Minor in Physics

A student whose area of concentration is in another department may receive a minor in physics with the completion of the following courses with grades of C or better: PHYSCS 2750, PHYSCS 2760, PHYSCS 3150, plus two additional physics courses at the 4000 level or above. In order to complete these requirements, the student must complete mathematics through MATH 4100 Differential Equations.

Conversely, a student whose area of concentration is physics may pursue a minor in another department in the College of Arts and Sciences.
