
Leave of Absence

If you have a serious life event during your time at Mizzou, you may request a leave of absence during or between semesters. This means you'll temporarily stop taking classes and you will have access to campus support to help you when you're ready to return. Taking a leave of absence means you'll agree not to take classes at any other higher education institution during your leave. Please see the University Registrar website (<https://registrar.missouri.edu/registration-classes/forms/taking-a-leave-of-absence/>) for additional information.
