 Additional interdisciplinary online elective choices can be found in the areas of geriatric care management, gerontology, grantsmanship, health ethics, health informatics, multicultural education, online education, public health, and youth development (see <https://online.missouri.edu/degrees-programs> (<https://online.missouri.edu/degrees-programs/>)).

*** Reflects minimum required DNP clinical and project hours. Additional clinical hours may be required based on specialty and complexity of DNP clinical residency project.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the DNP in Nursing (<http://nursing.missouri.edu/academic-programs/dnp/apply/>) and the minimum requirements of the Graduate School (<http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php>). Because requirements vary, you *must* refer to a degree program's graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you've applied before official admission to the University of Missouri.
