PhD in Learning, Teaching and Curriculum with Emphasis in Early Childhood Education

The faculty and students in early childhood education work closely together. Faculty and students share ideas and learn from one another. Your faculty advisor has the strongest interest in your professional/personal growth, but each early childhood faculty member will be a valued part of your community.

Goals of the PhD Program

These goals are achieved through a combination of course-work, internships and authentic experiences with research, development, and teacher education.

- Understand the depth and breadth of the field of early childhood education in terms of research, curriculum, policy, teacher development and student learning;
- Develop, carry out, and report independent research in some area of early childhood education;
- Become outstanding teachers/advisors of college students;
- Understand the role of service in the university setting and learn how memberships in organizations can lead to a service agenda.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the PhD in Learning, Teaching and Curriculum (https://gradstudies.missouri.edu/degreecategory/learning) and the minimum requirements of the Office of Graduate Studies (http://gradstudies.missouri.edu/admissions/eligibility-process/minimum-requirements.php). Because requirements vary, you must refer to a degree program's graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Office of Graduate Studies and the degree program to which you’ve applied before official admission to the University of Missouri.

Admission requirements will be based upon the following criteria.

Complete admission requirements (https://education.missouri.edu/admissions) for the Doctoral program.

- Completion of an appropriate Bachelor's degree with a GPA of 3.0 or better.
- Completion of an appropriate master's degree with a GPA of 3.0 or better.
- A minimum of three letters of recommendation.
- Statement of purpose clearly indicating that the proposed graduate degree is appropriate to the applicant's professional aspirations.
- GRE scores taken within the last 5 years (preferred minimum scores should be V150, Q144, A4.0 or higher)
- For students whose native language is not English, a score of 100 or better on the IBT TOEFL or a 6.5 on the IELTS taken within the past two years.
