

Graduate Certificate in Autism Education

The Autism Education Certificate will prepare highly qualified educators, (general educators and special educators), and related service providers to provide evidence-based practices and support to children with autism and their families. Scholars completing the certificate program will be able to deliver EBPs that are effective across developmental domains, can ameliorate negative effects, and improve long-term outcomes of student achievement.

Requirements

Students complete a set 12 hours (4 course) program of study. Courses can be taken in any order. Students eligible for the certificate program must hold a bachelor's degree in the field of education, special education, or related services. Eligible students may or may not be concurrently enrolled in a graduate program.

Required Courses (9 Hours Total)

SPC_ED 8601	Introduction to Autism	3
SPC_ED 8604	Autism without Co-occurring Intellectual Disability	3
SPC_ED 8603	Social Competency for Students with Autism	3

Elective Course Options(3 Hours Total)
