The School of Health Professions...
Students with previous training or experience may be allowed to earn credits by examination through challenge or equivalency evaluation. Contact each department for information on time limits.

### Degree Core Requirements

The Bachelor of Health Science degree is granted to candidates who have successfully fulfilled all didactic and clinical requirements of the program as described for each area, in addition to all University requirements, including University general education and university graduation requirements. In addition to the academic and clinical education requirements of a program, students must possess and exhibit those personal qualities and characteristics that are associated with patient welfare and professional trust. These elements are a part of the overall evaluation process for the professional phase of each program. Should it be determined that these qualities are not present in sufficient degree or that a student does not demonstrate satisfactory growth and progress in these areas, the student is subject to dismissal from the program.

### Degree with Honors Requirements

Information about specific requirements for students to graduate with Latin honors is available at [http://healthprofessions.missouri.edu](http://healthprofessions.missouri.edu).

### Academic Regulations

#### Time Limits on Credits Earned

Contact each department for information on time limits.

#### Credits by Examination

Students with previous training or experience may be allowed to earn advanced-standing credit through challenge or equivalency evaluation in certain programs. Contact the Health Professions advising office for information pertaining to the awarding of credit for these exams.

### Maximum Credits Enrolled

A student may not enroll for more than 18 credits in a fall or spring term and 9 in a summer term without permission from the advising office; students should contact their advisor for more information.

### Independent Study

Students must receive prior approval before enrolling in independent study courses.

### Satisfactory/Unsatisfactory Grades

A student wishing to enroll in a course on an S/U basis must receive permission from the advising office.

### Enrolling in Other Institutions Simultaneously

Students should consult with their advisor before enrolling in another institution while being enrolled at the University of Missouri.

### Advising

All undergraduate students are assigned a professional academic advisor in the School of Health Professions.

### Career Development

The Office of Career Services in the School of Health Professions offers career advising, résumé, cover letter and personal statement review, mock interviews, LinkedIn consultation, job search strategies, and workshops to enhance students' career development. In addition, the SHP Office of Career Services offers a bi-annual Career and Opportunities Fair, which allows SHP students to connect with employers, graduate and professional programs, internships, and experiential learning opportunities. Students are encouraged to seek out and use SHP Career Services early in their undergraduate career to connect with networking opportunities, find part-time employment, and explore clinical and non-clinical career paths.

### Graduate

The School of Health Professions offers a wide variety of programs of study for students interested in careers in healthcare. At the graduate level, we offer degrees in:

- Athletic Training
- Communication Science and Disorders, with an emphasis in Speech-Language Pathology
- Occupational Therapy
- Physical Therapy
- Public Health, with a dual degree option with Social Work, emphasis areas in Health Promotion and Policy and Veterinary Public Health, and graduate certificates in Public Health, Global Public Health, and Epidemiology

**Note:** Prospective graduate students must apply to both the degree program of interest and to the MU Graduate School. In most cases, the entire application process may be completed online. Find admission and application details by selecting the degree program of interest in the left navigation column.
