

MAcc in Accountancy

The growing scope and diversity of functions being performed by professional accountants has created a strong demand for individuals who have both a broader base of general and business education as well as more in-depth technical accounting education than can be obtained in a four-year. The Master of Accountancy degree is offered either 100% on-line or 100% in-seat for students focused on obtaining an advanced degree.

Degree Requirements

Students who have a degree in a different curricular area or a bachelor's degree in accountancy from another college or university may earn a master's degree from the School of Accountancy upon completion of the requirements for the degree. The student's program must include a minimum of 30 credits beyond the bachelor's degree (or its equivalent) selected from courses carrying graduate credit. The basic 30-hour MAcc curriculum requires a minimum of 15 hours of accountancy courses and a minimum of 15 hours of courses reserved exclusively for graduate students. A maximum of 6 semester hours of graduate level course work may be transferred from another accredited master's program. In addition, the student must meet the following stipulations:

- At least 15 of the 30 credits must be completed in 8000-9000-level courses.
- A minimum of 24 credits of advanced study must be completed under MU faculty.
- A maximum of 6 graduate credits may be transferred from another college or university.
- All requirements must be completed within eight years from the time of initial enrollment.

The MAcc program is designed especially to provide the additional breadth and depth of knowledge and skills required for success in contemporary accounting practice.

Professional Accountancy Education

ACCTCY 7384	Auditing Theory and Practice I **	3
ACCTCY 8450	Accounting and Strategic Business Analysis	3

Accounting Electives: 12-21 hours

Core Business Education

MANGMT 7010	Operations Management (or approved substitute) *	3
-------------	--	---

Business electives: 0-9 hours

- * MANGMT 7010 substitutes include FINANC 7010, FINANC 7020, MANGMT 7540, ACCTCY 7365 or ACCTCY 8436.
