ME in Engineering

The Master of Engineering degree is offered in several focus areas: Biological Engineering, Electrical Engineering, Chemical Engineering, Computer Engineering, Industrial and Manufacturing Systems Engineering, or Mechanical and Aerospace Engineering. Note that the focus areas do not appear on diplomas or transcripts.

Degree Requirements
An ME student must complete a minimum of 36 credit hours of graduate course work. At least 15 hours must be in 8000+ level courses and a minimum of 21 hours must be from the College of Engineering. The student must maintain at least a 3.0 cumulative gpa and complete the program in eight years. A project may be required by the advisor. For additional degree requirements based on the focus area, students should consult with the specific College of Engineering Department.

ME with a focus in Biological Engineering
Consult with the department of Biological, Biomedical, and Chemical Engineering for details.

ME with a focus in Chemical Engineering
For the ME degree with focus in chemical engineering, a minimum of 36 credit hours of coursework is required as follows:

Core Courses
- CH_ENG 8336 Advanced Heat and Momentum Transfer, 3 credits
- CH_ENG 8337 Advanced Mass Transfer, 3 credits
- CH_ENG 8451 Advanced Chemical Engineering Thermodynamics I, 3 credits
- CH_ENG 8463 Chemical Reaction Engineering Science, 3 credits

Math Course Requirement
- CH_ENG 8470 Mathematical Studies of Chemical Engineering Operation
  - OR -
- MATH 7000-level course or higher, 3 credits

Elective Courses
- At least one 8000-level course in any natural science or engineering discipline, 3 credits
- Three CH_ENG 7000- or 8000-level courses, 9 credits
- Three additional 7000-level or higher courses in any science or engineering discipline, 9 credits

ME with a focus in either Electrical or Computer Engineering
The entrance requirements for the ME degree/Electrical and Computer Engineering Focus are the same as for the MS in Electrical Engineering and MS in Computer Engineering. Note: When registering for the GRE and TOEFL exams, be sure to designate the University of Missouri - Columbia and your program of interest as locations to receive the scores. MU’s Institutional Code for the GRE and TOEFL is: 6875. Consult with the department of Electrical Engineering and Computer Science.

ME Entrance requirements
- GPA of 3.0 on 4.0 scale in the last 60 hours of the BS program
- Minimum GRE scores may vary according to area.

When did you take the GRE?

<table>
<thead>
<tr>
<th>When did you take the GRE?</th>
<th>Verbal</th>
<th>Quantitative</th>
<th>Analytical</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to August 1, 2011</td>

</table>

Minimum TOEFL scores (international applicants only):
- Internet-based test (iBT) 80
- Paper-based test (PBT) 550
- Minimum Academic IELTS scores 6.5 with no section below 6.0

Item | Score
---|---
Listening | 6.0
Reading | 6.0
Writing | 6.0
Speaking | 6.0

- 3 letters of recommendation
- statement of purpose
- transcripts

When registering for the GRE and TOEFL exams, be sure to designate the University of Missouri - Columbia and your program of interest as locations to receive the scores. MU’s institutional code for the GRE and TOEFL is 6875.

How to Apply
Applicants must concurrently apply to the MU Graduate School and the engineering department offering the focus area interest.
