

Minor in Agricultural Education

Agricultural Education faculty collaborate with industry professionals to design and deliver authentic, problem-based learning in agriculture, food, and natural resource systems. Students completing the Agricultural Education minor will learn to design, deliver, and assess learning in a variety of work-based contexts.

Requirements

The minor requires 15 credits of agricultural education course work with a minimum of 6 credits at the 3000 level or above.

Application for Minor

Students interested in this minor should complete the online form located on the CAFNR website (<https://cafnr.missouri.edu/current-students/forms-requirements/>).
