BSBA in Business Administration

The BSBA in Business Administration is offered on campus as well as online. On campus students must choose an emphasis area (see emphasis areas for degree requirements). (http://catalog.missouri.edu/undergraduategraduate/collegeofbusiness/businessadministration/#undergraduatetext)

Degree Program Description

In the Trulaske College of Business students are in either the lower level (undeclared) or the upper level (admitted to an emphasis area). Students entering the Trulaske College of Business usually enter the lower level while they take University general education and business preparation courses. The first two years of all business programs (except international business and accounting) involve the same course sequences. A student typically applies to the upper level at the end of the sophomore year or the beginning of the junior year.

Major Program Requirements

The BSBA has an On-Campus delivery option, as well as an Online option. Requirements differ slightly. Refer to the applicable list of requirements below.

On-Campus - Major Core Requirements

A student may count a maximum of 40 credits in their emphasis area to meet the 120-credit requirement for the undergraduate degree. Requirements above and beyond general education requirements are listed under upper level admission courses. Students must complete all university requirements (http://catalog.missouri.edu/academicdegreerequirements/universityrequirements), including general education (http://catalog.missouri.edu/academicdegreerequirements/generaleducationrequirements), and the degree requirements below.

Course requirements ensure that 40 percent of a student's course work is earned in divisions other than business.
