

Certificate in Coaching Sports

The certificate prepare students to fill a coaching position at various sport levels (e.g., youth, high school, collegiate, professional, and international). Recognizing the need and projected growth of sport coaches and athletic administrators, it is important to educate future as well as current coaches and administrators with updated materials, law changes, policy changes as well as coaching techniques. The program will assist in preparing coaches with a well-rounded experience while embracing athletic administration and sport coaching philosophies.
