

MBA in Business Administration

Degree Requirements

Crosby MBA

Required course work in Quantitative Analysis, Finance, Management, Marketing, and Professional Development provides a comprehensive business education for Crosby MBA students. Our curriculum assures that graduates enter the 21st century business world with tools that will enable them to be successful.

The program consists of 45 credit hours, including foundation and advanced coursework. The delivery format is online and includes 1.5 credit hour (8-week modules) courses to allow for focused attention to a particular topic, as well as 3 credit (16 week) courses. The structure of the Crosby MBA allows students to concentrate in a specific area of business, develop a broad managerial focus, or complement business training with coursework from other areas on campus. For graduation, MBA students must earn a cumulative grade point average of 3.0 or better.

BUSINESS CORE FOUNDATIONS (12)

Construction Management (with College of Engineering)
Financial Management
Global Supply Chain Management (with College of Engineering)
Investments
Life Science Innovation and Entrepreneurship (with College of Engineering and School of Medicine)
Marketing Analytics
Tax

Elective Courses (3-6)

Dual MBA/MSIE

The dual Master of Business Administration/Master of Science in Industrial Engineering (MBA/MSIE) Program is open to highly qualified individuals who hold a baccalaureate degree in industrial engineering from an accredited college or university. It is designed to serve those students who wish to combine the specialized skills of the industrial engineer with the general knowledge of the professional manager. The complex problems facing today's organizations often require that the engineer's analytical ability be applied simultaneously with the manager's integrative perspective. The dual program has been carefully structured to meet the student's educational goals while minimizing the course work necessary for obtaining both degrees. (58.5 total credit hours).

Industrial Engineering Courses

ISE 8110	Design and Analysis of Engineering Experiments	3
ISE Electives (12 Hours Required at 8000-Level)		15

Shared Courses

ISE Thesis Option

ISE 8990	Research-Masters Thesis in Industrial Engineering	1-99
MBA Electives		6

OR

Dual MHA/MBA

A joint degree program administered through the Trulaske College of Business and the Department of Health Sciences in The College of Health Sciences and allows students to earn an MBA in Business Administration degree and an MHA in Health Administration degree simultaneously. Individuals interested in pursuing a managerial career in the medical services field will find that this program provides a deeper knowledge of finance, management, and marketing compared to their peers. If earned separately, each degree would take two years. The dual program is 70.5 total credit hours and allows students to graduate with both degrees in a total of three years.

Health Administration Courses

HLTH_ADM 7410	Introduction to the US Health Care System	3
HLTH_ADM 7430	Health Informatics for Leaders	3

Dual JD/MBA

A joint degree program administered through the Crosby MBA Program and the School of Law is available for those students who wish to earn a Master of Business Administration (MBA) degree and Juris Doctorate (JD) simultaneously. Individuals interested in pursuing law or business will find that this program provides them with a valuable set of skills to excel in this rapidly growing field. If earned separately, the JD degree would take three years and the MBA degree would take two years. This course of study may be completed in four years.

Entry into the Law School is in the fall. Entry into the Crosby MBA program is in the fall or spring. Students may begin either program first. However, during the first year of entering law school, only law classes will be taken. Law counts 6 MBA elective credits and the Crosby MBA counts 6 Law elective credits.

Students will work with both Law and MBA advisors to schedule classes over the 4 years a student is enrolled in both programs. NOTE: Both

degrees will be awarded in the same semester and all requirements must be met for both programs before degrees are awarded.

Accelerated Master's Degree Program

As a generalist business degree, the MBA prepares students to work in many different fields by providing them with business understanding and competencies that are necessary for organizations of many types to be successful. Students will have a greater understanding of business functions such as accounting, marketing, and strategic management.

Accelerated master's degree programs allow exceptional students at Mizzou the opportunity to complete the requirements for both their bachelor's and master's degrees at an accelerated pace, usually with just one additional year.

Qualified students may earn up to 15 credit hours of graduate coursework while finishing their undergraduate degree. Students must apply and be admitted to an accelerated program before reaching 90 undergraduate credit hours. Students apply using the standard Graduate School application for admission (<https://applygrad.missouri.edu/apply/>).

Please refer to the Crosby MBA course list above and discuss interest in the MBA program with your undergraduate academic advisor.

execMBA

Total graduate course work necessary to qualify for the execMBA degree is 48 credit hours. For graduation, execMBA students must earn a cumulative grade point average of 3.0 or better.

The program curriculum, designed with executives in mind, is inventive, practical and market-facing. Students will build skills that increase self- and global-awareness, develop strategic risk-taking, and heighten influence. Delivery is a blend of approximately 75% online and 25% in-class coursework. Students will amplify global expertise and value in the marketplace with an 8- to 10-day international residency. This lock-step, cohort program – meaning students will take the same classes together in the same order – is conducive to personal interactions with the other high-level professionals.

Required Courses

ACCTCY 8310	Accounting for Managers	3
BUS_AD 8001	Topics in Business Administration	9
BUS_AD 8730	International Study Abroad	6

MANGMT 8970	Strategy and Global Competitiveness	3
MRKTNG 8060	Competitive Marketing Strategy	3
MRKTNG 8470	Advanced Marketing Management	3

Total Credits 48

International Residency (execMBA)

The international residency is an 8-10 day immersion in a foreign culture and its business practices during the summer between the first and second year in the program. It serves as an opportunity to apply classroom education to an international setting. Students will consult with businesses on strategic issues, network with local businesses and government officials, and explore international culture.
