

# DNP in Nursing with Emphasis in Nurse Leadership and Innovations in Health Care

---

Students who pursue the Nursing Leadership and Innovations in Health Care emphasis area will be prepared to take on roles as advanced nursing leaders, impact systems by providing quality outcomes, and the ability to lead change within the clinical, political, or academic environments.

The Nursing Leadership and Innovations in Health Care emphasis area will prepare the learner to discover innovative technologies and techniques to improve the delivery of care as well as use innovative concepts and pursue entrepreneurial endeavors to enhance health care.

Individuals with a master's degree in nursing or related field may apply to this program. Students must complete a total of minimum of 38.5-47 credit hours to earn the degree. Credit hours vary depending upon review of transcripts and previously completed clinical hours.

NURSE 7010	Biostatistical Foundations for Health Researchers	3
NURSE 7087	Leadership and Technology Institute	1
NURSE 8100	Principles of Epidemiology	3
NURSE 8820	Health Care Financial Management	4

NURSE 9080	DNP Residency Project (x 3)	1-3
NURSE 9087	Leadership and Transformational Role Institute	2

## Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the DNP in Nursing (<https://nursing.missouri.edu/academic-programs/>) and the minimum requirements of the Graduate School (<http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php>). Because requirements vary, you *must* refer to a degree program's graduate admission page to learn about specific admission criteria, application deadlines, eligibility, and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you have applied before official admission to the University of Missouri.
