MA in Statistics with Emphasis in Biostatistics

Students who wish to specialize in biostatistics may obtain a degree with special emphasis. The general requirements are the same as those for the MA degree in statistics (http://catalog.missouri.edu/undergraduategraduate/collegeofartsandscience/statistics/ma-statistics). In addition, students must satisfy the following:

1. Take STAT 7410 and either STAT 7420, STAT 8410 or STAT 9410 or the equivalent;
2. Submit a project or thesis related to biostatistics.
