BA in Interdisciplinary with Emphasis in Environmental Studies

Degree Program Description
The Bachelor of Arts in Interdisciplinary with an emphasis in Environmental Studies is an individually-designed major for students interested in acquiring a broad understanding of environmental issues and the complex causes underlying them. Students design their major to reflect their own interests and goals in the field. Individualized majors of this kind require a higher level of commitment than is typical of traditional majors because students must do the work of building their own degree. The program prepares students for graduate study and careers in education, law, business, public policy, humanitarian aid, non-profit organizations, and government. The majority of students with the degree work in areas such as advocacy and outreach as well as policy and regulation.

Major Program Requirements
The Bachelor of Arts in Interdisciplinary with an emphasis in Environmental Studies is an individually-designed major for students interested in acquiring a broad understanding of environmental issues and the complex causes underlying them. Students design their major to reflect their own interests and goals in the field. Individualized majors of this kind require a higher level of commitment than is typical of traditional majors because students MUST do the work of building their own degree. The program prepares students for graduate study and careers in education, law, business, public policy, humanitarian aid, non-profit organizations, and government. The majority of students with the degree work in areas such as advocacy and outreach as well as policy and regulation. Find additional information and course options at https://omd.missouri.edu/?q=env-st/index.

Students in this major must complete 5 specified Core courses to fulfill College of Arts and Science Foundation Requirements and an additional 39 hours minimum for the major. In addition, students must complete all university graduation requirements and Arts and Science Foundation Requirements. A minimum grade of C- is required for courses taken for the major. A minimum cumulative GPA in all major coursework is 2.0.

In addition, students must complete all College of Arts and Science and University graduation requirements (http://catalog.missouri.edu/academicdegerequirements/universityrequirements), including University general education (http://catalog.missouri.edu/academicdegerequirements/generaleducationrequirements).

Required Core Coursework

- Complete a general education approved Chemistry course. CHEM 1100, CHEM 1320 and CHEM 1330 are recommended course options.
- Complete a general education approved Biology course. BIO_SC 1010, BIO_SC 1060, BIO_SC 1200, or BIO_SC 1500 are recommended course options.

Social Sciences
- Complete a general education approved Economics or Agricultural Economics course. ECONOM 1014, ECONOM 1015, ABM 1041, or ABM 1042 are recommended.

Major Requirements

Policies
- A total of 39 hours is required for the major.
- Students must complete 30 hours numbered 2000 or higher in the major.
- 18 hours numbered 3000 level or higher are required in the major.
- D-range grades are not allowed in the major.
- A minimum grade of C- is required for courses taken for the major.
- A minimum cumulative GPA in all major coursework is 2.0.

Natural Dimensions
- Complete 15 hours of coursework in this section.
- The course levels will be determined by the academic advisor.
- Refer to the list of Natural Dimensions (https://omd.missouri.edu/?q=env-st/courses/natural-dimensions) courses to find options.

Social Dimensions
- Complete 15 hours of coursework in this section.
- The course levels will be determined by the academic advisor.
- Refer to the list of Social Dimensions (https://omd.missouri.edu/?q=env-st/courses/social-dimensions) courses to find options.

Practicum Core
- Complete ABM 2070 or NAT_R 2160.
- Complete 3 hours of Service Learning, Internships, or Readings.
- Complete an additional 3 hours of Service Learning, Internships, or Readings.
- Service Learning, Internship, or Readings can be taken as a single course for 6 hours.

Service Learning, Internships, & Readings

Policies
- The Capstone must be completed in the final 45 hours of coursework.
- Students must earn a C- or higher to fulfill the Capstone requirement.
- Students must have a Capstone approved by their academic advisor.
- Students may complete an Internship or Readings that is not used as a Capstone.
- Students may not earn retroactive credit for internships.

Internships 4940
- Students must have a 2.0 cumulative GPA to apply for approval of an internship project.

Required Core Coursework

Biological, Physical, and Mathematical Sciences
- Complete a general education approved Biological Sciences course. BIO_SC 1010, BIO_SC 1060, BIO_SC 1200, or BIO_SC 1500 are recommended course options.
- Complete a general education approved Geology course. GEOL 1100 or GEOL 1200 are the recommended course options.

- Students must have a Capstone approved by their academic advisor.
- Students may complete an Internship or Readings that is not used as a Capstone.
- Students may not earn retroactive credit for internships.

Internships 4940
- Students must have a 2.0 cumulative GPA to apply for approval of an internship project.
• Students must not have any active Student Conduct holds.
• Students may not complete an internship at an existing position.
• Students must work 50 hours for each credit hour earned.
• During the Internship period, students must submit the following assignments:
  a. a well-written proposal outlining the details of the internship must accompany the application
  b. a carefully-prepared factual report about the internship which addresses the questions outlined in the student’s internship proposal
  c. a résumé which includes the student’s internship experience and documents the tangible skills they attained while working
  d. an interpretative essay in which students connect what they have learned from their internship experience with their academic work in their individualized major
• Internship supervisors must submit a performance evaluation.
• Internships receive a grade of S or U (pass/fail).
• The Office of Multidisciplinary Degrees reserves the right to deny internship project approval to any student it believes will not be a good representative of the University.

Readings 4960
Students work independently with MU faculty on research and/or professional projects. A student finds a campus professor with whom to work. Together, they create concrete objectives for a meaningful project. The professor guides and supervises the student towards completion of the project and is responsible for awarding a letter grade for the course.

Service-Learning 4970
Service-Learning provides hands-on experience in service experiences that are coordinated in collaboration with MU and the community. Service-Learning experiences create valuable learning environments for students as they connect with the community in partnerships that provide effective and far-reaching assistance to those in need. To apply, students must have a 2.5 GPA or higher.
