MS in Microbiology

Thesis/Non-Thesis Requirements

Minimum requirements by the Graduate School (http://gradschool.missouri.edu/academics/graduation-requirements/masters-grad-requirements.php).

Students must make the degree change from the intended PhD to a Masters with the Office of Graduate Studies and follow the minimum requirements set by that office. The Molecular Pathogenesis and Therapeutics Graduate Program requires all Masters students to provide a written thesis as well as present it orally in a public seminar.

Admissions

The Molecular Pathogenesis and Therapeutics Graduate Program does not accept Masters seeking applicants into the program.
