Minor in Nutritional Sciences

The minor in nutritional sciences is intended for students majoring in food science, biological sciences, biochemistry, health and exercise sciences or related fields. This minor would be a good choice for students looking at pre-med, pre-dental or Physician's Assistant programs.

Minor core requirements consist of a minimum of 15 hours of nutrition (not exercise/fitness) courses, including NEP 2340: Human Nutrition I, plus 12 hours from the list of approved nutrition courses. Prerequisites apply to some classes and will be enforced.

To apply for the nutrition minor, use the online application form (http://hes.missouri.edu/students_minorapp.php) available on the Human Environmental Sciences Student Services website: http://hes.missouri.edu/students_minorapp.php
