Degree Program Description

The Bachelor of Science in Education in Middle School Education prepares students to work with children from fifth through ninth grade in public, private, and alternative school systems. You may consider a degree in education if you enjoy working with children and/or adolescents, want to strengthen the future through education, and want to make a difference in the lives of others. MU Students work closely with mentors, practicing teachers, administrators, and university faculty to develop the knowledge and skills to enhance learning outcomes for children and youth. The coursework through the College of Education focuses on teachers' roles in facilitating learning at all levels of development and considers the influences of cultural, political, historical, and economic factors on students, teachers, and schools. Practical and rewarding clinical training in schools and agencies begins sophomore year, and continues each semester culminating in a senior-level teaching internship, enhancing teaching skills and confidence. Coursework will help you learn about general teaching and learning strategies as well as those specific to your discipline.

Major Program Requirements

The BSEd in Middle School Education is offered in four emphasis areas: Language Arts (<http://catalog.missouri.edu/collegeofeducation/middleschooleducation/bsed-middle-school-education-emphasis-language-arts/>), Mathematics (<http://catalog.missouri.edu/collegeofeducation/middleschooleducation/bsed-middle-school-education-emphasis-mathematics/>), Science (<http://catalog.missouri.edu/collegeofeducation/middleschooleducation/bsed-middle-school-education-emphasis-science/>), and Social Studies (<http://catalog.missouri.edu/collegeofeducation/middleschooleducation/bsed-middle-school-education-emphasis-social-studies/>).
