The Robert J. Trulaske Sr., College of Business, established in 1914, educates students for professional opportunities and responsibilities in the private and public sectors. The college includes the School of Accountancy (the first established at a major public university) and the departments of Finance, Management and Marketing. The college offers an undergraduate degree in business administration, a combined bachelor’s and master’s degree program in accountancy, master’s degrees in business administration and finance, and doctoral degrees in accountancy and business.

Students’ educational experiences are enhanced through the scholarly activities of the faculty, who conduct research on significant, timely issues. Students in the college are exposed to relevant theories and concepts applied to real-world operations of private and public enterprises. Students gain added practical insights through internships, field projects, guest speakers, and executives-in-residence. The college’s agencies provide information, research, continuing education, and managerial assistance to practitioners and organizations throughout Missouri and in other states.

The Trulaske College of Business accepts CLEP subject examinations, departmental exams, and Advanced Placement (College Board) credit. More information may be obtained from academic advisors in the Trulaske College of Business Undergraduate Advising Office and the Credit by Examination section in the beginning of this catalog.

Department of Finance
Through the study of finance, students learn to independently analyze security markets, understand basic valuation techniques and use their knowledge to make investment decisions. In addition, students learn basic theoretical concepts in corporate finance and their application to corporate financing and investment decisions. Coursework focuses on the areas of investments, portfolio management, real estate appraisal, financial institutions and corporate finance.

Department of Management
Management is defined by the Academy of Management as including “all processes, structures, and behaviors that are related to the work of organizations, as well as the dynamics of industries, economies, cultures, and other environmental forces that affect organizations and their employees.” Management coursework at MU is quite diverse, covering the areas of human resource management, human behavior in organizations, organization theory, strategic management, supply chain management, entrepreneurship, information systems, e-commerce, operations management, and business law.

Department of Marketing
Marketing focuses on acquiring, developing, and managing customers. It deals with understanding the strategies, tactics, and business processes involved in researching markets, deciding which markets and segments to pursue, identifying what unique value to provide, and then assembling the products, services, people and partner firms needed to build, communicate and deliver that value. Coursework spans the domains of sales management, retailing, marketing research, consumer behavior, digital marketing, and global marketing.

Exploratory Course
Students wanting to explore business administration as a major should take BUS_AD 1500.

Double Emphasis
Students may have a dual emphasis of Finance and Real Estate, or may add on an economics emphasis to any other BSBA emphasis program.

Admissions
Freshmen
Freshman applicants to the Robert J. Trulaske Sr., College of Business (students applying to MU from high school) will be admitted to the lower level if they meet campus admission requirements. Admission to the lower level does not guarantee admission to the BSBA degree program and emphasis areas or the Accountancy program. Admission to an upper-level emphasis area is based on the UM cumulative grade of record (minimum 2.6 GPA), successful completion of the business and professional core courses, and completion of the Professional EDGE requirements.

Transfer Students
Students in good standing in another school or college at MU must submit a Transfer of Division form to the Trulaske College of Business. Such students may be admitted to the lower level if they can complete degree-program admission requirements by the completion of 60 credits for Accountancy or Business students.
External transfer students who request admission to the Trulaske College of Business will be admitted to the lower level if they can complete degree-program admission requirements by the completion of 60 credits. Students are encouraged to have their transcripts evaluated by an academic advisor in the Trulaske College of Business prior to their enrollment at MU.

Coursework completed with a grade of D- or better at an accredited two- or four-year institution will be accepted if the courses are appropriate equivalents of the required MU courses, and if the equivalent MU courses do not require a grade in the C range. Only six hours of business coursework (Accounting, Business Administration, Economics, Finance, Management and Marketing) at the 3000-level or above can be transferred for the degree requirements. The college does not accept developmental or vocational/technical coursework.

Credits transferred from accredited community or junior colleges usually include general education, upper division or pre-acctancy admission requirements and unrestricted elective courses. The Trulaske College of Business accepts a maximum of 64 credits from a community or junior college toward the bachelor’s degree. When more than 64 credits have been completed, the additional courses are evaluated on a course-by-course basis for applicability to lower-level requirements.

A student holding an associate of arts degree from an accredited Missouri Community College will have fulfilled general education requirements (http://catalog.missouri.edu/academicdegreerequirements/generaleducationrequirements). However, this does not exempt the student from satisfying the specialized degree, major or emphasis prerequisites of the college in the areas of accounting, economics, math, and statistics.

Students transferring to the college without an associate of arts degree will have their transcripts evaluated on a course-by-course basis and must meet the entrance requirements of the college in the same way as other MU students. Students transferring to the Trulaske College of Business will be required to meet the Professional EDGE requirements based on the earliest semester of continuous enrollment in college after high school graduation.

Probationary Admissions

Students are placed on academic probation if they are admitted to the college without fully meeting the good-standing requirements of the school.
