Department of Finance

Through the study of finance, students learn to independently analyze security markets, understand the basic valuation techniques, and use their knowledge to make investment decisions. In addition, students learn basic theoretical concepts in corporate finance and their application to corporate financing and investment decisions. Coursework focuses on the areas of investments, portfolio management, real estate appraisal, financial institutions, and corporate finance.

Department of Management

Management is defined by the Academy of Management as including "all processes, structures, and behaviors that are related to the work of organizations, as well as the dynamics of industries, economies, cultures, and other environmental forces that affect organizations and their employees." Management coursework at MU is quite diverse, covering the areas of human resource management, human behavior in organizations, organization theory, strategic management, entrepreneurship, information systems, e-commerce, operations management, and business law.

Department of Marketing

Marketing focuses on creating and managing customers. It deals with the strategies, tactics, and business processes involved in researching markets, deciding which markets and segments to pursue, identifying what unique value to provide, and then assembling the products, services, people, and partner firms needed to build, communicate, and deliver that value.

Exploratory Course

Students wanting to explore business administration as a major should take BUS_AD 1500.

Double Emphasis

Students in the on campus program may have a dual emphasis of Finance and Real Estate, or may add on an Economics emphasis to any other BSBA emphasis program.

Preprofessional Information

To apply to the upper-level BSBA (and a related emphasis area program, if an on campus student), a student must have completed a minimum of 45 credits, have at least a UM Cumulative GPA of a 2.6 (minimum requirement and does not guarantee admission to Upper Level) and met the Professional Development Program requirements. A Trulaske College of Business student must be admitted by the semester after the 60th credit hour is earned. The following courses must be among the credits completed or in process at the time of application:

Professional Development Program
In addition to completing required coursework to earn a Bachelor of Science, Business Administration degree, students must fulfill the requirements of the Professional Development Program (PDP). The goal of the PDP is to offer opportunities to all BS BA and Accounting students to develop core competencies and values necessary for success in their professional careers.

As a graduation requirement, the program is comprised of the following:
  • Completion of designated professional activities to acquire points for admission to the upper division. Once admitted to the upper division, students will continue to earn points to meet the graduation requirements. Specific activities may be required.
  • Completion of BUS_AD 3500 the semester immediately following admission to the upper division. This course is a pre-requisite to the completion of the required BUS_AD 4500. These two courses may not be taken out of sequence without prior approval. BUS_AD 3500 must be completed in residence.
  • Completion of BUS_AD 4500 once admitted to the upper division. This will include completion of a professional level internship/practicum experience. Practicum can be completed over a summer or semester-long period of time (intersession assignments will not meet the PDP requirement). Students must seek final approval of their internship/practicum experience from the PDP Office before beginning the assignment. BUS_AD 4500 must be completed in residence.

If a student fails to meet the requirements of the PDP at either the lower or upper division, the student will not be allowed to continue in or graduate from the Trulaske College of Business.

Professional Development Graduation Requirement
  • The student must earn a minimum of 70 PDP points (maximum of 100) at the lower division for official admittance to the upper division. Once admitted, students must earn a total of 200 PDP points to meet the requirement. Specific activities and workshops may be required.
  • The student must earn a C- (or higher) in BUS_AD 3500 to satisfy the requirement.
  • BUS_AD 4500 is graded as Satisfactory/Unsatisfactory. Students must complete practicum course to a satisfactory level of 70% or greater to receive a passing grade for the course.
Admission to the Business Administration Program

Capacity Limitations (On Campus Program Only)

Admission into the upper-level Bachelor of Science in Business Administration (BSBA), or International Business (BSBA) degree program is highly competitive, because enrollment is limited. Each of the individual emphasis areas (Economics, Finance and Banking, Management, Marketing or Real Estate) has its own capacity limitation. Students who have earned a 3.4 minimum UM cumulative GPA or higher will be guaranteed admission to the upper level emphasis area of their choice. Other students with at least a 2.6 minimum UM cumulative GPA will be admitted on a space available basis.

Preprofessional Information

To apply to the upper-level BSBA (and a related emphasis area program, if an on campus student), a student must have completed a minimum of 45 credits and met the Professional Development Program requirements. A TCOB student must be admitted by the semester after the 60th credit hour is earned. The following courses must be among the credits completed or in process at the time of application.

- ACCTCY 2036 Accounting I * 3
- or ACCTCY 2136H Honors Accounting I

+ Needs grade of C- or better in ENGLISH 1000, MATH 1100, and STAT 2500.

Admission to BSBA Degree and Emphasis Areas

In addition to meeting the previous requirements, students are admitted to an upper-level BSBA emphasis area based on UM cumulative grade point average. Students with exceptional circumstances may ask to be considered for admission based on both grades and other factors.

On Campus students request an emphasis area when applying to the upper-division BSBA degree program. If the requested emphasis area is at capacity, students who qualify for admission to the upper-division BSBA degree program are given the opportunity to choose another emphasis area. Online students do not select an emphasis area. Students are notified by email when they are eligible to apply for upper-level status. Students are admitted to upper level in February and September of each year.

Students who complete 60 credits without gaining admission to an upper-level BSBA emphasis area will not be eligible to re-enroll in the Trulaske College of Business, and should meet with an Academic Advisor in the Undergraduate Advising Office to discuss their options.

A student may take no more than six credit hours of 3000 or higher business courses off campus. University of Missouri sponsored study abroad courses are excluded from this requirement.

About the Crosby MBA (traditional full-time program)

Crosby MBA candidates come from all backgrounds, including science, engineering, liberal arts, journalism, business and health-related fields. There are no prerequisite courses. Our admission standards are high and the curriculum is rigorous. The Crosby MBA program is AACSB accredited, nationally recognized and highly ranked by U.S. News America’s Best Graduate Schools, Forbes, Princeton Review, and The Wall Street Journal. Students attend full-time, although part-time is an option if the student is able to attend daytime classes.

Through the Crosby MBA program, highly capable graduate students gain real-world experience that prepares them for a wide variety of career paths. The program teaches skills necessary to compete in the global business environment, and helps you achieve a career path that will bring both personal fulfillment and professional success. We offer individual career counseling, an executive mentoring program, employer site visits, and workshops focused on résumé writing, presentation skills, negotiation skills and business etiquette. Students obtain employment in fields such as financial analysis, investments, banking, human resources, project management, strategy, operations and logistics, marketing, marketing analytics, consulting, and non-profit management.

Factors considered in the admissions decision include post-graduation work experience, professional internships and/or co-ops, leadership, community involvement and service, quality of undergraduate work (GPA) and rigor of coursework, competitive score on the GMAT (http://www.mba.com/us) or the GRE (http://www.ets.org/gre), interview required for competitive applicants, career focus and self-awareness demonstrated in question responses and interview. A baccalaureate degree in any discipline from an accredited school is required. See the Crosby MBA website (https://business.missouri.edu/programs-and-admissions/crosby-mba/admissions/apply-now-crosby-mba-program) to apply.

About the execMBA Program (for working professionals)

This innovative executive MBA is specifically designed for high achieving professionals seeking a first-rate MBA program that provides flexibility around their work schedules. This is the same renowned degree and the same renowned faculty offered with the Crosby MBA, but is specially designed for executives. Combining face-to-face class time with online delivery for professionals with substantive experience, the 21-month execMBA program will connect you with peers, challenge you in relevant ways, and develop the mind- and skill-set to match today’s marketplace.

All applicants to the MU execMBA must have a minimum of 5-7 years of professional work experience, as well as a letter of endorsement from their employer to participate in the program. Other factors considered in admission include undergraduate GPA (a bachelor’s degree in any discipline from an accredited school is required), demonstrated leadership experience and a personal statement addressing criteria outlined on the exec MBA website. Interviews by invitation will also be conducted.

About the PhD Program

The PhD program (http://catalog.missouri.edu/undergraduategraduate/collegeofbusiness/businessadministration/phd-business-administration) is designed to prepare graduates for careers as effective university researchers and teachers or for senior research positions in business or government. Course work involves research activities such as literature review and critique, theoretical modeling, research design, computer-assisted empirical analysis and preparation of proposals and research papers. PhD candidates are provided the opportunity to teach undergraduate courses in their specialty area. In addition, students are expected to participate in national and regional academic conferences and are encouraged to work with faculty in developing individual research and teaching skills.
