Minor in Astronomy

Requirements

A student whose major is in another department may receive a minor in astronomy. A student must have a total of 19 credit hours to receive a minor in astronomy. At least nine of the 19 credit hours must be completed on-campus. A grade of C- or better is required for all courses in the minor.

PHYSCS 2750  University Physics I  5
PHYSCS 2760  University Physics II  5
PHYSCS 3010  Introduction to Modern Astrophysics  3
Two additional astronomy courses at 3000/4000 level or above.  6

Total Credits  19

Application for Minor

To receive your minor in astronomy, you must print and fill out the minor form (https://advising.missouri.edu/majors-minors/minors-certificates/), have it signed by the Director of Undergraduate Studies in the Physics and Astronomy Department, and then take it to 107 Lowry Hall.
