The School of Visual Studies’ Art program develops creative thinkers, professional artists, and cultural leaders through a cross-disciplinary curriculum that balances innovation, traditional craftsmanship, and critical thinking. The Art faculty members are established professional artists and designers with numerous exhibitions, commissions, and awards to their credit. The Art program, founded at Mizzou in 1877, is housed principally within the Fine Arts Building and in the Bingham Commons Studios.

Our studio/laboratory spaces for each media area include a fully-equipped printmaking studio, photography labs for digital and analog processes, a paper making/fiber facility, an anagama kiln, a bronze casting facility, and three state-of-the-art Mac labs housing up-to-date computers, three 44” large-format Epson printers, and a variety of video equipment.

The Art program is one of four degree programs within the School of Visual Studies, and we work collaboratively with the programs in Art History, Digital Storytelling (with animation, video, and production), and Film Studies (with film production) to offer students a wide range of skills in art and design practices.

The Art program operates the George Caleb Bingham Gallery (https://visualstudies.missouri.edu/gallery/bingham/) in the Fine Arts Building, which exhibits the work of students, faculty, and visiting artists year-round. The School of Visual Studies Lecture Series is presented during the Fall and Spring semesters and is open to the public. We also have close working relationships with the MU’s Museum of Art and Archaeology, the Sager Reeves Gallery, the Columbia Art League, and other local galleries.

A popular summer experience sponsored by the Art program, in partnership with the International Center, is the Summer Study Abroad Program. Students will have the opportunity to study firsthand many of the most important masterpieces in Western Art. We also offer opportunities for students to visit museums and galleries in both St. Louis and Kansas City.

You can find the works of MU art faculty and alumni in major museums, galleries, exhibitions, and collections around the world. We are dedicated to providing students with a high-quality education while helping them to develop and nurture their artistic studio practice. Our art and design students go on to careers as visual artists, graphic designers and creative thinkers working in a variety of professions. Graduates have careers in design studios, museums and galleries, and in businesses, both large and small. In our visual culture, artists and designers are needed in almost every business.

• BFA in Art (http://catalog.missouri.edu/collegeofartsandscience/art/bfa-art/)  
• Minor in Art (http://catalog.missouri.edu/collegeofartsandscience/art/minor-art/)  

Nick Potter, (pottern@missouri.edu) Director of Undergraduate Studies  
102 Swallow Hall  
The Art program in the School of Visual Studies offers a BFA, BA and Minor in Art. Students have the option to take studio courses in the areas of ceramics, drawing, fibers, graphic design, painting, photography, printmaking, and sculpture.

The BA degree is intended for the student desiring a liberal arts education with a concentration in art, while the BFA provides more professional training in studio media areas. The BFA is the required undergraduate degree for admission to most Master of Fine Arts programs.

Students who progress through a BA or BFA degree in Art will need to pass the Art program BA/BFA Portfolio Review. A student will need to have completed six (6) courses in art before submitting a portfolio although they can be enrolled in the last classes the semester they submit a portfolio. Those courses are ARTGE_VS 1030, ARTGE_VS 1040, ARTDR_VS 1050; then three studio art courses at the 2000 level. For more detailed information on the portfolio, please email Professor Matt Ballou (balloum@missouri.edu). Graphic Design majors have an additional Portfolio Review. Please email Professor Ric Wilson (wilsonra@missouri.edu) for more information. For information about the School of Visual Studies Laptop Requirement see SVS homepage (https://visualstudies.missouri.edu/).
Graduate

The Master of Fine Arts (MFA) offered through the Art program is now an MFA in Visual Studies, a change that represents a new interdisciplinary approach to art practices. Please see the new MFA in Visual Studies equivalent degree listed under the School of Visual Studies graduate degree programs (http://catalog.missouri.edu/collegeofartsandscience/visualstudies/#graduatetext).

The Master of Fine Arts (MFA) in Visual Studies is a three-year, 60 credit, thesis-driven program that focuses on the creative goals of the individual. We guide all MFA students to find and develop a direction and language as they create a coherent and conceptually unified body of artwork.

Through an intense studio-based practice, our MFA program prepares students for advanced professional art careers and provides teaching experience to those interested in teaching at the college level. The structure of our MFA curriculum allows students direct access to faculty whose engagement of traditional studio production blends with contemporary approaches. The program supports student movement between media areas as needed to tailor a student’s experience to the goals of their creative research. Additionally, the department supports consistent integration of contemporary and historical theories of art as appropriate to each student’s individual studio practice.
