

MS in Nursing with Emphasis in Psychiatric Mental Health Nurse Practitioner

Students who pursue the Psychiatric Mental Health Nurse Practitioner MS(N) will be prepared to deliver evidence-based advanced primary mental health care to individuals of all ages (e.g., children, adolescents, and adults) and their families in a variety of healthcare settings, including in rural and under-served populations. The student will engage in independent and interdependent decision-making, managing psychotropic medications, and delivering psychotherapeutic, and psycho-education interventions. In addition, graduates will be prepared to manage clinical efforts in the primary care setting, provide visionary leadership, and implement evidence-based practice.

Degree Requirements

The MS(N) in Psychiatric Mental Health Nurse Practitioner (PMHNP) curriculum provides core master's coursework in combination with PMHNP clinical specialty courses. The specialty courses prepare students to deliver evidence-based advanced primary mental health care to individuals of all ages (e.g., children, adolescents, adults) and their families in a variety of healthcare settings, including in rural and underserved populations.

The American Nurses Credentialing Center (ANCC) offers certification as a Psychiatric Mental Health Nurse Practitioner (across the lifespan). Students who have completed a master's degree in nursing in the Psychiatric Mental Health Nurse Practitioner emphasis area are eligible to sit for the exam. Previous graduate-level coursework from another institution may be accepted toward the degree depending upon transcript review. Students must maintain a minimum cumulative Grade Point Average (GPA) of 3.0 in order to graduate.

Admissions

Applicants are required to meet two sets of minimum qualifications for admission: the requirements of the Master of Science program (<https://nursing.missouri.edu/academic-programs/master-of-science-nursing/how-to-apply/>) and the minimum requirements of the Graduate School (<https://gradschool.missouri.edu/admissions/eligibility-process/>). Because requirements vary, you *must* refer to a degree program's graduate admission page to learn about specific admission criteria, application deadlines, eligibility, and application process. Your application materials will be reviewed by both the Graduate School and the degree program to which you have applied before official admission to the University of Missouri.

Application Deadlines: After the application deadline, submitted materials will be reviewed. Applicants will receive notification of their acceptance decision within four weeks. Program application timelines vary by emphasis area. Refer to How to Apply (<https://nursing.missouri.edu/academic-programs/master-of-science-nursing/application-process/>) for specific deadlines.

State Authorization: Due to higher education regulation changes, the University of Missouri is unable to accept applications for admission to online programs from students residing in various states. You may find more information at this link: <https://online.missouri.edu/about/state-authorization/>.
