Guidelines for Cross-Listed and Cross-Level Courses

* Approved by Faculty Council February 13, 2003

Per the faculty approved policies, the following applies. Courses that are cross-listed should be from different departments, but cover the same content, with matching course descriptions.

Cross-Listed Courses must:

- Be at the same level
- Cover the same content
- General education requirements match between courses

Cross-Listed Courses may:

- Not have the exact same number, but it is preferred
- Have different additional fees. However, students may need to enroll in a specific course to meet a requirement and may or may not be allowed to substitute the cross-listed course to avoid the fee. There

are limits on enrollment and space may not be available in the non-fee course or section.

- Exceptions: Fine art and music "skills" classes such as painting or drawing may have different levels meeting in the same room at the same time, such as 1000, 2000, etc. with the instructor requiring the appropriate additional quality and/or quantity of work for the respective level.

Cross-Level Courses:

- 4000-level courses may cross-level with 7000-level and/or 5000-6999 level courses. They may not cross-level with 8000-level courses or higher.
- The 7000-level course must require work appropriate for graduate credit and be approved as such by the Graduate Faculty Senate.
- Exceptions: Fine art and music "skills" classes such as painting or drawing may have different levels meeting in the same room at the same time, such as 1000, 2000, etc. with the instructor requiring the appropriate additional quality and/or quantity of work for the respective level.

Courses that are not cross-level may not meet in the same room at the same time or near each other at the same time so that they attempt to "get around" this rule.
