Graduate Certificate in Positive Psychology

This online 15-credit hour graduate certificate in positive psychology from Mizzou's Department of Educational, School, and Counseling Psychology (ESCP) is designed for individuals seeking a program that emphasizes applied interventions and theory in building thriving individuals, families, communities and organizations. Combining 21st century psychology and several ancient philosophies, contemporary positive psychology is focused on advancement of individuals and their collective well-being.

The program will provide you with a thorough understanding of the science of well-being and flourishing that will allow you to be more effective in your professional and personal life. Individuals may use this graduate certificate for personal enrichment or to increase their professional marketability across many career paths such as life/career coaching, teaching, managing, and organizational consulting.

Note: This graduate certificate does not provide counselor certification.
