Graduate Minor in International Development

Requirements
The student must satisfactorily complete a total of twelve credit hours in courses dealing with the developing world. This is an Interdisciplinary Minor. At least six of the twelve hours must be taken in at least two departments outside the student’s home department.

Foreign language courses are not required, but students who are not fluent in a second language are strongly encouraged to take intensive language courses to develop competency. Credit for language courses does not count toward the twelve hours of credit required for the minor.

When the required twelve hours of credit are completed from approved courses, the student’s advisor will submit the second form to the director, who will in turn sign and submit it to the Graduate School. This should be done in advance of the student’s orals to give members of the policy committee an opportunity to sit in on the examining committee if they so desire.

The minor is only awarded after all departmental and Graduate School requirements for the advanced degree have been satisfied. An overall grade point average of 3.0 is required for the twelve hours within the minor.

Requirements for acceptance into the minor:
The student must be enrolled as a master’s or PhD candidate in good standing at MU.

A formal request to be included in the minor must be made in advance of taking courses, to the director, Professor Corinne Valdivia, 210 Mumford Hall. This request should be approved by the student’s advisor. A copy will be sent to the Graduate School.

Once the student is admitted to the minor, they should seek advisement from the director and their advisor concerning which courses to take. The plan of study must be submitted to the Graduate School no later than the semester before graduation.
