

Minor in Physics

Requirements

A student whose major is in an area other than physics may receive a minor in physics with the completion of the courses listed below. All courses must be completed with a grade of C- or higher and a 2.0 overall minimum GPA in the minor.

A minor consists of at least 15 credits, including at least 6 credits numbered 2000 or above, 9 of the required credits must be taken in MU course work. This requirement can be reduced from 9 to 6 at the discretion of an individual department. Students must meet the minimum GPA requirements for a minor, which in no case can be lower than 2.0. In addition, a student cannot receive a grade lower than a C- in any course applied towards a minor in the College.
