

DNP in Nursing with Emphasis in Psychiatric-Mental Health Nurse Practitioner (Across the Lifespan)

Students who pursue the Psychiatric-Mental Health Nurse Practitioner (Across the Lifespan) area of study will deliver evidence-based advanced primary mental health care to individuals of all ages including children, adolescents, and their families in a variety of healthcare settings. PMHNPs engage in independent and interdependent decision-making, manage psychotropic medications, and deliver psychotherapeutic and psychoeducational interventions.

NURSE 8864	Curriculum Development in Nursing	3
NURSE 8820	Health Care Financial Management	4
ESC_PS 7087	Seminar in Educational, School, and Counseling Psychology	1-3
ESC_PS 7200	Positive Psychology	3
ESC_PS 8200	Applied Positive Psychology	3
ESC_PS 8700	Life/Career Coaching and Development	3
ESC_PS 8710	Meaning In Work	3
ESC_PS 8720	Community and Stewardship	3
ESC_PS 8730	Positive Organizational Psychology	3

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the DNP in Nursing (<https://nursing.missouri.edu/academic-programs/>) and the minimum requirements of the Graduate School (<http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php>). Because requirements vary, you must refer to a degree program's graduate admission page to learn about specific admission criteria, application deadlines, eligibility, and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you have applied before official admission to the University of Missouri.
