

Graduate Certificate in Psychiatric Mental Health Nurse Practitioner

This program is for students who have completed a graduate degree in Nursing and are certified as an advanced practice registered nurse (APRN). The Graduate Certificate in Psychiatric Mental Health Nurse Practitioner will prepare students to be able to deliver evidence-based advanced primary mental health care to individuals of all ages and their families in a variety of healthcare settings, including in rural and underserved populations. Students will engage in independent and interdependent decision-making, managing psychotropic medications, and delivering psycho-therapeutic, and psycho-education interventions.

Requirements

This certificate is an online program, for both degree seeking and as a stand alone program.
