

MLIS in Library and Information Science with Emphasis in PK-12 Library Media Specialist, Certification

In the Library Media Specialist emphasis area you will develop knowledge, skills, and abilities in school librarianship, culminating in a practicum or internship experience to help strengthen your skills and develop your professional networks. Working with a faculty advisor, each student develops a customized program of study. Your degree will open an array of career options beyond school librarianship, including academic librarianship and public librarianship.

Degree Requirements

for Students Who Already Hold a Teaching Certificate

For students who already hold Missouri teaching certificates, the program consists of **39 credit hours**, including 30 credits of required courses. Each student completes a three-credit school library practicum (<https://sislt.missouri.edu/lis/practicum/>). Elective courses are selected in consultation with faculty advisers.

Graduate Examination Process

In your final semester, you will develop and present an E-Portfolio of your work to demonstrate your mastery of the LIS Student Learning Outcomes (<https://sislt.missouri.edu/lis/#outcomes>). E-Portfolios support students' ability to demonstrate thoughtful reflection on their time in the program and what they learned. Students will include artifacts created as part of their coursework during their time in the program and will reflect on how each relates to their understanding of the SLOs. Students will also provide a biography, and supply a resume or CV. When you submit your M-1 Program of Study, you will identify the semester in which you will enroll in IS_LT 9499 MLIS E-Portfolio. Typically, this will be your last regular (i.e. fall or spring) semester.

Applicants are required to meet two sets of minimum qualifications for admission: The minimum requirements of the Master of Library & Information Science program (<https://education.missouri.edu/information-science-learning-technologies/degrees-programs/library-information-science/>) and the minimum requirements of the Graduate School (<http://gradschool.missouri.edu/admissions/eligibility-process/minimum-requirements.php>). Because requirements vary, you *must* refer to a degree program's graduate admission page to learn about specific admission criteria, application deadlines, eligibility and application process. Your application materials will be reviewed by both the Graduate

School and the degree program to which you've applied before official admission to the University of Missouri.
