

# BA in Constitutional Democracy

## Degree Program Description

The Kinder Institute and MU College of Arts and Science now offer a BA in Constitutional Democracy to University of Missouri undergraduates. Students who pursue a degree in Constitutional Democracy will focus in their common curriculum courses on the ideas and events that shaped the political institutions and culture of the U.S. during the revolutionary era and early republic. From here, students will use upper-level coursework in the major to begin to build expertise in one of four concentration areas: "U.S. & the World," "Politics & Policy," "Law & Institutions," or "Social & Political Thought." The degree will provide a foundation for thoughtful citizenship, leadership, and civic engagement through careful examination of the complicated issues and questions with which the United States and nations around the globe have long reckoned and struggled, and through which they have endured, from democracy's beginnings to the present day.

## Major Program Requirements

The BA in Constitutional Democracy requires 36 credit hours, 15 of which come through the major's required common curriculum and 15 of which come through coursework in a specific concentration area. Coursework in at least two departments must be represented in students' 15 concentration area credits, and a minimum of nine (9) credit hours of concentration area coursework must be at the 3000-level or above. The major also requires three (3) credit hours of experiential coursework and three (3) credit hours of thesis or capstone coursework. A minimum of 18 credit hours will be taken at the 3000-level or above, and students must receive a grade of C- or higher in all coursework they are applying to the major. All courses in the major must be taken at or through MU.

In addition to University (<http://catalog.missouri.edu/academicdegreerequirements/universityrequirements/>), general education (<http://catalog.missouri.edu/academicdegreerequirements/generaleducationrequirements/>), and College of Arts and Science (<http://catalog.missouri.edu/collegeofartsandscience/#undergraduatetext>) requirements, students must also meet the following major program requirements. All major requirements in the College of Arts and Science must be completed with grades of C- or higher unless otherwise indicated.
