

# BSBA in Business Administration with Emphasis in Finance and Banking

## Degree Program Description

Finance teaches us: How firms make investment and financing decisions to create value for stakeholders. Students also learn to independently analyze securities and financial markets, understand valuation techniques and use their knowledge to make investment decisions. Coursework focuses on the areas of corporate financial management, investments/asset pricing, securities analysis, fixed income securities, corporate valuation, mergers and acquisitions, portfolio management, real estate appraisal, financial institutions, and venture capital (early stage financing). Graduates choose to pursue exciting and dynamic careers ranging from investment banking, portfolio management, commercial banking, corporate financial management, venture capital, private equity fund management, forecasting and budgeting. Students gain from experiential learning by using Bloomberg terminals and managing student run portfolio using real money.

## Major Program Requirements

Students must complete all university requirements (<https://catalog.missouri.edu/academicdegreerequirements/universityrequirements/>), including general education (<https://catalog.missouri.edu/academicdegreerequirements/generaleducationrequirements/>), and the degree requirements below. Total credits is 120.

<b>General Education Requirements</b>	<b>27</b>
