>
</tr>
<tr>
<td>POL_SC 4500</td>
<td>The European Union in the Global System</td>
</tr>
<tr>
<td>POL_SC 4600</td>
<td>Latin American Politics</td>
</tr>
<tr>
<td>POL_SC 4605</td>
<td>Latin American Politics through Film</td>
</tr>
<tr>
<td>POL_SC 4610</td>
<td>European Political Systems</td>
</tr>
<tr>
<td>POL_SC 4670</td>
<td>The Political System of the European Union</td>
</tr>
<tr>
<td>POL_SC 4720</td>
<td>Politics of Development</td>
</tr>
<tr>
<td>POL_SC 4730</td>
<td>Women and Politics</td>

Options

For students who want to concentrate on a specific area, suggestions for a course of study are available from the academic advisor. These include:

- Government service for students who want to become government administrators
- Public information and reporting for students who plan to be governmental press secretaries, public information specialists, interest group lobbyists or government reporters
- International relations for students who want to work for multinational corporations or international agencies
- Graduate school preparation
- Law school preparation

Semester Plan

Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

Total Credits: 120

^ Course meets degree program requirements
* Course meets University general education and/or campus graduation requirements

Minor in Political Science

To earn a minor in political science, students must complete 15 credits, including the following:

- POL_SC 1100, American Government (3) or an equivalent course
- Additional political science courses totaling 12 credits with at least 6 at the 4000 level
- No more than 3 internship credits may be included and will not count as a 4000 level
- Nine credits must be in residence including 6 at the 4000 level
- A grade of C- or better is required of all political science classes in either a minor or a major with an overall GPA of 2.0 or greater.

Graduate

MA in Political Science

Admission Contact Information

Graduate Studies Office
113 Professional Bldg.
Columbia, MO 65211
573-882-2062
gradpolsci@missouri.edu

Admission Criteria

Admission into the PhD program is determined by the graduate committee’s consideration of the applicant’s performance on the applicant’s academic record, personal statement, letters of recommendation, and the GRE general test.

Fall deadline: February 1
Spring deadline: October 1

- Minimum TOEFL scores:
  - Internet-based test (iBT) 89
  - Paper-based test (PBT) 570
  - Computer-based test 230

- Minimum GRE scores:
  - Prior to August 1, 2011 1000
  - On or After August 1, 2011 300

- Minimum GPA: 3.0 overall, in last 60 hours, and in political science courses.
- 12 hours of upper-division course work in political science is recommended.
- An undergraduate major in an area other than political science may be acceptable.

Required Application Materials

- Graduate School online application form
- one to two page statement of purpose, describing interests and goals in graduate study in Political Science
- three letters of recommendation
- transcripts from all universities attended [official transcripts upon admission]
- official results from the Graduate Record Examination (GRE)
- writing sample
- Test of English as a Foreign Language (TOEFL) scores (for International students)

MA Degree Completion Requirements

All MA students must complete POL_SC 7000, POL_SC 7010, and POL_SC 9030. Each candidate must take one graduate seminar (8000 level) in each of two fields. Fields include: American political institutions.
and behavior, comparative politics and government, international relations, and public policy and administration.

The master’s degree program culminates in a comprehensive oral examination and defense of the research project. The Master of Arts degree may be earned by completing either the thesis or the non-thesis program.

Thesis Option

Students wishing to advance from the master’s program to the PhD program at MU must take the thesis option. The thesis program requires 30 hours of academic credit (at least 18 in 8000-level Political Science seminars) and an acceptable thesis for which up to six semester hours of credit must be earned (POL_SC 8090).

Non-Thesis Option

The non-thesis program is a 30-hour generalist master of arts. It requires a student to take at least 30 hours of academic credit (at least 18 in 8000-level Political Science seminars) and to write a master’s paper for which up to three hours of credit must be earned (POL_SC 8085).

Satisfactory Progress

A master’s student should maintain a minimum 3.0 GPA after the first semester and a 3.4 cumulative GPA in subsequent semesters. The MA program must be completed within five years of the first semester of enrollment. Most students complete the master’s program within two years.

MA in Political Science with Emphasis in Public Policy

The Department of Political Science is no longer accepting applications to the MA with emphasis in Public Policy degree program. We are accepting applications to the regular MA in Political Science program (p. 248). Please see their page for more information.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MA in Political Science program (http://gradschool.missouri.edu/academics/programs/political-science/masters.php) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

PhD in Political Science

Admission Contact Information

Graduate Studies Office
113 Professional Bldg.
Columbia, MO 65211
573-882-2062
gradpolsci@missouri.edu
• A minimum of 13 hours in a methodology or research tool field.  
  Required courses include POL_SC 7000, POL_SC 7010, and POL_SC 9030.
• The remaining six hours in the methodology field may be in advanced  
  formal or quantitative methods, advanced foreign language, or a  
  combination of the two.
• A minimum of six hours in an outside field. These courses may be in  
  a cognate field in support of relevant substantive fields or research  
  methods related to dissertation research.

Besides completing the necessary course work, the candidate must  
demonstrate the capacity to use a research tool (such as a foreign  
language or statistics), should obtain some teaching experience in  
political science (for academic careers), must pass separately written and  
oral comprehensive examinations, must submit and defend a dissertation  
proposal, and must submit and defend a dissertation.

Length of Study

All required courses and the comprehensive examination must be  
completed within five years of the first semester in the graduate program.  
The dissertation must be completed and defended within five years of  
passing the comprehensive examination.

The PhD usually requires five years full time or the equivalent in part-time  
work beyond the bachelor’s degree and four years beyond the master’s  
degree. Full-time students (including teaching and research assistants)  
must carry a minimum of nine credit hours of courses per semester  
(except for students conducting dissertation research).

Timeline

The first three years of doctoral study typically include course work and  
preparation for the comprehensive examinations. Comps (POL_SC 9970)  
are typically taken early in the fourth year. A proposal for dissertation  
research is defended within a few months of the comprehensive exams.  
The remaining time is devoted to dissertation research (POL_SC 9090).

Satisfactory Progress

A doctoral student must maintain a minimum 3.0 GPA after the  
first semester and a 3.4 cumulative GPA in subsequent semesters.  
Comprehensive exams and dissertation proposal must be completed  
within a timely fashion. The PhD program must be completed within ten  
years of the first semester of enrollment. Most students complete the  
doctoral program within five years.
Psychology

Dr. Moshe Naveh-Benjamin
College of Arts and Science

http://psychology.missouri.edu

The faculty and staff of the Department of Psychological Sciences are committed to providing students with a high quality, broadly-based undergraduate education. Understanding that undergraduate students use the psychology major as preparation for a variety of postbaccalaureate experiences, the department is dedicated to offering a wide range of courses and services to students. While some students are interested in pursuing psychology-related interests in graduate school, most are interested in pursuing careers after graduating with a Bachelor of Arts (BA).

Regardless of a student’s ultimate goals, faculty members believe that students will be best served by completing a rigorous research-oriented program of study. Therefore, students should expect instructors to take a scientific approach to the psychological content of each course.

The department offers the BA and BS degrees with a major in Psychology, and the MA and PhD degrees with an emphasis in Clinical Psychology, Cognition & Neuroscience, Developmental Psychology, Quantitative Psychology, and Social & Personality Psychology. A minor in Quantitative Methods is also available.

Faculty

Research Assistant Professor J. Bohanek
Clinical Professor N. Presser
Clinical Associate Professor M. Klein-Trull, J. Skinner
Teaching Professor A. Strathman**
Assistant Teaching Professor L. Bauer, J. Ludlam, E. Naveh-Benjamin, I. Segert, M. Skaggs Sheldon, I. Zimmerman
Professor Emeritus W. Anderson, B. Biddle, R. Geen, J. LoPiccolo, M. Thelen, D. Wright

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

About Psychological Sciences’ Degrees

The department also offers a dual emphasis area program (p. 251) in Child Clinical and Developmental Psychology. All emphasis areas offer broad empirical and theoretical training with a research emphasis.

The Clinical Psychology emphasis area is accredited by the American Psychological Association and by the Psychological Clinical Science Accreditation System, and is a member of the Academy of Psychological Clinical Science.

Note: Most students accepted have an undergraduate major in psychology or its equivalent. Acceptance is based on training, quality of work, recommendations, GRE scores and other information. For additional information on admission requirements, consult Graduate Study in Psychology and Associated Fields, published annually by the American Psychological Association and available in most libraries.

Dual Emphases: Child Clinical and Developmental Psychology

Students in the Dual Emphasis Program pursue a graduate degree with training in both clinical (child track) and developmental psychology. Students in this program are involved in training that bridges the two areas of developmental psychology and child-clinical psychology. This program provides training in the area of developmental psychopathology with the added benefit of training in the practice of child-clinical psychology. To pursue the joint program, students must be officially admitted into both the clinical and developmental training areas within the Department of Psychological Sciences and complete requirements for both areas.

For more information: http://psychology.missouri.edu/dual-degree
More Information about Emphasis Areas

These programs and others are more fully described at the departmental website at http://psychology.missouri.edu.

Undergraduate

BA in Psychology

Major Program Requirements

To graduate with a Bachelor of Arts with a major in Psychology in the College of Arts and Science, a student must complete all degree, college and university graduation requirements, including university general education (p. 18) as well as all degree and college or school requirements. Students are reminded to check the Undergraduate Catalog for course descriptions and prerequisite information.

Major Core Requirements

• The psychology major requires 30 credit hours.

• All courses that count toward the psychology major requirements must be completed with a grade of C or better. Grades of C- or below will not be accepted. This includes STAT 1200 or its equivalent (a required course for all psychology majors).

• Students must complete at least two psychology courses numbered 4000 or above. The Psychology capstone lab will meet one of these 4000-level courses.

• Students must complete at least one psychology course numbered 3000 or above that is designated Writing Intensive. The psychology capstone lab will meet the WI requirement if completed during the fall or spring semesters. Capstones are not WI in the summer sessions.

• No more than 43 psychology credits may count toward the required 120 credits to graduate. Students enrolled in the two-semester Honors Capstone only may use up to 46 psychology credits toward graduation.

• Students may use no more than 12 hours of Special Problems Courses, Special Readings Courses, or Internship Courses (PSYCH 2950, PSYCH 4950, PSYCH 4960 & PSYCH 4940) toward graduation. Within the 12 hours, no more than 9 hours may be Special Problems Courses. A student may complete either 6 hours of PSYCH 2950 and 3 hours of PSYCH 4950, or they may complete 3 hours of PSYCH 2950 and 6 hours of PSYCH 4950.

Research Methods sequence

- PSYCH 3010: Research Methods in Psychology I (3 credits)
- PSYCH 3020: Research Methods in Psychology II (3 credits)
- Capstone course (psychology lab course) (3-6 credits)

Distribution Areas

Psychology majors are required to take one course from four of the five distribution areas. This ensures that students will have exposure to a wide range of psychological theory and research. In addition, students choose two additional Psychology courses to receive further education according to their interests. Although the distribution areas are presented below as distinct areas of study, a great deal of overlap exists among them. Students should understand the ways in which the various areas complement one another and gain the ability to integrate information learned in the different areas.

Learning/Cognition

This distribution area studies the mechanisms of the mind and how they are altered by experience. Courses in this distribution area include:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSYCH 2110</td>
<td>Learning, Memory, and Cognition</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 2820</td>
<td>Introduction to Cognitive Science</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 3110</td>
<td>Theories of Learning</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 3130</td>
<td>Decisions, Values and Choice</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 3140</td>
<td>Cognitive Psychology</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 3150</td>
<td>Human Memory</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 3160</td>
<td>Perception and Thought</td>
<td>3</td>
</tr>
</tbody>
</table>

Biological/Neuroscience

This distribution area studies the biological basis of the behavior of humans and other animals. Courses in this distribution area include:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSYCH 2210</td>
<td>Mind, Brain, and Behavior</td>
<td>3</td>
</tr>
<tr>

<td>Animal Learning and Behavior</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 4240</td>
<td>Cognitive Neuroscience</td>
<td>3</td>
</tr>
</tbody>
</table>

Note: A student may not receive credit for PSYCH 2210 if it is taken after PSYCH 4210.

Social/Personality

This distribution area employs scientific methods to understand the nature and causes of individuals’ thoughts, feelings and behavior in social situations. Courses in this distribution area include:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSYCH 2310</td>
<td>Social Psychology</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 2320</td>
<td>Introduction to Personality</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 3310</td>
<td>Intergroup Relations</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 4340</td>
<td>Attitude Change</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 4350</td>
<td>Stereotypes and Prejudice</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 4815</td>
<td>Cross-Cultural Psychology</td>
<td>3</td>
</tr>
</tbody>
</table>

Developmental

This distribution area studies the cultural and biological influences on age-related changes in cognition, emotion and social behavior that take place throughout an individual’s lifespan. Courses in this distribution area include:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSYCH 2410</td>
<td>Developmental Psychology</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 3410</td>
<td>Infancy</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 3420</td>
<td>Cognitive Development in Childhood</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 3430</td>
<td>Social Development in Childhood</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 4440</td>
<td>Sex Differences</td>
<td>3</td>
</tr>
</tbody>
</table>

Note: Due to the overlap in course content, a student may receive credit for only one of the following three courses: PSYCH 2410, H_D_FS 3420 or ESC_PS 2500.
Clinical/Abnormal
This distribution area focuses on scientific study of the causes of mental disorders as well as methods for assessing and alleviating mental health problems and related types of maladjustment. It also is concerned with the study of mental health and wellness, including strategies for preventing the development of mental disorders. Courses in this area include:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSYCH 2510</td>
<td>Survey of Abnormal Psychology</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 2830</td>
<td>Human-Companion Animal Interaction</td>

<td>3</td>
</tr>
</tbody>
</table>

Psychology Electives (2000-level) 6
Students must complete two psychology elective courses numbered 2000 or above, excluding Special Problems/Readings, Internship, and Capstone Labs.

Semester Plan
Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available. Psychology majors are required to earn a C or higher (no C- or below) in all Psychology courses and STAT 1200.

### First Year
- **Fall**
  - PSYCH 1000^: 3
  - ENGLISH 1000^: 3
  - Behavioral Science Course^: 3
  - AGH: Social Science Course^+: 3
  - Humanities Course +: 3
  - Total Credits: 15

- **Spring**
  - Psych Social/Personality Course ^: 3
  - MATH 1100^+: 3
  - Social Science Course^: 3
  - Humanities (2000+ Arts and Science approved) +: 3
  - 1000+ elective +: 3
  - Total Credits: 15

### Second Year
- **Fall**
  - Psych Developmental Course ^: 3
  - Foreign Language 1^+: 5
  - Biological/Physical Science Course^+: 3
  - 1000+ elective +: 3
  - 1000+ elective +: 1
  - Total Credits: 15

- **Spring**
  - Psych Clinical/Abnormal Course ^: 3
  - Foreign Language 2^+: 5
  - Psych 2000+ elective +: 3
  - 1000+ elective +: 3
  - 1000+ elective +: 1
  - Total Credits: 15

### Third Year
- **Fall**
  - PSYCH 3010^: 3
  - Psych Biological/Neuroscience Course +: 3
  - Total Credits: 6

- **Spring**
  - PSYCH 3020^: 3
  - Biological/Physical Science Course (with LAB) +: 3
  - Total Credits: 6

### Fourth Year
- **Fall**
  - Psych Capstone (Writing Intensive)^+: 3
  - Behavioral Science Course (2000+ Arts and Science approved)^+: 3
  - Humanities Course ^: 3
  - Total Credits: 15

- **Spring**
  - 3000+ elective +: 3
  - 3000+ elective +: 3
  - 3000+ elective +: 3
  - Total Credits: 15

### Total Credits: 120

^ Course meets degree program requirements
^ Course meets University general education and/or campus graduation requirements
+ Course meets College of Arts and Science foundation (Basic Skills)

BS in Psychology

Major Program Requirements
To graduate with a Bachelor of Science with a major in Psychology in the College of Arts and Science, a student must complete all degree, college and university graduation requirements, including university general education (http://generaleducation.missouri.edu/requirements) as well as all degree and college or school requirements. Students are reminded to check the Undergraduate Catalog for course descriptions and prerequisite information.

Major Core Requirements
- The psychology major requires 30 credit hours.
- All courses that count toward the psychology major requirements must be completed with a grade of C or better. Grades of C- or below will not be accepted.
- A required statistics course (STAT 2500 or higher, or STAT 1200 and STAT 2200).
- Students must complete at least two psychology courses numbered 4000 or above. The Psychology capstone lab will meet one of these 4000-level courses.
- Students must complete at least one psychology course numbered 3000 or above that is designated Writing Intensive. The psychology capstone lab will meet the WI requirement if completed during the fall or spring semesters. Capstones are not WI in the summer sessions.
- Students may use no more than 12 hours of Special Problems Courses, Special Readings Courses, or Internship Courses (PSYCH 2950, PSYCH 4950, PSYCH 4960, & PSYCH 4940). Within the 12 hours, no more than 9 hours may be Special Problems Courses. A student may complete either 6 hours of PSYCH 2950
and 3 hours of PSYCH 4950, or they may complete 3 hours of PSYCH 2950 and 6 hours of PSYCH 4950.

• Other than the 12 hour limit of Special Problems Courses, Special Readings Courses, and Internship hours described above, there is no limit to the number of psychology credits that may count toward the required 120 credits to graduate with the Bachelor of Science.

Total Credits: 120

* Course meets degree program requirements.
+ Course meets University General Education and/or campus graduation requirements.
+ Course meets College of Arts & Science foundation (Basic Skills)

AP credit for PSYCH 1000 is considered a transfer course.

Online MU courses offered by Mizzou Online are considered “regularly-scheduled courses”.

Graduate

MA in Psychology

At this time, our Department is not admitting students who are seeking a terminal master's degree. However, our doctoral students earn an MA degree en route to the PhD.

Please see the admission criteria for our doctoral degree program.

Admission Contact Information
Graduate Student Services
grdpsych@missouri.edu
210 McAlester Hall
Columbia, MO 65211
573-882-0838
573-882-7710 (fax)

MA in Psychology with Emphasis in Applied Psychometrics

A minimum of 35 hours of graduate-level courses is required for the M.A. in Psychology with an emphasis in Applied Psychometrics. Students must complete 30 hours of advanced study at the University of Missouri-Columbia to receive the degree. This means that a maximum of six hours of graduate coursework taken elsewhere can count toward the master’s degree. Such transfer of credit must be recommended by the student’s advisor and approved by the director of graduate studies.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MA in Psychology program (http://gradschool.missouri.edu/academics/programs/psychology) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

MA in Psychology with Emphasis in Child Development and Developmental Psychology

Students in the Dual Emphasis Program pursue a graduate degree with training in both clinical (child track) and developmental psychology. Students in this program are involved in training that bridges the two areas of developmental psychology and child-clinical psychology. This program provides training in the area of developmental psychopathology with the added benefit of training in the practice of child-clinical psychology. To pursue the joint program, students must be officially admitted into both the clinical and developmental training areas within the
Department of Psychological Sciences and complete requirements for both areas.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MA in Psychology program (http://gradschool.missouri.edu/academics/programs/psychology) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

MA in Psychology with Emphasis in Clinical Psychology

The Clinical Psychology program is accredited by the American Psychological Association and by the Psychological Clinical Science Accreditation System, and is a member of the Academy of Psychological Clinical Science. The Clinical program follows a clinical science model of training. Central to this model is a commitment to:

1. using an empirical approach to understanding, ameliorating, and preventing human problems in behavior, affect, cognition, and health;
2. to promoting adaptive human functioning; and
3. to disseminating and applying knowledge in ways consistent with scientific evidence.

The Clinical program prepares students for careers involving support, production, and dissemination of clinical science research. Clinical faculty and students are active in research and scholarship that advances understanding of the symptoms, causes, course, treatment, and prevention of many of our nation’s most distressing and impairing mental/behavioral health issues (e.g., addictions, anxiety, developmental disorders, eating disorders, juvenile delinquency, mood instability and disorders, schizophrenia). Students work primarily with core clinical faculty, but may also collaborate with researchers throughout the department and in other campus and community units (e.g., Thompson Center for Autism and Developmental Disabilities, Fulton State Hospital).

Students also develop clinical skills in empirically supported approaches to assessment, prevention and intervention. The Clinical program maintains its own community-based outpatient clinic (the Psychological Services Clinic or PSC) as a practicum training site for students in the clinical program. The PSC is staffed by doctoral-level clinical psychologists and clinical graduate students, and it serves a broad range of clients through individual, couple, family, and group assessment and therapy services. Additional clinical experiences are available through paid or volunteer positions at institutions such as Fulton State Hospital, University Hospitals and Clinics, the Thompson Center, and the Boone County Juvenile Office’s Multisystemic Family Therapy Program.

After completing high quality internships, typically at medical centers, VA's, or university research centers, graduates are employed in positions that involve research, teaching and service in universities, medical centers, clinics, hospitals and similar agencies.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MA in Psychology program (http://gradschool.missouri.edu/academics/programs/psychology) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

MA in Psychology with Emphasis in Cognition and Neuroscience

The faculty and students in the Cognition and Neuroscience Training Area explore the interactions among mind, brain and behavior from individual and biological levels of analysis. Graduate training provides students with a thorough background in psychology, statistics and scientific methodology, through course work and participation in ongoing research. Students are expected to be actively engaged in faculty mentored and independent research projects throughout their training.

Faculty and students in cognition and neuroscience investigate a variety of topics in human cognition, cognitive neuroscience, learning and memory, and behavioral neuroscience and use human and animal models. Our researchers investigate the structure and function of the nervous system and its impact on behavior in brain imaging, psychophysiology and neuropharmacology experiments. Studies survey human memory, intelligence and sensorimotor function across the lifespan and the impact of physical and psychological disorders on these processes. Animal research examines motivation, learning and the biological basis of human psychopathologies.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MA in Psychology program (http://gradschool.missouri.edu/academics/programs/psychology) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

MA in Psychology with Emphasis in Developmental Psychology

Developmental psychology is the scientific study of social, cognitive, and physical development over time. The Developmental Psychology doctoral program offers a strong background in statistics and research methodology and intensive research mentoring. Graduate students engage in research with their primary advisor beginning in their first semester in the program and take supporting coursework.
Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MA in Psychology program (http://gradschool.missouri.edu/academics/programs/psychology) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

MA in Psychology with Emphasis in Social/Personality Psychology

Social/Personality psychology offers training in the traditional areas of social and personality psychology, as well as their relevance for several applied areas including health psychology. This Social/Personality area integrates the psychology of the person and the situation, with the goal of understanding the psychological processes that underlie people’s emotions, motivations, beliefs, and actions.

Training focuses on the multi-faceted view of social behavior from three levels:

1. the individual level;
2. the contextual level (or social level); and
3. the interaction of the individual and the contextual levels.

All three levels are vital to fully understanding human psychology. Particular research foci in the area include the sources of motivation, both individual and social; the nature of meaning-making, both existential and interpersonal; the determinants of optimal and destructive functioning, both within and between groups and in relationships; and the causes and consequences of psychological well-being, growth, and defense.

From the first year, students will be actively involved in their advisor’s ongoing research program. The exact nature of this involvement will be determined by the interests and needs of both parties, and may entail attending research meetings, designing research studies, running subjects, analyzing data and/or writing research reports. This hands-on research experience in conjunction with completing coursework and other program requirements is intended to provide the student with a firm grounding in the theory and methods of social/personality psychology, as well as the skills to conduct and publish his or her own research.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MA in Psychology program (http://gradschool.missouri.edu/academics/programs/psychology) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied before official admission to the University of Missouri.

Admission Criteria
Fall deadline: December 1
- Minimum GPA: 3.0
- Minimum GRE score: no minimum, subject test is strongly recommended
- Minimum TOEFL scores:

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>61</td>
<td>500</td>
</tr>
</tbody>
</table>

An interview is required for admission to the clinical psychology program. Students earn an MA en route to the PhD, but we do not admit students seeking a terminal master’s degree.

Most students accepted have an undergraduate major in psychology or its equivalent. Acceptance is based on training, quality of work, recommendations, GRE scores and other information. For additional information on admission requirements, consult Graduate Study in Psychology and Associated Fields, published annually by the American Psychological Association and available in most libraries.

Required Application Materials

Note: Submit all application materials directly to the Graduate School

- Graduate School online application including:
  - Department application (available at department website)
  - Personal statement
  - Three letters of recommendation
  - One official copy of each college transcript where a degree was earned or is pending
  - Official GRE score report (subject test report recommended)
  - Official TOEFL score (if applicable)

PhD Degree Completion Requirements

The PhD qualifying examination requirement is satisfied by successful completion of the MA degree. A master’s degree with an empirical thesis is required for doctoral study. The master’s with thesis is typically completed as part of a student’s normal progress through the doctoral program.

Students with Degrees from Other Universities

Students who enter the doctoral program with a master’s (thesis) degree from another university can satisfy the MA requirement at this university by having their thesis and course work approved by a three-member thesis committee. The committee must be composed of one faculty member from the student’s training area, one faculty member from another training area, and one MU faculty member from outside the
department. Those entering the department with a master’s degree obtained without an empirical thesis may meet this requirement by conducting an investigation under the supervision of their adviser and having the resulting thesis approved by a three-member committee with the composition identified above.

Plan of Study

General requirements for the PhD include nine hours of distribution courses, 11 hours in statistics, 24 hours in the area of concentration, other elective courses, and research. Students must earn 83 hours to graduate with the PhD. Practica, internship and additional course work are required for the clinical program. Other requirements include a dissertation and comprehensive and final oral examinations. More detailed information about the rules and regulations for degree completion can be found in the Department of Psychological Sciences Graduate Student Handbook.

Financial Aid from the Program

Financial aid is available through departmental research and teaching assistantships and from university fellowships.

PhD in Psychology with Emphasis in Child Clinical and Developmental Psychology

Students in the Dual Emphasis Program pursue a graduate degree with training in both clinical (child track) and developmental psychology. Students in this program are involved in training that bridges the two areas of developmental psychology and child-clinical psychology. This program provides training in the area of developmental psychopathology with the added benefit of training in the practice of child-clinical psychology. To pursue the joint program, students must be officially admitted into both the clinical and developmental training areas within the Department of Psychological Sciences and complete requirements for both areas.

Admissions

Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

PhD in Psychology with Emphasis in Quantitative Psychology

The goal of the PhD program with emphasis in quantitative psychology is to produce researchers who are able to develop, evaluate, and apply advanced methodological techniques to psychological research questions. The program offers considerable diversity in faculty research and coursework offerings; our substantive interests span clinical, social, health, developmental, and cognitive psychology. Quantitative areas of expertise cover a range of linear and non-linear approaches to modeling, as well as meta-analysis, time series, state-space models, and issues in large-scale data management.

Students in quantitative psychology complete course work in mathematical statistics, experimental design, and measurement, as well as courses in quantitative methods. Students can acquire extensive experience as statistical consultants through specific coursework in statistical consultation. Program requirements are fairly flexible, and students with particular interests in a substantive area of psychology are encouraged to take advanced courses in that area. Quantitative course offerings focus both on classic analytic methods as well as advanced techniques such as structural equation modeling, multilevel modeling, and meta-analysis.

Strong ties exist between the Department of Psychological Sciences and the Department of Statistics, and students may opt to complete a master’s degree in statistics as they progress through the PhD program. In addition, students have the opportunity to gain experience as statistical consultants through specific coursework in this area.

On-going projects conducted by the faculty include research in meta-analytic and secondary analysis techniques, structural equation modeling, particularly as applied to longitudinal models of change and growth, multilevel modeling, and mathematical and statistical models of cognition and perception.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the PhD in Psychology program (http://gradschool.missouri.edu/academics/programs/psychology/doctorate.php) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Associate Professors  R. J. Callahan*, S. M. Cohen*
Assistant Professors  E. Drott*, C. Duncan*, R. Gregory*, N. Hofer*, D. Kelley*
Teaching Assistant Professors  D. Cohen*, J. Flanagan*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Religious Studies (p. 262)
• Minor in Religious Studies (p. 263)

The department’s field of study includes religious expressions from many cultures and in every period of history. Systematic study of this rich world of expression employs the widest range of academic tools and competencies, from the skills of the literary critic and historian to the analytic abilities of the social scientist and anthropologist. Because of this broad base, study in the department promotes fundamental academic skills and critical judgment and provides deeper understanding of national and international cultures. Thus, the religious studies major provides students with a foundation to pursue careers in business, government, counseling, law, medicine, and journalism, as well as advanced professional study in religion. The department offers BA and MA degrees with majors in Religious Studies. A minor is also available.

Double Majors

Students are encouraged to pursue dual majors that combine religion with other interests.

• MA in Religious Studies (p. 263)

About the Religious Studies MA Program

The master’s program in religious studies at the University of Missouri is a two-year stand-alone graduate program in the academic study of religion. Many of the program’s alumni have gone on to PhD programs in religious studies or related disciplines, while others have completed the master’s degree in order to enrich their educational lives or to prepare for work in journalism, education, law, or other fields that demand critical thinking and analytical skills.

The master’s program offers training in the academic study of religion, with particular emphasis on theory and methods in religious studies. Students work closely with their advisors and mentors in order to develop and grow as scholars of the discipline. The department offers courses in the areas of Biblical Studies, History of Christianity, Religion in America, Islam, Judaism, Indigenous Religions, Hinduism, Buddhism, Religions of China and Japan, Women and Religion, and Religion and Neuroscience.

Students must complete a total of 30 credit hours at the graduate level, pass comprehensive exams in theory and methods in the academic study of religion, and complete a Master’s thesis or portfolio.

Undergraduate

BA in Religious Studies

Major Program Requirements

Students must earn a minimum GPA of 2.0 or higher in order to have the credit applied. In addition, students must complete all degree, college and university graduation requirements, including university general education (p. 18).

Minor in Religious Studies

A minor in religious studies is available with the following requirements: a minimum of 15 credits (at least one course each in Asian, Western, and Indigenous Religions), including 6 in courses numbered 2000 or above. A minimum 2.0 MU GPA is required in all courses toward the minor.

Graduate

MA in Religious Studies

Admission Contact Information
Prof. Signe Cohen
221 Arts & Science Bldg
Columbia, MO 65211
573-882-4760 or cohens@missouri.edu

Admission Criteria

- Fall deadline: February 1 (for consideration of financial aid)
  April 1 (for students not seeking financial aid)
- Spring deadline: October 15
- Minimum GPA: 3.0
- Minimum GRE score: none set
- Minimum TOEFL scores:

Required Application Materials

To the Graduate School
All required Graduate School documents, including transcripts

To the Religious Studies MA Program
Departmental application and writing sample
3 letters of recommendation (use departmental form)
GRE score report

Additional Information

The match between the interests of applicants and the areas of emphasis offered in the program will be an important consideration in the evaluation of applications.

All application materials are available online, and applications should be submitted electronically at https://app.applyyourself.com/?id=umc-grad. Although electronic applications are preferred, a student may also print out the application materials and mail them to the Religious Studies Department at the following address:
The Director of Graduate Studies
The Department of Religious Studies
221 A&S
The University of Missouri
Columbia, MO 65211

International students should contact the Office for International Admissions. Students whose native language is not English should achieve a score of 550 or more on the TOEFL exam for admission to the program.

Applications must be completed at least six weeks before the start of graduate studies. Applicants seeking teaching assistantships or fellowships must submit applications no later that February 1. Notification of admission and awards will be made no later than April 1. Applicants who wish to enter the program in January of an academic year must submit materials no later than October 15.
Romance Languages

Flore Zéphir, Chair
Department of Romance Languages and Literature
143 Arts and Science Building
(573) 882-4874
Fax: (573) 884-8171
ZephirF@missouri.edu

The study of a foreign language allows for the development and refinement of communication, listening and speaking skills. Such study also endows students with a concern for world affairs and an appreciation of and respect for individual differences.

The Department of Romance Languages and Literatures offers language and literature courses in French, Italian, Portuguese and Spanish. Students may elect a major in Romance Languages with an emphasis in French or Spanish. Minors are also available in Afro-Romance literatures in Translation, French, Italian Area Studies, Luso-Brazilian Area Studies, Romance Literatures in Translation, and Spanish. The department also participates in the interdepartmental minor in film studies.

Double majors within the College of Arts and Science, as well as dual degree programs outside of the College of Arts and Science, can be arranged if the second degree is identified early. Combined programs with journalism, political science, agriculture, education and business are among the possibilities.

The department offers BA and MA degrees in Romance Languages with major emphasis in French and Spanish; an MA with a major in French Language Teaching or Spanish Language Teaching, and a PhD in Romance Languages. Minors are also available.

Faculty

Assistant Professor M. Moore*, G. Pérez-Anzaldo, M. Soria-López*
Teaching Associate Professor D. Anzaldo-González*, M. Marcos-Llínas, J. Otabela-Mewolo
Teaching Assistant Professor A. Aviles-Quinones*, K. Fleak*, D. M. Heston, J. Sandone
Instructor L. McCune, A. Wetzel

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

About the Department of Romance Languages and Literatures

The Department of Romance Languages and Literatures offers graduate degree programs with an emphasis in Spanish (p. 269), and French (p. 266), both with the option of an emphasis in foreign language teaching. The department’s faculty and graduate student seminars are an interdisciplinary, interdepartmental series seeking to provide a collegial atmosphere in which scholars can present their recent work. The department strongly encourages study abroad as a way to reinforce language skills, broaden one’s horizons, and add an unforgettable experience to a meaningful university education.

The Department of Romance Languages and Literatures at the University of Missouri has the country’s only focus area in the field of Afro-Romance Studies. In order to facilitate research collaboration between our faculty members working in this field and scholars outside our institution, we have established the Institute for Languages and Literatures of the African Diaspora. The Institute serves first and foremost to expose black writers of French, Portuguese and Spanish expression to a wider audience.

Specialization

The Department of Romance Languages and Literatures offers four fields of specialization at the doctoral level: French Literature, Francophone Literature, Spanish Literature or Spanish American Literature.

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

Undergraduate

BA in Romance Languages

Major Program Requirements

The bachelor of arts degree in Romance Languages is offered in two emphasis areas: French (p. 265) and Spanish (p. 265). Students must choose one of the emphasis areas to earn the BA in Romance Languages. Details on the requirements for the programs are listed under each emphasis.

Semester Plan

A sample plan of study has not been designed for this major, as students are required to select an emphasis. Refer to the semester plans designed for the emphasis in French (p. 265) or Spanish (p. 265).
BA in Romance Languages with Emphasis in French

Major Program Requirements

Students may obtain a BA in Romance Languages with an emphasis in French with a minimum of 30 credits in French beyond FRENCH 2100. Additionally, course work must be completed with a grade in the C range or higher in each of the required courses and students must maintain a 2.0 GPA in the major. Students must meet all major requirements listed below, as well as all College of Arts and Science and University graduation requirements, including University general education.

Students who work toward a double major (two degrees within the College of Arts and Science) may be able to complete the majors with a minimum of 120 credits. Students who are considering a dual degree program (in Arts and Science and in another school or college) are advised that a minimum of 132 credits are necessary.

To obtain the BA degree in Romance Languages with an emphasis in French, the following courses, or their equivalents, must be included in the graduation plan (numbers in parentheses indicate prerequisite courses).

**Major core requirements**

- FRENCH 2160 Intermediate French Composition and Conversation 3
- FRENCH 3160 Advanced French Composition and Conversation I 3
- FRENCH 3280 Commercial French 3
- FRENCH 3410 Introduction to Literary Analysis 3
- FRENCH 3420 Introduction to French Literature I 3
- FRENCH 3430 Introduction to French Literature II 3
- FRENCH 4130 Stylistics 3

**Additional Requirements**

- Students must complete five additional 4000-level courses (one of which must be stylistics and one must be a capstone) selected with the advisor’s approval. FRENCH 4960: Special Readings in French cannot be used to fulfill this requirement except by permission of the department chair.
- Students beginning at a level higher than FRENCH 2160 due to placement testing must still complete 30 credits in order to receive the major.
- In addition, the student is required to take a Writing Intensive course in the major, normally designated sections of FRENCH 3420 or FRENCH 3430, and must complete a minor.
- It is highly recommended that students take FRENCH 2310: French Civilization as an elective and, if at all possible, study for a summer, a semester or a full year in a French-speaking country.

**Semester Plan**

Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

* Course meets degree program requirements
* Course meets University general education and/or campus requirements

Electives may be replaced by courses that fulfill requirements for a double/dual major or a minor.

BA in Romance Languages with Emphasis in Spanish

Major Program Requirements

Students may obtain a BA in Romance Languages with an emphasis in Spanish with a minimum of 30 credits in Spanish beyond SPAN 2100. Additionally, course work must be completed with a grade in the C range or higher in each of the required courses and students must maintain a 2.0 GPA in the major. Students must meet all major requirements listed below, as well as all College of Arts and Science and University graduation requirements, including University general education (p. 18).

Students who work toward a double major (two degrees within the College of Arts and Science) may be able to complete the majors with a minimum of 120 credits. Students who are considering a dual degree program (in Arts and Science and in another school or college) are advised that a minimum of 132 credits are necessary.
To obtain the BA degree in Romance Languages with an emphasis in Spanish, the following courses, or their equivalents, must be included in the graduation plan (numbers in parentheses indicate prerequisite courses):

**Major core requirements**

<table>
<thead>
<tr>
<th>Course</th>

<td>Introduction to Hispanic Literature II (SPAN 3160)</td>
<td>3</td>
</tr>
</tbody>
</table>

**Additional Requirements**

Students must complete five 4000-level courses (one of which must be a capstone) selected with the advisor’s approval. These courses must be distributed in one of the following options:

- Option 1: two peninsular lit., two Spanish-American lit., one course of choice (one course must be capstone).
- Option 2: one peninsular lit., one Spanish-American lit., one language/civilization, one capstone and one course of choice.

It should be noted that SPAN 4960 Special Readings in Spanish cannot be used to fulfill this requirement except by permission of the department chair. Students who plan to teach at any level should include courses SPAN 3160 and SPAN 3721, rather than their alternates.

- Students beginning at a level higher than SPAN 2160 due to placement testing must still complete 30 credits in order to receive the major.
- In addition, the student is required to take a Writing Intensive course in the major, normally designated sections of SPAN 3420 or SPAN 3430, and must complete a minor.
- It is highly recommended that students take SPAN 2310 Spanish Civilization as an elective and, if at all possible, study for a summer, a semester or a full year in a Spanish-speaking country.

Electives may be replaced by courses that fulfill requirements for a double/dual major or a minor.

### Graduate

**MA in Romance Languages**

The master of arts degree in Romance Languages is offered in three emphasis areas. Students must choose one of the emphasis areas listed below:

- French (p. 266)
- Spanish (p. 269)
- Language Teaching (p. 268)

Details on the requirements for the programs are listed under each emphasis.

**MA in Romance Languages with emphasis in French**

Admission Contact Information

Mary Harris
143 Arts and Science
Columbia, MO 65211
573-882-5039
http://romancelanguages.missouri.edu/grad.shtml

**Admission Criteria**

Fall deadline: February 15
Spring deadline: October 15

- Minimum GPA: 3.0 in field of major
- Masters applicants must have a bachelor’s degree
- Minimum TOEFL scores (international applicants):

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>61</td>
<td>500</td>
</tr>
</tbody>
</table>

Note: Applicants must also demonstrate adequate preparation in advanced language and literature courses. This will require their having completed at least four courses equivalent to a 4000-level course for masters applicants or a 7000 level course for doctoral applicants at the University of Missouri. At a minimum, three of these courses must be in literature. If the faculty determines a deficiency, they will require that the student complete remedial course work in literature during the first year of enrollment. The director of graduate studies will inform students of these additional requirements at the time of their admission.

### Required Application Materials

To the Graduate School

- All required Graduate School documents
- Official Transcript
- 10-15 page writing sample in language of desired degree program, must be uploaded to the online application
- 500-word Personal Statement, uploaded to the online application
- 3 letters of recommendation (submitted through Apply Yourself or mailed to the Romance Languages Department, 143 Arts & Science, University of Missouri, Columbia, MO 65211)
- Résumé or CV

### Choosing an Advisor

All graduate students in the department may choose, or the director of graduate studies will assign them, an academic advisor at the start of their first semester of graduate study. Students must choose an academic advisor by the end of their first semester of graduate study.

### Plan of Study

The department offers MA degrees with an emphasis in both French and Spanish (Peninsular or Spanish-American literature).

### Minors

Students may also elect a minor field of study, which requires a minimum of 9 hours of course work completed in another department or other departments. Students interested in such minors should consult the section titled Plan of Study in the Graduate Catalog. These minor fields appear on students’ plan of study, but not on their transcript. Students electing minors must complete the standard MA examination in their major field of emphasis (French or Spanish).

### MA Degree Requirements

Students must complete a total of 30 credit hours at the graduate-level to earn their MA degree. At least 15 hours must be in courses at the 8000 level or above. The plan of study for the MA with an emphasis in Spanish must include a minimum of nine hours of course work in Spanish peninsular literature and a minimum of nine hours of course work in Spanish-American literature. The plan of study for an MA with an emphasis in Spanish must also include three credit hours in the history of the Spanish language (completion of or the equivalent).

For the MA with an emphasis in either French or Spanish, the total number of credit hours in special readings (7960), problems (8085) or any combination of both may not exceed twelve. The number of credit hours in special readings (7960) within the student’s major field may not exceed three per semester. Graduate Instructors with no pedagogical experience or those who have completed no graduate course in foreign language teaching methodology will be required to take French/Spanish 7120, Foreign Language Teaching Methodology.

Non-native speakers will be required to complete an online proficiency assessment with the appropriate course coordinator before a decision on their admission status is finalized by the department.

### Submitting Your Plan of Study to the Graduate School Office

MA candidates must submit a completed M-1 Plan of Study form to the Graduate School at least one semester before taking their MA examinations.

### Funding Through Graduate Instructorships

MA candidates normally receive 4 semesters of financial support from the University while completing their degree. This support will customarily take the form of a graduate instructorship, though it may take the form of either a research or teaching assistantship.

### Possible Fifth Semester of Support

In exceptional cases, students in good standing — with no grades of Incomplete and unproblematic teaching — may receive a fifth semester of support, at the discretion of the faculty. Faculty will award a fifth semester of support according to the department’s need for instructors. Students must submit all requests for a fifth semester of support in writing to the director of graduate studies. No student will receive more than five semesters of support.

### Normal Teaching Load vs. Course Load

The minimum teaching assignment for MA candidates holding instructorships is 1 course per semester, although there may be an opportunity for two. International students may never teach more than 2 courses per semester owing to visa restrictions. All MA candidates must be registered in a minimum of 6 hours of course work for each semester in which they hold an instructorship. Students may enroll in up to 6 hours per semester of 8080 (Readings) if they have completed all their course work and are preparing for their MA exams.

### Annual Review

The faculty and course directors in both major languages meet during the fall and spring semesters to evaluate the teaching and academic performance of all graduate students. The director of graduate studies informs all students in writing of their status at the end of each semester. Students who fail to remove a grade of Incomplete will be limited to teaching one course per semester for as long that grade of Incomplete remains on their academic record.

### Master’s Thesis

The writing of a thesis is optional. A minimum of 4 hours and a maximum of 6 hours of 8090 Research will be allowed for the thesis. Students are urged to obtain the Graduate School’s guidelines for thesis/dissertation
writing as the thesis must conform to the Graduate School’s formatting and style specifications.

**Thesis Committee**

Students choosing to write a thesis must name a thesis committee consisting of no fewer than three members of the doctoral faculty at the University of Missouri, one of whom should be from a department other than the Department of Romance Languages and Literatures.

**Comprehensive Examination for the MA degree**

All candidates for the Master of Arts degree must pass a 6-hour written examination based on the MA reading list. The examination is given twice a year, generally in late October and late March.

The French Master’s examination consists of six 1-hour parts covering literature of the Middle Ages/Renaissance, 17th, 18th, and 19th centuries, and two of the following three periods in the contemporary period: twentieth century French Literature, twentieth century Francophone Literature, contemporary literary theory.

The Spanish examination consists of two 3-hour examinations. The first component covers Peninsular Spanish literature from the Middle Ages to the present and the second component covers Spanish American literature from the Colonial period to the present.

At least half the examination must be written in the candidate’s language of specialization.

**Grading of the Comprehensive Exam**

The MA examination is graded as follows: High Pass, Pass, and Fail. In order to receive a passing grade on any section of the examination, a student must receive passing grades from two thirds of the examining committee. To pass the entire examination, students must receive passing grades on all sections. With permission from the examining committee, students who fail part of the examination may retake only the failed section or sections of the examination. Two failures of the examination, in whole or in part, will terminate candidacy for the degree and result in dismissal from the program.

**MA in Romance Languages with emphasis in Language Teaching**

**Admission**

Students desiring to work for the degree of Master of Arts, Emphasis on Language Teaching (MALT) should apply directly online to the Graduate School. Applicants can find links for information, instructions for applying and the online application form on the Graduate School’s site (http://gradschool.missouri.edu/admissions). This online form is submitted electronically to the Graduate School, along with the application fee.

Additionally, the following materials submitted via the Graduate School's system:

- Official transcripts from the institution(s) previously attended
- TOEFL scores (international applicants only)
- Photocopies of diplomas earned at colleges/universities outside the US (international applicants only)

In addition, our department requires the following materials from all applicants:

- Departmental Graduate Studies Application
- Three Letters of Reference
- A 10-15 page-writing sample
- 500-word personal statement detailing the applicant’s reasons for selecting the University of Missouri for graduate studies and academic/ career goals. Applicants may also send other supporting materials, such as a résumé, if desired.

The application form and the form for reference letters are available on the Department's page (http://romancelanguages.missouri.edu).

**Eligibility**

Candidates for the MA must hold a Bachelor’s degree (or equivalent) with a grade point average of 3.0 or better in their major field of study. They must also demonstrate adequate preparation in advanced language and literature courses for admission. This will normally be four courses equivalent to a 4000-level course at the University of Missouri. At least three of these courses must be in literature or linguistics. If the Admissions Committee believes that a deficiency exists, it will prescribe additional course work (during the first year of enrollment) beyond the 30 credit hours necessary for the MALT degree. The Director of Graduate Studies will inform students of these additional requirements at the time of admission.

All non-native speakers of French/Spanish will be required to complete an online proficiency assessment prior to admission. Applicants will be contacted by the appropriate course coordinators to schedule this assessment. Students who are judged deficient in any of these areas are required to do remedial work. New graduate students who are required to do remedial work because of the departmental language proficiency examination will be retested within one year. Students must receive a passing score, or their candidacy will be terminated.

All graduate students will be assigned an advisor by the Director of Graduate Studies at the start of their first semester of graduate study.

**MALT Program of Study**

A total of 30 hours selected from courses receiving graduate credit must be completed for the MALT (Master of Arts in Language Teaching). A minimum of 21 of the 30 hours must be taken in either French or Spanish. At least 15 hours must be in courses at the 8000 level or above. Of these 8000-level courses, six hours must be in the Department of Romance Languages. The remaining 9 hours may be taken from course work outside the department with the approval of the student's academic advisor.

Note: The College of Education no longer offers a certification program in the field of foreign language education. However, students who do not have a teaching certificate and who are interested in completing relevant courses in the field of education while working on their MALT will need to contact the professional advisors in the School of Education. These students, with advisor’s consent, could use their 9 hours allowed outside the department-provided that they are graduate-level courses toward courses in education. At the completion of their MA, students can work directly with the Missouri Department of Elementary and Secondary Education to see how they can be certified in the State of Missouri.

Please note also that the number of hours of credit allowed for Special Readings (7960) and Problems (8085) may not exceed twelve. MA
candidates may not take more than one of these two independent readings course per semester.

Students wishing to transfer MA credits from another university may transfer up to six hours, provided these courses were taken within the last eight years.

MALT candidates must submit a completed M-1 Program of Study to the Graduate School at least one semester before completing their comprehensive examinations.

Teaching Assistants

MALT students normally have 4 semesters of support in which to complete their degree. This support will customarily take the form of a Graduate Instructorship. MA students may not teach more than ten hours per semester. A fifth and final semester may be granted in exceptional circumstances to students in good standing (i.e., no incompletes, history of good teaching, etc.). This extra semester will be awarded on the basis of departmental need and will be granted only if a request is made formally and in writing to the Graduate Studies Committee, which will make its recommendation to the entire faculty. No student will receive support beyond the fifth semester.

The normal course load for MALT candidates holding teaching assistantships is 9 hours. All MALT candidates must register for a minimum of 6 hours of graded courses included in the Master’s program in every semester in which they hold a teaching assistantship. Exceptions to this regulation must have the approval of the Graduate Studies Committee prior to registration. International students must not fall below six hours or they will lose their student status. Students who have completed all coursework may enroll in up to 6 hours per semester of 8080 (Readings) in order to prepare for the MALT exam.

The faculty and the course directors in each of the major languages will meet during the fall and winter semesters to evaluate the performance of all graduate students as students and as teaching assistants. The Director of Graduate Studies will inform all students in writing of their status following this formal performance review.

Any student who fails to have an incomplete removed within one year of its issuance will be limited to teaching one class per semester until the incomplete grade is removed. This excludes Dissertation/Thesis (9090) courses.

Course Distribution

The course distribution for the MALT program is as follows:

<table>
<thead>
<tr>
<th>WITHIN THE DEPARTMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>* Language/Linguistics 6</td>
</tr>
<tr>
<td>FRENCH 7710 History of the French Language 3</td>

</tr>
<tr>
<td>French: any one or two courses in French or Francophone literature at the 7000 level or above (see Graduate Courses for wide range of offering)</td>
</tr>
</tbody>
</table>

| * Methodology/Second Language Acquisition 9 |
| FRENCH 7120 Foreign Language Teaching Methodology 3 |
| or SPAN 7120 Foreign Language Teaching Methodology 3 |
| FRENCH 8087 Seminar in French 3 |
| or SPAN 8087 Seminar in Spanish 3 |
| FRENCH 8120 Bilingualism and Language Contact 3 |
| or SPAN 8120 Bilingualism and Language Contact 3 |

OUTSIDE THE DEPARTMENT (UP TO 9 HRS)

*For students interested in education, suggested courses from the College of Education can include:

- ESC_PS 7000 Foundation of Teacher Prep I
- SPC_ED 7020 Foundation of Teacher Prep II

Preparation II (4)

*For students interested in ESL, courses can include:

- Structure of American English (3)
- History of the English Language (3)
- Regional and Social Dialects of English (3)

Please Note: Courses taken outside the department must be approved by the student’s academic advisor.

Comprehensive Examination for the MALT degree

All graduate students in Language Teaching are required to pass a series of examinations in order to fulfill degree requirements.

Written Examination

All students take a six-hour written examination, which consists of three two-hour components. Two of the components include: a) Foreign Language Methodology and Second Language Acquisition; b) Applied Linguistics. In addition, each candidate will be examined in a third field of their choice, either civilization/culture or language. The two-hour written questions will reflect the coursework completed by each candidate and appropriate texts suggested by faculty represented on the examination committee. These examinations are generally given in November and March.

The MALT examination is graded as follows: High Pass, Pass, and Fail. In order to receive a passing grade, the candidate must attain a Pass in all fields of the written examination. Should a candidate fail any part of the exam and wish second consideration for the degree (s)he must retake the failed section(s). Two failures eliminate the candidate from consideration for the MA in language teaching.

MA in Romance Languages with emphasis in Spanish

Admission Contact Information

Mary Harris
143 Arts and Science
Columbia, MO 65211
MA Degree Requirements

Students must complete a total of 30 credit hours at the graduate-level to earn their MA degree. At least 15 hours must be in courses at the 8000 level or above. The plan of study for the MA with an emphasis in Spanish must include a minimum of nine hours of course work in Spanish peninsular literature and a minimum of nine hours of course work in Spanish-American literature. The plan of study for an MA with an emphasis in Spanish must also include three credit hours in the history of the Spanish language (completion of or the equivalent).

For the MA with an emphasis in either French or Spanish, the total number of credit hours in special readings (7960), problems (8085) or any combination of both may not exceed twelve. The number of credit hours in special readings (7960) within the student’s major field may not exceed three per semester. Graduate Instructors with no pedagogical experience or those who have completed no graduate course in foreign language teaching methodology will be required to take FRENCH 7120/SPAN 7120, Foreign Language Teaching Methodology.

Non-native speakers will be required to complete an online proficiency assessment with the appropriate course coordinator before a decision on their admission status is finalized by the department.

Submitting Your Plan of Study to the Graduate School Office

MA candidates must submit a completed M-1 Plan of Study form to the Graduate School at least one semester before taking their MA examinations.

Funding Through Graduate Instructorships

MA candidates normally receive 4 semesters of financial support from the University while completing their degree. This support will customarily take the form of a graduate instructorship, though it may take the form of either a research or teaching assistantship.

Possible Fifth Semester of Support

In exceptional cases, students in good standing — with no grades of incomplete and unproblematic teaching — may receive a fifth semester of support, at the discretion of the faculty. Faculty will award a fifth semester of support according to the department’s need for instructors. Students must submit all requests for a fifth semester of support in writing to the director of graduate studies. No student will receive more than five semesters of support.

Normal Teaching Load vs. Course Load

The minimum teaching assignment for MA candidates holding instructorships is 1 course per semester, although there may be an opportunity for two. International students may never teach more than 2 courses per semester owing to visa restrictions. All MA candidates must be registered in a minimum of 6 hours of course work for each semester in which they hold an instructorship. Students may enroll in up to 6 hours per semester of 8080 (Readings) if they have completed all their course work and are preparing for their MA exams.

Annual Review

The faculty and course directors in both major languages meet during the fall and spring semesters to evaluate the teaching and academic
performance of all graduate students. The director of graduate studies informs all students in writing of their status at the end of each semester. Students who fail to remove a grade of Incomplete will be limited to teaching one course per semester for as long as that grade of Incomplete remains on their academic record.

**Master’s Thesis**

The writing of a thesis is optional. A minimum of 4 hours and a maximum of 6 hours of 8090 Research will be allowed for the thesis. Students are urged to obtain the Graduate School’s guidelines for thesis/dissertation writing as the thesis must conform to the Graduate School’s formatting and style specifications.

**Thesis Committee**

Students choosing to write a thesis must name a thesis committee consisting of no fewer than three members of the doctoral faculty at the University of Missouri, one of whom should be from a department other than the Department of Romance Languages and Literatures.

**Comprehensive Examination for the MA degree**

All candidates for the Master of Arts degree must pass a 6-hour written examination based on the MA reading list. The examination is given twice a year, generally in late October and late March.

The French Master’s examination consists of six 1-hour parts covering literature of the Middle Ages/Renaissance, 17th, 18th, and 19th centuries, and two of the following three periods in the contemporary period: twentieth century French Literature, twentieth century Francophone Literature, contemporary literary theory.

The Spanish examination consists of two 3-hour examinations. The first component covers Peninsular Spanish literature from the Middle Ages to the present and the second component covers Spanish American literature from the Colonial period to the present.

At least half the examination must be written in the candidate’s language of specialization.

**Grading of the Comprehensive Exam**

The MA examination is graded as follows: High Pass, Pass, and Fail. In order to receive a passing grade on any section of the examination, a student must receive passing grades from two thirds of the examining committee. To pass the entire examination, students must receive passing grades on all sections. With permission from the examining committee, students who fail part of the examination may retake only the failed section or sections of the examination. Two failures of the examination, in whole or in part, will terminate candidacy for the degree and result in dismissal from the program.

**PhD in Romance Languages**

**Note to Internal Doctoral Applicants**

Students who wish to advance to the doctoral program after completing their MA degree in the Department of Romance Languages and Literatures may do so only after receiving written approval from the MA examining committee. Alternatively, candidates may not advance to the doctoral program if the examining committee determines, after the MA examination, that their degree is terminal.

Students advancing directly from the MA to the PhD program need to complete only a Change of Degree Program form, which the department submits to the Graduate School.

Students who apply to the doctoral program one semester or more after completing their MA examinations must complete a Request to Re-enroll form and reapply to the doctoral program. They must submit a new departmental application and reference letters. They need not submit a new application to the Graduate School.

**Application and Admission Information**

**Admission Contact Information**

Mary Harris
143 Arts and Science
Columbia, MO 65211
573-882-5039
http://romancelanguages.missouri.edu/grad.shtml

**PhD Admission Criteria**

Fall deadline: February 15
Spring deadline: October 15

- Minimum GPA: 3.0 in field of major
- Doctoral applicants must have a master’s degree.
- Minimum TOEFL scores (international applicants):

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>61</td>
<td>500</td>
</tr>
</tbody>
</table>

Applicants must also demonstrate adequate preparation in advanced language and literature courses. This will require their having completed at least four courses equivalent to a 4000-level course for masters applicants or a 7000 level course for doctoral applicants at the University of Missouri. At a minimum, three of these courses must be in literature.

If the faculty determines a deficiency, they will require that the student complete remedial course work in literature during the first year of enrollment. The director of graduate studies will inform students of these additional requirements at the time of their admission.

**Required Application Materials**

Submit to the Graduate School using the online application system:

- All required Graduate School documents
- Official Transcript (send to Graduate School at 210 Jesse Hall, University of Missouri, Columbia, MO 65211-1160)
- 10-15 page writing sample in language of desired degree program, must be uploaded to the online application
- 500-word Personal Statement, uploaded to the online application
- 3 letters of recommendation (submitted through Apply Yourself or mailed to the Romance Languages Department, 143 Arts & Science, University of Missouri, Columbia, MO 65211)
- Résumé or CV

**Note:** All application forms are on the Graduate School site.
Specialization
The Department of Romance Languages and Literatures offers four fields of specialization at the doctoral level: French Literature, Francophone Literature, Spanish Literature or Spanish American Literature.

Candidates may elect a secondary field, which entails a minimum of 9 hours of course work within another department, in consultation with their doctoral program committee. This secondary field appears on students’ plan of study, but not on their transcript. Students electing a secondary field must complete a PhD examination that will include at least one question devoted to their secondary field.

Choosing an Advisor
All graduate students in the department may choose, or the director of graduate studies will assign them, an academic advisor at the start of their first semester of graduate study. Students must choose an academic advisor by the end of their first semester of graduate study.

Qualifying Examination
All PhD candidates must complete a qualifying examination during their first year in the program to determine their fitness for doctoral study.

Exemptions
The faculty may excuse students from this requirement if those students received their MA degree from this department, earned a grade of High Pass on all sections of their MA examination, and enrolled in the PhD program the semester after fulfilling all requirements for the MA degree.

Purpose and Questions
The qualifying examination provides an opportunity for the faculty to evaluate candidates and advise their future course of study in the program. The examination consists of two questions related to the candidate’s course work during the previous and current semester: one question requires analysis of a text; the other, discussion of a general topic (e.g., a literary genre, a particular author, a critical or artistic movement, and so on). The candidate’s academic advisor delivers both questions to the candidate three days before a meeting with the examining committee.

Exam Meeting with the Committee
At this meeting, the candidate offers two oral presentations of 20-25 minutes each, based on the two questions. Following these presentations, the candidate responds to comments and questions from the examining committee. At the close of this meeting, the examining committee determines whether the candidate’s performance warrants a grade of Pass or Fail. The examining committee communicates these results to the Graduate School in writing, on a D-1 form bearing the signatures of the candidate and all members of the committee. Students who receive a failing grade must retake this examination before the end of the following semester. A second failure on this examination terminates eligibility for the PhD degree and will result in dismissal from the graduate program.

Arranging the Committee
All arrangements for the qualifying examination are the joint responsibility of the candidate and the candidate’s academic advisor. Any tenured or tenure-track member of the faculty may act as academic advisor to students during their first year of doctoral study. The academic advisor need not act as the director of that student’s PhD examination or dissertation committee.

Submitting Results
Students who earn a passing grade on their qualifying examination submit the D-1 form to the Graduate School, communicating the results of the examination and formally naming their doctoral committee.

Plan of Study & Degree Requirements
After the qualifying exam, students and their doctoral committee meet to devise a plan of study. The doctoral committee signs and submits this plan of study with the D-2 form to the Graduate School. Students in the PhD program must complete a minimum of 72 hours of course work, which includes a maximum of 30 credit hours earned as part of their MA degree. These credit hours must include course work in language teaching methodology (FRENCH 7120/SPAN 7120 or the equivalent) and, if applicable, the candidate’s secondary field. Spanish doctoral candidates must also complete course work in Old Spanish.

Foreign Language Requirements
PhD candidates must demonstrate reading proficiency in 2 languages other than English and their language of specialization (French or Spanish). They may satisfy this requirement, at a minimum, by completing intensive beginning courses in the required languages (4070 or the equivalent) with a grade of B- or better, or by passing written examinations administered by departments at the University of Missouri offering courses in those languages. Students choosing Latin as one of their foreign languages may satisfy this requirement by completing with a grade of B- or better, a beginning honors class (LATIN 1100H, or the equivalent). Students also fulfill this requirement if they demonstrate proficiency by objective measures (courses, examinations) that exceed this minimum standard, as approved by the Director of Graduate Studies.

Students must satisfy the foreign language requirement before they take their Comprehensive Examination for the PhD. Basic language courses carry no credit toward the PhD and are therefore not included in the Plan of Study.

Latin Requirements for Students of Medieval and Renaissance Literatures
Students specializing in literature of either the Middle Ages or the Renaissance- literature produced within the period from the rise of the vernacular to the end of the seventeenth century- must demonstrate reading proficiency in Latin. In doing so, they fulfill half their foreign language requirement. They demonstrate proficiency in Latin according to the standard explained in the previous paragraph: by means of a beginning Honors course (LATIN 1100H), a written examination administered by the Classics Department, or equivalents of these.

Language Requirements for Students With Secondary Field in Non-English Literature
Students pursuing a secondary field in a non-English literature different from that of their major field must complete with a final grade of B- or better at least three 7000-level courses (or the equivalent) in literature of their secondary field. Competing these courses fulfills half the foreign language requirement.

For example, a student specializing in French literature of the Romantic period may choose a secondary field of German literature of the Romantic period. That student must complete 3 courses in German
literature at the 7000 level (or the equivalent). Completing these courses satisfies half the foreign language requirement.

Financial Support: Graduate Instructorships

PhD candidates normally receive 6 semesters of financial support from the university while completing their plan of study and 4 additional semesters of support after completing their PhD examination. This support will customarily take the form of a Graduate Instructorship, though it may take the form of either a Research or Teaching Assistantship.

The minimum teaching assignment for PhD candidates holding instructorships is one course during their first semester of study. Depending on staffing needs, there may be an opportunity to teach two courses per semester. Students writing their dissertation may teach an additional course. International students may never teach more than 2 courses per semester owing to visa restrictions. All PhD candidates must be registered in a minimum of 6 hours of course work for each semester in which they hold an instructorship.

Students may enroll in a maximum of 6 hours per semester of 9080 (Readings) if they have completed all their course work and are preparing for their PhD exams. Students may enroll in a maximum of 12 hours of 9080 (Readings) over the course of their doctoral studies, provided this occurs within their first six semesters of financial support. After passing their PhD examination, students may retain their Instructorships if they enroll in Research (9090) for a minimum of 5 credit hours per year (2 in fall; 2 in spring; 1 in summer).

Annual Review

The faculty and course directors in both major languages meet during the fall and spring semesters to evaluate the teaching and academic performance of all graduate students. The director of graduate studies informs all students in writing of their status at the end of each semester. Students who fail to remove a grade of Incomplete will be limited to teaching one course per semester as long that grade of Incomplete remains on their academic record. This restriction applies to courses other than Research (9090).

The PhD Comprehensive Examination

Reading List, Examining Committee, and Faculty Preparing Questions

Each candidate will name a PhD Examining Committee and, as necessary, other faculty members who will prepare examination questions relating to their respective periods of expertise. The Examining Committee consists of at least 4 members: 3 members of the regular (tenured or tenure-track) faculty from the Department of Romance Languages and Literatures, including the student’s academic advisor, 1 outside member from a different department. All of them must belong to the graduate faculty at the University of Missouri. Beyond this minimum, candidates may name other members to the committee - recognized experts in the candidates field - from either the University of Missouri or another institution, with the approval of both the student’s academic advisor and the Director of Graduate Studies.

A member of the regular faculty in the Department of Romance Languages and Literatures who is an expert in literature pertaining to each part of the PhD examination will prepare questions for that part. If there is only one available expert in a specific field (for example, only one regular faculty member who is an experts in Medieval literature of either France or Spain), that faculty member must prepare and grade examination questions relating to that field. If there is more than one expert available in a particular field (for example, more than one member of the regular faculty who is an expert in contemporary French literature, contemporary Spanish literature, or contemporary Spanish-American literature), the student may choose one of those faculty members to prepare and grade questions in that field.

All questions on the PhD Examination derive from a reading list that the candidate compiles with the collaboration and approval of the Doctoral Committee and of all other faculty preparing questions. This list aims at both breadth and depth, but mainly depth. It should include texts of literature, criticism, and history that are indispensable for an expert in the candidate’s specialized field. Yet, in the non-specialized fields, this list should include a solid literary history of all genres in the period (drama, fiction, lyric, essay), while also including literary texts that would prove indispensable only for an undergraduate survey course that the candidate might teach on works of all periods and all genres over a span of two semesters. In other words, readings from this list should yield both a generalist and a specialist - an instructor who can both design and teach a survey course, and an expert who can produce original scholarship.

Timetable of the PhD Comprehensive Examination in French and Spanish

The candidate and the academic advisor set both the dates and the order for all parts of the Comprehensive Examination, in consultation with the Director of Graduate Studies. The Comprehensive Examination in French or Spanish consists of a written and an oral section. The written section comprises 4 parts of 3 hours per part. Candidates complete the written examination on 4 separate days - 1 part per day - within a period of 14 days. They complete the oral examination no later than five weeks after earning a passing grade on all parts of the written examination. This allows candidates to complete the written examination at the end of the fall semester and to complete the oral examination at the start of the spring semester of the same scholastic year.

Either the Director of Graduate Studies or someone delegated by the Director of Graduate Studies will administer the written part of the PhD Examination. Only members of the department faculty of departmental staff may administer the examination.

Oral Examination

Students complete the oral examination after receiving a passing grade on all sections of the written examination. The oral examination will last 1-2 hours, part of which must be in the language of the candidate’s specialized field. The oral exam allows candidates to clarify, strengthen or amplify the answers of the written exam. Only members of the Doctoral Committee must attend the oral examination.

With permission from the Doctoral Committee, students who fail part of the written or oral examination may retake only the failed part or parts. A minimum of 14 days must elapse before a student retakes a failed part or failed parts of the examination. Two failures of the examination, in whole or in part, will terminate candidacy for the degree and result in dismissal from the program.

Prospectus

After passing both the written and oral parts of the PhD Examination, doctoral students present a prospectus of the dissertation. This presentation occurs immediately after completing and passing the oral part of the Examination. Candidates prepare the prospectus in consultation with the academic advisor and deliver it in writing at least one week before the date of the oral examination to all members of the
Doctoral Committee. The Prospectus requires approval by all members of the Doctoral Committee.

The prospectus presents a working outline, with a working bibliography, of the proposed project - its topic, organization, and critical method. Just as important, the prospectus should present a line of inquiry that promises to contribute to human knowledge - a thesis, or a position that warrants defending by means of both critical analysis and empirical evidence.

Research and Dissertation

Doctoral students register in 9090 (Research) once they have passed their PhD examinations. They will need to enroll for a minimum of 2 credit hours of 9090 during the fall and spring semesters and 1 hour during the summer semester in order to complete the 12 hours of dissertation credits required for graduation. In addition, the program for the doctoral degree must be completed within five years of passing the comprehensive examination. Individual departments or area programs may stipulate a shorter time period. Doctoral students should complete all requirements for the degree, including the dissertation, within five years of passing the comprehensive examination. The Graduate School extends this deadline in extenuating circumstances. Nonetheless, students must request additional time in writing from the director of graduate studies. Failure to show sufficient progress on the dissertation may result in dismissal from the graduate program. Students should obtain the Graduate School’s guidelines for thesis/dissertation writing since the dissertation must conform to the formatting and style specifications established by the Graduate School.

Defense

Candidates and their directors schedule a formal defense of a dissertation after its acceptance by all members of the doctoral committee. This oral defense, conducted by members of the doctoral committee, is open to the public. For additional information, contact the Director of Graduate Studies in the Department of Romance Languages and Literatures.
**Russian**

Tim Langen, Chair  
College of Arts and Science  
451 Strickland Hall  
(573) 882-4328  
grs@missouri.edu

The Department of German and Russian Studies offers courses in German and Russian language, literature, film and civilization. It also offers instruction in Arabic, Chinese, Japanese, Hebrew and Korean. Many courses, such as civilization, culture, literature in translation and film courses, do not require knowledge of a foreign language.

The department offers the Bachelor of Arts with majors in German and in Russian, and the Master of Arts in German and in Russian and Slavonic Studies. The department also offers minors in German and in Russian. Many courses in the minor in East Asian Studies are taught in the Department of German and Russian Studies. The Film Studies program is also housed in the department.

**Faculty**

Professor G. Barabtarlo*  
Associate Professor T. Langen*  
Assistant Professor M. Kelly*  
Associate Teaching Professor N. Monnier*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

**Undergraduate**

- BA in Russian (p. 276)
- Minor in Russian (p. 276)

**Dual Degrees and Double Majors**

As a double major or a dual degree has become an ever more popular choice, an increasing number of students choose German or Russian as one of their majors. Students looking forward to a career in medicine or in the sciences use a double major to ensure a thorough background in the humanities to balance their scientific studies. Double majors within the College of Arts and Science can be arranged and, if the second degree program is identified early, dual degree programs outside the college are also possible. Combined programs with journalism, international studies, education and business are frequent choices. Within the college, combinations with political science, history, philosophy, art history, and the sciences are popular double major programs.

**Departmental Honors - Russian**

Departmental honors are available for students majoring in Russian with a minimum 3.3 GPA. A three-course literature sequence must be completed with no grades below B or, at the discretion of the department, a thesis paper may be written.

Beginning Fall 2013: Departmental Honors are available for student majoring in Russian with a minimum 3.5 GPA in the Russian major and 3.3 GPA overall. Students must complete a minimum of three literature courses, two of which must be at the 4000 level, with no grades below a B. At the discretion of the department, students may write a thesis paper in lieu of one of the 4000 level literature courses.

**Graduate**

College of Arts and Science  
451 Strickland Hall  
573-882-4328  
http://grs.missouri.edu/degprogs/russiangradstudies.html

**Director of Graduate Studies:** Gene Barabtarlo

- MA in Russian and Slavonic Studies (p. 276)

The Master of Arts program in Russian and Slavonic Studies offers advanced study in the literature and culture of Russia. Course offerings are primarily in literature, but reflect a variety of interrelated fields, including religion, philology, intellectual history, and philosophy. In two years of coursework students receive training in the theory and history of Russian literature and culture in general, as well as an introduction to the history of the language.

**Careers**

Students may go on to careers in a number of fields, including government work and international business; they will also be prepared to continue their studies at the doctoral level.

**Facilities and Resources**

The library of the University of Missouri is particularly strong in Russian history and literature. We are also part of a consortium that provides quick access to the holdings of many other major academic and public libraries.

**Financial Support**

In this program, qualified graduate students may have the opportunity to work as teaching assistants in language, literature or civilization courses. Incoming graduate students are normally offered paid positions as Teaching Assistants. To be eligible for a teaching assistantship, your application must be received by March 1. Teaching assistants (TAs) are normally appointed for one academic year (two semesters / nine months). The Fall Semester runs from late August to mid-December; the Spring Semester from mid-January to mid-May. TA appointments are normally renewed for the second year of study when teaching and progress toward the degree are satisfactory. Appointments after the second year may be available in special cases, depending upon departmental needs and resources. At present the TA position provides a stipend of approximately $1,000 per month. In addition, fees for courses taken toward the MA are waived for TAs. Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details. The Graduate School offers several valuable fellowships for which the department may nominate incoming students.

**Undergraduate**
BA in Russian

Major Program Requirements

The major in Russian consists of 27 credits in Russian beyond RUSS 1200. Within these 27 hours, students must meet minimum requirements within three categories: language, literature, and culture (see below). The Russian faculty strongly encourages all majors to spend at least one semester (or summer) studying abroad, preferably after their second year of the language. In addition, students must meet all degree, college and university graduation requirements, including those for university general education (p. 18).

Total Credits: 122

Minor in Russian

The department offers a minor in Russian, consisting of 15 credits beyond RUSS 1200. A minimum of 6 of these 15 credits must be in Russian courses numbered 3000 or above. In addition, a minimum of 9 of the 15 credits must be completed in residence.

Graduate

MA in Russian and Slavonic Studies

Admission Contact Information

Professor Gene Barabtarlo
Send email to Dr. Barabtarlo: barabtarlog@missouri.edu
451 Strickland Hall
Columbia, MO 65211
573-882-4328
Admission Information
Before applying, please send an informal letter of intent or inquiry to Dr. Barabtarlo at either the physical address or e-mail address above.

Admission Criteria
Fall deadline: March 1 (domestic); February 1 (international)
Note: to be eligible for a teaching assistantship, application must be received by March 1
Spring deadline: September 1 (domestic); May 1 (international)
Minimum GPA: 3.0 in last 60 hours
Undergraduate major or minor in Russian or equivalent
Minimum TOEFL scores:

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>61</td>
<td>500</td>
</tr>
</tbody>
</table>

Note: No language other than English and Russian is required for admission.

Required Application Materials
To the Graduate School:
• All required Graduate School documents
To the Program:
• 2 letters of recommendation

Degree Requirements
Students must complete a minimum of 30 hours of graduate-level courses with a GPA of B or higher. In accordance with Graduate School policy, no fewer than 24 of these must be Russian and Slavonic Studies courses at the 7000 or 8000 level, with at least 12 at the 8000 level. In addition, students must demonstrate adequate language skills in English and Russian.

Thesis
A master’s thesis is optional.
Sociology

J. Gubrium, Chair
College of Arts and Science
312 Middlebush Hall
(573) 882-8331
johnsonvi@missouri.edu

Sociology is a discipline founded over 100 years ago to bring the scientific method to the study of human societies. It has pioneered in the development of methods and techniques designed to provide accurate and verifiable information about contemporary societies. It is the inventor of survey research and a host of statistical measures. The techniques created by sociologists are now used in all disciplines concerned with human behavior.

Sociologists today conduct research and reason from research findings to generate deeper understandings of how societies work. The generation of theoretical statements and the testing of those statements in a wide variety of social settings is the core of sociological work. Sociologists are knowledge builders, rather than change agents, although there is an emergent group of scholars who apply sociological knowledge to create changes in organizations, individuals and communities. Sociology contributes to human improvement by seeing that change can be based on credible information and reasoned understanding of how humans work together in groups or larger aggregates.

Faculty

Professor E. E. Brent Jr.*, J. F. Gubrium**, I. Pearce**
Assistant Professor E. Bjornstrom**, S. Prasad**, J. Rodriguez**,

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Sociology (p. 278)
• Minor in Sociology (p. 280)

Departmental Honors

Students with a cumulative GPA of at least 3.3 are eligible for departmental honors in sociology. Qualified students who seek this option must write an honors thesis under the supervision of a sociology faculty member. Students who take the honors thesis option are not required to take SOCIOL 4970 (p. 278). Students enroll in SOCIOL 4995 (p. 278) for 3 credits each semester of the senior year for a total of 6 credits.

Graduate

College of Arts and Science
312 Middlebush Hall
573-882-8331

http://sociology.missouri.edu/graduate/requirements.shtml

Director of Graduate Studies: Clarence Lo
• MA in Sociology (p. 280)
• PhD in Sociology (p. 280)

About the Program

The Department of Sociology engages students in research, utilizing qualitative and quantitative research methodologies, in order to analyze issues and problems affecting societies. The core of doctoral training is in classical and contemporary theory, and research methods including quantitative, historical, and feminist methodologies, and interviews and field work.

Specializations

Students may focus their studies on any two of the following graduate program areas:
• Culture and Identity
• Health, Aging, and Environment
• Political Economy, Power, and Movements
• Social Control & Deviance
• Social Inequalities

Within these program areas, students conduct research on such topics as gender, health-care policy, popular culture, hunger, race, criminology, sexualities, and elites and protest movements in the global economy.

Financial Aid from the Program

Financial support for students includes teaching and research assistantships, both of which include remission of educational fees. International students cannot be awarded teaching assistantships until the have completed one semester of residence at MU and pass a test of spoken English.

Undergraduate

BA in Sociology

Major Program Requirements

A Bachelor of Arts with a major in Sociology consists of 30 credits organized to provide progressively more sophisticated levels of sociological analysis culminating in a capstone experience. It is expected that students start with entry courses, progress to basic courses and then to upper-level electives. In addition, students must complete all degree, College of Arts and Sciences and University graduation requirements, including University General Education.

Major core requirements

<table>
<thead>
<tr>
<th>Entry courses</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>SOCIOL 1000</td>
<td>Introduction to Sociology</td>
</tr>
<tr>
<td>SOCIOL 2200</td>
<td>Social Inequalities</td>
</tr>
</tbody>
</table>

Basic courses

| SOCIOL 2950         | Social Research I         | 3 |
| SOCIOL 3100         | Recent Theories in Sociology (prerequisite: SOCIOL 2200) | 3 |

Post-basic courses

http://sociology.missouri.edu/graduate/requirements.shtml
Three additional sociology courses numbered 3000 or above; may include no more than 3 credits in SOCIOL 4940, SOCIOL 4942, or SOCIOL 4960

Additional hours in sociology

An additional 6 credits in elective coursework in the major

**Capstone course**

SOCIOL 4970 Senior Seminar 3

Should be taken in the last semester of undergraduate work

**Departmental honors**

SOCIOL 4995 Honors in Sociology (1st semester of senior year) 3

SOCIOL 4995 Honors in Sociology (2nd semester of senior year) 3

Students with a cumulative GPA of at least 3.3 are eligible for departmental honors in sociology. Qualified students who seek this option must write an honors thesis under the supervision of a sociology faculty member. Students who take the honors thesis option are not required to take SOCIOL 4970. Students enroll in SOCIOL 4995 for 3 credits each semester of the senior year.

**Statistics**

A course in statistics is not required for the major. However, such a course is highly recommended, especially for students considering graduate or professional school.

**Suggested courses:**

<table>
<thead>
<tr>

</tbody>
</table>

**Total Credits** 30

---

**Optional Tracks**

The course work in sociology fits into five recommended tracks of study. Although sociology majors are not required to select a track, students who want a closer fit between the major and future employment are encouraged to do so. Each track has recommended courses in the major, complementary internships, and service learning opportunities. (Note: Tracks are not listed on transcripts or diplomas.) These tracks are outlined below.

**Track: Law, Justice and Society**

<table>

<td>3</td>
</tr>
<tr>
<td>Two courses at the 3000-level or above</td>
<td></td>
<td>6</td>
</tr>
<tr>
<td>One other sociology course at any level</td>
<td></td>
<td>3</td>
</tr>
</tbody>
</table>

Total Credits: 15

At least nine credit hours for the minor must be from MU courses.

Graduate

MA in Sociology

About the Master of Arts in Sociology

At this time, our Department is not admitting students who are seeking a terminal master’s degree. However, our doctoral students earn an MA degree en route to the PhD.

Please see the admission criteria for our doctoral degree program (p. 280).

PhD in Sociology

Admission Contact Information

Graduate Admissions Coordinator (oakesm@missouri.edu)
312 Middlebush Hall
Columbia, MO 65211
573-882-8331

Admission Criteria

Fall deadline: January 15

- Minimum TOEFL scores:
  - Internet-based test (IBT)
    - 61
  - Paper-based test (PBT)
    - 500

- Minimum GRE score: case-by-case
- 15 hours of undergraduate sociology with a grade of B or better, including one course in sociological theory and a basic statistics course

Required Application Materials

To the Graduate School:

- All required Graduate School documents
To the Sociology Program: http://sociology.missouri.edu/graduate/admission.shtml
- GRE score report
- Departmental application
- 3 letters of recommendation
- Statement of research interests
- Copy of Graduate School application (needs to be printed out when done online)
- Copies of transcripts (it is helpful to have unofficial copies sent to the department)
- One page Application for Financial Support

PhD Plan of Study

The PhD program requires a minimum of 30 hours of course work including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>SOCIOL 8100</td>
<td>Theoretical Thinking in Sociology</td>
</tr>
<tr>
<td>SOCIOL 9187</td>
<td>Seminar in Sociological Theory I</td>
</tr>
<tr>
<td>SOCIOL 9487</td>
<td>Seminar in Sociological Theory II</td>
</tr>
<tr>
<td>SOCIOL 8120</td>
<td>The Logic of Social Research</td>
</tr>
<tr>
<td>SOCIOL 7120</td>
<td>Social Statistics (or its equivalent)</td>
</tr>
<tr>
<td>SOCIOL 8130</td>
<td>Advanced Social Statistics</td>
</tr>
</tbody>
</table>

and two seminars in sociological research methods:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>SOCIOL 7110</td>
<td>Feminist Research and Criticism</td>
</tr>
<tr>
<td>SOCIOL 8187</td>
<td>Seminar on Interview Theory and Technique</td>
</tr>
<tr>
<td>SOCIOL 9287</td>
<td>Seminar in Qualitative Methods in Sociology</td>
</tr>
<tr>
<td>SOCIOL 9288</td>
<td>Ethnographic Fieldwork</td>
</tr>
<tr>
<td>SOCIOL 9687</td>
<td>Topical Seminar in Historical Sociology</td>
</tr>
<tr>
<td>SOCIOL 9837</td>
<td>Seminar in Multivariate Analysis Techniques</td>
</tr>
</tbody>
</table>

plus six courses targeted to the student’s specialty interests.

Exams and Research

All students are required to submit a research paper no later than their fourth semester of residence. Students with a Master’s Thesis in sociology can fulfill this requirement as early as their first semester. At least eight months before the date on which they expect to complete the degree, candidates must pass a comprehensive examination centered on two of the five graduate program areas. Students must prepare and
successfully defend a dissertation that makes an original contribution to the discipline.
Information is needed to solve the many problems of today’s world. How much information? What kind? After it is obtained, what must be done with it? Statisticians are trained to help answer these questions. Early admission into the Statistics Department will allow students to plan their programs so that the math and statistics prerequisites can be taken in the most efficient sequence.

The department offers BA, BS, MA and PhD degrees with a major in Statistics. A minor is also available.

Faculty

Assistant Professor S. Guha**, T. Ji*, X. Zhang*
Associate Teaching Professor S. Lee*, L. D. Ries*
Assistant Teaching Professor L. B. Heame*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BA in Statistics (p. 283)
• BS in Statistics (p. 284)
• Minor in Statistics (p. 285)

Credit for Beginning Courses

(Applies to all students and all majors)

• A student may not receive credit toward an undergraduate degree for more than one of STAT 1200, STAT 1300 and STAT 1400.
• A student may not receive credit toward an undergraduate degree for more than one of STAT 2500 and STAT 2530.
• Subject to the above restrictions, a student may receive a maximum of 4 credits toward an undergraduate degree for any combination of STAT 1200, STAT 1300, STAT 1400, STAT 2200, STAT 2500, and STAT 2530.
• A student may not receive credit toward an undergraduate degree for any statistics course numbered 2999 or below if a statistics course numbered 4000 or above was successfully completed prior to or concurrent with the course in question. Exceptions may be approved at the discretion of the department.

Department Degree Requirements - Statistics

The Department of Statistics approves majors in statistics only for students who have met the following criteria:

• Completion of at least one statistics course at the 3000-level or above (or equivalent)
• Cumulative GPA of at least 2.50 overall
• Have earned a grade of C or higher in each statistics course completed

Students are encouraged to supplement their work in statistics with courses from areas such as economics, biology, accounting, finance, marketing, management, psychology, sociology, engineering, agriculture and atmospheric science. In addition, students must complete all degree, college and university graduation requirements (p. 17), including university general education (p. 18).

Options

Students may pursue either a BA or a BS degree. For both degrees, students may pursue either a traditional track or an applied track. Students who are interested in graduate study in statistics are strongly encouraged to follow the traditional track.

Departmental Honors

To be admitted to the undergraduate honors program in the Department of Statistics, a student must have completed at least 12 of the 21 credits of statistics courses required for the major, have a grade-point average of at least 3.25 in all completed statistics courses, and identify a faculty member from the department who agrees to supervise the student’s honors research project.

In order to receive the departmental honors designation, students who have been accepted into the program must graduate with a grade-point average of at least 3.25 in statistics courses, prepare a senior thesis based on their honors project, and present the results of the thesis in a departmental colloquium or other public forum approved by their mentor. They also must earn a grade of “B” or better in 3 credits of STAT 4999.

Graduate

Kathleen Maurer, Coordinator of Graduate Studies
146 Middlebush
Columbia, MO 65211
573-882-6376
http://www.stat.missouri.edu/

Director of Graduate Studies: Paul Speckman
• MA in Statistics (p. 285)
  • with emphasis in Biostatistics (p. 286)
• PhD in Statistics (p. 286)
• Graduate Minor in Statistics (p. 287)

About Statistics

The statistics department faculty is known for both cutting edge methodological and collaborative research and for outstanding teaching. Faculty members are currently investigating statistical problems in the fields of ecology, genetics, economics, meteorology, wildlife management, epidemiology, AIDS research, geophysics, and climatology. The program’s faculty members have ongoing collaborative
programs across disciplines such as biostatistics, bioinformatics, economics, atmospheric science, psychology and with the Missouri Department of Conservation.

The graduate program provides opportunities for graduate study and thesis direction in various areas of probability and statistics, both theoretical and applied. A variety of consulting and collaborative opportunities allow both faculty and graduate students to conduct cooperative and interdisciplinary research. Regular statistics colloquia provide opportunities for faculty and outside speakers to present the results of their research. Faculty and graduate students also participate in weekly seminar series in Bayesian statistics, bioinformatics, and biostatistics.

**Dual Master's Degree in Economics and Statistics**

The department offers a cooperative MA degree with the Economics Department. Students may obtain MA degrees in economics and statistics with 48 hours of course work numbered 7000 or higher from the University of Missouri instead of the 52 or more required for separate degrees. (These 48 hours may not include any of the following: Economics 7351, 7353, or Statistics 7510, 7530, 7710.) Eighteen or more hours are required from the Department of Economics. At least 15 hours must be numbered 8000 or higher with no more than four hours of 8090. Students must take the core economics courses 8451 and 8453 and research workshop 8413 (2 credit hours). Eighteen or more hours are required from the Department of Statistics. At least 15 hours must be numbered 8000 or higher with no more than three hours of 8090. Statistics 7750 and 7760 and Mathematics 7140 are required if equivalent courses were not taken as an undergraduate.

All candidates must submit a thesis or written project demonstrating an independent effort towards producing original work satisfactory for each degree. The candidate may complete separate theses/projects for both economics and statistics or a single joint thesis/project satisfying both requirements.

**Career Opportunities**

Statisticians are in demand in education, medicine, government, business and industry as well as in the biological, social and physical sciences.

**Facilities & Resources**

The Department of Statistics maintains a state-of-the-art computer network with Linux workstations and servers for research and personal productivity software on PCs. Students have access to the network through PCs in student offices and through the statistics department computer laboratory. An extensive library of software including R, SAS, and common programming languages is maintained. Students also have access to the campus computing network. The statistics department is located in newly renovated space in Middlebush, with easy access to the main library's outstanding collection of books and journals in statistics.

**Financial Aid from the Program**

Fellowships and teaching and research assistantships are available to qualified graduate students. Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

| ENGLSH 2030 | Professional Writing | 3 |

Foreign Language Option for Students Pursuing a BS Degree

Students pursuing the BS degree may elect to take an alternative to a foreign language. Such students must complete no fewer than 12 upper-class credits that are not from the parent department, are not normally required of departmental majors and do not appear elsewhere in the graduation plan. This program must be carefully planned to form a coherent unit and must be approved by the director of undergraduate studies.

The following are examples of foreign language alternatives:

- mathematical sciences
- biological sciences
- behavioral sciences
- physical sciences
- business
- engineering
- economics

Minor in Statistics

A minor in statistics requires a minimum of 15 credits in statistics courses numbered 3000 or above. The courses used to complete the minor must be chosen in consultation with the director of undergraduate studies and must include at least one of the following:

- STAT 3500 Introduction to Probability and Statistics II 3
- STAT 4710 Introduction to Mathematical Statistics 3
- STAT 4750 Introduction to Probability Theory 3

A maximum of 3 of the 15 credits may be in:

- STAT 4002 Topics in Statistics-Biological/Physical/Mathematics 1-99
- STAT 4085 Problems in Statistics for Undergraduates

Graduate

MA in Statistics

Admission Criteria

Fall deadline: January 15
Spring deadline: October 15

- Minimum TOEFL scores:
  - Internet-based test (iBT) 74
  - Paper-based test (PBT) 535
- Minimum GPA: 3.0 in math and statistics courses to enter master’s program
- Bachelor’s degree from accredited college or university in related area

Undergraduate courses in statistics are recommended but not required. Consideration also is given to rank in graduating class, trends in grade records, maturity and experience, and other criteria bearing on qualifications.

Before entering the graduate program, a student should have a background that includes three semesters of calculus (or equivalent), one semester of matrix theory, and at least one post-calculus course in probability and statistics. Some required courses at the 7000 level not taken as an undergraduate may be taken for graduate credit as part of the graduate program.

Required Application Materials

To the Graduate School:
- All required Graduate School documents

To the Program:
- Departmental application
- 3 letters of recommendation (use departmental form)
- Letter of intent
- GRE score report

Degree Completion Requirements

The general requirements for receiving a master’s degree are at least 30 semester hours of course work at the 7000 level or higher, of which at least 18 hours must be from the Department of Statistics at MU. The 30 hours may not include credit hours of

- STAT 7050 Connecting Statistics to Middle and Secondary Schools 3
- STAT 7510 Applied Statistical Models I 3
- STAT 7530 Analysis of Variance 3
- STAT 7710 Introduction to Mathematical Statistics 3
- STAT 8090 Master’s Thesis Research in Statistics (more than a total of six hours of) 1-99
- STAT 8220 Applied Statistical Models II 3

At least 15 semester hours of course work at the 8000 level or above must be taken from the Department of Statistics at MU. The 15 semester hours cannot include more than three hours of STAT 8090.

Additional courses recommended but not required are:

- STAT 7110 Statistical Software and Data Analysis 3
- STAT 7310 Sampling Techniques 3
- STAT 7410 Biostatistics 3
- STAT 7420 Applied Survival Analysis 3
- STAT 7430 Applied Longitudinal Data Analysis 3
- STAT 7450 Applied Statistical Methods for Bioinformatics 3
- STAT 7610 Applied Spatial Statistics 3
- STAT 8310 Data Analysis I 3
- STAT 8320 Data Analysis II 3
- STAT 8370 Statistical Consulting 3
- STAT 8410 Statistical Theory of Bioinformatics 3
- STAT 8640 Bayesian Analysis I 3
- STAT 9250 Statistical Computation and Simulation 3
- STAT 9310 Theory of Linear Models 3
- STAT 9320 Advanced Linear Models 3
- STAT 9410 Survival Analysis 3
- MATH 7700 Advanced Calculus of One Real Variable I 3
Remedial Courses

The following courses are required if equivalent courses were not taken as an undergraduate: MATH 7140, STAT 7750 and STAT 7760. These courses may not be used for more than six of the required 30 hours.

Applied Track Masters of Arts Degree

Required core courses

Students must complete the following six courses or equivalent.

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>STAT 7110</td>
<td>Statistical Software and Data Analysis</td>

<td>Statistical Inference</td>
<td>3</td>
</tr>
<tr>
<td>STAT 8310</td>
<td>Data Analysis I</td>
<td>3</td>
</tr>
<tr>
<td>STAT 8320</td>
<td>Data Analysis II</td>
<td>3</td>
</tr>
</tbody>
</table>

In addition, students must take four elective courses, at least three of which must be selected from the department of statistics course offerings numbered 8000 or above.

Examination

Students in the applied track must pass written and oral master’s exams administered by a departmental committee.

Regular Track Masters of Arts Degree

Original Written Work

All candidates must submit a written report on an independent effort toward producing original work. This report may, with the adviser’s consent, take the form of a thesis, a written review on a set of papers in statistics, or a written report on an independent study project, which may include an original application of statistics. For this work, a student must register for at least three semester hours of STAT 8090.

Presenting the Work

All candidates are required to present an open seminar on the results of the written report. The report should be made available for public review, through the Department of Statistics office, for at least one week before the examination.

Examination

The MA examination covers material presented in the written report and the seminar and may also cover course work.

Satisfactory Progress

Length of Study

A master’s candidate is expected to complete the master’s degree within three calendar years beginning with the first semester of enrollment unless approval is obtained from the graduate faculty of the Department of Statistics.

Grade Requirements

Any student, while a graduate student in this program, who receives a grade of C or lower in six or more hours of courses offered by the Department of Statistics or a grade of C or lower in nine or more hours of all courses taken will be dismissed from the graduate program unless contrary action is taken by the graduate faculty of the department.

For each credit hour over three hours with a grade of C or lower in courses offered by the Department of Statistics at the 7000 level and above, the student must receive a credit hour with a grade of A in courses offered by the department at the 7000 level and above.

MA in Statistics with Emphasis in Biostatistics

Students who wish to specialize in biostatistics may obtain a degree with special emphasis. The general requirements are the same as those for the MA degree in statistics (p. 285). In addition, students must satisfy the following:

1. Take STAT 7410 and either STAT 7420, STAT 8410 or STAT 9410 or the equivalent;
2. Submit a project or thesis related to biostatistics.

PhD in Statistics

Admission Criteria

Fall deadline: January 15
Spring deadline: October 15

- Minimum TOEFL scores:
  - Internet-based test (iBT) 74
  - Paper-based test (PBT) 535
- Minimum GPA: 3.5 in math and statistics to enter PhD program
- Master’s degree from accredited college or university in related area

Before entering the graduate program, a student should have a background that includes three semesters of calculus (or equivalent), one semester of matrix theory, and at least one post-calculus course in probability and statistics. Some required courses at the 7000 level not taken as an undergraduate may be taken for graduate credit as part of the graduate program.

Required Application Materials

To the Graduate School:
- All required Graduate School documents

to the Program:
- Departmental application
- 3 letters of recommendation (use departmental form)
- Letter of intent
- GRE score report

Qualifying Examination

All doctoral students must pass the qualifying exam, which is offered in August and January of each year. The exam consists of two parts, one covering Statistics 7750 and 7760 (Statistical Inference), and a second part covering Statistics 8310 and 8320. All doctoral students must take the exams at the first opportunity after taking the required courses, usually in August at the start of the second year. Students have two attempts to pass each part.
**Doctoral Committee**

Within one semester of passing the qualifying examination, a student must choose a doctoral program committee in consultation with his or her adviser. This committee consists of at least five members, at least three of whom are members of the doctoral faculty in statistics and at least one from another MU doctoral program.

**Preliminary Examination**

The preliminary exam is a written exam offered in August and January of each year. Before taking the exam, the student is required to have passed the qualifying exams and chosen his/her major professor. The exam consists of two parts: Part one covering STAT 9710 and STAT 9720 and part two covering STAT 9310. Students have two attempts to pass each part. Students must take the preliminary exam at the earliest possible time after passing the qualifying exam and completing the courses required for the preliminary exam, normally the start of the third year of study.

**Required Course Work**

Before taking the comprehensive examination, students should complete six courses taken at MU or at comparable institutions.

Select six of the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>STAT 9100</td>
<td>Recent Developments in Statistics</td>
</tr>
<tr>
<td>STAT 9250</td>
<td>Statistical Computation and Simulation</td>
</tr>
<tr>
<td>STAT 9320</td>
<td>Advanced Linear Models</td>
</tr>
<tr>
<td>STAT 9370</td>
<td>Multivariate Analysis</td>
</tr>
<tr>
<td>STAT 9410</td>
<td>Survival Analysis</td>
</tr>
<tr>
<td>STAT 9510</td>
<td>Theory of Nonparametric Statistics</td>
</tr>
<tr>
<td>STAT 9530</td>
<td>Data Mining and Machine Learning Methods</td>
</tr>
<tr>
<td>STAT 9640</td>
<td>Bayesian Analysis II</td>
</tr>
<tr>
<td>STAT 9810</td>
<td>Advanced Probability</td>
</tr>
<tr>
<td>STAT 9820</td>
<td>Stochastic Processes</td>
</tr>
</tbody>
</table>

(Different 9100s can be counted more than once.) Other courses may be substituted at the discretion of the student’s doctoral program committee.

**Comprehensive Examination**

After successfully completing the preliminary exam and the required coursework, the student is eligible to take the comprehensive examination. This examination consists of a written and oral section as specified in the Graduate School catalog. This examination must be completed at least seven months prior to the final defense of the dissertation.

**Dissertation**

A dissertation, prepared under the direction of a dissertation supervisor, is required. The dissertation should be presented in an open seminar as part of the final examination, which is be conducted by the final examination committee. The dissertation should be made available for public review, through the Department of Statistics office, for at least one week before the examination.

**Additional Requirements**

Additional requirements for the PhD in statistics are determined by the student’s program committee and the director of graduate studies.

---

**Graduate Minor in Statistics**

**Master’s Minor**

To receive a designated minor in statistics for a master’s degree, at least 12 credit hours of course work at the 7000 level or higher must be completed from the Department of Statistics at MU. The courses should be unified in theme and must be approved by the Director of Graduate Studies of the Department of Statistics.

The courses must be completed with an average grade of B (3.0) or higher.

The courses may not include:

- STAT 7002 Topics in Statistics-Biological/Physical/Mathematics
- STAT 7070 Statistical Methods for Research
- STAT 7085 Problems in Statistics for Non-majors
- STAT 8085 Problems in Statistics for Majors - Masters
- STAT 9085 Problems in Statistics for Majors - PhD

The courses may not include more than one course from:

- STAT 7710 Introduction to Mathematical Statistics
- STAT 7750 Introduction to Probability Theory

**PhD Minor**

To receive a designated minor in statistics for a PhD degree, at least 15 credit hours of course work at the 7000 level or higher must be completed from the Department of Statistics at MU.

Courses may not include:

- STAT 7002 Topics in Statistics-Biological/Physical/Mathematics
- STAT 7020 Statistical Methods in the Health Sciences
- STAT 7050 Connecting Statistics to Middle and Secondary Schools
- STAT 7070 Statistical Methods for Research
- STAT 7085 Problems in Statistics for Non-majors
- STAT 7530 Analysis of Variance
- STAT 8085 Problems in Statistics for Majors - Masters
- STAT 8090 Master’s Thesis Research in Statistics
- STAT 9085 Problems in Statistics for Majors - PhD

Students must have at least one course in calculus-based statistics and the equivalent of at least two courses in an applied statistics sequence. The calculus-based statistics requirement can be met by STAT 7710 or STAT 7760 or above, but no more than 6 hours of STAT 7710, STAT 7750, and STAT 7760 can be counted towards the 15 hours. The applied sequence requirement can be satisfied by either STAT 7510/STAT 8220 or STAT 8310/STAT 8320. At most one course from STAT 7510 and STAT 8310 can be counted and at most one course from STAT 8220 and STAT 8320 can be counted towards the 15 hours.

The plan of study must be approved by the Director of Graduate Studies of the Statistics Department and be completed with an average grade of B (3.0) or higher. Each student is encouraged to seek approval of his/her plan of study as soon as possible.
The Department of Theatre offers students an appreciation of theatre as a fine art, sharpens the talents of those who seek careers in theatre and provides students with methods of stimulating and using their imagination and intensifying their communication skills.

The department offers BA, MA and PhD degrees with a major in Theatre. A minor is also available.

**Faculty**

**Professor** S. Burgoyne, D. A. Crespy, J. M. Miller, C. Ruffin  
**Associate Professor** C. D. Black, M. H. Carver  
**Assistant Professor** K. Brown, B. Carlson  
**Assistant Teaching Professor** J. A. Drtina, C. Gleason  
**Associate Teaching Professor** K. S. Packard, R. D. Packard  
- Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.  
- Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

**Undergraduate**

- BA in Theatre (p. 289)  
  - with emphasis in Design/Technical (p. 289)  
  - with emphasis in Performance (p. 289)  
  - with emphasis in Writing for Performance (p. 290)  
- Minor in Theatre (p. 290)

**Departmental Honors**

To graduate with honors in theatre, a student must earn a minimum overall MU GPA of 3.3 and earn a minimum GPA of 3.5 in courses in theatre completed at the University of Missouri.

**Double Majors**

Many students in theatre choose either a double major or a minor in another area. In either case, the student must see a theatre advisor for approval.

**Graduate**

Theatre Graduate Programs  
College of Arts and Science  
129 Fine Arts Center  
573-882-2021  
http://theatre.missouri.edu/

**Director of Graduate Studies:** Heather Carver  
- MA in Theatre (p. 290)  
- PhD in Theatre (p. 292)

**About the Department of Theatre**

The MU Department of Theatre has a distinguished history that began shortly after 1900 when a small group of aspiring thespians resolved to enhance the cultural life of the campus by producing plays in an abandoned dining room in Lathrop Hall. In 1925, Professor Donovan Rhynsburger joined the MU faculty and established the Missouri Workshop Theatre. For over 85 years, the department has sustained a national and international reputation as a major center for theatre and performance scholarship and dramatic art production. In 2007 “Academic Analytics” ranked MU Department of Theatre #4 nationally for scholarly productivity in Theatre Literature, History, and Criticism (reported in Chronicle of Higher Education, November 11, 2007). MU Theatre offers graduate and undergraduate programs.

A professional faculty comprises internationally recognized scholars and artists who develop the talents, skills and knowledge of students by teaching them to combine scholarship with artistry. MU has consistently produced fine theatre and notable alumni, including Tennessee Williams, George C. Scott, Tom Berenger, Chris Cooper, Jon Hamm, Ethel Pitts Walker, and Barbara Molette. MU students have won the prestigious David Library Award seven times, several nationally coveted awards like the Mark Twain Comedy Prize, and departmental productions have been cited for national awards by the Kennedy Center American College Theater Festival, the National Communication Association, and the Association of Theatre in Higher Education. Graduate students in the department have won numerous campus, professional and national awards, fellowships and research grants for their scholarship and artistry. The department is proud of its legacy of artistic excellence and the enrichment it brings to the cultural life of the campus and community.

**Facilities**

Rhynsburger Theatre. Named after Donovan Rhynsburger, MU’s principal theatre for dramatic productions is in the Fine Arts Building, which also houses the music and art departments. The 278-seat proscenium theatre has a large stage and fly system with well-equipped costume and scenic shops located adjacent to the stage. The theatre houses faculty offices, classrooms, shops, dressing rooms and other production support spaces. Students interested in lighting and sound production will find a variety of equipment and modern control systems on which to learn their craft. We’re also thrilled to announce the addition of a new, state-of-the-art professional computer graphics lab in 2012.

Corner Playhouse. The Corner Playhouse provides an opportunity for students and faculty to present smaller, often more experimental productions in a flexible space. Seating up to 125, the theatre is designed to accommodate any stage configuration. Across the street from the Rhynsburger Theatre, the Corner Playhouse also houses dressing rooms, graduate student offices and classrooms.

**Satisfactory Progress: General Guidelines for MA and PhD in Theatre**

**Probationary Status**

The following constitute grounds for placing a student on departmental probation:

Earning a grade of C or below in any departmental course taken for graduate credit will result in probationary status. A grade of incomplete in any course will result in probationary status for the subsequent semester. Incomplete grades must be changed to a grade of A or B by the end
of the probationary semester (dissertation research incompletes are evaluated as S/U until the dissertation is defended). Failure to comply in a satisfactory manner with all responsibilities related to graduate assistantships. Graduate students in our department are expected to conduct themselves in a manner reflecting the university’s commitment to professional integrity, collegiality, and good citizenship. Students who consistently fail to conduct themselves in this manner may be subject to probation or dismissal. In the case of each student on departmental probation, the director of graduate studies will confer with the advisor (in the case of an MA student), or the members of the program committee (in the case of a PhD student) to determine the grounds for removal of probation, and will communicate this decision to the student.

### Annual Review

Each Fall semester the director of graduate studies convenes the Graduate Studies Committee to review the progress and performance of all graduate students.

Each graduate student in residence should meet with his or her advisor within the first two weeks of each semester to determine whether satisfactory progress has been maintained, and the advisor shall report the results of this meeting to the director of graduate studies.

### Losing & Regaining Financial Support

Termination of departmental financial support will result if the student is considered to be making unsatisfactory progress and the student’s program may be terminated. Departmental financial support may be restored when the student has made satisfactory progress toward a graduate degree for one semester, has made an A or a B in all incomplete courses, and is judged to be off probation by the director of graduate studies.

### Undergraduate

#### BA in Theatre

**Major Program Requirements**

The major in Theatre consists of core courses and an emphasis area. In addition, all students must complete all College of Arts and Sciences and University graduation requirements, including University General Education (p. 18). All courses used to satisfy requirements for the major must be completed with a grade of C or higher.

http://theatre.missouri.edu/gradprogram/index.html

Director of Graduate Studies
Dr. Heather Carver
129 Fine Arts Building; Columbia, MO 65211
573-882-2021
carverh@missouri.edu

Admission Criteria

http://theatre.missouri.edu/gradprogram/index.html

Deadline: January 15 for the following fall semester admission. We only admit once a year, barring extraordinary circumstances.

• Minimum TOEFL scores:
Graduate School listing the courses to be taken to complete the graduate curriculum.

**Independent Project**

Each candidate for the MA must complete an independent project, which should be specified on the M-1 form as part of the plan of study.

There are three options:

1. This may be a thesis, for which up to six semester hours of credit in Theatre Research may be earned.
2. Another option is to write an original performance/play, translate a play/performance, or complete a project in acting, design, adaptation/devising, dramaturgy, solo performance or directing. Credit of up to three semester hours may be earned in a graduate problems course.
3. A student may create and successfully execute a research project to earn three semester hours in a graduate course in independent research.

**Satisfactory Progress: General Guidelines for MA in Theatre**

**Probationary Status**

The following constitute grounds for placing a student on departmental probation:

- Earning a grade of C or below in any departmental course taken for graduate credit will result in probationary status. A grade of incomplete in any course will result in probationary status for the subsequent semester.
- Incomplete grades must be changed to a grade of A or B by the end of the probationary semester (dissertation research incompletes are evaluated as S/U until the dissertation is defended). Failure to comply in a satisfactory manner with all responsibilities related to graduate assistantships. Graduate students in our department are expected to conduct themselves in a manner reflecting the university’s commitment to professional integrity, collegiality, and good citizenship. Students who consistently fail to conduct themselves in this manner may be subject to probation or dismissal. In the case of each student on departmental probation, the director of graduate studies will confer with the adviser (in the case of an MA student), or the members of the program committee (in the case of a PhD student) to determine the grounds for removal of probation, and will communicate this decision to the student.

**Annual Review**

Each Fall semester the director of graduate studies convenes the Graduate Studies Committee to review the progress and performance of all graduate students.

Each graduate student in residence should meet with his or her adviser within the first two weeks of each semester to determine whether satisfactory progress has been maintained, and the adviser shall report the results of this meeting to the director of graduate studies.

**Losing & Regaining Financial Support**

Termination of departmental financial support will result if the student is considered to be making unsatisfactory progress and the student’s program may be terminated. Departmental financial support may be restored when the student has made satisfactory progress toward a graduate degree for one semester, has made an A or a B in all

---

### Required Application Materials

*To the Graduate School:*

- All required Graduate School documents

*To the Theater Program:*

- 3 letters of recommendation
- GRE score report
- Statement of purpose
- Scholarly writing sample

### Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program Web site or ask the program contact for details.

### Curriculum Requirements

The degree of Master of Arts in Theatre will be awarded upon completion of the curriculum outlined below with a GPA of 3.0 or better.

#### Completed Undergraduate Curriculum

Most students have completed this course of study before seeking admission to MU. However, applicants holding undergraduate degrees in disciplines other than theatre will be asked to complete those courses, which were not part of their undergraduate curriculum. In some cases professional theatre experience may substitute for certain courses. Twelve courses in the undergraduate curriculum should be distributed as follows:

- Basic skills: at least one course in each of the following: voice and articulation, movement for the stage, script analysis, technical theatre;
- At least one upper-division course in each of the following: acting, directing, dramatic literature, theatre history;
- At least two upper-division courses in technical theatre; and two upper-division theatre electives.

#### Graduate Curriculum

The student must complete at least 24 graduate hours while in residence as a graduate student at MU. The academic program should be established in consultation with an adviser not later than the end of the first full semester of residence. No more than six semester hours of graduate work may be transferred from another university. The student submits Form M-1, Application for Degree of Master of Arts to the
incomplete courses, and is judged to be off probation by the director of graduate studies.

**Master’s Final Examination**

Master’s degree students who have been maintaining satisfactory progress toward a degree for a period of 24 months are expected, barring unusual and extenuating circumstances, to be prepared to write the master’s final examination.

Each candidate for the MA is required to pass a final examination to demonstrate mastery of the fundamental principles of the work included in the course of study. An examining board consisting of at least three members of the faculty shall administer the examination.

In consultation with his or her adviser the student selects four areas for examination from among those listed below:

At least two but no more than three areas may be selected from among:

- Theatre History and Historiography
- Dramatic Literature and Criticism
- Dramatic and Performance Theory
- Performance Studies and Writing for Performance

At least one but no more than two areas must be selected from among:

- History, Theory or Pedagogy of Acting or Directing
- History, Theory or Pedagogy of Dramaturgy
- History, Theory or Pedagogy of Theatrical Design
- History, Theory or Pedagogy of Performance Studies
- History, Theory or Pedagogy of Playwriting/Writing for Performance

**Length of Exam**

Two hours are allotted for answering the question(s) for each area, making a total of eight hours for the examination.

**Notifying the Graduate School of Results**

As soon as the performance on the Master’s Final Examination has been evaluated, the student’s adviser informs the Graduate School, using the appropriate M-form.

If one area examination is unsatisfactory, the examining board will give the student an oral examination on that area, with special emphasis on the questions or questions missed. If two area examinations are unsatisfactory, the student is failed.

**PhD in Theatre**

**Admission Contact Information**

Graduate Contact/Administrative Assistance

Director of Graduate Studies
Dr. Heather Carver
129 Fine Arts Building; Columbia, MO 65211
573-882-2021
carverh@missouri.edu

**Admission Criteria**

Deadline: January 15. We only admit once a year, barring extraordinary circumstances.

- Minimum TOEFL scores:
  - Internet-based test (iBT) 112
  - Paper-based test (PBT) 650

- Minimum GRE scores:
  - Verbal 600
  - Quantitative 550
  - Analytical 5.0

**Required Application Materials**

To the Graduate School:

- All required Graduate School documents

To the Program:

- 3 letters of recommendation
- GRE score report
- Statement of purpose
- Scholarly writing sample
- Professional resume or portfolio
- Creative (dramatic) writing samples

**Financial Aid from the Program**

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

**Careers**

The doctorate in theatre at MU aims to provide knowledge and research skills necessary to launch the successful student on a career of scholarly and artistic investigation of theatre history, performance theory and criticism, performance studies, playwriting and other modes of writing for performance (such as adaptation and translation), dramaturgy, performance and theatre pedagogy.

**Qualifying Examination**

During the first semester of residence, the student completes a qualifying examination. The Graduate Affairs Committee of the Department of Theatre meets with the student to discuss the student’s academic background, career goals and research interests for an oral review and discussion of their proposed course of study. The adviser submits the D-1 form, Qualifying Process/Confirmation of Adviser, reporting on the departmental qualifying process.

**Advisory Committee: Form D-1**

Doctoral Program Committee asks the graduate dean to approve a committee of four graduate faculty members to help the student plan and
carry out a program. One member of the Doctoral Program Committee must come from outside the Department of Theatre.

Program Planning
As early as is practical, usually in the student’s second semester on campus, the student should meet with the Doctoral Program Committee to plan a doctoral program. The student should prepare a trial plan in consultation with the faculty adviser who serves as chair of the Doctoral Program Committee and reports the approved plan of study to the graduate dean on Form D-2: Doctoral Plan of Study.

Theatre Department Course Work
Although the Graduate School requires no specific number of hours of class work, the Department of Theatre typically requires students entering the program with a master’s degree to complete about 40 semester hours of graduate level course work in the theatre department, including three semester hours of Dissertation Research, devoted to writing a dissertation prospectus. For more specific information regarding required coursework, see http://theatre.missouri.edu/gradprogram/index.html.

Doctoral Minor
The department also requires the student to complete a doctoral minor, a nine-semester-hour unified area of study outside the Department of Theatre.

Research Tool Options
The PhD in Theatre also includes a research tool requirement that may be satisfied in several ways:

1. Option One: Present evidence of translation ability in each of two foreign languages in one of the following ways: by receiving an acceptable score on a GFSLT Humanities examination if the language is French, German or Spanish (Acceptable scores at this time are: French 570, German 560 and Spanish 540) by receiving certification of competence from a qualified examiner if other languages are presented by showing on one’s transcript a grade of B or better on a literature course at MU. (This course must require reading of works in the foreign language. The course may be taken during the doctoral program or within the five years prior to beginning the program.)

2. Option Two: Demonstrate a high degree of fluency in one foreign language by individual examination conducted by the appropriate language department at MU.

3. Option Three: Choose one language and one block of courses. Demonstrate translation ability for one language as in Option One. Complete with grades of B or better six semester hours in graduate courses taken outside of the department that represent a coherent unit of study, providing a research tool applicable to the candidate’s dissertation research.

4. Option Four: Choose two blocks of courses. Complete with grades of B or better two blocks of course work of six hours each in graduate level courses taken outside of the department that must represent to the candidate’s advisory committee a coherent unit of study. One or both blocks should provide a research tool for the candidate’s dissertation.

Participation in Productions
The doctoral student is encouraged to participate in University Theatre and studio theatre productions and may, in some cases, be required to do so. Academic credit is available.

Satisfactory Progress Guidelines for the PhD in Theatre

Probationary Status
The following constitute grounds for placing a student on departmental probation:

• Earning a grade of C or below in any departmental course taken for graduate credit will result in probationary status.

• A grade of incomplete in any course will result in probationary status for the subsequent semester. Incomplete grades must be changed to a grade of A or B by the end of the probationary semester (dissertation research incompletes are evaluated as S/U until the dissertation is defended).

• Failure to comply in a satisfactory manner with all responsibilities related to graduate assistantships. Graduate students in our department are expected to conduct themselves in a manner reflecting the university’s commitment to professional integrity, collegiality, and good citizenship.

• Students who consistently fail to conduct themselves in this manner may be subject to probation or dismissal. In the case of each student on departmental probation, the director of graduate studies will confer with the adviser (in the case of an MA student), or the members of the program committee (in the case of a PhD student) to determine the grounds for removal of probation, and will communicate this decision to the student.

Annual Review
Each Fall semester the director of graduate studies convenes the Graduate Studies Committee to review the progress and performance of all graduate students.

Each graduate student in residence should meet with his or her adviser within the first two weeks of each semester to determine whether satisfactory progress has been maintained, and the adviser shall report the results of this meeting to the director of graduate studies.

Losing & Regaining Financial Support
Termination of departmental financial support will result if the student is considered to be making unsatisfactory progress and the student’s program may be terminated. Departmental financial support may be restored when the student has made satisfactory progress toward a graduate degree for one semester, has made an A or a B in all incomplete courses, and is judged to be off probation by the director of graduate studies.

Satisfactory Progress Before the Comprehensive Exam
Each semester prior to the semester in which comprehensive examinations are taken, satisfactory progress is maintained when a student completes nine semester hours of graduate level work with a grade of B or above. Incomplete grades are given only under extraordinary circumstances and with the approval of the graduate faculty. Doctoral students who have been maintaining satisfactory
progress toward a degree for a period of 36 months are expected, barring unusual and extenuating circumstances, to be prepared to write comprehensive examinations.

**Satisfactory Progress During and After Comps**

For the semester in which comprehensive examinations are taken and in semesters after comprehensive exams and orals are passed, satisfactory progress is maintained when, in the judgment of the student’s dissertation adviser, the student is making satisfactory progress toward completion of the dissertation.

Students who leave MU having completed all but the dissertation must maintain continuous enrollment by registering for two semester hours of Dissertation Research each fall and spring term and one hour in the summer term. Failure to register negates a student’s candidacy.

**Graduate School Regulations on Satisfactory Progress**

The Graduate School regulations regarding a reasonable rate of progress for doctoral students enrolled during or after Fall 2000: Effective for students beginning their doctoral studies during or after Fall Semester 2000, a PhD student must successfully complete the comprehensive exam within a period of five years beginning with the first semester of enrollment as a PhD student. For an extension of this time limit, the student must petition the Graduate School by submitting a written request. The request must be submitted in writing to the Graduate School. The committee must respond to this request in writing within two weeks with a copy to the Graduate School Regulations on Satisfactory Progress.

All requests for extensions should be endorsed by the departmental director of graduate studies and should be accompanied by a description of the process whereby currency in the discipline is certified, if required by the department.

**Dissertation Proposal/Prospectus**

Before comprehensive exams may be scheduled, students will be required to complete a 5-page Dissertation Proposal, concisely but clearly expressing the purpose, justification, method and general organizational plan for the dissertation. A bibliography is also required (bibliography is not included in 5 pp. minimum). The theatre department faculty members on student’s doctoral committee must approve this proposal. After successful completion of comprehensive exams, the student will expand the dissertation proposal into a Dissertation Prospectus — a more detailed and thorough description of the dissertation project. The prospectus should provide a clear statement of the purpose of the dissertation, describe the need for the knowledge the dissertation report will supply, outline the research questions and demonstrate the procedures by which the scholar will answer these questions. The candidate will present the prospectus to the Doctoral Program Committee and will be prepared to defend it.

**Comprehensive Examination**

After completing the research tool option, a substantial amount of the course work and after obtaining the approval of the 5-page proposal from the Doctoral Program Committee, the student takes the comprehensive examination. The comprehensive examination provides an opportunity for the student to demonstrate a thorough grasp of the history and principles of theatre. The examination provides the Doctoral Program Committee with a window looking back upon the student’s training as well as a chance to estimate the student’s potential as a problem solving scholar of theatre. Readers of the examination look for more than a reiteration of the content of standard sources of information about dramatic art. The examinee should demonstrate an ability to analyze problems and data, to formulate theses or points of view, and to locate, evaluate and organize evidence to support a contention—the essential skills of scholarship. The comprehensive examination in theatre allows candidates not only to tell what they know but also to demonstrate what they can do with information. Comprehensive exams are scheduled once each semester, during the first third of the current semester.

**Stages of the Comprehensive Exam**

The examination is given in two stages.

- Stage One consists of a written examination, over the history of theatre, dramatic theory, criticism, writing for performance, performance studies, and theatre pedagogy, and an additional (written) examination consisting of one or two questions posed by the outside member of the Doctoral Program Committee. The examination is evaluated by the student’s Doctoral Program Committee, which decides whether or not the student should be advanced to the oral examination.
- Stage Two is the oral examination administered by the Doctoral Program Committee. This examination provides an opportunity for the student to correct, amend, or defend assertions made in the written examination, although the oral examination is not bound by any limits established by the written examination. Ordinarily of two hours duration, the oral is also an opportunity for the student to demonstrate skill in oral explanation and argument.

**Criteria for Passage of the Comprehensive Exam**

The result of the comprehensive examination shall be marked pass if all of the Doctoral Program Committee members recommend a pass on the entire examination, both written and oral sections. Should the examination be marked fail, the committee may recommend that the candidate retake the examination after a minimum period of 12 weeks. A report of the committee’s decision (Form D-3), carrying the signatures of all members of the committee, is sent to the Graduate School and to the student no later than two weeks after the comprehensive examination is terminated.

If a failure is reported, the committee also must include in the report an outline of the general weaknesses or deficiencies of the student’s work. The student and the committee members are encouraged to work together to identify steps the student might take to become fully prepared for the next examination. If at any time the student believes that the advice given by the committee is inadequate, the student may send a written request for clarification to the committee. A copy of this request should be sent to the Graduate School. The committee must respond to this request in writing within two weeks with a copy to the Graduate School. Failure to pass two comprehensive examinations automatically prevents candidacy for the doctorate in theatre at MU.
Completing the Dissertation

The final step is completion and approval of the doctoral dissertation. The director of graduate studies can provide the student a copy of Guidelines for Preparing Theses and Dissertations.

Formatting

Dissertations in the Department of Theatre should be formatted according to the latest edition of A Manual for Writers of Term Papers, Theses, and Dissertations, ed. Kate L. Turabian or the MLA Handbook; the chosen format must meet with the dissertation advisor’s approval.

Graduate School Paperwork

Form D-4, Report of the Doctoral Dissertation Defense, indicates that the student has defended the dissertation at an oral examination.

Advisory and Committee Approval of the Dissertation

No draft of the dissertation can be considered a final draft until the adviser (First Reader) has approved it. All dissertation committee members must have at least 10 days to read the dissertation before the last date for oral examination as published by the Graduate School. Unanimous approval of the dissertation by four committee members constitutes satisfactory completion of this examination.
Additional Minors and Certificates - A&S

Undergraduate

• Minor in Aerospace Studies (p. 296)
• Minor in Afro-Romance Literatures in Translation (p. 296)

• Certificate in Science Outreach (p. 306)
• Minor in Women’s and Gender Studies (p. 306)

Minor in Afro-Romance Literatures in Translation

Students may obtain a minor in Afro-Romance literatures in translation by completing the courses listed below.

SPAN 1100 Elementary Spanish I 13
& SPAN 1200 and Elementary Spanish II
& SPAN 2100 and Elementary Spanish III
ITAL 1100 Elementary Italian I 10-12
& ITAL 1200 and Elementary Italian II
or PORT 1100 Elementary Portuguese I
& PORT 1200 and Elementary Portuguese II

Three 2000-level literature-in-translation courses chosen from the following list (at least two language groupings must be represented):

FRENCH 2350 New World Francophone Literature in Translation 3
RM_LAN 2310 Literature of the African Diaspora 3
SPAN 2340 Hispanic Minority Literature 3

Two 3000-level or 4000-level courses chosen from the following list:

FRENCH 3710 Survey of Minority and Creole Languages of the U.S. and the Caribbean 3
or SPAN 3710 Survey of Minority and Creole Languages of the U.S. and the Caribbean

PORT 3001 Topics in Portuguese-General 1-3
or PORT 3005 Topics in Portuguese-Humanities/Fine Arts
RM_LAN 4310 Literature of the African Diaspora 3

Additionally, course work must be completed with a grade in the C range or higher in each of the required courses and students must maintain a 2.0 GPA in the minor.

Minor in American Constitutional Democracy

For general questions about the minor, contact:
Justin Dyer, Program Director
573-882-3777
dyerjb@missouri.edu

Political Science Academic Advisor
573-882-2580
politicalscience@missouri.edu

The minor in American Constitutional Democracy is designed for those students who wish to delve more deeply into the American experience with self-government, exploring the development of the American state and the intellectual, political, historical, and cultural forces that contributed to this development. The minor is appropriate for students in many majors, particularly political science, economics, history, and journalism.

The minor affords students a unique opportunity to gain a broad perspective on issues of American political development, allowing focus on areas where they may have additional educational requirements not offered in their chosen major field of study. In addition, it contains an "experiential" component that permits students to consider constitutional issues in practice and/or in comparative perspective.
Minor Requirements

A minimum of fifteen (15) credits are required for the minor. Students in the minor must maintain a B average (3.0 GPA) for courses in the minor.

A minimum of twelve (12) credits must come from the following courses offered by the Departments of Political Science and History. At least one course must be taken in each department.

Department of Political Science courses

Note: Students may petition the director of the minor to include a maximum of three (3) hours from a related course outside the Departments of Political Science and History. Outside courses may have additional prerequisites.

Finally, a minimum of three (3) credits must come from an experiential component. This requirement may be satisfied through participation in either an internship or study abroad program associated with the minor. Currently, the Political Science Department offers an internship program (POL_SC 4940) focused in Jefferson City and is in the process of developing a program in Washington, DC. For study abroad, the Political Science Department currently offers a summer program titled “Developing Dynamics of Democracy” (POL_SC 4840). In the future, there are plans to develop more experiential course options for students.

Minor in Astronomy

A student whose major is in another department may receive a minor in astronomy with the completion of the following courses with grades of C- or better: PHYSCS 2750 University Physics I, PHYSCS 2760 University Physics II (10 credit hours), PHYSCS 3010 Introduction to Modern Astrophysics (3 credit hours), plus two additional astronomy courses at the 3000/4000 level or above.

A student must have a total of 19 credit hours to receive a minor in astronomy. At least nine of the 19 credit hours must be completed on campus. A course in which a grade of D+ or below was received will not count towards the minor. To receive your minor in astronomy, you must print and fill out the minor form (http://physics.missouri.edu/wp-content/uploads/2012/04/files/AstronomyMinorForm.pdf), have it signed by the Director of Undergraduate Studies in the Physics Department, and then take it to 107 Lowry Hall.

Minor in Black Studies

Students seeking a minor in black studies must complete 15 credits, including those listed below.

<table>
<thead>
<tr>

One additional course in any of the three content areas | 3       |

Total Credits | 15       |

• Students are also encouraged to take a course in three regional areas of study: Africa, African America, and the Black Diaspora.
• A minimum of 6 credits numbered 2000 or above and at least one 3000-level course must be taken.
• At least 9 credits must be in courses other than readings, methods, techniques or problems.
• A maximum of 3 credits of the minor can be taken in black studies courses outside the College of Arts & Science.

Minor in Canadian Studies

For general questions about the minor, contact:
James Endersby, Program Director
573-882-4238
endersby@missouri.edu

Political Science Academic Advisor
573-882-2580
politicalscience@missouri.edu

A Minor in Canadian Studies allows you to
• participate in Study Abroad programs in Canada
• enhance your degree and career options
• learn about the culture, history, and politics of Canada

With a minor in Canadian Studies, students will be better equipped to deal with political, economic, social and even cultural issues that will arise vis-a-vis Canada, a close military ally and trading partner. In an era that features the internet, Free Trade, and most importantly, issues of border security and national defense, knowledge of Canada is particularly useful in a number of careers. The Canadian Studies Program is an interdisciplinary program which includes Political Science, Geography, Anthropology, Romance Languages, and Public Affairs. The minor concentration in Canadian Studies will require 15 hours of credits. Courses may be selected from at least two of the disciplines listed below. Any course qualifies for the Minor in Canadian Studies as long as it contains at least one-third content on Canada.
Courses in Political Science
POL_SC 2600 Canadian Politics and Government 3
POL_SC 4660 Canada in North America 3
POL_SC 4986 Special Readings in Political Science 1-99
(consult with professor if interested)

Canadian Politics: Fundamentals and Selected Topics

Courses in Geography
GEOG 2120 United States and Canada 3
GEOG 1100 Regions and Nations of the World I 3
GEOG 3780 World Political Geography: Patterns and Processes 3

Courses in Anthropology

Minor in East Asian Studies

Students select 15 credits from at least two departments. At least 6 credits must be at the 2000 level or above. The elementary levels of language (Japanese, Chinese, Korean) may not be used to meet any of these hour requirements for the minor. Intermediate level courses (at the 2000 level and higher) language courses may be used to meet these requirements. The Office of Special Degree Programs, 114 Switzler Hall provides student advisement.

In addition to courses offered in Chinese, Japanese, and Korean language programs (civilization courses, literature courses, film courses, theater courses), there are relevant courses offered in Religious Studies, History, Political Science, Philosophy, and Geography. Students are encouraged to consult with the advisor in Special Degree Programs and instructors in Chinese, Japanese, or Korean.

Faculty for East Asian Studies

Chinese
Assistant Teaching Professor Michael Volz
Lecturer Huichung Liang

Japanese
Assistant Teaching Professor J. Martin Holman
Lecturer Chieko Kellar

Korean
Associate Teaching Professor Seungkwon You

Minor in French

Students may obtain a French minor by completing a minimum of 15 credits beyond FRENCH 2100, of which at least 6 credits must be in literature. Courses taught in English and cross-listed courses taught in

English do not count toward the minor. The courses listed below are the most likely choice.

FRENCH 2160 Intermediate French Composition and Conversation 3
FRENCH 3160 Advanced French Composition and Conversation I 3
or FRENCH 3280 Commercial French 3
FRENCH 3410 Introduction to Literary Analysis 3
FRENCH 3420 Introduction to French Literature I 3
FRENCH 3430 Introduction to French Literature II 3

Students beginning at a level higher than FRENCH 2160 due to placement testing must still complete the minimum of 15 additional credits in order to receive the minor. A minimum of 9 credits, including 3 in literature, must be taken in residence.

Additionally, course work must be completed with a grade in the C range or higher in each of the required courses and students must maintain a 2.0 GPA in the minor.

Minor in Italian Area Studies

Students may obtain a minor in Italian area studies by completing at least 9 credits in Italian language beyond ITAL 1200, e.g.: ITAL 2160, ITAL 3150 or ITAL 3160. An additional 6 credits must be chosen from the list below:

ITAL 2001/2005 Undergraduate Topics in Italian-General 1-3
ITAL 2310 Italian Civilization 3
ITAL 3001/3005 Topics in Italian-General 1-3
ITAL 3310 20th Century Italian Fiction in Translation 3

Italian culture/topics emphasis courses offered by other programs/departments (e.g., History, Art History, Music or International Studies).

Normally, 9 credits must be completed in residence at MU. However, students are permitted to count 6 credits toward the minor from an officially sanctioned semester or year-long foreign study program in Italy. Six credits toward the minor can also be earned in summer programs abroad, such as the summer intensive language program offered by the University of Bergamo (near Milan) or by the Centro Fiorenza in Florence or on the Island of Elba.

Additionally, course work must be completed with a grade in the C range or higher in each of the required courses and students must maintain a 2.0 GPA in the minor.

Minor in Jazz Studies

Student who have chosen a major in a non-music field may complete a minor in jazz. The Minor is not intended for beginners, but for students with basic musical knowledge. Hence the prerequisites (MUSIC_NM 1211 or MUS_THRY 1220) for three of the required courses (MUS_I_VT 1620, MUS_I_VT 4645, and MUS_THRY 4210) and auditions required for Jazz Ensembles. Approval for declaration of the Jazz Minor must be received from the Director of Jazz Studies.

A minimum of 15 credits is required, including the following:

MUS_THRY 4210 Jazz Harmony and Arranging I 2
MUS_THRY 4211 Jazz Harmony and Arranging II 2
MUS_I_VT 1620 Jazz Piano Class 1
MUS_I_VT 4645 Jazz Improvisation 2
Certificate in Jazz Studies

Music Majors (BM, BA Music) and Music Education majors (BSEd) may earn a Certificate in Jazz Studies by completing this core of courses in jazz. Approval for admission into the Certificate program must be received from the Director of Jazz Studies.

A minimum of 12 credits is required, including the following:

- MUSIC_NM 1311 Jazz, Pop, and Rock 3
- MUS_ENS 1841 & MUS_ENS 1846 Instrumental Ensemble and Chamber Music (Large Jazz Ensemble & Small Jazz Ensemble) 2
- MUSIC_NM 2445 Studio Instruction for Non-Majors (Or additional hours in Jazz Ensembles) 3

Total Credits 15

Minor in Luso-Brazilian Area Studies

Students may obtain a minor in Luso-Brazilian Area Studies by completing at least 9 credits in the Portuguese language beyond Portuguese 1200, e.g. PORT 2160, PORT 3160, and PORT 4960.

An additional 6 credits may be chosen from the following list:

- PORT 2310 Brazilian Civilization 3
- PORT 3001/3005 Topics in Portuguese-General 1-3
- PORT 3420 Survey of Brazilian Literature 3
- PORT 3875 Brazilian Cinema 3
- SPAN 2330 Latin American Civilization 3

Luso-Brazilian culture/topics emphasis courses offered by other programs/departments (e.g. Anthropology, History, Music, Political Science).

Normally 9 credits must be completed in residence at MU. However, students are permitted to count 6 credits toward the minor from an officially sanctioned semester or year-long foreign study program in Brazil or Portugal. These include the MU in Rio de Janeiro program at the Pontificia Universidade Catolica and the CIEE Universidade Nova de Lisboa program.

Additionally, course work must be completed with a grade in the C range or higher in each of the required courses and students must maintain a minimum GPA of 2.0 in the minor.

Minor in Medieval and Renaissance Studies

Think dead languages, medieval literature, and old castles are cool? Love your Shakespeare or Art History class and interested in learning more about the Middle Ages or the Renaissance? Then explore the possibility of a MARS undergraduate minor, in which students do coursework on medieval and Renaissance topics, receiving outstanding instruction from faculty in up to eleven different academic departments. For students interested in medieval and Renaissance history, art, literatures, religion, music, languages, and culture, the MARS minor offers the possibility of furthering interests while studying more broadly towards your major. Meet others interested in the same things as you, incorporate classwork you’ve already done, and learn new things about the Middle Ages and Renaissance, all while showing prospective employers or graduate schools the depth of your study with an official minor in MARS!

Requirements

- A minimum of fifteen (15) hours of approved coursework (see list below) in two different departments outside the student’s major department.
- At least nine (9) hours of the fifteen must be in courses numbered 2000 or above.
- At least three (3) hours of the fifteen must be taken in a course numbered 3000 or above.
- A minimum of nine (9) hours must be taken in residence.
- A minimum GPA of 2.0 is required in all courses in the minor.

For more information, contact:
Kirsten Pape
MU Office of Service Learning
208 Lowry Hall
Columbia, MO 65211
573-882-0227
Only one course from Classics may count towards the minor.
Students may specialize in either medieval or Renaissance, but must take at least one course in both.
Students and their advisors may petition the Chair of MARS (Dr. Emma Lipton, English) to have coursework with relevant content counted. Students may count courses toward the minor that are also used to fulfill general education requirements in the College of Arts and Science. Many upper-level courses in European languages and literatures may be used to fulfill the minor requirements.

Departments keep a list of courses approved for the MARS minor on file for advisors. For a full description of the minor, including a list of all courses currently counted toward the minor, go to http://medren.missouri.edu/MARS_MinorDocument2012.pdf.

**Minor in Military Science**

With departmental approval, students may earn a minor in military science and leadership by successfully completing the following courses:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MIL_SC 3230</td>
<td>Leadership and Problem Solving</td>
<td>3</td>
</tr>
<tr>
<td>MIL_SC 3240</td>
<td>Leadership and Ethics</td>
<td>3</td>
</tr>
<tr>
<td>MIL_SC 3250</td>
<td>Leadership and Management</td>
<td>3</td>
</tr>
<tr>
<td>MIL_SC 3260</td>
<td>Officership</td>
<td>3</td>
</tr>
</tbody>
</table>

Additionally, students must complete an approved course in American military history.

**Certificate in Multicultural Studies**

The College of Arts and Sciences offers a Certificate in Multicultural Studies. Students earning the certificate will become familiar with multicultural and diversity issues. In an increasingly global environment, students earning this certificate will be better prepared to understand and to facilitate cross-cultural interactions in their future careers, as well as in their general life experiences.

**Requirements**

Students are required to complete a coherent program of 15 credit hours from a list of approved courses*. Approved courses for the certificate critically evaluate and examine issues of social inequality and social stratification (e.g., gender, race, ethnicity, religion, region, sexuality, and/or class inequality) globally and in the United States. Courses must be chosen from at least 2 different departments/programs. At least 6 credits must be completed at the 3000 level or above. One course (up to 3 credit hours minimum and 6 credit hours maximum) may include an applied experience of cultural difference*. Approved research-based undergraduate courses, transcripted Study Abroad and other experiences approved through the Center for International Programs and Studies, and transcript-designated “Service Learning” coursework are among the possibilities. Only coursework in foreign languages that is numbered above 2100 is applicable, and the maximum number of such credit hours is 6. A grade of C- or higher must be earned in each course, and students must maintain a cumulative GPA of 2.0 for overall coursework counting towards the certificate. Consistent with MU policy on certificates, an undergraduate degree and certificate must be awarded simultaneously.

* Contact the Multicultural Certificate Program office, 58 McReynolds, for full details and an updated course list, or go to http://multicultural.missouri.edu/

**Minor in Peace Studies**

A minor in peace studies requires a minimum of 15 credits. PEA_ST 1050 Introduction to Peace Studies is required, plus 12 additional credits. Online writing intensive versions of 1050 are available. It is recommended that at least six of the credits be drawn from the following list:

**Area 1: International and Civil War and Peace**

<table>

</tbody>
</table>

Additionally, course work must be completed with a grade in the C range or higher in each of the required courses and students must maintain a 2.0 GPA in the minor.

Minor in South Asian Studies

The South Asian Studies minor is a course of study that allows a student to acquire specialized knowledge about South Asia in a variety of disciplines, e.g., anthropology, history, philosophy, religious studies, political science, sociology, women and gender studies and language studies.

To obtain a minor in South Asian Studies, a student must:

• Complete 15 hours of coursework relating to South Asia. The courses approved for the South Asian Studies minor are listed at http://southasia.missouri.edu/minor.html.
• At least nine of the 15 hours must be at the 2000 level or above.
• A student is required to take courses in two or more departments.
• A minimum of six hours must be taken in residence.
• A grade of C or better is required for all courses counting toward the South Asian Studies minor.

A minor in South Asian studies can easily be combined with a major in anthropology, philosophy, history, religious studies, political science, geography, journalism, sociology, women & gender studies, etc.

Minor in Spanish

Students may obtain a Spanish minor by completing a minimum of 15 credits beyond SPAN 2100, of which at least 6 credits must be in literature. Courses taught in English and cross-listed courses taught in English do not count toward the minor. The courses listed below are the most likely choice.

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>SPAN 2160</td>
<td>Intermediate Spanish Composition and Conversation</td>
<td>3</td>
</tr>
<tr>

</tr>
<tr>
<td>SPAN 3420</td>
<td>Introduction to Hispanic Literature I</td>
<td>3</td>
</tr>
<tr>
<td>SPAN 3430</td>
<td>Introduction to Hispanic Literature II</td>
<td>3</td>
</tr>
</tbody>
</table>

Students beginning at a level higher than SPAN 2160 due to placement testing must still complete the minimum of 15 additional credits to receive the minor. A minimum of 9 credits, including 3 in literature, must be taken in residence.

Additionally, course work must be completed with a grade in the C range or higher in each of the required courses and students must maintain a 2.0 GPA in the minor.

Minor in Strategic Studies

For general questions about the minor, contact:
Stephen Quackenbush, Program Director
573-882-2082
quackenbushs@missouri.edu

Political Science Academic Advisor
573-882-2580
politicalscience@missouri.edu

The minor in Strategic Studies is designed for those students who wish to acquire the knowledge and analytical skills that are critical for working in a career field related to national security. The minor is appropriate for students of almost any major, particularly political science, economics, history, geography, journalism, and engineering. The program is also well suited for students in Army, Navy, or Air Force ROTC, providing a solid background for officers encountering the changing strategic environment of the twenty-first century.

The program affords students a unique opportunity to gain a broad perspective on security issues, allowing focus on areas where they may have additional educational requirements not offered in their chosen major field of study. Students may work for the defense department, national intelligence agencies, or other federal agencies, or any number of jobs related to security in the private and non-profit sectors.

Fifteen (15) credits are required for the minor in strategic studies, selected from the list below. Of these, six hours must be from political science, and three hours must be from military science. Students in the minor must maintain a B average (3.0 GPA) for courses in the minor.

Select from the courses below

Minor in Women’s and Gender Studies

A Women’s and Gender Studies minor can be a component of any undergraduate degree granted at MU.

The curriculum includes women’s and gender studies core courses as well as cross-listed courses from several departments throughout the University. These courses assume that knowledge cannot be separated from the study of women and gender, and that gender and sexuality are fundamental categories of analysis in all disciplines. The department stresses interdisciplinary scholarship and teaching that are broadly comparative and range across multiple cultures, national and transnational contexts, and historical periods. Its faculty employ a broad range of theoretical approaches and methods.

When students graduate with a Women’s and Gender Studies minor they should be able to:

- Apply cross-cultural and global awareness to “big questions” about women and gender
- Have a comprehensive grasp of intersectionality and matrices of domination
- Think critically: i.e. consider an issue from multiple perspectives; locate, evaluate and interpret diverse sources, including statistics; engage in critical self-reflection
- Construct arguments with evidence obtained from research
- Work collaboratively
- Recognize sexist/racist writing and thinking
- Connect knowledge and experience, theory and activism, Women’s and Gender Studies materials with other courses
- Communicate effectively in writing and speech
- Apply knowledge for social transformation, citizenship
- Use gender (and other identity categories) as a category/ies for analysis

A student minoring in Women’s and Gender Studies is required to fulfill all requirements for their major degree program, and in addition complete at least 15 credits of Women’s and Gender Studies courses, including:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>WGST 1120</td>
<td>Introduction to Women’s and Gender Studies</td>
<td>3</td>
</tr>
<tr>
<td>WGST 2010</td>
<td>Gender and Identity: Understanding Intersectionality</td>
<td>3</td>
</tr>
</tbody>
</table>

As part of the program, new courses are being developed in areas such as coercive diplomacy and human security.

Graduate Minor in Black Studies

Contact Information
Department of Black Studies
313 Gentry Hall
573-882-6229
http://blackstudies.missouri.edu/

About the Department of Black Studies

The central mission of Black Studies is to prepare students to critically understand, conduct research, and interpret the complex histories, societies, and cultures of people of African descent in the United States, Africa, and the Diaspora.

The Department’s interdisciplinary design encourages specialization within the University of Missouri’s broad liberal arts curriculum. As a result, students and faculty may conduct research that develops new or builds upon existing concepts, theories, and approaches to the study of the evolving experiences and contributions of the African Diaspora. In so doing, Black Studies prepares students to competently participate in diverse and competitive global societies where they may contribute viable practical solutions to critical challenges on multiple levels.

Affiliates of the Black Studies

The Department of Black Studies encourages the use of multicultural curriculum throughout many different departments. Faculty members and affiliates of the department design new ways to incorporate topics of Black Studies in their courses. Departments affiliating with Black Studies include art, educational leadership and policy analysis, English, history, human development and family studies, journalism, law, music, political science, religious studies, romance languages, sociology, theatre, and women & gender studies.

Resources

The Walter Daniel Resource Center is supported by a foundation set up by the estate of the late Dr. Walter C. Daniel. Dr. Daniel came to MU in 1973 as the University’s first Vice Chancellor. He was instrumental in helping reorganize the University’s administration. However, his success as an administrator never overshadowed his love of teaching and working with students. Located in 328 Gentry Hall, the books, periodicals, reference materials and media resources in this center will supplement and complement existing university resources on the histories, cultures, and societies of people of African descent in Africa, the U.S., and throughout the Diaspora available to the University community. Additionally, the center houses Dr. Daniel’s extensive private library of African American literature, as well as an extensive collection of primary and secondary sources including numerous periodicals and scholarly journals. The library also offers a small video collection which can be viewed on site. At the present time the library is a read-only research facility.
Plan of Study

An individual program of specialization in Black Studies may be arranged within the framework of a conventional graduate degree in any one of several fields. The options within a regular degree program are employed to include maximum exposure to courses emphasizing the multicultural histories, cultures, and societies of people of African descent in Africa, the U.S., and throughout the Black Diaspora. Courses outside the major department, but in related fields, are incorporated into the student’s study plan. Students interested in pursuing a Black Studies specialty within their chosen fields should consult a departmental advisor, who is an affiliate of the Department of Black Studies, to assist in course selection. Lacking such an advisor, students should contact the Chair of the Department of Black Studies for assistance or send an email to Mary Beth Brown (bromary@missouri.edu) in the Department of Black Studies.

Graduate Certificate in Geospatial Intelligence

The page for this program is still under construction and should be available in future editions of the catalog. For further information concerning this degree, contact the School or College offering this degree.

For admission requirements, refer to the Graduate School’s website for the minimum qualifications for the degree program (http://gradschool.missouri.edu/academics/programs) and the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility, and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

Graduate Certificate in Jazz Studies

The Graduate Certificate in Jazz Studies is a one-year program that provides opportunities for continued development of skills in jazz-specific areas, such as improvisation, pedagogy, and arranging. The certificate is available to degree-seeking and non-degree seeking students alike, non-music as well as music majors, and is designed as an intensive into jazz performance. The program will deepen the student’s preparation for a career in jazz performance or prepare the student for further study in jazz.

Federal Gainful Employment disclosure information for this Graduate Certificate is available at http://gradschool.missouri.edu/academics/programs/jazz-studies-certificate/jazz-studies-ge/Gedt.html

Prerequisites:

Entrance into the Graduate Certificate program requires a live audition (see below), though video-recorded auditions will be acceptable in rare cases, by permission of the Director of Jazz Studies. Entrance into the program also requires completion of a Bachelor of Music degree (or demonstrated equivalent), with a GPA of 3.0 in the last 60 credit hours. In the event that a candidate does not meet the required prerequisites for a specific curriculum, appropriate course(s) may be added as additional requirements.

Requirements:

- **MUS_THRY 7210** Advanced Jazz Harmony and Arranging I 2
- **MUS_THRY 7211** Advanced Jazz Harmony and Arranging II 2
- **MUS_H_LI 7317** Historical Studies in Jazz and Popular Music 3
- **MUS_I_VT 7645** Graduate Jazz Improvisation 2
- **MUS_ENS 8841** Instrumental Ensemble 2
- **MUS_ENS 8846** and Advanced Chamber Ensemble 2
- **MUS_APMS 7435** Studio Instruction 2
- **MUS_APMS 7455** and Studio Instruction 2
- or **MUS_ENS 8841** & **MUS_ENS 8846** Instrumental Ensemble and Advanced Chamber Ensemble

Total Credits 13

Audition Information

Audition requirements can be found at http://music.missouri.edu/graduate/auditionbyarea.html#mmjazzped, under "MM in Jazz Performance and Pedagogy."

Graduate Certificate in Lifespan Development

Dr. Nicole Campione-Barr, Coordinator
Lifespan Development Graduate Certificate Program
204D McAlester Hall
email: campionebarrn@missouri.edu
phone: 884-1681

About the Certificate (Educational Objective)

Developmental psychology and lifespan developmental studies include the scientific study of psychological changes that occur over the life course. Therefore, developmental studies are inherently interested in many of the same questions of other areas of psychology, education, family studies, etc., but by investigating the ways in which particular psychological processes change and develop from infancy to adolescence, and through to adulthood. The purpose of the graduate certificate in lifespan development is to provide students in other areas of psychological study, or human behavior broadly defined, a better understanding of the ways in which psychological functions change with age, as well as the challenges and special considerations that are a part of research with children and adolescents and how they may be different from those of working with adults.

Plan of Study

The requirements for acceptance and completion of work for the certificate are as follows:

1) The student must be enrolled and in good standing in a doctoral-level program at MU (available to degree-seeking students only).

2) A request to be included in the certificate program must be made in advance of final completion of courses to Nicole Campione-Barr, PhD. This can be done via e-mail or hard copy, however, the request must also be approved by the student’s major advisor.

3) A formal plan of study must be submitted to the Graduate School no later than the **semester prior to graduation**. This must be signed by the certificate coordinator (Nicole Campione-Barr) and the director of graduate studies of the student’s major department.
4) Students must complete a minimum of 15 credit hours to be awarded the certificate, following the below guidelines:

**Core Courses:** students are required to take 3 core courses

5) When needed, advising will be provided to students by lifespan development certificate coordinator (Nicole Campione-Barr), in conjunction with the student’s major advisor.

---

**Need for Certificate Program**

For students within the child clinical psychology Ph.D. program of study there is a need for some students to gain greater exposure to developmental studies. Currently, the department of Psychological Sciences offers a dual child clinical and developmental psychology degree program. This program is extremely rigorous, however, and students and faculty within the Department of Psychological Sciences have identified a need for more in-depth study in developmental science without the commitment of a second degree. In creating the certificate program, however, it was determined that graduate students in other related fields may also wish to pursue further study in lifespan development. In particular, students in education, social work, communication science and disorders, and additional areas within psychology may benefit from greater understanding of developmental processes which could be gained through the required and elective course work outlined in this certificate program.

**Impact on Current Programs of Study**

The impact to current programs of study is expected to be relatively minimal other than the inclusion of potentially a few more students enrolled in the aforementioned classes.

**Advisory Committee Members**

Debi Bell, Psychological Sciences
Nicole Campione-Barr, Psychological Sciences
Marilyn Coleman, Human Development & Family Studies
Larry Ganong, Human Development & Family Studies
Jean Ispa, Human Development & Family Studies
Amanda Rose, Psychological Sciences

**Participating/Affiliated Faculty - Various faculty from the following departments:**

Psychological Sciences
Human Development and Family Studies
Communication Science and Disorders
Educational, School, and Counseling Psychology
Special Education
Social Work

Federal Gainful Employment disclosure information for this Graduate Certificate is available at [http://gradschool.missouri.edu/academics/programs/lifespan-development-graduate-certificate/lifespan-dev-ge/Gedt.html](http://gradschool.missouri.edu/academics/programs/lifespan-development-graduate-certificate/lifespan-dev-ge/Gedt.html)

**Graduate Minor in Medieval and Renaissance Studies**

**Considering a graduate MARS minor?** While most students still choose to study in a traditional disciplinary framework, a MARS minor allows students to expand the breadth of their studies and research by taking coursework in over 11 different departments on campus. So much of the research on the Middle Ages and the Renaissance is interdisciplinary in nature, and the MARS minor helps students gain expertise in areas outside of their home discipline while simultaneously offering a quick and comprehensive way for prospective employers to understand their specialization and background.
Requirements: Courses that may be applied toward this minor are taught by faculty members from the departments of Art History and Archaeology, Classical Studies, English, Germanic and Russian Studies, History, Music, Philosophy, Religious Studies, and Romance Languages and Literatures. Under certain circumstances, a minor in Medieval or Renaissance studies may also be arranged for MA programs. A student must be accepted for advisement by the major department. Then, in consultation with the major advisor, who must be a specialist in the medieval or Renaissance period, an interdisciplinary curriculum for the minor is prepared and submitted to the Medieval and Renaissance Studies Committee for approval.

- A doctoral candidate in one of these departments offering a PhD may elect a minor concentration in interdisciplinary Medieval or Renaissance Studies by taking at least three appropriate courses outside the department, as well as all appropriate ones within it. Thus one earns, for example, a PhD in Art History and Archaeology with specialization in Medieval Studies, or a PhD in History with specialization in Renaissance Studies.
- At least nine (9) hours in relevant 7000 or 8000 level courses outside the major department are required to constitute the minor.
- Because the program places considerable emphasis on foreign languages, all doctoral candidates must study at least two languages.

Perks:
- The Newberry Library Center for Renaissance Studies consortium
- MU graduate Association for Medieval and Renaissance studies
- Renaissance reading group
- A listserv announcing campus-related activities for MARS members

For more information contact:
Dr. Emma Lipton
Chair of MARS
liptone@missouri.edu

Graduate Minor in Museum Studies

This minor, offered by the Museum of Art and Archaeology and the Department of Art History and Archaeology, provides students with a systematic introduction to the history, philosophy, and role of museums. The program blends academic theory with practical experience to provide students with an opportunity to build a foundation applicable for work in either university or public museums.

Curriculum: The program comprises six courses designed to introduce students to the history and role of museums in society; to the philosophical, legal and administrative issues that face the modern museum; and to the exhibition and preservation skills required of a museum curator. The emphasis of the program is on museum management, curatorial responsibilities (collections management and exhibition) and educational interpretation. Internships and field trips to local museums provide additional insight into the world of museum professionals.

- Individual courses are listed under the Department of Art History and Archaeology. Successful completion of the program is accomplished through 12 credit hours of required course work, including AR_H_A 7130, AR_H_A 8130 and AR_H_A 7980, and is recognized when the student successfully completes an M.A. in his or her academic field of study. An individual's course of study will be arranged with the program director.
- The minimum period required to complete the minor is four semesters, or three semesters and one summer. Courses are open to advanced undergraduate students, but admission to the program is open only to those who have completed a BA degree.

Admissions: Students who undertake the museum studies minor are normally already enrolled as graduate students in degree-granting academic departments. Students should apply at the beginning of the fall semester to the Director of Graduate Studies, 109 Pickard Hall, for admission to the program.

Graduate Minor in Psychological Statistics and Methods

The Minor in Psychological Statistics and Methods is a joint program between the Department of Psychological Sciences and the Department of Statistics.

A total of seven courses at the 7000 level or above in statistics and methods is required. The course options are dependent on the doctoral program in which the student is admitted. More detailed specification of the courses required in the plan of study may be stipulated by the student’s major department and the student should consult with them in this regard.

Doctoral students in the Department of Psychological Sciences or Statistics must take at least two of the seven required courses outside their major department.

A grade of B or better is required in the following courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSYCH 9710</td>
<td>Multivariate Statistics in Psychology</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 9720</td>
<td>Latent Variable Models in Statistical Analysis</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 9715</td>
<td>Multilevel Modeling</td>
<td>3</td>
</tr>
</tbody>
</table>

Quantitative Psychology - one of the following is required:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSYCH 9520</td>
<td>Psychometrics</td>
<td>3</td>
</tr>
<tr>

<td>The Literature Review</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 9750</td>
<td>Advanced Structural Equation Modeling</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 9760</td>
<td>Categorical Data Analysis</td>
<td>3</td>
</tr>
<tr>
<td>PSYCH 9735</td>
<td>Psychological Process Models</td>
<td>3</td>
</tr>
</tbody>
</table>

Two approved courses at the 7000 level or above in the Department of Statistics, Mathematics, or in other departments provided those courses are primarily statistics-oriented or methods-oriented. *

* The following courses cannot be used to fulfill minor requirements:
  STAT 7050, STAT 7510, STAT 7530, STAT 7560, STAT 4970, STAT 7020, STAT 7070, STAT 8220, STAT 8370.

Doctoral students in other departments must take five courses within the Department of Psychological Sciences or the Department of Statistics, at least two of which are in statistics and two of which are in psychology.

Questions regarding the minor in Psychological Statistics and Methods should be directed to:
Phil Woods
Training Area Director
phillipkwood@gmail.com
Graduate Certificate in Science Outreach

The educational objectives of the Certificate in Science Outreach Program are to teach students how to integrate research and outreach, and how to facilitate a dialogue with the lay public. Course work will concentrate on increasing the ability of students to communicate science to broad audiences of different ages and different levels of education. Practice and application of outreach will develop the "broader impacts" component of the research, and will emphasize actual interaction with audiences, to promote understanding and appreciation of science, and support for scientific research.

Graduate Minor in Women's and Gender Studies

Contact Information:

Joan Hermsen, Chair
Mary Jo Neitz, Director of Graduate Studies
325 Strickland Hall
(573) 882-2703

Eligibility for Minor

The Women's and Gender Studies Graduate Minor is available to all students pursuing a graduate degree at MU.

Plan of Study

15 credit hours will be chosen to complement the student's main area of graduate study. Students may take up to six hours in their home department. Students will gain expertise in the methodologies and theories in Women's and Gender Studies.

The minor requires the following six credit hours:

<table>
<thead>
<tr>
<th>Course Code</th>

(573) 882-7073

The Robert J. Trulaske Sr., College of Business, established in 1914, educates students for professional opportunities and responsibilities in the private and public sectors. The college includes the School of Accountancy (the first established at a major public university) and the departments of Finance, Management and Marketing. The college offers an undergraduate degree in business administration, a combined bachelor’s and master’s degree program in accountancy, master’s degrees in business administration, and doctoral degrees in accountancy and business.

Students’ educational experiences are enhanced through the scholarly activities of the faculty, who conduct research on significant, timely issues. Students in the college are exposed to relevant theories and concepts applied to real-world operations of private and public enterprises. Students gain added practical insights through internships, field projects, guest speakers and executives-in-residence. The college’s agencies provide information, research, continuing education and managerial assistance to practitioners and organizations throughout Missouri and in other states.

The Trulaske College of Business accepts CLEP subject examinations, departmental exams and Advanced Placement (College Board) credit. More information may be obtained from academic advisors in the undergraduate Trulaske College of Business and the Credit by Examination section in the beginning of this catalog.

Department of Finance
Through the study of finance, students learn to independently analyze security markets, understand the basic valuation techniques and use their knowledge to make investment decisions. In addition, students learn basic theoretical concepts in corporate finance and their application to corporate financing and investment decisions. Course work focuses on the areas of investments, portfolio management, real estate appraisal, financial institutions and corporate finance.

Department of Management
Management is defined by the Academy of Management as including “all processes, structures, and behaviors that are related to the work of organizations, as well as the dynamics of industries, economies, cultures, and other environmental forces that affect organizations and their employees.” Management course work at MU is quite diverse, covering the areas of human resource management, human behavior in organizations, organization theory, strategic management, entrepreneurship, information systems, e-commerce, operations management and business law.

Department of Marketing
Marketing focuses on creating and managing customers. It deals with the strategies, tactics and business processes involved in researching markets, deciding which markets and segments to pursue, identifying what unique value to provide, and then assembling the products, services, people and partner firms needed to build, communicate and deliver that value.

Exploratory Course
Students wanting to explore business administration as a major should take MANGMT 1010 Contemporary Business Practices.

Double Emphasis
Students may have a dual emphasis of Finance and Real Estate, or may add on an economics emphasis to any other BSBA emphasis program.

Undergraduate
- Admissions (p. 307)
- Degree core Requirements (p. 308)
- Academic Regulations (p. 308)
- Enrolling in Other Institutions (p. 309)
- Advising (p. 309)
- Business Career Services (p. 309)
- Professional Development Programs (p. 308)

Admissions
Freshmen
Freshman applicants to the Robert J. Trulaske Sr., College of Business (students applying to MU from high school) will be admitted to the lower division if they meet campus admission requirements. Admission to the lower division does not guarantee admission to the BSBA degree program and emphasis areas or the Accountancy program. Admission to an upper-level emphasis area is based on the UM cumulative grade of record (minimum 2.6 GPA), successful completion of the business and professional core courses, and completion of the Professional Development requirements.

Transfer Students
Students in good standing in another school or college at MU must submit a Transfer of Division form to the Trulaske College of Business. Such students may be admitted to the lower division if they can complete degree-program admission requirements by the completion of 60 credits (60 credits for Accountancy students).

External transfer students who request admission to the Trulaske College of Business will be admitted to the lower division if they can complete degree-program admission requirements by the completion of 60 credits. Students are encouraged to have their transcripts evaluated by an academic advisor in the Trulaske College of Business prior to their enrollment at MU.

Course work completed with a grade of D- or better at an accredited two- or four-year institution will be accepted if the courses are appropriate.
equivalents of the required MU courses and if the equivalent MU courses do not require a grade in the C range. Only six hours of business course work at the 3000-level can be transferred for the degree requirements. The college does not accept developmental or vocational/technical course work.

Credits transferred from accredited community or junior colleges usually include general education, upper level or pre-accountancy admission requirements and unrestricted elective courses. The Trulaske College of Business accepts a maximum of 64 credits from a community or junior college toward the bachelor’s degree. When more than 64 credits have been completed, the additional courses are evaluated on a course-by-course basis for applicability to lower-division requirements.

A student holding an associate of arts degree from an accredited Missouri Community College will have fulfilled general education requirements (p. 18). However, this does not exempt the student from satisfying the specialized degree, major or emphasis prerequisites of the college in the areas of accounting, economics, math and statistics.

Students transferring to the college without an associate of arts degree will have their transcripts evaluated on a course-by-course basis and must meet the entrance requirements of the college in the same way as other MU students. Students transferring to the Trulaske College of Business will be required to meet the Professional Development requirements based on the earliest semester of continuous enrollment in college after high school graduation.

**Probationary Admissions**

Students are placed on academic probation if they are admitted to the college without fully meeting the good-standing requirements of the school. (See the section on Probation Suspension and Dismissal (p. 308) for these requirements.)

**Degree Core Requirements**

**Credit Hour Requirements**

In addition to University general education (p. 18) and graduation requirements, students must meet the following requirements:

- Students must complete a minimum of 120 credits from accredited colleges or universities for all BSBA emphasis areas except International Business, which requires 136-141 credits. (See separate section for international business major requirements.) Additionally, the joint BSAcc and the MAcc degree program requires students to complete a minimum of 150 credit hours.
- In completing the 120 credits for graduation, students may count no more than 30 credits within their emphasis area.

A student who has a degree in another curricular area may receive a Bachelor of Science in Business Administration degree upon completion of all requirements for the degree.

**Professional Development Program**

In addition to completing required coursework to earn a Bachelor of Science, Business Administration degree, students must fulfill the requirements of the Professional Development Program (PDP). The goal of the PDP is to offer opportunities to all BSBA and Accountancy students to develop core competencies and values necessary for success in their professional careers.

As a graduation requirement, the program is comprised of the following:

- Completion of designated professional activities to acquire points for admission to the upper division. Once admitted to the upper division, students will continue to earn points to meet the graduation requirements. Specific activities may be required.
- Completion of BUS_AD 3500 the semester immediately following admission to the upper division. This course is a pre-requisite to the completion of the required BUS_AD 4500. These two courses may not be taken out of sequence without prior approval. BUS_AD 3500 must be completed in residence.
- Completion of BUS_AD 4500 once admitted to the upper division. This will include completion of a professional level internship/practicum experience. Practicums can be completed over a summer or semester-long period of time (intercessional assignments will not meet the PDP requirement). Students must seek final approval of their internship/practicum experience from the PDP Office before beginning the assignment. BUS_AD 4500 must be completed in residence.

If a student fails to meet the requirements of the PDP at either the lower or upper division, the student will not be allowed to continue in or graduate from the Trulaske College of Business.

**Professional Development Graduation Requirement**

- The student must earn a minimum of 70 PDP points (maximum of 100) at the lower division for official admittance to the upper division. Once admitted, students must earn a total of 200 PDP points to meet the requirement. Specific activities and workshops may be required.
- The student must earn a C- (or higher) in BUS_AD 3500 to satisfy the requirement.
- BUS_AD 4500 is graded as Satisfactory/Unsatisfactory. Students must complete practicum course to a satisfactory level of 70% or greater to receive a passing grade for the course.

**Capstone**

Students must complete MANGMT 4970 Strategic Management to meet the capstone requirement. Students must earn a C- or better to earn credit for this course in order to graduate.

**Required Work in Residence**

Students must complete 30 of the last 36 hours of courses in residence at MU, enrolled in the Trulaske College of Business.

**Latin Honors**

Graduation with Latin Honors is determined by grade point average from either the last 50 undergraduate credits in the UM system or overall UM System undergraduate credits, whichever is higher. Grade point average requirements for Latin Honors are 3.5 for cum laude; 3.7 for magna cum laude and 3.9 for summa cum laude.

**Academic Assessment**

Students are required to complete a college-wide assessment exam in addition to a University assessment exam during their capstone course.

**Academic Regulations**

**Credits by Examination**

The Trulaske College of Business accepts CLEP subject examinations, departmental exams and advanced placement (College Board) credit. More information may be obtained from academic advisors in the
Trulaske College of Business and the Credit by Examinations section (p. 703).

**Maximum Credits Enrolled**
A student with a cumulative GPA of 3.0 or higher may register for more than 18 credits for a fall or spring term, with permission of the assistant dean of undergraduate programs.

**Independent Study**
Contact Mizzou Online (self-paced) for a listing of courses that may be taken online. A student may not take more than six hours of 3000 or higher Business courses through MizzouOnline (self-paced), excluding BA 4500.

**Probation, Suspension and Dismissal**

**Grade Point Average Requirements**
Minimum GPAs must be maintained in the following categories to remain in good standing with the Trulaske College of Business:

- Students in the Upper Level for Business must maintain a 2.50 GPA in all MU accounting and business courses. Students in the Upper Level Accountancy, must maintain a 3.0 GPA in order to graduate.
- All students must earn a 2.00 term and cumulative GPA on courses completed in the UM System.

**Probation**
See the Academic Standing (p. 703) section of this catalog.

- A student in good academic standing whose term GPA subsequently falls below 2.0 but is 1.0 or above (0.5 or above for a first term Freshman) is placed on academic probation.
- A student whose cumulative GPA for courses offered by the Trulaske College of Business is below a 2.0 is placed on probation. (Courses offered by the college are those with the curricular designations of ACCTCY, BUS AD, ECONOM, FINANC, MANGMT and MRKTN.) This only applies to students admitted to an upper level BSBA emphasis.
- A student placed on academic probation must establish a 2.0 term GPA, a 2.0 UM System cumulative GPA and a 2.0 MU Trulaske College of Business cumulative GPA within two successive terms of enrollment; otherwise, the student is ineligible to enroll.
- Students placed on probation may become ineligible to enroll in the Trulaske College of Business at the end of the first term of probation if they become subject to one or more of the first three dismissal provisions below.

**Dismissal**
See University requirements outlined in the Academic Standing (p. 703) section of this catalog.

Students become ineligible (dismissed) to enroll in the Trulaske College of Business if one or more of the following occurs:

- The fall or spring term GPA falls below 1.0.
- For a student who has been admitted to upper level, the cumulative GPA for courses offered by the Trulaske College of Business is below a 2.0 GPA. This includes all MU accountancy and business courses regardless of whether the courses are completed before or after admission to a BSBA emphasis area.
- The student fails to remove probationary status at the completion of the second successive term on probation (summer terms excluded).

A student who has been ineligible to enroll for a period of one year may be readmitted only on the approval of the Director of Undergraduate Advising. As a condition of readmission, the director may set forth stipulations about minimum standards of academic work that must be maintained by the student. After readmission, if the student again becomes ineligible to enroll, his or her ineligibility is considered permanent.

**Satisfactory/Unsatisfactory Grades**
The S/U grading system is limited to unrestricted elective courses or courses only offered with a S/U grade.

**Enrolling in Other Institutions**
The Trulaske College of Business has no restrictions on a student enrolling in another institution simultaneously as long as university residency requirements are met.

A student may take no more than six credit hours of transfer business course work at the 3000-level or higher.

**Advising**

**Academic Advising Contact**
Undergraduate Advising Office
111 Cornell Hall
(573) 882-7073
businessadvising@missouri.edu

Students admitted to a degree program in the college are assigned an academic advisor. The academic advisor works with students in determining course work needed to complete a degree. In addition, students are assigned a faculty advisor in their emphasis area who can assist with career planning and selection of professional electives and emphasis support courses. Students are responsible for determining an appropriate schedule of courses each semester and are encouraged to meet with their academic advisor for assistance.

**Business Career Services**
Business Career Services (BCS) is a valuable resource for all levels of TCoB students. BCS provides students individual career coaching, guidance and advice in areas such as resume and cover letter construction/revision, mock interviews, interview preparation, salary negotiations, and much more. Business Career Services partners with numerous companies serving as a liaison to bridge employer with employee. BCS sponsored events such as Corporate Visit Days and Emphasis Panel (Accountancy, Finance & Banking, Management, Marketing, Real Estate, Sales, Entrepreneurial, Consulting, Government, Health Care, and Human Resources) provide students with firsthand knowledge of what is required to be competitive in the job market upon graduation from the Trulaske College of Business. All students are encouraged to register with BCS and begin utilizing these services as early as freshman year. BCS hosts three career fairs annually.

**Professional Development Program**
The mission of the Professional Development Program is to provide every BSBA and lower division Accounting student with substantive professional development experiences during their degree program. Professional Development refers to activities, both inside and outside
of the classroom, that provide students with the opportunity to develop and practice skills that are needed to perform successfully in professional roles after graduation. Students who graduate with a BSBA degree from the Robert J. Trulaske Sr., College of Business will have content knowledge and advanced professional competencies that are necessary for success in the business world.

**Graduate**

Founded in 1914, the Robert J. Trulaske, Sr. College of Business enrolls about 350 graduate students as well as 4,000 undergraduates. The primary mission of the college is to prepare students to succeed in the world of business and to advance the body of knowledge about the world of business. The college has four academic units – Accountancy, Finance, Management, and Marketing – with 64 full-time faculty members.

The Trulaske College offers PhD degrees in both accountancy and business administration, an MBA degree, a 150-hour program that confers both undergraduate and master’s degrees in accountancy, and an undergraduate degree in business administration. Over time, the college’s degree programs and faculty research productivity have earned national acclaim.

The college takes great pride in its graduates. More than 31,000 alumni are contributing their expertise to the public and private sectors in every state in the U.S. and in a host of foreign countries. The Trulaske College’s graduate-level degree programs, dual degrees, and certificates are described below.

**Note:** Prospective graduate students must apply to both the degree program of interest and to the MU Graduate School. In most cases, the entire application process may be completed online. Find admission and application details by selecting the degree program of interest in the left navigation column.

The accountancy program at the University of Missouri has long been nationally recognized for its excellence. MU accountancy faculty have published leading textbooks and research articles and have served at high levels in numerous professional accounting associations. The school offers a combined BSAcc and MAcc degrees.

Students wanting to explore accountancy as a major should take ACCTCY 2036.

Admissions

Accountancy prepares students for the competitive field of accounting with a combination of classroom study, practical experience, and student organizations, all in a degree that is nationally recognized for its excellence. The bachelor of science and master of accountancy degree programs are merged into an integrated 150-hour curriculum to be entered into as a junior. A limited number of students may also be accepted into the MAcc-only program.

Admission decisions will be made at the end of the spring semester for fall admissions only. Meeting the minimum requirements does not guarantee admission. Admission cutoffs will be revised each year in order to control accountancy undergraduate enrollment at a limit that can be served with current authorized faculty staffing and still maintain program quality and meet accreditation guidelines. Students meeting the minimum requirements will be selected for admission based on their UM cumulative grade point average until the enrollment for that year is reached. A limited number of students may be selected for admission based on their UM cumulative grade point average until the enrollment for that year is reached. A limited number of students may also be accepted into the MAcc-only program.

The combined BSAcc/MAcc (150-hour) program is open to qualified undergraduate students at Mizzou as well as qualified undergraduates who transfer to MU from other colleges and universities. Interested students not already admitted to Mizzou should visit the Office of Admissions website (http://admissions.missouri.edu/apply). Undergraduate students are also responsible for completing all Trulaske College of Business requirements. These requirements can be found here (p. 307).

Admission to the Joint BSAcc and MAcc Degree Program

In the School of Accountancy, the bachelor’s and master’s degree programs are merged into a 150-credit program. Students should be admitted to the BSAcc/MAcc degree program by the time they have completed 60 hours. Refer to the list of Pre-Accountancy (p. 312) courses in the BSAcc (p. 312) information which are required for admission.

Students must also complete the Professional Development Program (PDP) point requirement for admission to the School of Accountancy and for graduation. Students must earn a minimum of 70 PDP points (maximum of 100) at the lower division for official admittance to the upper division. Once admitted, students must earn a total of 200 PDP points for graduation.

Faculty

Professor V. Arunachalam**, J. R. Francis**, I. K. Khurana**

Associate Professor E. G. Mauldin**, M. R. Pereira**, K. W. Shaw**
Assistant Professor M. Glendening*, K. Kim*, N. Newton*, M. Subasi*, Q. Zhao*
Teaching Professor B. M. Cunningham*
Associate Teaching Professor C. Prestigiacomo*
Assistant Teaching Professor K. Hockman*, P. Kleen*, S. Neuman, R. Wilson*

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BSAcc in Accountancy (p. 312)

Undergraduate Level

Information on students who are admitted to MU and who indicate an interest in becoming accountancy or business majors is subsequently forwarded to the Undergraduate Programs Office of the College of Business (111 Cornell Hall, 573-882-7073). Qualified applicants with less than 54 semester hours of college courses completed will be admitted to the lower (pre-professional) level of the Trulaske College of Business. Applicants with more than 54 semester hours of college credit may be admitted to a specific upper (professional) level college of business program, e.g., the 150-Hour Accountancy Program, if they meet the program’s admission requirements. Students who transfer into the Trulaske College of Business’ upper or lower levels from another Mizzou school or college must submit a Transfer of Division form in order to be considered for admission.

The combined BSAcc/MAcc (150-hour) program is open to qualified undergraduate students at Mizzou as well as qualified undergraduates who transfer to MU from other colleges and universities. Interested students not already admitted to Mizzou should visit the Office of Admissions website (http://admissions.missouri.edu/apply). Undergraduate students are also responsible for completing all Trulaske College of Business requirements. These requirements can be found here (p. 307).

Admission to the Joint BSAcc and MAcc Degree Program

In the School of Accountancy, the bachelor’s and master’s degree programs are merged into a 150-credit program. Students should be admitted to the BSAcc/MAcc degree program by the time they have completed 60 hours. Refer to the list of Pre-Accountancy (p. 312) courses in the BSAcc (p. 312) information which are required for admission.

Students must also complete the Professional Development Program (PDP) point requirement for admission to the School of Accountancy and for graduation. Students must earn a minimum of 70 PDP points (maximum of 100) at the lower division for official admittance to the upper division. Once admitted, students must earn a total of 200 PDP points for graduation.
Academic Standing - School of Accountancy

Accountancy students are in good academic standing if they maintain a cumulative UM grade point average of 3.0 or higher for all coursework subsequent to admission to the 150-hour Accountancy program. Failure to meet this requirement will result in a probationary semester, and if not rectified, dismissal from the program. Accountancy students are subject to the probation and dismissal policies (p. 307) set by the Trulaske College of Business. An undergraduate who has been ineligible to enroll for a period of one year may be readmitted only on the approval of the director of the 150-hour program in accountancy. As a condition of readmission, the director may set forth stipulations with regard to minimum standards of academic work that must be maintained by the student. After readmission, if the student again becomes ineligible to enroll, his or her ineligibility is considered permanent. Accountancy students entering the graduate portion of the 150-hour program should consult The Graduate School (http://gradschool.missouri.edu) for academic standing policies for graduate students.

About Accountancy Graduate Programs

The School of Accountancy offers graduate work leading to the master of accountancy and doctor of philosophy degrees. Graduate programs in accountancy prepare students for advanced professional careers in public, private and governmental accounting, and for careers in teaching and research.

Alert to change and recognizing that accounting education at the graduate level should be ahead of current practice, the School’s programs require course work stressing advanced knowledge in accounting theory and practice, quantitative methods, economics and business. Opportunities exist on and off campus for exchanging ideas with practicing accountants and for participating in the solution of their professional problems.

Among the school’s special facilities are a comprehensive collection of accounting and investment services, computer databases, technical journals and microfilm copies of annual reports, government documents and doctoral dissertations.

Funding

Fellowships, scholarships and teaching and research assistantships are available to qualified graduate students.

Undergraduate

BSAcc in Accountancy

Major Program Requirements

The undergraduate and master’s degree programs with a major in accountancy are merged into an integrated 150-credit curriculum to provide high-quality preparation for a career as a professional accountant in public accounting, business or government.

The Bachelor of Science with a major in Accountancy is awarded along with the Master of Accountancy degree upon satisfactory completion of the 150-credit, integrated curriculum. In this integrated program, a minimum of 24 credits in accountancy courses at the 3000-level or above must be completed at MU.

Major Core Requirements

The following courses are degree specific major requirements for the 150-credit program in the School of Accountancy. Courses that satisfy University general education (p. 18) and core program prerequisite requirements are recommended for the freshman and sophomore years.

Accountancy Foundation Courses

Total Credits: 150

# Internship

ACCTCY 4940  Professional Accounting Internship 3
ACCTCY 4384  Auditing Theory and Practice I 3
Accountancy Elective 3
Independent Study 3

Total Credits 12

# Some students get an opportunity to do a spring internship for 3 hours during the 8th semester. Internships are normally the 1st 8 weeks and students take 6 hours during 2nd 8 weeks for a total of 9 hours. If students do a winter internship, they can normally complete only 12 hours by taking an independent study course. Students would would need to complete the additional 6-9 hours prior to or during the summer following the internship.
Both MATH 1300 and MATH 1320 must be taken. A grade of C- is required in MATH 1100 (counts in place of non-business elective), MATH 1300 or MATH 1320 and STAT 2500.

** Need grade of C- or better to fulfill requirement.

Note:
MANGMT 3200 is a required course.
ECONOM 1051H satisfies both ECONOM 1014 or ECONOM 1024 and ECONOM 1015 requirement.
One humanity or science must be 2000-level or above.
Professional electives can be non-business electives (2000+ courses) or Business electives (3000+ courses) approved by academic advisor.
Electives must be approved by advisor so that international studies component is met.

MAcc in Accountancy

Admission Contact Information
Phyllis Moore moorepa@missouri.edu
303 Cornell Hall; Columbia, MO 65211
573-882-4463
- Degree Requirements (p. 314)
- Admission Criteria (p. 314)
- Graduation Requirements (p. 314)

The School of Accountancy is NOT accepting any applications for admission to the MAcc-only program, as we are at full capacity.

About the MAcc Program
The growing scope and diversity of functions being performed by professional accountants has created a strong demand for individuals who have both a broader base of general and business education as well as more in-depth technical accounting education than can be obtained in a four-year.

Requirements for Master’s Degree Only
A student who has a degree in a different curricular area or a bachelor’s degree in accountancy from another college or university may earn a master’s degree from the School of Accountancy upon completion of the requirements for the degree. The student’s program must include a minimum of 30 credits beyond the bachelor’s degree (or its equivalent) selected from courses carrying graduate credit. In addition, the student must meet the following stipulations:
- At least 15 of the 30 credits must be completed in 8000-9000-level courses.
- A minimum of 24 credits of advanced study must be completed under MU faculty.
- A maximum of 6 graduate credits may be transferred from another college or university.
- All requirements must be completed within eight years from the time of initial enrollment.

MU’s M Acc program is designed especially to provide the additional breadth and depth of knowledge and skills required for success in contemporary accounting practice.

Core Business Education
Business electives: 9 hours

Professional Accountancy Education
ACCTCY 7365 Governmental Accounting and Budgeting 3
ACCTCY 7384 Auditing Theory and Practice I 3
ACCTCY 8450 Accounting and Strategic Business Analysis 3

Accounting Electives: 12 hours

Admission Criteria to the MAcc
- Fall deadline: March 15
- Minimum TOEFL scores:
  - Internet-based test (iBT) 100
  - Paper-based test (PBT) 600
- Minimum GMAT scores:
  - Minimum
    - Verbal
    - Quantitative
    - Analytical
    - TOTAL
  - 640
- Minimum GPA: at least 3.5 for last 60 hours
- Bachelor’s degree from an accredited college or university, with a major in accountancy or equivalent
- A prior record of outstanding academic performance
- Strong letters of recommendation
- Work experience may be considered

Note: Meeting the minimum requirements does not guarantee admission. Admission is competitive and based on space availability.

Required Application Materials
To the Graduate School
All required Graduate School documents
Statement of objectives, no more than 500 words (upload to the online Graduate Application)
TOEFL score (if native language is not English)

To the MAcc Program
GMAT score
2 Recommendation letters, mailed

Prerequisites for the MAcc
The master of accountancy (M Acc) program encompasses the last 30 hours of MU’s 150-hour accountancy program and presumes students have completed the undergraduate portion of the program, or the equivalent. Students whose undergraduate education is not equivalent to the first 120 hours of the 150-hour program may overcome important deficiencies by taking additional courses approved by the program director.

To be considered for acceptance in the M Acc program candidates must have completed the first 120 hours of MU’s 150-hour program or received a baccalaureate degree from an accredited college or university with a major in accountancy or the equivalent (students with bachelor’s degrees
in non-accounting areas may enter the M Acc program after completing an appropriate set of “prerequisite” courses).

In addition to the requirements listed above, other factors such as the student’s statement of objectives and recommendation letters also may be considered to the extent that they provide indications of a student’s ability to be successful in the M Acc program.

The MAcc Admission Process

Generally, admission decisions for the M Acc program are made in the late spring and summer for fall admissions only, and this is on a highly competitive basis.

Graduation Requirements for the MAcc

The basic 30-hour M Acc curriculum requires a minimum of 15 hours of accountancy courses and a minimum of 15 hours of courses reserved exclusively for graduate students. A maximum of 6 semester hours of graduate level course work may be transferred from another accredited master’s program.

Through careful selection of electives, the M Acc program provides great flexibility to enable customized programs of study in specialty areas of particular interest to students. One of the most popular areas of specialization is taxation (where a “tax track” is available. Other specialties may be developed in the areas of financial accounting and auditing. Go the following link for more information about graduate accounting certificates: /undergraduategraduate/collegeofbusiness/additionalminorsandcertificates/ (p. 338).

Statement of Purpose, mailed
Résumé, mailed
Official GMAT scores

Prerequisites for the Doctoral Degree in Accountancy

International students should note that we rarely admit a student directly from outside the United States unless they have studied/worked in an English-language setting.

Prerequisites to undertaking doctoral course work include one, and preferably two, semesters of calculus; an introductory statistics course; intermediate-level microeconomic theory; and an undergraduate accounting major (or equivalent). Prior graduate work is not required for admission to the program, but most successful applicants do have a master’s degree.

Graduation Requirements for the Doctoral Degree in Accountancy

The University requires 72 total hours beyond a baccalaureate degree for a PhD. In order to meet this requirement, the School of Accountancy requires the following program of course work and dissertation research:

<table>
<thead>
<tr>
<th>Course Requirement</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Doctoral-level Accounting Research courses</td>
<td>15</td>
</tr>
<tr>
<td>Course Work in supporting theoretical fields (e.g. economics, finance, organizational theory and behavior)</td>
<td>15</td>
</tr>
<tr>
<td>Statistics and other research methods courses</td>
<td>18</td>
</tr>
<tr>
<td>Weekly Research Seminar (meeting one hour per semester for four years)</td>
<td>8</td>
</tr>
</tbody>
</table>
Dissertation Research | 12-16
---|---
Total Credits | 68-72

Course work is designed to be completed in five semesters (two and one-half years). Written and oral comprehensive examinations are then taken after completion of course work, and the remainder of years three and four is devoted to the completion of the research dissertation. Specializations are available in areas of faculty research interests.

Department of Finance

Through the study of finance, students learn to independently analyze security markets, understand the basic valuation techniques and use their knowledge to make investment decisions. In addition, students learn basic theoretical concepts in corporate finance and their application to corporate financing and investment decisions. Course work focuses on the areas of investments, portfolio management, real estate appraisal, financial institutions and corporate finance.

Department of Management

Management is defined by the Academy of Management as including “all processes, structures, and behaviors that are related to the work of organizations, as well as the dynamics of industries, economies, cultures, and other environmental forces that affect organizations and their employees.” Management course work at MU is quite diverse, covering the areas of human resource management, human behavior in organizations, organization theory, strategic management, entrepreneurship, information systems, e-commerce, operations management and business law.

Department of Marketing

Marketing focuses on creating and managing customers. It deals with the strategies, tactics and business processes involved in researching markets, deciding which markets and segments to pursue, identifying what unique value to provide, and then assembling the products, services, people and partner firms needed to build, communicate and deliver that value.

Exploratory Course

Students wanting to explore business administration as a major should take MANGMT 1010.

Double Emphasis

Students may have a dual emphasis of Finance and Real Estate, or may add on an Economics emphasis to any other BSBA emphasis program.

Preprofessional Information

To apply to the upper-level BSBA and a related emphasis area program, a student must have completed a minimum of 45 credits, have at least a UM Cumulative GPA of a 2.6 (minimum requirement and does not guarantee admission to Upper Level) and met the Professional Development Program requirements. A Trulaske College of Business student must be admitted by the semester after the 60th credit hour is earned. The following courses must be among the credits completed or in process at the time of application:

Business Administration

Professor J. Gabel

- Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
- Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

- BSBA in Business Administration (p. 320)
  - with emphasis in Economics (p. 320)
  - with emphasis in Finance and Banking (p. 321)
  - with emphasis in Management (p. 322)
  - with emphasis in Marketing (p. 324)
  - with emphasis in Real Estate (p. 325)
  - with emphasis in International Business - Economics (p. 326)
  - with emphasis in International Business - Finance (p. 327)
  - with emphasis in International Business - Management (p. 329)
  - with emphasis in International Business - Marketing (p. 330)
- Minor in Business (p. 331)

Professional Development Program

In addition to completing required coursework to earn a Bachelor of Science, Business Administration degree, students must fulfill the requirements of the Professional Development Program (PDP). The goal of the PDP is to offer opportunities to all BS BA and Accounting students to develop core competencies and values necessary for success in their professional careers.

As a graduation requirement, the program is comprised of the following:

- Completion of designated professional activities to acquire points for admission to the upper division. Once admitted to the upper division, students will continue to earn points to meet the graduation requirements. Specific activities may be required.
- Completion of BUS_AD 3500 the semester immediately following admission to the upper division. This course is a pre-requisite to the completion of the required BUS_AD 4500. These two courses may not be taken out of sequence without prior approval. BUS_AD 3500 must be completed in residence.
- Completion of BUS_AD 4500 (http://catalog.missouri.edu/undergraduate/undergraduate/department-level-requirements) once admitted to the upper division. This will include completion of a professional level internship/practicum experience. Practicums can be completed over a summer or semester-long period of time (intercession assignments will not meet the PDP requirement). Students must seek final approval of their internship/practicum experience from the PDP Office before beginning the assignment. BUS_AD 4500 (http://catalog.missouri.edu/undergraduate/department-level-requirements) must be completed in residence.

If a student fails to meet the requirements of the PDP at either the lower or upper division, the student will not be allowed to continue in or graduate from the Trulaske College of Business.

Professional Development Graduation Requirement

- The student must earn a minimum of 70 PDP points (maximum of 100) at the lower division for official admittance to the upper division. Once admitted, students must earn a total of 200 PDP points to meet the requirement. Specific activities and workshops may be required.
- The student must earn a C- (or higher) in BUS_AD 3500 to satisfy the requirement.
- BUS_AD 4500 is graded as Satisfactory/Unsatisfactory. Students must complete practicum course to a satisfactory level of 70% or greater to receive a passing grade for the course.

Admission to the Business Administration Program

Capacity Limitations

Admission into the upper-level Bachelor of Science in Business Administration (BSBA), or International Business (BSBA) degree program is highly competitive, because enrollment is limited. Each of the individual emphasis areas (Economics, Finance and Banking, Management, Marketing or Real Estate) has its own capacity limitation. Students who have earned a 3.25 minimum UM cumulative GPA or higher will be guaranteed admission to the upper level emphasis area of their choice. Other students with at least a 2.6 minimum UM cumulative GPA will be admitted on a space available basis.

Preprofessional Information

To apply to the upper-level BSBA and a related emphasis area program, a student must have completed a minimum of 45 credits and met the Professional Development Program requirements. A TCOB student must be admitted by the semester after the 60th credit hour is earned. The following courses must be among the credits completed or in process at the time of application.

* Both ACCTCY 2036 and ACCTCY 2037 must be taken in residence or both must be taken at another campus.
Admission to BSBA Degree and Emphasis Areas

In addition to meeting the previous requirements, students are admitted to an upper-level BSBA emphasis area based on UM cumulative grade point average. Students with exceptional circumstances may ask to be considered for admission based on both grades and other factors.

Students request an emphasis area when applying to the upper-division BSBA degree program. If the requested emphasis area is at capacity, students who qualify for admission to the upper-division BSBA degree program are given the opportunity to choose another emphasis area. Students are notified by email when they are eligible to apply for upper-level status. Students are admitted to upper level in February and September of each year.

Students who complete 60 credits without gaining admission to an upper-level BSBA emphasis area will not be eligible to re-enroll in the Trulaske College of Business, unless special accommodations have been made in the Undergraduate Advising Office.

A student may take no more than six credit hours of 3000 or higher business courses from a non-MU course off campus, excluding BUS_AD 4500. University of Missouri sponsored study abroad courses are excluded from this requirement.

Graduate

• MBA in Business Administration (p. 331)
• PhD in Business Administration with emphasis in Business (p. 333)

About the Crosby MBA (daytime program)

Crosby MBA candidates come from all backgrounds, including science, engineering, liberal arts, journalism, business and health-related fields. There are no prerequisite courses. Our admission standards are high and the curriculum is rigorous. The Crosby MBA program is AACSB accredited, nationally recognized and highly ranked by U.S. News America’s Best Graduate Schools, Forbes, Princeton Review, and The Wall Street Journal. Students attend full-time, although part-time is an option if the student is able to attend daytime classes.

Through the Crosby MBA program, highly capable graduate students gain real-world experience that prepares them for a wide variety of career paths. The program teaches skills necessary to compete in the global business environment, and helps you achieve a career path that will bring both personal fulfillment and professional success. We offer individual career counseling, an executive mentoring program, employer site visits, and workshops focusing on resume writing, presentation skills, negotiation skills and business etiquette. Students obtain employment in fields such as financial analysis, investments, banking, human resources, project management, strategy, operations and logistics, marketing, marketing analytics, consulting, and non-profit management.

Factors considered in the admissions decision include undergraduate grade point average (GPA), as indicated on the graduation transcript, with consideration given to other calculations; performance on the Graduate Management Admissions Test (GMAT) or the GRE; work experience, including significant part-time employment and internships; demonstrated leadership; and personal essays. A baccalaureate degree in any discipline from an accredited school is required. Interviews by invitation will also be conducted. See the Crosby MBA website to apply.

About the execMBA Program (for working professionals)

This innovative executive MBA is specifically designed for high achieving professionals seeking a first-rate MBA program that provides flexibility around their work schedules. This is the same renowned degree and the same renowned faculty offered with the Crosby MBA, but is specially designed for executives. Combining face-to-face class time with online delivery for professionals with substantive experience, the 21-month execMBA program will connect you with peers, challenge you in relevant ways, and develop the mind- and skill-set to match today’s marketplace.

All applicants to the MU execMBA must have a minimum of 5-7 years of professional work experience, as well as a letter of endorsement from their employer to participate in the program. Other factors considered in admission include undergraduate GPA (a bachelor's degree in any discipline from an accredited school is required), demonstrated leadership experience and a personal statement addressing criteria outlined on the exec MBA website. Interviews by invitation will also be conducted.

Cooperative Dual Degrees with the MBA Program

• MBA and Bachelor of Science Industrial Engineering (BSIE)
• MBA and Master of Health Administration (MHA)
• MBA and Master of Science in Industrial Engineering (MSIE)
• MBA and Juris Doctor (JD)

Facilities and Resources

The College subscribes to the following online services, databases and software packages: Wharton Research Data Services, Audit Analytics Compustat, CRSP, Datastream/Worldscope, Eventus, I/B/E/S, IRRC, ISSM, Mergent FISD, Mutual Fund Links, SDC Platinum, Thomson Reuters, Stock Trak, and Qualtrics (an online survey system).

Undergraduate
BSBA in Business Administration

Major Program Requirements

Students in the Trulaske College of Business are in either the lower level (undeclared) or the upper level (admitted to an emphasis area). Students entering the Trulaske College of Business usually enter the lower level while they take University general education and business preparation courses. The first two years of all business programs (except international business and accounting) involve the same course sequences. A student typically applies to the upper level at the end of the sophomore year or the beginning of the junior year.

A student may count a maximum of 30 credits in their emphasis area to meet the 120-credit requirement for the undergraduate degree.

Requirements above and beyond general education requirements are listed under upper level admission courses.

Students must complete all university requirements, including general education (p. 18), and the degree requirements below.

Major Core Requirements

Course requirements ensure that 40 percent of a student's course work is earned in divisions other than business.

Students must also complete all University requirements (p. 17) as well as University General Education requirements (p. 18).

| General Education Requirement | 32 |
| Upper Level Admission Courses | 28 |
| Required Core Courses | 27 |
| Emphasis Support Courses | 30 |
| Additional Emphasis Courses | |
| Emphasis Support Courses | |
| Senior Capstone | 3 |
| Total minimum | 120 |

Upper Level Admission Courses

Upper Level Admission Courses 28
Required Courses 27

Semester Plan

Refer to the Semester Plans for the emphasis areas.

BSBA in Business Administration with Emphasis in Economics

Major Program Requirements

The sequence of courses for the BSBA with an emphasis in economics introduces the student to the tools of economic analysis and to their use in decision-making. It also may provide training in internal and external forecasting. Such analytical techniques are appropriate for industrial, commercial and financial organizations as well as government agencies.

Students must complete all university requirements, including general education (p. 18), and the degree requirements below.

| General Education Requirement | 32 |
| Upper Level Admission Courses | 28 |
| Required Core Courses | |
| Required Economics Courses | |

BSBA in Business Administration with Emphasis in Management

Major Program Requirements
Management is the directing and guiding of activities to produce a desired result, product or service. Managers are repeatedly required to make decisions that will have far-reaching effects. The basic functions all managers perform are planning, organizing, staffing, motivating and directing. Professional education in management can lead to a variety of career opportunities in the private and public sectors.

Students must complete all university requirements, including general education (p. 18), and the degree requirements below.

### BSBA in Business Administration with Emphasis in Marketing

#### Major Program Requirements

Marketing focuses on the activities involved in the creation and sale of goods and services that serve prospective customers' needs and wants. The BSBA with an emphasis in marketing is suitable for students who anticipate careers in areas such as retail management, sales, buying and supply chain management; marketing research; product and brand management; marketing communications; customer relationship management; international marketing; and service marketing.

Students must complete all university requirements, including general education (p. 18), and the degree requirements below.

#### General Education Requirements

32

#### Upper Level Admission Courses

28

#### Required Core Courses

27

- ACCTCY 2258: Computer-Based Data Systems
- or INFOTC 1040: Introduction to Problem Solving and Programming
- or CMP_SC 1050: Algorithm Design and Programming I
- ECONOM 3229: Money, Banking and Financial Markets
- or ECONOM 3251: Theory of the Firm
- FINANC 3000: Corporate Finance
- MANGMT 3000: Principles of Management
- MANGMT 3540: Introduction to Business Law
- MRKTNG 3000: Principles of Marketing
- STAT 3500: Introduction to Probability and Statistics II

#### BUS_ADM 3500: Professional Development in Business

#### BUS_ADM 4500: Professional Development Program - Practicum

#### Required Marketing Courses

6

- MRKTNG 4000: Marketing Management
- MRKTNG 4050: Marketing Research

#### Additional Marketing Courses

12

Select from the following:

- MRKTNG 3901: Special Topics in Marketing
- MRKTNG 3942: International Business Internship
- MRKTNG 3975: Current Issues in International Marketing
- MRKTNG 3985: Problems in International Business
- MRKTNG 4185: Problems in Marketing
- MRKTNG 4201: Topics in Marketing
- MRKTNG 4220: Consumer Behavior
- MRKTNG 4250: Retail Marketing
- MRKTNG 4350: Business-to-Business Relationships
- MRKTNG 4380: Buying and Supply Chain Management
- MRKTNG 4410: Personal Selling
- MRKTNG 4420: Sales Management
- MRKTNG 4440: Services Marketing
- MRKTNG 4450: Marketing Channels
- MRKTNG 4550: Integrated Marketing Communications
- MRKTNG 4650: e-Marketing
- MRKTNG 4720: Global Marketing
- MRKTNG 4750: Marketing, Society, and Government
- MRKTNG 4880: Contemporary Issues in Marketing
- MRKTNG 4940: Marketing Practicum

#### Emphasis Support Courses

12

A list of suggested emphasis support courses for marketing majors is available at the College of Business undergraduate advising office.

Pre-approved emphasis support courses include:

- Any 2300+ course in: Chinese, French, German, Hebrew, Italian, Japanese, Korean, Portuguese, Romance Languages, Russian, Spanish
- Any 3000+ course in: Accountancy, Agricultural Economics, Anthropology, Communication, Economics, Food Science, Hospitality Management, Philosophy, Psychology, Rural Sociology, Sociology, Statistics
- Other 3000+ level courses taken in fulfillment of requirements for an official minor or dual major
- Any of the specific courses listed below

#### Other Required Courses

- COMMUN 1200: Public Speaking

### BSBA in Business Administration with Emphasis in International Business - Economics

#### Major Program Requirements
International Business is a joint degree program offered by the College of Arts and Science and the Trulaske College of Business. The program incorporates foreign language, geographic region and cultural environment courses with core and international business courses. Completion of this degree program requires 136-141 credits depending on emphasis.

To complete this course of study, students must be accepted in both the Bachelor of Arts in International Studies program in the College of Arts and Science and the Bachelor of Science in Business Administration program in the Trulaske College of Business. Students must also complete all university requirements, including general education (p. 18), and the degree requirements below.

#### Social Sciences
- **GEOG 1100** Regions and Nations of the World I: 3 credits
- **or GEOG 1200** Regions and Nations of the World II: 3 credits
- **POL_SC 1400** International Relations: 3 credits
- **or POL_SC 2700** Comparative Political Systems: 3 credits

#### State Requirement
- **3 credits**

#### Behavioral Sciences
- **ANTHRO 2030** Cultural Anthropology: 3 credits
- Choose one additional course from Anthropology (except 2050, 2051 or 2052), Psychology, or Sociology

#### Humanities
- **12 credits**

#### Civilization course in language studied
Literature course in language studied
Select one of the following:
- AR_H_A 1110 Ancient and Medieval Art
- AR_H_A 1120 Renaissance through Modern Art
- ENGLISH 2155 Introduction to World Literatures
- MUSIC_NM 1313 Introduction to World Music
- PHIL 2100 Philosophy: East and West
- PHIL 2410 Philosophies of War and Peace
- REL_ST 2110 Religions of the World
- GN_HON 2117H The Emerging Canons of the Americas

Additional Humanities

Biological & Physical Sciences 6-7
One course must include a lab

Foreign Language 18-19
All in the same language

Area Support 9
To be selected with the A&S advisor. Coursework typically includes classes in Culture, Geography, Government, or History related to language studied.

Upper Level Admission Courses 28

Required Business Core Courses
ACCTCY 2258 Computer-Based Data Systems 3
or INFOTC 1040 Introduction to Problem Solving and Programming
or CMP_SC 1050 Algorithm Design and Programming I
ECONOM 3229 Money, Banking and Financial Markets 3
or ECONOM 3251 Theory of the Firm
FINANC 3000 Corporate Finance 3

BSBA in Business Administration
with Emphasis in International Business - Management

Major Program Requirements

International Business is a joint degree program offered by the College of Arts and Science and the Trulaske College of Business. The program incorporates foreign language, geographic region and cultural environment courses with core and international business courses. Completion of this degree program requires 136-141 credits depending on emphasis.

To complete this course of study, students must be accepted in both the Bachelor of Arts in International Studies program in the College of Arts and Science and the Bachelor of Science in Business Administration program in the Trulaske College of Business. Students must also complete all university requirements, including general education (p. 18), and the degree requirements below.

Minor in Business

The business minor has the same rigor and content as the fundamental courses taken by business students. It provides flexibility in undergraduate studies and better prepares students for jobs and for graduate school. The business minor includes courses that are highly complementary. For most students, the requirements for the business minor are far more valuable than a similar number of courses in one or two areas.

15 of the 18 hours must be taken in residence and a 2.0 GPA in all business courses and those required for the business minor is required. See a business advisor for questions regarding the business minor.

Required Course Work in Quantitative Analysis, Finance, Management, Marketing and Professional Development and Experiential Learning provides a comprehensive business education for Crosby MBA students. Our curriculum assure that graduates enter the 21st century business world with tools that will enable them to be successful. The program consists of 33 required credits, including foundational and advanced coursework, plus 24 elective credits.

The structure of the MU Crosby MBA allows students to concentrate in a specific area of business, develop a broad managerial focus, or complement business training with course work from other areas on campus. Areas of concentration are offered within the departments of finance, management, and marketing, including the marketing analytics concentration, or another field related to a student’s individual interests.

The delivery format includes 1.5 credit hour, 8-week modules, to allow for more focused attention to a particular topic, as well as to provide a wider array of choices. 3 credit, 16 week courses are also available.

### execMBA

Office of Admissions  
316 Cornell Hall  
Columbia, MO 65211  
573-882-2180  
execmba@missouri.edu  
http://execmba.missouri.edu

### Degree Requirements (execMBA)

The program curriculum, designed with executives in mind, is inventive, practical and market-facing. Students will build skills that increase self-awareness, develop strategic risk-taking, and lighten influence. Delivery is a blend of approximately 75% online and 25% in-class coursework. Students will amplify global expertise and value in the
marketplace with an 8- to 10-day international residency. This lock-step, cohort program – meaning students will take the same classes together in the same order – is conducive to personal interactions with the other high-level professionals.

**International Residency (execMBA)**

The international residency in Santiago, Chile is an 8-10 day immersion in a foreign culture and its business practices during the summer between the first and second year in the program. It serves as an opportunity to apply classroom education to an international setting. Students will consult with businesses on strategic issues, network with local businesses and government officials, and explore South American culture.

**PhD in Business Administration with Emphasis in Business**

**About the Doctorate in Business Administration**

The PhD program is designed to prepare graduates for careers as effective university researchers and teachers or for senior research positions in business or government. A primary objective of the program is to train PhD candidates to become proficient researchers. Therefore, course work involves research activities such as literature review and critique, theoretical modeling, research design, computer-assisted empirical analysis and preparation of proposals and research papers. Another objective is to train students to become high-quality teachers. PhD candidates are provided the opportunity to teach undergraduate courses in their specialty area. In addition, students are expected to participate in national and regional academic conferences and are encouraged to work with faculty in developing individual research and teaching skills. The PhD in Business Administration offers three concentration areas: Finance (https://business.missouri.edu/programs-and-admissions/phd/academics/business-administration/phd-concentration-finance), Management (https://business.missouri.edu/programs-and-admissions/phd/academics/business-administration/phd-concentration-management) and Marketing. (https://business.missouri.edu/programs-and-admissions/phd/academics/business-administration/phd-concentration-marketing)

**Degree Requirements - all PhD students**

1. Before enrolling in concentration area courses, all PhD students in Business Administration must take (or be able to have waived) the below general courses. Students with an MBA typically will have these requirements waived.

**Total Credits: 48**
3. Two support areas of at least nine credit hours each, one of which must be taken outside the School of Business, or one support area of at least 12 credit hours. These supporting areas offer the student considerable latitude in identifying a course of study that can be tailored to the individual’s interests and goals. If two support areas are selected, the student must also satisfy a 12-hour analytical tool requirement; if one support area is selected, the analytical tool requirement is 18 hours.

4. Collateral requirements emphasizing analytical tools (proficiency in a foreign language does not fulfill the collateral requirements). This is a research methods and analyses sequence of at least 12 hours (at least 18 if only one support area), including appropriate courses in economics, mathematics, psychology, sociology, statistics or other areas deemed appropriate by the program committee.

5. An ongoing seminar experience (each semester until successful completion of comprehensive examinations) that acquaints the student with current literature and research in his/her major area of interest. This seminar is in addition to other seminars offered departmentally (4 hours minimum).

6. Dissertation (minimum 12 hours of 9090 credit).

These requirements are independent of one another; courses taken to satisfy one requirement may not be used to satisfy any other requirement. Previous graduate work taken before admission to the PhD program may be used to satisfy these requirements if it is deemed appropriate by the student’s program committee.

**Concentration in Finance**

The PhD program with a concentration in Finance emphasizes university level research and teaching skills. The program of study is flexible to meet individual needs and interests, but all students take advanced classes in Finance, Economics, and Statistics. Students admitted on a full-time basis normally work as research or teaching assistants.

**Degree Requirements - Finance Concentration**

**Prerequisites typically needed for Finance program of study:**

**Support Areas - Finance Concentration**

PhD students must complete either two 9-hour Support Areas or one 12-hour Support Area to complement advanced training in Finance. Successful completion of a Support Area may require a written examination covering course work applied to the Support Area. At least one Support Area must come from outside the College of Business. Most students choose Support Areas in Microeconomics and Statistics resembling the following examples:

**Example support area in Microeconomics:**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECONOM 7370</td>
<td>Quantitative Economics</td>
<td>3</td>
</tr>
<tr>
<td>ECONOM 8451</td>

<td>Introduction to Probability Theory</td>
<td>3</td>
</tr>
<tr>
<td>STAT 7760</td>
<td>Statistical Inference</td>
<td>3</td>
</tr>
</tbody>
</table>

**Collateral Area - Finance Concentration**

PhD students must complete a 12-hour Collateral Area (if completing two 9-hour Support Areas) or an 18-hour Collateral Area (if completing one 12-hour Support Area) selected in cooperation with a student’s program committee. Coursework applied to a Support Area cannot be applied to a Collateral Area. Recommended is a Collateral Area in Accounting, Econometrics, Economics, Mathematics, Statistics, or Corporate Law. Some representative examples include:

**Example collateral area in Econometrics:**

<table>
<thead>
<tr>
<th>Course Code</th>

</tr>
<tr>
<td>STAT 7850</td>
<td>Introduction to Stochastic Processes</td>
<td>3</td>
</tr>
</tbody>
</table>

**Concentration in Management**

PhD students with a concentration in Management is designed to provide students with a sound foundation for a productive career as an academic in management. Students typically work as research or teaching assistants.
Degree Requirements - Management Concentration

Required courses:
- MANGMT 9040 Seminar in Human Resource Management 3
- MANGMT 9080 Seminar in Entrepreneurship 3
- MANGMT 9020 Seminar in Micro Organizational Behavior 3
  or MANGMT 9030 Seminar in Macro Organizational Behavior
- MANGMT 9060 Seminar in Corporate Strategy 3
- MANGMT 9101 Topics Seminar in Management (minimum of 4 credit hours) 1
- MANGMT 9090 Research in Management (minimum of 12 credit hours) 1-99

Support Areas - Management Concentration

PhD students must complete either two 9-hour Support Areas or one 12-hour Support Area. Support Areas are tailored to the research and teaching goals of the PhD candidate. Programs are highly individualized to reflect student interests and desired focus. The combination of courses in any Support Area and in the concentration core is flexible, with numerous combinations possible. Program design is subject to the approval of the student’s program committee. Typical Support Areas include psychology, finance/economics, research methods and statistics, career development, sociology, marketing, and communication. Listed below are examples of Support Areas that could be selected:

Example support area in Social Psychology:
- PSYCH 7340 Attitude Change 3
- PSYCH 8310 Survey of Social Psychology 3
- PSYCH 8610 Motivation 3
- PSYCH 8620 Personality Psychology 3
- PSYCH 9350 Studies in Social Psychology 1-99

Example support area in Finance/Economics:
- FINANC 8440 Financing Multinational Business 1-3
- FINANC 9100 Seminar in Corporate Finance 3
- ECONOM 7355 Industrial Organization and Competitive Strategy 3
- ECONOM 8451 Microeconomic Theory 3

Example support area in Research Methods and Statistics:
- MRKTNG 9030 Seminar in Applied Multivariate Analysis in Marketing 1-3
- PSYCH 9330 Field Research Methods 3
- PSYCH 9725 The Literature Review 3
- SOCIOL 8120 The Logic of Social Research 3
- SOCIOL 9287 Seminar in Qualitative Methods in Sociology 3
- STAT 7310 Sampling Techniques 3
- STAT 7830 Categorical Data Analysis 3
- STAT 7870 Time Series Analysis 3

Example support area in Communication
- COMMUN 8410 Seminar in Organizational Communication Theory 3
- COMMUN 8420 Seminar in Small Group Communication 3
- COMMUN 9430 Topics in Organizational Communication (Socialization) 3
- COMMUN 9430 Topics in Organizational Communication (Power) 3

Example support area in Career Development
- ESC_PS 8135 Foundations of Career Psychology 3

Research Methods & Analysis (RM&A) Area - Management Concentration

PhD students must complete a 12-hour RM&A Area (if completing two 9-hour Support Areas) or an 18-hour RM&A Area (if completing one 12-hour Support Area). These courses, selected in cooperation with a student’s program committee, will provide students with the tools and techniques necessary for conducting empirical research. Coursework applied to a Support Area cannot be applied to a Collateral Area. Recommended is a Collateral Area in Accounting, Econometrics, Economics, Mathematics, Statistics, or Corporate Law. Sample courses include:

Example support area in Social Psychology:
- PSYCH 8710 General Linear Models in Psychology I 4
- PSYCH 8720 General Linear Models in Psychology II 4
- PSYCH 9320 Social Psychology Methodology 3
- PSYCH 9520 Psychometrics 3
- PSYCH 9710 Multivariate Statistics in Psychology 3
- PSYCH 9720 Latent Variable Models in Statistical Analysis 3
- STAT 7210 Applied Nonparametric Methods 3
- STAT 7510 Applied Statistical Models I 3
- STAT 7530 Analysis of Variance 3

Concentration in Marketing

Students with an interest in behavioral, strategic, or methodological issues marketing are a great fit for this program. It emphasizes the development of research and teaching skills needed to pursue career placement at a research-oriented university. The program is flexible to meet individual needs and interests and graduates annually well-situated professionals prepared for the market. In addition, the program offerssmall class sizes, a set of doctoral specific seminars, and a collaborative environment. Students develop research skills by working with faculty on research projects and from faculty mentoring. Students also gain valuable experience by teaching undergraduate courses.

Degree Requirements - Marketing Concentration

Prerequisites typically needed for Marketing Concentration

MATH 1320 Elements of Calculus 3
STAT 1400 Elementary Statistics for Life Sciences 3

Required courses:

MRKTNG 9020 Seminar in Advanced Research Methods in Marketing 3
MRKTNG 9210 Seminar in Marketing Strategy 3
MRKTNG 9220 Seminar Marketing Models 3
MRKTNG 9230 Seminar in Consumer Behavior 3

Electives (minimum of 3 credits):

MRKTNG 9185 Doctoral Independent Study in Marketing 3
MRKTNG 9101 Current Topics Seminar in Marketing (taken each fall and spring while in residence at MU) 1
MRKTNG 9090 Research in Marketing (Dissertation - minimum of 12 hours with at least 2 hours each fall and spring and 1 hour each summer semester) 12

Support Areas - Marketing Concentration

PhD students must complete either two 9-hour Support Areas or one 12-hour Support Area. Support Areas should be selected to provide depth in theory and research appropriate for the particular research interests of the student. Typical Support Areas for students concentrating in marketing are social psychology, organizational behavior, economics, and statistics, but other areas may be appropriate. Below are examples:

Example support area in Psychology/Social Psychology:

PSYCH 7340 Attitude Change 3
PSYCH 8310 Survey of Social Psychology 3
PSYCH 8610 Motivation 3
PSYCH 9310 Theories of Social Psychology 3
PSYCH 9860 Seminar in Social Psychology 1

Example support area in Organizational Behavior:

MANGMT 9087 Seminar in Management (Human Resource Management) 1-99

Example support area in Analytics:

ECONOM 8472 Econometric Methods I 3
ECONOM 8470 Dynamic Optimization 3
ECONOM 8472 Econometric Methods I 3
ECONOM 9452 Advanced Microeconomic Theory II 3
ECONOM 9471 Advanced Game Theory 3
ECONOM 9473 Econometric Methods II 3

Example support area in Economics:

ECONOM 7340 Introduction to Game Theory 3
ECONOM 7351 Intermediate Microeconomics 3
ECONOM 8451 Microeconomic Theory 3
ECONOM 8470 Dynamic Optimization 3
ECONOM 8472 Econometric Methods I 3
ECONOM 9452 Advanced Microeconomic Theory II 3
ECONOM 9471 Advanced Game Theory 3
ECONOM 9473 Econometric Methods II 3

Example support area in Statistics:

STAT 7530 Analysis of Variance 3
STAT 7750 Introduction to Probability Theory 3
STAT 7760 Statistical Inference 3
STAT 7830 Categorical Data Analysis 3
STAT 7850 Introduction to Stochastic Processes 3
STAT 8640 Bayesian Analysis I 3
STAT 9710 Mathematical Statistics I 3
STAT 9720 Mathematical Statistics II 3
ECONOM 8472 Econometric Methods I 3
ECONOM 9473 Econometric Methods II 3

Analytical Tools - Marketing Concentration

Courses in research methods and statistics are required to provide each doctoral student with a sound foundation in research skills. The requirement includes a minimum of 12 hours for students with two support areas, or 18 hours for students with one support area. Students often take additional analytical tool courses beyond the minimum in order to develop depth of knowledge in tools required for their specific research interests. Coursework in multiple regression, analysis of variance, and multivariate statistics is required.

Example analytical tools courses:

MRKTNG 9010 Introduction to Research Methods in Marketing 1-3
MRKTNG 9030 Seminar in Applied Multivariate Analysis in Marketing 1-3
ECONOM 7340 Introduction to Game Theory 3

Qualifying Examination and First-Year Project

Every marketing doctoral student is required to pass the qualifying exam consisting of two major components. The first component is a comprehensive evaluation of overall performance in coursework and RA assignments and participation in formal and informal doctoral program elements. The second component is a first-year project addressing a scholarly research topic in marketing consisting of three major parts: a written outline, presentation, and paper suitable for submission to a conference or journal. The goal of this project is to promote early research engagement, interaction with faculty, and the development of communication and presentation skills that will enhance the overall experience of the student throughout the doctoral program.

Comprehensive Examination Process

Typically, after completion of the course work specified on the plan of study, the student’s doctoral program committee determines the student’s readiness to undertake the comprehensive examination. The student must be enrolled at MU the semester s/he takes this examination.

The comprehensive examination consists of written and oral sections. Both sections must be completed within one month of each other, and at least seven months before a final dissertation defense. Successful completion of the comprehensive examination requires that the student’s doctoral program committee vote to pass the student on the entire examination, both written and oral sections, with no more than one dissenting or abstaining vote. The student who fails this exam may not take a second comprehensive examination for at least 12 weeks. Failure to pass two successive comprehensive examinations automatically prevents candidacy.

Dissertation Requirements

A dissertation is required to complete the doctoral program. Each student, working under the supervision of the doctoral program committee chair, must propose an original scholarly research project. The dissertation proposal is normally defended at the end of the third year of the program in an oral presentation. The proposal must be approved formally by the student’s program committee. Following completion of the research, the written dissertation must be orally defended and approved by the student’s program committee.

Admissions

grad@missouri.edu
213 Cornell Hall
Columbia, MO 65211
573-882-2750
http://business.missouri.edu/programs-and-admissions/phd
Additional Minors and Certificates - Business

Undergraduate
- Certificate in Human Resource Management (p. 338)
- Certificate in Sales and Consumer Development (p. 338)

Graduate
- Certificate in Accounting Information Systems (p. 338)
- Certificate in Taxation (p. 338)

Certificate in Human Resource Management

Human Resource Management (HRM) Certificate

Required Courses 12

- MANGMT 3000 Principles of Management
- MANGMT 4020 Human Resource Management
- MANGMT 4030 Organizational Behavior
- BUS_AD 4500 Professional Development Program - Practicum

Elective Course (choose any 1 below) 3

- MANGMT 4120 Human Resource Management Law
- MANGMT 4130 Advanced Organizational Behavior
- MANGMT 4320 Selected Problems in Human Resource Management
- MANGMT 4350 Leadership Development
- MANGMT 4420 Collective Bargaining
- MANGMT 4520 Change Management in Business

Required GPA: 3.0 or higher for these 15 credit hours

Note: for the purposes of this Certificate, a student can transfer in credit from another institution only for MANGMT 3000

Total hours: 15

Certificate in Sales and Customer Development

The Certificate in Sales and Customer Development prepares undergraduate students for careers in the highly professional and dynamic field of sales. Through the Certificate’s required practices in the sales profession and sales management.

Students who finish the 13 credit-hour curriculum will receive the Certificate in Sales and Customer Development upon completion of their bachelor’s degree, thereby offering to employers tangible evidence of a strong background in sales.

Required Courses - A minimum 3.00 GPA is needed in these three courses 9

- MRKTNG 3000 Principles of Marketing
- MRKTNG 4250 Retail Marketing
- MRKTNG 4440 Services Marketing

Elective Course - Choose one 3

- MRKTNG 4185 Consumer Behavior
- MRKTNG 4220 Consumer Behavior
- MRKTNG 4250 Retail Marketing
- MRKTNG 4440 Services Marketing
- MRKTNG 4550 Integrated Marketing Communications

Note: for the purposes of this Certificate, a student can transfer in credit from another institution only for MRKTNG 3000

Internship Requirement (Minimum 1 credit hour) 1

Certificate Requirements and Curriculum 13

* Satisfactory completion of at least one credit hour for a supervised internship (summer or regular semester), with significant customer contract and a minimum of 120 hours on-the-job experience. This credit hour can be earned in any College at MU. Internships that qualify for this Certificate will need to be approved by the Program Coordinator as a part of the Certificate application process.

Note: Many Trulaske College of Business students will be able to satisfy the internship requirement by completing a suitable internship under the College’s BUS_AD 4500 requirement. But if a student has already completed BUS_AD 4500 with an internship that does not meet the requirements of this Certificate program, that individual would be advised to register for one credit hour under MRKTNG 4185 for an internship that would qualify.

Non-business majors should contact the Program Coordinator, salescertificate@missouri.edu, regarding the internship component.

Graduate

Graduate Certificate in Accounting Information Systems

The College of Business is not currently accepting applications for the Graduate Certificate in Accounting Information Systems.

Graduate Certificate in Taxation

School of Accountancy
303 Cornell Hall
573-882-4463

For more information, contact Phyllis Moore (moorepa@missouri.edu).

About the Certificate

Depending on the course configuration in the program, completion of the Certificate in Taxation indicates that a student has developed expertise in tax planning and preparation in regard to international, federal, state, or estate issues for corporations, partnerships, or individuals.

Eligibility

Students must be enrolled in the MAcc graduate degree program in the School of Accountancy at MU to be eligible for the certificate.

Plan of Study

Students are required to complete 15 credit hours to receive the certificate. Course options are listed below for the tax certificate.

Required Courses - A minimum 3.00 GPA is needed in these courses 9

- ACCTCY 7353 Introduction to Taxation
- ACCTCY 8363 Multi-Jurisdictional Tax

Elective Course - Choose one 3

- ACCTCY 8365 Federal Taxation
- ACCTCY 8366 International Taxation
- ACCTCY 8367 Estate Taxation
- ACCTCY 8368 Tax Planning
- ACCTCY 8369 Tax Research

www.education.missouri.edu
umcoecertinfo@missouri.edu

The College of Education, established in 1868, is the oldest teacher preparation program west of the Mississippi River. Today's graduates of the college are employed in a variety of educational institutions and non-school settings. The college serves the educational community through research-based professional practice and a variety of learning constructs applied to real-world experiences. The college is a member of the American Association of Colleges for Teacher Education and a candidate member of the Teacher Education Accreditation Council. All programs are fully accredited by the North Central Association of Secondary Schools and Colleges.

All programs that lead to earning a certificate by the Missouri Department of Elementary and Secondary Education (DESE) are fully approved by the State Board of Education. DESE accredits all teacher certification programs at MU. The Office of Educator Quality at DESE is working with representative stakeholder groups to redesign the standards for educator preparation including certification requirements. These changes and implementation schedule will be communicated to students through individual advising sessions, meetings, and/or other university communications.

Undergraduate

- Admissions (p. 340)
- Academic Regulations (p. 341)
- Academic Affairs (p. 341)
- Academic Programs (p. 342)
- Teacher Certification (p. 344)

The Bachelor of Science in Education (BSEd) degree offers programs with the following certification levels:

- Early Childhood Education (Birth-Grade 3)
- Elementary Education (Grades 1-6)
- Middle School Education (Grades 5 - 9)
- Secondary Education (Grades 9-12)
- Special Education and Music (Grades K-12)

The total undergraduate enrollment in the College of Education for 2011-2012 was 1278. Clinical faculty with a 6:1 student/faculty ratio supervise this 640-hour experience.

Admissions

Even for students meeting selective admission criteria, admission to some program areas is dependent on capacity, resulting in the selection of the best-qualified applicants. In addition to meeting minimum Phase II criteria, the faculty may exercise professional judgment in the selection of students through personal interviews and program specific essays.

Admission to a specific program is a prerequisite to many upper-level education courses and associated field experiences (including the teaching internship). A student admitted to a professional program (Phase II) must maintain the standards met at the time of admission. Continued assessment will be made of the characteristics associated with effective performance in the role of a professional at each level and in the program. See specific requirements for admission to each of the three phases of the chosen major.

Freshmen

Undergraduate students may enter the College of Education as first-year students at MU.

Transfer Students

The College of Education accepts transfer students consistent with the transfer/articulation policy of the Missouri Department of Higher Education. The transfer policy does not waive or alter any course requirements for the Bachelor of Science in Education or the Bachelor of Educational Studies degrees. Grades received from other accredited institutions are recorded on the MU transcript as they were earned (A = A, etc.). Courses from other University of Missouri institutions are calculated into the UM GPA of Record and grades received from other accredited institutions are calculated into the overall grade point average for admission to the College of Education.

Students transferring to the College of Education with a completed Associate of Arts (AA) degree from a Missouri institution will be considered to have completed the first two years of university general education requirements. Students transferring with a completed Associate of Arts in Teaching (AAT) degree from a Missouri institution will be considered to have completed the first two years of university general education and lower division (Phase I) professional education coursework. Additional course work may be needed to satisfy prerequisites or degree requirements for Phase II and Phase III of the chosen program.

International Students

International students enrolled in the BS Ed program must have earned a score of 600 (paper-based) or 100 (internet-based) on the TOEFL exam. International students enrolled in the BES program must have a score of 550 (paper-based) or 79 (internet-based) on the TOEFL exam.

Exploratory Courses

Students wishing to explore Teacher Education may enroll in LTC 11XX for 1 credit hour in the emphasis area of interest.

Preprofessional Information

Many of the program areas contain preprofessional course work that must be completed with specific course grades prior to the selective admission process for Phase II of the program or the teaching internship (Phase III). Contact the Academic Advising and Certification Services Office for the specific course work required for the area of interest.

Grade Point Average

The College of Education uses the UM GPA of record to assess students' academic standing and progress. Both the UM GPA of record and overall grade point average at the level required are used to determine eligibility for admittance and progression. (see Calculation of Grade Point Averages below for levels)
Time Limits on Credits Earned
Transfer credit is evaluated by the Office of Admissions. All course work must meet the current state minimum requirements for teacher certification. Course work completed in the discipline must be evaluated by faculty within that area to be applicable.

Academic Regulations
Calculation of Grade Point Averages (GPA)
To remain in good standing with the college, a BSEd student must earn a minimum UM term and cumulative GPA of record, as described below:

<table>
<thead>
<tr>
<th>Credits</th>
<th>BSEd GPA</th>
<th>BES GPA (Non-Certificate)</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-29</td>
<td>2.600</td>
<td>2.500</td>
</tr>
<tr>
<td>30-59</td>
<td>2.700</td>
<td>2.500</td>
</tr>
<tr>
<td>60 credits and above</td>
<td>2.750</td>
<td>2.500</td>
</tr>
</tbody>
</table>

Satisfactory/Unsatisfactory Grades
In addition to University policies on S/U grading, professional education courses, excluding field experiences and orientation, may not be completed under the S/U grading system.

Advanced Standing
In addition to University standards for advanced-standing credit, content courses, as defined by teacher certification, must be completed with an UM cumulative GPA of record of 3.000 or better to satisfy Missouri requirements for certification. Advanced-standing credit includes course work used to satisfy degree requirements, including any elective portion of the degree program.

Courses taken from other institutions after students have matriculated to UM must have prior approval.

Probation, Suspension and Dismissal
A student in good standing (see Calculation of Grade Point Averages above) whose MU GPA of record and/or cumulative grade point average falls below the level outlined is placed on scholastic probation. In addition, any student admitted to the College of Education who does not meet the minimum entrance standards (e.g., admitted to MU by the Committee on Entrance and Revision of Records, admission due to extenuating circumstances or admission of a returning student) will enter the Committee on Entrance and Revision of Records, admission due to extenuating circumstances or admission of a returning student) will enter on scholastic probation.

A student on scholastic probation whose MU term grade point average for a subsequent enrollment semester is at or above the level specified, but whose UM cumulative grade point average is below the level required for good standing is placed on conditional scholastic probation. A student may be on conditional scholastic probation for two enrollment semesters only. If the MU cumulative grade point average is not at the level required for the student's classification at the conclusion of the period of conditional scholastic probation, the student is ineligible for continued enrollment in the College of Education.

A student whose MU term and cumulative GPA of record falls below 2.000 is ineligible for enrollment at MU. (Exception: a first-semester freshman whose UM term GPA is below 1.000 may, at the discretion of the associate/assistant dean for academic programs, be placed on conditional scholastic probation instead of being declared ineligible.)

Capstone Options
All students graduating from the College of Education are required to complete a capstone experience. For students completing a BSEd, the internship experience (Phase III) serves as the capstone. For the BES degree, a minimum two hour capstone is required in collaboration with a faculty member in the College of Education.

Graduation Requirements
University requirements state that students must earn 30 of the last 36 credits applicable to their degree in MU courses. For the BSEd, these courses must include the student teaching internship. For the BES, they must include an approved capstone course for a minimum of two semester hours.

Graduation with Departmental Honors
The College of Education maintains a Dean's List that includes all College of Education undergraduates who are enrolled in 12 or more credits of graded (A-F) course work, and who have a 3.500 or higher MU term GPA.

The College of Education awards Latin Honors designations will be based on the Spring graduates each year, and those GPAs will determine the levels that will be applied to Summer and Fall graduates during that calendar year. The top 5% will receive Summa Cum Laude distinction, the next 10% Magna Cum Laude, and the remaining 15% Cum Laude for each of the program area categories (Early Childhood and Elementary, Middle School, Secondary/K12, and Special Education).

Students must earn a minimum of 60 credits on the MU campus to be eligible for Latin Honors designation. Determination of eligibility is will be based on either the cumulative MU GPA of record, or the MU GPA for the last 60 hours of credits, whichever is greater.

In no case will a Latin Honors designation be conferred for an individual whose overall MU GPA is less than 3.6.

In addition, College of Education students may participate in a University Honors Program. (See the Honors College (p. 679) information on this site).

Academic Affairs
The College of Education offers services to assist undergraduate students interested in pursuing a degree in Education.

Advising Services
101/102 Hill Hall
573-882-5659
Education_advising@missouri.edu

The Advising Services office located in 101/102 Hill Hall, is dedicated to the academic, professional and personal success of all students. The office is committed to building a one-on-one professional collaborative relationship that empowers students to explore opportunities and develop and implement individual academic and life goals. Meeting with a professional advisor early and regularly is a necessary component of this relationship. Degree choice and requirements, campus involvement, academic struggles, study abroad options, graduate school program and the certification process are just a few of the many topics that can be explored in working with a professional advisor.
Education and Career Services

105 Hill Hall
573-882-5069
caps@missouri.edu

The Education Career Services Office, located in 105 Hill Hall, specializes in the development of cover letters and résumés, preparation for interviews, and implementation of an effective job search. Students will find considerable support in building a professional, self-managed credential file needed for the field of education. In addition, this office provides information about job openings, school district contacts, and career fairs, as well as hosts on-campus interviews with potential employers.

Students will find additional assistance at www.hiremizzoutigers.com (http://www.hiremizzoutigers.com), but also the Education Career Services website at http://caps.missouri.edu, which contains extensive resources exclusively for the job seeker in the field of education.

Office of Assessment

2 Hill Hall
573-884-9556
mucoeassess@missouri.edu

Multiple data points will be collected throughout a student’s time in the College of Education to ensure University of Missouri and DESE certification standards are upheld. The Office of Assessment, located in 2 Hill Hall, will be the primary collection and reporting resource for this data. The Office of Assessment will work very closely with the Office of Teacher Education, Academic Advising and the MU Registrar.

Office of Recruitment and Retention Initiatives

104 Hill Hall
573-882-7772

The Office of Recruitment and Retention Initiatives, located in 104 Hill Hall, serves as a welcome center for prospective and current students as well as their families. Through student tours and recruitment events, the staff showcase the College of Education and highlight opportunities and services provided to our students. The staff advise and assist prospective students in understanding College of Education degree programs, admission requirements, and financial assistance options. In addition, the office provides programs and initiatives tailored towards the recruitment, retention, and matriculation of underrepresented student populations.

Office of International and Intercultural Initiatives

218 Townsend Hall
573-882-0732

The office of International and Intercultural Initiatives, located in 218 Townsend Hall, designs initiatives and supports undergraduates as they develop cultural competence and intercultural understanding through foreign and domestic experiences. These experiences include on campus multicultural events and activities, as well as study/teach abroad opportunities in Italy, Ghana, Tanzania, Australia/New Zealand, South Korea, India, South Africa, Jakarta, Thailand; and service learning opportunities in organizations such as Centro Latino, Columbia Public Schools and Granny’s House.

Office of Scholarship Services

102C Hill Hall
573-884-7848
coescholarships@missouri.edu

The Office of Scholarship Services helps students pursue scholarships and fellowships. This office disseminates information about scholarship opportunities and deadlines to current and potential students. Incoming Freshmen become eligible for College of Education scholarships when they submit their MU Annual Scholarship Application, due December 1st of each year. Returning and Transfer Students become eligible for College of Education scholarships when they submit their MU Annual Scholarship Application, due by February 1st each year. The Scholarship Coordinator then assists the Financial Awards Committee, which consists of College of Education faculty members, as they determine recipients based on the criteria for each scholarship.

The scholarship website lists the numerous scholarships available for undergraduate students majoring in Education: http://education.missouri.edu/academics/financial_assistance/scholarships-undergraduate.php

Teacher Education

Office of Teacher Education

202 Townsend Hall
573-882-0560
TeacherEducation@missouri.edu (coescholarships@missouri.edu)

The Teacher Education Office is committed to supporting students as they progress through the phases of their academic career including answering general questions about all aspects of the program and making sure that you are enrolled in the appropriate education courses. This office works in conjunction with all CoEd departments in Academic Affairs, to provide the best educational experience for our students.

Field Experience Office

202 Townsend Hall
573-882-4364

The Field Experience Office supports students in all phases leading up to and including the student teaching internship. The professional staff make regular contact with school district faculty and administrators in Columbia and around the state to assure that students encounter high-quality field experiences where they gain knowledge and assume progressive responsibilities within classroom settings. In addition, the office provides guidance to any student who requests additional help to prepare for student teaching.

Academic Programs

College of Education Requirements - BSEd

As the CoEd continues to implement the new Missouri Standards for the Preparation of Educators mandated by the Department of Elementary and Secondary Education (DESE), curriculum changes will be required that must be met in order to complete your degree and earn teacher certification. Those changes may become effective at any point during your academic program. Therefore, it is extremely important that you DO NOT SELF ADVISE.
In addition to University general education and graduation requirements, students must complete the following degree requirements and additional major (and in some cases emphasis and option) requirements.

- Computer and information proficiency (demonstrate competency on technology standards in Phase I, II, and III of the Teacher Education course work)
- HIST 1100, HIST 1200, HIST 1200H, HIST 2210, or POL_SC 1100 (course may also be used as part of the behavioral and social science portion of University general education requirements)
- Multicultural studies requirement: Students address this requirement by demonstrating competence on diversity standards in Phases I, II, and III of the Teacher Education course work.

**College of Education Requirements - BES**

In addition University general education (p. 18) and graduation requirements (p. 17), students must complete the following degree requirements and additional major requirements.

- Twenty-four hours of education coursework with a 2.500 cumulative and overall GPA
- Twenty-four hours of coursework focusing on a particular concentration
- Completion of a graduation check in collaboration with a professional advisor once 60 credit hours of coursework are completed
- Multicultural studies requirement; students address this requirement by demonstrating competence on diversity standards in their education coursework.
- Students will complete a two hour minimum capstone course in collaboration with a faculty member in the College of Education.

**Professional Education**

The College of Education professional education requirements include those that are common to all majors as well as requirements that are specific to each major. Students must meet the following requirements:

- Course GPA of 2.00 or better with an overall professional education GPA of at least 3.000 (required for Missouri Teacher Certification)
- UM GPA of record and overall GPA of 2.750
- GPA of 3.00 in the content area for students majoring in a degree leading to certification in a subject (K–12, 9–12, 5–9 or PK-3)

**Teacher Education Courses**

Students proceed through three phases as they complete the baccalaureate program. Each phase includes training in technology as well as clinical experience. University general education and content requirements are completed each semester in addition to the required program area courses.

**Phase I**

This phase provides students with an immersion into the discipline and culture of teaching and learning before focusing on a teaching specialty. It includes five courses for a total of 9 credits: LTC 11XX, ESC_PS 2010 and ESC_PS 2014, LTC 2040 and LTC 2044. Experiences in this phase incorporate the teacher’s roles in facilitating learning at all levels of development. Students also focus on how problems of schools, family, community and society affect educators. The emphasis in Phase I is on career exploration and oral and written communication. All students in the BSEd degree program complete these courses regardless of major.

Students majoring in Special Education complete an additional course in Phase I, SPC_ED 4300, for a total of 12 hours in Phase I.

**Phase II**

This phase occurs over a three-semester sequence and focuses increasingly on a chosen teaching emphasis and on interdisciplinary teaching. Experiences in this phase focus on instructional strategies, human development, classroom and behavior management and educational measurement. This phase provides students with experience in the methods of teaching in a specific subject area as well as emerging problems and practices within the field of education. Certain degree programs have limited enrollments. The number of credits is dependent on the selected program. See specific majors for courses required in Phase II.

Application to Phase II is required. Students become eligible for consideration for admittance to Phase II in a specific program after meeting the following criteria:

- Current enrollment in the College of Education
- 2.750 UM GPA of record and overall GPA (on a 4.000 scale)
- Passing score on the Missouri General Education Assessment
- ENGLSH 1000 with a “C” range grade or higher
- MATH 1100 with a “C” range grade or higher
- Demonstration of competence of Phase I learning markers as demonstrated by satisfactory completion of Phase I courses (LTC 11XX, grade of “S”; ESC_PS 2014 and LTC 2044, grade of “S” in each course; ESC_PS 2010 and LTC 2040, grade of “C” (2.00) or higher in each course)
- Demonstrated competence of Phase I mid-preparation benchmarks (as documented by Phase I instructors)
- Additional requirements as designated by the faculty
- Possession of characteristics associated with effective performance in a professional role at the level(s) and in the major(s) selected
- Completion of application for progression

Decisions regarding Phase II admission are made by faculty. Meeting minimum requirements for admission to Phase II does not guarantee admission to Phase II.

**Phase III**

Phase III occurs during the last semester (or last year) with student placement in a public school district for the entire semester, for approximately 16 weeks (14 credit hours).

Application for Phase III is required. To qualify for the teaching internship, applicants must meet the following requirements:

- Admission to Phase III in the program area
- Successful completion of Phase II
- A minimum of 90 completed credit hours
- Completion of at least the preceding semester in residence
- A minimum 2.750 UM GPA of record and an overall GPA of 2.750 (on a 4.000 scale)
- Completion of specific prerequisite professional education and subject area course requirements for the level at which the teaching internship is to be accomplished

Teaching internship placements are available in several districts across the State of Missouri. Applications are accepted approximately a year preceding internship. More information concerning student teaching
internships may be obtained from Field Experience Office, 202 Townsend Hall, in the College of Education.

Teacher Certification

Licensure

Completion of the BSEd and any additional requirements for certification must be completed before the graduate is eligible for an Initial Professional Certificate from the Department of Elementary and Secondary Education in the State of Missouri.

Recommendation for initial certification after graduation requires:

- Passing score on the Content Area Exam for each major (the examination should be taken during the last year of the program and official scores submitted to the University of Missouri)
- Official transcripts with the degree posted submitted to Office of Assessment in 2 Hill Hall.
- Submission of an IPC application from the DESE web application website (https://k12apps.dese.mo.gov/webLogin/login.aspx) to MU
- The Department of Elementary and Secondary Education also requires that students seeking additional certification in other teaching subjects take the Content Area Exam in those additional subjects in order to be considered a Highly Qualified Teacher.

A student recommended for teacher certification must meet the following criteria:

- Cumulative UM GPA of record of 2.750
- Overall GPA of 2.750 for all college course work completed
- Cumulative GPA of 3.000 in all content area course work
- 2.000 in each professional education course with overall 3.000 GPA on all professional education course work
- Satisfactory score on the Content Area Exam required by the State of Missouri
- An official copy of the student’s transcript with baccalaureate degree posted submitted to the Office of Assessment in 2 Hill Hall.
- Complete online application for an Initial Professional Certificate through the Department of Elementary and Secondary Education (DESE) web application

Graduate

Now is an exciting time to pursue graduate studies in the College of Education. A range of professional and continuing education degrees are available, many with specializations.

Our 122 faculty mentors create a rich environment as they are not only involved in teaching, but also heavily invested in research programs and centers. Faculty members balance their research efforts with student coordination and guidance. Choosing the right college for graduate studies is not an easy or simple decision. We welcome you to visit the MU Columbia campus and meet with our faculty and current students to find out more about life in the College of Education.

Note: Prospective graduate students must apply to both the degree program of interest and to the MU Graduate School. In most cases, the entire application process may be completed online. Find admission and application details by selecting the degree program of interest in the left navigation column.
Career and Technical Education

The Master of Education in Career and Technical Education (CTE) is a 33 credit-hour degree program designed for people interested in a wide variety of possible careers related to education for employment. This program is intended to prepare students to be effective instructors and workforce development professionals by emphasizing a foundation in curriculum design, teaching methods, educational philosophy, learner psychology, and educational technology. There are two emphasis options in the CTE program:

1. Business & Marketing Education Emphasis
2. Vocational Technology Instruction Emphasis

About the M.Ed.

The online Master of Education in Learning, Teaching, & Curriculum with an emphasis in Learning and Instruction and a focus on Career and Technical Education (CTE) is a 33 credit-hour degree program designed for people who have initial teacher certification in Family and Consumer Sciences Education, Health Professions Education, Business & Marketing Education, Technology & Engineering Education, Skilled Technical Sciences Education, and other CTE areas.

Admission Deadlines

- May 1 for fall admission (classes beginning in August)
- October 1 for spring admission (classes beginning in January)
- March 1 for summer admission (classes beginning in June)

Applicants are encouraged to submit their applications as early as possible. Applications can take 6-8 weeks to expedite completely. Every reasonable effort will be made to process the application for the semester requested.

About the M.Ed.

The online Master of Education in Learning, Teaching, & Curriculum with an emphasis in Learning and Instruction and a focus on Career and Technical Education (CTE) is a 33 credit-hour degree program designed for people interested in a wide variety of possible careers related to education for employment. This program is intended to prepare students to be effective instructors and workforce development professionals at community colleges, area vocational-technical career centers, or corporate training centers.

Program coursework emphasizes a foundation in curriculum design, teaching methods, student assessment, instructional program design and management, educational philosophy, learner psychology, and educational technology. There are two emphasis options in the CTE program:

1. Business & Marketing Education Emphasis
2. Vocational Technology Instruction Emphasis

Admission Deadlines

- May 1 for fall admission (classes beginning in August)
- October 1 for spring admission (classes beginning in January)
- March 1 for summer admission (classes beginning in June)

Applicants are encouraged to submit their applications as early as possible. Applications can take 6-8 weeks to expedite completely. Every reasonable effort will be made to process the application for the semester requested.

Thesis/Non-Thesis Requirements

Students in the M.Ed. in LTC will create a portfolio that will serve as the summative capstone of the program of study in lieu of a thesis or comprehensive examination. Students build the portfolio as they progress through the program by adding material from the courses in the Plan of Study. Guidelines for the capstone portfolio project are provided to students early in the program.

Admission Requirements

- Completed bachelor’s degree (from a regionally accredited institution) in education or a subject related to the applicant’s teaching interest
- Undergraduate GPA of 3.0 on a 4.0 scale in the last 60 hours of course work
- Statement of purpose
- Resume or curriculum vitae
- Two letters of recommendation (Letters should attest to applicant’s professional competence, academic preparation and potential for graduate work.)
- If applicant’s native language is not English, the Test of English as a Foreign Language (http://www.ets.org/toefl) (TOEFL) administered within the last two years, with a score of at least 500, is required.

The Graduate Record Examination (http://www.ets.org/gre) (GRE) is not required for consideration for admission. However, applicants with competitive GRE scores whose GPA is below 3.0 will be considered for acceptance by the Special Admissions Committee.

Technology Requirements

- Student will require a computer with a video card (responsibility of the student).
- A download/upload speed of 384K is the absolute minimum needed; a broadband connection is preferable. Connection delays may be a problem if using satellite or wireless. Applicants are expected to identify an alternative location to access an Internet connection for classes if the home Internet connection is inadequate to utilize for the online course materials.
- Students using computing and Internet resources at work are responsible for ensuring that firewalls and appropriate use policies do not interfere with access to course materials.
- Logitech or other type of webcam.
- Headset with microphone, or speakers and microphone.
- Windows Vista or newer, with 1GB RAM, 80GB Hard Drive, 2.0Ghz or better processor (Core 2 Duo - Dual Core preferred).
- Internet Explorer (IE 8 or newer), Mozilla Firefox, or Google Chrome browser
- Microsoft Office – latest version.
- Functional Anti-Virus Software (example: Norton-Symantec/McAfee).

Faculty

**Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

While MU does not offer undergraduate degrees specifically in career and Technical education, the University does offer baccalaureate opportunities in a number of related areas, both within the College of Education, and in the other Schools and Colleges that make up the University. The catalog provides a complete list of these degree options (p. 5).

Graduate

- MEd in Career and Technical Education (p. 346)

Early Childhood Education

Dr. Wendy Sims, Director of Teacher Education
Department of Learning, Teaching and Curriculum
202 Townsend Hall
573-882-0560
TeacherEducation@missouri.edu (WhiteJess@missouri.edu)

Professional education coursework is delivered by four departments within the College of Education, namely, Learning, Teaching and Curriculum; Special Education; Educational Leadership and Policy Analysis; and Educational, School and Counseling Psychology.

Faculty

Associate Professor Emeritus M. Volkmann**

Emeritus Research Professor A. A. Grouws**

Associate Teaching Professor A. Barb*, L. Kingsley*, J. Ostrow*

Assistant Teaching Professor A. Ashcraft*, J. Clifton*, L. Neier*, B. Smith*

Assistant Clinical Professor A. Waldron**

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BSEd in Early Childhood Education (p. 350)

The requirements for the Bachelor of Science in Education are specified in three areas: University general education, professional education and a teaching major. All students preparing to be teachers in early childhood, elementary, special education, middle or secondary schools, regardless of the major field, are required to complete the University general education program. Students transferring from other institutions are required to fulfill the equivalencies of these courses.

Graduate

The Early Childhood Education Program at the University of Missouri includes degree programs that focus on preparing graduates to teach in grades Birth-3. The College of Education offers a Masters (M.Ed.) and a doctorate (Ph.D.) in Learning, Teaching and Curriculum with an emphasis in Early Childhood Education. You can find out more information about the graduate program at http://education.missouri.edu/LTC/_language_society_culture/_old-pages/early_childhood.php.

Undergraduate

BSEd in Early Childhood Education

Major Program Requirements

Students must complete all university (p. 17), general education (p. 18), and content requirements, in addition to the degree requirements below

About the Program

The department offers master’s, educational specialist, and PhD degrees in across several emphasis areas:

- Emphasis: Counseling Psychology (M Ed, EdSp, PhD)
- Emphasis: Educational Psychology (MA, M Ed, PhD)
- Emphasis: Health Education & Promotion (MA, M Ed, PhD)
- Emphasis: School (EdSp, PhD)

The PhD programs in counseling psychology and school psychology is accredited by the American Psychological Association. The 2005 Faculty Scholarly Productivity Index ranked MU’s graduate program in counseling psychology 4th in the nation and the 2010 U.S. News & World Report ranked it 9th nationally.

Our faculty members create a rich and stimulating learning environment for students through their teaching, research, and service. ESCP has three centers that provide students and faculty with many opportunities to collaborate on research and service-related projects while focusing on improving life for learners in all environments.

Career Opportunities

Our graduates find employment in a wide range of settings, including colleges and universities, public schools, agencies, clinics, hospitals, business and industry, research laboratories and government service. Occupations include, but are not limited to, school counselors, licensed professional counselors, faculty members, school psychologists, psychometricians, health educators and educational researchers.

Application Deadlines

- Fall deadline: December 1st for all programs except Educational Psychology, which is January 15th
- M Ed/MA in Health Education & Promotion - rolling deadline
- Career Counseling & Sport Psychology- rolling deadline
- M Ed, EdSp track in Mental Health Practices in Schools (online degrees) - rolling deadline
- M Ed track in Positive Coaching (online degree) - rolling deadline

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding
packages. Check the program Web site or ask the program contact for details.

• All required Graduate School documents
• Official transcripts
• GRE scores
• TOEFL scores
• 3 letters of recommendation via the online application
• Personal statement and vitae via online application per departmental requirements

MA in Educational and Counseling Psychology with Emphasis in Counseling

The page for this program is still under construction and should be available in future editions of the catalog. For further information concerning this degree, contact the School or College offering this degree.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MA in Educational and Counseling Psychology program (http://gradschool.missouri.edu/academics/programs/educational-school-and-counseling-psychology/ma-m-ed-or-edsp-in-educational-school-counseling-psychology.php) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied before official admission to the University of Missouri.

Educational Leadership & Policy Analysis

ELPA - Our mission is to create knowledge while preparing leaders to critically shape and transform educational issues, policies, and practices.

Consider ELPA if you:

- Want to improve your organizational leadership skills and knowledge in elementary, secondary, or postsecondary settings
- Are interested in principal or superintendent certification
- Want to work in student affairs or higher education administration
- Want to become a scholar or researcher in an academic setting
- Desire to shape policy through legislative or research activity

Department of Educational Leadership and Policy Analysis
202 Hill Hall
Columbia, MO 65211
phone: 573-882-8221
fax: 573-884-5714
e-mail: elpagrad@missouri.edu
website: http://elpa.missouri.edu

Faculty

Professor S. W. Graham**
Associate Professor N. Arnold**, B. Curs**, J. Hart**, J. Simmons**
Assistant Teaching Professor C. Belcher*, J. Fellabaum*, C. Maher*, K. Smalley, L. Wilcox*
Associate Teaching Professor G. Malfatti-Rachell*
Associate Clinical Professor B. Naughton*
Adjunct Associate Professor K. Hoffman*, J. Middleton*, V. Pittman**
Associate Professor Emeritus K. Cockrell*, P. Placier*
Clinical Associate Professor Emeritus D. Cockrell*

* Graduate Faculty Member; membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member; membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

While MU does not offer undergraduate degrees specifically in educational leadership and policy analysis, the University does offer baccalaureate opportunities in a number of related areas, both within the College of Education, and in the other Schools and Colleges that make up the University. The catalog provides a complete list of these degree options (p. 5).

Graduate

Graduate Programs

The graduate programs in the Department of Educational Leadership and Policy Analysis are designed to meet the specific educational needs of the student in a particular area of emphasis. Graduates find employment in a wide range of settings including colleges and universities, public schools, policy agencies, professional associations, government and business and industry.

The PhD Program in ELPA requires a minimum of 60 hours beyond the master’s degree. The goal of the PhD program is the preparation of professional researchers and scholars who have high levels of competence in conducting research that adds to the knowledge base.

The program also has a goal of meeting the student’s individual career goals and interests through the development of an appropriate plan of study. Each emphasis area has slightly different requirements and areas of focus; however, all 3 emphasis areas require a department-wide core; emphasis area coursework; electives; a research core; and the completion of a minimum of 6 hours for the dissertation.

The Statewide Cooperative EdD Program in Educational Leadership is a cohort program designed to enhance the knowledge and competencies of educational leaders so they provide optimal leadership in organizations that educate a wide range of learners from youth to adult. The program’s curriculum is designed to prepare leaders who are inquiring, reflective practitioners who are competent in defining and solving complex problems in education.

The Educational Specialist (EdSp) Program is designed to enhance the knowledge and competencies of K-12 educational administrators and to lead to advanced principal certification and/or superintendent certification. The program has a thematic, integrated, problem-based curriculum intended to prepare school and district leaders who are inquiring, reflective practitioners. The curriculum is aligned with state standards for certification.

The department’s Master’s Programs are intended to provide initial preparation for leaders in a variety of educational contexts, including higher education and PK-12 schools. Programs vary according to emphasis area and are designed to meet student’s individual career
goals and interests — e.g., student affairs administration, initial principal certification and general higher education administration.

A minimum of 33 credit hours is required for the M Ed or MA in Higher Education and a minimum of 30 hours is required for the M Ed in Educational Leadership.

Note: Per ELPA policy, students have 5 years to complete their MA or M Ed degree.

Graduate Certificates:
- Education Policy
- Higher and Continuing Education Administration

Satisfactory Rate of Progress

All ELPA students are expected to make satisfactory progress toward their degrees. Satisfactory progress of students will be determined through an annual review by the director of graduate studies, graduate students' academic advisers and their committees. Judgments about satisfactory progress will include consideration of the following:

- University-wide time limits for degree completion
- GPA for departmental courses
- Continuous enrollment and active engagement in course work or research (EdD and PhD)
- Student performance in research credits
- Timely resolution of incomplete grades

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program website or ask the program contact for details.

Qualifying Process

Contact department for more information.

Comprehensive Examination Process

Upon completion of course work and during the semester of graduation, all students must take and pass a capstone exam.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the EdSp in Educational Leadership and Policy Analysis (http://gradschool.missouri.edu/academics/programs/educational-leadership-policy-analysis-education-specialist-program-in-elpa.php) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied before official admission to the University of Missouri.

For application instructions, see: http://elpa.missouri.edu/#167

EdD in Educational Leadership

This educational doctorate program is known as The Statewide Cooperative EdD Program.

The EdD program requires a minimum of 76 credit hours beyond the baccalaureate degree. The program, offered in a cohort format, includes 34 hours of course work in 6 contiguous semesters, beginning in the summer and concluding in the spring semester 2 years later. In addition to course work credit, 12 credit hours of dissertation-in-practice research are required.

EdD Application Information

This cohort program accepts applicants only during even-numbered years with a deadline of December 1.

http://elpa.missouri.edu/#167

Candidates who are selected during initial screening are invited to the MU campus to participate in an on-campus interview, a problem-solving activity, and a writing assessment.

Note: Admissions screening and decisions for all graduate programs are not made until all required materials have been submitted. Admissions recommendations are based on a profile developed from data that include undergraduate (last 60 hours) and graduate grade point averages, scores on the Graduate Record Examinations (GRE), recommendations, evidence of consistency between candidate and program goals, and relevant organizational or educational leadership experience.

Educational Studies

Dr. Wendy Sims, Director of Teacher Education
Department of Learning, Teaching and Curriculum
202 Townsend Hall
573-882-0560
TeacherEducation@missouri.edu (WhiteJess@missouri.edu)

Professional education coursework is delivered by four departments within the College of Education, namely, Learning, Teaching and Curriculum; Special Education; Educational Leadership and Policy Analysis; and Educational, School and Counseling Psychology.

Faculty

Associate Professor Emeritus M. Volkmann**
Emeritus Research Professor D. A. Grouws**
Associate Teaching Professor A. Barbis*, L. Kingsley*, J. Ostrow*
Assistant Teaching Professor A. Ashcraft*, J. Clifton*, L. Neier*, J. Ostrow*, B. Smith*
Assistant Clinical Professor A. Waldron**

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

- BES in Educational Studies (p. 366)
- with emphasis in Interdepartmental (p. 367)

Graduate

For graduate degree programs related to educational studies, please see the Department of Educational Leadership and Policy Analysis (p. 358) or other College of Education (p. 340) programs. You might also browse the complete list of degree options (p. 5) at the University of Missouri.

Undergraduate

BES in Educational Studies

Major Program Requirements – Educational Studies (BES)

The Bachelor of Educational Studies (BES) degree prepares students for education-related careers. The College of Education will not recommend certification to teach in the public schools on the basis of the BES degree. This degree may be completed on campus or online. Students interested in the BES degree on campus may complete an individualized major course of study developed with an advisor from Advising Services. Students interested in the online BES degree may complete an individualized major course of study in collaboration with the Program Director. Please contact Mizzou Online at 1-800-609-3727 or mizzouonline@missouri.edu.

In addition to University requirements (p. 17), such as University general education (p. 18) and graduation requirements, students must complete the following degree requirements.

- Multicultural studies: Students address this requirement by demonstrating competence through a multicultural studies course.
- A minimum of 24 - 32 credits in the study of the field of education
- A minimum of 24 - 32 credits in a concentration option

Semester Plan

Below is a sample Plan of Study for the BES online degree.

Elementary Education

Dr. Wendy Sims, Director of Teacher Education  
Department of Learning, Teaching and Curriculum  
202 Townsend Hall  
573-882-0560  
TeacherEducation@missouri.edu (WhiteJess@missouri.edu)

Professional education coursework is delivered by four departments within the College of Education, namely, Learning, Teaching and Curriculum; Special Education; Educational Leadership and Policy Analysis; and Educational, School and Counseling Psychology.

Faculty

**Associate Professor Emeritus** M. Volkmann#

**Emeritus Research Professor** D. A. Grouws**

**Associate Teaching Professor** A. Barbis*, L. Kingsley*, J. Ostrow*

**Assistant Teaching Professor** A. Ashcraft*, J. Clifton*, L. Neier*, B. Smith*

**Clinical Teaching Professor** A. Waldron**

- Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
- **Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

- BSEd in Elementary Education (p. 368)  
  - with emphasis in Elementary Education (p. 368)

The requirements for the Bachelor of Science in Education are specified in three areas: University general education, professional education and a teaching major. All students preparing to be teachers in early childhood, elementary, special education, middle or secondary schools, regardless of the major field, are required to complete the University general education program. Students transferring from other institutions are required to fulfill the equivalencies of these courses.

Graduate

The Elementary Education Program at the University of Missouri includes degree programs that focus on preparing graduates to teach in grades 1-6. We currently offer a Master’s, Educational Specialist, and Doctoral (PhD or EdD) in Learning, Teaching and Curriculum with an emphasis in Elementary Education. You can find out more about these programs at http://education.missouri.edu/LTC/elementary/index.php.

You might also browse the complete list of degree options (p. 5) at the University of Missouri.

BSEd in Elementary Education

Major Program Requirements

Students are required to select the emphasis area in Elementary Education for this degree. Refer to the emphasis area (p. 368) for degree requirements.

Semester Plan

For a sample plan of study refer to the semester plan designed for the emphasis in Elementary Education (p. 368).

BSEd in Elementary Education with Emphasis in Elementary Education

Major Program Requirements

Students must complete all university (p. 17), general education (p. 18), and content requirements, in addition to the degree requirements below.

Faculty

Assistant Professor J. Bossaller**, B. Brendler*, T. Gibson*, S. Goggins**, H. Moulaison**
Teaching Professor J. Howland*
Associate Teaching Professor A. Klimczak*
Assistant Teaching Professor C. LeBeau*, K. Robinson*
Professor Emeriti M. Sievert

Undergraduate

While MU does not offer undergraduate degrees specifically in information science and learning technology, the University does offer baccalaureate opportunities in a number of related areas, both within the College of Education, and in the other Schools and Colleges that make up the University. The catalog provides a complete list of these degree options (p. 5).

Graduate

• MA in Information Science and Learning Technology, emphasis in Library Science (p. 370)
• MEd in Information Science and Learning Technology, emphasis in Educational Technology (p. 372)
• EdSp in Information Science and Learning Technology, emphasis in Educational Technology (p. 373)
• PhD in Information Science and Learning Technology (p. 374)

About Information Science & Learning Technologies

In January 1997, the School of Information Science & Learning Technologies became the home for MU’s graduate programs in Library and Information Science and Educational Technology as well as a new, interdisciplinary doctoral program in Information Science & Learning Technology.

SISLT faculty are internationally renowned for their research and development accomplishments. Faculty and students are committed to a collaborative, interdisciplinary approach – both within MU and among other research-extensive universities. Nowhere is this more evident than in the Allen Institute (http://alleninstitute.missouri.edu), a 10,000 square foot facility dedicated to supporting collaborative R&D at the intersection of Information & Learning.

Graduate

MA in Information Science and Learning Technology with emphasis in Library Science

About the Program

Our program is the only Master’s Degree in the state of Missouri to be fully accredited by the American Library Association. Upon successful completion of the 42-hour program of study (39 hours for students admitted Fall 2014 and later), you will receive a Master of Arts in Information Science & Learning Technologies with an Emphasis in Library Science. The LIS curriculum reflects the foundations of the field as well as the critical issues facing the profession. Most LIS faculty are based in Columbia, with clinical faculty in St. Louis and Kansas City. Partnerships with Missouri State University and the University of Nebraska-Omaha allow us to provide classes in those locations as well.

Degree Requirements

The program consists of 42 credit hours, including 18 hours of core courses for students admitted prior to Fall 2014. For students admitted Fall 2014 and later the program consists of 39 credit hours, including 18 hours of core courses.

Core Courses

**Comprehensive Examination Process**

Master’s degree students in the Library Science program must complete the Comprehensive Examination during the final semester of course work. The Comprehensive Examination consists of one question in each of four general areas: Issues, Management, Services, and Technology. Each question is created and evaluated by one of the full-time resident Library Science faculty.

Eight weeks prior to the administration of the examination each semester, students are given an overview of the content of the questions, a list of suggested readings for each question and information on how the Comprehensive Examination will be administered. Students scheduled to take the exam are loaded into a Blackboard site where you can post questions and interact with the Comprehensive Examination Committee and your peers.

Toward the latter half of the semester, the Comprehensive Examination questions are released on the Blackboard site. You have nine days to answer the four questions and submit the answers to the Comprehensive Exam Committee.

**Admissions**

Contact Information

Email: sislt@missouri.edu
SISLT Student Services Coordinator
304 Townsend Hall
Columbia, MO 65211
Phone: 573-882-4546 or toll free 877-747-5868
http://lis.missouri.edu/

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MA in Information Science and Learning Technology program (http://lis.missouri.edu/apply) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied before official admission to the University of Missouri.

**MEd in Information Science and Learning Technology with emphasis in Educational Technology**

**About the Educational Technology MEd**

The Educational Technology emphasis area is your portal to excellence and leadership in designing, developing, and implementing technology in education, training and performance support.

Three focus areas are available for your degree. Students who focus on Learning Systems Design & Development learn to plan and create the learning and performance support resources used by individuals, groups, and organizations. Students who focus on Technology in Schools learn the strategies and processes for advancing the use of new technologies in schools, colleges, and other learning environments, (e.g., virtual schools; online courses). Students who focus on the Online Educator learn to design, implement, and evaluate effective online learning experiences in a variety of settings.

Working with a faculty advisor, each student develops a customized program of study. You pick the professional goal that makes sense to you, and our faculty will help you transform your goal into reality.

Your degree in Educational Technology will open an array of career options. Some graduates work in K-12 schools, others work in corporations, and still others apply their skills in government, healthcare, higher education, and other settings. For example, some of our recent graduates are Software Designers and Developers, Learning Strategy Managers, Adaptive Technology Specialists, Training Designers, School Technology Coordinators, and Online Instructors. Whatever the setting, you will graduate with a skill set that will serve you well in the future.

**Degree Requirements**

The MEd consists of 30 graduate credit hours, with a minimum of 15 at the 9000 level or above. The Educational Technology curriculum allows you to customize your course work by focusing on technology design and development or technology implementation.

Comprehensive Examination Process

Portfolios can be submitted spring, fall, and summer semesters. Portfolios must be submitted to the assigned portfolio coach for review no later than three (3) weeks prior to the last day of classes; you will be notified by the SISLT Student Services Office of the specific date at the beginning of your final semester.

The student will work with the portfolio coach who will provide feedback and support to the student as she/he prepares the portfolio for review.

The review process asks three basic questions:

1. Does the portfolio demonstrate the student’s knowledge of what the competencies mean?
2. Does the portfolio demonstrate the student’s mastery of the competencies?
3. Does the portfolio present the student in a positive and professional manner?

Once a portfolio is deemed acceptable or unacceptable by the portfolio coach, the coach will notify the student and the SISLT Student Services Office. Should the portfolio be deemed unacceptable by the portfolio coach, the student may appeal this decision by petitioning the Director of SISLT and requesting that two other faculty review the portfolio.

PhD in Information Science and Learning Technology

About the Program

The PhD program prepares professionals to understand and influence learning, information and performance in diverse settings, especially through the use of interactive technologies. We seek individuals who are committed to conducting research that integrates theory and practice.

You will gain the competencies required to:

• Analyze specific informational organization and retrieval, learning and performance needs and evaluate systems to meet these needs.
• Design, develop and implement technologies and technological interventions to improve information organization and retrieval, learning and performance.

• Conduct systematic research, which contributes to the knowledge base of learning, information organization and retrieval, performance and/or technology.

Degree Requirements

1-3 master’s level conceptual courses in Educational Technology or Library Science (if entering doctoral program without Master’s in Educational Technology, Library Science, or a related field)

Doctoral Seminar Courses (9 credit hours)

Analyzing and Designing Systems 3
Research and Theory Seminars 6

Elective SISLT Coursework (minimum of 18 credit hours)

IS_LT coursework beyond master’s degree 18

Research Methodologies (minimum of 9 credit hours)

Research design courses with at least one course in qualitative and once course in quantitative

ESC_PS 7170 Introduction to Applied Statistics 3
ESC_PS 8630 Qualitative Methods in Educational Research I 3
or ESC_PS 8830 Quantitative Analysis in Educational Research I
ESC_PS 9620 Qualitative Methods in Educational Research II 3
or ESC_PS 8840 Quantitative Analysis in Educational Research II

Support Field (9 or more credit hours)

Coordinated coursework related to an area of emphasis outside IS_LT and research courses selected in consultation with your program committee 9

Dissertation

Course work, internships and independent study projects support the achievement of these competencies, and your program centers on producing a portfolio of achievements indicating that the competencies have been attained. While course work supports production of the portfolio, we encourage students to develop products that cut across several courses, resulting in products that are personally satisfying, solve real problems and represent high quality work. We are particularly interested in products developed in collaboration with other students, practicing professionals and others beyond our program and campus.

The program culminates with a significant research effort that contributes to the knowledge base of learning, information organization and retrieval, performance and/or technology. Whether one major study or a series of smaller studies, the research is designed to position our graduates amongst practicing professionals and others beyond our program and campus.

The program culminates with a significant research effort that contributes to the knowledge base of learning, information organization and retrieval, performance and/or technology. Whether one major study or a series of smaller studies, the research is designed to position our graduates amongst practicing professionals and others beyond our program and campus.

There is no minimum number of 9090 research hours.

Sample Plan of Study

During your first two academic semesters, you will work with your assigned advisor to select courses and identify Professional Immersion activities that will successfully lead toward the completion of your degree. During this same time period, you should work to establish professional relationships with faculty in SISLT and your supporting field who you would like to include on your Program Committee. Prior to the beginning of your second academic year of study, you must have identified your Program Committee and conducted a Program of Study meeting with your Program Committee. Early approval of your Program of Study will enhance your academic experience in SISLT. This is a very important part of the degree planning process; failure to receive approval of your Program of Study prior to the second academic year may mean that
courses or activities completed afterward may not count toward your degree.

**Qualifying Process**

At the Program of Study meeting, the Program Committee will review the student’s statement of accomplishments. Students judged by the Program Committee to be making adequate progress will pass the Qualifying Exam. If the doctoral student fails the Qualifying Exam, the meeting will be rescheduled for the following semester. The student may attempt the Qualifying Exam twice. Once a student completes the Qualifying Exam process, he or she will then submit the D-2 Plan of Study for the Doctoral Degree Program Form approved by their Program Committee.

**Comprehensive Examination Process**

The comprehensive examination is an assessment of your comprehensive knowledge of information science and learning technologies. It is your responsibility to inform your committee members of your intent to complete your comprehensive exam prior to the beginning of the semester in which you plan to complete the exam.

The IS&LT examination consists of three parts:
- Portfolio
- Written component
- Oral component

**Dissertation Requirements**

You should become involved in research throughout your program so that, by the time the comprehensive examination is completed, you have a well-formulated topic for research. Research may include required coursework activities, collaborations with faculty, or an independent effort. Earlier research can serve to explore a dissertation topic, serve as a pilot study, or become part of a dissertation prospectus. However, formal approval of a dissertation prospectus by your Committee must precede the serious pursuit of the study.

**Dissertation Committee**

Following the completion of the comprehensive examination, the responsibility of the Program Committee is completed. You will then form a committee to direct your dissertation. This committee may, but does not have to, consist of the same members as the Program Committee. You are encouraged to include those faculty members who can best support your line of research as members of your Dissertation Committee. During your academic program, your interests may change and should be reflected in the Dissertation Committee membership. The Dissertation Committee must consist of a minimum of three SISLT faculty members. The Dissertation Committee chair must be a member of the MU doctoral faculty. A faculty member or practitioner holding a terminal degree from outside of SISLT who has expertise in your research may be added as a special Committee member with program approval. At least one member must be from a program other than IS&LT, typically from your minor or supporting field.

**Dissertation Proposal Meeting**

You will be required to schedule a dissertation proposal meeting prior to beginning your research. Your Dissertation Committee must approve your conceptualization and methodology prior to beginning any data collection. The proposal meeting is open to all faculty and students in the School. The proposal should include the first three chapters (Chapter 1: Rationale for the Study, Chapter 2: Literature Review, Chapter 3: Description of Methodology) of the dissertation unless your Committee has approved an alternative form.

**Dissertation Defense**

After receiving your Dissertation Chair’s approval, you may schedule your dissertation defense. A copy of your dissertation must be sent to each committee member at least three weeks prior to the defense meeting. Other faculty, students, and staff may also attend your oral defense. It will be announced to the entire program at least one week prior to the scheduled examination time. These people will be excused while the Committee evaluates your performance.

**Admissions**

Email: sislt@missouri.edu
SISLT Student Services Coordinator
304 Townsend Hall
Columbia, MO 65211
Phone: 573-882-4546 or toll free 877-747-5868

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the PhD in Information Science and Learning Technology program ([http://education.missouri.edu/SISLT/PhD/PhD_Application.php](http://education.missouri.edu/SISLT/PhD/PhD_Application.php)) and the minimum requirements of the Graduate School ([http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php](http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php)). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied before official admission to the University of Missouri.
Learning, Teaching and Curriculum

Professionals interested in advancing their careers in education can specialize in a variety of disciplines in MU’s Department of Learning, Teaching and Curriculum. LTC specializes in teacher preparation and in graduate programming for professionals in education. Students find challenging, yet rewarding, opportunities through MU’s dynamic research centers and projects and are supported by faculty who are subject matter experts.

Consider LTC if you

• want to advance as a professional in education through a field specialization
• enjoy exercising independent judgment, and
• desire to help all learners achieve success and strengthen the future through education.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

While MU does not offer undergraduate degrees specifically in Learning, Teaching & Curriculum, the University does offer baccalaureate opportunities in a number of related areas, both within the College of Education, and in the other Schools and Colleges that comprise the University. The catalog provides a complete list of these degree options (p. 5).

About the Program

Graduate study in Learning, Teaching, & Curriculum prepares teachers, curriculum leaders and teacher educators for professional excellence. With the rapid changes in education—especially developments in instructional materials and techniques, curriculum construction and classroom organization—teachers who have completed their certification may need to update, refine and extend their knowledge and skills.

Further, many educators enter new roles as subject-matter specialists, curriculum coordinators, supervisors of instruction, department heads, leaders of professional development education or teacher educators. Graduate programs in Learning, Teaching, & Curriculum are designed to prepare the professionals for these new roles.

Areas of Study

Depending on the degree program, students can pursue discipline-specific emphasis areas (e.g., elementary education, music education, science education and others) and focus on curriculum development, research, or teacher education. Outside concentration areas are also available.

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program Web site or ask the program contact for details.

Graduate

MA in Learning, Teaching and Curriculum

Our department is no longer admitting students to the MA in Learning, Teaching and Curriculum. We invite you to explore the other graduate degree options in Learning, Teaching and Curriculum (p. 376) and the College of Education. (p. 344)

About the M.Ed.

The M. Ed. program requires 32 hours in Learning, Teaching, & Curriculum coursework. The following emphasis areas are currently offered: General LTC; Art Education; Early Childhood Education; Elementary Education; English Education; Learning and Instruction; Mathematics Education; Music Education; Reading Education; Science Education; Social Studies Education; and also a focus in TESOL.

Admissions Deadlines

Applicants are encouraged to submit their applications as early in the process as possible. Applications can take 6-8 weeks to expedite completely. Every reasonable effort will be made to process the application for the semester requested.

Admission Requirements

• Completion of an appropriate baccalaureate degree with a GPA of 3.0 or better
• Evidence of at least 2 years of successful experience in an appropriate field
• Minimum TOEFL scores for most areas:

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>79</td>
<td>550</td>
</tr>
</tbody>
</table>

• Minimum GRE score* required for following emphasis areas only: Early Childhood Education, English Education, Mathematics Education, Science Education, Social Studies Education, and TESOL.

When did you take the GRE?

<table>
<thead>
<tr>
<th>Prior to August 1, 2011</th>
<th>810+</th>
</tr>
</thead>
<tbody>
<tr>
<td>On or After August 1, 2011</td>
<td>291= (V150,Q141)</td>
</tr>
</tbody>
</table>

*Clarification: Not all LTC programs require the GRE exam - only those listed above.

Required Application Materials to the Graduate School

• All required Graduate School documents
• Official transcripts
• GRE scores required for Early Childhood Education, English Education, Mathematics Education, Science Education, Social Studies Education, and TESOL.
• TOEFL scores (international applicants)

Required Application Materials to the Learning, Teaching, & Curriculum Program

• Personal data sheet form (select appropriate form from the department website)
• Statement of purpose
• GRE scores (a copy may be sent to the department too; minimum, an official result needs to be sent to Graduate School)
• Letters of recommendation; check with department to see if they are required for your emphasis. Most programs now require a minimum of 2 letters of recommendation. ALL LETTERS MUST BE CONFIDENTIAL AND SUBMITTED ACCORDINGLY THROUGH THE GRADUATE SCHOOL APPLICATION SYSTEM.

MEd in Learning, Teaching and Curriculum with Emphasis in Art Education

Degree Requirements

The master’s degree in Art Education is designed to allow elementary teachers or secondary teachers to pursue a program of study to increase competence in curriculum planning, techniques of teaching art, and the subject matter of studio art and art history and may lead to certification to teach art.
The MEd degree in Art Education comprises 32 semester hours of graduate work that meets the professional needs of the students. The courses include 16 hours of classes at the 8000-9000 level and 16 hours of work in education at the 7000-9000 level or above, which includes a course that enables the student to read, interpret and evaluate research.

**Admissions**

**Admissions**

Admission requirements will be based upon the following criteria. Complete admission requirements (http://education.missouri.edu/LTC/prospective_students/how_to_apply.php) for the Master’s program.

- Completion of an appropriate Bachelor’s degree with a GPA of 3.0 or better.
- A minimum of two letters of recommendation; three letters, if your undergraduate GPA (last 60 hours) is below a 3.0.
- Statement of purpose clearly indicating that the proposed Masters degree is appropriate to the applicant’s professional aspirations.
- For students whose native language is not English, a score of 500 or better on the TOEFL taken within the past two years

The LTC Department cannot assure admission to all applicants who meet minimum standards specified for the degree program. Resource constraints do not permit the admission of all qualified applicants.

A committee of faculty reviews the credentials of each applicant. It is the responsibility of this committee to exercise professional judgment related to the criteria that applicants must meet in order to be considered for admission to the program.

About the Ed.D.

The LTC department offers the doctorate of education with emphasis in General LTC studies, Elementary Education, or Reading Education.

Application Deadline

Applicants are encouraged to submit their applications as early in the process as possible. Applications can take 6-8 weeks to expedite completely. Every reasonable effort will be made to process the application for the semester requested.

Admission Requirements

• Completion of an appropriate preliminary degree with a GPA of 3.0 or better
• Evidence of at least 2 years of successful experience in an appropriate field
• Minimum TOEFL scores for most areas:

<table>
<thead>
<tr>
<th>Internet-based test (IBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>79</td>
<td>550</td>
</tr>
</tbody>
</table>

Minimum GRE score* (varies by program area). Generally:

When did you take the GRE? | Verbal + Quantitative
Prior to August 1, 2011      | 810+
On or After August 1, 2011  | 291= (V150,Q141)

*Note: Minimum GRE score varies by program area. All LTC doctoral programs require the GRE exam in order to be considered for the program.

Required Application Materials to the Graduate School:
• All required Graduate School documents
• Official transcripts
• Official GRE Scores
• Official TOEFL scores

Required Application Materials to the Learning, Teaching, & Curriculum Program
• Personal data sheet form (select appropriate form from the department website)
• Statement of purpose
• GRE scores (a copy may be sent to the department too; minimum, an official result needs to be sent to Graduate School)
• 3 letters of recommendation are required for all doctoral applicants. ALL LETTERS MUST BE CONFIDENTIAL AND SUBMITTED ACCORDINGLY THROUGH THE GRADUATE SCHOOL APPLICATION SYSTEM.

Financial Aid from the Program

Internal assistantships, fellowships or other funding packages require a departmental application, starting Fall 2010, and must be completed every semester in order to have funding renewed. Completion of the application does not guarantee renewal. Check the program Web site or ask the program contact for details.

EdD in Learning, Teaching and Curriculum with Emphasis in Elementary Education

The page for this program is still under construction and should be available in future editions of the catalog. For further information concerning this degree, contact the School or College offering this degree.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the EdD in Learning, Teaching and Curriculum (http://gradschool.missouri.edu/academics/programs/learning-teaching-curriculum/doctorate.php) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied before official admission to the University of Missouri.
School and the degree program to which you’ve applied before official admission to the University of Missouri.

**About the Ph.D.**

The LTC department offers the Doctorate of Philosophy (Ph.D.) with emphasis options in General LTC; Art Education; Early Childhood Education; Elementary Education; English Education; Mathematics Education; Music Education; Reading Education; Science Education; or Social Studies Education.

**Application Deadlines**

Applicants are encouraged to submit their applications as early in the process as possible. Applications can take 6-8 weeks to expedite completely. Every reasonable effort will be made to process the application for the semester requested.

**Admission Requirements**

- Completion of an appropriate preliminary degree with a GPA of 3.0 or better
- Evidence of at least 2 years of successful experience in an appropriate field
- Minimum TOEFL scores for most areas:
  - Internet-based test (iBT)
    - 79
  - Paper-based test (PBT)
    - 550
- Minimum GRE score*( varies by program area). Generally:
  - When did you take the GRE?
    - Prior to August 1, 2011
      - Verbal + Quantitative 1000+
    - On or After August 1, 2011
      - V153,Q144=297+

  Note: Minimum GRE score varies by program area. All LTC doctoral programs require the GRE exam in order to be considered for the program.

**Required Application Materials to the Graduate School:**

- All required Graduate School documents
- Official transcripts
- Official GRE scores
- Official TOEFL scores

**Required Application Materials to the Learning, Teaching, & Curriculum Program**

- Personal data sheet form (select appropriate form from the department website)
- Statement of purpose
- GRE scores (a copy may be sent to the department too; minimum, an official result needs to be sent to Graduate School)
- 3 letters of recommendation are required for all doctoral applicants. ALL LETTERS MUST BE CONFIDENTIAL AND SUBMITTED ACCORDINGLY THROUGH THE GRADUATE SCHOOL APPLICATION SYSTEM.

**Financial Aid from the Program**

Internal assistantships, fellowships or other funding packages require a departmental application, starting Fall 2010, and must be completed every semester in order to have funding renewed. Completion of the application does not guarantee renewal. Check the program Web site or ask the program contact for details.
PhD in Learning, Teaching and Curriculum with Emphasis in Art Education

The page for this program is still under construction and should be available in future editions of the catalog. For further information concerning this degree, contact the School or College offering this degree.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the PhD in Learning, Teaching and Curriculum (http://gradschool.missouri.edu/academics/programs/learning-teaching-curriculum/doctorate.php) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Middle School Education

Dr. Wendy Sims, Director of Teacher Education
Department of Learning, Teaching and Curriculum
202 Townsend Hall
573-882-0560
TeacherEducation@missouri.edu (WhiteJess@missouri.edu)

Professional education coursework is delivered by four departments within the College of Education, namely, Learning, Teaching and Curriculum; Special Education; Educational Leadership and Policy Analysis; and Educational, School and Counseling Psychology.

Faculty

Associate Professor Emeritus M. Volkmann**
Emeritus Research Professor D. A. Grouws**
Associate Teaching Professor A. Barbie*, L. Kingsley*, J. Ostrow*
Assistant Teaching Professor A. Ashcraft*, J. Clifton*, L. Neier*, B. Smith*
Assistant Clinical Professor A. Waldron**

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

- BSEd in Middle School Education (p. 387)
  - with emphasis in Language Arts (p. 387)
  - with emphasis in Math (p. 389)
  - with emphasis in Science (p. 390)
  - with emphasis in Social Studies (p. 391)

The requirements for the Bachelor of Science in Education are specified in three areas: University general education, professional education and a teaching major. All students preparing to be teachers in early childhood, elementary, special education, middle or secondary schools, regardless of the major field, are required to complete the University general education program. Students transferring from other institutions are required to fulfill the equivalencies of these courses.

Graduate

The Middle School Education Program at the University of Missouri includes degree programs that focus on preparing graduates to teach in grades 5-9. The College of Education does not currently offer a graduate degree specifically in Middle School Education. However, we do offer Masters (M.Ed.) and doctorates (Ph.D) in the following areas.

- Math
- English/Language Arts
- Science
- Social Studies
- Art
- Music

We also offer a graduate degree in “Reading/Literacy Education” at the M.Ed., Ed.S., Ed.D, and Ph.D. levels.

You can find out more about the programs by going to http://education.missouri.edu/academics/graduate_studies/index.php.

Undergraduate

BSEd in Middle School Education

Major Program Requirements

The BSEd in Middle School Education is offered in four emphasis areas: Language Arts (p. 387), Math (p. 389), Science (p. 390), and Social Studies (p. 391). Students must choose one of the emphasis areas to earn the BSEd. Details on the requirements for the programs are listed under each emphasis.

Semester Plan

A sample plan of study has not been designed for this major, as students are required to select an emphasis. Refer to the semester plans designed for the emphasis in Language Arts (p. 387), Math (p. 389), Science (p. 390), or Social Studies (p. 391).

BSEd in Middle School Education with Emphasis in Language Arts

Major Program Requirements

Students must complete all university (p. 17), general education (p. 18), and content requirements, in addition to the degree requirements below.

Secondary Education

Dr. Wendy Sims, Director of Teacher Education
Department of Learning, Teaching and Curriculum
202 Townsend Hall
573-882-0560
TeacherEducation@missouri.edu

Professional education coursework is delivered by four departments within the College of Education, namely, Learning, Teaching and Curriculum; Special Education; Educational Leadership and Policy Analysis; and Educational, School and Counseling Psychology.

Faculty
Associate Professor Emeritus M. Volkmann**
Emeritus Research Professor D. A. Grouws**
Associate Teaching Professor A. Barbis*, L. Kingsley*, J. Ostrow*
Assistant Teaching Professor A. Ashcraft*, J. Clifton*, L. Neier*, B. Smith*
Assistant Clinical Professor A. Waldron**

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master's thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Graduate

The Secondary Education Program at the University of Missouri includes degree programs that focus on preparing graduates to teach in grades 9-12. The College of Education does not currently offer a graduate degree specifically to Secondary Education. However, we do offer Masters (M.Ed.) and doctorates (Ph.D) in the following areas.

- Math
- English/Language Arts
- Science
- Social Studies
- Art
- Music

We also offer a graduate degree in “Reading/Literacy Education” at the M.Ed., Ed.S., Ed.D, and Ph.D. levels.

You can find out more about the programs by going to http://education.missouri.edu/academics/graduate_studies/index.php.

Undergraduate

BSEd in Secondary Education

Major Program Requirements

The BSEd in Secondary Education is offered in ten emphasis areas: Biology (p. 395), Chemistry (p. 396), Earth Science (p. 397), General Science (p. 398), Language Arts (p. 398), Mathematics Education (p. 399), Music Education (p. 400), Physics (p. 403), and Social Studies (p. 404). Students must choose one of the emphasis areas to earn the BSEd. Details on the requirements for the programs are listed under each emphasis.

Semester Plan

A sample plan of study has not been designed for this major, as students are required to select an emphasis. Refer to the semester plans designed for the emphasis in Biology (p. 395), Chemistry (p. 396), Earth Science (p. 397), General Sciences (p. 398), Language Arts (p. 398), Mathematics Education (p. 399), Music Education (p. 400), Physics (p. 403), or Social Studies (p. 404).

BSEd in Secondary Education with Emphasis in Art Education

The Undergraduate Art Education Program is currently suspended due to low enrollment. The University of Missouri and MU College of Education remain committed to art education and will continue to provide a post-baccalaureate certification program, master’s degree and doctorate in art education. BA and BFA candidates may acquire art teaching certification by completing the art education requirements not already completed in the BA or BFA programs. In addition, students must complete all university (p. 17), general education (p. 18) and content requirements. In addition, the MU College of Arts and Science offers a bachelor’s degree in art and a bachelor’s degree in fine arts.
BSEd in Secondary Education with Emphasis in Biology

Major Program Requirements

Students must complete all university (p. 17), general education (p. 18), and content requirements, in addition to the degree requirements below.

Students have the choice to complete a single subject or unified science endorsement. The unified science endorsement creates the opportunity to teach any of the beginning sciences. A list of the additional courses for the unified science endorsement can be found at the end of the list of required courses for each of the science areas.

### BSEd in Secondary Education with Emphasis in General Science

The College of Education no longer offers a BSEd in Secondary Education with emphasis in General Science. Please see our science emphasis areas (Biology (p. 395), Chemistry (p. 396), Earth Science (p. 397), Physics (p. 403)).

### BSEd in Secondary Education with Emphasis in Language Arts

**Major Program Requirements**

Students must complete all university (p. 17), general education (p. 18), and content requirements, in addition to the degree requirements below.

**Semester Plan**

Below is a sample plan of study, semester by semester. A student’s actual plan may vary based on course choices where options are available.

Please meet with an academic advisor to discuss these options.

### First Year

**Fall**
- LTC 1120 1
- MATH 1100 3
- ENGLSH 1000 3
- ENGLSH 2010 3
- PSYCH 1000 3
- Humanities Elective 3
- HIST 1100 3
- BIO_SC 1010 3
- Total Credits: 13

**Spring**
- LTC 2040 3
- LTC 2044 3
- Humanities Elective 3
- POL_SC 1100 3
- HIST 1100 3
- BIO_SC 1010 3
- Total Credits: 15

### Second Year

**Fall**
- ESC_PS 2010 3
- LTC 2040 3
- ENGLSH 1510 3
- LTC 2044 1
- ESC_PS 2014 1
- ENGLSH 3210 3
- GEOL 1100 4
- Humanities Elective 3
- ENGLSH 2100 3
- Total Credits: 17

**Spring**
- LTC 4560 3
- LTC 4571 4
- LTC 4574 4
- SCI_ED 4020 3
- ENGLSH 4610 3
- ENGLSH 4650 3
- ENGLSH 4600 3
- ENGLSH 4610 3
- LTC 4460 3
- LTC 4490 3
- Total Credits: 16

### Third Year

**Fall**
- LTC 4560 3
- LTC 4571 4
- LTC 4574 4
- SCI_ED 4020 3
- ENGLSH 4610 3
- ENGLSH 4600 3
- ENGLSH 4600 3
- ENGLSH 4610 3
- LTC 4460 3
- LTC 4490 3
- Total Credits: 16

### Fourth Year

**Fall**
- LTC 4560 3
- LTC 4571 4
- LTC 4574 4
- SCI_ED 4020 3
- ENGLSH 4610 3
- ENGLSH 4600 3
- ENGLSH 4600 3
- ENGLSH 4610 3
- LTC 4460 3
- LTC 4490 3
- Total Credits: 16

Total Credits: 123

Please meet with an academic advisor to discuss these options.
Below is a sample plan of study, semester by semester, for the **instrumental track**. A student’s actual plan may vary based on course choices where options are available.

Please meet with an academic advisor to discuss these options.
BSEd in Secondary Education with Emphasis in Physics

Major Program Requirements

Students must complete all university (p. 17), general education (p. 18), and content requirements, in addition to the degree requirements below.

Students have the choice to complete a single subject or unified science endorsement. The unified science endorsement creates the opportunity to teach any of the beginning sciences. A list of the additional courses for the unified science endorsement can be found at the end of the list of required courses for each of the science areas.

Special Education

Our mission is to prepare educators to work with children, youth and adults with disabilities to be academically and socially successful life-long learners. The department offers comprehensive degree programs that blend pedagogy and practices across developmental, specific content, and exceptionality to prepare educators to work with individuals at-risk and those with disabilities. In addition, the department offers comprehensive programs within exceptionalties, curriculum development for learners with disabilities, policy, and research across the lifespan.

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BSEd in Special Education (p. 407)
  • with emphasis in Cross Categorical Special Education (p. 407)

The requirements for the Bachelor of Science in Education are specified in three areas: University general education (p. 18), professional education and a teaching major. All students preparing to be teachers in early childhood, elementary, special education, middle or secondary schools, regardless of the major field, are required to complete the University general education program. Students transferring from other institutions are required to fulfill the equivalencies of these courses.

About Special Education Graduate Programs

We strive to prepare educators to assist children, youth and adults with disabilities to be academically and socially successful life-long learners. Our faculty are consistently recognized — internationally and across the U.S. — for their individual and collaborative teaching and research excellence. The department’s unique mix of faculty expertise areas creates a wide range of opportunities for students and researchers. Special Education hosts or co-hosts several state and federally supported training, demonstration and research projects, including the following three centers that focus on facilitating positive developmental outcomes for children and youth with disabilities:

• Center for School-Wide Positive Behavioral Supports
• Center for Adolescent Research in Schools
Areas of Study

Students pursuing a master's degree may pursue course work in autism, behavior disorders, early-childhood special education, general special education (cross categorical), gifted education, learning disabilities or learning and instruction.

Doctoral student may study in areas such as administration and supervision of special education, behavior disorders, early-childhood special education, general special education (cross categorical), learning disabilities or developmental disabilities (cognitive impairments).

Careers

Undergraduate and graduate programs prepare teachers and leadership personnel in the field of special education. Program graduates assume roles as teachers in a variety of educational settings, as consulting teachers, college professors, researchers, school administrators and leaders in state and federal governmental agencies. Programs meet students' needs and interests within the framework of the requirements of each specific degree and state certification guidelines.

Undergraduate

BSEd in Special Education

Major Program Requirements

Students are required to select the emphasis area in Cross Categorical Special Education (p. 407) for this degree. Refer to the emphasis for degree requirements.

Semester Plan

For a sample plan of study refer to the semester plan designed for the emphasis in Cross Categorical Special Education (p. 407).

BSEd in Special Education with Emphasis in Cross Categorical Special Education

Major Program Requirements

Students must complete all university (p. 17), general education (p. 18), and content requirements, in addition to the degree requirements below.

### Required Application Materials

**To the Graduate School:**
- All required Graduate School documents

**To the Special Education Program:**
- Departmental application
- Letter of intent and professional goals
- 2 letters of recommendation (form provided by department)
- GRE score report

### Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program Web site or ask the program contact for details.

### Degree Completion

The MA program emphasizes research and requires 33 hours. MA candidates must follow Graduate School guidelines with respect to timeliness and committee formations and complete a thesis.

### Retention

To remain in good standing in the master’s program and earn a master’s degree, each student must earn and maintain an overall grade point of 3.0 or higher in all required and elective course work each semester. If student’s GPA falls below 3.0 for any semester, they will be dropped from the degree program. If students receive a grade of “C” in any core or required course, remedial activities will be required. Students must also complete course work assigned a grade of “I” prior to the end of the following semester.

### Satisfactory Progress

For information on general progress guidelines and the dismissal policy, see the Special Education site.

### MA in Special Education with Emphasis in Behavior Disorders

The page for this program is still under construction and should be available in future editions of the catalog. For further information concerning this degree, contact the School or College offering this degree.

### Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the MA in Special Education program (http://gradschool.missouri.edu/academics/programs/special-education) and the minimum requirements of the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Graduate...
School and the degree program to which you’ve applied before official admission to the University of Missouri.

MA in Special Education with Emphasis in Curriculum Development for Exceptional Students

The page for this program is still under construction and should be available in future editions of the catalog. For further information concerning this degree, contact the School or College offering this degree.

About Special Education’s Master’s Degrees

The Master of Education program requires 33 hours and a comprehensive examination or project.

The Master of Arts program (p. 408) emphasizes research and requires 33 hours. MA candidates must follow graduate school guidelines with respect to timeliness and committee formations and complete a thesis.

Admission Criteria

Fall deadline: July 1
Spring deadline: November 1
Summer deadline: April 1
Minimum GPA: 3.0/4.0
Minimum TOEFL scores:

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>
</tr>
</thead>
<tbody>
<tr>
<td>80</td>
<td>60</td>
</tr>
</tbody>
</table>

Minimum preferred GRE scores:

When did you take the GRE? | Verbal + Quantitative
--------------------------|------------------------|
Prior to August 1, 2011    | 900                    |
On or After August 1, 2011 | 291 (V 150 + Q 141) / Analytic Writing 3.5 |

Faculty selection committees review applications for admission into the various graduate programs. Factors considered in the graduate student review process include previous academic course work and performance, GRE scores, letters of recommendation from professors or professional supervisors and relevant professional work experiences. The letter of intent is evaluated for advising purposes and is an indication of the applicant’s motivation, professionalism and writing competencies. Interviews with faculty are often arranged as part of the admissions review process.

Required Application Materials

To the Graduate School:

- All required Graduate School documents

To the Special Education Program:

- Departmental application
- Letter of intent and professional goals
- 2 letters of recommendation (form provided by department)
- GRE score report

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program Web site or ask the program contact for details.

Degree Completion

Maser’s candidates must follow Graduate School guidelines with respect to timeliness and committee formations and complete a thesis.

Retention

To remain in good standing in the master’s program and earn a master’s degree, each student must earn and maintain an overall grade point of 3.0 or higher in all required and elective course work each semester. If student’s GPA falls below 3.0 for any semester, they will be dropped from the degree program. If students receive a grade of “C” in any core or required course, remedial activities will be required. Students must also complete course work assigned a grade of “I” prior to the end of the following semester.

Satisfactory Progress

For information on general progress guidelines and the dismissal policy, see the Special Education site.

• GRE score report

Financial Aid from the Program
Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program Web site or ask the program contact for details.

Plan of Study
The EdD program requires 72 hours beyond the requirements of the master’s degree.

Qualifying Exam
Doctoral students must successfully pass a qualifying exam. This is given to assess the student’s current knowledge of the field, their ability to synthesize professional literature, engage in professional writing practices, and orally present/discuss key issues within the field. This process is conducted by three faculty members and may be used to help define the student’s plan of study.

Comprehensive Exam and Dissertation
Doctoral students must complete comprehensive exams, which have a written and oral component, which is constructed and evaluated by the student’s doctoral committee in order to advance to “candidacy” status. A minimum of six hours of 9090 Research is required for the doctoral program in completion of the dissertation.

Satisfactory Progress
For information on general progress guidelines and the dismissal policy, see the Special Education site.

Due to multiple and growing demands upon the academy for quality control, accountability, and productivity, administration of higher education has become increasingly complex. The Graduate Certificate in Higher Education Administration is designed to address the need for enhanced understanding of the higher education institutional context and
for improved skills in areas required for effective administration of the higher education enterprise.

The Graduate Certificate in Higher Education Administration is designed to provide students with an overview of higher education administration and governance, and with some technical knowledge about various aspects of administration, e.g., finance, law, policy.

**Graduate Minor in Multicultural Psychology**

As we enter the new millennium, the U.S. population is becoming more multiracial, multietnic, and multilingual. Some estimate that by the year 2020, racial and ethnic minorities will become the numerical majority. This demographic shift has already occurred in specific contexts, such as K-12 schools in Los Angeles. Applied psychologists and educators have begun to develop competency standards for professionals to provide culturally relevant and effective services to our ever-changing population. In fact, multiculturalism has been identified as the fourth focus in counseling psychology. The purpose of the graduate minor in multicultural psychology and education would be to (a) expose graduate students to the growing theoretical and empirical research completed in the fields of multicultural psychology and education, (b) help graduate students develop multicultural competencies in research and practice, and (c) provide graduate students with training necessary to meet the psychological and educational demands of diverse populations.

The requirements for the minor are listed below.

- A minimum of 12 credit hours
- 9 credit hours must be taken as a graduate student at the University of Missouri
- No more than 6 credit hours should be listed in the masters or doctoral planer. That is, a maximum of 6 hours can overlap between the courses applied to the Minor in Multicultural Psychology and the courses applied toward a masters or doctoral degree.
- A minimum of 9 credit hours must be 8000 or above (graduate level)
- 6 credit hours must be taken within the core area with a foci on racial and ethnic minorities (see listing below)
- 3 credit hours must be taken in the auxiliary area (see listing below)
- 3 credit hours must be taken in the skills area (see listing below)

**Core Courses**

- ESC_PS 8580 Social and Cultural Identity Development 3
- ESC_PS 8590 Multicultural Counseling Competencies: Theory and Research 3
- ESC_PS 9000 Multicultural Issues in Counseling 3

Other racial/ethnic-focused graduate level courses in other departments, with pre-approval.

**Auxiliary Courses**

- ESC_PS 8585 Gender Issues in Counseling and Education 3
- ESC_PS 8990 Career Development Theory for Women 3
- ESC_PS 8510 Medical and Psychological Aspects of Disability 3
- ESC_PS 8540 Theory and Practice in Feminist Therapy 3

Other diversity issues and inequality in social systems graduate level courses in other departments, with pre-approval.

**Skill Courses**

- Must complete 3 credit hours from one of the options below.

**Research Skills**

- ESC_PS 8090 Master’s Thesis in Educational, School, and Counseling Psychology
**Graduate Certificate in Positive Psychology**

The page for this program is still under construction and should be available in future editions of the catalog. For further information concerning this degree, contact the School or College offering this degree.

For admission requirements, refer to the Graduate School’s website for the minimum qualifications for the degree program (http://gradschool.missouri.edu/academics/programs) and the Graduate School (http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, application deadlines, eligibility, and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

**Graduate Certificate in Teaching English to Speakers of Other Languages**

The Graduate Certificate in Teaching English to Speakers of Other Languages (TESOL) prepares English language teachers, English language program administrators, language testers, and educational materials writers to work in contexts where English is a foreign language (EFL contexts). The objectives of the certificate are to develop professionals with a) knowledge of the structure of the English language; b) an understanding of how languages are used and learned; and c) skills in designing and implementing pedagogical tasks to facilitate language learning. The certificate consists of 18 graduate credit hours divided among five core courses and one elective course.

thompsonje@missouri.edu

When engineering classes at the University of Missouri began in 1849, a strong tradition was born that continues to grow. Today, the College of Engineering includes the first electrical engineering department established west of the Mississippi River and the only industrial engineering program in Missouri. The college offers fully accredited degree programs in biological, chemical, civil, computer, electrical, industrial and mechanical engineering, along with computer science and information technology. All programs offer both undergraduate and graduate degrees. Naval Science is under the academic administration of the college as well. The hallmark of the College of Engineering is excellence in teaching and scholarly pursuits.

Mission

The College of Engineering will continuously improve the quality of its primary areas of responsibility—teaching, research and service. In so doing, the College:

- Provides engineering students and practicing professionals with the expertise and new knowledge required to solve society’s complex technological problems
- Develops and utilizes enabling technologies for teaching, research, service and outreach
- Prepares students and practicing professionals to compete in a global economy
- Instills students with a commitment to life-long learning

Undergraduate

- Admissions (p. 419)
- Graduation Requirements (p. 421)
- Academic Regulations (p. 421)
- Student Services (p. 422)

Admissions

Direct Freshman Admission to Engineering

Entering freshmen are expected to have completed 17 units of approved high school course work (in grades 9-12), including 4 units in English, 4 in mathematics and 3 in science with laboratory. Mathematics should include 2 units of algebra, 1 unit of plane and solid geometry (combination course), and 1/2 unit of trigonometry. Additional senior mathematics is recommended.

For direct admission to the College of Engineering, the applicant must meet the qualifications listed below (these numbers are subject to change).

- ACT-Math of at least 24 AND
- ACT-Composite of at least 24 OR high school class rank in the upper 25 percent

The average ACT scores for first-time freshmen admitted to the College of Engineering for fall 2011 were ACT-Composite 28.1, ACT-Math 28.5 and ACT-English 27.4.

Pre-Engineering Program (PEP)

Freshmen who do not meet the criteria for direct admission to the College of Engineering are admitted initially into the Pre-Engineering Program. Although admitted to the College of Arts and Science, each PEP student receives advising by an engineering advisor.

PEP reduces freshman pressures while preserving alternatives. Because PEP students are enrolled in the College of Arts and Science, degree options in the College of Arts and Science are available to those who may decide to change their focus from engineering.

Most first-semester PEP students enroll in one preparatory math course and three courses in the College of Arts and Science, which count in both the engineering and arts and science degree programs. The prime objective is to strengthen math preparation sufficiently for success in engineering.

PEP students are eligible to transfer to the College of Engineering when they meet the following requirements:

- Satisfactory completion of 24 credits
- GPA of 2.0 or higher both Cumulative and last graded term
- A grade of C- or better in MATH 1500 Analytic Geometry and Calculus I or, for Information Technology students, MATH 1400 Calculus for Social and Life Sciences I
- Academic good standing

Declared and Undeclared Status

Freshmen engineering students will start in an undeclared status unless they meet criteria for direct departmental admission (see criteria below). Students admitted to the College of Engineering in undeclared status will work to complete a foundational curriculum consisting of math, science, and engineering courses. Upon completion of the foundational curriculum students will apply for entrance to available degree programs. The specific standards and capacity vary among the degree programs as necessary to align enrollments with educational resources.

**Mizzou Engineering Dean’s Scholars Program**

The purpose of the Engineering Dean’s Scholars Program is to recognize, mentor and train the highest-achieving students in scholarship and leadership. Engineering Dean’s Scholars participate in the Engineering Scholars Freshman Interest Group (FIG) which will be housed in Hudson or Gillett Residence Hall. Faculty-scholar lunches are held several times during the semester to allow the scholars to meet with engineering faculty and to learn about the engineering profession and undergraduate research opportunities.

Scholars participate in leadership or mentoring activities during their sophomore, junior and senior years. Examples of such activities include serving as engineering ambassadors or peer advisors for an engineering FIG. Students chosen for peer advisor positions have their room and board covered in exchange for their services.

Engineering Dean’s Scholars are awarded a $1000 scholarship in addition to the $2000 Engineering Achievement Award and any other scholarships awarded. The Dean’s Scholarship is renewable for up to eight semesters with 3.5 cumulative GPA at the end of each spring semester.

Students who have ACT math and composite scores of 32 and a high school rank in the top 10 percent of their class will be sent applications upon admission. Students who are close to these criteria may request an application by contacting the engineering dean’s office at the address below. Consideration of students who do not meet the suggested minimum criteria will be contingent upon available space in the program. Applications are due February 1st.

Mizzou Engineering Dean’s Scholars Program
W1025 Lafferre Hall
University of Missouri
Columbia, MO 65211
Transfer Students

Students wishing to transfer to MU from an accredited college or university are subject to University regulations described in this catalog. The MU College of Engineering cooperates with many colleges through articulation agreements that help pre-engineering students transfer to MU with maximum ease and minimum loss of credits. A student may take the first two years at the participating school and then transfer to MU for the junior and senior years in engineering. After the program is completed, the student is awarded a BS degree in the chosen engineering field.

Transfer students may be admitted to the College as undeclared or may start with a departmental affiliation. Eligibility to enter the College with a departmental affiliation is based upon the student’s previous academic performance and department capacity.

Transfer students who enter the College as undeclared, are required to submit an application to enter a degree program. Admittance to the degree program is based upon previous academic performance and department capacity.

To be recommended for the BS degree from the College of Engineering, a student transferring from an accredited institution must complete at least 30 upper-level credits in the degree program at a UM System campus. At least 21 of the 30 credits must be upper-level engineering courses approved by the department awarding the degree.

A student transferring with senior standing from another UM System campus must complete the last 15 credits in residence on the campus where the degree program is located. Twelve of these 15 credits must be in engineering and approved by the department awarding the degree.

Any student whose enrollment in any college-level academic program resulted in dismissal, departure or who are on probation will not be admitted to the College of Engineering.

International Admission

Admission of international students is determined on an individual basis by a committee of representatives from the Admissions Office and the College of Engineering.

Before registering for classes at the University, international students must take the MU English Language Test, developed for international students. Students passing the test are eligible to take the MU English Language Test, developed for international students.

Transfer Students may be admitted to the College as undeclared or may start with a departmental affiliation. Eligibility to enter the College with a departmental affiliation is based upon the student’s previous academic performance and department capacity.

Transfer students who enter the College as undeclared, are required to submit an application to enter a degree program. Admittance to the degree program is based upon previous academic performance and department capacity.

To be recommended for the BS degree from the College of Engineering, a student transferring from an accredited institution must complete at least 30 upper-level credits in the degree program at a UM System campus. At least 21 of the 30 credits must be upper-level engineering courses approved by the department awarding the degree.

A student transferring with senior standing from another UM System campus must complete the last 15 credits in residence on the campus where the degree program is located. Twelve of these 15 credits must be in engineering and approved by the department awarding the degree.

Any student whose enrollment in any college-level academic program resulted in dismissal, departure or who are on probation will not be admitted to the College of Engineering.

Graduation Requirements

The curriculum provides a solid foundation of mathematics and physical sciences followed by the application of these sciences in engineering specialties. The balance of the curriculum encompasses communication skills, English, social sciences and humanities courses.

Many freshmen are eligible to start with calculus. However, some can profit from additional pre-calculus preparation, which is an addition to the undergraduate curricula.

Students should access the engineering web site (http://engineering.missouri.edu) for details regarding social and behavioral sciences and humanities and fine arts requirements.

In addition to the University’s general education and graduation requirements, the departments in the College of Engineering may require further specific courses to better equip students to perform in their chosen fields of study.

While many students complete the BS degree program in four years, some may find it advisable to extend the curriculum in order to carry lighter semester loads, add preparatory courses or compensate for part-time work.

GPA Requirements for Graduation from the College of Engineering

- GPA of record of at least 2.0
- GPA of at least 2.0 in all engineering courses offered by one of the four campuses of the UM System. “Engineering courses” include all courses that are offered through the College of Engineering or its equivalent on the four campuses, or that have “Engineering” in the curricular designator. Only the last grade in a repeated course will be used in the calculation.

Academic Regulations

Degree with Honors Requirements

Latin Honors are granted to students who meet the following cumulative GPA requirements:

<table>
<thead>
<tr>
<th>Latin Honor</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>summa cum laude</td>
<td>3.9</td>
</tr>
<tr>
<td>magna cum laude</td>
<td>3.7</td>
</tr>
<tr>
<td>cum laude</td>
<td>3.5</td>
</tr>
</tbody>
</table>

Departmental Honors

The college maintains an undergraduate honors program to further challenge those who have established a minimum GPA of 3.0 at the beginning of the junior year. A comparable grade point average is required of transfer students. The program leads to an undergraduate honors thesis on a research or advanced design project, provides for additional curricula flexibility and contains features that ease the transition to graduate school.

Opportunities available to honors students include:

- More personal attention from an honors advisor
- Independent study or undergraduate research with a senior faculty member whose specialty interests the honors candidate

A student who successfully completes the engineering honors program, including the independent project, will be designated an “Honors Scholar...”
in Engineering." Interested students should contact their departmental office.

Qualified engineering students are also welcome to join the programs of the Honors College and may enroll in various honors courses and honors sections of regular courses.

Courses in Basic Skills

No basic skills courses may be taken to fulfill graduation requirements.

Curriculum of Record

The curriculum of record is the curriculum a student must satisfy to meet graduation requirements. For students who maintain continuous, full-time enrollment, the curriculum of record is the one approved by the College of Engineering at the time the student achieves upper-division status in the discipline of choice. For others, the curriculum of record is decided by the department faculty.

Academic Probation and Dismissal

1. A student whose term and cumulative UM GPA are 2.0 or higher is in good academic standing. A “term” is defined as a semester or summer session.

2. A student will be placed on academic probation if while in good academic standing the student has a term GPA less than 2.0 but equal to or greater than 1.0.
   • While on academic probation, a student must enroll in and complete each semester at MU at least 12 credits of course work necessary for the degree. Courses taken through MU’s Mizzou Online (self-paced) count as part of these 12 credits. Part-time students must enroll in at least as many credits each semester as the college rules governing part time enrollment.
   • A student will be removed from probation at the end of the term when the term and cumulative GPA are 2.0 or higher, provided the student completed 12 or more hours applicable toward the degree.
   • A student will be continued on probation if while on probation the student has a term GPA greater than or equal to 2.0, but whose cumulative GPA is below 2.0.

3. A student will be dismissed from the College of Engineering if the student:
   • Receives a term GPA of less than 1.0
   • Receives a term GPA of less than 2.0 while on probation.
   • Fails to complete at least 12 credit hours toward their Engineering degree program while on academic probation.

4. Readmission:
   • If the appeals committee allows a student to re-enroll, it may set conditions such as courses to be taken, minimum grades, total hours, etc to which the student must adhere.
   • A student who has been dismissed for academic reasons may be readmitted upon a successful appeal to the academic appeals committee of the college. Students who are subject to dismissal (IE) and who wish to appeal their case for continuation must write an appeal letter and submit it to the academic appeals committee.
   • Similarly, students who wish to re-enroll in the college of Engineering after having been out of school as a result of a dismissal must write a letter of appeal to the College of Engineering academic appeals committee requesting readmission.
   • Letter of appeal may be addressed to: Engineering Academic Appeals Committee, W1025 Lafferre Hall, University of Missouri, Columbia, MO 65211. A personal visit with the director of undergraduate studies of the students department and advisor before appealing by letter is often helpful, both to the student and to the committee.
   • The primary concern of the appeals committee is the likelihood of future success. Accordingly, any appeal should include an explanation for past poor performance and reason for expecting better in the future.

5. A student who has been twice dismissed will normally be ineligible for readmission.

Satisfactory/Unsatisfactory Grading Option

Under Satisfactory/Unsatisfactory (S/U) grading, an S is assigned for a grade in the A, B or C range, and a U is assigned for a grade in the D range or for an F. Neither an S nor a U will be calculated into a student’s grade point average. A student enrolled in the College of Engineering may not take any math, science or engineering course that counts toward degree requirements under the S/U grading option, unless the course is only offered S/U. In addition, any course specifically required (by course number) in the curriculum may not be taken S/U. This includes ENGLSH 1000 or ENGLSH 1000H. The 18 credits taken to fulfill the University general education distribution requirement may be taken S/U.

Restrictions

• First-semester freshmen are ineligible to take any course S/U unless it is only offered S/U.
• Only one course per semester may be taken S/U.
• Students on academic probation are not allowed to take any course S/U.
• To be eligible for the Dean’s List each term, a student must complete 12 graded credits (S/U courses are not considered “graded”).

Student Services

Advising

Each student in the College of Engineering is assigned an advisor who assists the student in reaching academic and professional goals. Students are encouraged to meet with their advisors as often as needed. Engineering students have advising holds placed on their accounts each semester and must meet with their advisor to have the hold lifted in order to enroll each semester.

Diversity in Engineering Program

The Diversity in Engineering Program (DEP) supports increased enrollment and graduation rates among students from underrepresented minority groups in the College of Engineering. The DEP office provides student programming designed to create a user-friendly environment for students pursuing a degree in engineering from the University of Missouri. This effort includes models for successful outreach, recruitment, early research experience, counseling, undergraduate retention, academic enrichment, mentoring and information about graduate study.

DEP provides a support network between students, faculty, and staff to ensure academic success through programming ranging from free tutoring to time management and study skills sessions. Career
information sessions, resume review, and mock interviews are also provided to ensure professional preparedness. DEP also offers outreach opportunities for students to interact with the local community that include tutoring, mentoring, and giving presentations to local elementary, junior high and high school students.

**Learning Communities**

The college cosponsors several living/learning options for engineering students. The college believes that an environment conducive to the formation of networks, with aspects of social and academic interaction, enhances the retention and ultimate success of students in the engineering curriculum. Students selecting these options generally earn higher grades and are more likely to graduate than the average engineering student.

The Engineering Learning Community (ELC) is a special co-ed environment that offers engineering majors a full range of academic support and activities. ELC allows engineering students to live together, study together and have fun together. Freshman Interest Groups (FIGs) support incoming freshmen. Members of a FIG are co-enrolled in three courses during the first semester of the freshman year with a group of up to 20 students. Each community has its own computer lab, peer tutors, study groups and quiet hours.

**Professional Engineering Registration**

The revised statutes of Missouri (Section 327.221) require that each applicant for registration as a professional engineer in Missouri must be a graduate of and hold a degree in engineering in a curriculum accredited by the Accreditation Board for Engineering and Technology. The MU undergraduate programs in biological, chemical, civil, computer, electrical, industrial and mechanical engineering, and computer science at MU are so accredited.

Senior students are strongly encouraged to take the Fundamentals of Engineering Exam leading to the Fundamentals in Engineering (FE) status as a first step toward registration.

The MU undergraduate programs in biological, chemical, civil, computer, electrical, industrial and mechanical engineering, and computer science are accredited by the Engineering Commission of ABET, www.abet.org (http://www.abet.org).

**Naval Reserve Officers Training Corps (NROTC)**

NROTC was established in 1926 to offer college students the necessary naval science courses to qualify for commissions in the Navy or Marine Corps Reserve. Today, NROTC is one of the primary accession sources of officers for the Navy and Marine Corps.

Scholarship NROTC midshipmen incur no military obligation during their freshman year. This allows students to get a better understanding and appreciation of the life of a Navy or Marine Corps officer. Navy NROTC graduates incur a minimum five years military obligation. Marine NROTC graduates incur a minimum four year military obligation. The two-year NROTC program is designed for transfer students and for MU students who did not participate in NROTC during the first two years. MU also offers a Minor in Naval Science (p. 482).

Navy students should major in a technical course of study while marine students may major in any course of study leading to a baccalaureate degree. Academic credit for naval science courses is accepted toward a baccalaureate degree by most MU schools and colleges. Midshipmen take one naval science course for credit each semester, which provides education and training in various aspects of the Navy or Marine Corps. Associated with each course is a leadership laboratory. NROTC activities include water survival, self-defense, physical fitness, orienteering, aviation, nuclear power indoctrination, pistol/rifle marksmanship and a variety of field trips. Upon graduation, midshipmen are commissioned as Ensigns in the Navy or Second Lieutenants in the Marine Corps.

For additional information, contact:
Department of Naval Science
105 Crowder Hall

NROTC@missouri.edu
http://nrotc.missouri.edu/

**Graduate**

The University of Missouri began offering engineering classes in 1849. By 1877, a College of Engineering was established and by the 1890’s, students could pursue master’s and doctoral degrees. Today, the College offers graduate degrees in nine disciplines to 500+ domestic and international students.

Graduate engineering programs include

- Biological Engineering
- Chemical Engineering
- Civil & Environmental Engineering
- Computer Science
- Electrical & Computer Engineering
- Industrial Manufacturing & Systems Engineering
- Information Technology
- Mechanical & Aerospace Engineering
- MU Informatics Institute
- Nuclear Engineering

Mizzou engineering sustains a variety of research centers, programs, groups and facilities along with other departmental groups that are designated as areas of exemplary expertise and success. The college contributes significantly to MU’s overall annual research and development spending. The College also offers exceptional business opportunities to corporations, small businesses and start-ups.

**Note:** Prospective graduate students must apply to both the degree program of interest and to the MU Graduate School. In most cases, the entire application process may be completed online. Find admission and application details by selecting the degree program of interest in the left navigation column.
Biological Engineering

J. Tan, Chair
College of Engineering
College of Agriculture, Food and Natural Resources
215 Agricultural Engineering Building
(573) 882-7044
TanJ@missouri.edu

Recognizing the immense promise of bioengineering and the unique position of Mizzou for a strong bioengineering program, the College of Agriculture, Food and Natural Resources (CAFNR) and the College of Engineering (CoE) joined forces to form the Department of Bioengineering* (BE).

Bioengineering unites existing faculty and infrastructure from both colleges. CoE contributes biomedical engineering capabilities while CAFNR brings strengths in bioprocess and bioenvironmental engineering.

*The Department of Biological Engineering became Bioengineering in 2013. Courses and degree programs are still listed as Biological Engineering at this time.

Faculty

Primary Faculty

Assistant Professors C. Costello, H. Hunt*, F. M. Pfeiffer*

Affiliated Faculty

Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BSBE in Biological Engineering (p. 425)

Biological engineering is a science-based engineering discipline that integrates engineering and biological sciences in one curriculum. The MU biological engineering program is a broadly-based curriculum that prepares students for careers in three areas:

- Biomedical engineering (including pre-medicine)
- Bioprocess engineering
- Bioenvironmental engineering

Biological engineering graduates are hired by biotechnology, medical, pharmaceutical, food and agricultural companies, and by government agencies. Some attend graduate and medical schools. Graduates are well prepared to take the Fundamentals of Engineering exam during their senior year, which is the first step toward obtaining a Professional Engineer license.

The Bachelor of Science with a major in Biological Engineering (BS BE) program at MU is accredited by the Engineering Commission of ABET, www.abet.org (http://www.abet.org). The biological engineering curriculum was developed to meet the mission, program objectives and student outcomes described below.

Mission and Objectives

The department mission is to educate biological engineers to integrate engineering and biological sciences in the contexts of health, sustainability and environmental stewardship, thus preparing them for productive careers characterized by continual professional growth.

Program Educational Objectives

The undergraduate program leads to a Bachelor of Science degree in Biological Engineering, producing graduates who will, within 3-5 years:

1. Show proficiency in engineering analysis, design and development.
2. Interact effectively with life science and other professionals.
3. Integrate biological and engineering sciences for the design and development of innovative systems and processes for improved health, bio-resource utilization, and environmental protection.
4. Exhibit professionalism as they continually add value to their chosen field of endeavor.
5. Succeed in advanced study in engineering, medicine or veterinary medicine, if pursued.

Student Outcomes

By the time of graduation, Biological Engineering students will possess:

a. An ability to apply knowledge of mathematics, science and engineering;

b. An ability to design and conduct experiments, as well as to analyze and interpret data;

c. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability;

d. An ability to function on multi-disciplinary teams;

e. An ability to identify, formulate and solve engineering problems;

f. An understanding of professional and ethical responsibility;

g. An ability to communicate effectively;
h. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context;

i. A recognition of the need for, and an ability to engage in, life-long learning;

j. A knowledge of contemporary issues;

k. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice;

l. An ability to integrate engineering and biological sciences to develop systems and processes for improved health, bio-resource utilization, and environmental protection.

**Exploratory Course**

Students who want to learn more about the field should take BIOL_EN 1000 Introduction to Biological Engineering.

**Graduate**

Department of Biological Engineering  
256 William Stringer Wing  
Columbia, MO 65211-5160  
573-882-4113  
http://bioengineering.missouri.edu/

**Director of Graduate Studies:** Fu-hung Hsieh

- **MS in Biological Engineering** (p. 426)
- **PhD in Biological Engineering** (p. 427)

**About Biological Engineering**

Recognizing the immense promise of bioengineering and the unique position of MU for a strong bioengineering program, the College of Agriculture, Food and Natural Resources (CAFNR) and the College of Engineering (CoE) joined forces to form the Department of Biological Engineering (BE). BE unites existing faculty and infrastructure from both colleges. CoE contributes biomedical engineering capabilities while CAFNR brings strengths in bioprocess and bioenvironmental engineering. Biological engineering confers both masters and doctoral degrees to students who satisfy the general requirements of the Graduate School and the specific requirements for the masters degree and the doctoral degree of the Department of Biological Engineering. A Biomechanics Proficiency Area has recently been added.

**Master in Engineering**

A student may also choose to complete a Master of Engineering (p. 460) degree with a focus in Biological Engineering. See the Master of Engineering page for requirements (p. 460).

**Thesis Research and Funding**

Research assistantships are available to qualified graduate students. Thesis research may emphasize bioprocessing, biomedical engineering, environmental engineering or precision agriculture. Laboratories are well equipped for research in biomaterials, biomedical optics, bioprocessing, biosensors, computer vision, electrophysiology, food extrusion, properties of biological and food materials, process control, GIS, precision agriculture, water quality, wetlands, chemical application technology, soil physics, hydrology and renewable energy.

---

**Undergraduate**

**BSBE in Biological Engineering**

**Major Program Requirements**

The curriculum encompasses basic sciences, social and behavioral sciences, humanities and fine arts, engineering sciences and topics, and program core courses. The core courses cover topics of biological engineering principles and design. In a capstone design course, each student completes a design project under the direction of a faculty advisor. Technical electives allow students to place emphasis on biomedical, bioprocess or bioenvironmental engineering. The requirements listed below are in addition to University general education (p. 18) requirements.

**Major Core Requirements**

Total Credits: 126

Graduate

MS in Biological Engineering

Admission Contact Information

JoAnn Lewis (lewisj@missouri.edu)  
256 William Stringer Wing  
Columbia, MO 65211-5160  
573-882-4113

Admission Criteria

- Fall deadline: N/A
- Minimum GPA: 3.0 in the last 60 hours
- BS in engineering from an accredited university or equivalent experience
- Minimum Academic IELTS score:

<table>
<thead>
<tr>
<th>Item</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>OVERALL</td>
<td>6.0</td>
</tr>
</tbody>
</table>

- Minimum TOEFL scores:
  - Internet-based test (iBT)  
    - Paper-based test (PBT)  
    - 80 550
  - Minimum GRE scores:
    - Prior to August 1, 2011  
      - 1100 4.0
    - On or After August 1, 2011  
      - 301 4.0

Required Application Materials

Prospective students first contact JoAnn Lewis in the BE department to receive instructions on the documents needed for a complete application packet.

To the Graduate School:

- All required Graduate School documents
- Official transcripts
- TOEFL scores
- GRE scores

To the Master’s BE Program:

JoAnn Lewis (lewisj@missouri.edu)  
256 William Stringer Wing  
Columbia, MO 65211-5160  
573-882-4113

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program Web site or ask the program contact for details.

Graduation Requirements: Master of Science and Master of Engineering in Biological Engineering

Students without a BS in engineering will be required to complete additional courses in mathematics, basic sciences and engineering science. Students with engineering degrees other than biological engineering should meet certain proficiency requirements.

The Biological Engineering Program requires a minimum of 36 semester hours beyond the baccalaureate degree for the ME and MS non-thesis (MSNT) degrees and a minimum of 30 semester hours for the MS thesis (MST) degree. If approved by the student’s Master’s Program Committee, this may include up to six hours of graduate credit transferred from another university or from another campus of the MU system.

In general, the Graduate School does not accept correspondence or extension course credit earned at any other campus. However, a student may take up to eight hours of correspondence courses that are authorized for graduate credit and offered through Mizzou Online. Courses to be taken for graduate credit must be approved by the Graduate Dean, and the enrollment form has a place designated for the Graduate Dean’s signature. See online.missouri.edu for more information on distance education opportunities.

As a minimum, the Master’s Program of Study should include the following:
BIOL_EN 8402 Research Methods (2 s.h.)
BIOL_EN 8087 Seminar in Biological Engineering (1 s.h.)
Statistics (3 credits)
BIOL_EN 8990 Masters Thesis Research in Biological Engineering (3 credits maximum for ME and MSNT degrees and 6 credits minimum for MST degree)

Two to four 8000 level courses (two for MST degree, three for MSNT degree and four for ME degree), at least 6 credit hours must come from Biological Engineering. Readings or Problems cannot be used to satisfy this requirement.

Additional hours may come from Biological Engineering courses numbered 7000 or above or courses from other MU departments numbered 7000 or above. Classes chosen to fill the plan of study may include those needed to fulfill proficiency areas if they are taken for graduate credit. Other courses should be chosen to strengthen the student's ability to do research in their specific area.

PhD in Biological Engineering

Required BE Doctoral Degree Application Materials

To the Graduate School:
• All required Graduate School documents
• Official transcripts
• TOEFL scores
• GRE scores

To the Doctoral BE Program: Contact JoAnn Lewis

Financial Aid from the Program

Some programs require an extra form or statement from those who wish to be considered for internal assistantships, fellowships or other funding packages. Check the program Web site or ask the program contact for details.

Degree Requirements Doctoral Degree in Biological Engineering

Within the first year in the program, each PhD student must pass a qualifying examination before continuing enrollment. The exam is designed to test the student’s ability to undertake advanced learning and carry out independent research. A doctoral candidate must complete a minimum of 72 credit hours of course work beyond the BS degree with a minimum of fifteen hours (exclusive of research, problems or independent study courses) at the 8000 (graduate) level, including at least three BE courses. In addition, there will be a minimum of one hour of Seminar (BIOL_EN 8087) and research (BIOL_EN 9990) may not exceed 28 hours of the total 72 hours required in the PhD Program of Study. The courses and research plan must be approved by the doctoral program committee. The student is required to pass a comprehensive examination, which includes both written and oral components. The student must demonstrate his or her ability for in-depth research by presenting and successfully defending a dissertation embodying the results of original research. A foreign language is not required.
Chemical Engineering

Baolin Deng, Chair
College of Engineering
W2033 Lafferre Hall
(573) 882-4877
winkler@missouri.edu
http://engineering.missouri.edu/chemical/

Chemical Engineering at the University of Missouri focuses on education and research involving industrial chemicals, materials, environmental, and life-science processes. We aim to be a reservoir of talent for the research, design, and management of complex process challenges. The Department strives to provide its faculty and students with an environment for research, learning, and professional growth.

The faculty of the MU Department of Chemical Engineering prepares its students for careers in a broad range of fields and to assume leadership roles in society through a well-rounded general and rigorous technical education. The technical curriculum challenges students with a broad education in Chemical Engineering theory and practice, and to improve their skills in problem solving, critical thinking, and appreciation of the relationship between technology and society. Innovative development and use of technology facilitates both research and teaching, creating a diverse, learning environment.

MU Chemical Engineering program aims to develop versatile professionals who can excel in a variety of career environments. Our curriculum is focused on the basic sciences, engineering topics, and problem solving and design. A flexible program offering environmental, material, and biochemical options allows our graduates to move into non-traditional careers as well as traditional chemical engineering. Additionally, we build teamwork and design skills by integrating team design projects, laboratories, and reports into our curriculum.

Faculty

**Professor** B. Deng, T. R. Marrero**, P. J. Pinhero**, G. Suppes**
**Adjunct Professor** J. M. Gahl**, S. J. Lombardo**
**Associate Professor** P. C. Chan*, D. G. Retzloff, Y. Xing*
**Adjunct Associate Professor** W. A. Jacoby*
**Assistant Professor** S. Baker**, M. Bernards**
**Associate Teaching Professor** M. A. Myers
**Research Assistant Professor** V. Likholetov

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.

** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

- BSChE in Chemical Engineering (p. 429)
  - with emphasis in Biochemical (p. 430)
  - with emphasis in Environmental (p. 430)
  - with emphasis in Materials (p. 431)

Advising and Scholarship Information Contact
Paul Chan

The educational objectives of the Chemical Engineering program at the University of Missouri are to prepare graduates who, after the first five years of their professional career, have:

1. Established themselves as practicing professionals through increased responsibilities beyond their original entry-level position, or if engaged in post-baccalaureate study are making timely progress towards an advanced degree;
2. Continuing education through special training, professional licensure, or additional certifications; and
3. Participation in professional extension through mentorship, community activities, and/or serving local/national professional societies.

Some of our graduates work in the traditional areas of chemical engineering such as the petroleum and chemical industries. Many graduates practice their profession in the areas of microelectronics, pharmaceuticals, materials, polymers, environmental protection, consumer products, or as managers in business, government careers, and engineering consultants. Still others use the chemical engineering degree as a foundation for pursuing advanced studies in medicine, law, business, or the basic sciences.

Exploratory Course

A student wanting to explore chemical engineering as a major should take CH_ENG 1000 Introduction to Chemical Engineering.

Graduate

Department of Chemical Engineering

Director of Graduate Studies: David G. Retzloff
- MS in Chemical Engineering (p. 431)
- PhD in Chemical Engineering (p. 432)

About Chemical Engineering

Established in 1906, MU Chemical Engineering has a long standing commitment to provide quality undergraduate and graduate education. Our department serves the discipline well by providing state of the art research in many cutting edge fields including batteries, biochemical engineering, biomaterials, carbon, ceramics, catalysis, corrosion, electrochemistry, environmental sciences, ionic liquids, materials science, computational modeling & simulation, nanomaterials, nuclear materials, polymers, separations, solar energy, and surface science.

Career Opportunities

The Chemical Engineering program develops versatile professionals who can excel in a variety of career environments. Our curriculum is focused on the basic and applied sciences, engineering topics, and problem solving and design. Our flexible program allows our graduates to move into traditional as well as non-traditional chemical engineering careers. Additionally, we build research and development skills by integrating research, scientific inquiry, and critical thinking into our curriculum.
Some of our graduates work in the traditional areas of chemical engineering such as the petroleum and chemical industries. Many graduates practice their profession in the areas of microelectronics, pharmaceuticals, materials, polymers, environmental protection, nuclear engineering, consumer products, or as managers in business, government careers, and engineering consultants. Still others enter into careers in academia.

**Faculty Research**
Currently active research areas include batteries, biochemical engineering, biomaterials, carbon, ceramics, catalysis, corrosion, electrochemistry, environmental sciences, ionic liquids, materials science, computational modeling and simulation, nanomaterials, nuclear materials, polymers, separations, solar energy, and surface science.

**Facilities and Resources**
There are excellent facilities for research students, including electron microscopy, ultra-high vacuum (UHV) surface science, atomic force microscopy, a heterogeneous catalysis and reaction kinetics laboratory, a heat and mass transport laboratory, an air pollution monitoring and control laboratory, a biochemical engineering laboratory, a computational laboratory, and a transport properties phenomena laboratory. Excellent library facilities provide the latest domestic and international journals specific to chemical engineering and physical sciences research.

**Internal Funding**
Research and teaching assistantships are available to qualified students for the entire year. The yearly stipend for graduate students ranges from $17,500 to $20,000, with a tuition waiver, depending on the student’s terminal degree. Assistantships also include a tuition waiver and health insurance. Academically qualified students may receive additional scholarship awards. Grant research assistantships and some industrial and Graduate School fellowships may also be available. Extremely well-qualified students may be eligible for the Robert and Dorcas Holtzsmith Graduate Fellowship.

RA and TA appointments allow for 12 credit hours of advanced study each semester. The applicant’s academic record and research potential determine the financial assistance offered. Students who receive financial assistance are expected to continue their appointment during the summer session as well, as these appointments are year long positions.

---

**Undergraduate**

**BSChE in Chemical Engineering**

**Major Program Requirements**
Each graduate must complete the required curriculum designed to demonstrate knowledge and integration of chemical engineering science and practice using analytical, computational and experimental techniques. In addition, each graduate must have a comprehensive background in advanced chemistry. Graduates have a detailed working knowledge of the entire spectrum of chemical engineering activities.

All requirements listed below are in addition to University graduation requirements, including University general education (p. 18), and College of Engineering requirements. Students are also required to complete emphasis area requirements.

Graduate

MS in Chemical Engineering

Degree Requirements

An individual program of a minimum of 30 semester hours is required and includes seminars, advanced courses in chemical engineering, physical and chemical sciences, mathematics and research. No foreign language or collateral field is required.

21 course credit hours. – M.S. students must complete 21 hours in CH_ENG coursework, which MUST INCLUDE at least one course in each of the following Chemical Engineering areas: Transport Phenomena, Kinetics, Thermodynamics, Mathematics

1 seminar credit hour – M.S. students must complete CH_ENG 8087

8 credit hours – Other coursework, including research. Your graduate advisor will help you choose your individual plan of study.

30 total credit hours

Sample Plan of Study

Because students in the Chemical Engineering program are from a wide variety of circumstances, and pursue the M.S. at all different paces, a sample plan of study is not easily produced. Students are encouraged to work out their plan of study with their advisor.

Thesis/Non-Thesis Requirements

A thesis is required and a candidate will complete the master’s program by passing an examination in defense of the thesis.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the M.S. in Chemical Engineering program (http://gradschool.missouri.edu/academics/programs/chemical-
PhD in Chemical Engineering

Degree Requirements

An applicant for the Ph.D. program must take a qualifying examination and a comprehensive examination. Twenty-one semester hours of course work beyond the MS degree is required.

An individual program of a minimum of 72 credit hours is required and includes seminars, advanced courses in chemical engineering, physical and chemical sciences, mathematics and research. No foreign language or collateral field is required.

42 course credit hours. – Ph.D. students must complete 42 hours in CH_ENG coursework, which MUST INCLUDE at least 15 credit hours in courses numbered 8000+ and at least one course in each of the following Chemical Engineering areas: Transport Phenomena, Kinetics, Thermodynamics, Mathematics

2 seminar credit hours – CH_ENG 8087

28 credit hours – Other coursework, including research. Your graduate advisor will help you choose your individual plan of study.

72 total credit hours

Sample Plan of Study

Because students in the Chemical Engineering program are from a wide variety of circumstances, and pursue the Ph.D. at all different paces, a sample plan of study is not easily produced. Students are encouraged to work out their plan of study with their advisor.

Comprehensive Examination Process

Before being admitted to candidacy and proceeding to prepare a dissertation, the student must pass a comprehensive examination. The exam involves a project to be completed within a 30-day period, requiring original and creative work in delineating a research problem of some substance.

Dissertation Requirements

A dissertation is required of all candidates. A final oral examination will be held where the candidate defends their dissertation.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the Ph.D. in Chemical Engineering program (http://gradschool.missouri.edu/academics/programs/chemical-engineering/doctorate-in-chemical-engineering) and the minimum requirements of the Graduate School (https://gradschool.missouri.edu/admissions/apply). Because requirements vary, you must refer to a degree program’s graduate admission page to learn about specific admission criteria, eligibility and application process. Before official admissions to the University of Missouri, your application materials will be reviewed by both the Graduate School and the degree program to which you’ve applied.

Application Deadlines

• Fall Deadline: March 15
• With change of degree within MU: May 15
• Spring Deadline: October 15
• With change of degree within MU: November 1

Civil Engineering

M. R. Virkler, P. E., Chair
College of Engineering
E2509 Lafferre Hall
(573) 882-6269
http://www.civil.missouri.edu

Civil engineering is about community service, development, and improvement. Civil engineers are involved in all levels of the planning, design, construction, and operation of facilities essential to modern life, ranging from infrastructure development and maintenance, waste disposal, transit systems, water supply and treatment systems, and offshore energy exploration structures. Civil engineers are problem solvers, meeting the challenges of pollution, traffic congestion, drinking water supply and energy needs, national security, communication, urban redevelopment, and sustainable community planning.

Faculty

Research Associate Professor R. E. Reed*, P. E., X. Yu
Adjunct Faculty D. P. Gwaze*, R. D. Hammer, C. J. Nemmers* P. E., V. Pattarkine, R. Surampalli, C. Yarnell
Professor Emeritus S. K. Banerji*, R. D. Hammer, J. B. McGarraugh*
Emeritus Faculty R. T. Douty, D. L. Guell

* Graduate Faculty Member - membership is required to teach graduate-level courses, chair master’s thesis committees, and serve on doctoral examination and dissertation committees.
** Doctoral Faculty Member - membership is required to chair doctoral examination or dissertation committees. Graduate faculty membership is a prerequisite for Doctoral faculty membership.

Undergraduate

• BSCiE in Civil Engineering (p. 434)
The Department of Civil and Environmental Engineering offers a Bachelor of Science in Civil Engineering (BSCiE). Most graduates take the Fundamentals of Engineering Exam. Graduates are encouraged to become registered professional engineers and to continue their education throughout their careers.

Departmental Honors

Students who will graduate with a 3.0 GPA or higher are eligible for the College of Engineering honors program. Interested students should ask their advisor for details about this highly rewarding program that can include earning a salary for research performed under the guidance of a faculty member.

Educational Mission

The educational objectives of the Bachelor of Science in Civil Engineering describe the expected accomplishments of graduates during the first 5 to 6 years after graduation. It is expected that nearly all students completing the requirements of the Bachelor of Science in Civil Engineering will engage in the life-long learning necessary to advance professionally in the field of civil engineering and contribute to society and the profession through involvement in professional or other service activities.

It is expected that most graduates will

1. Enter the profession of civil engineering with proficiency in environmental engineering, geotechnical engineering, structural engineering, transportation engineering and water resources engineering. In doing so, these students will
   a. Take and pass the Fundamentals of Engineering exam
   b. Gain employment as an engineer-in-training
   c. Take and pass the Professional Engineers Exam, and
   d. Be licensed to practice engineering in one or more states

It is expected that some graduates will

1. Begin careers in civil engineering-related industries, especially construction and other careers not requiring professional licensure
2. Begin and complete graduate study in civil engineering at MU or other Carnegie doctoral extensive universities, and
3. Begin and complete graduate/professional study in other associated fields

The following list of outcomes describes what graduates are expected to know and to be able to do when they complete the program. At graduation, graduates will have:

a. Ability to apply knowledge of mathematics through differential equations, probability and statistics, calculus-based physics, geology and general chemistry to civil engineering problems
b. Ability to conduct laboratory experiments and to critically analyze and interpret experimental data related to soil mechanics, fluid mechanics and civil engineering materials
c. Ability to perform civil engineering design by means of design tools necessary for civil engineering practice, particularly in areas
d. Ability to function on teams that must integrate contributions from different areas of civil engineering toward the solution of multidisciplinary projects
e. Ability to identify, formulate and solve civil engineering problems
f. Understanding of professional practice issues in civil engineering including professional and ethical responsibility, procurement of work, bidding vs. quality based selection processes, how design professionals and construction professions interact to construct a project and the importance of professional licensure and continuing education
g. Ability to write and speak effectively
h. The broad education necessary to understand the impact of civil engineering solutions in a global and societal context
i. Recognition of the need for, and an ability to engage in life-long learning
j. Knowledge of contemporary issues as they relate to civil engineering problems and solutions
k. Ability to use the techniques, skills and modern engineering tools necessary for civil engineering practice, particularly in areas of environmental/water resources, geotechnical, structural and transportation engineering

Director of Graduate Studies: Carlos Sun
• MS in Civil Engineering (p. 435)
• PhD in Civil Engineering (p. 436)

About the Program

Civil engineering education at MU began in 1856 with the establishment of the first Chair of Civil Engineering. Graduate programs offered by the department prepare students for leadership positions in academia, research and advanced practice engineering careers. Major program areas include structural mechanics, structural engineering and materials, geotechnical and geoenvironmental engineering, environmental engineering, hydrology and water resources engineering and transportation engineering.

Areas of Study

Structural Mechanics, Structural Engineering and Materials. Study areas: fracture and failure of composites, model-based simulation, inelastic response of materials and structures, bridge engineering, linear and nonlinear structural dynamics, explosion resistant structural design, timber engineering, microstructure of porous materials, concrete and aggregate durability, advanced fiber reinforced composites for construction and nondestructive structural health evaluation.

Environmental Engineering. Study areas: water pollution control, water purification, wastewater treatment, the disposal of residues from processes and hazardous and solid waste management. Other areas of research include the application of physical, chemical and microbiological principles to design of water supply systems, pollution control facilities and contaminant transport through soils.

Geotechnical and Geoenvironmental. Study areas: strength, deformation and flow properties of earthen materials and application of this understanding to foundation engineering, slope stability analyses, earth structures design, and geoenvironmental challenges. Research areas include: unsaturated soil mechanics, soil improvement techniques, geosynthetics, landfills and waste containment, stabilization and maintenance of earth slopes, in situ soil cleanup technologies, geotechnical earthquake engineering, nondestructive geophysical technologies for subsurface applications, satellite – and ground-based remote sensing risk analysis and reliability-based design.

Transportation Engineering. Study areas: traffic engineering, intelligent transportation systems, highway safety, network modeling and simulation, geographic information systems, security and evacuations, transportation planning, traffic flow theory, highway design, intersection operations, bicycle and pedestrian facilities, infrastructure management, driver behavior, airport engineering, transportation legal issues, artificial intelligence and advanced computing applications in transportation.

Hydrology and Water Resources. Study areas: hydrologic, hydraulic, regulatory/public policy and geographic information system applications for transportation, surface water quality and storm water management and decision making.

Facilities and Resources

The department has laboratories for experimental research in structural engineering, materials, geotechnical and geoenvironmental engineering, environmental engineering, and transportation engineering.

Structural Testing. Several computer-controlled electrohydraulic testing machines and associated instrumentation are available in the high-bay structural engineering and materials engineering laboratories. The laboratories are serviced by a 5-ton overhead crane. An additional structural testing facility located south of the campus houses a 100-foot by 20-foot structural floor with anchor points on a 4-foot-square grid. This high-bay facility is serviced by a 10-ton overhead crane. There is also a materials laboratory for concrete mix design and evaluation.

Geotechnical Testing. The laboratories house state-of-the-art permeability, consolidation, triaxial, geosynthetics, soil dynamics and unsaturated soil mechanics testing equipment and is home to the Missouri Soil Characterization Laboratory. Additional laboratories include facilities and equipment for large-scale model testing of slopes, piles and other geotechnical systems, including a 10-acre geotechnical experiment site.

Environmental Testing Labs. The Laboratories are supplied with analytical equipment for the complete physical, chemical and microbiological analysis of water and waste water.

Transportation Laboratory. The laboratories include capabilities in advanced surveillance and video image processing, transportation modeling and simulation, Geographical Information Systems, traffic management and control, driver behavior, and safety.

Funding

In addition to fellowships supported by the National Science Foundation (NSF), the US Environmental Protection Agency, Federal Highway Administration and other governmental agencies, several graduate assistantships are available each year. The assistantships are primarily research appointments; however, the Department does make a limited number of teaching assistantship appointments. Most assistantships offer tuition waivers and health insurance.

Undergraduate

BSCiE in Civil Engineering

Major Program Requirements

Engineering topics start with basic computer and graphics courses. These are followed with basic engineering science courses, which ground the students in the fundamentals necessary for future course work and a sophomore design experience.

Engineering topics courses in the junior year provide students with the basic fundamentals in the areas of environmental engineering, geotechnical engineering, hydrology, water resources, structural engineering, transportation/traffic engineering, engineering economics, and probability and statistics. Many of these topics courses contain elements of civil engineering design. Elective courses in the senior year enable students to specialize or obtain a broad educational background across the civil engineering discipline.

Design is integrated throughout the curriculum. The capstone design project is supplied by consultants or governmental agencies. The course
requires working in teams, making oral and written presentations and completing a final design report. Oversight, interaction and evaluation are provided by practicing engineers from industry and governmental organizations.

In addition to the major core requirements, students must complete all University graduation requirements (p. 17) including University General Education Requirements (p. 18), as well as all degree and college requirements (p. 419).

Application Deadlines

Priority admission and funding consideration are given to applications received by February 15/September 15. Applications submitted after February 15/September 15 will be considered, with preference going to those received by May 1/December 1. Prospective students applying after May 1/December 1 will be considered for fall/spring admission on a case by case basis.

Admission Criteria

- Minimum GPA: 3.0 in last 2 years of coursework. Note: Lower than 3.0 GPA requires special action and substantiation such as good test scores on the GRE or other recognized examinations.
- BS in engineering. Applicants with BS degrees in related fields may be considered for admission. If admitted, non-engineers are required to complete remedial courses as determined by their advisor and advisory committee.
- GRE test is required but no minimum score set. Typical acceptance scores: around 1100 for Verbal + Quantitative and between 4.0 and 5.0 for Analytical.
- Minimum TOEFL scores:

<table>
<thead>
<tr>
<th>Internet-based test (iBT)</th>
<th>Paper-based test (PBT)</th>

</tbody>
</table>

Required Application Materials

Upload to the Graduate School:

- All required Graduate School documents
- 3 Letters of Recommendation
- At least two from faculty members who have taught or advised you
- GRE scores
- Resume
- Statement of Purpose
  - See instructions (http://engineering.missouri.edu/civil/degree-programs/statement-of-purpose-guidelines)

Financial Aid from the Program

If you wish to be considered for financial aid, please complete the financial aid section of the departmental application.

Electronic submissions of all application materials are preferred; however, paper submittals will be accepted.

Plan of Study

Students are accepted for advisement upon CE Graduate Admissions Committee review. The degree designation at the master's level is Master of Science (M.S.) in Civil Engineering. To obtain a master's degree you must take a total of 31 hours for graduate credit, at least 15 hours of which must be 8000-level courses or research (CV_ENG 8990) with the remainder being either 7000 or 8000-level courses and a one hour graduate seminar. For most students this means taking eight (8) 3-hour courses at the appropriate level, completing six (6) hours of thesis research (CV_ENG 8990), and enrolling in the 1-hour seminar associated with your specialty area. Students should consult with their academic adviser to ensure all requirements are satisfied.

Thesis and Examination

A final oral examination is required of all master's candidates. Approximately two weeks before this examination, a candidate must submit to an examining committee a thesis, a formal report or a design of professional quality applying the knowledge gained in course work to the solution of an engineering problem. Students who receive research appointments or traineeships are required to submit a thesis. Formal or design report is at the discretion of the adviser.

Financial Aid from the Program

If you wish to be considered for financial aid, please complete the financial section of the departmental application.

Electronic submissions of all application materials are preferred; however, paper submittals will be accepted.

Qualifying for Candidacy

Students are accepted for advisement upon CE Graduate Admissions Committee review. Formal acceptance to the PhD program is based on a qualifying examination, administered by faculty members in the student’s area of concentration, during the first year of post-master’s work. In cases where students desiring PhD candidacy take a master’s degree with thesis option in this department, the master’s oral examination may be combined with the qualifying examination at the discretion of the advisor and dissertation committee.

Plan of Study

PhD programs are committee administered and tailored to fit the needs of each individual student. A minimum of 72 credit hours, including the credit hours taken during the MS program beyond the bachelor’s degree, are required. Students who received the MS degree from other than MU may transfer up to 30 hours of credit from their MS degree. The candidate must pass a comprehensive examination and submit and defend a dissertation at a final oral examination.

More Information

More information about the Department of Civil and Environmental Engineering and further details about specific programs and application materials may be obtained from the department’s website: http://www.civil.missouri.edu.

The Department of Electrical & Computer Engineering is one of 9 academic departments within the College of Engineering at the University of Missouri. Established in 1884 as the first electrical engineering program in the nation, this ABET accredited program is now home to more than 300 undergraduate students, almost 150 graduate students and 21 faculty members.

Faculty

Assistant Professor M. Becchi**, T. Han#, C. Xiao*, A. Zare**
Associate Professor Emeritus R. W. Leavene Jr.*

The Department of Electrical and Computer Engineering offers both the Bachelor of Science with a major in Electrical Engineering and the Bachelor of Science with a major in Computer Engineering. The undergraduate program in both degrees at the University of Missouri provides students with the requisite fundamentals in either discipline and prepares them for beginning practice in both the traditional and emerging fields of these disciplines. The degree programs are flexible 126-credit structures that provide the fundamentals of engineering, in addition to a thorough coverage of the major specialties within their respective fields. In addition, technical electives allow concentration in selected areas.

The ECE department emphasizes close interaction with industry. Industry engineers visit regularly and industry-sponsored student projects are provided to give extra dimension to the program.

Many students in the ECE department combine the electrical engineering major with the computer engineering major in a special 138-credit program. These students receive both the BS EE and BS COE degrees.

Students interested in interdisciplinary studies may use some electives to study business, premedicine, prelaw, and other areas. Students are able to choose from a wide variety of courses offered by other departments in the College of Engineering, as well as from other MU colleges, taking advantage of the multidisciplinary nature of the campus.

Commencing in the Fall Semester 2011, the Program Educational Objectives (PEOs) of the undergraduate program in Electrical Engineering at MU are to nurture graduates who:

• Communicate effectively, both in written reports and oral presentations.
• Analyze and design electrical systems effectively.
• Possess comprehensive problem-solving skills, including the ability to define problems and to evaluate alternative solutions.
• Work effectively in teams consisting of diverse cultures and disciplines.
• Are passionate about engineering, as demonstrated by their leadership, innovation, motivation, and interest in continuing education.

Commencing in the Fall 2011, the Program Educational Objectives (PEOs) of the undergraduate program in computer Engineering at MU are to nurture graduates who:

• Communicate effectively, both in written reports and oral presentations.
• Analyze and design electrical systems effectively.
• Possess comprehensive problem-solving skills, including the ability to define problems and to evaluate alternative solutions.
• Work effectively in teams consisting of diverse cultures and disciplines.
• Are passionate about engineering, as demonstrated by their leadership, innovation, motivation, and interest in continuing education.

Both the Bachelor of Science in Electrical Engineering (BS EE) and the Bachelor of Science in Computer Engineering (BS COE) require that students earn a 2.0 GPA or better in all courses that have an MU engineering prefix. All ECE courses require a grade of C or better in ECE prerequisites.

Engineering design in both the electrical engineering and computer engineering programs is provided through an integrated laboratory structure. Beginning with the first laboratory course in the fourth semester of each program, students have a significant design and laboratory experience in each semester of their respective programs. In addition to the major core requirements, students must complete all University graduation requirements including University general education, as well as all degree and college or school requirements.

ECE Honors Program

The ECE Honors Program follows the general rules and philosophy of the College of Engineering Honors Program. Students may enter the program from the beginning of the junior year and must have a GPA of 3.0/4.0 at the start. Eligible students participate in the program by enrolling in ECE 4995 Undergraduate Honors Research in Electrical Computer Engineering for one to three credit hours, which replaces an equivalent number of hours of ECE technical electives.
The heart of the program is a research or advanced design project culminating in an undergraduate honors thesis. The project is conducted under the supervision of the honors advisor, who is an ECE faculty member selected by mutual agreement between the student and the professor. Satisfactory completion of the project requires approval (signatures) of the honors thesis by both the honors advisor and an additional faculty member, who serves as second reader of the thesis. Students who complete the program and graduate with a GPA of at least 3.0 receive the designation “Honors Scholar in Engineering” at graduation and on their diploma.

Another valuable feature of the Honors Program is that participants may reduce the number of credit hours required for degree completion to the University minimum of 120 by substituting up to six hours of credit from graduate courses through dual (undergraduate/graduate) enrollment during the last four semesters of the undergraduate program and after completion of the honors project.

**Double Majors - Electrical Engineering and Computer Engineering**
