Graduate Certificate in Psychiatric Mental Health Nurse Practitioner

The Graduate Certificate in Psychiatric Mental Health Nurse Practitioner will prepare students to be able to deliver evidence based advanced primary mental health care to individuals of all ages and their families in a variety of healthcare settings, including in rural and under served populations. The student will engage in independent and interdependent decision-making, managing psychotropic medications, and delivering psycho-therapeutic, and psycho-education interventions.

Requirements
This certificate is an online program, for both degree seeking and as a stand alone program.

Total credit hours for completion: 18.5
